### Roads, hospital occupy court

Finances, the roads and the hospital kept commissioners' attention at the Nov. 10 meeting.

County Road Supervisor Eddie Moore reported that fencing of the right-of-way on the Hwy. 1973 project is about through Earl Acton's. Seven miles of lane is being fenced in preparation for take-over of the road by the State.

'Equipment maintenance and road work are just about all that we've been doing," said Moore. County-owned pipe for the project has just about been used up, he said.

Moore reported that a landowner has installed two gates and modified a county cattleguard on K Lane from Hwy. 163 to Bailey Road. After discussion, Moore was told to see that the affected cattleguard was restored to its original width and the attached non-county material removed.

No action was taken on a landowners' request to have approximately one mile of county road re-routed in Precint 1.

Although the precincts are "doing okay" on the Road and Bridge Fund budget according to Auditor Dick Kirby, it is not yet known how much paving can be afforded next year. The economic situation led the court to vote that paving material already on hand for the alloted mileage for each commissioner's precinct can be carried over to next year if weather conditions prohibit completion in the current year.

This year's alloted paving in Precinct 2 was not completed because of fall rains.

The monthly report from Helping Hands for the Elderly showed 934 meals served in October with meal contributions of \$867.50 for an average of 92 cents a meal.

Commodities with a dollar value of

\$2478.78 were distributed to 174 families representing 528 individuals.

During the hospital report by Bill Boswell, Dr. Robert Owensby appeared to present a trial plan for physician coverage at the hospital. The doctor requested outside coverage at the hospital for approximately 13 days a month. He will be on 24 hours call the remainder of the time. Owensby also outlined his medical contributions to the community during his years in Ozona.

## Fenton Transport open for business

One of Ozona's newest businesses, Fenton's Transport, has been opened by Rex Fention. The former area manager for Pool branched out on his own after the Pool truck department closed in Ozona. Only one Pool pulling unit is still operating out of Ozona according to Fenton.

"I could have transferred, but Ozona is home," said Fenton who has worked for Pool 11 years.

Fenton's Transport does disposal and fresh water hauling. "That truck's got tires on it," said Fenton when asked how wide a territory his company serves. With two trucks and two employees, Fenton prefers to work in Crockett County; however, he will go where the job calls.

July 17, 1959 was the date Fenton came to Ozona to call it home. He arrived here from Tulia to work as a deputy for 10 years before taking an oilfield job with Delta.

"I've served oil and gas related customers for 11 years and plan to continue giving the same type service as in the past," said Fenton is the mother of granddaughter of his new enterprise.

The business is keeping Fenton busy and bringing to a halt the enjoyment of his hobbies, hunting, fishing and guns.

Fenton and his wife, JoAnn, have three children and four grandchildren. Son Shane Fenton of Ozona is the father of grandson Coby. Daughter Kelly Castro lives is San Angelo and is the mother of Justin and Jeremy. Karla Turland of Ozona Kayla.

### Say Smokeout with a postcard

If there's someone you'd like to see kick the cigarette habit for the Great American Smokeout, there's no better way to get your message across than with a special Smokeout postcard from the American Cancer Society.

"The illustrated card simply tells the smoker that you wish they'd take a day off from smoking on November 20 -- the day of the American Cancer Society's nationwide event," said Becky Childress, president of the Crockett Unit.

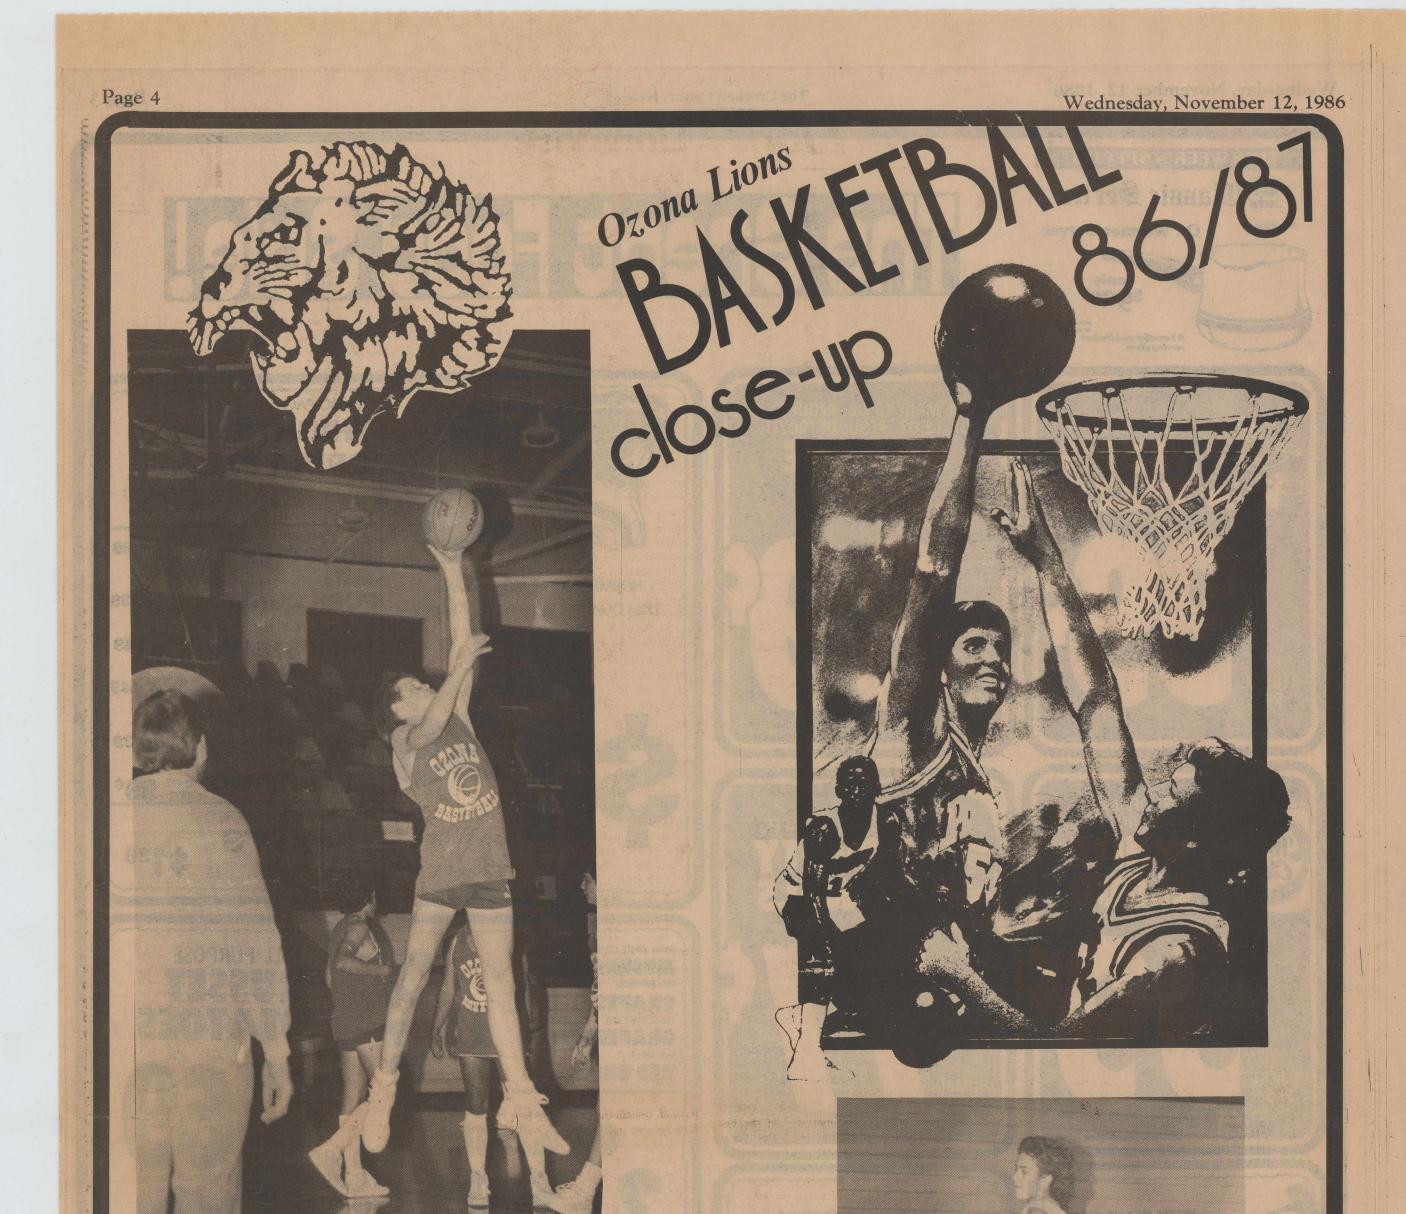

According to Mrs. Childress the postcard can serve as a reminder to the smoker, or it can be sent by someone who intends to "adopt" the smoker that day.

"The idea behind the Smokeout is to give smokers the support, love and encouragement they need to stay away from tobacco," she said. "If a thoughtful message, like the one on our postcard, will boost a smoker's morale, then it's worth sending."

## **Lions** lose finale

#### By T. C. Tucker

The Ozona Lions closed out their '86 football season against the Stanton Buffaloes Friday, Nov. 7. Even though the scoreboard showed differently, the game proved to be a fairly close battle.

Both teams traded possession of the ball without a score until late in the first quarter when Stanton gained control on the Lions' 33 yard line. The Buffaloes gradually pushed their way toward the goal line on through to the second quarter.

The Lion defense made a tremendous effort on the goal line during the next few plays. Jeff Sanchez, James Sanchez and Pete Shacklette helped stop the Stanton offense. However, a three-yard run to the outside on fourth down shattered Ozona's hopes to keep Stanton scoreless.

Ozona threatened as halftime approached, moving the ball to within five of the goal line. Defensive leader Abel Lara intercepted a Buffalo pass to set up this drive. But this time, Stanton proved they could make a successful stand at the goal line, stopping the Lions cold and going into intermission with a 6-0 lead.

Ozona came about another break early in the third quarter when Shacklette pounced on a loose ball deep in Stanton territory. The Buffaloes turned around and intercepted a Sam Hightower pass to even things.

Lions' end of the field and set up another goal line battle which Stanton again won, scoring an additional six points.

Ozona never proved able to make any advancement in the last quarter, and Stanton jumped on the opportunity and sacked Hightower for a two-point safety.

The Lions, because of the rules of the safety, had to kick to Stanton, who proceeded to drive the ball 49 yards in five plays for the final score of the night, winning 21-0.

James Sanchez led Lion rushers with 26 yards while Roger Flores received four passes for 39 yards. Other defensive leaders for Ozona include: Donald Gutierrez, Ben Rios, Ken Sessom and Jim Etheridge.

The Lions ended the season with a 3-7 record and 1-4 district record. Ozona also lost many

The freshmen outscored Junction 32-13. Those playing in the scrimmage were: Tammy Arrott, Stacy Berry, Missy Bishop, Lanessa Porter, Sarah Pullen, Terel Seahorn and Polly Villarreal. The team is coached by Martha Sims.

The Ozona Junior Varsity shared in downing Junction as they played two period as did the freshmen. "I think I expected too much from these ladies. Overall, I felt that we failed to play with the intensity that we had last year," Yarborough said. "I know that we are going to work hard to correct our mistakes, and by the time district rolls around, I expect us to have the best junior varsity in the district," she added.

The team is comprised of Regina Cervantez, Kim Corley, Shannon Curry, Dottie Gonzalez, Griselda Hernandez, Lacy Miller, Eileen Moran and Adriane Wilson and is coached by Deborah Porter.

"We are very young and inexperienced, and it showed at times. Two major concerns are our rebounding and transition game; however, we kept our turnovers to a minimum, and that was certainly a bright spot. Also, on a positive note was the overall improvement in ball handling and shooting."

Those playing were: Regina Cervantez, Kriss Corley, Janet Diaz, Vickie Flores, Stacy Lay, Lacy Miller, Lydia Pena, Vickie Reagor, Kelly Williams, Adriane Wilson and Stacie Winkley.

"After observing all three teams, I feel that our defense is a little ahead of our offense. Also, we have a lot of hard work ahead, but I feel like the ladies we still have with us have shown a willingness to work hard and dedicate themselves. With these things in mind, I don't see many weaknesses that we can't improve on. Overall, I can see a world of improvement, and speaking for the other Ozona coaches, we look very forward to continued improvement," Yarborough concluded.

Opening weekend of deer season was about what we expected. Kill was light and most of the deer brought in were young and unwise to the ways of rifle-packing nimrods. Predictions made earlier of lack of. deer movement during the day due to readily available food proved accurate, and this was compounded by warm daytime temperatures. The rut hasn't gotten into full swing, and that's kept the big bucks in the rougher country of brushy canyons and rimrocks. Ice houses in Crockett and Sutton counties report about a third of the deer they usually handle on opening weekend, and that's probably affected by a light turnout of hunters in the area. With the exception of the American Sportsman Club camps (having their usual 50 plus per camp), we just don't seem to have the turnout of past years. The incidence of illegal roadhunting was unusually low for this time of year.

The M&M Cafe has bought time on local radio station KRCT for a hunter-oriented program to provide hunters with valuable information regarding such things as hunting safety tips and explanation of hunting regulations. The program airs at 11:30 a.m. on most days, and your Game Warden recommends that all hunters tune in to this important public service broadcast. About two minutes of your time might help you avoid a costly mistake resulting from ignorance of the law. Might even prove entertaining from time to time.

The Crockett County Sheriff's Department is also getting into the act by offering another valuable service to hunters in the county this time of year. The Hunter Emergency

Locator Program is an attempt to facilitate locating hunters on their leases to deliver emergency messages from home. Each season we get calls to deliver death messages or the like to hunters who neglected to leave the family any information as to the location, or even the name, of the ranch on which they're hunting. The HELP system should be a big help in this regard, but let me reemphasize that this will be limited to emergency messages only. Landowners need to make their hunters aware of the program, as this is the only way we have of educating out-of-county hunters to the new system. When a hunter arrives in Ozona, he calls the Sheriff's Office at 392-2661 and leaves the following information:

1. Name of persons in party

2. Vehicle license number and description

3. Expected time of departure at end of hunt

4. Name and location of ranch, and approximate location of camp on the ranch.

If the message is of an emergency nature, a deputy, or Yours Truly, will make immediate attempt to locate the hunter, or at least leave a note at the camp to call in. These messages will probably also be aired on the radio program mentioned earlier if they haven't already been located and received the message in person. Everyone's assistance in this new program is needed if it's going to work - the law enforcement community can best serve you when you help us. Hunter Emergency Locator\_ Program - HELP. Let's give it a try. Anything will be an improvement over the past system.

### **Welfare Board** sponsors toy drive

The Crockett County Child Welfare Board will be sponsoring its first Crockett County Christmas Cornucopia Toy Drive to collect toys for Crockett County children who may be spending a less than fortunate Christmas holiday this year. Anyone willing to donate usuable toys to this annual event is asked to contact Cecil Buckner, Child Welfare Board vice-president, at 392-3308 Monday through Friday between 8:00 a.m. and 5:00 p.m. or Janet Henry, Child Protective Services clerical staff, at 392-5412, Monday through Friday (or 392-5007 after 6:00 p.m.). Toys in need of minor repair are acceptable; these toys will be restored by the Ozona firemen.

Items of special interest include: bicycles, tricycles, board games, dolls, toy trucks/car, and stuffed animals. Toys only-no clothing articles please! The toys can be dropped off at the fire station between 8:00 a.m. and 8:00 p.m., but, arrangements can be made to pick up toys if you are unable to deliver them, by calling Mr. Buckner or Mrs. Henry.

Please make your contributions by no later than Dec. 12, 1986, to allow ample time to designate appropriate recipients of these Christmas articles.

'Help us, help our kids, and make this event a Christmas season success," says Ms. Henry.

### Welfare Assn. asks aid for needy

#### Dear Friends:

The Crockett County Local Welfare Association was organized on January 4, 1954, for the purpose of extending emergency aid to persons whose needs come within the limits of the council's care and stipulations, with special attention to transients. We have had several clubs, organizations, churches, and even individuals help us out each year. The funds are used to help transients in need of help with meals, gasoline, and other minor expenses when stranded in our County.

NOW WE NEED YOUR HELP,

Bonnie Cameron and Amy Beth Scoggins were home for the weekend visiting family and friends. The two are freshmen at Baylor University. Katy Cameron was home for the weekend. She attends St. Mary's Academy in San Antonio.

Belated birthday wishes are extended to Ozona Intermediate teacher Judy Probst. Judy celebrated her special day on Nov. 10.

### **Style show** tickets available

There are still a few tickets left for the style show Nov. 15. If you don't have yours yet, you can get one at the Teacher's Store or Small Fashions for \$5.00. Tickets will also be sold at the door. This will be an excellent chance to see all the fall holiday fashions and enjoy a morning out with the gals to visit, eat and hope to win one of the many door prizes to be given away during the program.

Plan to attend this fun time at the Circle Bar Solarium on Nov. 15 at 10:30 a.m. All proceeds will benefit the Care Center Auxiliary and their programs for the Care Center.

#### **CHILI SUPPER NOV. 18**

The Ozona Lion Booster Club will be having its annual chili supper Nov. 18 at the high school cafeteria. Tickets are \$2.00 and servings are "all you can eat". The serving time will be from 5 to 7:30 p.m.

town. Some of the churches, clubs, and organizations know to tell people seeking help to come to the Sheriff's Office for aid or assistance. To keep this situation under control we need your financial help.

Please contribute to this fund in order to continue this program. Make checks payable to Crockett County Local Welfare Association,

Myrtle Post Garden Cub members will be touring Lost Maples State Recreation Area this weekend. Members and guests will spend the night at Grace Williams' ranch home.

Rip Sewell celebrated his brithday on Nov. 11th. Happy birthday to you, Rip

John Hignight and Edward Mc-Reynolds of Sonora recently attended the Ducks Unlimited banquet at San Angelo.

Kelly Porter and Ann Trull recently celebrated a birthday together at the Porter home.

Shawn McMullan of Iraan, son of Mr. and Mrs. Kenny McMullan and grandson of Dorothy Friend of Ozona, is recovering from an injury received Thursday in shop class. McMullan was cut and received a broken arm when struck by a saw blade.

Dr. and Mrs. Don Carlisle returned after a trip to Dallas where he attended a post-graduate course in emergency medicine sponsored by Scott & White. While there on Saturday the Carlisles attended the A&M vs. SMU football game, and on Sunday they watched their pureblood Arabian gelding, Uhlan of Kalisz, win second place in cutting in the Texas Shootout Arabian Horse Show held at the state fairgrounds.

Happy birthday to Henry Elledge who will celebrate on Nov. 14.

### **Program details early oil industry**

The Crockett County Historical Society and the Crockett County Historical Commission met together in the Civic Center Auditorium Nov. 4. Judge Brock Jones, president of the society, presided and welcomed the forty members and guests present.

Mrs. P. L. Childress, commission chairman, introduced Ed Rowland, who is, and has been, director of the Petroleum Museum in Midland for the past eight years. Mr. Rowland, a

"

native of Abilene, gave a most interesting slide presentation and talk on the discovery of the Santa Rita #1 oil well which opened production in the Permian Basin.

Rupert Ricker, an East Texas lawyer and amateur geologist, originally leased 4380 acres of land in four counties, including Crockett. He began to look for help in trying to drill on the acreage in the hope of discovering oil. The search is a fascinating story, by now well

hristmas

documented. The result was that on May 25, 1923, a few gas bubbles appeared in the drillings. On May 27, the huge well blew in, and the rest of the story is now history.

Interestingly, wells number 2 through number 8 were all dry holes. But number 9 came in a producer, and the oil era in Southwest Texas began.

Accompanying Mr. Rowland to Ozona was his son, Jeffery. Lucile I. Harrell

### **Community Center celebration**

The 50th anniversary of the Ozona mother had been given half a goat as Community Center was celebrated Nov. 2 with joy and thankfulness on the part of workers past and present. Mrs. Marilyn Cox welcomed 125 guests to a ceremony and open house marking a half century of service to the community.

Special guests for the occasion were Bishop O. Eugene Slater and his wife, Eva B. Slater, and Miss Mary Riddle, first deaconess for the center.

The Slaters arrived to serve the Methodist Church in Ozona when the center was but a dream. Referring to Mrs. Slater as the "spark which begins a project," Mrs. Lucile Harrell told of the desire of members of the church to establish a center to work with the Mexican American people of Ozona.

Frank Bernal and Mary Saldana, University of Texas students who had worked at Wesley Community House in San Antonio, were the first resident workers in the center's beginning.

Miss Mary Riddle came to Ozona to serve as director of the center in September of 1938 working in a sheet iron building until the first rock structure was completed in December.

a welcoming gift, Miss Riddle told of her 10 years in Ozona. Describing her years in Ozoná as the most important thing done in her life, Miss Riddle mentioned Sam Martinez, Ed Vitela and Andres Tijerina as mainstays in her work.

The efforts of Faye Tandy and Lucile Harrell to bring music to the students at the center and others such as Mrs. B. B. Ingham and Mother Flowers were recounted by Miss Riddle.

Especially recognized during the day of homecoming were Celestino (Charley) Fuantoz of Ozona and Mrs. Josephine Ramirez of San Antonio, individuals Miss Riddle spoke of as being like and son and daughter to her.

The only lady Scoutmaster at summer camp in 1939, Miss Riddle had the youngest and best Boy Scout troop there according to Mrs. Harrell.

"She was the heart and soul of this Community Center," said Mrs. Harrell

The original building and a wing added later were made possible by the Massie Foundation. The center is funded by local individuals, organi-Remarking that she and her zations, the Ozona United Methodist Church and the San Angelo United Methodist District. Tuition from Kiddie Klub and Tinyville students also helps to fund the center.

Director/teacher, Mrs. Stella Valadez and Delfina Perez teach the children.

"In the future, we hope to open new programs at the center," said Mrs. Cox.

Clubs for boys, girls and mothers have been active through the center during the years. The building is available now to non-profit organizations for teaching seminars.

## Love at its highest power

#### **Ken Harrison Ozona United Methodist Church**

Many books, articles, and other writings on prayer are subjective, a sort of "what prayer can do for you" approach. Most sermons I have heard or read on prayer have taken a similar direction. Yet, there is an objective form of prayer into which each of us must enter if we intend to be witnesses to the love of God. The objective form of prayer is intercession.

Three scriptural passages treat this type of praying. In the Old Testament, Samuel prays for his people and says, ".... far be it from me that I should sin against my Lord by ceasing to pray for you" (I Samuel 12:23). In the stoning of Stephen in Acts 7, the saintly and heroic Stephen dies with a prayer on his lips, not for himself or his protection, but for his murderers; "Lord, do not hold this sin against them" (Acts 7:60). And thirdly, in John 17, Jesus prays for others in that awesome prayer he prayed just before the final events leading to the Crucifixion. Three incidents of prayer voiced, not for the pray-er, but for others.

Have you ever been fortunate enough to have the assurance that someone is praying for you? It is a heartening, steadying and fortifying influence. Warmer words are seldom heard when experiencing a hurt, sorrow, disappointment, or trying ordeal than those of an empathetic friend who says, "I'm praying for vou.'

When we pray for others we are not trying to induce God to take interest in those for whom we pray. We are, instead, giving proof to God of our interest in them, are submitting that interest to God for purification and, thus, are making ourselves sensitive to divine guidance and receptive to God's power. More than that, besides opening the sluice gates for grace to pour into our minds, we are charging the environment for those for whom we pray with a spirituality that makes it easier for them as well as for us to know and do the will of God.

To pray for others and for causes is to care about them. To pray for others subsumes our own selfish pursuits and pleasures. When we care enough, when we love people and causes enough; our children, our church, our country, our friends, we instinctively turn to God on their behalf, and seek the reinforcing of our love with God's. Prayer is love raised to its greatest power. And the prayer of intercession is the noblest and most Christain kind of prayer because in it love reaches its highest and widest range.

Billy Sunday, the Chicago Cub baseball player turned evangelist, made it a practice to pray for specific people in a city where he was going to conduct an evangelistic campaign. Before going to Columbus, Ohio, he wrote his customary letter to the mayor requesting a list of the names of people in that city who were in need of special prayers before the campaign. The mayor responded by sending him the city telephone directory.

How true! We all stand in the need of prayer.

### **Catholic Church hosts parenting seminar**

A six session seminar on parenting, Successful Parenting, by Ann and John Murphy, began Oct. 30 at the Parish Hall Meeting Room. The first, session, Love and Discipline, was followed by Improving Your Child's Self-Esteem and Family Communications Nov. 6 at 8 p.m.

The third session, School Achievement, Money Management, Children and Television, will be Nov. 13. Times for the remaining three half-hour segments will be announced later.

Session four covers Social Responsibilities and Career Planning. Session five deals with Peer Pressure, Single Parenting.

The conclusion of the video series will be Parents Are People, Too, Handicapped Children, An Important "P.S."

Everyone who deals with children will benefit from the series, says Fr. Richard Altenbaugh. Ann M. Murphy, Ed. M., is the

author of more than 300 "Successful Parenting" articles and newspaper columns. These are syndicated in 25 weekly and monthly publications throughout the United State and Canada. Her seventeen years of teaching and counseling experience include: nursery school, elementary school, high school, college and adult career counseling. Currently, she is the Director of the Successful Parenting Center, Hingham, Massachusetts. John F. Murphy, Ed. M., is the

Director of Special Education, Hingham, Massachusetts, Public Schools, He is a nationally certified speech and language pathologist, a former Massachusetts State Supervisor of Special Education and author of Listening, Language and Learning Disabilities.

As a husband-wife team, the Murphys are authors of a religious parenting book entitled Successful Parenting; they conduct parenting

seminars and workshops and co-host "Successful Parenting" television programs which are shown coast to coast throughout the United States. They are also the recipients of the Catholic Press Association's National Award for excellence in the field of journalism.

The Murphys are the parents of John F. Murphy, III, a student at the Northeastern University School of Law, and Mary Ellen Murphy, a graduate of Boston College Law School and an associate with a Boston area law firm. Ann and John live in Hingham, Massachusetts.

Monday morning residents visited with Lady-Bretany while volunteers Vivian Hughes and Joann Williamson put the finishing touches on the turtle pinatas.

Juana Hernandez, Lucia Rios, Robert Shipp, Ola Mills, Doris Robnett, Elzy Bishop, Emma Taylor, and Moriama Perez played a challenging game of ring toss Monday afternoon following a short exercise class. Volunteers were Angie and Matthew Marshall.

A special bingo game was played Tuesday morning for a beautiful gold locket. Moriama Perez was the lucky winner. Ola Mills won the El Chato's gift certificate. Maggie Crawford, Jesus Hernandez, Juana Hernandez, and Edna Wallace were also prize winners. Volunteers assisting were Nancy Forehand, Lillian Tambunga, Lola Rios, Mattie Cooper, Sophie Kyle and Georgia Kirby.

Decorations for Thanksgiving were put up Tuesday afternoon.

Residents were busy working on Christmas items in Wednesday morning's ceramic workshop. Residents attending were Tomasa Ramos, Moriama Perez, Ola Mills and Juana Hernandez. Helpful volunteers were Ruth Hester, Marie Pierson, Doris Karr, Vivian Hughes, Joann Williamson and Clara Byrd. Wednesday afternoon, residents had a ball flocking a Christmas tree. Everytime the snow missed the tree and landed on one of the residents or volunteers, laughter could be heard. Residents taking part in the fun were Doris Robnett, Juana Hernandez and Moriama Perez. Volunteers were Matthew Marshall, Vivian Hughes and Joann Williamson.

Volunteers for Thursday morning's beauty shop were Melinda

After styling hair, Clara entertained residents with lively piano music. Several requests were played.

Mid-week Bible study was presented by Charles Huffman of the Lutheran Church. Visitors included Betty Huffman, Mattie Cooper and Marie Walker. A short visitation followed.

A large number of visitors attended the Spanish Hour of Praise, much to the delight of the residents.

Juana Hernandez was on a winning streak in Friday morning's bingo. She won three games. Tomasa Ramos and Theo Burns were not far behind. They won two games each. Other winners included Jesus Hernandez, Moriama Perez, Minnie Karr and Rebekah West. Volunteers were Dorothy Doll, Mattie Cooper, Lillian Tambunga and Lola Rios.

Friday afternoon was spent packing items for the arts and crafts fair. Sunday's worship service was presented by Our Lady of Perpetual Help Catholic Church.

We would like to thank George Hester for setting up our booth at the arts and crafts fair this past weekend, and the following ladies for making; it so successful: Yolanda Avila, Theo Burns, Clara Byrd, Elvira Caldwell, Mattie Cooper, Jo Davidson, Dorothy Doll, Ashley Farris, Nancy Forehand, Ruth Hester, Joanie Hernandez, Vivian Hughes, Doris Karr, Ann Mayo, Marie Pierson, Alice Ross, Lillian Tambunga and Joann Williamson.

I would also like to thank all the residents who worked so hard making the crafts.

### **Fall fruit tree spraying** controls diseases

Fall is often the time when fruit tree care is forgotten or neglected, but it's a critical time for controlling many peach and plum tree diseases to insure a good crop next year.

With the arrival of fall, there's often a tendency to forget our peach and plum trees that served us so well last summer, notes Billy Reagor,

He advises spraying when 70 percent of the leaves fall off the tree. Spraying too early will cause leaf shed or cause the spray to be ineffectiv e later.

Fungiciides containing chlorothalonil can a lso be used for the control of peach leaf curl.

Bacterial leaf spot and bacterial canker can be partially controlled by fall spraying with a copper fungicide, but: not fungicides containing chlorothadonil. But again, it's important to spray at the right time to prevent foliar burn with the copper fungicide:.

## Hospital board reviews district legislative bill

The regular Crockett County Hospital monthly board meeting was held Nov. 6 at 7:00 p.m. in the Care Center Dining Room.

Bill Boswell discussed the ambulance transfer policies and procedures concerning transfers to a facility or location other than Crockett County Hospital for nonemergency medical care. Payment for services provided for nonemergency transfers will be expected at the time services are rendered and a signed liability release form will be required. Also mentioned was that the State confirmed that a basic life support system does not require a medical director.

The motion was made and seconded to accept a new salary schedule for ambulance personnel effective Dec. 1. A cut in pay to ambulance personnel should put the service back in the black according to Boswell.

An in-depth discussion was held on the legislative bill for the hospital district. Each section was discussed, corrected where needed, and accepted. A motion was made and seconded to approve the bill, pending legal review.

A major discussion was held on physician recruitment. The board was informed that Crockett County would probably not qualify for a government sponsored physician program. However, the hospital is actively seeking additional physicians through other means.

Jacquie King gave a report on the current status of the Indigent Health program in Crockett County. The eligible applicants are currently receiving medical services in the county. All the applications that have been received to date have been processed. One family and an individual have qualified.

The hospital surveys sent to patients as part of the five-year goals plan have been returned. Only 17 surveys representing 38 people were completed. The majority of the responses indicated a positive attitude toward future medical services in Crockett County. It was reported that a survey will be mailed out during November to a random sampling of Crockett County residents. Anyone not receiving a survey and wishing to participate is encouraged to request a survey form

The financial report was given by Jacquie King. The hospital had deposits of \$31,735 during October and disbursements of \$62,489. Emergency room visits for the month totaled 78. Lab procedures totaled 109 and there were 31 x-rays for the month. The Care Center reported deposits of \$37,891 and disbursements of \$61,898.

A bad debts list was presented to the board. The board reviewed the list and a motion was made to declare the accounts as bad debts.

Under new business, the new Medicaid utilization review plan was presented to the board. The board briefly reviewed the plan and decided to sign their acceptance of the plan in case the hospital should re-enter the Medicare program.

The Women's and Children's Hospital in Odessa has asked Crockett County Hospital to sponsor a mammography program for the women in Ozona. There would be no cost to the hospital for doing os. A portable mammography machine will be brought to Ozona, and breast x-rays will be provided at a charge of \$50

A new lateral file system was discussed. A motion was made to purchase the system.

Dr. Owensby presented a proposal to the board concerning a trial on-call schedule. A motion was made and seconded to accept the proposal. Board members were told that a state licensing inspection will be held during the month of November.

Members present at the meeting were Fred Deaton, Raymond Borrego, Scotty Moore and Alleane Jones. Others attending were Zoe Green, Bill Boswell, Dr. Robert Owensby, Jacquie King, Dee Keilers and David Cooke.

county agent with the Texas Agricultural Extension Service, The Texas A&M University System.

The agent says that applying a copper fungicide now can stop or reduce three of the major diseases that attack peach and plum trees in Texas. These are peach leaf curl, bacterial leaf spot and bacterial canker.

Puckered and distorted peach tree leaves that were either bright red or light green in diseased areas last spring were due to peach leaf curl fungus. The only time to effectively control this disease is in the fall with a copper-containing fungicide.

Timing of the fall spray is critical for effective control and for avoiding tree damage. Copper is a metal and may cause severe defoliation unless applied correctly.

Bacterrial leaf spot affects both fruit and foliage. The infection causes fruit to crack and leaves develop angular spots which drop out. Bacterial canker will kill trees slowly. Infected trees will have gum or wax forming on the main trunk and ma in limbs.

Fall spray in northern Texas is most of ten applied from late October to Nov. 15, in Central Texas from Nov. 1 to Dec. 1, and in South Texas from Nov. 15 to Dec. 15. Application time will vary with the season, so the agent suggests checking your fruit trees closely.

Down payments on acreage owned by Linda Kramer and Huey Ingram have been made said Sinclair, and a twelve month time limit set on closing.

Representatives have met with Texas Jail Standards Commission officials, and reports indicate that CCDC officers are very pleased with the preliminaries.

Center officials are involved in a search for an additional doctor for the community and for the detention center which may house up to 400 inmates.

No time table has yet been established for renovation and opening of the Crockett Heights center, but "all land is under our control," said Clayton Robinson, vicepresident of the organization.

The board of directors met Nov. 5 and 6 in Ozona. The group will definitely be ready for a Dec. 8 presentation to Crockett County commissioners said Sinclair.

### **Child worker** to address Lions

#### Frank Galindo, who represents the Texas Department of Human Services, will address the Lions Club at noon on Nov. 13. Frank works out of

the hospital building in Ozona. He provides child protective services, and his program will center around the support he offers our community. The Lions program on Nov. 6 was an excellent presentation by Captain Dean Sharp. Captain Sharp is with the United States Air Force and is stationed at Goodfellow in San Angelo. He had a number of slides and recently de-classified information that he shared with the club members. The Lions were honored to hear an intelligence officer the caliber of Captain Sharp.

Attendance at the Lions Club meetings has been very good. The club encourages its members to attend each meeting, bring a guest, enjoy the program, and the fellowship.

The Ozona Cubs put the finishing touches on a flawless season by nipping the Sonora Colts 26-0 Nov. 6 in Sonora.

The Cubs, who haven't lost a game in two years, used a bruising rushing attack to set up an aerial show that accounted for 97 yards and a touchdown. Five different running backs touched the ball for Ozona as the Cubs racked up 152 yards and three touchdowns on the ground. Once again Ruben Borrego led all rushers with 84 yards although he saw limited action, carrying the ball only five times.

Borrego began the scoring for Ozona at the 4:08 mark of the first quarter when he rambled three yards for a touchdown. The PAT was

unsuccessful, and the Cubs took a 6-0 lead. They struck pay dirt again in the second quarter on a five yard touchdown by Anthony Vasquez. Once again the extra point attempt was no good, and the lead increased to 12 points. The Cubs then scored with 2:02 left in the half when Brad Bollier hit Mingo Perez for a 23 yard touchdown. Bollier added the two point conversion on a scoring strike to Gilbert Rico to make the score 20-0. Ozona, at the intermission.

The Sonora defense used the halftime break to regroup as they held the Cubs scoreless in the third quarter.

The fourth quarter began with a bang as tailback Oscar Gutierrez scored from three yards out to polish off the aching and battered Colts 26-0.

The Ozona and Sonora Junior Varsity squads battled it out in Lions' Stadium Nov. 6 for the 1986 I-10 championship, and the Broncos outlasted the Lions for a 10 point victory 18-8.

Ironically, both teams totaled the exact same amount of offensive yards with 215 each. Lalo Rodriguez led the Ozona attack as he carried the ball 12 times for 84 yards and scored the Lions' only touchdown of the night.

#### By T. C. Tucker

The Ozona Junior High football teams finished their season Thursday, Nov. 6, with play in Sonora. The 7th grade Cubs fought a tough battle to the end in hopes of pulling off a victory, but Sonora gained a lucky break in the closing minutes to win 22-14.

Mario F. Mendoza opened scoring with a 63 yard run early in the first quarter. Quarterback John Babb, who completed four of five passes for 54 yards, connected with Adam Alba for the two-point conversion.

Sonora bounced back in the second

The score came late in the first quarter on a 19 yard journey to the promised land. The points came after a Sonora scoring drive which totaled 42 yards and eight points. The Lion two point conversion was successful, and Ozona tied the game at 8-8. At 6:24 of the second quarter, Sonora scored once more and again applied two PAT's to increase their lead to 16-8 at the half.

The Ozona offense sputtered in the second half and gave the ball to Sonora on a fumble following the kickoff. After a punt by the Broncos,

which pinned Ozona deep on their own four yard line, the swarming "Crimson Crush" added two more points to their total on a safety.

With an 18-8 lead, the Sonora defense relaxed and allowed Ozona to threaten in the fourth quarter as quarterback Chris Denman hit on four of his last six pass attempts until an interception by Bronco safety Mike Harris ended the Lions' bid.

The junior varsity ended the 1986 campaign with a record of 4-4-1 with two losses and one tie coming against these same Sonora Broncos.

they fumbled the ball on their own 12 yard line, giving Sonora 13 seconds to work with the ball. The Cubs' defense held once again, but failed to stop the quarterback sneak in the end. Sonora put eight more points on the board.

Ozona failed to produce any sort of long-range move on their last play, losing their final game of the season, 14-22

Alba led Ozona rushers with 78 vards while Mario F. Mendoza followed with 74. Jimmy McCary, Diego Pena, Pablo Talamantez, and James Tambunga led as defensive leaders in number of tackles.

This is the first year the care center will have run over budget by a large amount, said Kirby.

Representatives of an organization for hospitals with less than 50 beds will be in Ozona Thursday to meet with the judge and auditor. The organization is working toward reduced Medicare requirements for small hospitals, said Fields. "Ozona has to operate under the same rules as M. D. Anderson as far as Medicare. a hospital; if it passes, we'll have a hospital district," said Fields. A bill is to be introduced in the next legislative session which will allow Crockett County residents to vote for or against a hospital district. "17 small hospitals have closed around the state since the first of the year," said Fields.

The hospital is within budget on spending, but below on anticipated revenues, said Kirby.

Diagrams of a proposed land trade which will allow for enlargement of the dump were presented by County Surveyor Paul Shacklette. The proposed trade involves 21-22 acres to be traded by Wade Richardson and Crockett County on an acre per acre basis.

Commissioners approved the trade if the Department of Health will approve the added acreage for the dump. The State requires 20 feet soil depth with 50 feet of caliche underneath for a landfill, and there is no place like that in Crockett County, said Fields. "The State has never approved a dump like this," he said.
