Lions To Rankin Friday Night For Third Road Game

Always Tough Devils, Undeclared So Far This Season

The Ozona Lions will travel to Rankin this weekend to meet the always tough Red Devils in the third straight week of road play.

After dropping a tough 8 to 6 decision to a Fort Stockton club which was much better than expected, the Lions had little trouble in beating a pretty good Stanton team 31 to 6 last week.

Recent years have found Rankin one of the real tough teams the Lions play each year, and this year's edition of the Red Devils may be one of the better teams Rankin has had in recent years.

Last year the Lions handed the Red Devils their worst licking in years in administering a 41 to 0 whitewash on the young Red Devil team.

The decisive nature of last year's game came as a result of a potent Lions air game. The Red Devils had scouted the Lions very well and had a tough defense prepared for the thrusts of Jake Young and Bobby Sutton but Lion Quarterback Stan Williams fired three scoring passes to Jerry Jacobs and Johnny Jones hit David Sikes in the end zone for a fourth score.

Coach Fred Hickman was very unhappy over the Lions passing game last week and sent his charges through a long drill to sharpen up their game Monday.

Poor blocking both in the line and in the backfield was part of the trouble, but not all of the wild shots fired could be blamed on hard rushing linemen.

If the Lion air game was off, the running game was really on, as the Lions ran up a whopping 351 yards rushing and time after time overcame penalties to reach their objectives.

Stanton Swamped Under Balanced Attack By Lions

Fine Ground Game Is Launched For 31-6 Win Friday

The Ozona Lions launched a balanced attack on the ground last Friday night as they ran to a 31 to 6 win over a scrappy band of Stanton Buffaloes.

Bobby Sutton and David Sikes each counted two touchdowns and fullback Billy Bob Holden one as the Lions were never threatened after scoring the first time they got their hands on the ball in the first quarter.

Ozona won the toss and elected to receive at the south end facing a stiff north breeze. Even though the moon shown brightly at times, the threat of rain was present all through the contest with thunder storms visible in at least three directions.

David Sikes took the kickoff and the Lions found themselves in business on the 26 yard line. On the first play Sikes faked to Sutton and gave the Soph Jim Freeman and the Lions almost went all the way with the safety man getting Freeman from behind after a 22 yard gainer.

Sutton took a run to his right, threatened to pass and went 25 yards behind good blocking and the Lions on their way.

A number of high school boys and a number of men have expressed an interest in formation of a gun club, Mr. Hinrichs said, and as many as are interested are invited to attend the meeting tonight to learn more details.

Cold Front Sweeps Through To Halt Rain; Temperature Dips to 48

The first feel of winter came to Ozona this week as a cold front dropped temperatures to the chilly level of 48 degrees Tuesday night.

Passage of the front brought light rain early Wednesday morning but skies began clearing during the morning and at least a temporary end to the bountiful rains which have been falling the past two months seemed at hand while the front lingers.

One of the heaviest falls of the period was registered in Ozona Friday morning when a total of 2.5 inches was registered here. The rains continued through Monday at intervals to add moisture to the already well soaked range country promising a feed-free winter for stockmen.

**Junior High Cubs Trim Menard 30-20; In Del Rio Tonight**

By Roy Killingsworth

The Ozona Junior High Cubs won another game in Menard last Thursday night with the final outcome never in doubt but the final score was 30 to 20 in favor of Ozona.

The first team of boys ran up the score to 30 to nothing in the second quarter and turned the game over to the seventh grade boys. They were unable to stop the larger boys of Menard but before the game was over they had them slowed to a walk.

Ozona kicked to open the game and Menard failed to gain, kicked to Carl Montgomery who returned the ball from the 50 to Menard's 15. After two penalties of 15 yards each Bill Semmler broke over right guard and went untouched for a score from 45 yards out, but another penalty set the ball back 15 yards more. After an exchange of punts Ozona again found themselves with the ball on the 40 and Bill Semmler took the ball on the identical play that he used before to score from 40 yards out. The play this time stood up and the Cubs were on their way.

To open the second quarter Floyd Danley scored from 2 yards out after the ball had been moved down field by Phillip Carnes and Carl Montgomery, with a pass or two mixed in. Following this touchdown Carl Montgomery kicked to the 10 with no return. After failing to gain even one yard a punt was taken by Phillip Carnes on his 30 and returned for a score. The next time the Cubs had the ball Carnes passed to end Rudy Martinez for another TD good for 40 yards.

This ended the scoring for the night for the Cubs with five boys from Ozona scoring 6 points each, Carnes, Semmler, Danley and end Martinez on touchdowns and Montgomery, on three extra point conversions. The other end, Van Miller, almost had a touchdown carrying the ball to the two yard line on a pass reception good for 20 yards. Penalties killed this scoring opportunity.

At this point Coach Womack inserted his seventh grade boys who gave a good account of themselves after the second time Menard had the ball. It took Menard 6½ minutes to score their final touchdown against 7th graders.

Here are a few figures that might interest you in regard to the Cub defense. In the game with Junction... the boys from Junction ran 31 plays against the Cubs gaining 31 yards from the line of scrimmage and losing 58 with one first down. The boys from Menard ran only 20 plays against the first string boys and gained 20 yards while losing 29 yards and not a first down. So against the first team that has scored 62 points Menard and Junction ran 51 plays and gained 51 yards and lost 87 yards for a net loss of 36 yards and only one first down.

Thursday night of this week, Oct. 2, the Cubs will be in Del Rio for their game with the junior high there. We will then be able to tell whether the Cubs are pretty good or whether the opposition has been weak. See you there.

Mr. and Mrs. T. L. Nelson, Sr., of Bisbee, Ariz., and daughter, Mrs. Joe Diffie of Douglas, Ariz., were in Ozona recently. Mr. Nelson brought his mohair clip to the Ozona Wool & Mohair Co. They were on their way to Eldorado, Texas, to visit their son and daughter-in-law, Mr. and Mrs. Lee Nelson and boys. They also visited Mr. and Mrs. Jake Nelson in Uvalde and other friends in Reagan Wells.

**Stanton —**

(Continued from Page One)

Holden, Freeman and Sutton battered the ball to the one and Sikes sneaked over on the first play from the TD. Counting the penalties the drive had covered 109 yards, 74 by the record.

The Lions lost little time getting things set for the next score as they took over on their own forty following a Stanton kick late in the first period.

Freeman, Sikes, and Holden, picked up good yardage as the Lions moved down field, but another fifteen yard setback seemingly had set the drive back for good, when Sutton exploded up the middle and went 29 yards to set the ball on the Staton 10.

From the ten it took just one play as Holden crashed over guard spun off of a couple of would-be tacklers and went into the end zone.

The Lions had one more score coming before the half and in order to get this one set up, the Lions secondary grabbed off its second interception of the night and one of three the Lions managed in the game.

Dwane Thompson faded back to pass, was rushed hard by Joe McMullan and threw into his own left flat. Bobby Sutton captured the ball and ran it back to the Buffalo 35 before getting pulled down.

Holden got seven, Freeman got three and the first down, and Sikes sent Sutton for five more, picked up five on a sweep himself and called Holden for four more to the 11. Here, everybody, including the officials, got mixed up, Sikes swing wide and could have gone all the way but apparently thought the five yard line was the goal and cut back only to be dropped on the marker. One official signaled a touchdown and after some consultation it was noted that the ball was on the five rather than the goal. Sutton solved this difficulty by going over on the next play just as the half ended.

Following the half the Lions lost little time getting set for the next score as Stanton, finding itself unable to move, kicked to the Lions with the ball rolling dead about the Lion 37. Holden picked up 8 and Freeman added 2 and the first down before Sikes faked to Holden and ranged wide to his left and went 53 yards for the score.

The Lions were penalized on the extra point try and failed to score two on a pass.

One of the strangest plays of the year got the Lions in position for their second score in the third quarter. Stanton got a good run back on the kickoff following the score and then attempted to go into the air on a running pass. Sutton deflected the ball toward the middle of the field and Williams came up with the loose pig hide and returned it to the Stanton 30.

One first down later, Bobby Sutton found a huge hole, poured on the speed and scored standing up.

That wound up the Lions scoring activities and just about ended their possession of the ball as the home team got under way and put its only marker on the scoreboard.

The Lions had almost let the Buffaloes get away on the kickoff before but on the last try the Stanton's fleet back, Buzzy Brewer, broke loose and raced to the Lion 35 before Sutton overtook him from behind.

Grinding out short yardage the Buffaloes finally scored with Thompson going over on a keeper.

The Buffaloes rapidly regained control of the ball on were hammering away at Ozona reserves as the contest ended.

The Lions chalked up 14 first downs to 8 for the Buffaloes. Five of the Stanton first downs came in the final period.

For Ozona the Lion backfield showed very well under its new plan to attack. Sutton was the leading ground gainer for the night, picking up 126 yards on less than half of his usual number of carries. Holden was next with 96 and Sikes added 49. The big difference, however, was at right halfback where Jim Freeman and Tony Parker managed to pick up 80 yards.

The Lions went into the air on six occasions and failed to complete one, while Stanton went aloft 4 times, completed one for 16 yards and had the other three intercepted.

Buzzy Brewer, the workhorse of the Buffalo attack picked up 58 yards to lead the Stanton attack which netted 103 yards rushing and 16 passing for a total of 124.

Stanton kicked five times for an average of 29.6 yards per try while Ozona kicked just once and that one went 35 yards.

## EDITOR'S CORNER

By Becky Davidson

"I'm not selfish!" Of course you are selfish; you are rearing your child to be a disagreeable, self-centered individual. Perhaps you were deprived of average advantages when you were a child and now want everything for your loved one. This pampering is making him feel superior to his playmates, thus gradually building up to the point of total snobbery.

Quite the contrary should be stressed in child training. Teach him to have a high regard for the rights and particularly the feelings of others, understanding of persons outside the circle of family and close friends, acts of unselfishness where the child makes an actual sacrifice, and respect for all races and creeds and the opinions of others.

Wasn't it Chesterton who once remarked that it made such a great difference down which chimney we happened to be dropped? An important point is to make the child understand that his advantages do not come to him as an inheritance but as a gift. In that respect, he is merely lucky.

Children are born self-centered. If the theory "You can't teach an old dog new tricks" is true, then something should be done early in the child's life. Stop pushing your selfishness onto the innocent shoulders of a child!

### YAKITY—YAK

Victory, Victory! That's our cry! This is what everyone was saying after the game Friday night. There were some very happy faces. It was a good game and the boys played hard. We hope all of the rest are victories.

It seems as if some Senior boy has lost his ring. Can you imagine anyone losing his ring this soon? Perhaps it is around some girl's neck. Oh, Well, I guess that is as good a place as any!

Saturday some of the girls turned "cowboy" and headed for Diane's ranch. They were June, Camille, Anne, Frances, Susie, Diane, and Marilee. It was an "Adios" party for Dale. The girls decided to go swimming on their horses and found the water a little cold. They really looked great in Diane's daddy's clothes.

Some of the people coming back from Stanton took the wrong turn and ended upon a dirt road. If you want to hear the story, you can ask Barbara B. Wayne Albers, Margo, Anne, or Marilee.

Tommy Stokes and two friends Arnie and Barbara from Sonora, were out on the town Saturday night. They seemed to be having a good time. How about it, Tommy?

Linda Millsbaugh took a trip to Junction. She went to a wedding and reported it was very pretty. We missed you, Linda, but I am sure you had a nice trip.

The twirlers are really worried about this week's show. It seems they are having trouble remembering whether to pick up their batons, firebatons or Hula Hoops. Welp, good luck, girl. Do a good job!

Saturday morning, very early, Johnny C., Tommy S., Johnny J., Joe F., and Buddy I. traveled over Sonora way, to see a rodeo. When they came back, we couldn't understand why they were so un-

happy. It seems as though the rodeo fans and riders were there but there wasn't anything to ride — oh, well, better luck next time.

We sure do miss Marilee and Buddy Dale. They left Monday morning for the big city. We sure do hope they will be happy in Houston and that they will come back to see us real soon!!!

Saturday night is really the big date night. Seen at the shows by our busy spies were: Pam and Johnny, Judy and Bob C., Anne and Tony, Molly Sue and Bob M., Becky and Diz, and Jerry and Gwynel. Sunday night Bobby and Camille, Judy and Tommy S., Sandra and Joe Toe, Molly Sue and Bob.

Alleane honored Marilee with a last day coke party Sunday afternoon. All the girls were invited to come by and say bye and talk over good times.

Have some hot news? Tell a member of the staff to include it in next week's Yak.

## TO THE LION BACKERS

By Camille Adams

We, who are students in Ozona High School are very proud of our football team. They are a bunch of pretty good old boys, besides being able to play football!

Each Friday before the game there is a pep rally. Pep rallies are for several purposes: the pep band gets to play, the twirlers have a chance to twirl, the "rah-rah girls" read yells. But most important they are to boost school spirit and let the boys know that we are behind them. We would like to see all of the Lion boosters at these pep rallies too. From now on we will expect everyone in town to come. Just look on the stop sign, for when the pep rally will be

## BEHIND THE BANDSTAND

By Sally Baggett

Those nice itchy wool uniforms came in handy Friday night in Stanton. It rained. But the show must go on! We marched — in the rain. That's when we were glad to have those uniforms, nothing could soak through those things.

We have already started on possible concert numbers.

There are a lot of new members this year to take the place of last year seniors and the ones who dropped out this year. They are going themselves right, too.

The Trading Post gave the five Hula-Hoops! We will use them in Rankin and here when we play Sanderson. Thanks a lot to Mr. Collett.

This week we are using the "Mardi Gras" for our half-time show. The twirlers are going to use fire batons, flags, hula hoops, and regular routine. The cheerleaders will assist them by handing them their equipment and lighting their batons.

Come watch the Lions beat the Rankin Red Devils and the band burn the place up.

## SEEN AROUND O. H. S.

By Barbara Barbee

We have a new coach and teacher around O. H. S. His name is Coach Brooks Dozier.

Coach Dozier graduated from Howard-Payne College at Brownwood in 1951. He has a B. S. degree in Science and is working on his masters degree.

Coach Dozier teaches Algebra I and assists in football.

We hope that Mr. and Mrs. Dozier and children enjoy living in Ozona. Incidentally, Coach, we hear that Terry Hickman honored you with the nickname Exbrook. How much closer can you get to Ozona?

## HUTS AND HUDDLES

By J. Jacobs

Have you ever wondered what goes on in the huddle of the Ozona Lions football team? One with inexperienced ears would be very lost, I'm afraid. The very first huddle of the game is very orderly and quiet. The play is called and run very nicely. After that first play — "So-and-so did this but didn't block."

We can run this play. Etc., etc., etc." The band is blowing, people are hollering, the other team is yelling and the quarter back is screaming. These are all pleasant sounds that come to the ear during the 20-25 seconds we stay in a huddle. When we break the huddle, no one knows any more than they did when they got in. This, however, does not mean we don't run the play correctly. The superb intelligence and keen sixth sense of the football player tells what play is to be run. When the play doesn't work, all rush back to put in their seventeen bits worth and some-

times words are used. I will speak no further about that.

"Thuty-three on three" — What is that? Oh, it's just our signal caller using his secret code. Only established Lion veterans can understand it.

How does the team do any good, you ask? It's just something that makes a football team. If you think we're bad, you should have heard those Stanton boys. Man!

## F. F. A. SWEETHEART

Each year the Future Farmers of American elect a sweetheart. She represents them at district contest, going on to regional if she wins. The honor this year is bestowed upon Camille Adams, daughter of Mrs. Clay Adams. Camille is a junior this year, and we see her on Fridays leading yells and backing the Lions. The student council wants to thank everyone for their help and co-operation on Freshmen Day.

Everyone was well behaved and there were no mishaps this year except a few deflated tires.

Last spring the Future Farmers elected their 58'-59' chapter officers. The meetings will be presided over by Jimmy Williams. His vice-president is Pierce Miller. The secretary's job is done by Kenneth Deland. The treasurer is Joe McMullan. Leslie Deland is the parliamentarian. Bob Cooke is the reporter.

**CHORAL CLUB**  
By Jan Pridemore

The Choral Club met last Monday and officers were elected. Becky Davidson was elected president by acclamation. Our vice president is Alleane Young. Roberta Johnigan is secretary-treasurer. Jan Pridemore is Choral Club pianist.

Mr. Homer Hopkins, high school Algebra teacher, is to be our director. He sang in his high school choral club and later in the army. Incidentally, Mr. Hopkins mentioned he could listen to Tennessee Ernie Ford and the Top Twenty on the Ford Show all day.

The Choral Club will sing a Christmas program, a spring program, and for graduation exercises. It was said that we might sing for assembly once in a while.

At the end of the meeting, Mr. Hopkins divided us in three groups. We sang two rounds.

Twenty-seven members were present. We hope to have more members, especially boys. If you'd like to sing, join us in the auditorium on Mondays and Thursdays during activity period.

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Oct. 3, 1929

W. F. Whitley, field representative of the Southwest Sewer Co. of Dallas, is here this week to start the work of signing up the necessary number of patrons of the local sewer system to insure its installation. At least 100 pre-construction signups must be secured.

Superior generalship displayed by Quarterback Woodrow Wilson, a line that held like a brick wall against onslaught of superior weight and a bunch of hard hitting and fast running backs accounted for the closely contested victory of the Ozona High School Lions over a team from Rankin on the local grid Friday afternoon. It was a one-touchdown triumph for the Lions.

Growing sentiment on the part of Crockett county people for good roads found expression here this week when two petitions appeared on the street, one asking a bond issue to pave the Ozona-Sonora road to the county line and the other for paving the Barnhart road to the county line. Both petitions were withdrawn, however, on the advise of State Highway Department engineers pending a survey of the proposed routes by department engineers and the outcome of efforts to get the north-south route designed.

Mrs. E. R. Kinser suffered a broken leg Tuesday when she fell from her horse while riding on the ranch some sixty miles from Ozona. She was brought here and taken immediately to San Angelo for further treatment.

Registered Hereford cattle owned by Joe T. Davidson of Ozona and fresh from Crockett county ranges, swept the cattle show at Abilene last week, taking seven first places, three seconds, two thirds and a junior and grand championship.

The old Roger Dudley home is in process of being torn down to make way for construction of a new home on the same site.

Setting an average price of 46 cents for adult hair and 56 cents

for kid hair, three Boston buyers acquired six million pounds of Texas mohair during the week, while producers over the southwest protested the inadequacy of the price.

Ozona is to have another recreation club soon. Buzzy Stokes of Sonora, operator of a club there, and Jack Sharp of Ozona have leased the Adams building, until recently occupied by the Ozona Laundry, and will establish a club in these quarters.

Mr. and Mrs. Marbury Morrison and Mr. and Mrs. T. A. Kincaid, Jr., moved into their new duplex, rebuilt from the old Kincaid apartments.

Miss Beth Davidson left Sunday to enroll at Draughon's Business College in Abilene.

"All seats are full and all rooms are full of seats." This was the laconic statement this week of John L. Bishop, superintendent of schools, describing the crowded

conditions existing in Ozona school as a result of the sharp increase in enrollment this year. A total of 455 pupils have been enrolled in the schools of the county to date, the superintendent announced.

### HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford

Texas Press Association

AUSTIN, Texas — Through the summer campaigns "economy in government" were words that rustled about as harmlessly as an evening breeze.

But with the approach of winter and down-to-the-lick-log budget-making time, the same words have the cutting edge of a blue norther.

Gov. Price Daniel stuck a pin in any last rosy hopes that "things might not be too bad." He sent back the money requests made by heads of state departments for 1959-61, saying they were "wholly unrealistic."

Governor Daniel had been the last major hold-out against predictions of a major money crisis. Other state officials had been crying doom and foreseeing a shortage of up to \$140,000,000 for months. Governor Daniel took note of these predictions in asking department heads to re-examine their budgets, eliminating any non-essential items. A deadline of Oct. 8 was set for the new requests.

As originally submitted, the requests would require a \$272,000,000 increase in spending.

"I think and hope this decline in state revenues is a temporary condition," said the governor, "but a realistic approach . . . requires that 1960-61 requests should not exceed the 1958-59 level unless absolutely essential."

**Deficit Soon** — A further glum note was the state comptroller's forecast that the general revenue fund would run dry in October. And it probably won't be a

temporary thing, according to Comptroller Robert S. Calvert. Almost every spring the state has a seasonal shortage just before the April deadline for franchise tax paying.

Calvert said this deficit may continue until September, 1959, and bring a return of some of the squeezes of the 1930's. During those years state employes had to pay a discount of from one to five per cent to cash their pay checks since the banks that cashed them had to hold them for some time waiting for the state to get the money to make them good.

Calvert said the general revenue fund began the state fiscal in September with a \$13,000,000 balance. This is not a very big kitty for the government's billion-dollar-a-year operation.

**Hard Decision** — Education Commissioner J. W. Edgar is the man in the middle on the controversy over accepting federal aid for Texas schools.

Dr. Edgar has until the end of this week to decide whether to recommend to the State Board of Education that Texas participate in a new federal school aid plan. This program, prompted by national defense concerns, is designed to help step up training of mathematicians, scientists and teachers.

Edgar's decision must be made in the light of the recent recommendation by the Hale-Aikin Committee, a group of influential citizens and lawmakers, that the state stop taking some federal funds it is already getting — for school lunches and vocational training.

On the other hand, Sen. Ralph Yarborough, a Congressional sponsor of the new aid plan, is strongly urging that Texas take advantage of it. Others who agree declare that to stay out would mean Texas school would lose millions—some of it paid in by Texas tax-

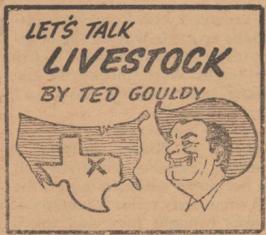

payers.

**Short Snorts** — Two good-paying state jobs are standing vacant. They are for an \$11,500 program examiner and a \$10,000 finance examiner for the Commission on Higher Education. But the Commission director says the salaries are less than terrific for the type men needed . . . Not since 1889 have there been so many cotton rats and mice loose in Texas, says the State Health Department. What's worse, the upcoming cold weather may cause many to enter homes in search of food . . . Texas Employment Commission reports that 8,817 Texans were involved in work stoppages over the state as of Sept. 1. Most of the strikes involved construction work.

Cattle and calves were generally steady to strong at Fort Worth as stocker buyers were numerous and aggressive and shippers and independent packers also set a fast pace. There was some ineffective lower bids offered on the early rounds but these bidders were quick to surrender or go empty-handed.

Good and choice slaughter steers and yearlings sold from \$25 to \$27 and medium and lower grades

sealed from \$18 to \$24. Fat cows drew \$19 to \$21.50 and canners and cutters sold for \$13 to \$19. Bulls brought \$18 to \$22.50.

Good to choice slaughter calves ranged from \$24.50 to \$27.50 and common and medium sorts drew \$19 to \$24. Culls sold from \$15 to \$19. Medium and good stocker steer calves cashed at \$27 to \$33 and light weight stocker yearlings scaled from \$31 downward. Feeder steers sold from \$22 to \$26, a load of strictly good feeders weighing 803 pounds from Les Ringo of Gordon at the \$26 top. Heifer calves sold mostly from \$29 downward, a few lightweights above that range.

#### Sheep and Lambs Steady Goats Fully Steady

Sheep and lambs sold steady at Fort Worth Monday and several lots of goats also commanded firm prices. Good and choice fat lambs cashed at \$20 to \$22, some woolskins at \$21. Top prices were paid

for No. 1 pelt lambs. Cull to medium lambs sold from \$14 to \$19. Stocker and feeder lambs sold mostly from \$19 to \$21, a few higher. Slaughter ewes from \$7 to \$8. Aged slaughter bucks sold for \$6 to 6.50. Goats ranged from \$6 on hard canners, up to \$8 for fat wethers.

### Amendment Proposing Annual Sessions Of The Legislature Would Cost Taxpayers Huge Sum & Accomplish Nothing, Contends Sen. Hardeman

By Dorsey B. Hardeman  
State Senator, 25th District

The constitutional amendment (H. J. R. 1) proposing annual sessions of the Legislature, annual salaries of \$7,500, plus an unlimited per diem and unlimited "expenses for office", for each member, and authorizing living quarters in the Capitol building for the President of the Senate and the Speaker of the House, and their respective families, should be carefully considered in view of the following:

1. It would permit continuous sessions of the Legislature, which would not be good for either the members or the State.
2. It authorizes an unlimited per diem, in amount, to each member, in addition to the annual salary.
3. It authorizes unlimited "expenses of office", which might well include board and washing, transportation, publications, rent, secretarial help, clerk hire, stationery and supplies, telephone and telegraph, postage, etc., in amount and manner as determined by the Legislature, itself. (It is not unlikely that it would deal generously with itself — the only restraint being the "next election," provided there is a record vote.)
4. It is wholly unnecessary from the standpoint of either results contemplated or expenses involved.
5. It includes a provision relating to the occupancy of living quarters in the Capitol building, by certain officials, now determined by statute.
6. It appears to be in conflict with other provisions of the Constitution.
7. It is poorly written and, if adopted, will likely entail extensive litigation and require judicial interpretation.

I opposed the submission of the resolution in the 1957 session of the Legislature, and subsequent study has confirmed the soundness of my action.

Annual sessions neither assure a more accurate financial picture nor greater economy. The results of the Congress attest to this.

The absence of deficits, generally, in State spending, since appropriations in excess of cash and anticipated revenue have been prohibited, except in case of emergency, is ample justification of the present system. The loose language of the proposal leaves it doubtful whether this restraint would be applicable to appropriations made by the "Second Regular Session."

Also, it is doubtful whether appropriations at such session, for other than "the general operation of the State government," would be valid.

The "freezing" into the organic law of a provision authorizing the occupancy of a portion of the Capitol building as living quarters by the President of the Senate and

the Speaker of the House, and their respective families, is highly undesirable as to practice, as well as procedure. There is no more compelling reason for furnishings elaborately equipped, and expensively decorated, residence apartments in the Capitol building for these two officials, and their families, than for any number of others. The Capitol building was dedicated by Temple Houston to be "the habitation of the Government of Texas." Obviously, this did not include bedroom and kitchen privileges.

Since its provisions may not be voted upon separately, however desirable one or more features might be, which is rather doubtful, the amendment should be rejected.

Respectfully submitted  
Dorsey B. Hardeman  
State Senator - 25th Dist.  
San Angelo, Texas

### Ozona Couple Receive Master Degrees At UT

**MURDER ... is no picnic**

These sandwiches will never be eaten. A happy family — off on an outing — is now in a ditch, crushed, their car a smoking heap of metal.

Often, that's all it takes to bring death on the highway. And it can come to anyone... suddenly and brutally. It came to 40,000 Americans last year alone!

Why did it happen? Because some driver was watching the scenery, instead of the road ahead? Because someone was speeding?

This summer, drive as though your family's lives depended on it. They do!

**BACK THE ATTACK ON TRAFFIC ACCIDENTS**

Here's how you can help stop traffic tragedies:

- 1 Drive safely and courteously yourself. Observe speed limits and warning signs.  
Where traffic laws are obeyed, deaths go DOWN!
- 2 Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you.  
Where traffic laws are strictly enforced, deaths go DOWN!

### Lions To Rankin —

(Continued from page one)

consumed 109 yards including penalty yardage and included a four barreled running game that kept the defense off balance all the way.

The left halfback slot contributed 126 yards on by far its least number of carries this year, while the fullback had 96, the quarterback 64 (on running plays) and the right halfback slot 80.

Two Lions, Bobby Sutton and Billy Bob Holden, were in shorts during Monday's scrimmage but both are expected to be ready in a few days.

Jerry Jacobs took part in the Monday drill, catching several long gainers and barring further injury to his hand should be ready for a near all-out effort this weekend.

The Lion defense last week appeared solid throughout the early stages of the contest allowing Stanton only three first downs until the final quarter.

A very encouraging note was that the Lions intercepted three Stanton passes and allowed only one completion. B. B. Ingham and Diz Reeves did particularly well on defense but all down the line the Lions cracked with authority until the game was clinched.

Johnny Jones, the Lions injured quarterback, returned to action last week and even though not sharp gave promise of being ready in the very near future to get into action.

### Hillery Phillipps Find Ozona Less Exciting After Month's Tour Of 14 European Countries

Back from a month's tour of Europe, highlighted by visits to the World's Fair in Brussels, Vatican City, Monaco and the French Riviera and visits to ancient cities of the Old World, Mr. and Mrs. Hillery Phillipps are finding life back home a little more restful perhaps but much less exciting than their month of fabulous sight-seeing.

Mr. and Mrs. Phillipps and their son-in-law and daughter, Mr. and Mrs. John D. Hunnicutt, left Ozona in late June for a leisurely auto trip up the east coast to New York from where the Phillipps sailed July 2 on the Queen Mary bound for London, England. On the auto trip they visited such spots of historic interest as old Jamestown, Williamsburg, Mount Vernon and Washington, D. C. Mr. and Mrs. Hunnicutt returned to Ozona after seeing her parents off.

Arriving in London on July 7, the party on the tour visited fourteen different countries including England and Scotland, Norway, Sweden, Denmark, Holland, Belgium, Luxembourg, Switzerland, Germany, Austria, Italy and France, the latter country including a two day stay in the famous resort town of Cannes, and four days in Paris.

The Scandinavian countries were most interesting and beautiful, the Phillipps report, but were rather cold for a Texan just a few days out from Texas July weather. The Brussels fair they described as a fabulous array of exhibits and much too big to fully explore in the two days allotted. From there the tour went south through Luxembourg, Switzerland (the latter a most beautiful country with the most interesting houses, Mrs. Phillipps described it) to Germany, Austria, Italy and to France.

The party sailed for home from Scherborough, France, on Sept. 4 aboard the Queen Elizabeth for New York and from New York home by plane.
