Rotary Hears Banker Discuss Latest Trends

New trends in banking procedures and how they will affect bank customers were discussed at last Thursday's Tahoka Rotary Club meeting by Frank Barrow, president of First National Bank of Tahoka.

Computer technology has made, and will continue to make big changes in banking, Barrow said. He cited automatic teller devices and a system which will allow a person with a home computer to shop at stores and pay accounts without ever leaving their homes.

Barrow said returning canceled checks is a major expense for most banks. He said when a check is processed, it sometimes is handled as many as 10 times by bank personnel, and that the cost of returning a cancelled check nationally averages 42 cents per check. He noted, however, that locally, the cost to the bank is about 15 cents per check. He also reported that 36.5 million checks are processed each year nationwide.

THE NEWNESS OF EASTER—Misty Nance, 5, daughter of Mr. and Mrs. J.E. Nance Jr., admires a baby chicken, symbolic of Easter. The chickens are the real thing; the eggs were hatched in a candy store. (LYNN COUNTY NEWS PHOTO)

Some banks already are not returning checks, but are making a microfilm picture of each check, which can be reproduced for the customer if needed. He said one bank in Amarillo already is doing this, and that such a system will someday be widespread.

With increasing computerized banking, Barrow noted that some persons are concerned with security and privacy of information, but he asserted that security would be tighter with computerized banking than it now is.

He also commented on the range of services banks now can offer, with new laws allowing banks to provide new services such as interest paid on checking accounts.

Festival Brings In \$9,000 For Auxiliary

Spirited bidding at the auction along with proceeds from food booths, games and cash donations netted more than \$9,000 at the fourth annual Lynn County Hospital Auxiliary's Food, Fun

Festival last weekend at the county show barn in Tahoka.

Proceeds from the Saturday evening event will be used for a fetal heart monitor and 10 per cent will go to the O'Donnell ambulance fund.

Handcrafts, dinners, backyard cookouts, and other wares, donated by county individuals and merchants kept auctioneer Billy Miller and "bid takers" Denny Belew and Stanley Young busy past 9 p.m.

Games of tricycle racing, basketball toss, graffiti wall painting, etc. held by the Tahoka Junior High Pep Squad kept young children entertained throughout the evening.

Also, children with clown faces painted by Katie Hays roamed through the crowd.

Booths set up by several organizations in the county served food and drinks.

Thirty persons donated blood to the blood drive headed by Kelley Voyles.

Auxiliary President Dot Roberts said she and her 38 member volunteers "are most grateful for the wonderful support given to this event which is its only fund raising project."

Hospital Board Elects Officers

Lynn County Hospital board of directors elected officers for the coming year at the board's meeting April 10, following canvassing of votes of the recent election.

Larry Hagood was named president of the board; Leland White vice-president; Jesse Dorman, treasurer and John Brooks, hospital administrator, was named secretary.

In the April 7 election, board members elected were Hagood, with 738 votes; R.A. Doss of O'Donnell, 730; and Dale Zant of Wilson with 721 votes. Several write-ins also were counted.

School Superintendent Jim Coulston Resigns

Jim Coulston, superintendent of Tahoka public schools for the last seven years, submitted his resignation to the board of trustees of the school Tuesday night.

Coulston's letter to the board said he was resigning at the end of the current school year and gave no reason for resigning. The board has been divided in support of Coulston for some time, and this division was underscored when, after a closed session, the seven-member group reconvened and voted 4-3 not to accept the superintendent's resignation.

This action left the status of the superintendent in question, and Bob Haney, president of the board, in-

dicated early Wednesday that a special meeting would be called to resolve the situation.

Haney was re-elected president of the board Tuesday. Joe Hays again was named vice-president and Betty Green secretary. The other members of the board, all present Tuesday, are J.E. Nance Jr., David Midkiff, Jim Wells and Robert Smith.

Coulston told the Lynn County News Wednesday that his plans "are indefinite."

A phone call to Austin by the News Wednesday morning brought a qualified opinion that Coulston's resignation, once submitted by letter to the board, is an accomplished

fact. However, said a representative of the Texas Press Assn. who talked with an attorney for the Texas Assn. of School Boards, the attorney indicated that the status of the resignation remains in some doubt because Coulston's contract specifies that termination of the contract must be mutually agreed between both parties.

Prior to Coulston's submitting his resignation, the board meeting Tuesday was mostly routine. A financial report showing a balance in all funds on March 31 of \$569,464 was presented, the board voted to participate in the Region 17 Block Grants Cooperative, voted to change the meeting time of the board to 8 p.m. beginning in May and accepted the student accident insurance proposal of Keystone company again.

The board also accepted high bids of \$505 each on two older school buses, with the bids submitted by Apostolic United Pentecostal Church of Tahoka.

Coulston reported enrollment in all grades at 800 students, and reported on the status of two matters involving the school and the county tax appraisal district.

The board also passed a resolution supporting the continuation of electing members of the state board of education rather than having them appointed. Copies of the resolution are to be sent to state officials.

Rural Home Burglary, Accident Investigated

The home of Rod Nieman, Rt. 4, Tahoka, located about a mile and a half southwest of Petty, was burglarized sometime Saturday night or early Sunday, sheriff's deputies were told.

No total dollar amount had been set by Wednesday, but among the items stolen were a Pioneer stereo system, GE cassette player, Sony 19-inch and Zenith 25-inch color TV sets, skis and poles, watches, rings and jewelry. Crime Line, 998-5145, has offered a \$500 reward in the case.

Tahoka police investigated a car-motorcycle accident on Friday at 100 Ave. J and 1600 S. 6th that involved a 1979 Mercury 2-door driven by Hazel Lewellyn Mackey of Tahoka and a 1970 Triumph motorcycle driven by Marcus Wayne Martinez of Tahoka. Martinez suffered a broken jaw and left foot, and lacerations to the left side of his face and injuries to his left shoulder. He was taken to Lynn Co. Hospital where he was transferred to Methodist Hospital in Lubbock. Martinez was not wearing a helmet.

Police also answered a couple of family disturbance calls during the past week and received a call from a

Tahoka resident that reported some kids were throwing water balloons at cars.

Tickets issued during the past week include one each for failure to yield right-of-way, driving with suspended license, and no proof of liability insurance.

In jail during the week were one person each for revocation of probation, contempt of court, driving while intoxicated, DWI plus driving while license suspended, and arson.

BROWSING THROUGH the mail, we notice some health questions sent in by readers of Consumer Reports. One of them from a man who said he was 71 years old and had a continuous ringing in his left ear.

The magazine said occasional tinnitus (ringing in the ear) is experienced by many persons, but that continuous ringing is less common and mainly afflicts older persons. They said it could be caused by a disease with a French name, hardening of the blood vessels or by a single exposure to noises such as a gunshot or rock music.

I had this continuous ringing in my right ear until I disconnected the phone.

The report also said that a habit of cracking knuckles (mentioned by the mother of a teenager) does not cause arthritis. It does cause extreme ir-

itation in persons nearby.

A REVENUE BILL now awaiting final action in Congress will make income tax returns even more confusing and complicated than ever, according to U.S. News & World Report, who said the proposed increase in record-keeping, confusing forms and hard-to-decipher regulations will likely force more people into the arms of professional tax preparers.

So, none of us is likely to be surprised by that. Every time Congress fiddles with any law, they make things harder for most people. The same is true of the legislature.

There has been some talk about the Texas Legislature meeting every year. Instead, perhaps both Congress and the Legislature should be limited to meeting once every four years...for about a two-week limit.

PAINTING HELPS OUT—This painting by Vicky Diggs, an artist who lives on the UU Ranch, was donated by the artist and brought \$450 to the Lynn County Hospital Auxiliary, which sponsored last Saturday's Fun and Food Festival. Mary Ann Woosley-Milton Edwards Exchange Wedding Vows

Mary Ann Woosley and Milton Edwards exchanged wedding vows in the First Baptist Church of Tahoka Saturday, April 14, at 7 p.m. with Dr. George Ray, pastor, officiating.

Parents of the couple are Vera Tison of Lubbock and the late Arvel Woosley and Mr. and Mrs. Robert Edwards of Tahoka.

Mrs. Clay Bennett, organist, accompanied Bill Combs of Pampa as he sang Twelfth of Never and The Lord's Prayer.

The bride was given in marriage by her brother, Clarence Woosley. She carried a cascade bouquet designed in bridal white and ivory, featuring Japhet orchids, stephanotis, baby's breath and pearls.

Matron of honor was Melba Countryman of Arlington, sister of the bride. She carried a bouquet of burgandy and

white carnations feathered together with baby's breath in a design similar to the bride's.

Best man was Dan Stone of Tahoka, brother-in-law of the bridegroom.

Ushers were Mike Lankford and Mike Huffaker, both of Tahoka and Wayne Crawford of Seminole.

Mrs. Clarence Woosley of Grand Prairie and Kenya Ledbetter registered the guests.

Members of the houseparty were Mrs. Dan Stone and Mrs. Mike Lankford of Tahoka, Mrs. Jo Anne Corbet of Lubbock, Mrs. Dennis Shumard of Eastland, Mrs. Jean Abercrombie of Amarillo and Mrs. Buck Williams of Lubbock.

The bride is employed by Barron Publications in Lubbock and the groom

MRS. MILTON EDWARDS nee Mary Ann Woosley

farms near Tahoka. Both are graduates of Texas Tech University.

After a wedding trip to Las Vegas, Nev. the couple will reside in Tahoka.

ACS Volunteers To Distribute Test Folders

The American Cancer Society is focusing on lung and colorectal cancer during its annual April educational and fundraising Cancer Crusade. Local volunteers will be distributing the new folder, "A Quick Test on Cancer Risks for Lung, Colon and Rectum" starting April 23 to each home. The test has questions which are designed to measure a person's built-in risks, such as personal and family medical history, age, and lifestyle. It also includes a section that explains the significance of the answers and describes measures to take to guard against these cancers.

"Many of the 180,000 deaths from lung and colorectal cancers predicted for 1984 could have been avoided through prevention and early detection," said Wendel McClendon, president of the Lynn County Unit of the American Cancer Society. "It's imperative that everybody knows what their personal risks for cancer are because this will affect their habits and health actions," said McClendon. "We want to make sure that everyone in Lynn County takes the quick test. Medical science has made great advances in the fight against cancer, but the important defense, the protection against this disease, has to begin at home."

Norwood Family Band To Sing At First Baptist

This Sunday night, April 22, is Youth Night at First Baptist Church and in conjunction with that the Norwood Family Band will be in charge of the evening worship service which starts at 7 p.m.

The Norwoods will sing and share their testimonies of what Christ has done in their lives and Hugh Jack Norwood will preach.

Immediately following the evening service, there will be a fellowship for all young people at which the Norwoods will entertain. At the conclusion of the evening worship service, a love offering will be taken.

The Norwood Family Band is composed of Hugh Jack, Margaret (daughter of Mr. and Mrs. J.T. Miller), and their children Daron, Byron, and Misti. Formerly Tahoka residents, they now live in Lubbock where they are involved in full-time Christian concert ministry.

"Each and everyone is encouraged to come and hear this evening of good music and Christian testimony," a spokesman said.

Graffiti is the Italian word for "scribbling."

Look Who's New

Mr. and Mrs. Marty Lindsey are the parents of a son, Zackery Taylor, born Thursday, April 12, in Lubbock General Hospital at 10:15 a.m. He weighed 6 lbs. 2 ozs. and was 20 1/2 inches long.

Grandparents are Mr. and Mrs. Joe Brooks of Tahoka and Mr. and Mrs. Elmer Lindsey of Coahoma.

Great-grandparents are Mildred Ingle, Mr. and Mrs. Neely Brooks, Mr. and Mrs. Hubert Aldridge Mr. and Mrs. Frank Lindsey, Mr. and Mrs. Paul Isbell and Mr. and Mrs. Ray Henderson.

Phebe K. Warner Study Club Meets

The residents of the Tahoka Care Center were honored recently by the Phebe K. Warner Study Club. Members of the club took refreshments to serve the residents. Mrs. Dorothy Kenley led the group in singing some Easter hymns. Mrs. Kenley then presented a meaningful devotion relative to Easter.

Mrs. Harold (Betty) Green of Tahoka will be installed as president of Texas Federated Women's Clubs on Friday evening, April 27, at the state convention which will meet in Lubbock. Following the installation, Mrs. Green will be honored with a reception at the Holiday Inn Civic Center Atrium Room. The reception will be hosted by her home club, the Phebe K. Warner Study Club of Tahoka. Mrs. Grace Prohl is the general chairman for the reception.

Spring Art Show Set In Post

The Art Guild of Post is sponsoring a Spring Art Show in the community center on Main Street in Post. There is a possibility that some paintings or photographs will be selected by a greeting card representative for reproduction. As an added incentive, there is in excess of \$2,000 in awards. Entries will be received May 4 from 8 a.m. to 8 p.m. and May 2 from 8 a.m. to 10 a.m.

For more information call 495-3207 or 495-2472.

Grassland Nazarene Holds Revival Services

The Grassland Community Church of the Nazarene will close out a week of special revival services this Sunday, April 22, with Bill Richardson as the special speaker.

Services are at 7:30 p.m. weekdays and Sunday services will consist of Sunday school at 10 a.m. and evangelistic services at 11 a.m. The closing revival service will be Sunday at 6 p.m.

The public is invited to attend.

Melda Jacobs' stepfather, Loyd Murry of Floydada, had foot surgery last Tuesday in St. Mary's Hospital in Lubbock.

Mrs. Loyd Bell of New Home and Mrs. Don (Nelda) Johnson of Lubbock spent 10 days in Phoenix, Ariz. with their mother and grandmother, Mrs. Barbara Mengel, and with Loyd and Dale Bell and their families and other relatives. While there they helped Mrs. Mengel celebrate her 73rd birthday.

Rev. Wayne Perry and Mrs. Monte Parks of Lubbock were married Sunday, April 8, in Brownfield with Rev. B.K. Shepherd officiating. They reside in Lubbock.

A pink and blue shower was held in fellowship hall of New Home Baptist Church Saturday, April 14, for Mrs. Rodney Overman. Hostess gifts were a car seat, stroller and other small gifts for the baby and a gown and robe for Leah. Out of town guests were Mrs. Willie John Viney, Amy King and Tina Overman of Lubbock.

Mrs. Shine Barnett was dismissed from the Methodist Hospital Wednesday, April 11, and is with her daughter, Mrs. Emily Blackmon in Lubbock.

Mrs. C.G. Eades entered Methodist Hospital Tuesday, April 10, for treatment of phlebitis.

Mr. and Mrs. Duane Moses and daughter, Denise, of Tulsa, Okla. spent the weekend here with her uncle, Roy Best and family.

Floyd and Lorene Harmonson of Denver City visited Saturday with his parents, Mr. and Mrs. Perry Harmonson.

Jimmie and Jo Ann Kieth returned home Sunday evening from Ruidoso, N.M. where they had been since Thursday. Her father, Garland Peek, had major surgery Thursday in the Hondo Valley Hospital in Ruidoso. Their address is Brady Canyon Drive, Ruidoso, N.M. 88345. Jimmie Peek and Bernice Brasfield of Lubbock were also in

Ruidoso over the weekend with the family.

Our granddaughter, Kenna Jo Davies and Mack Pirtle of Lubbock visited here with us Sunday. Kenna Jo had surgery in St. Anthony's Hospital in Amarillo April 2 to remove the plate and screws from her right leg. After a few days with her parents, Carlton and Joyce Davies in Amarillo, she returned to her classes at Tech.

Frank Timmons has been moved from ICU to CCU in Methodist Hospital after surgery Tuesday, April 10.

C.E. Yeatts remains in serious condition in CCU Methodist Hospital.

Rev. Wayne Perry entered Highland Hospital Thursday. He is reported slightly improved.

Mr. and Mrs. Delbert Mouser and Mrs. Carrie Chamberlain of Spade visited here Sunday with Mr. and Mrs. Bob Poer. Carrie stayed for a longer visit.

Mrs. Esther Wood of Colorado City spent Saturday night in Tahoka with Luther and Nora Belle Wood.

Pecan Tour, Workshop Set

The annual five county Pecan Management Short-course given by Dr. George McEachern, Extension Horticulturist from College Station is scheduled Thursday, April 26, beginning at 8:45 a.m. in the Dawson County High School Ag. Dept. in Welch, located 18 miles north of Lamesa on Highway 137. The Vo. Ag. department is located on the north side of the building.

The agenda for the meeting includes Pecan Management, Pruning and Establishment of Orchards, Irrigation Systems, Weed Control, and a tour of shelling plant at the Dee and C Pecan Orchard.

AD YOU KNOW?

Two important firsts are happening. The United States government, for the first time in 50 years, will issue a gold coin and the U.S. Mint will strike the first Olympic Commemorative coinage ever issued by our country.

The silver and gold coins are being sold to support America's present and future Olympic teams and to help stage the 1984 Olympic Summer Games in Los Angeles. You can purchase a set of three coins—the 1983 silver dollars and 1984 ten dollar gold coin, the two silver coins, a single silver dollar or one gold coin.

ASC News

Certification of both small grain and ACR with small grain cover are being taken now. May 4 is the final date to make these certifications:

1. Wheat, oats, barley, rye and any other small grain.
2. Land that will be used as ACR and has a small grain planted as the cover.
3. Small grains for grazing only.
4. Farms with a small grain base and no small grain planted.

All producers are encouraged to certify any of the above for history in future years. It could be very important. Remember the tolerance is the larger of 1.0 ac. or 5 percent of the reported acreage of crop reported. ACR tolerance is not less than the required by 1.0 ac or 5 percent of the required acreage. Inaccurate certification will mean loss of program benefits on that crop. Measurement service will be offered again.

Measurement Service. Measurement service requests are being taken at this time for both small grains and ACR with small grain covers. May 4 is the final date to request this service. Other crop measurement service will be taken beginning June 1. The rates were set on a state level at \$20 per farm number for the first 25 ac. and 5 cents per additional acre measured. You will need to show on our sketch the areas to be measured and have an estimate of the number of acres. The slides will be taken in the next few days. Fields that can not be measured off the slides will be done at the ground rate of \$30 for first plot plus \$15 for each additional plot.

Grazing Wheat On ACR. The president has signed a bill that now allows grazing or baling of ACR with wheat cover. Grazing or baling after May 1 may be done only if a request had been made and farm visit paid for before May 1. This wheat must not be allowed to reach the soft dough stage. No request is required if the wheat is grazed out or baled prior to May 4.

Changes in 1984 Wheat Program. Each producer that has a farm with wheat base will receive a letter giving details of the bill just signed by the president. The final date to make changes such as signing in or out of the wheat program only is May 4. If you fail to receive your letter, be sure to check by this office before the deadline.

ACR Requirements— In the certification of ACR, you will be stating the acreage meet the following requirements:

1. Was planted to a small grain, row crop or ACR two of last three years.
2. Has or will have a specific practice or cover established and maintained throughout the year.
3. Each and every terrace is at least 1.0 chain wide.
4. All plots are at least 5 ac. or greater in size. Only one plot can be less than 1 chain and 5 ac. in size. This plot can not contain a terrace.
5. Weeds, wind and water erosion is being controlled.

These items are included in our procedures. Failure to meet these requirements can make the farm ineligible for program benefits. Request to not put cover on ACR by June 30 for spring seeded or Nov. 15 for fall seeded must be approved by the County Committee.

Federal Crop Insurance. The sales date for cotton has been extended until April 30. If you want to

know what your CRCP yield is before the final date, your request must be in the office by April 15.

Deficiency Payments These payments are being made as fast as possible. Changes in required procedure has made the process very time consuming.

Cost Shares For Terrace Work. Many producers have received funds to help repair and build terraces. Remember that when you reported the practice completed, you also agreed to maintain these terraces for 10 years. Those that have received cost shares to build terraces beginning last fall also agreed to contour farm with these terraces. Spot checks are made through the year.

New Cattle Worming Drug Available

A new compound is now available for controlling internal and external parasites of cattle.

The product, marketed as IVOMEK, is available only through veterinarians. It is 1 percent ivermectin formulated in a sterile solution for subcutaneous injection in cattle. The compound has a wide safety margin in cattle, calves, pregnant cows and even heavily parasitized animals, but is not approved for use in female dairy cattle of breeding age. Cattle or calves should not be treated within 35 days of slaughter for human consumption.

A single injection at the recommended dose controls both the immature and adult stages of many common internal worms—including the brown stomach worm—as well as many external parasites. However, it has no measurable effect on flukes and tapeworms.

As with all products for controlling cattle grubs, proper timing of treatment is critical. Cattle should be treated with IVOMEK as soon as possible after the end of the heel fly season. Animals may be retreated during the winter months for internal parasites, mange mites or lice without danger of grub-related reactions.

IVOMEK is not approved for use in swine, sheep or goats in the U.S. but an injectable form for swine and a liquid drench for sheep are in use in many foreign countries.

IVOMEK has been used in more than 25 countries, with more than 65 million cattle treated. In New Zealand, a study showed that cattle treated over 197 days with the product gained an average of 97.4 pounds more than untreated animals and 33.4 pounds more than those treated with another worming drug.

Hearings Set On Stenholm Bill

Congressional hearings have been scheduled on a bill by Congressman Charles W. Stenholm (D-Stamford) that he says simplifies and standardizes farm programs. The House Agricultural Committee will consider the bill at a hearing in Washington May 2, while a subcommittee will examine the proposed legislation May 7 in Oklahoma City, Stenholm said. The legislation will simplify and standardize the way acreage bases and yields are assigned to producers. Stenholm said the bill would make federal farm programs simpler, more predictable and fairer.

Tick Danger Is Reported

Texas veterinarians are reporting an increasing number of cases of Canine Ehrlichiosis (pronounced early-ki-o'-sis) a potentially fatal dog disease. Originally introduced to the U.S. from Vietnam, the disease is transmitted by ticks and aggravated by stress, according to an article published recently in the Texas Veterinary Medical Journal. Veterinary internal medicine specialists say early symptoms may include listlessness, fever, poor appetite and weight loss, followed by depletion of red and/or white blood cells and decreased blood platelets. If not properly diagnosed and treated during the early phase, some dogs may be subject to a severe chronic phase of the disease. Dogs possibly infected with the disease should be tested for Ehrlichiosis (blood test) by a veterinarian.

It's A First!

The world's first coins were invented in the 7th century BC by the Lydians of Asia Minor. These first coins were made from electrum, a mixture of gold and silver as found in nature. In the years since that time, thousands of coins of varying sizes and alloys have been made.

Another first in the colorful history of coins has just occurred. The United States Treasury has minted the first Olympic commemorative coinage ever issued by our country. Congress and the President authorized the production of gold and silver coins to commemorate the 1984 Olympic Summer Games in Los Angeles.

Sales Tax Rebate Told

State Comptroller Bob Bullock sent checks totaling \$46.3 million in local sales tax payments to the 985 cities that levy the one-percent city sales tax. "These receipts are up more than 16 percent over last year," Bullock said. "This is just exactly where I estimated they would be when I gave the Legislature its estimate of

revenues last year. Texas is in the thick of the national economic recovery. Let's just hope we stay there."

April checks reflect sales made in February and reported to the Comptroller in late March.

Tahoka's net payment this period: \$2,984.29; comparable payment prior year: \$2,018.17; 1984 payments to date: \$18,684.40. Wilson's net payment this period: \$0; comparable payment prior year: \$0; 1984 payments to date \$1,505.19.

O'Donnell's net payment this period: \$611.82; comparable payment prior year: \$518.69; 1984 payments to date: \$2,421.96.

Scanning Social Security

Wait If Check Is Late
A person whose Social Security check does not arrive on the day it is expected should wait for two more mail deliveries before contacting the Social Security office.

This will take care of a good share of delayed checks. If the check still has not arrived after two days, the people at the Social Security office can begin action.

The most common cause of failure to receive a check is failure to report a change of address. Many people fail to notify Social Security when they move, even though they rely on their Social Security checks as their primary

source of income. Some people think it is enough to report their change of address to the post office. The post office, however, will forward mail to the person's new address for just one year. After that they will send the check back to the U.S. Treasury.

If the person's check is returned and the new address provided, it usually takes about four or five days for a new check to be sent. If the check was not returned, a stop order will be put on it and the matter will be transferred to Washington, D.C. to see if the check has been cashed.

If it has not been cashed, a new check will be sent right away. This process can take up to three weeks. If it has been cashed, a new check cannot be sent until the person who cashed the check is identified.

Even though a person's check is deposited directly into his or her account in a financial institution, he or she should notify Social Security of any change in address.

More information about Social Security checks can be obtained at the Lubbock Social Security office, located at 1611 10th St. or phone 743-7381.

FANCY THAT!

A tiny atom can make a world of difference in the lives of many people. Just one atom makes PPA (phenylpropanolamine), the over-the-counter appetite suppressant, much safer than prescription products for the same purpose, used as directed. Yet PPA is not a stimulant and effectively suppresses appetite so the consumer can stick to a diet and lose weight.

Best Hotel Location in Town

Next to New Orleans' Famous French Quarter

We're on world famous Canal Street in the central business district overlooking the mighty Mississippi River, opposite the Convention Center and next to the exciting historic French Quarter with its sidewalk artists, famous restaurants, antique shops, naughty Bourbon Street and all that jazz.

Just minutes from Louisiana's unrivalled Superdome and 20 minutes from International Airport via Interstate I-10.

Excellent accommodations and service at reasonable prices await you at the first class International Hotel...375 handsomely appointed rooms and suites, color TV, fingertip climate control, great restaurants and lounges, pool, valet parking, airport transportation...everything!

The International Hotel is "the place" to stay in romantic New Orleans... one of the world's most unique cities...debonair, pleasure-loving, with a live and let-live philosophy. New Orleans hasn't forgotten her European heritage, nor has she abandoned the flavor of the Old South. You'll love New Orleans and she'll love you right back.

Home Economics In The '80s

BY TAMERA OVERCAST

Adolescence is a time of growth and change. Just as teens change physically, they also experience emotional changes. It's a stormy time for some but not for others, since each adolescent is different.

During adolescence, children become over-emotional teens who worry about their emotional outbursts. Changes in the body and changes in thinking cause these outbursts. Parents can help them feel less worried by explaining that hormones often cause emotional outbursts.

Teens are also over-concerned with their feelings. They think no one has ever felt as they do, suffered so much, loved so deeply, or been so misunderstood. "You just don't understand!" is a common expression.

It does no good to argue with teens that other people feel the same way they do. Let teenagers know that you care without getting into an argument over whether or not you "understand." Tell the teenager, "I may not understand, but I'm sorry you're so unhappy. You can talk about it if you like."

As teens develop close friendships in which they can share their feelings and thoughts, they learn that their friends feel the same way they do, and that they are not as unique as they thought.

Along with being over-concerned about their feelings, young teens are self-conscious about their looks. They become preoccupied with the changes going on in their bodies and with how they look. They think everybody is looking at them.

Have you ever fallen down and immediately looked around to see if anyone was looking at you? Many teens feel that way all the time, especially at school. They are often right, for young teens are very critical of one another and notice every detail.

Because teenagers think

PCA Officials Attend Meeting

Lubbock Production Credit Association (PCA) officials met for the 28th annual stockholders' meeting of the Federal Intermediate Credit Bank of Texas April 12-14 in San Antonio.

Directors representing Lubbock PCA were T.A. Elmore of Brownfield, Dalton Redman of Morton, Dewey Wells of Ralls and Keith Young of Seagraves. Cleve Littlepage of Tahoka served as voting delegate.

Meadows Reunion Set

The Meadows Heritage National Biennial Reunion will be Oct. 19-21 for descendants of all Meader-Meador-Meadows families at Pipestem State Park, Pipestem, W. Va. 25979. Reservations should be made immediately with Pipestem State Park.

All descendants should bring copies of their family records (e.g. Bible, birth-death-obituary and marriage records, family legends, pictures, etc.).

For more information send a large, self-addressed, stamped envelope to Lucille W. McClure, 5620 Minaret Court, Orlando, Fl. 32821 or Charlotte M. Alford, 4250 Olive No. 112, Denver, Co. 80237.

everybody is looking at them, they worry about acne, body odor, excess hair, body proportions, clothes, hairstyles and make-up. This explains why a teenage girl may spend two hours getting ready to baby-sit. She doesn't realize that others are not as concerned with her appearance as she is.

Young teens are also self-conscious because they don't know how to behave in social situations that are new to them, such as boy-girl parties and dating. They worry about what to talk about and how to be attractive to members of the opposite sex. They are easily embarrassed and are sensitive about making mistakes. Tears, slammed doors, and depression may follow any upsetting incident.

Parents may think that teens' constant concern with how they look is selfish and unhealthy. But self-centered thinking occurs in all teens and is not deliberate.

The good news for parents (and teenagers) is that self-consciousness diminishes at about age 15 or 16. As teenagers talk to others and listen to others, they learn that others have their own concerns.

Home Sewing As One Way To Save Money

Creating new clothing by sewing at home can be a way to extend the clothing dollar.. or to cost money. It is not easy to say whether or not home sewing is a way to save money.

In times of economic difficulty the question "does it pay to sew?" is asked more often. But other questions have to be asked before it can be answered.

Is it more satisfying to make the garment and to use it?

Does sewing make you a more attractively or better dressed person?

Do you have fitting problems that make it difficult to alter ready-to-wear garments?

Do you have proper sewing space, tools and equipment?

Do you realize the actual cost of sewing? Patterns, fabrics and notions are not the only costs--electricity, time and wear on equipment are part of it too.

Can you produce a higher quality garment than you could buy for the same dollar investment?

If you can answer yes, then sewing could save money.

But, if sewing is a drudgery; if you never wear any of the garments you have made or never complete any project, and if working with your hands doesn't appeal to you, then the answer is no.

If you have already made the decision and are proudly wearing garments

that you made at home, you are adding to the family resources.

Family Caregivers For Elderly--Caring for elderly parents and other relatives may be the next big family issue to confront our society, says aging specialist Dr. Judith Warren. The elderly most affected by illness-- those 75 and over -- have grown by nearly 40 per cent in the last ten years, says Warren. Many of the family caregivers are mid-

de-aged women, who may still have teenage children at home, or "young-old" women about to retire. For all family caregivers, adult day care and adult sitter programs in a community can make it possible to

keep a loved one at home longer than would be possible without help, she maintains.
