

Bi-District Title To Lions On 15-8 Win Over Fabens

Favored Lions Had To Come From Behind To Down Wildcats

By Ernie Boyd

The Ozona Lions had to come from behind with a last quarter 66 yard drive and then break up a serious Fabens threat with a pass interception before they could eke out a 15 to 8 win and advance into regional play last Saturday afternoon.

The Lions by winning will face Plains in Big Spring Friday night at 7:30.

The Lions may have thought they were already in the regional playoffs and just going through the form of playing Fabens, or it may have been that Fabens was stronger than was first supposed, at any rate the Lions were outplayed much of the contest and came off second best in the statistics department.

Ozosa started as though they would run the westerners out of the stadium but as the goal line came closer the Wildcats abandoned their pass defense and halted the Ozona running game.

With Bobby Sutton and Jim Freeman leading the way, the Lions stormed back to the four yard line where they picked up a first down, but then the Lions ran three plays at Fabens' 240 pound right tackle and were stopped short of the goal line.

The Lions first score came as a bit of luck. Fabens had gained the wind and had a fine chance to kick out of danger but the snap from center was low and the rushed kicker booted the ball out of bounds on the Wildcat 11 yard line.

Sutton got nailed for a four yard loss on the first play, but picked up nine on the second try, and then crashed into the end zone for the score. Sutton kicked the extra point and the Lions were ahead 7 to 0.

Fabens showed signs of coming to life, and on the passing of Pat O'Donnell and the running of Jimmy Walters advanced the ball to the Ozona 29 before a fumble ended the drive.

Late in the second quarter the Lions seemed to wake up to the fact that no one was defending against passes and shot a short shot to Jim Doran on the Lion 30 and upon receipt of the ball he was in the clear for a touchdown but unfortunately after running twenty yards he dropped the ball and one of the men chasing the fleet Lion fell on the ball.

Ozosa FFA Chapter Wins In Concho Dist. Contests At Eldorado

Ozosa FFA Chapter teams brought back two first places, one second place, two third places and one fifth place in the Concho District contests held in Eldorado.

First place in both Senior and Junior chapter conducting, second place in junior farm skill, third in senior farm skill and in FFA quiz, and fifth in farm radio contest, were the places won by the Ozosa teams.

Winners of first place in the district contest will compete in the Area II contests to be in Big Spring. Area II is the largest area in the state and winners in the area competition will go to the state meet.

The Concho District is composed of FFA chapters in Big Lake, Garden City, Sterling City, Robert Lee, Bronte, Lake View, San Angelo, Wall, Eldorado and Ozosa.

The first place winning senior chapter conducting team is composed of Jim Williams, Deeney Holden, Kenneth Deland, Reid Holmsley, Weldon Day, Bob Cooke and Jim Doran.

The first place junior chapter conducting team includes Bill Jacoby, Jay Miller, Billy Troy Williams, Bobby Tabb, Charles Bingham, Billy Semmler and Frank Childress.

\$45,000 For Crockett Highway Improvement Allocated For 1959

The Texas Highway Department will spend \$45,000 for farm-to-market and ranch-to-market road betterment in Crockett County during 1959, D. C. Greer, State Highway Engineer, has announced.

At the November meeting of the Texas Highway Commission \$20 million was appropriated for improvements on 3,601.8 miles of existing farm-to-market roads in 187 counties. Not only surface and base strengthening but also bridge widening and replacement and shoulder improvement is included in the work which specific farm-to-market roads are scheduled to receive, Greer stated. This is in addition to the regular construction and maintenance program already programed for the counties concerned, the State Highway Engineer stated.

The following project is authorized in Crockett County:

Abundance Of Good Native Grass Seeds In Area Await Harvest

By R. V. Ketchum, S.C.S.

There is an abundance of native grass seed along the highways, in relic areas, and on the rangeland that is ready for harvesting. Those ranchmen, who contemplate doing some reseeding in the future, might do well to harvest this native grass seed. Commercial seed producers and jobbers are asking two to three dollars per pound for the better varieties of native grass seed, so anyone handstripping seed would be well compensated for his time.

Locally produced grass seed is superior to that produced elsewhere. Grass seed produced by our native grasses this fall should be of very high quality because of the adequate rainfall.

Native grasses have produced good results when seeded with introduced grasses on rootplowed areas, but have been used sparingly because of the high cost. On the experimental reseeding trials conducted by the county agent, the native varieties have proven to be superior to those varieties brought in from other areas. Sideoats grama gathered on Howard Draw, "greened-up" earlier in the spring and survived the winter. Varieties of sideoats grama introduced from Mexico and elsewhere died out the first winter.

Green strangletop, an excellent reseed, has produced a large amount of seed this fall which would be well worth gathering. Some other grasses that would be worth harvesting the seed are: sideoats grama, cane bluestem, Arizona cottontop, slender tridens, vinemesquite, hairy grama, plains bristlegrass and false switchgrass. There is no better grass seed to be bought at any price than that produced here in Crockett County.

The Soil Conservation District technicians are available to answer any questions concerning harvesting of native grass seed.

Miracle Of Pompeii Recounted By Speaker At Rotary Luncheon

Kenneth Parker, recently returned from a 17-months tour of duty in Europe with the U. S. Air Force, was guest speaker at the Ozona Rotary Club luncheon Tuesday.

Parker described a visit to the site of ancient Pompeii, a city of 20,000 which was buried under ash and molten lava from the historic eruption of Mt. Vesuvius in 39 AD. The buried city, with its 20,000 cremated and suffocated dead, remained hidden for 18 centuries until recent discoveries led to excavations on the site. To date approximately two-third of the city has been uncovered. Many of the buildings and even the murals on the walls remain in an almost perfect state of preservation, Parker told the Rotarians.

Annual Meet Of TS&GRA In Dallas Opens December 8

Outstanding Speakers To Discuss Industry At Convention

The Texas Sheep and Goat Raisers Association will hold its 43rd annual meeting in Dallas beginning Monday, December 8.

Advance registrations indicate more than 350 will attend the three-day meeting at Hotel Adolphus, T. A. Kincaid, Ozona, the state president, said.

Delegates will hear leading national authorities discuss physical measurements of wool and their relationship to wool value, range management, wool and mohair utilization and other recent developments in the industry.

Awards will be presented to state winners of the sheep and goat and wool and mohair contests.

All wool growers, regardless of membership, are invited to attend the convention sessions.

The Texas Sheep and Goat Raisers Association was organized in 1915 in Del Rio primarily to fight livestock theft.

However, it soon instigated research into methods of controlling diseases of sheep and goats.

The association brought about the founding of the Ranch Experiment Station near Sonora, which has proven invaluable to the industry.

It also was instrumental in bringing about establishment of the Forestry and Range Management School at Texas A&M College and the wool scouring plant in the Texas Agricultural Experiment Station.

Texas is still the nation's top wool producing state, although the number of animals is far down because of the recent drought.

The Texas Sheep and Goat Raisers Association has its headquarters in San Angelo.

Officers in addition to Kincaid include Lance Sears, Sweetwater, first vice president; L. M. Stephens, Lometa, second vice president, and Ernest Williams, San Angelo, executive secretary.

Holiday Decorations Is Garden Club Theme

Holiday decorations will be featured at the meeting of the Ozona Garden Club at the home of Mrs. V. I. Pierce on Wednesday, Dec. 3. Mrs. Joe Pierce will be assisting hostesses.

Each club member is requested to bring a Christmas decoration idea or example. Mrs. L. B. Cox, Jr., will speak on "Legends of Christmas Plants" and play recordings of Christmas music from other lands.

Mrs. J. A. Fussell spent the past week in Cisco visiting her aunt.

Rev. Bratton Speaker At Community Thanks Service At 10 Today

Rev. Morris Bratton, pastor of the Ozona Methodist Church, will be the speaker at the community Thanksgiving service at the Methodist church Thanksgiving morning at 10 o'clock. Rev. Bratton is pinch hitting for Rev. Alanson Brown of Sonora, rector of the Chapel of the Good Shepherd, Episcopal, Ozona. Rev. Brown is ill and will be unable to attend the service.

The community Thanksgiving service is sponsored by the First Baptist Church, the Methodist Church and the Chapel of the Good Shepherd. A community choir will sing for the service. Everybody is invited to attend.

Former Ozonan Makes Fine Record As Scout Leader at Hugo, Colo.

Four years as a scoutmaster at Hugo, Colo., paid off recently for Dock Lee, former Ozonan, son of Mrs. Pat Lee of Ozona, when five of his Scouts received the high-ranking Eagle Bronze Palm and four others received Eagles badges.

In an account of the Court of Honor at which the high awards were made, the Eastern Colorado Plainsman, published at Hugo, said of Scoutmaster Lee:

"Working untiringly with these Scouts to help them accomplish this honored goal is Dock Lee, Hugo's own scoutmaster, who was awarded two years ago the Scouter of the Year award for his accomplishments in the scouting field of this district. Scoutmaster for four years, Dock Lee was associated with the Cub Scouts for two years before becoming scoutmaster."

The paper recorded that it was 16 years ago the last time a Hugo Scout had received Eagle honors.

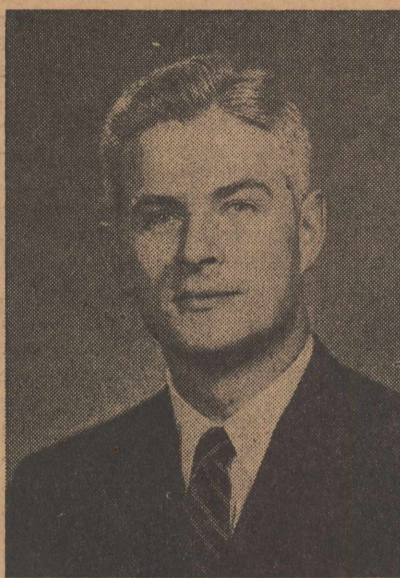

Clayton Ranch Gas Field Gets Fourth Producer

Half Mile West Extension Estimated 11 Million of Daily

Julkirk Corp. of Midland No. 1 Clayton Ranch, fourth producer and a 1/2-mile west extension to the Clayton Ranch (Ellenburger) gas field of Crockett County, 11 miles east of Ozona, was finalized for a calculated absolute open flow of 11,750,000 cubic feet of gas per day.

Production was through perforations between 8,670-90 feet and 8,710-58 feet. Gas-liquid ratio was 90.3-1. Gravity of the liquid was 60 degrees.

Location is 1,320 feet from the north line and 660 feet from the east line of 18-IJ-GC&SF.

Dr. Joseph D. Quillian

Annual Methodist Preaching Mission Begins December 7

Dr. Joseph D. Quillian, SMU Professor, To Be Series Speaker

Dr. Joseph D. Quillian, professor of homiletics at the Perkins School of Theology at Southern Methodist University, a Methodist minister of wide experience, a former college president, will do the preaching during the annual five-day preaching mission at the Ozona Methodist Church starting Sunday, December 7.

Rev. Morris Bratton, pastor, announced the preaching mission will begin with the morning service December 7 and continue with nightly services through Thursday evening, Dec. 11.

Monday morning at 6:30 a. m., there will be a laymen's breakfast for men of the church at which Dr. Quillian will speak and for the youth there will be noon luncheon meetings three days of the week, at 12 o'clock noon on Tuesday, Wednesday and Thursday. Preaching services each evening will begin at 7:30. The entire community is invited to the services.

Dr. Quillian is a native of Georgia, married and has four children. He was graduated with the B. A. degree from Piedmont College, Tennessee, in 1938, received his Bachelor of Divinity degree from Vanderbilt in 1941 and his Ph. D. from Yale University in Philosophical Ethics in 1951.

Dr. Quillian started his ministerial career as pastor of the Hillsboro, Circuit, Tennessee, in 1938. He later served as assistant pastor at West End Church in Nashville, Tenn., served as chaplain in the U. S. Navy from 1942 to 1946, was pastor of High Ridge Methodist Church in Stamford, Conn., from 1946 to 1950 and served as president of Martin College, Pulaske, Tenn., from 1950 to 1954 when he joined the faculty of Perkins School of Theology at SMU.

Big Spring Site For Plains-Ozosa Regional Fracas

Lions Rate Underdogs Against Powerful North Tex. Crew

By Ernie Boyd

The Ozona Lions will take on the Plains Cowboys in Big Spring Friday night at 7:30 for the regional football title and the right to advance in the state race.

The Lions emerged from the Fabens game without any serious injuries and expect David Sikes to be ready for duty this week.

Jerry Jacobs re-injured his knee in the Fabens game and is through for the season, not having played to any extent since the injury occurred in the first half of the Sanderson game.

The Lions will be two to three touchdown underdogs in the regional game with the powerful Plains team which has lost but one game this season.

Plains will not have the size that Fabens possessed but is reported to have better average size, and Ozosa scouting reports have indicated that the North Texas team has several tall talented ends and a quarterback who will throw the ball.

If the Lions were overconfident last week there is no reason for them to be so this week. Ozosa scouts felt that the Lions playing in top form could down the Plains team but after watching last weeks game were not so sure that the Lions would be able to swing the trick.

In selecting Big Spring as a site for the contest both teams had to change their original choices for the game. Plains wanted the contest in Odessa and Ozosa wanted to play in San Angelo so they compromised by playing in Big Spring after members of the Big Spring chamber of commerce met with the group and made offers to encourage the playing of the game there.

Plains scouts and school officials were in the stands for the Fabens game and met Ozosa officials in the Home Economics building at Ozona High school following the game.

Tickets for the contest are priced at \$1.50 and 75 cents and are not reserved since a great deal more space is available than the expected attendance.

The crowd for the Fabens game was disappointing and did not match the crowd present for the regular season game with McCamey early in the season. A number of business houses closed during the game but the crowd from out of town did not materialize.

Ozosa will start an offensive team that average 161 pounds and a defense that will weight about one pound more.

Starting for Ozosa on defense will be Albers and Freeman at ends, Ingham and Flannigan at tackles, Deland and Holden at guards and Dizzy Reeves line backer. The secondary will be made up of Bob Meinecke, Jim Williams, Bobby Sutton and Johnny Jones.

On offense Doran and Williams at ends, Cooper and Flannigan at tackles, Porter and Deland at guards, Ingham at center, at quarterback Sikes or Jones, and at halves Sutton and Freeman and at fullback Holden.

BROTHERS SWAP BUSINESSES

The Williams brothers, Jack and Joe, traded businesses the past week. Jack, who has been operating the Flying W Lodge at the east edge of Ozona, sold the motel to Joe and Joe sold his livestock and ranching interest to Jack. Dick Webster, former local maintenance man for the General Telephone Co., has accepted the post as manager of the motel.

Mr. and Mrs. Ted M. White will have as guests at the ranch this week Mr. White's brother John White, and Dr. Neal Foster, head of the department of education at Texas Western College, El Paso. They plan to get in some deer hunting over the week-end.

CHAMPION MAKERS? These five pretty cheer leaders have contributed their all to the Ozona Lions' march to a bi-district championship with their whole hearted support of the team from the sidelines. The beauties with the big voices are, left to right, Frances Childress, head cheer leader, Camille Adams, Diane Phillips, June Bunker and Susie Chandler.

Miss Sarah Hicks, daughter of Mr. and Mrs. Lindsey Hicks of Ozona, was among University of Texas students listed on the Dean's honor list for the first period at the University of Texas. Miss Hicks and other students on the Dean's list were honored by the Mortar Board at a coffee. Dr. John R. Silber, a member of the U. T. faculty, spoke at the coffee on the subject, "The University Student of the First Class." Miss Hicks is a Junior in the University.

OUTER SPACE, it now appears, will be responsibility of the UN. At least its 81 nation Political Committee is reported to have accepted a definite commitment to have the UN set up a permanent outer space agency. Earlier demands were merely for a study of the limitless void.

This may be a good idea. Outer space should be easier to run than this cock-eyed world — and we'll still have to take the chance that the UN will want to run both.

Emergency Met But Gonzales Center Still In Need Of More Funds

Money raised during the emergency campaign for the Texas Rehabilitation Center of the Gonzales Warm Springs Foundation now totals \$115,323, according to an official statement released November 21.

Walter Richter, executive director of the Foundation said, "The emergency drive has been moderately successful and has enabled us to keep our doors open. We have been able to meet our payrolls, pay operating expenses and continue to offer our services to physically disabled Texans."

"Even though our situation is still critical, we have been heartened by a fine response from individuals, companies, churches, private organizations and, of course, organized labor. We hope for their continuing support as we enter the second phase of our campaign... the development of a long-range, state-wide organization which will provide the funds necessary to operate", Richter commented.

The Center, first rehabilitation hospital in Texas to be accredited by the Committee on Accreditation of the United States and Canada, specializes in comprehensive treatment for arthritis, strokes, spinal cord injuries, cerebral palsy, muscular dystrophy, multiple sclerosis, polio, brain damage and other physically handicapping diseases and injuries. It is non-profit and non-sectarian and treats both adults and children regardless of their ability to pay.

Skyriders, Inc. Offer Aerial Spray Service For Weed Control

Ranchmen of Crockett and the surrounding area are being offered a new local aerial spraying service for the control of bitterweed and other noxious weeds and mesquite and other brush.

Skyriders, Inc., aviation service owned by Dick Henderson, Ozona ranchman and operator of the municipal airport north of the city, has inaugurated the spray service on a commercial basis. The com-

pany proposes to spray a heavy mixture of 2-4-5-T, the weed killing hormone, at a special introductory rate of \$2 per acre, the regular rate later to be \$2.25 per acre.

The service has resulted from experiments Henderson has been making on his own ranch land north of the city. Demonstration plots have been sprayed on the ranch for bitterweed and mesquite control, the hormone acting also as a grass stimulant. Persons interested in the spray work are invited to inspect the result at the Henderson ranch.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Nov. 28, 1929

A group of officers, directors and members of the National Wool Growers Assn. and the newly formed National Wool Marketing Assn., organized at the Wool Growers 65th annual meeting in San Angelo last week, and a number of Ozona people were guests of Mr. and Mrs. T. A. Kincaid at a luncheon at the Hotel Ozona Saturday as the final gesture of hospitality from West Texas for the wool growers before they departed for their homes in other states.

One of the most brilliant social affairs of the season was a tea given here Thursday afternoon by Mrs. Paul Perner to honor her daughter, Miss Pauline Perner, whose engagement to Marshall Earl Montgomery was announced.

The proposed street oiling project in Ozona has been abandoned by the Ozona Lions Club and the club's energies will be devoted to an effort to secure passage of the \$375,000 road bond issue on which the people of Crockett County will vote on Saturday, Dec. 21.

The 1929 class of candidates for the Scottish Rite Mansry degrees and Shrine at the Reunion and Ceremonial held in San Antonio last week was named the

Stephen E. Couch class in honor of the late Ozona man who was the father of Masonry in Ozona, who held a high post in the Grand Lodge of Texas and who was slated for higher honors at the 1929 reunion, honors which death in an airplane accident at Marfa on Oct. 4 denied him.

Faith in the ultimate success of Crockett county good roads boosters in their efforts to pass the bond issue for paving of the two principal highways through the county has inspired the people of Sutton county to meet this county on Highway 290 at the county line. A petition for an election on a bond issue in that county will be circulated in the next few days.

Boyd Clayton, Pecos county ranchman and former Ozonan, was seriously injured Sunday night when a car which he was driving collided with another car 20 miles east of Fort Stockton. The driver of the other car, a McCamey man, was also seriously hurt.

R. L. Hatton, plumber and sheet metal worker, formerly with the Joe Oberkampf store here, will shortly open a business of his own here. Mr. Hatton will erect a building on the lot just west of his home to house the new business.

The Ozona Lions, Coach Lewis' 1929 grid squad, finished the season with a 25-7 win over the El-dorado Eagles.

Miss Katherine Baggett, a student at Southwestern University, Georgetown, is spending the

EDITOR'S CORNER

By Becky Davidson

Thanksgiving is a time that Americans choose to pause and think about their blessings. Perhaps one is thankful for his big car and his beautiful new home. Another is grateful for the meager meal on his table and for his wonderful family.

We need to say "Thanks!" more often — for the small things as well as the large ones. Let every day of the year be your thanksgiving day.

The members of the Lions' Roar staff wish to take this opportunity to wish you a most happy Thanksgiving Day.

FRESHMAN CLASS NEWS

Dee Woodall, our class president, moved Saturday to Tatum, New Mexico. At our last class meeting we elected a new vice-president, Jan Pridemore. Darrell Rasberry, former vice-president, will take over the office of president.

We surely will miss Dee, and we hope she will come back to visit us. Good luck in your new school, Dee!

MONEY

Fathers earn it,
Students burn it,
Mothers lend it,
Coeds spend it,

GO! LIONS! GO!

By Sandra Whitaker

V-I-C-T-O-R-Y!!! This was the Lions' cry Saturday afternoon as they won the bi-district championship from the district 7-A champs, Fabens. The Lions played a very hard game and managed to come out on top of the Wildcats 15-8.

It was a very interesting and exciting game with Ozona scoring first to thrill the Ozona fans. When the score became 8-7 in favor of Fabens, though, there were moments of despair among the patrons. But our "never-say-die" Lions came through in the final period to raise that score to a victorious seven point lead!

The Lions will travel to Big Spring Friday, and there they will battle Plains at 7:30 that night. This will be a game everyone will want to see, for if the Lions win, they will have a place in the State quarter-finals. Let's all go to Big Spring Friday and back our Lions all the way to State!!!

THANKS!

The O. H. S. students give their thanks to the Lions' fans who have made this football season such a great success! It seems to add spirit and pep to the pep rallies when you are present. We appreciate the fact the townspeople will come and join in the sport as much, if not more, than anyone.

Let's follow our Lions to Regional and on to State!

STUDENT COUNCIL NEWS

By Sally Baggett

The Student Council sponsored the parade before the game Saturday. They gave a prize for the best decorated car and bicycle. The winner of the car division was Sally Baggett and bicycle division, was Jan Jacobs. The prizes, a can of candy, were awarded in assembly Wednesday morning.

The Student Council is selling Cashew Nut Brittle for one dollar a can. They are on sale at North Grocery, and any student council member will be glad to sell you one.

MOST POPULAR ELECTION

Ozona High School is very honored in presenting two outstanding students voted most popular this past week.

Susie Chandler, daughter of Mr. and Mrs. Early Chandler, adds this honor to her list. Susie was elected sophomore class favorite, F. F. A. Chapter Sweetheart '57-58, 4-H Sweetheart 58-59. She has been Secretary-treasurer for her class the past two years, as well as this year. As many have seen and known, she is also a "Rah-Rah Girl" who has boosted the good spirits of the Lions to many victories. Miss Chandler is a Junior this year.

Jerry Jacobs, son of Mr. and Mrs. Paul Jacobs, is a proud Senior this year. Jerry is very athletic; playing on the 'A' football team, 'A' basketball ball team, and track team. He is president of the Senior class, as he has been the past two years, and was Junior class favorite last year. It is Jerry whom we look for to keep the ball rolling with his humor!

WELCOME BACK, MISS MARGE!

We wish to welcome you back Mrs. McMullan, and we hope you have recovered from your illness. "Miss Marge" has been ill and in the hospital. We missed you when you were gone and are glad that you are back.

SPELUNKERS PLAN TRIP

By Mills Tandy

Members of the Ozona Grotto of the National Speleological Society and the University of Texas Speleological Society plan a joint caving expedition into the Glass Mountains in Western Texas over the Thanksgiving holidays. Two or three days will be spent in the mountains exploring a cave rumored to be four hundred feet deep. The cavers look forward to a very exciting trip. If they all don't freeze before they get back to Ozona, perhaps we'll see some pictures of their monstrous new cavern next week.

WE THANK THEE

For flowers so beautiful and sweet,
For friends and clothes and food to eat,
For precious hours, for work and play,
We thank Thee this Thanksgiving Day.

For Father's care and Mother's love,
For the blue sky and clouds above,
For springtime and autumn gay,
We thank Thee this Thanksgiving Day.

For all Thy gifts so good and fair,
Bestowed so freely everywhere,
Give us graceful hearts we pray,
To thank Thee, this Thanksgiving Day.

— Contributed by Pam Jones.

YAKITY - YAK

What is the talk all about in the halls? The big game Friday in Big Spring with Plains and not much else is heard. Congratulations, Lions, on a very fine job Saturday!! We'll all be backing you to State!

The North Elementary was the scene of the Thanksgiving dance Saturday night given by the Freshmen. It looked very pretty and all who were there enjoyed themselves thoroughly. A skit "Tom Dooley" was given and dedicated especially to the cheerleaders. Wonder why?

Strange faces — new faces — familiar faces? Yes, we had several visitors and exes here for the game and dance. From over Fort Stockton way were Wayne Albers cousins, Beverly and Marsha Wilson. With them was Brenda Douglas, a former member of O. H. S. Diz's cousin, Ronnie Reeves, was here from Lamesa. Ray Robison, also a former Ozonan, was here from Marfa.

Exes home were Gwynel Walker,

Erby Chandler, Carl Conklin, Wanda McCaleb, and Rod Franklin. With Gwynel was Carolyn Epperson, a good friend of hers, and visiting Erby was Bill Mullins, also a former Ozonan.

What's this about the "lawn mower" running over Anne D.? No — you are mistaken. She had her hair cut and looks real cute with it short. It's very nice, Anne, but do your ears get cold?

Billy Bob and Mike seem to have tagged Coach Cleere with the title of "deerslayers." There could be two reasons for this name. You figure it out or ask one of the boys!

Tony P. is flapping around with a "dislocated wing." We hope you are fit as a fiddle before long, Tony. For those of you who don't know, he was injured in the game Saturday.

When speaking of exes, I neglected to mention one of the most important — Mr. Hatley. We were all very glad to see him again. He should come back to see us more often.

Mark Twain's Story

OF THE

READING SPIDER

During Mark Twain's days as a newspaperman, he was editor of a small Missouri newspaper. One day he got a letter from a subscriber, stating that he had found a spider in his newspaper and asked if this was an omen of good luck or bad luck.

Twain wrote: "Finding a spider in your newspaper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

You will find no spider webs across the doors of the merchants who advertise in your local newspaper.

BUST 'EM, LIONS!

CHUCKLE CORNER

Boy: Mom, I was in a fight today.

Mother: What happened, son?
Boy: A naughty boy called me a sissy.

Mother: And what did you do, dear?

Boy: I hit him with my purse!

Mother: Bobby, why do you persist in coming to the table with dirty hands? You know I always send you to wash them.

Bobby: Yes, but once you forgot.

In an essay on "Things I Am Thankful For," a little boy listed his eyeglasses. "They keep the boys from fighting me," he wrote, "and the girls from kissing me."

"For months," said the gadabout, "I couldn't discover where my husband spent his evenings."

"And then what happened?" asked her friend.

"Well", she answered, "one evening I went home and there he was!"

A cowboy rushed out of a saloon, took a running jump and landed in the gutter.

"What's the matter, fella?" asked an old gent. "Did they kick you out or are you just plain crazy?"

"Neither," muttered the cowhand between clenched teeth. "But I sure would like to lay my hands on the so-and-so who moved my horse."

Stranger: How much is that prize Jersey heifer of yours worth?

Farmer, after a moments' thought: Are you a tax assessor, or has she been killed by a train?

THOUGHT FOR THE WEEK

You better live your best and act your best and think your best today; for today is the sure preparation for tomorrow and all the other tomorrows that follow.

Austin, Texas — Higher pay for legislators is an issue that's buried, but not dead.

Voters buried it under a two-to-one avalanche of disapproval when it was submitted as a constitutional amendment Nov. 4. But already there is talk of trying again.

It is being discussed both by those who supported "Amendment One" and those who fought hardest against it. Sen. Dorsey Hardeman of San Angelo, leading spokesman for the opposition, has indicated he may submit a pay raise plan of his own next session. Hardeman attacked the recent proposal, not on the principle of better pay for lawmakers, but on the grounds that the amendment was a muddled conglomeration of too many things.

State AFL-CIO, which worked for Amendment One, is plugging for re-submission of the annual pay question. AFL-CIO headquarters officials sent a letter to legis-

Hard of hearing aided by secret that science got from animals!

Nature has endowed the donkey and other animals with a unique ability man doesn't possess—the ability to coordinate sight and hearing—to point his ears directly toward what he wants to hear as he looks at it, in order to hear it better.

Now, through an exclusive "invisible ear" ingeniously hidden within the front frame of an attractive pair of eyeglasses, Otarion makes it possible for you also to coordinate sight and hearing. As you turn naturally to face the sound, it goes directly into the "invisible ear." You hear better—faster—easier.

This amazing new eyeglass hearing aid with the "invisible ear" challenges detection. It has no cords, no buttons, no ear molds. A tiny almost invisible tube leads to the ear. You can now end the confusion caused by annoying unwanted noises because the new Otarion Listener is the only hearing aid in the world to give you the superior benefit of direct frontal hearing.

Do not confuse this with any other eyeglass hearing aid. It is a completely new scientific achievement—exclusive with Otarion.

Otarion Listener, inventor of the world's first eyeglass hearing aid, will be happy to send you, without cost or obligation, the complete fascinating story of this amazing new scientific achievement.

lators expressing regret that the amendment did not pass and placing the blame on labor's favorite targets — business lobbyists and newspapers.

Whatever the merits of the case, a lot of people in the state agencies in Austin are glum about the prospect of facing a disgruntled, pinch-penny Legislature next year. With the general revenue fund in the red, there's bound to be an effort to cut expenses. In addition, state employees fear, there'll be a feeling among lawmakers that "If we can work for peanuts, so can you."

Mechanics License Law — Next Legislature will be asked to decide whether to require auto mechanics to have a license before monkeying around under the hood of your car.

Texas-Independent Garagemen's Association has voted to work for such a law.

Under the association's proposal, all independent auto repair shops, all authorized car dealers' shops and all mechanics would be examined and licensed under a state board. Purpose, say the garagemen, is to protect the public from those who pad bills and do little, if anything, for cars.

No Harm In A Still — Court of Criminal Appeals insists the evidence has to be 100 proof to convict a man of manufacturing an "illicit beverage."

Appeals Court threw out the conviction of a Lamar County man who had pled guilty to a charge of "possessing a still to manufacture intoxicating liquor."

Majority opinion said, in effect, that the law prohibits possession of a still to make "illicit beverages," but that illicit beverages and "intoxicating beverages" are not necessarily the same.

**Want To Increase the Carrying
Capacity of Your Ranch ?**

**THEN CONSIDER BITTERWEED AND MESQUITE
CONTROL BY AERIAL SPRAYING**

Wouldn't you rather double the carrying capacity of your own ranch than lease more acreage? That's what you can do with weed and brush control.

We are equipped to do aerial spraying on contract basis and are now booking acreage for Spring 1959 control work.

We use 1/2 pound 2-4-5-T hormone to the acre. It not only controls weeds and brush but acts as a grass stimulant. We invite you to compare this rate of application with others and we invite your inspection of results on the Dick Henderson ranch north of Ozona.

Bookings are now being taken for minimum of 100 acre application at an introductory price of \$2.00 per acre. The regular price will be \$2.25 per acre. For further details see:

Bi-District Title --

(Continued from page one)

The Lions gained the wind again in the third quarter and Freeman picked up yardage to the Wildcat 15.

Jerry Jacobs, who has been out since the Sanderson game, came in, apparently to catch a pass, but the Lions sent Jerry by himself into the end zone on three plays but failed to cash in on the opportunity to throw him a touchdown pass.

The Wildcats, who had apparently expected to lose, found new heart in the Lions' failure and proceeded to launch an 85-yard scoring drive against the wind that was a thing of beauty to watch. O'Donnell mixed his passing with some clever running and ball handling that had the Lions on the ropes when Tony DeAnda plunged over from the one for the first score.

Jimmy Walters took a handoff and fled around right end for the two points to send the Wildcats ahead for the first time 8 to 7.

Holden took the kickoff and raced back to the Lion 34 and from there the Lions regained the lead. On the first play Sutton fired a long pass to injured Jacobs who beautifully took the ball away from the defender and then hobbled to the 15 before being pulled down. The play was rubbed out, however, as Ozona had a back in motion and drew a five-yard penalty.

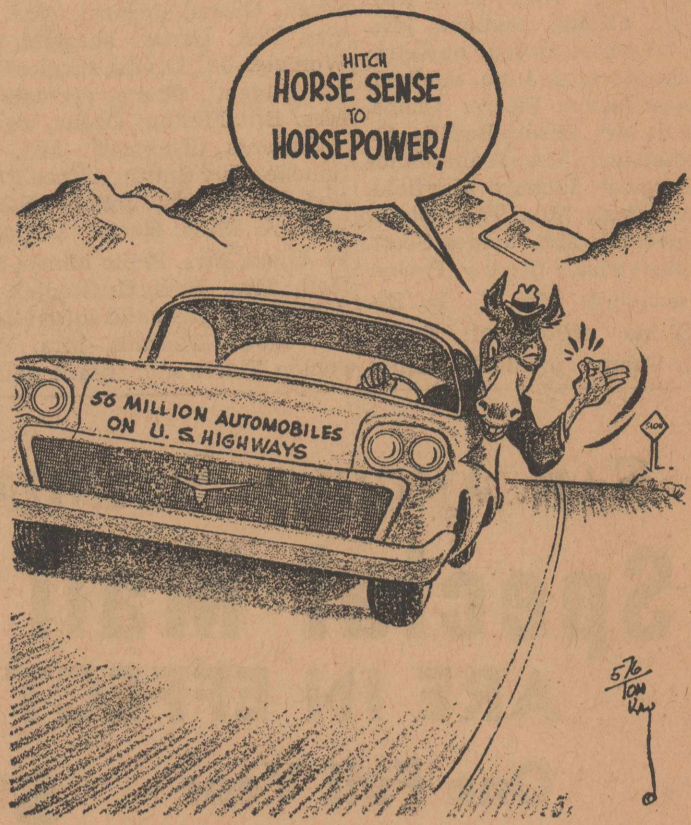

Sutton exploded through guard for 8 yards and Freeman tacked on five for a first down. Sutton then took a pitch out and raced 34 yards to the Wildcat 22 before being forced out of bounds.

Sutton went straight ahead for five, and then banged the same spot for four more before Holden powered over the middle for the game winning score.

Sutton hit right guard for the two points and the days scoring was over even though no one knew it.

Fabens, fired up with its fine showing, still had time to win, and launched a drive sparked by the passing of O'Donnell and the receiving of six foot five inch Gary Herrick that carried to the Lion

ten before it ran into trouble.

At the 10 Fabens was caught in an illegal procedure and moved back to the 15. Walters was hit hard and lost two when he tried right end and then Billy Bob Holden hauled in O'Donnell's pass to end the game as far as Fabens was concerned. The Lions ground out the clock and won their first bi-district title since 1944.

Bobby Sutton was the game's leading ball carrier with 165 yards on 24 carries. He was followed by Jimmy Walters of Fabens who had 83 yards on 18 trips and Tony DeAnda who picked up 72 yards on 12 tries. Jimmy Freeman had 35 yards on four efforts and Billy Bob Holden had 34 on 11 runs.

In all, the Lions ran for a total of 196 yards and the almost not used air arm had 20 more for a total of 216. Fabens had 166 yards rushing and picked up 97 more passing for a total of 263.

The Wildcats held the edge in first downs 13 to 12 but lost in the two most vital departments, score and penetrations, the latter coming out 5 to 2 in favor of the Lions.

Angelo Sports Writer Nominates Sutton For All-State Grid Honors

Fred Graham, sports writer for the San Angelo Standard-Times, has placed in nomination for all-state honors Ozona's versatile senior half-back Bobby Sutton, the spark plug of the district and bi-district champion Lions and leading ground gainer and scorer in District 8A.

Graham named Sutton, along with three other area players he considers outstanding all-state contenders in Class A and AA in this area, Graham's comments follow:

"It's time to forget the high school playoffs long enough to think about all-state nominations.

"This writer will submit area representatives for the Class AA and A mythical teams. Four backs pop quickly to mind for nomination — Jerry Candler of Ballinger, Dan Gandy of Brady, Bobby Sutton of Ozona, and Pat Keller of Mason.

"All four are likely to receive state-wide recognition — half-back Candler and fullback Gandy on the AA squad and halfback Sutton and fullback Keller on the Class A list.

"What a rock 'n roll quartet this would be! With this foursome a coach would have to devise a new formation and line the stars side by side behind the center. That way the center could alternate snapping the ball to each of them.

"The coach wouldn't have to worry about a passing quarterback either. Halfbacks Candler and Sutton are excellent slingers.

"The fact that their teams made the state playoffs will add pull to the names of Gandy, Sutton, and

Keller. And Candler received honorable mention last season as a junior with a non-district winner, so he will gain votes.

"There will be other area players nominated of course. But the above should be the best bets

MONEY IS SAVED FOR A SUNNY DAY

Today, the modern version is save, not for a rainy day necessarily, but more likely for a sunny one — for a trip or something needed to enjoy our new leisure.

But not long ago, such plans often ran afoul when illness struck, especially if the head of the family was the victim. The prospect of economic hardship while nursing him through a long convalescence often cancelled out previous savings.

Today, thanks to the millions being spent by medical schools and the drug industry, research has produced drugs which bring people back to health more quickly than ever before in man's history. Diseases that were formerly disabling for weeks now clear up in days and many are rarely seen at all any more. A sudden infection or emergency surgery seldom raises the spectre of fear and financial loss of former days.

The cost of modern medicines is small indeed compared to the loss of earned income so common when illnesses lingered on. That is why a prescription from your doctor is like a deposit in the bank . . . it usually means security for the future and money saved for a sunny day.

THIS IS THE ONE FOR WAGONS! 1959 CHEVY

Chevrolet's five stunning new station wagons for '59 are shaped to the new American taste with fresh, fine Slimline design. And they're beautifully practical —with roomier, quieter Bodies by Fisher, an even smoother ride, new ease of handling!

Wagons were never more beautiful or dutiful. From low-set headlights to wing-shaped tailgate, these '59 Chevys are as sweet looking as anything on wheels. They're just about the handiest things on wheels, too—from their overhead-curving windshield to their longer, wider load platform. Besides additional cargo space, you also get added seating room (4 inches more in front; over 3 inches in back). And you'll find such other practical advantages as new easy-ratio steer-

ing, Safety Plate Glass all around, bigger, safer brakes, smoother-than-ever Full Coil suspension and a roll-down rear window (electrically operated as standard equipment on the 9-passenger Kingswood). Your dealer's waiting now with all the details on why this year—more than ever—Chevy's the one for wagons.
