## CITY FUNDING ISSUE LOST IN ELECTION

The city election to issue city funding bonds, held Tuesday by the city of Crockett, failed to carry by a majority of almost two to one. The election polled 212 votes, with 72 for, and 140 against the issuance of the bonds, the majority being 68 against.

On the eve of the election the mayor and city council issued a statement, signed by Mayor Edmiston and the five aldermen, as follows:

"An election will be held Tuesday, October 20, to issue refunding bonds in the amount of approximately \$200,000. As your representatives, handling city finances, we wish to place the matter squarely and plainly before you, believing once you understand that a practically unanimous vote will result. We have considered the matter carefully, and give our unqualified approval to the issue of bonds, and urge all citizens to come out and vote for the bonds.

"The issue will simply retire all present indebtedness, and adds nothing to it; rate of interest is reduced, and we promise you a reduction in tax rate immediately. The bonds will mature over a period of 40 years, bearing 5 1/2 per cent interest, and the outstanding issues, which now bear 5 per cent, will remain the same, 5 1/2 per cent issues will be unchanged, and the 6 per cent issues will be reduced to 5 1/2 per cent. Surely, where the rate of interest is reduced, and no additional debt created, with a lowered tax rate, no voter could object to the re-financing.

"We have out our obligations for water-works system, sewerage, paving, auditorium, fire-truck, etc. We believe everybody is glad we have these things, and gladly pays the taxes caused by them. This bond issue simply puts the various obligations into one debt, lessens interest rate, and reduces your taxes; so, if you approve of these modern conveniences and wish to emphasize the fact, come out and vote for the bonds.

"These are plain facts, without attempt to make any argument, and we confidently expect our good citizens to ratify the issue by an overwhelming majority. Don't figure your vote not needed, but go to the polls and cast it.

Respectfully,  
"C. L. Edmiston, Mayor.  
"J. C. Millar,  
"J. M. Ellis,  
"H. J. Trube,  
"H. H. Powers,  
"W. R. Turner,  
"Aldermen."

The objections to the bond issue, summed up, as stated by some of the opponents of the issue, were about as follows:

That warrants, sold at 93 cents on the dollar, would be taken up in the new issue at 100 cents on the dollar, in new bonds.

The question arose as to whether present bondholders could be caused to deliver bonds now held by them.

The question arose, also, as to whether the plans did not originate with bonding companies, buyers of warrants at 93 cents on the dollar, to be taken up at 100 cents on the dollar in new bonds, as the bonding company was paying the expense of the election.

A supporter of the bond issue made the following observation after the result of the election was made known: "The supporters of the funding bond issue believed that the plan was good and entirely practical and that the city council was acting in behalf of the best interests of city taxpayers. The city council, so believing, submitted the matter to a vote of the property taxpayers. The voters either doubted the wisdom of, or misunderstood, the funding bond issue, as evidenced by their vote in Tues-

day's election. The city council, as are all other public officials, are elected to carry out the expressed will of the people. If the issue was not clear to the voters, another election can be held at some future time and more light turned on. If, however, the issue was understood, the question is settled for the present. There is no reason for the city council to feel any sting of reversal over the election. The issue was submitted by the council to the people for decision, and the people who decided the issue Tuesday are the same ones who elected the city council."

## STOCK LAW VOTED DOWN IN ELECTIONS

The stock law election held in Creek road district No. 15 on Saturday, October 10, and in that part of justice precinct No. 1 within commissioners' precinct No. 4 on Saturday, October 17, both failed to carry, each being defeated by a large majority.

The Creek road district polled 139 votes, with a majority of 77 against the proposition. The vote in detail was:

Antioch—4 for, 20 against.  
Shiloh—25 for, 70 against.  
Creek—2 for, 18 against.  
Total—31 for, 108 against.

The election last Saturday for justice precinct No. 1 within commissioners' precinct No. 4 had 200 votes, with a majority of 52 votes against. The detailed vote of this election was as follows:

Arbor—9 for, 51 against.  
Belott—4 for, 28 against.  
Crockett—49 for, 36 against.  
Daniel—12 for, 11 against.  
Total—74 for, 126 against.

These returns were canvassed by the commissioners' court in session Monday morning.

### Bob Teal Dead.

Mr. R. P. Teal, one of Houston county's oldest and best citizens, died at his home near Pennington Friday night about 8 o'clock. Funeral services were held Saturday afternoon, and burial was in the Pennington cemetery. The Masonic lodge, of which he was a member, had charge of the services.

Mr. Teal had been a citizen of Houston county for many years, being engaged in farming, and was unusually successful in his occupation. He was a man of fine character and ideals and earned the friendship and respect of all who knew him. He always led a Christian life and was a member of the Methodist church. He leaves several children, besides other relatives, to mourn his loss. His community suffered an irreparable loss in his passing.

The Courier joins in extending sympathy to the bereaved relatives.

Peyton Tunstall has taken charge of the toll bridge at Hurricane Shoals, Joe Monk having resigned.

## TRINITY HI BRINGS VETERAN TEAM HERE

Trinity High will bring probably the best team that school ever boasted to Crockett Friday to meet the blue and white squad of C. H. S. With a veteran, well-balanced team, Trinity is making herself feared in all Class B' competition. Branner, Trinity's star "ball totter" will bear watching anywhere. Trinity walloped the Sam Houston Sub-College 16 to 0. A 13 to 0 loss was sustained against the class A Palestine Wildcats. Last week the Groveton team was swamped, 30 to 0, by the Trinity team.

Many weaknesses were shown in the game with Madisonville Friday, but Coach Jordan and Ben Cannon have been trying to iron out the wrinkles, and a better team should go on the field this week than last. Parker, Foster and Driskell showed to advantage in the backfield, while Brannen will improve as he grasps the finer points of the game. The line, as a whole, failed to function as it should. Murphy at end and Nelson at tackle gave a fair exhibition. Much of last week's poor playing can be traced to stage fright.

The game with Huntsville next week may be transferred to Huntsville, due to lack of support. This is to be regretted. Buy a ticket for Friday, attend the game, and yell for Crockett, whether winning or losing. Support, and not knocks, will help to build up the athletic standard at Crockett High school.

## PROCEEDINGS IN DISTRICT COURT

The grand jury for the fall term of Houston county district court adjourned last Thursday, after being in session four days, to reconvene today (Thursday). The grand jury did not make a report of its findings during the four days it was in session.

Very little has been taken up during the first two weeks of court, except the clearing of titles to land, the citations for which were published in the Crockett newspapers during the summer. Ten or twelve divorces have been granted since the opening of court.

Very few civil cases remain on the docket, and it is expected that most of these will be settled before the end of the present term. The criminal docket at present has almost nothing to take up, and should be easily cleared, barring unexpected delays.

The criminal docket will probably be called the fourth week of court, beginning November 2.

Houston county has seldom, if ever, seen a quieter term of district court than the present one.

Plenty of boys are glad school has started. It gives them more mischief to get into.

## HOUSTON COUNTY IN SEVENTEENTH PLACE

The department of commerce, through the bureau of the census, has made public the preliminary report of cotton ginned in Texas by counties, prior to October 1, 1925, and October 1, 1924. The state of Texas had ginned 1,884,297 bales of cotton prior to October 1, 1925, as compared with 2,277,124 bales to the same date last year.

Houston county held seventeenth place among Texas counties up to October 1, with 29,266 bales, as compared with 19,652 bales for last year at the same date.

Figures for 178 of the 253 Texas counties were included in the report. Houston county had ginned more cotton than 161 of these counties, individually, besides the 75 counties not listed. The seventeen leading counties up to October 1 are as follows:

Hidalgo, 54,874.  
Hunt, 52,401.  
Collin, 51,442.  
Fannin, 46,556.  
Lamar, 45,808.  
Kaufman, 45,589.  
Cameron, 44,092.  
Ellis, 43,384.  
Fort Bend, 42,639.  
Navarro, 41,540.  
Rusk, 39,569.  
Smith, 39,520.  
Wharton, 34,626.  
Nueces, 34,582.  
Van Zandt, 33,379.  
Red River, 32,013.  
Houston county, 29,266.

## TEXAS PRESBYTERY CLOSED THURSDAY

In last week's issue the Courier had a report of the meeting of the eastern Texas Presbytery up to noon Thursday. The business of the session Thursday afternoon was the examination for ordination as a minister of the Gospel of Edgar C. Oakley of Crockett. After he had passed a thorough examination of three hours' duration, Rev. Oakley was ordained, with the ordination ceremony of the Presbytery.

The spring meeting of the Presbytery was awarded to Port Arthur, following which the Presbytery closed its business.

Crockett was glad to have the Presbytery meet here, and is always desirous of having further meetings here. The people of Crockett made every effort to cause those attending the Presbytery to have a pleasant and profitable visit and hope that a pleasant remembrance will always be held of the fall meeting of 1925.

## JUST A WORD WITH OUR SUBSCRIBERS

The Courier's readers were well pleased with last week's issue, as is evidenced in the fact that the Courier has an increased list of renewals and subscriptions this week. Despite heavy rains and muddy roads, a larger number have called to renew and subscribe during the last week than the week before.

The list this week contains twenty-eight names, or ten more than the list last week. The Courier appreciates this increase and hopes that the lists will continue to grow each week. Our subscribers say they could not do without the Courier, and certainly we could not do without our subscribers.

Among those calling to renew or subscribe, or sending in their renewals and subscriptions since last issue are the following:

### Mr. R. P. Teal.

The Courier has ascertained the following facts regarding the life of Mr. R. P. Teal, since writing the notice of his death: Robert Porter Teal was born in Barber county, Georgia, in 1856, being 69 years of age at his death. He came to Texas and located at Pennington in 1886. He was married to Martha Vickers December 15, 1879. Four children were born to them; one son, who died in childhood, and three daughters. The daughters, all of whom are living, are Mrs. W. B. Bagwell, Mrs. R. H. Bates and Miss Florence Teal.

### Travel Lecture.

An illustrated lecture, on "A Trip Through the Holy Land," will be given at the First Methodist church in Crockett at 7:30 p. m. Wednesday evening. Carl G. Busch of the Keystone Travel company of New York will lecture, using special colored slides made on the recent trip of Dr. Jesse Lyman Hurlburt and Chas. Foster Kent, which completed their fourteenth tour. Everybody is welcome. Come early, as a capacity house is expected.

Autumn leaves will soon take the place of summer flowers.

### BIG FOOT BALL GAMES ALL OVER COUNTRY

This Week Will See Both Sectional and Intersessional Games Featured.

By Brewer Bennett.

After T. C. U. and Baylor had opened the conference season with a tie, A. & M. sent S. M. U. out of the race with a brilliant 7 to 0 victory. Rice eliminated Arkansas by winning a thrilling 13 to 9 victory.

The Texas conference schedule opened with a 13 to 13 tie, Howard Payne and Southwestern being the participants. Numerous T. I. A. A. games were played early in the season.

General foot ball interest centers around the game Saturday at the state fair between S. M. U. and Oklahoma. Although the Sooner team downed Drake Saturday 7 to 0, we pick the Methodists to win this game on speed.

Texas is host to Rice at Austin Saturday in a regular conference game. The Owls licked the Longhorns 19 to 6 in 1924, but this year Rice has a much less powerful team. Texas is

more than anxious to avenge this defeat. From the convincing fashion in which Texas overwhelmed Auburn, the score being 33 to 0, it seems certain that Texas will do so.

T. C. U. has a game of special conference rating against Oklahoma A. & M. Saturday at Stillwater. The Sooner Aggies are not now in the conference, but this game counts in order that T. C. U. may have four conference battles. While T. C. U. was out-scoring Simmons 28 to 16 last Saturday, the Aggies were tying Washington 0 to 0. Not only is T. C. U. a jinx to the Stillwater club, but we believe the Horned Frogs are the better team this year. T. C. U. won, 17 to 10, in 1924.

Texas Aggies have a practice game Friday at Kyle field with Sam Houston. Sam Houston beat S. L. I. I. 7 to 2 last week. All things considered, the Aggies should win by a comfortable, but not large score.

Baylor, after being beaten 10 to 3 by Trinity, will hardly be favored to swamp Howard Payne at the Cotton Palace Saturday. The Yellow Jackets will give the Bears plenty of opposition.

Arkansas meets Phillips at Fayetteville Saturday, and the Razorbacks should give her home fans a victory, as in 1924 when they won, 28 to 6.

Trinity has a T. I. A. A. game with San Marcos Teachers Friday at Waxahachie. The Tigers are due to continue their winning ways.

Southwestern and Austin College, Texas conference clubs, meet Friday in their annual game at Temple. Southwestern won last year 20 to 9, and is hoped to repeat.

West Texas Teachers play Simmons at Abilene in another T. I. A. A. game Saturday, and the Canyon team will have a merry time stopping the Cowboys, although Canyon won 12 to 6 last year.

Daniel Baker and St. Edwards tangle at San Antonio Saturday. The Catholics should beat the Hill Billies, who lost to Austin College last week 23 to 0.

East Texas and North Texas teachers meet Friday at Denton. The Denton team, which beat Stephen F. Austin last Friday 10 to 0, is a slight favorite. Both are T. I. A. A. teams. Abilene Christian meets Dallas U. at Dallas this week, with no favorites.

Texas Tech, victors over Montezuma 30 to 0, plays Clarendon at Lubbock Saturday, the Matadors being scheduled to win again.

Stephen F. Austin should win easily Friday against Marshall College at Nacogdoches.

Lon Morris goes to Greenville Friday to play Burleson, who last week beat Rusk 14 to 0. Burleson should win in a tight game.

Tulane, after downing Mississippi A. & M. 25 to 3, goes to Chicago to meet Northwestern. Tulane may beat Northwestern, who was beaten 6 to 0 by Chicago.

Missouri Valley teams play as follows: Kansas at Nebraska; Missouri at Kansas A. & M.; Drake at Grinnell. Big Ten teams play as follows: Michigan at Illinois; Chicago at Pennsylvania; Iowa at Ohio; Notre Dame at Minnesota; Purdue at Wisconsin.

Other big games are: Alabama at Georgia Tech; Vanderbilt at Georgia; Yale at Brown; Dartmouth at Harvard; Colgate at Princeton; Carnegie at Pittsburgh; Michigan Aggies at Penn State; Lafayette vs. Washing-

### MAD DOG BITES THIRTEEN CHILDREN

Teacher at Orphans' Home Saves Many in Battle With Brute.

Austin, Oct. 14.—Thirteen children, inmates of the state orphan home at Corsicana, and an instructor were brought here Saturday for treatment at the Pasteur Institute, after having been bitten by a rabies-infected dog at the home.

Their arrival disclosed a story of courage and heroism, as the teacher in the orphans' home rushed to the rescue of the group of small children, and was bitten by the dog as she pulled the children away from it and fought the dog off.

Probably still more of the orphan home inmates would have been bitten, except for her courageous act, it was said.

The group of children and the instructor were brought here by Prof. Pitts of the orphans home, and were taken Saturday to the Pasteur Institute for their first

### Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. "A neighbor told me of

### BLACK-DRAUGHT Liver Medicine

and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep, and could do twice the work." Bilious attacks are "seasonal" with many people. ## COAST GUARDSMEN GET 238 RUM SHIPS

Captures of Liquor Exceed \$10,000,000 in Value, Officials Announce.

Washington, Oct. 16.—The coast guard's dry navy has captured 238 seagoing vessels and approximately 400 prisoners since its concentration against rum smugglers was started about seven months ago.

This result has been obtained with the loss of four government ships and about three members of their crews.

Making public the figures Friday, the coast guard said its captures of rum has exceeded \$10,000,000 in value.

Officials believe they can control the situation, provided adequate personnel and equipment is made available, and congress will be asked to increase appropriations for the work.

In carrying out the winter patrol program, the coast guard is moving some of its vessels south from New England coast, and is putting them in service around the Florida Keys. It never has been made known how many

boats the guard will use in the Southern waters, but recent reports of the rum fleet in those waters have somewhat alarmed officials.

The government has not been able to hold all of the captured ships, some of them having been liberated by court action. At the request of the treasury, the department of justice has ordered several cases appealed and is prepared to seek adjudication of other cases by the supreme court.

### Cotton Crop Increases.

Jasper, Texas, October 16.—Jasper county has already ginned 926 bales of cotton more the total amount ginned last year. It is also estimated that there are enough bales yet to be ginned to bring the 1925 total to 3000 bales. Some idea of the remarkable progress of the cotton production of Jasper county can be seen in the following figures: Nineteen hundred and twenty-one, 500 bales of cotton; 1922, 800 bales; 1923, 1527 bales; 1924, 1897 bales.

## 12 HOURS AHEAD OF ANY OTHER PAPER

Last week the Courier was twelve hours ahead of any newspaper carrying the results of the final game of the world series in reaching its readers in Crockett. The Courier was also the first paper reaching Crockett to present a photographic reproduction of the winning team to its readers. This was, of course, only possible by having the pictures of both teams on hand and printing the picture of the winners.

The series was very close. Washington won the first, third and fourth games, leaving Pittsburgh the one chance of winning the last three games, which they did. Washington won the world series last year, and the American league entry was beaten very little this year. We are presenting the photographic likenesses of the Senators this week.

The seventh and deciding game of the series was played at Forbes Field, Pittsburgh, Thursday afternoon of last week and was concluded between three and four o'clock, Crockett time. By five o'clock the Courier had part of its papers printed and in the postoffice. The Courier writer, after listening to radio reports of the game, wrote his own version, and the paper was placed in the postoffice with a story of the game in less than an hour's time after the game was played and twelve hours ahead of any other newspaper reaching Crockett readers.

### Houston County Cotton.

The preliminary report of the government bureau shows that 29,266 bales of cotton had been ginned in Houston county prior to October 1, as compared with 19,652 bales ginned prior to October 1, 1924. These figures were furnished the government by R. C. Stokes, cotton census enumerator.

Houston county's 1925 cotton crop will exceed the 1924 crop, as Houston county made about 30,000 bales in 1924, while over 29,000 bales had been ginned before October 1 this year.

### Good Farm for Sale Cheap.

640 acres near Neches in Anderson county. This farm has four sets of improvements and has made as high as 75 bales of cotton a year with lots of other farm products. Under proper management ought to pay for itself in a short time. If interested write R. E. Aiken, 978 Morrell Street, Abilene, Texas. 4t.\*

## SINGLE DROUTH DOES NOT BREAK PEOPLE

General opinion seems to be that the entire drouth district is "broke" and "ruined." This is fortunately far from the real case. Brenham is in the heart of the drouth area, yet the recent statements of the Brenham banks show almost as much money on deposit as was in the banks this time last year. The people in that section of the state are of German and Bohemian extraction, and are very thrifty and industrious. Their thrift enabled them to place good deposits in the banks, and also enabled them to keep good deposits. Where thrift and industry prevail it is hard to "break" a community, county or section, in one year's time.

### Prosperity in Houston County.

The statements of Houston county banks, for the last call, published in the newspapers, reflect prosperity among Houston county people. Houston county has nine banks and all nine of these banks show good deposits. Favorable conditions for next year seem to be reflected in these statements. It is doubtful if many fall statements have ever reflected better financial conditions in Houston county than do these just issued. Considerable thrift has been displayed by farmers and business men this year, with results that are an incentive to thriftiness every year.

### Coming Wedding.

Mr. and Mrs. Burgess Barr Warfield have issued invitations to be present at the wedding reception of their daughter, Miss Ruth Burgess, and Mr. John Gary Arledge, which happy event will take place on Thursday evening, October 29, at nine o'clock at their residence in Crockett. The marriage ceremony will be performed at eight-thirty o'clock at the home

of the bride's parents in this city. This will be an important social event of the season, both families being prominent and popular in the city's social and business life.

Whenever and wherever disaster strikes, the American Red Cross is ready to render immediate relief. It is the nation's recognized agency of mercy to those who suffer injury and loss in tornado, flood, fire, epidemic and other catastrophe. It provides medical assistance, food, clothing and shelter in the first terrible hours; and then, for weeks, often months, it is devoted to the stupendous task of bringing the disaster victims back to normal living conditions.

During the World War, when patriotism was at fever heat and no sacrifice was too great to be made for our country, who failed to thrill with pride at the sight of the Red Cross and the thought of the work it was doing? Without it, we probably could not have won the war as soon as we did. It was the official representative of our United States in the field, and took the lead in all the great drives to keep stimulated the morale of those who stayed at home. During those times, when every hour of every day was filled to overflowing with various kinds of government work, selling liberty bonds, thrift stamps—sewing, knitting, saving and collecting money and materials, no one stopped to ask the cost—it was enough that we were working with one common aim—to win the war and do it now. It was a fine enthusiasm and, for the first time in our history as a nation, we became a homogeneous people where we had before been a collection of alien tribes.

**WHEN DISASTER STRIKES.**

Whenever and wherever disaster strikes the American Red Cross is ready to render immediate relief. It is the nation's recognized agency to those who suffer injury and loss in tornado, flood, fire, epidemic and other catastrophe. It provides medical assistance, food, clothing and shelter in the first terrible hours; and then, for weeks, often months, it is devoted to the stupendous task of bringing the disaster victims back to normal living conditions.

This idea of service extended not only to our own United States, but included the whole world. We became to the nations of the earth a fairy godmother. Where suffering was, we asked no questions and regarded neither "creed nor color nor birth," but sent our official representative, the Red Cross, and the stable condition of the world today is largely traceable to the activities of the Red Cross.

A recent demonstration of its promptness and efficiency in meeting catastrophe on a huge scale was following the tornado that swept five middle western states in March, 1925, killing more than 800, injuring more than 3000, and wrecking millions of dollars worth of property.

The Red Cross was probably first conceived in the mind of Florence Nightingale, a nurse attached to the British army in the Crimean war. Our own Clara Barton gave it its birth during the Spanish-American war. Beginning as an American institution, it now has organizations in every nation of the earth, and is the only really international organization on the earth. It is recognized by our congress, and its books are audited by the war department. It is the only organization to which the president of our United States will lend the dignity of his name.

With more than forty years of experience in this field of service, with a corps of trained workers in more than 3,000 chapters scattered all over the country, with an enrolled reserve of 41,000 nurses, with funds set apart for the purpose, the Red Cross goes into action equipped for any contingency, the instant it knows disaster has struck.

A great question now confronts us: Shall we allow this splendid idea of service born during the struggle and travail of a great war to die out, or shall we "carry on" with this organization and make our country and the world in general a still better place in which to live—realize the hope of our immortal leader, Woodrow Wilson, and "make the world safe for democracy."

It not only serves the people of its own country but goes to the aid of those in other lands also in great emergencies.

The war showed us several things, not the least of which was that we were not as strong a nation physically as we fondly believed ourselves to be. Fully fifty per cent of our soldiers were physically defective and from causes that should have been

eliminated in their youth. As a people, we Americans consider ourselves the intellectual peers of any on earth, but we are woefully deficient in our knowledge of health building and almost criminally careless in our attitude toward the conditions under which our young citizenship is being reared.

Here, again, the Red Cross—the mother of the soldier in the field and the mother of the sick and unfortunate in the paths of peace—has stepped into the breach; has come forward with the proposal that it be allowed to eradicate the evil tendencies and disease breeding conditions that surround our growing youth and to make the coming generations a strong, virile people, fully competent to be citizens of what is destined to be the greatest nation of the globe. It realizes that, without health and its consequent benefits, we cannot hope to maintain our place among the nations in the mad economic struggle.

In the realization of its ambition, it proposes to begin in the only proper place in this free republic of ours—the public schools. Within the walls of our public schools lies the future of "government for the people, of the people and by the people." It proposes to teach to the young, retentive mind the basic principles of first aid, life saving, home hygiene and nutrition. The cumulative value of this knowledge to even one generation of school children is impossible to estimate. To these school children, President Wilson leaves this message: "Your education will not be complete unless you learn how to be good citizens, and the Junior Red Cross plans to teach you simple lessons of citizenship through its organization and its activities. The Junior Red Cross will instruct you in ideals and habits of service, will show you how to be useful in your school, and how to aid the older people in your community in their effort to promote the health and comfort of the people among whom you live. It is your generation which must carry on the work of our generation at home and abroad, and you cannot begin too soon to train your minds and habits for this responsibility."

Such words, from such a source, cannot fail to inspire and must not go unheeded. We would be woefully negligent in our plain, simple duty were we to fail to extend every possible effort in assisting the Red Cross in this new undertaking for humanity.

The local chapter of the American Red Cross has been able, for the past two years, to secure the services of a nurse for school work for only three months during the year. It is now entering upon a drive to raise sufficient funds to secure the full-time services of such a nurse. Most of this nurse's time will be spent in the rural schools and she will work in full cooperation with the teachers and doctors of the county. When this drive is put on, Houston county will not fail to raise the money—she has never failed whenever a worthy cause was properly presented. Just as she gave of her best in war times, so will she "carry on" during peace times. Supporting the movement in this county are some of its very best and most highly respected citizens; they are glad to give of their time and of their means in so worthy a cause and to be enrolled under the banner of the Red Cross—"the greatest mother of them all."

"The organization which I undertook to build up two years ago has been disorganized from time to time by the state highway department in removing competent and efficient men, without apparent cause or reason."

**Linen Shower.**

A unique linen shower was given to Miss Ruth Warfield Friday, October 16, by the teachers and officers of the Methodist Sunday school, of which Miss Warfield was a much appreciated fellow-worker. Dr. and Mrs. Lehmberg graciously extended their home for this occasion.

After an hour of pleasant conversation, music was rendered by Miss Jennie McLean and Mrs. Claud Brown, when little Miss Esther McConnell drew in a fairy wagon loaded with packages. As Miss Warfield opened her gifts, she expressed her admiration and delight in a most charming manner.

Out of town guests were Miss Eby of Harrisburg, Pa., and Mrs. Louis Bond of Rusk. Delicious refreshments of sandwiches, tea and cake were served. Many expressions of love, and good wishes for the future, were registered in a beautiful book prepared for the affair, a gift of Miss Mary McLean.

Waco, Texas, Oct. 17.—Senior women at Baylor university have been refused permission to ride to and from engagements at night. President S. P. Brooks refused the request Friday.

A week ago the senior women petitioned the faculty for permission to ride to and from engagements at night.

President Brooks, in replying to the petition, said: "I applaud the kindly spirit that animated you in the presentation of this matter. With the highest appreciation of you, each and as a class, but acting with the best judgment I have, I doubt the wisdom of your request."

No women undergraduates are

allowed to ride in automobiles at night.

"Speaking purely as a chemist, not as moralist, I cannot avoid the opinion that American society would be immensely benefited if prohibition were strictly enforced. There is a definite relation between chemistry and morals, and alcohol produces an attitude toward life which society cannot afford to foster. It causes crime. It inflames passion. It unseats reason. The complete removal of alcohol, I am convinced, will change human nature for the better. My observations as a chemist compel me to reach this conclusion."

**FUNNIEST CHAPLIN IN "THE GOLD RUSH"**

"The Gold Rush," Charlie Chaplin's new screen feature coming soon to the Auditorium theatre under a United Artists Corporation release, is a symbolical autobiography by Chaplin himself. With that genius which is peculiarly his own, and against the background of old Klondike gold rush days of Chaplinesque conception, the greatest screen-comedian has depicted with subtly tender and delicate master-strokes the struggle of man's eternal hunt for happiness, its heartbreaks and tears and its laughter and joy.

Charlie Chaplin of the derby, cane, baggy trousers, funny mustache and waddling walk who has made the whole world laugh more than any other mere comedian that ever lived, has built in "The Gold Rush" a delightful structure of fun and laughter.

On the tragedy and misery suffered by the pioneers who first journeyed to the ice-bound Alaska, and on the drama of the soul sufferings of the sourdough who braved mountains, ice, snow and starvation and death in their mad rush for gold, Chaplin has built the funniest and most hilarious comedy of his career. He has clad himself in the role of a hard-luck sourdough who chases rainbows of the soul and heart in the midst of a mob that chases one thing only—gold and nothing but gold. Pathos and suffering are converted into comedy and laughter—there is a laugh in every one of the eight thousand or so feet of "The Gold Rush." It.

## MADISONVILLE HIGH DOWNS C. H. S., 13-0

Madisonville High defeated Crockett High Friday in the first football game of the season 13 to 0. Madisonville easily outclassed the local team in the first half, but the teams battled on even terms in the second half. Crockett put two men on the field who had had previous high school experience. One man had never seen a game. The coaches and players were well pleased with the game and the spirit displayed. Madisonville has one of the cleanest teams that Crockett ever met, and it is hoped that excellent athletic relations will begin between the two schools as a result of this game.

Madisonville received on the north end and marched straight up the field on plunges and end runs for two first downs and a touchdown. A fake plunge failed to make the extra point. Score: Madisonville 6, Crockett 0.

Brannen received for Crockett and returned twenty yards to the forty-yard line. Two plunges failed and Parker punted 35 yards. It was Madisonville's ball on her own 40-yard line. End runs netted three first downs and put the ball on Crockett's six-yard line. The visitors drew a backfield in motion penalty as the first quarter ended. With fourth down and goal to go, Murphy tackled for an 8-yard loss. Crockett kicked, but the ball was run back for a touchdown. Goal was kicked. Score Madisonville 13, Crockett 0.

The rest of the first half was

## How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

an exchange of punts, neither team making gains.

The second half saw the visitors receive a short kick in mid-field. Madisonville could not gain and punted. Parker punted and Madisonville partly blocked the kick. A 10-yard pass failed to make up for an offside and a 5-yard loss, and Madisonville kicked.

Crockett got a break and covered a fumbled punt at mid-field. Another punt sent Madisonville back. Madisonville then got a 50-yard punt deep in C. H. S. territory. Parker responded by kicking the ball back 40 yards.

Madisonville made a first down but drew a 15 yard penalty for holding interference. Crockett covered a fumble deep in the visitors' territory as the game ended.

Coach Jordan started the following men: F. Sharp and Turner, ends; Dawes and Nelson (acting captain), tackle; Towery and Bryant, guards; Dawson center; Foster, quarter; Driskell and Brannen, halves; Parker, fullback. Hester, Adams, Callaway, Tolliver, Murphy and J. Sharp were used as substitutes.

Score by quarters:  
Madisonville 6 7 0 0—13  
Crockett 0 0 0 0—0

### Meanest Wife Stays on Blind Side of Hubby.

Los Angeles, Oct. 16.—Almer E. Myers testified in divorce court here that he had the meanest wife in the world.

Almer is blind in one eye. When he took his wife out, he complained, she always maneuvered to his left side so that she could flirt with other men.

He developed a stiff neck, Myers said, keeping his good eye on his wife.

## LET'S KEEP CROCKETT MONEY IN CROCKETT

It is a short-sighted policy of any business institution to send out of its home town for its printing in order to effect a small financial saving. The saving thus effected is more than offset by the waste in economic principle. It is always economy to buy in the home town regardless of any outside inducement. Money spent in the home town, whether for printing or other merchandise, finds its way back through the varied channels of trade. Money sent away to pay printing bills and other bills never finds its way back. As an example, the Courier pays out considerable money in Crockett in the way of wages, rents, electricity, repairs and other incidentals. The money thus paid out finds its way back into the various trade channels of Crockett. If it is not returned directly to the people from whom we get it, it is returned indirectly. The people to whom the Courier pays it spends it with somebody, and those with whom it is spent spend it with some one else. It is kept circulating and reaches them more than once. The profit made by each business institution through such circulation more than offsets the saving made by any business institution in Crockett in sending to other cities for its printing and other merchandise. Sent away, that money is gone forever.

### NOTICE BY PUBLICATION.

The State of Texas, County of Houston. In Probate Court.

The State of Texas.

To the Sheriff or Any Constable of Houston County, Greeting:

You are hereby commanded to cause to be published in the Crockett Courier, a newspaper of general circulation published in said county, at least once a week for twenty consecutive days before the return day hereof, the following notice:

The State of Texas.

To all persons interested in the Estate of I. A. Daniel, Deceased:

Mrs. Ruth King Daniel, administratrix of the estate of I. A. Daniel, deceased, has filed in the County Court of Houston County, an application to sell the following described real estate to-wit:

An undivided one-half interest in and to lots four, five, six, seven, and eight, in block two, of Depot Addition to the City of Crockett, as shown on the map of said addition as same appears of record in the Deed Records of Houston County, Texas, together with gin, gin machinery, buildings and other improvements situated upon said premises, which said proceeding will be heard by said Court on the 9th day of November, 1925, at the Court House of said County, in Crockett, at which time all persons interested in said estate are required to appear and answer said proceeding, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Crockett, Texas, this 14th day of October, 1925.

(Seal) W. D. Collins,  
Clerk, County Court,  
3t. Houston County, Texas.

### Dry Agents Freed of Murder Charge.

Newkirk, Okla., Oct. 16.—Joe Alvarado, prohibition agent and former official executioner for the Mexican army, was acquitted of murder by a jury in district court here Friday.

Alvarado shot S. B. Houser last December while conducting a raid on Houser's cafe in Ponca City. He said he shot to save himself.

The state Thursday demanded to know how many men Alvarado had executed while in the employ of the Mexican government, but the defense objected and the question went unanswered.

The main differences between the upper class and the middle class is that not many things bore the middle class.

## WE MUST BUILD A BETTER FARM LIFE

Fort Worth, Texas, Oct. 12.—"Farm civilization is not a matter of merely growing more corn and more hogs at less expense. Spiritual and esthetic values are a reality. They must be built into the background of our farm life in the same way as the Danes have built their rural high schools," says Wallace's Farmer.

"Our greatest need in the United States today is a greater teacher in spiritual values, in terms which the farmer can understand. We can yet build on the farms the finest type of living which the world has ever seen. Also we have the choice of wrecking this marvelous soil by farming it with people who have come by bitter experience to feel that they are an insignificant cog in a predominantly commercial nation. I want to say that an agricultural civilization is worth while in its own right. The chief end of a nation which hopes to endure is not to build up merely a city civilization. We

must have fine and enduring satisfactions in farm neighborhoods. Here is a matter to challenge the constructive imagination of the biggest men in the United States. For the time being I feel that we need two classes of men—one class of hard fighting, clear thinking diplomats to keep the agricultural point of view to the fore at Washington, and the other men of artistic and spiritual temperament who will continually hold before us the vision of the kind of life which we can eventually build."

The knock in the motor is plainer when it is idling. This truth has a human application.

**Why We are Partners**

**T**HE Public, the Texas Power and Light Company and the Employees of the Company are partners in the enterprise. The interests of the three are so interwoven as to be identical. The Public requires service to the end that this community may grow, develop and prosper. Without the service furnished by a proper, adequate, up-to-date power and light system no community can develop in a modern way.

The Employees of this Company are interested in the prosperity of the Company, because such prosperity means better wages and working conditions — more prosperity for them.

This Company is interested in its own prosperity, because upon that depends its ability to attract the constant inflow of new capital needed for it to keep pace with the growth of the community it serves.

Thus, service, upon which the development of this community is conditioned, the wages and working conditions of our employes and the integrity of investment all depend wholly and solely upon the prosperity of this Company.

That is why the public, this Company and the employes are partners, equally interested in the success and prosperity of the enterprise.

**FLOGGERS' VICTIM GIVEN DAMAGES AGAINST THEM**

Georgetown, Texas, Oct. 16.—Damages aggregating \$7000 were awarded R. W. Burlison by a jury here Friday in the case against R. E. Bledsoe and 26 other alleged members of the Ku Klux Klan. Burlison asked \$100,000 damages for injuries and humiliation suffered when beaten by a band of men near Taylor in 1923.

Exemplary damages of \$4000 and actual damages of \$3000 were awarded.

Records and proceedings of the famous flogging cases, in which five men were sentenced to the penitentiary, were reviewed during the trial of the civil case. Attorney General Dan Moody, who led the prosecution of the criminal cases, was a principal witness. He related facts developed in the previous trials. The jury deliberated all night.

The verdict was against the following defendants: Olin Gossett, Murray Jackson, Dewey Hall, M. S. West, Frank Robbins, K. C. Baker, Henry Wilson, Frank Pyle, G. W. Loftus, A. A. Davis and J. R. McDaniel.
