School has started again with it Ozona's social season. Clubs, Girl Scouts, Boy Scouts, dancing and last but not by any means least, football.

Some of the kids are sad and most of the mothers are glad, but sad or glad, everyone is forced into a routine again and lazy summer days are nine months away.

The first day of school is hectic to say the least, but some amusing incidents usually highlight the activity, mostly in the lower grades.

For example, the kindergarten teacher to the mother of an only child, "You say your son is only five and he can spell his name backwards? What is his name?" Proud mother, "Otto".

And then of course there is the second day when the teacher finds an umbrella in with little Johnny's school supplies. Since it obviously wasn't on the list of necessities and the sun is shining brightly she asks the boy to explain. "Teacher," he said, "Did you ever have a mother?"

From the very first day, parents are looking forward anxiously to the first report card. Parents with first graders are usually the most anxious. This reminds me of a distant relative of mine, whose only son started first grade last year. After six weeks of nightly study imposed by the father, the son brought his first report card home. One look at the card completely crushed the father and he signed it with an X. The little boy looked at the card and asked his father why he signed it with an X instead of his name. The deflated father replied "I don't want your teacher to think that anyone with your grades could possibly have a father who can read or write." And so it goes. Parents invariably expect their children to excel in anything they undertake.

Maybe this is one reason the hippie movement is going so great guns. Too much pressure can cause anyone to tune out.

There's just no accounting for people, as my Grandad used to say. I couldn't help but agree with him when the district 8-A Football Roundup came my way this week. I was surprised at the number of merchants who paid through their nose for advertisements in it. Some who wouldn't dream of using their weekly newspaper, which reaches their entire trade territory and then some every week, gladly forked over good money for an ad in the badly produced publication that will reach only a few football fans.

Mosquitoes are swarming in the cemetery, more so than anywhere else in town. I don't know what causes the abundance in that particular area of town, but I suspect the breeding places are the many ornate vases which adorn most of the markers. During the rainy two days we had a couple of weeks ago, most of the empty vases caught water and while I might be "way off base, I think if we would take it upon ourselves to empty them we would get rid of the mosquitoes.

BEAUTY AND RHYTHM will top off Ozona High School band when these seven young ladies step out in front as the band marches on the field this year. Left to right they are Debbie Moore, Sherry Saunders, Bonnie Carson, Majorette Marsha Moore, Head Twirler Chris Clegg, Sharon Logan and Elizabeth Jones.

Junior High Cubs Launch New Season Practice With 56 Eager Young Hopefuls Trying For Team

Coach Chick Womack's junior high Cubs began football practice the first of the week with 56 boys on hand for workouts. Grosse Mohler will be assistant coach again this year.

Eighth graders, most of whom saw action last year, are Chuck Womack, Monty Pelto, Bill Edgerton, Bill Turland, Mike Jenkins, Dean Shaw, Carl Welch, Cheo Vargas, Jessie Ortiz, Ned Stephens Forrest Henderson and Steve Thurman, along with seventh grader Ruben Tambunga, a regular on the squad last year by the end of the season.

Seventh graders making practice this year are Gerald Huff, Rick Webster, Jack Baggett, Craig Barber, Don Ingram, Jeff Stuart, David Weant, Gary Whitley, Gerald Olson, Mike Williams, Saul Torres, Fred Vela, Sam Tambunga, Joe Martinez, Tim Evans, Rene Tambunga, Steve Wilkins, Mike Wellman, Archie Elmore and Charles Weliman.

Aspiring sixth graders are Melecio Martinez, John Elizondo, Steve Vargas, Dan Davidson, Rick Hunicutt, Jim Gillit, Craig Taliaferro, Gary Mitchell, Brad Hoover, (Continued on Last Page)

Four Ozona Men Are Arrested On Charge Of Theft

Four Ozona men were arrested on charge of theft Tuesday morning and lodged in the Crockett County jail under \$1,000 bail each. The charges grew out of the theft of two boxes of tools from a truck belonging to Claude Fasselman Sunday.

Joe Porras, Sammy Rivera, Valentine Gonzales and Joe Ramirez were charged with felony theft. The tools were recovered shortly after the arrests were made.

Sheriff Billy Mills and deputy Von Parker recovered a stolen bicycle shortly after it was reported missing Sunday, due to an alert Ozona citizen.

The bicycle was recovered after it was reported that a juvenile had been taking a bicycle apart around 2 a. m. on the back porch of a house where he was visiting. The residents of the house were not at home, but after finding the vehicle, officers checked with the boy's mother in Midland and after questioning he admitted the theft. The matter will be disposed of in juvenile court.

Mr. and Mrs. P. C. Perner and son, Paul, are in Ruidoso for the end of the horse-racing season.

Record Books Of 14 Crockett 4-H Tops In District

Crockett County 4-H record books, twenty in number, all scored high in district judging at Fort Stockton on Monday of this week, reported county agent Pete Jacoby. Fourteen of the records received first place awards with seven of the records qualifying for state judging at Texas A&M in September.

Qualifying for state judging were records of Janie Edgerton, Eugene Vinson, Mary Jane Martinez, Don Edgerton, Limazona - Tejas Club Health Program, Limazona-Tejas Club Safety Program and Crockett County 4-H Electric Program. Receiving first place awards in the junior division were Kathy Williams, Romelia Vela, Richard Reinberg, Elaine Zapata, Melecio Martinez, Fred Vela, and Elizabeth Zapata.

Second place awards went to Steven Hubbard, Mary Francis Martinez, Eneencia Diaz, Melissa Zapata, Sylvia Flores and third place to Cyndie Whitehead.

Dove Season Opens At 1 p. m. Friday

Shooting hours for mourning doves in the north zone begin at 1 p. m. Daylight Saving Time or 12 noon Central Standard Time, tomorrow, Friday, September 1. Officially, the state will be on Daylight Saving Time until 2 p. m., October 29.

The fully-feathered wing provision on mourning doves has been relaxed for this season. Hunters no longer have to retain one fully-feathered wing on doves except during the concurrent white-winged and mourning dove season in 21 counties along the Rio Grande. All migratory birds imported from Mexico must have one fully - feathered wing attached.

Mr. and Mrs. P. C. Perner and son, Paul, are in Ruidoso for the end of the horse-racing season.

Funeral Friday In Utopia For Mrs. Ham Thompson

Funeral services will be held at 1 o'clock Friday afternoon from the Church of Christ in Utopia, Texas, for Mrs. Ham Thompson, 72, former Ozonan, who died early Sunday evening in Idaho Falls, Idaho, where she made her home with a son, Charles, and his family.

Mrs. Thompson suffered a stroke recently and her condition had gradually worsened. Mr. Thompson, who was ranch foreman for Floyd Henderson here for 14 years, died last Thanksgiving day while visiting in Utopia. Mrs. Thompson will be buried beside her husband in the Vanderpool cemetery.

Mrs. Thompson is survived by one son, Charles, who lives in Idaho Falls, one brother in California and three grandchildren.

W. T. Goodson of Ozona will be one of the pallbearers

Tow Ranchman Dies In Crash On Highway 29

Bobby Eugene Estes, 39-year-old Tow ranchman, was fatally injured late Friday night in a one-car accident 30 miles northeast of Ozona on the Eldorado turn-off or state highway 29.

The accident occurred when the late model Mustang Estes was driving failed to negotiate a curve, slid off the shoulder of the highway veered back across the pavement, hitting a fence and overturned at least three times, coming to rest in a pasture. Investigating officer Dale Copeland said Estes was thrown out of the automobile and apparently died instantly when the car rolled over him. The car was completely demolished.

Early Saturday morning a two-car accident 4.7 miles east of Ozona on Highway 290 sent two out-of-town women and one local resident to the emergency room of Crockett County Hospital. All three were treated for cuts and bruises and released.

Mrs. Loma Ellis of Ozona was attempting to turn into Crockett Heights in a 1962 Dodge when a 1966 Chevrolet driven by Mrs. Ruth Hunter of Fairfield attempted to pass and hit the left rear of the Dodge. She was accompanied by Mrs. Max Hunter, also of Fairfield.

The Ellis car was a total wreck and estimated damage to the Chevrolet was \$1,500, according to investigating officer Dale Copeland. Patrolman Orvil Perry also investigated both accidents.

Opening Day School Enrollment Drops Slightly From Last Year

Search On For Missing Former Ozonan

An agonizing wait is of necessity being endured by members of his family as FBI agents, police, Naval investigators and private detectives have launched a nationwide search for Scotty Henderson, 20-year-old son of Mr. and Mrs. Dick Henderson of Yuma, Ariz., and Ozona, who has been missing for more than four weeks.

Young Henderson, a Naval trainee and applicant for admission to the Naval Academy at Annapolis, disappeared while on a week-end pass at Fresno, Calif., and has not been seen since. His car was found near a motel where he had engaged a room while visiting a friend in Fresno. There were no signs of a struggle. The car has been examined for fingerprints.

Information that he had suffered a blow on the head when he collided with an overhead beam recently, has led Scotty's parents to hope that he is suffering from amnesia and will be found in time or recover and return. Urged by friends to report to the Naval base infirmary following his injury, Scotty declined because of the press of study for his admission exam from the Academy. A letter advising of his acceptance to Annapolis was found in his quarters after his disappearance. He will be 21 years of age, however, this month and will not be eligible to enroll at the Academy after age 20.

Scotty is the grandson of Mr. and Mrs. Floyd Henderson of Ozona.

Ronald Carnes Receives Business Degree From HSU

Ronald W. Carnes, son of Mr. and Mrs. S. E. Carnes of Ozona, received his Bachelor of Business Administration in absentia from Hardin-Simmons University on August 18.

While at HSU, Carnes served as chapter president of Alpha Kappa Psi, national professional business men's fraternity. At Texas Tech, he was a member of Alpha Psi Omega service fraternity.

Ronald, his wife and son, Heath, now reside in Houston where he is accounting office supervisor for Southwestern Bell Telephone Co.

Superintendent of Schools L. B. T. Sikes released the enrollment figures for this year Monday. At the end of the first day of the 1966-67 school term, 1,036 students were enrolled in the four Ozona public schools. Enrollment figures are exactly 20 students shy of last year's registration when 1056 students were enrolled the first day of school.

Four Seniors Chosen Captains Of 1967 Lions

Four husky OHS linemen have been chosen co-captain of the 1967 Lion football team. Leading the way are seniors Gary Sutton, Wesley West, Larry Kilgore and John DeHoyos, and on September 8th these four veterans will lead the Lions against the powerful AA McCamey Badgers in McCamey.

The Lion varsity roster was trimmed to 21 Monday by Coaches Sam Mosley and

Ozonans' Relative Killed In Tyler

Funeral services were held Sunday afternoon in Tyler for Kier Strickland, 16, nephew of Mr. and Mrs. Dan McBroom and grandson of Mrs. Audrey Thomas, all of Ozona.

The youth was killed late Friday afternoon when the motorbike he was riding collided with the rear of an automobile in Tyler.

Kier spent many summer vacations here in Ozona and was a member of Calvary Baptist Church here.

He was a Tyler high school student.

High School enrollment was up slightly this year, with 246 students registered compared with 240 last year. The freshman class is the largest with 86 students, followed by the Sophomore class with 65. There are 59 students in the junior class and 36 seniors. However, high school principal J. A. Pelto said enrollment usually picks up toward the end of the first week.

Junior High students numbered 153 at the end of the first school day, one student less than last year. There are 90 seventh graders and 63 eighth graders. Principal Roy Killingsworth said the total figure was the same Wednesday, with one new student and one student dropping out.

South Elementary boasts the largest number of students in the lower grades with 333 registered. North Elementary has 304 students. North Elementary enrollment is down 24 students from last year, while South Elementary enrolled one student less this year. By grades South Elementary has 41 students in kindergarten, 69 in first grade, 53 in second grade, 40 in third grade, 41 in fourth grade, 49 in fifth grade and 40 in the sixth grade.

North Elementary has 25 students in kindergarten, 54 in first grade, 50 in second grade, 51 in third grade, 43 in fourth grade, 37 in fifth grade and 44 in the sixth grade.

Supt. Sikes said that according to the University Interscholastic League rules Ozona is eligible to become a class AA school next year, because of maintaining 225 high school students for the past two years. However, there is a great deal of speculation that the rules will be drastically altered this year when the classification committee meets.

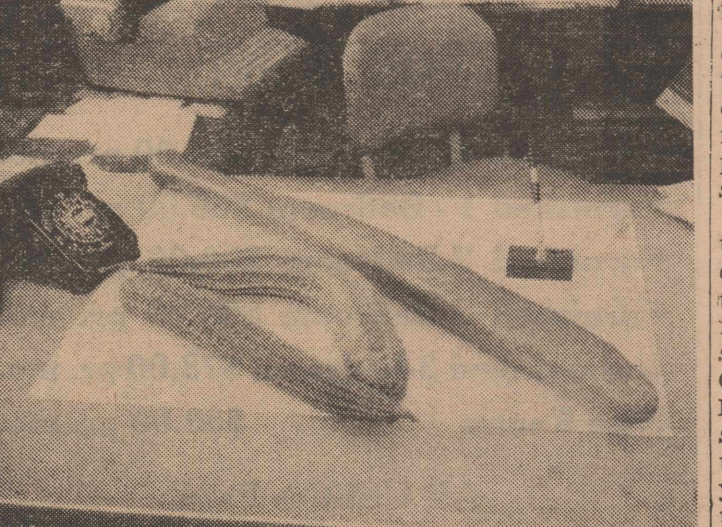

Lions B Team See Action In First Scrimmage

After working out twice daily for two weeks, the Lions B team began practice Monday under the direction of coaches Ned Fowler and Charles Spelker.

The team will see action as a unit tomorrow night at Menard when they scrimmage with the Goldthwaite B team at 7:30.

Made up almost entirely of freshmen and sophomores, the team is a little short on experience for high school football, but both coaches are pleased with the way the squad is shaping up.

Jim Montgomery, who led the Cubs last year to an undefeated season, will be in the quarterback slot, with freshmen Philip Perner starting as half-back and Greg Stuart as fullback. Both boys turned in outstanding performances with the junior high team last year. They will be joined in the backfield by B team veteran Tommy Jenkins, a sophomore half-back. The line will be made up of Curtis Weant, freshman, center; Tony Wheeler and Tommy Conors, sophomore guards; Ned Henry and Steve Hubbard, sophomore tackles; (Continued on Last Page)

CROCKETT CO. VEGETABLES — Believe it or not, the giant okra and squash seen in the above picture were grown right here in Crockett County in the vegetable garden of Mr. and Mrs. Bill Lindsey out on the Big Lake highway. The squash in the background measures 36 inches in length. The large okra measures 20 inches and the smaller one in the foreground is 18½ inches long and weighs 1½ pounds.

PIGEONS OF PEACE

Here we go again. The pigeons of peace — Senators Bobby Kennedy, Fullbright, Church, Javits and Pastore — are taking a new tack in their continuing efforts to get this country to abandon South Vietnam to the Communists.

The latest gimmick concerns the elections there. We are told that unless the elections are 100 percent pure, free, unfettered and "democratic" we should pull out. Why, they ask, should we sacrifice our men in a country that doesn't believe in democracy?

That kind of thinking is for the birds. Pigeons. There are, indeed, some things about the South Vietnam elections that smell. But the odor is no worse than that which rose out of Chicago, Kansas City, Boston and a lot of other cities that could be named in this country. And the manipulation of the election has absolutely nothing to do with resisting Communist aggression. Politicians are the same, in New York, Arkansas and South Vietnam.

Presumably these pigeons are going on the assumption that Americans are not very bright and have very short memories. The same approach has been used to abandon a succession of anti-Communist countries which are now having no elections at all, democratic of otherwise.

Indeed, we are in our present mess in Vietnam because during the regime of Bobby Kennedy's brother this nation connived in the assassination of Diem, who certain "liberals" felt was not sufficiently democratic. During the resulting chaos the Communists made their greatest gains. Until we have recovered from that tragedy one might think that Bobby Kennedy at least, would offer no further suggestions about promoting "democracy" in Vietnam.

The same "liberal" elements were determined to get rid of Batista in Cuba, although he was militantly pro-United States. They succeeded. In his place we have Fidel Castro, who is now engaged in exporting his brand of democracy to all the Americas, including Newark, Detroit and other places in need of liberation.

And it is worth remembering that these 100 percent pure election people had another candidate a few years back: Mao Tse-tung, the well-known Agrarian Reformer. You know how many

Washington News Letter

Congressman O. C. Fisher

A wierd and Demagogic decision was recently handed down by a Federal Judge in Washington. It invades the legislative field by outlawing the "tract" system of bunting students in local schools in accordance with their mentality and learning ability. The opinion forces school authorities to mix the mentally retarded with the more alert youngsters in the same classes in the District of Columbia.

The decision, by a Judge named Skelly Wright, attempts to outdo anything the Supreme Court has ever done. It requires the bussing of students from one school to another in order to get a better mix of negroes and whites. And it forces a mixture of white and negro teachers in the district schools. It happens that 23% of the teachers here are white, and the Judge directs that they be distributed equally among all the schools in order to fully integrate the teachers.

Although the Negroes now account for 93% of school enrollment in the district, the Judge commands the 7% of white students to be bussed around over the area in order that each school will have about the same percentage of whites, and/or some bussing of Negro students in order to accomplish the same purpose.

This decision was the wildest and the most unbelievable exercise of judicial power ever attempted on the subject of integration.

The mandate was aginst the Superintendent of Schools, who immediately resigned. This involved the school board, on which Negroes predominate. That board immediately accepted the Judge's ruling and is opposing the ex-Superintendent's effort to appeal the decision.

This is another glaring example of lack of care and prudence by a President in choosing judges. Once appointed they are in for life.

The Hospital Board is still negotiating with owners of various lots which made up the first choice site for the proposed new hospital here. A round table discussion of doctor prospects usually occupies a good deal of the board's time at each meeting.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed. Provided, however, that no provision contained herein shall be construed to amend, modify, repeal or nullify Article 16, Section 31, of the Constitution of the State of Texas."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November

11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

"AGAINST the Amendment to the Constitution authorizing each county in this state to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:
 "Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also author-

ize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxing voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."
 "AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:
 "Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services; and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity

other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."
 "AGAINST the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans Land Fund; and providing for a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:
 "Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the departing or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature."
 "The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present."
 "The Veterans Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds in the total amount of four and one-half per cent (4 1/2%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds."
 "Said Veterans Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price thereof, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any such lands) and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformity with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund and thereafter likewise deposited to the credit of the General Revenue Fund."
 "When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party."
 "The Veterans Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called 'Texas Park Development Bonds,' shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half per cent (4 1/2%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.
 "Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by the general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.
 "While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.
 "The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.
 "From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.
 "All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.
 "Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."
 Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."
 "AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"The lands of the Veterans Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.
 "Said Veterans Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.
 "All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as here provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.
 "This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans Land Board as it deems necessary.
 "Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature."
 "This Amendment shall become effective upon its adoption."
 Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans Land Program by authorizing the sale of bonds to increase the Veterans Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."
 "AGAINST the amendment to extend the Veterans Land Program by authorizing the sale of bonds to increase the Veterans Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."
 Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election of this amendment, which shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold

any other office or position of profit under this state, or the United States."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

"AGAINST the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

they never sleep

In every city, there are places that never sleep. Industries, hospitals, police stations, fire stations, churches — yes, churches! Oh, you may drive past one at three in the morning and find the building dark, but the Church is not asleep!

For the Church sets the moral tone of our society and without the concern that the Church injects into our community there would be no hospitals, nor homes for children and the aged, nor even police and fire stations. It was only after people learned to care about each other that they began to provide these services, and His Church has always cared! "As I have loved you, love one another."

Every minute of every day and night, compassionate hands are reaching out to someone in need because the Church is awake to that need.

The Church is made up of people. When you become a part of a church, you have contributed to the continuity of its work which has sustained and refreshed humanity through the centuries. Also, you are helping to perpetuate and strengthen your own faith.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Rambling Reflections
By Dr. R. F. Curl

Last week I was called to Pleasanton, a nice little town that lives up to its name, thirty miles toward Corpus Christi from San Antonio. Having long since committed myself to the principle that you ought never to join anything where you did not intend to make a full hand, I went over to the adjacent village of Potect on Tuesday to make up Rotary attendance. I knew and heartily approved the Rotary requirement of regular attendance on weekly meetings at the time I joined. So, without virtue or merit in the performance of a committed obligation freely taken, I found myself breaking bread with Rotarians of Atascosa County.

But what I wanted to mention was the contrast between the good program there last week and the equally good program I heard this week in the Ozona Club. Down at Potect a couple of men from the Youth Development Council, an agency of the state of Texas, gave the program.

The speech centered on the efforts that organization makes to try to redeem young men committed as juvenile delinquents. The story was well told and you were thrilled to hear that a good per cent of these wayward youth were redeemed for useful citizenship although at the same time saddened by the fact that an even larger per centage passed on to adult irresponsibility and even criminality.

I am all for a program such as the Youth Development Council offers. We must be in the business of trying to salvage youth who have been derailed into criminal offenses. Society in

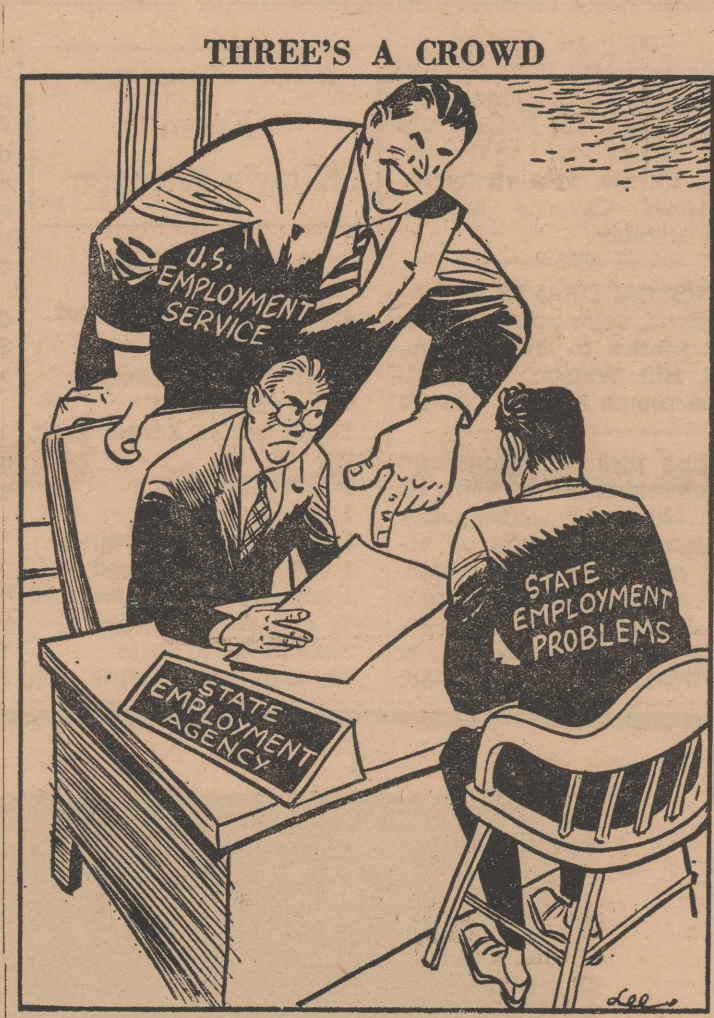

this technological space age cannot carry the encumbrance of irresponsible, non-contributing segments of its population. Even Mr. Johnson declares that his Great Society must be based on a morally disciplined people.

Then, this week I went to our Rotary Club to see Superintendent Sikes along with Mr. Mosley and three other members of the coaching staff of our Ozona Schools. I had been Monday night to the Boosters' Club Barbecue and saw the more than fifty fine young fellows who will be on this year's A and B teams of our High School. They account for forty to fifty per cent of the male enrollment in High School.

It was evident that as the fifty stood on the stage they would in the aggregate weigh in at four to five tons. This is a lot of brawn. But they also wore on open countenances indications of a necessary mental ability and a disciplined self-control that will be even more vital than muscle.

The value of football is that it involves the whole person. Fleet feet, bulging biceps, and the force of brute strength are all necessary. But football games are not won by dumb oxen who carry weight and muscle but by boys who bring the qualities of quick thought, disciplined action, and full team work to the field.

I was especially pleased to see five or six fine young Latin-American boys on the two teams. It is harder for a youth handicapped by a straightened environment to achieve. But he can. I was a poor boy myself — and am for that matter still poor in worldly possessions — but I was taught from the beginning that I could get an education and make a contribution despite the difficulties that poverty entailed. The same is still true today. And my heart rejoices when I see a boy attaining in spite of the handicaps. I did not see a Negro on the team and

do not know whether there is one in our High School or in our community. But I was pleased to hear Coach Mosley mention that Negro boys were making good contributions to some teams in our state.

But being on the subject of youth — more or less — let me share with you the pride of our Ozona Methodist congregation, not only in the fine bunch of High School students in our congregation, but also in our college students. We observed a day of recognition and appreciation for college students last Sunday. We list thirty-six attending eighteen different colleges and universities. This represents eight per cent of all members of our local church. If the same percentage prevailed in the entire American population there would be sixteen million students

in the colleges of this nation!

We do not seem to have a beatnik nor a hippie in the whole bunch of our students. Rather, they are clean-cut, serious, and intent young people. To this rambling parson it has been a fine experience to have a half dozen of college young men to participate in the conduct of morning worship services this summer in fine, high fashion. They have been both willing and capable.

I mention these young people not because they are Methodists but because I feel them to be representative of the youth of all our Ozona churches. We are fortunate. They are the final product of our labors and are worth more than all the sheep and cattle, all the lands and investments, and all the gas and oil in Crockett County. They are tomorrow!

To Id San Andres Field Extended

The Howard Draw, Northeast (1,6165-foot San Andres) field of Crockett County gained its second producer and a 3/4-mile southeast extension with completion of McGrath & Smith Inc. and Texas American Oil Corp. (formerly McGrath & Smith). Midland, No. 1-B Todd Ranch.

It was finalized for a calculated, absolute open flow of 4.7 million cubic feet of dry gas per day, through perforations between 1,151-61; 1,172-74 and 1,174-84 feet, which had been acidized with 2,000 gallons.

Location is 1,000 feet from the north and 2,000 feet from the west lines of 47-WX-GC&SF.

The opener, the same firm's No. 1-A Todd, was finalized Jan. 24 for a calculated absolute open flow of 26.5 million cubic feet of dry gas per day through perforations at 1,165-1,222 feet which had been acidized with 7,000 gallons.

Jordice and James A. Harvick of Midland have been visiting their grandmother Mrs. S. M. Harvick, at her ranch home.

The Tragic Truth

In the Middle Ages, the churches of Europe offered a sanctuary. Men and women who were pursued by ruthless robber barons could enter a church and find safety before an altar. Tragically, however, some churches in our time have offered sanctuary to those who foment hatred and stir strife in American communities.

The Memphis Commercial Appeal warned recently that "the church is a sanctuary for those in trouble and need but not for hate-filled teachers of race war."

This editorial comment was prompted by a shocking situation disclosed in the great Southern educational center of Nashville, Tenn. Testimony given by a Nashville police official before a congressional investigating committee (looking into the cause of big city riots this summer) included the charge that Office of Economic Opportunity funds were going into a "liberation school" in Nashville held at St. Anselm's Chapel Episcopal Student Center. The police official termed this school a "hate-white" school.

It was first denied that the "liberation school" was a "hate-white" school or that it was involved with federal anti-poverty money. Later, however, the Rev. J. Paschall Davis, chairman of the Metropolitan Action Committee in Nashville, admitted that links existed. He told the congressional committee that a leader of Nashville's Student Non-Violent Coordinating Committee apparently ran the school; that this same individual drove a

station wagon leased by the local OEO agency, and that this individual also was on a "proposed payroll"; moreover, that the OEO was paying the house rent of some of the teachers in the school.

After these disclosures were made, the bishops of the Episcopal Diocese of Tennessee ejected the "hate-white" school from the Episcopal Church where it was housed. They said that the "liberation school," which had pictures of insurrectionist Stokely Carmichael on its wall, taught material "contrary to our Christian heritage."

Ejection of this school from a church was certainly necessary. Unfortunately, this one action will not put an end to the use of churches for hurtful political purposes. Many denominations and inter-denominational organization are deeply involved in political movements destructive of genuine peace and good will.

In Washington, D. C., for instance, H. Rap Brown, who was arrested on a charge of inciting a riot at Cambridge, Md., was later given a chance to make an inflammatory speech in a church. And in Rochester, N. Y., which has been the scene of brutal pressure against the Eastman Kodak Co., church organizations have been active in supporting the main agitation organization known as FIGHT.

The truth is that many churches, or individual leaders within the churches, have been busy sowing the seeds of civil disobedience and violence. Several years ago, hundreds of clergymen participated in a mammoth march on Washington. This march established a precedent for other and wilder forms of mass protest and mass turmoil. In the last decade, hundreds of clergymen

have gone out of their way to invade peaceful communities and to get themselves arrested for trespass. They have engaged in sit-ins, lie-ins, and kneel-ins. They have contributed to the clouds of strife which now hang over America and darken our national future.

Other church leaders — many of them joined together in the National Council of Churches — have lobbied for the admission of Red China — the symbol of international violence and aggression — to the United Nations. Many churchmen have joined in appeals for the force against Rhodesia and the Republic of South Africa, because those states refused to bow before the winds of change — winds of savagery sweeping across the African continent.

The World Council of Churches has criticized the United States for defending the cause of freedom in Southeast Asia. At the same time, the WCC has opened its doors to "clergymen" from Iron Curtain countries, where the churches are virtual departments of the ruling regimes.

It is apparent, therefore, and it saddens any true churchman to make this necessary statement — that many of the churches have contributed to national and international campaigns of hate. Truly, these churches and churchmen have much on their conscience. They are badly in need of reformation — of a return to historic Christian practices.

SON TO HOLMSLEYS

Mr. and Mrs. Reid Holmsley are the parents of a son born Tuesday, August 29, at 1:00 p. m. in Shannon Hospital in San Angelo. The young man weighed 10 pounds and has been named Peery Arthur.

Polished Granite Materials Arrive For New Bank Job

The log-jam on the new bank construction was broken this week with the arrival of the polished black granite which will complete the outside trim on the building.

Officials had expected completion of the building in September, but because of the delay it will be several months before Ozona National will move to its new quarters next to the Stockman.

Furnishings were selected last month by the directors and delivery will be made as soon as the interior is completed. Bronze glass windows have been installed on the side facing Eleventh St. and workmen are completing the main entrance which will open onto Ave. D. The rough granite finish covering the base of the building has been completed and some inside walls have been plastered. The plaster was applied by a new process whereby the plaster is blown onto the base by a machine.

On the inside have been completed. The ceilings were finished by a new process whereby the plaster is blown onto the base by a machine.

Opening date for the bank will be announced later.

Concentrated Fly Drop Controlling Screwworm Spread

Concentrated sterile fly drops over a grid pattern extending from Sutton county to west of Pecos county have apparently halted the spread of the screwworm through this territory, officials of the screwworm campaign indicated this week.

The widespread outbreak of flies in Crockett and Terrell counties recently caused the Mission screwworm control center to set up a sub station at Sonora where the sterile fly loads were placed aboard airplanes for drops over the territory. The sterile flies were shipped by truck from Mission to cut down on flying time for the airplanes.

Ranchmen of the affected territory were urged to spray or dope all shear cuts and other wounds in livestock to minimize the chance of spread of the screwworms and this appeal apparently was heeded by most ranchmen, thus aiding in the control work.

CLOSE LABOR DAY

A survey this week by the Chamber of Commerce indicated most Ozona business houses plan to be closed on Labor Day, Monday, Sept. 4. Manager Hubert Baker announced.

Mrs. Carolyn Shepperson of San Angelo spent several days this week with her mother, Mrs. George Montgomery.

Accurate and Complete

RANCH RECORDS

Are More Important
Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Houston Minister Leads Revival At Jerusalem Baptist

Jerusalem Baptist Church of Ozona will have a special week of revival meetings, Sept. 4 through 10th. The preacher is Esteban Flores from the First Mexican Baptist Church in Houston.

"He is a wonderful preacher and an experienced man of God," says the local pastor, Henry Medina. "His preaching is based only on the pure doctrine of the Bible."

The services will be from Monday September 4th through Sunday 10th, at 7:30 p. m. in the local church. All messages will be in Spanish. Everyone will be very welcome.

Tippett Field Gains Confirmer

The Tippett, West multi-pay field of Crockett County gained its sixth 5,000-foot detrital producer and a location southwest extension to that pay with completion of Chambers & Kennedy, Midland, No. 2-A Amacker, eight miles south of McCamey.

It was finalized for a daily flowing potential of 127 barrels of 40.8 gravity oil, no water, with gas-oil ratio of 1,165-1. Production was through a 16-64-inch choke and perforations at 4,991-996 feet, which had been acidized with 500 gallons.

Drilled to 6,595 feet, with 7-inch casing set at 6,009 feet, it is plugged back to 5,700 feet.

Operator plans dual completion in a gas zone.

Location is 660 from the northwest and 3,250 feet from the northeast lines of 35-31-H&TC.

to test many squad members.

Lion quarterback David Huff completed 8 passes including scoring strikes to brother Donald, and to Larry Kilgore, Lion ends, sparking a good Ozona passing game.

The Ozona defense looked tough, particularly against the rush, while the Lion ground game rolled up consistent gains against the Rebels.

Ozona coaches were pleased with the scrimmage despite several rough spots, which will get another test Friday night against Goldthwaite in Menard.

Included on the 1967 Lion varsity roster are seven junior backs: Randel Clepper (166), Fleet Coates (165), Rodney Pagan (168), David Huff (155), Beto Diaz (140), Beto Vargas (140), and Carlos Sanchez (141). Linemen include ends

Donald Huff (155-jr.), Larry Kilgore (165-sr.), David Pagan (158-fr.), and Danny Maness (140-jr.); tackles Gary Sutton (220-sr.), Wesley West (188-sr.), Terry Lindsey (215-jr.) and Rodney Rutherford (183-jr.); guards Fred Chandler (170-sr.) Johnny aBrbee (150-Soph.) John DeHoyos (190-sr.) and Larry Don Webb (160-sr.); and centers Marlin Farris (210-jr.) and Tom Davidson (160-fr.).

It was announced by school officials that all games, district and non-district, will start at 8 p. m. instead of 7:30. This announcement affects all games of all teams in District 8A and will remain in effect until Daylight Saving time goes off and returns to Central Standard time.
