A Wonder!

The Fordson is a wonder. That's what everybody says about it, and they have been thoroughly tried out. It's no experiment. This little tractor is going to revolutionize farming in La Salle county, because the price will not prohibit every farmer with a hundred acres of land, owning one.

QUICK RESPONSE IS NECESSARY.

Austin, Texas, Nov. 21—Quick and generous response in the campaign for funds to construct hospital building at Carlsbad for housing Texas soldier boys who contracted tuberculosis while serving their country in the army, may save many lives, asserted Dr. C. W. Goddard, State Health Officer, with emphasis. "Every day, every week and every month counts heavily," said Dr. Goddard, "and there should be no delay and no lagging in this golden opportunity to do something for the magnificent young men who offered their lives for their country and who are now afflicted. By an immediate contribution the lives of many of these young men will be saved. Many more will be cured and restored to their homes and to their friends and countless others will be treated so as not to spread tuberculosis among relatives and neighbors." "Furthermore," said the state health officer, "the medical profession stands solidly in the opinion that quick diagnosis and treatment will save many patients afflicted with the great white plague, therefore it is our duty to come to the rescue in a most generous fashion in the campaign which closes on Nov. 26th. I am happy to say that pledges on the first day of the drive, Nov. 19th, amounted to over \$200,000.00 and this augurs well for the future. We need every cent of \$500,000.00 and in this last large and worthy war cause every citizen should do his duty. This is quickly realized when I tell you that one physician turned away twenty three young soldiers because he could find no hospital to treat them. All tubercular hospital wards are filled. Once we build the houses at Carlsbad the federal government will supply ample funds for maintaining our soldiers, giving them the best medical care and attention and do all things necessary for them. There are 4,000 Texas soldiers who have tuberculosis and 200 need hospital treatment at once. Keep them in Texas and this perfect climate for treatment."

Commissioners in Session Today.

The Commissioners' Court of La Salle county will meet today to transact the business of the regular November session. The Court was opened on second Monday in this month but on account of a quorum not being present recess was taken until such a time when a full board could be present. Judge Welhausen said matters would come up at this meeting that would require the action of a full board.

C. E. CONVENTION OPENS FRIDAY.

Cotulla is making preparations for the San Antonio District Christian Endeavor Convention which will be held here November 28-29-30.

Most of the topics of the convention will be handled by out-of-town speakers. The singing will be led by Mr. Wilgus, of San Antonio. Mrs. Wilgus will be the Convention pianist. Meetings will begin promptly at 7:30 p. m. and there will also be daily morning and afternoon sessions. All delegates will be entertained in the homes of our citizens while here and special plans are being formed to give them some form of outing or entertainment Saturday afternoon.

COTTON MARKET STILL SLUMPING.

The cotton market has been on a downward slope all the week, and the net loss will amount to probably there hundred points. Had the peace treaty been settled no doubt it would have had a reviving effect on the market, but it was left in a very unsettled condition, and together with the financial condition and bad labor conditions, the bears have had the game with a down hill pull. Some brokers now predict that there will not be any rally of consequence until preparations for the new crop begin, which will be next spring. The Farmers Union and Department of agriculture is urging farmers to hold and have issued a letter to bankers and merchants to assist the farmer in holding his cotton, stating that it should not sacrifice to speculation, insisting that it should bring 45 cents and better, on account of the World's shortage.

WORD OF THANKS,

We desire to thank all who were so kind to assist us and Mrs. Hawkins during the illness and at the death of our dear mother, Mrs. Tolitha Alderman. Mr. and Mrs. E. W. Alderman.

12,926 ACRES ONION ESTIMATE.

Robt. Bier, crop expert with the Bureau of Crop Estimates, of the U. S. Government, is in the city getting further data on the onion and truck crops of this country. Mr. Bier stated to the Record yesterday that his first estimate of the onion acreage to be planted in Southwest Texas this winter was 12,926 acres. He said if the seed beds turn out poorly this acreage will be reduced. He has just returned from the lower Rio Grande valley and this week was in Frio county. In his rounds he has found that seed beds were not up to normal and where transplanting had begun the beds were not turning out the plants. He predicted that situation would hold good in this county. Mr. Bier expects to have out a new report on the situation, which will be given to the press for the benefit of the farmers.

Census Enumerators Are Wanted.

Uvalde Tex., Nov 21—Census enumerators are needed in a number of precincts in the Fifteenth Congressional District. Supervisor H. P. Hornby of Uvalde, states that Jim Wells, Jim Hogg, Atascosa, LaSalle, Brooks, Kleberg, Live Oak, McMullen, Willacy, Cameron, Webb and Hidalgo are still behind in the number of applications required. Especially are applications needed from the country precincts. The towns of Raymondville, San Benito, Harlingen, Oakville, Three Rivers, George West, Encinal, Premont and Artesia are all short. The work will commence in January of next year. Men or women who have had a good common school education would be qualified for the work. Applications should be made to Supervisor H. P. Hornby at once, by those who desire to serve as enumerators.

Another one of the mysteries of the times. A few months ago broom corn was \$300 to \$400 per ton. Now it is \$40 to \$100. But brooms are no cheaper.

Some fellow has figured it out at the price cotton goods are selling today spinners could pay 75 cents a pound for cotton and then make a fair profit. But the farmer is not getting it.

Cotulla is to have a convention next week. It is the Christian Endeavor of the San Antonio District. Everyone should join in and make the visitors enjoy themselves while they are here.

The labor situation is bad enough but if immigration from Mexico is cut off entirely Southwest Texas is going to have a hard time "carrying on." To make any progress in development we must have the Mexican labor. There is no other source of labor to clear our lands nor for farm hands.

The Crystal City Star came to our Exchange desk this week. The new venture is the work of editor Earle Cook of Carrizo Springs. There wasn't enough doing for Mr. Cook on the Javelin so he decided to get out and start something over at Crystal City. He recently purchased the Asherton News and Big Wells Record, so it seems to us that he has a corner on the newspaper business over that way.

The scarcity of news print and the high prices threaten to put small publishers out of business, and drastic methods were advocated at a recent meeting of the American Newspaper Publishers. Prices are almost double what they were when the war ended a year ago, and still going higher. We would request that our subscribers pay up their subscriptions promptly before the first of the year.

The coal miners and the operators are still at loggerheads and in the meantime winter is coming on and the country is desperately short of coal. Whatever the outcome the consumer will pay the bill, and the dear public is getting blamed tired of this kind of business. We can remember a few years back when the public was in sympathy with the labor unions, but today things have switched around until the labor unions are being run by radicals and they have lost the sympathy of the people in general. Only a few days ago at a meeting of all business interests of Dallas met and declared for an "open shop." In other words they did not propose to treat with organized labor any longer, because though the leadership of Bolshevik labor unions are asking and demanding the unreasonable. Organized labor is all right, and the majority of the union membership is alright, but their paid agitators are getting them in trouble up to their neck.

"GOOD HEARTS FOR BAD LUNGS," IS SLOGAN.

Austin, Texas, November 12. "Good hearts for bad Lungs" Treat Texas Soldiers in Texas, is the slogan and winning appeal adopted by Major John C. Townes, Jr., for the state wide drive, Nov. 19th to 26th inclusive, to raise funds for the erection of a Memorial Hospital at Carlsbad for Texas soldiers who have been stricken with the fearful white plague-tuberculosis.

Citizens with good hearts are urged to respond generously to this last call of the war and provide comforts for the poor boys with diseased lungs. It is a pathetic condition and can only be remedied by liberal response to the request for funds made by the Benevolent War Risk Society of Texas of which Gov. Hobby is president and who is asking that citizens do their part.

All of the school children are asked to give something, as well as the prosperous citizens and those who can well afford to aid in such a worthy cause. Children raising over fifty cents will be listed on Governor Hobby's honor roll and thus become identified in a movement that appeals to the good hearts of good

citizens. All civic clubs, ministers and business men are being asked to do their part, and none can refuse.

The Federal Government is offering free medical treatment and all cost of maintenance for the tuberculars if the citizens will but provide the hospital buildings. The government has no hospitals in Texas, hence the appeal. If it is not heeded the boys will have to go elsewhere or stay at home and spread the malady. What shall it be?

"There can be but one answer," says Major Townes. "Give to your utmost during the drive and help it in every way. Ask your neighbor to do his part too."

Major John C. Townes, who was in charge of the Selective Draft in Texas, has opened headquarters in Austin as head of the campaign by the Benevolent War Risk Society to collect \$500,000 to erect hospital buildings at Carlsbad for the care of tubercular ex-soldiers of the State. According to the Federal Public Health Service, there are no more than 4,000 boys in Texas who contracted tuberculosis while in the Service, of whom a

Some farmers have taken advantage of the good weather the past week to cut their feed crops and a good deal of feed has been saved. However, others have procrastinated, and perhaps will not have another chance as good as the weather of the past week.

The cotton crop of this section is about all out and probably after this week the gin at Cotulla will run only part of the time, as there is not sufficient cotton to keep the plant running every day. Yet there will be from one to two hundred bales yet to be ginned. This will come from a few of the larger farms, practically all of the smaller farmers having finished up their crop. This has been a very profitable year for the cotton farmer. He has received a good price from the beginning to the ending of the season. Next year there is going to be an increased acreage in La Salle county.

Congress has adjourned without ratifying the peace treaty and we are still in war with Germany. This is only technically however, and we may resume trade relations, as we have been doing in a small way for some months. The treaty will likely be brought up when Congress meets Dec. 1st, and probably by that time the amendments may be toned down so as to be acceptable to both sides. If not, then the only thing that can be done will be to declare the war at an end with Germany. That, it seems might put us in a rather bad shape, because in the settlement we receive a number of Germany's ships. Without any treaty, we would not show up a very good title. The entire country would like to see this treaty signed. The people are divided of course on the treaty in its present shape, but a settlement is what we want, and we want a treaty in the settlement. We hope the next congress will not be long in settling the matter.

SOLDIERS TUBERCULAR FUND

During this week a campaign is on over the state of Texas to raise the sum of \$500,000 for the purpose of erecting hospital buildings at Carlsbad in West Texas, for soldiers who have contracted tuberculosis since their discharge from the army. The Federal Government is offering \$3 per day for free medical treatment and for maintenance of every boy so afflicted. One might ask why the Federal Government does not furnish the buildings. The Government has no available hospital space in Texas. At present such boys are being sent to Alexandria, La., where the climate is undesirable, and there is not the chance for recovery that there is in our dear old Texas climate.

The boys who went to France to fight for us should be backed up. We backed them up when they were over there and we should back them up now. The germs of the white plague were contracted by many while they were in the trenches, but owing to their perfect physical condition at that time did not manifest themselves. When the boys got back home and there was a period of inaction the disease developed. It has been demonstrated without a doubt that if given attention in time tuberculosis can be cured, and the big thing for Texas to do now is see that these boys are cured. If they are not can you imagine the results from the four thousand cases that are in the state today? Governor Hobby says: "It is a most worthy cause and all heart strings should be touched. The full sum of \$500,000 must be raised at once, as disease will not wait. There are over 4,000 Texas soldiers afflicted with tuberculosis, of which number there are several hundred who must be hospitalized at once if the disease is to be arrested."

rapidly growing proportion demands immediate hospital treatment.

The week of November 19th to 26th inclusive has been set aside for a great drive to collect funds for the care of these Texas boys, and Major Townes has called upon the members of the Local Draft Boards throughout the State to aid in the movement.

"Every citizen is expected to give liberally in this, the last drive of the World War," said Major Townes. "The offerings are at Thanksgiving and as all Texas have much to be thankful for, they should not overlook this opportunity to aid the afflicted soldier boys who went forth to give their lives for their country. If the buildings are not erected the boys will be sent to other states where the climate is less desirable than that of Texas, or as an alternative they may elect to stay at home and possibly spread the dread infection to families, their friends, and neighbors."

"Give generously," implores Major Townes, "that our boys may remain at home and have proper care and treatment. It will be our last act of the War."

The report of the eleventh Annual Conference of the State Congress of Mothers given by Mrs. Busby was full of interest and information. Being enthusiastic herself, Mrs. Busby recounted the events with such insight that her audience heard and saw as though they had been there. Questions vital to the adjustment of this reconstruction period were treated by the educators of our state and nation. They entreat us to use the "personal touch" if we would be effective in doing good; and to do our work so well that our children will be permitted to go where we were only permitted to look.

TRUSTWORTHY

It is a good thing to have a publication in the house you can trust. You never have to think whether you can safely leave the Youth's Companion on the table. When you begin a Companion story you know you are not bound on a slumming expedition. You are being led up into the sunshine of the everlasting hills. The folks in the Companion story are everyday folks. They are like your own townspeople: stumbling falling, picking themselves up, trying with some defeats and some difficulties to attain to their high ideals.

1920 will be a year of great stories for Youth's Companion readers. There are more than 250 of them in the year. Subscribe before Christmas and get the opening chapters of Charles B. Hawes' 10 chapter story, The Son of a "Gentleman Born" and all the extras of the following offer.

New subscriptions for 1920 will receive:

- 1. The Youth's Companion—52 issues in 1920.
- 2. All remaining 1919 weekly issues.
- 3. The Companion Home Calendar for 1920.
- 4. All the above for \$25.00.

Dr. R. L. Graham went up to Pearsall Thursday to attend the funeral of E. A. Lily, a prominent citizen of that town who died Wednesday.

Mr. and Mrs. W. H. Cotton of Lincoln, Nebr., are here for a few days. Mr. Cotton owns a tract of land near Cotulla.

C. A. Tolley has taken charge of the Gardendale Hotel. An advertisement of the hotel will be found in this issue of the Record.

H. W. Earnest was in the city from Millett Thursday. He reports great preparations for crops in that section of the county next year.

Messrs. T. K. and S. F. Dixon, prominent business men of Houston, are here on a visit to their sister, Mrs. O. W. Holman. They were out on a two days deer hunt this week.

Jim Holder, District Sales Agent for the Chevrolet car, was here shaking hands with the boys this week and telling them what a good car he was selling.

Very few deer are being killed. In fact the number has been so few one could count them on the fingers of one hand. Bucks are reported scarcer this year than for many seasons past.

Dr. Morgan and wife are visiting in San Antonio this week.

Hunters are becoming more numerous since the roads have dried up so that they are navigable for Ford cars. No doubt December will bring the usual number provided dry weather continues.

R. L. Keithley, proprietor of the City Garage, will soon begin work of putting in a new front to his place of business. He expects to carry a line of accessories, casings, etc., and will put in some big display windows to better show off his goods.

A memorial for soldiers who served in the late war in the shape of a hospital for those afflicted with tuberculosis would be more fitting than monuments of bronze or granite. La Salle county should donate liberally to this cause, full details of which can be found in articles elsewhere in this paper.

Henry C. Fullerton, who has been located at Ft. Worth for the past three months engaged in the \$1,200,000 campaign for the Presbyterian Church, arrived on yesterday's train and will spend two or three weeks here with his family. Mr. Fullerton says the campaign is progressing exceedingly favorable and that the Presbyterian schools of Texas will be put on their feet and start 1920 with renewed energy.

Neal's Auto Company received a car of Fords this week but they went like the proverbial hot cakes. They are expecting a car of Tractors in next week and as soon as they arrive will give a demonstration of their work in some of the nearby fields. Mr. Neal states that practically one carload of tractors have been sold, and that he has another car enroute which should arrive on the heels of the first car.

FOR THE LORD'S WORK.

Under the provisions of the income tax statute men and women of means have the option of giving 15 per cent of their income to religious causes. If they neglect to use this 15 per cent for such a high, world-uplifting service they surely will have to pay it as a tax to Uncle Sam for governmental purposes. It's either 15 per cent to the Lord or 15 per cent to Uncle Sam. Spread this news among the wealthy Baptists. Fifteen per cent of their income for the next five years would greatly exceed Texas' \$16,000,000 quota.

State Publicity Director.

THANKSGIVING SERVICES

The Thanksgiving services for the public will be held at the Baptist Church next Thursday at 10 a. m. The sermon will be preached by the Pastor, W. L. Skinner. Everybody attend for one hours service.

Cataract Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure cataract deafness, and that is by a constitutional remedy. Cataract Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is in perfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by cataract, which is an inflamed condition of the mucous surface. Hall's Cataract Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Cataract Deafness that cannot be cured by Hall's Cataract Medicine. Circulars free. All Druggists, etc.

Hunting Notice.

Notice is hereby given that all land known as the Martin pasture is posted according to law, and all persons caught hunting or trespassing will be prosecuted.

Paddy Lann.

Notice.

No hunting will be allowed on my ranch or pastures. Am pasturing several thousand head of big steers for other parties and our mutual agreement was there is to be no hunting allowed. All previous permits verbal or written are hereby revoked. The laws regarding fire hunting, especially last year, were flagrantly and brutally violated in many instances by parties killing old does and hauling them out to their camps several miles off, heads cut off and meat taken probably two hundred miles away. I offer \$100 reward to anyone convicted for hunting with fire lights on my premises.

J. M. Dobie.
