A NEW EDITION OF MARTIN'S REPORTS. The undersigned has now in press a new edition of MARTIN'S REPORTS, including the new series with notes of reference to subsequent de-Volume of the ANNUAL REPORTS; references to the Amendments to the Constitution, Statutes, and Givil Code and Code of Practice, since those decisions were rendered. Compiled by Thomas Gibbes Morgan, Esq., Counsellor at

Law.

This work has been got up with great labor and research, and it is hoped will be found to merit the patronage of the profession. No alterations of the original have been made, except to correct typographical errors; and, in some instances, by adding marginal notes of points decided but not noticed by the reporter.

The high character of the Court during the time analysis of the court number.

embraced in these volumes; the great number embraced in these volumes; the great number of cases involving the most important principles of the civil law, as it obtained prior to the acquisition of Louisiana, and subsequently which are passed upon; the learned and able briefs of the eminent counsel then at the barrenders this work of the greatest importance, in all those States and Territories formerly under the jurisdiction of Spain; while at the same time, the notes afford a ready reference to the subsequent adjudications of the Supreme Court of this State.

The original twenty volumes, comprising all the cases of the Supreme Court of Louisiana, from 1809 to 1830, will be published in TEN VOL-UMES—price to subscribers Five Dollars per volume, and to non-subscribers Six Dollars per volume-eash in all cases. Neither expense nor labor will be spared to make the work in every respect worthy of the patronage of the profession. It will be published complete and ready for delivery in this city by the 1st of November next, until which date subscriptions

will be received.
It is the intention of the publisher to follow it up with a new edition of the LOUISIANA RE-PORTS, noted in the same manner; and also to publish new editions of the CIVIL CODE and CODE OF PRACTICE. In the latter works it is proposed to publish the original text entire; follow each article with the statutory amendments entire, and the decisions of the Supreme Court upon each, by reference to

the volume and page. Such works will require great labor and care; and as they will be executed under the immediate superintendence of the annotator of Martin's to the especial attention of the profession.— Some progress has already been made in these works, and they will be published as speedily as may be compatible with the utmost accuracy.

J. B. STEEL, Publisher,

60 Camp street, N. Orleans. To the Members of the Texas Bar. THE undersigned has the following work relating to the laws of Louisiana, which he is prepared to sell for Cash, at a very great reduction upon the prices formerly demanded.
