END OF THE TRAIL has been reached by this pair of marauding coyotes, still alive when photographed in the traps of Pancho (Gato) Vela, but soon to be made into "good" coyotes. Vela snared the pair of coyotes, one a male and the other female, on the J. W. Henderson Mogul ranch west of Ozona both the same night, only two days after discovering a coyote track in the area. Pancho Gato has been trapping in the area west of Ozona for twelve years covering some 200 sections of land and working for nine different ranch operators.

Trapper Pancho Vela Sets His Traps Over 200 Sections Of Crockett Ranch Land But He Rarely Catches a Coyote, Especially Two In One Night

The coyote, once fairly plentiful in this area but a rare sight in this sheep country for a couple of decades, still puts in an occasional appearance.

Always a wily creature, the coyote has often been the despair of anything but the most experienced trappers. A pair of the creatures, a male and female, met up with a trapper wise in the ways of coyote, and most any other wild thing, and the result was they ended up on the end of a steel chain, the object of curious humans when they were briefly displayed in Ozona a few days ago by Trapper Pancho Vela.

The coyotes were caught on the J. W. Henderson Mogul ranch west of Ozona the same night, in traps baited with dirt from a dog pen. After showing his rare catch in town, "Pancho Gato" as he is known among friends, for his prowess in catching bobcats dispatched the pair of marauders.

Vela has been trapping in the Howard Draw area of west central Crockett county, working for nine ranchmen and covering some 200 sections of ranchland, since 1949. Nobody has kept an accurate count of the bobcats, foxes, coons, coyotes, panthers and other predators Pancho has snared in that dozen years but for one ranchman he caught 23 cats, two of them females with three unborn kits each, in three trapping seasons. He estimates he has caught 75 bobcats along Howard in the twelve years.

Woman's Club To Observe Guest Day

Blakley Leads, Tower Close 2nd In Crockett Vote

Senatorial Race Brings Out Only One-Third Of County Vote

Interim Senator William A. Blakley, Dallas millionaire business man and rancher, held the edge, with John G. Tower, Wichita Falls college professor, a close second among Crockett county voters who cast their ballots in the special election Tuesday to name a U. S. Senator to succeed Vice President Lyndon B. Johnson.

Blakley led the ticket with 134 votes to 108 for Tower, who last November polled over 900,000 votes as a Republican candidate running against Johnson for the Senate post.

Attorney General Will Wilson mustered 43 votes, Rep. Jim Wright of Fort Worth got 32, Henry B. Gonzales of San Antonio polled 22 and Maury Maverick of San Antonio was the choice of only 7 Crockett voters. Four votes were scattered among the 65 also-rans on the local ballot. One went to Albert Ray Smith of Maverick county, one to Joyce J. Bradshaw, of Dimmit county one to Homer H. Stalarow of Dallas, and one to Ben M. Johnson of Harris county.

A total of 358 votes were cast in Crockett county, approximately one third of the county's voting strength.

The statewide vote count to yesterday indicated that John G. Tower and William A. Blakley would battle it out for the almost-six-year term as U. S. Senator in a run-off election next month.

Sister Of Ozonans Buried In Santone

Wool Incentive Pay Applications To Be Readied This Month

March 31 was the final day of the 1960-61 wool marketing year under the National Wool Act and applications for incentive payment on wools marketed during the year ending March 31 are now being received at the local ASC office.

Since April 30, final day on which applications for payment could be received, this year falls on Sunday, ranchers who put off such filing until the last minute will have an extra day of grace, the applications to be received through May 1, Claude Russell, office manager, announced this week.

In order to minimize the rush at the ASC office preparing payment applications, ranchers are urged to file their sale documents as soon as possible after the close of the marketing period.

Incentive payments for shorn wool and sale of unshorn lambs during the marketing year from April 1, 1960, through March 31, 1961, will be determined on the basis of the difference between the national average received for wool and the support price, fixed by the USDA at 62 cents per pound. Payment will be a percentage of the total amount the grower received for all wools sold during the year.

Applications for payment are now being prepared in the local ASC office and growers will be advised when their application are ready to be signed.

Strain Bros. Get Contract For New Segment Iraan Road

A contract for 1.3 mile of construction on R. M. 1980 in Pecos & Crockett Counties has been awarded to a San Angelo firm, it was announced in Austin this week by the State Highway Commission.

Strain Brothers, Inc. submitted the low bid of \$72,487 on the project. Grading, structures, base and surface from S. H. 349 in Iraan, to 0.08 mile east of Pecos River is expected to take 90 working days, according to Archie J. Sherrod District Highway Engineer at Odessa.

Jack V. Valentine, Jr., Resident Engineer at McCamey will be in active charge of the project while it is under construction.

OZONA TO HOST DISTRICT TRACK AND FIELD MEET AT LIONS STADIUM SATURDAY

By Ernie Boyd

One of the most closely contested district track meets in a number of years loomed as a possibility this week as the running of the district 8-A meet in Ozona Saturday approached.

Sonora, Eldorado, Junction, and Ozona each loom as strong contenders on the basis of recent showings and Big Lake who has been very shy this season showed signs of coming to life in San Angelo last week.

Ozona will be seeking additional points from boys who have not been scoring this year Saturday and if they do not come through, the chances of Ozona repeating as district champ for the third straight year seem slim.

Sonora, with a large stable of athlete, will be favored to cop the title but both Junction and Eldorado could come in for the flag if they can win their strong events.

Sonora, since winning the Ozona meet easily in the year has steadily gained strength in the running events but on the dark side of the ledger, many Ozona and Eldorado boys have displaced the Broncos in the field events.

Sonora has fine distance runners and is heavily favored to win points in the low hurdles, the 440 relay, and the broad jump along with heavy wins in the mile, the 880, and the mile relay.

Eldorado has come along very strongly and with Jim Runge a fine 440 man the Eagles will be favored to win that event, as well as picking up points in the high hurdles, the 220, the mile and 880 and gaining a first place in the shot with Mike Jureck.

Junction has fine pole vaulters and may win the first three places in that event. The golden Eagles have beaten the Ozona 440 team on several occasions this season and the winner between the two in this event could determine the chances either have of winning the meet.

In Willis the Junction team has a runner able to score in the 100 and the 220 and here once again the way Junction runs will be largely determined by the way their unheralded men can garner the fourth, fifth and sixth places which may determine the winner.

Big Lake has not had much beyond Mike Holmes, one of the district's best sprinters, entered in most of its meets this year but the Owls indicated at San Angelo last week that they have more than they have been showing and this week all the cards will be on the table.

Coach Chick Womack reported this week that his squad was in better shape than has been the case for several weeks and aside from the loss for the year with a pulled muscle of Freddy Dobbs.

The Senior class will have a barbecue dinner at the field Saturday for those interested in attending the meet.

Unopposed Candidates For School Board Win Approval From Voters

The three candidates whose names were on the ballot for the three places to be filled on the district board of school trustees in last Saturday's election, were whisked into office by solid margins in the light voting of the day.

Incumbent board members, Bill Carson, president, and Glenn Sutton, were re-elected for another two-year term on the board, Sutton with 86 votes and 82 for Carson. Taylor Deaton, recruited as a candidate when Joe Williams declined to seek re-election, was the choice or 83 voters.

Write-in votes went for four other persons, four each for Fred Hagelstein and R. H. Knox and one each for Mrs. R. A. Harrell and Mrs. P. L. Childress.

Hillery Phillips for Precinct 1 and Wayne W. West, at large, were re-elected to the county board on the same ballot.

OZONA AF PISTOL TEAM — Competing with 16 teams at the Oklahoma City Air Defense Sector pistol match held on March 21-22 at Oklahoma City, Oklahoma, the pistol team of the 732nd Aircraft Control and Warning Squadron, Ozona Air Force Station, shot a score of 1587 out of a possible 2400. Team members, left to right, standing, are: Airman Second Class William E. Stone, Staff Sergeant Ronald J. Henning, Airman First Class Alejandro Ortega; kneeling: Staff Sergeant Richard Baker, and Master Sergeant Fred E. Calkins.

MRS. WILLIAM MURPHEY BLACK
... was Tommy Sue Chandler

Tommy Sue Chandler, William Black Married In Methodist Church Ceremony

Miss Tommy Sue Chandler, daughter of Mr. and Mrs. Earle H. Chandler, became the bride of William Murphey Black, son of Mr. and Mrs. Charles S. Black, in a ceremony Friday afternoon in the Ozona Methodist Church, the Rev. Morris H. Bratton, pastor, officiating.

Mrs. L. B. Cox, III, presented

pre-nuptial organ music and played the traditional wedding marches.

The bride wore a Galina original gown of pure silk organza over de-lustered satin, fashioned with low scooped neckline of French embroidered Alencon lace with tiny pearl seed trim.

The bell-shaped skirt had elong-

ated back bodice, slightly poufed with triple tier and adorned with large fabric roses. The skirt terminated into a chapel length train. Her head dress was a crown of rhinestone and seedpearls, veil and a double tier pouf, elbow length.

She also wore a strand of pearls, gift of the bridegroom and carried a colonial bouquet of white roses and lily of the valley.

Miss Sarah Chandler, cousin of the bride of San Angelo was maid of honor, with brides-maids, Miss Gracie Chandler, bride's sister, Miss Judy Black, bridegroom's sister, Miss Frances Childress and Miss June Bunger, all of Ozona.

Junior brides-maid was Esther Williams, bride's cousin, of Ozona.

Erby Chandler, bride's brother was best man, with groomsmen, Brock Jones, Joe Clayton, Jr., all of Ozona, Clark Wood Jr., of Slaton and Jerry Springer of Snyder.

Fred Chandler, bride's brother, and Gene Williams, Jr., bride's cousin were candlelighters.

A reception was held in Fellowship hall of the church. The couple will reside on the Black ranch north of Ozona.

Both Mr. and Mrs. Black are graduates of Ozona High School and attended Texas Christian University.

The bride is a granddaughter of Mrs. Tom Smith of Ozona and Mrs. F. H. Chandler of Stephenville. Mr. Black is the grandson of Mr. and Mrs. William Murphey of Fort Worth.

Two Gas Strikes Wildcat Spotted In Western Crockett Co.

H. B. Herring No. 1-B Bouscaren, depleted producer in the Noelke (3,565-foot Clearfork) field of Crockett County, eight miles southeast of Iraan, has been re-completed as a Tubb dry gas discovery.

It was finaled for a calculated, absolute open flow of 2.7 million cubic feet of gas per day through perforations between 3,580 - 630 feet.

Original completion was Jan. 6, 1954, by Ledge Petroleum Co. as the No. 1-B Bouscaren as the second well in the Noelke 3565 feet, gauging 141.51 barrels of 34.4 gravity oil, no water, through a 1/2-inch choke and perforations between 3,612 1/2 - 3,628 feet.

Location is 2,173 feet from the south and 618 feet from the west lines of 29-GG-HE&WT.

The field also produces gas from

the Soma sand at 2,100 feet.

A Yates gas discovery was indicated in the Olson multipay field of Crockett County with the flowing of gas at the daily rate of 1 million cubic feet on a drillstem test at Plymouth Oil Co., Midland, No. 13-00 Noelke Livestock Co., in 10-GC-T&NO, 16 miles southeast of Iraan and one mile south of Soma gas production.

Gas surfaced in three minutes, flowing the above gauge, on a one-hour test taken between 1,203-1,3 hour test taken between 1,203-1,345 feet.

No shows were recovered on cores cut between 1,197-1,248 feet

and 1,203-1,345 feet.

Spero T. Constantine, Midland, will drill a 2,000-foot cable tool wildcat in Crockett County, 5 1/2 miles southeast of Sheffield and four miles southeast of the Halff field. It is the No. 1 H. L. Blair.

Location is 330 feet from the west line and 3,000 feet from the north lines of 41-1-I&GN.

**A NOTE TO OUR
NON-CATHOLIC NEIGHBORS**

Catholics and non-Catholics, as a rule, get along right well together. Our families live amicably next door to each other and often become lifetime friends. Our sons fight side by side on battlefield. We work together in the same shops and factories and we play together.

But in religion — where this close association does not exist — there is often a regrettable lack of understanding and a corresponding absence of good-will. Many people, for instance, have all sorts of false ideas about Catholics and the Catholic Church. They actually believe that Catholics worship statues, that many sordid things happen behind convent walls — that Catholics do not believe in the Bible or that Catholics practice superstitions.

If you wish to know the truth about the Catholic Church and her teachings, write for a free pamphlet explaining Catholic teachings. Write to: Home Study Center, P. O. Box 5644, Amarillo, Texas.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, April 7, 1932

Mayde Jo Bailey, daughter of Mr. and Mrs. Albert Bailey, former Crockett Co. residents now ranching in Pecos county near Sheffield won first place in junior declamation in the Pecos county Interscholastic League meet in Iraan last Saturday.

Suit of the Crockett County School Board against Anderson Construction Co. and their bondsmen on Ozona's newly completed \$170,000 high school building, in which the board seeks to clear up all outstanding claims and settle finally with the contractor and the bonding company, occupied the district court's attention here this week.

Little interest was shown in the election of school trustees here Saturday, only about 45 votes being cast. Re-elected to another term were Scott Peters, Welton Bunker, Tom Smith and Rob Miller.

The home of Mrs. Ira Carson was the scene of meeting of the Ozona Woman's Club Tuesday afternoon in which the senior club sponsored organization of the Ozona junior woman's club. Thirty one charter members were enrolled for membership in the new

club. Track teams from six West Texas towns are expected to be here this week to take part in the first invitational track and field meet to be held under direction of the athletic department of Ozona High School. The meet will be divided into junior and senior classes.

Mrs. Jack Brewer of San Angelo is visiting her parents, Mr. and Mrs. W. E. Crowder.

Seventy-four percent of all state, county and school taxes due in Crockett county have been collected reports from the office of Sheriff W. S. Willis indicated this week. This collection percentage is considered high in the face of present economic conditions.

Ozona will entertain the 1933 Sixth District Conference of the Parent-Teachers Association, to be held next Spring. Selection of Ozona as the 1933 Conference city was decided at the closing session of the District conference last week in San Angelo. Delegates from Ozona PTA attending the Conference were Mrs. W. A. Kay, Mrs. Joe Pierce, Jr., and Mrs. Welton Bunker. Mrs. Kay was elected fourth vice president of the district.

The newly improved and beautiful Powell Athletic field will receive its baptism of fire next Sunday afternoon when the Ozona Giants meet a team from Big Lake in the season's opener. Manager Sam Cox and his crew have been busy all week getting the field and players into shape for the

opening. Mr. and Mrs. Tot Grimmer are the parents of a daughter born March 25.

FIFTH SIX-WEEKS IS TURNING POINT

This six weeks may well be the last time some O. H. S. seniors will take 6-weeks test. Some will be exempt from the final examination and this will be the last tests they will take. Some, because of these, may not be exempt from the final examinations.

Therefore all seniors should do the best they can on the 6 week's test this 5th 6 weeks so they will not have to take the finals because if they don't do well, their grades on the final may not be enough to pass them and they would not be able to graduate.

Also all seniors should do the best they can on their term research papers because these will count as about one-half of their grade for the last six weeks.

As a last reminder: these two could mean the difference between graduation and no graduation.

MICKEY CERVANTEZ IS SENIOR OF WEEK

Micaela Cervantez, known in O. H. S. as Mickey, was born July 19, 1943, in Ozona.

Mickey has attended school in Ozona for 12 years.

She takes bookkeeping, shorthand and typing, along with other subjects, to prepare herself to be a secretary.

Mickey plans to attend college but has not decided which one yet.

She belongs to the Templo Bautista Jerusalem Church.

Mickey has 2 sisters and 1 brother and is the daughter of Mr. and Mrs. Santos L. Cervantez, Jr.

If you have any goats in a pasture near town you had better pen them up. The seniors will be having a barbeque this week-end at the district track meet and they will be in search of goats. A plate will be \$1.00 and will be served at noon.

Pleas Childress, Bob Childress, Judy Black, and Nancy Friend went to the Rocksprings barn dance Friday night. From all reports everyone had a fine time except for its being zero degrees in the wool house where it was held.

Congratulations! to all our boys who attended the San Angelo Relays over the holiday. They came home with the first place trophy and many pretty medals.

Mark Baggett doesn't seem to be able to tell which end of a car to jack up when he has a flat. He had a flat on the front tire and jacked up the rear.

"AYER" STAFF CONDUCTS FAVORITE ELECTION

Notes From The County Agent's Office

By Pete W. Jacoby

Research shows value of performance testing of rams in work carried on at the Sonora Experiment Station over a period of years. Lamb and wool producers face a challenge to maintain their position in a competitive economy. One way they can meet this challenge is by increasing their productive efficiency through continued improvement of breeding flocks. Selection is the only method yet demonstrated that will bring about this improvement.

Recent work by the Texas Experiment Station has shown selection is most effective when accurate production records, especially on rams, are used as a supplement to the current practice of selecting animals by visual appraisal. Visual selection is useful for length and quality of wool and for face covering and skin folds, but undue emphasis on these characteristics can result in the sacrifice of others. Selection should be made with proportionate emphasis placed on each character, and not with excessive emphasis on any one trait.

A new publication contains valuable information on performance testing and outlines suggested procedures for testing ram lambs. These procedures are: select the most promising ram lambs at weaning and put them on post-weaning performance tests; identify each animal, shear and weigh,

place the rams on good range or pasture of self-feed in drylot; weigh the rams periodically to determine the rate of gain; shear, a second time at the next regular shearing; score the animals and dispose of the low performers.

Persons desiring more information on performance testing may contact the county agents office and ask for MP-467, "Performance Testing of Rams as an Aid in the Improvement of Fine-wool Sheep."

OZONA LIONS CLUB

ARE YOU A MEMBER OF THE A. P. P. "Always Pay Promptly" SOCIETY?

Our member merchants are sponsors of this organization, and would like to welcome each one of you into its membership.

The initial letters — A. P. P. — represent the only requirement for membership — there are no further dues — no further obligation — only as the slogan states — "Always Pays Promptly."

Monday is the 10th of the month — the regular day for induction into this most worthwhile and important organization. Only those who maintain the standard of always paying promptly, are eligible for membership.

If you are not a member, wouldn't you like to become one? Go in Monday to your local merchants and tell them you would like to become affiliated with this group, and then qualify by paying your bills promptly.

It is a distinct pleasure to invite the motoring public to visit our showrooms for an unusually fine display of the luxurious Cadillac motor cars. We are confident you will feel, as we do, that the automobile which Cadillac designers have created for 1961 is beyond question the finest ever built. We are especially pleased

that for this occasion we will have on exhibit certain superb Cadillac models which you might not ordinarily have an opportunity to see. While you are here, we will be happy to arrange a demonstration drive at a time convenient to you, and to explain how very easily you can become the owner of a 1961 Cadillac.

Wanda McCaleb And Otto Knudson, Jr. Are Wed In Thursday Evening Ceremony

Miss Wanda McCaleb, daughter of Mr. and Mrs. L. A. McCaleb, became the bride of Otto Knudson Jr., son of Mr. and Mrs. Otto Knudson, Sr., of Meridian, Texas, at 8:00 Thursday evening at the First Baptist Church in Ozona.

The double ring ceremony was performed by the Rev. Harry Trulove, pastor. Tall candelabras holding white tapers and decorated with greenery formed the background and flanking the arch on either side were large baskets of white flowers.

The bride, given in marriage by her father, wore a princess style white satin dress with chantilly lace bodice extending into narrow panels of lace alternating with panels of permanently pleated nylon tulle. Pleated tulle edged the neckline and short sleeves. The bouffant skirt extended into a modified train. She wore a lace headpiece accented with sweetheart pearls, with fingertip veil of nylon tulle. Her bouquet was a white colonial cascade.

Mrs. Bobby Halydier of Ozona was matron of honor. Miss Helen

McCaleb, sister of the bride, was bridesmaid. They wore identical dresses of mint green brocaded taffeta and carried colonial bouquets of yellow Dutch Iris.

Miss Jan Pridemore, organist, played pre-nuptial music and accompanied Mrs. Harry Trulove who sang, "Because," "I Love You Truly" and "The Lord's Prayer."

Attending the groom as best man was Gordon Carlson of Crane, cousin of the groom, and groomsman was David Tyssen of Meridian. Ushers were Mildred Carlson of Odessa, cousin of the groom, and Donald McCaleb, brother of the bride.

A reception was held in the fellowship hall of the church following the ceremony. Guest were greeted by Mrs. Ivy Mayfield. Assisting the wedding party in receiving were the bride's parents and groom's parents.

Cake was served by Miss Gwynne Walker and Mrs. Pleas Childress. Lunch was served by Miss Genelle Childress and Miss Mary Lou Johnigan. Miss Patricia Bohac of Weimer, Texas, and Miss Carol

Lee Casbeer of Eldorado registered guests in the bride's book. Others helping in the reception were: Mrs. George Tillery of Pecos, Mrs. Jake Casbeer of Eldorado, Mrs. Ted White, Mrs. Lowell Littleton, Mrs. C. O. Walker, Mrs. A. E. Gilliam, Mrs. Eddy Nations, Mrs. Claud Leath, and Mrs. J. G. Adams.

After the wedding trip the couple will be at home in Ozona where Mr. Knudson is a teacher in Ozona Junior High School.

The bride is a graduate of Ozona High School and attended San Angelo Junior College and Texas Women's University. The groom, a graduate of Luther College in Decorah, Iowa, is presently a member of the Ozona faculty.

New Low Cost Houses On Display In Sonora By Wm. Cameron & Co.

H. M. Smith and M. R. Cavanaugh of Wm. Cameron & Co., Sonora, announced this week the yard has been named as authorized dealer for the Institute For Essential Housing. The Institute has a new concept in "Low Cost" complete home building.

One of the Institute's modern designed homes has been built by the Sonora Cameron yard and is on display at the Corner of Plum & Crockett Sts. on HW 290 in Sonora. Open house for this Model Home will be held Saturday and Sunday afternoons, April 8 and 9 from 1 to 6 p. m. Open house will be continued through the following week.

The Institute For Essential Housing is an organization formed by cooperating manufacturers, and utilizing private capital, has been established in Princeton, New Jersey, to fill the great need for low-cost homes not now covered by conventional building and financing practices. As it is equipped to maintain complete research, architectural and production supervision services, as well as total financing, for essential single family dwellings on any accessible, suitable land to which the prospective home owner can show clear title.

The Institute will specialize in providing and financing these houses in various stages of completion as the buyer desires. Typical stages are: the "basic" (or shell house); the "basic" plus materials and equipment package; the "ready-to-live-in" and the "finished" in which the house is completely finished and decorated. These Institute houses provide generous living space and extra large closets, giving the buyers a lot of extra square footage for their money, but leaving the interior finishing, decorating, painting and landscaping to the new owner, if desired.

IN AMERICA'S BIGGEST, TOUGHEST 1961 ECONOMY CONTEST...

Which man drove Rambler?

In the most realistic test of all-around gasoline economy ever staged—the NASCAR sanctioned 1961 Pure Oil Economy Trials at Daytona—Rambler won three trophies, held by driver Les Viland in the photo above.

No other make won more than one award... most won none.

Unlike other runs that put a premium on feather-footed driving, the Pure Oil Economy Trials closely parallel your own everyday driving experience.

Every U.S.-built production car is eligible. None are arbitrarily barred, as in some runs. In 1961, 145 cars representing all 5 U.S. makers competed.

Rambler American Custom with overdrive beat them all to win the cherished Overall Winner Trophy and captured the Class 6 trophy in competition with Falcon, Corvair, Lark and Tempest 4. In fact, it took the first 6 places and 8 of the first 10.

And Ambassador V-8 by Rambler won its Class, swept the first 8 places and 9 of the first 10 spots.

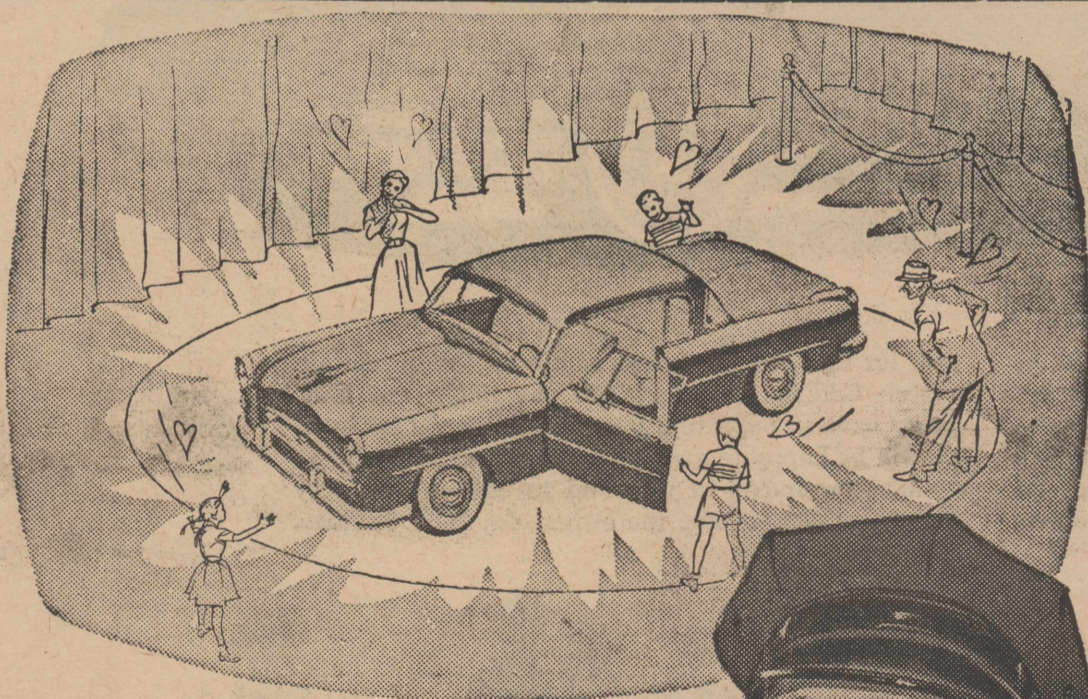

With speeds up to 65, and averaging more than 40 M.P.H., the winning Rambler American made 14 complete stops, shifted through the gears 15 times while circling the 3.7 mile course, and still averaged 26.86 miles per gallon!

This is the second straight year Rambler won the Pure Oil Economy Trials.

Want more proof of Rambler value? Then see your Rambler dealer. You'll find top gas economy is just part of your savings. Rambler costs less to buy, is voted most trouble-free by owners, has top resale value.

Rambler dealers sell twice as many compact cars per dealer as most other dealer groups. So, you get a better deal... on the best of the compacts. Rambler—world standard of compact car excellence.

SEE YOUR RAMBLER DEALER—Drive the Recognized Economy King!

Fall in love with your car again...

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible.

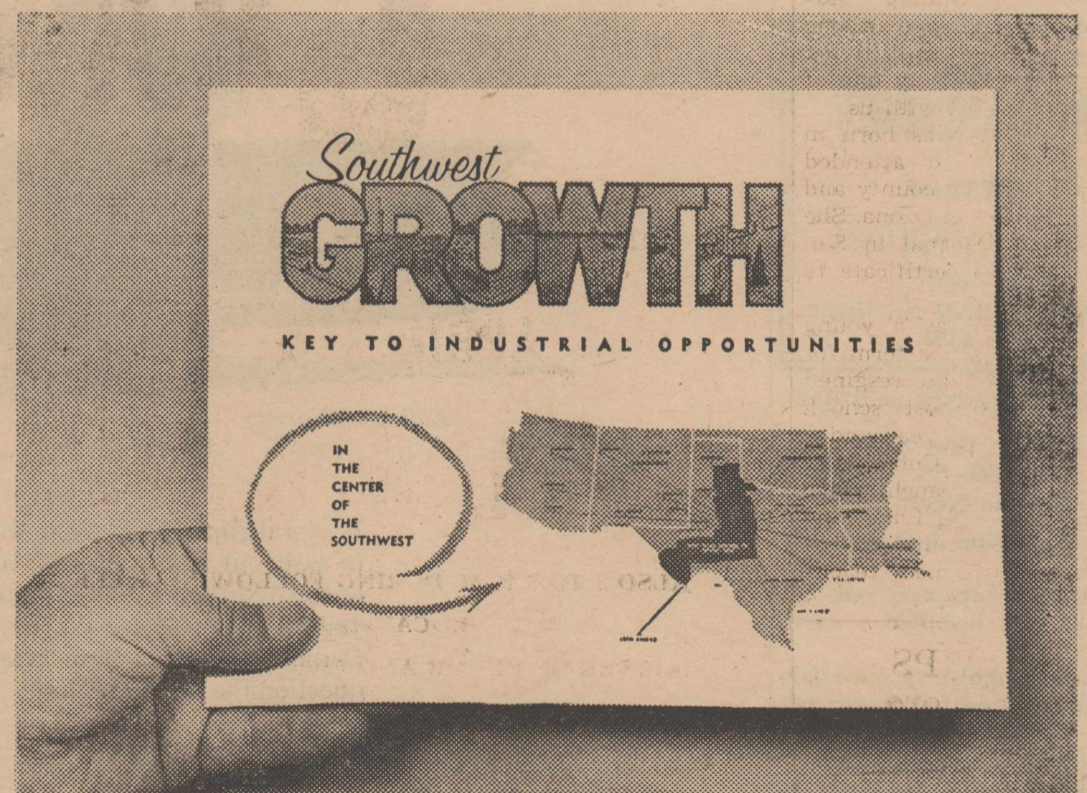

We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the

kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in.

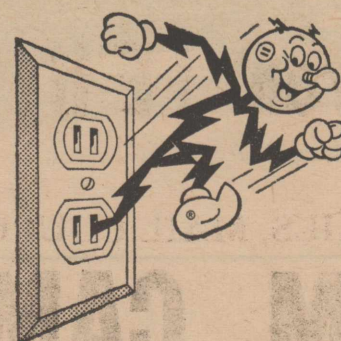

Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today—and find out for yourself that we mean all we say!

We send this free booklet to industry leaders as another step in our area development program

THE business of West Texas Utilities Company is growing because the area we serve is growing. But our plant expansion is growing faster than our business. That's because we work hard to stay ahead of the additional area growth we are convinced is coming. To stimulate even more growth, we are engaged in an extensive program designed to invite new industry our way. The campaign includes an advertising schedule in national publications, personal visits to industrial areas, development of statistical data, and area booklets such as the one shown above. This is one of the ways we work with and for our communities to assist in local development. We do so with enthusiasm and vigor because of our conviction that this area faces GROWTH UNLIMITED.

1910 - THE OZONA WOMAN'S CLUB - 1960 FIFTY YEARS OF COMMUNITY SERVICE

Past President

Mrs. A. C. Hoover, one of the early members of the Ozona Woman's Club, was the thirteenth president of the organization. Other officers serving with her were Mrs. Lee Childress, vice president; Mrs. S. M. Harvick, recording secretary; Miss Elizabeth Fussell, corresponding secretary; Mrs. Max Schneeman, treasurer, and Mrs. Joe T. Davidson, parliamentarian.

Mrs. Hoover was elected as delegate to the Biennial and State Conventions and Mrs. I. J. Carson to the District Convention.

Mrs. Carson was chairman of the department of literature and Mrs. W. J. Grimmer was program chairman. The yearbook was very attractive, on fine paper, and the first to list telephone numbers of members. Special days listed were Home Making, Federation Day Luncheon, Special Art Day and Texas Day Social.

The course of study was ten Literary Guild selections and new poetry. Each book was reviewed, roll call gave opinions of the book, and the leader discussed why the editorial board chose each selection. On each program a poem was read, including such poets as Vachel Lindsey, Edgar A. Guest, Carl Sandburg, Stephen Vincent Benet, Robert Frost, Joyce Kilmer and others.

Mrs. J. C. Montgomery was chairman of the civic department, which discussed such topics as health, parks and playgrounds, historic spots and buildings, home-making, forestry and landscaping.

New members were Mrs. Ira Carson, Mrs. L. J. Kittle and Mrs. W. W. West.

Mrs. Frank Friend was made an honorary member of the club in honor of her vast influence and dedicated service to the club. Mrs. Friend and her family had moved to San Angelo to make their home.

The special project of this administration was encouraging women to accept their responsibility to vote after informing themselves. Mrs. Hoover said the club offered prizes of \$5 and \$2.50 for the best local essays on "Why I Should Vote."

Dora Dunlap Hoover was the daughter of a native Texan, Davis Bell Dunlap and his wife, Mary Jane Osborne Dunlap, who came from Comanche county to Concho and on to Crockett, arriving here on August 18, 1891, just a month after Crockett County was organized. Mary Osborne Dunlap, "Mother Dunlap," at the age of one hundred three years, still living in her own home, is truly one of the few old timers yet with us.

Dora Mae Dunlap was born in Comanche county and attended school in Eden, Concho county and in Menard, still later in Ozona. She attended summer Normal in San Angelo to receive a certificate to teach.

She taught school as a young lady — first filled out a term for Miss Belle Smith, who resigned from the Turkey Roost school. She also taught for a year and a half at the Hembria Community school on the old Bell ranch, which was located toward Big Lake. She then filled out a term under Professor Gilliam as primary teacher.

Mrs. A. C. Hoover
1928-1929

Later she was married to Arthur Clinton Hoover in the home of her parents in Ozona. Mr. Hoover was the son of the late W. P. Hoover and Laura McNutt Hoover, who came from Llano county to this area in 1882. Mrs. W. P. Hoover is said to have been the first white woman to live in what is now Crockett county. They settled on the Peccs river and withstood the rigors of pioneer life, hostile Indians, wild animals, rattlesnakes and the like. Mother Hoover related that once in those early days she did not see another woman for nine months.

Mrs. Dora Hoover and her husband have been devoted and active members of the First Baptist Church in Ozona for many years, supporting it with their time, talents and means. They gave the first organ that the church had. They also gave the beautiful carillon in memory of Mr. Hoover's

parents. Mrs. Hoover has been a faithful member of the Woman's Missionary Union as well as a teacher many times. She and Mr. Hoover have enjoyed the Paisano Encampment, maintaining a cottage there. Among other religious interests, they have long supported the Buckner's Children's Home.

Mr. and Mrs. Hoover have no children but she has been "mother" to her family and many members of Mr. Hoover's family, and both have befriended many outside their

own families."

Mrs. Hoover has for many years been a life member of the Sixth District, TFWC, holding many district offices, especially in Art. She was at one time an officer in the General Federation of Women's Clubs in the Department of Health. In her younger days, she rarely missed a convention of Sixth District and the State and attended the General Federation convention which was held in San Antonio.

One of Mrs. Hoover's special hobbies is the collecting of paintings and art objects. She has a fine private collection as well as a fine library. She is still one of the most interested members of the Ozona Woman's Club.
