VOLUME XLIV.

GRAHAM, TEXAS, THURSDAY, NOVEMBER 20, 1919.

NUMBER 13.

## OIL ACTIVITY AROUND ELIASVILLE

Mr. Green Newell, of Eliasville, was in Graham yesterday and reports unusual activity in oil circles around Eliasville. He reports the Kid Camp, near J. W. Hill No. 1, has over one dozen houses erected and eight more contemplated. He made the following report while here:

Mid-Kansas, Graham-Vick, six miles south of Eliasville, flowing in heads every ten minutes.

Mid-Kansas, S. H. Hill No. 1, drilling at 2400 feet, three miles southwest of Eliasville, good prospects.

Mid-Kansas, S. R. Hill No. 1, drilling at 1400 feet, two miles south of Eliasville.

Mid-Kansas, Milam No. 1, 2900 feet, four miles south of Eliasville.

Prairie Oil and Gas Co., on the Armstrong Survey, two miles south of Eliasville; waiting on tankage; hole full of oil; 3217 feet.

Mid-Kansas Oil & Gas Co., Hill No. 1, 3228 feet, 300 barrels; four miles south of Eliasville.

### LEPRADE-SNODDY

A charming college romance was culminated this morning at 6:15 when Miss Buford Snoddy and Rev. Robert J. LePrade were quietly married at the home of the bride's parents. Rev. B. A. Snoddy, father of the bride assisted by Rev. T. E. Bowman, performed the impressive ring ceremony. The bridal couple, preceded by dainty little Miss Marguerite Vaughan, as flower girl, entered to the strains of the wedding march played by Miss Dorothy Vaughan and stood beneath a lovely improvised arch of ferns and white chrysanthemums.

The bride was beautiful in a becoming costume of Poiret brown velvet with all accessories to harmonize.

Miss Snoddy is a 1917 graduate of Southern Methodist University of Dallas, and is a young lady of winning personality and grace, possessing many college friends and admirers, as well as countless friends, both young and old in her home town of Graham.

The groom is 1917 graduate and 1918 post graduate of Southern Methodist University, where he played a prominent part in the many activities of university life, and is now pastor of First Methodist church of Stroud, Oklahoma, where the happy couple will reside.

The many lovely wedding gifts speak in part the sincere well wishes and love that accompany them to their new home. Those present were a few intimate friends and neighbors.

### NORSIS-STEADMAN

Sherrill Norris and Miss Mary B. Steadman were quietly married yesterday evening, November 19, at 6 o'clock, at the home of Mr. and Mrs. Charles P. Hutchison, Rev. J. E. Evans officiating with the ring ceremony.

Miss Steadman, who is teacher of piano in the Graham schools, came here in September from her home in North Carolina, and is a fine musician, having studied mostly in Virginia College, Roanoke, Virginia. She has become very popular here by her very congenial and pleasant disposition, especially with her class of almost thirty pupils which she will not give up.

Sherrill is a popular Graham boy, son of Mrs. Louise Norris, and is just out of the navy. He is interested in the farm just north of town, but at present is with Norris-Johnson Hardware Co., which his mother is interested, and has been living in College Heights Addition in town where his mother recently purchased a new home.

The bride wore a navy blue George de la Plante dress with heavy embroidery. Immediately after the ceremony they went to the home of his sister, Mrs. Claud Bloodworth, where Mr. and Mrs. Bloodworth gave a family dinner in their honor.

They will make their home with their mother for the present.

## POSTMASTER DESIRES MAIL DEPOSITED BY 3

On account of the increased volume of mail now going through the Graham postoffice and labor must necessarily be used to properly clear it, a great help can be extended the Graham postoffice if business firms and the public generally will deposit their mail by 3 p. m., where possible. By holding mail until a later hour before depositing causes a large accumulation at one time, therefore late hours for the already inadequate help. Of course, there are firms who are unable to comply with this request on account of the day's business determining their correspondence, but if the public generally will get the "habit" of mailing early it will greatly facilitate matters at the postoffice.

### REGARDING BOUNDARY LINES

The County Attorney is in receipt of the following:

October 30, 1919.  
Honorable Chas. C. Triplett,  
County Attorney  
Graham, Texas.

Dear Sir: We have your communication of October 22nd addressed to this Department in which you submit the following inquiry:

"Where a survey calls for the bank of a river does that mean the first or second bank of the river?"

Your inquiry is for the purpose of determining who owns certain pecan trees on the bank of the Brazos river—the public or private individuals.

In reply thereto, I will refer you to some facts of an opinion prepared on a similar subject by Mr. Smedley, formerly of this Department. The question under discussion in the opinion was what constitutes the boundary of Texas along the river. In discussing same the writer says:

"It is a general rule that when the bank of a stream is described as the boundary the title will extend to the margin of the stream unless there is something to limit it to the top of the bank. See Farnham on Water and Water Rights, Section 657 and the cases there cited. See also, Nelson vs. McCormick, 15 N. Y. 296; Yates vs. Van BeRogart, 38, N. Y. 626; Lamb vs. Ricketts, 11 Chic. 311; Fleming vs. Ramsey, 27 Ky. 155.

"The ordinary meaning of the word 'bank' is the elevation of land which confines the river at ordinary high water, or the elevated land between ordinary high and ordinary low water. See Daniels vs. Cheshire, R. Co. 26 N. H. 85; Stone vs. City of Augusta, 46 Me. 127; Johnson vs. Enott, 13 Ord. 308; 10 Pac. 418; Sundial Ranch vs. Hay Land Co., 61 Oregon, 205; 119 Pac. 768. Houghton vs. Chicago, etc., Ry. Co., 47 Iowa, 370.

"In the language of some of the authorities, 'the banks of a river or stream are understood to be that which contains it in its ordinary state of high water.' See Minor's heirs vs. City of B. O. 115 L. A. 391; 38 So. 999. Ensley Development Co. vs. Powell, 147 Ala. 306; 40 So. 137.

"The banks of a stream immediately adjacent to its bed. The banks confine the waters within the bed." The point clearly made in the above is that where the bank of a stream is designated without other objects to fix the exact boundary of a piece of land, it is meant the margin of the stream. Of course we understand that in the Brazos river, as in any other western streams, the water does not follow any fixed line in the bed of the stream but shifts with the seasons. Our construction of the bank would be, as set out above, that part of the soil or land that confines the waters of the stream at ordinary flood, and by the margin of your stream, as used above, it would mean that portion of the bed of the stream that would measure the water in the river at ordinary mean low water mark if the thread of the stream were adjacent to the bank.

I think the quotations from the opinion above will clearly advise you on the question at issue.

Yours very truly,  
JOHN MAXWELL,  
Assistant Attorney General.

## DR. SANDIFER SPEAKS HERE

Dr. J. D. Sandifer, President of Simmons College at Abilene, and one of the greatest men in the Baptist denominations in Texas, spoke at the Baptist church in this city last Thursday night. In his address Dr. Sandifer announced that the Simmons would be raised from a college to a university at the opening of the 1921-22 term. A building campaign has been inaugurated and five new buildings to cost in the neighborhood of one million dollars will be erected, which will make Simmons one of the best physically equipped institutions in the South. At present the college has nearly eight hundred students enrolled and several hundred were refused admission because of lack of room to care for them.

Under the direction of Dr. Sandifer Simmons College has forged rapidly to the front, despite the fact that the Abilene country and all West Texas came to the verge of ruin in the recent years of serious droughts, and gives fair promise of building in a few more years one of the leading institutions of its kind in the nation.

### A VISITOR'S IMPRESSION OF OUR NEIGHBORING TOWN

A town to progress must think progress, it must be guided by its optimists and must have a clear idea of future demands. One can not but help be favorably impressed with Olney as a town possessing pride, with a determined citizenship who like to do things and who think progress. It is evident in the business institutions, and lighted streets.

Olney's business men are aggressive and alive to the demands of the present. Its banking institutions—the First National and the Campbell Banking Company—are ably managed and their fixtures up-to-date; its business houses, among whom are Terrell Collins Company, Anderson Drug Company, Jno. E. Morrison Company, Stephens, Roach & Co., J. K. Thomas Hardware Co., Bolding & Lunn and the Olney Enterprise and others, comprise an advance class any community should feel proud to have among them.

We should never go through life at such a pace as to forget those sturdy men who blazed the way, who endured privations in the early days that we might prosper, and in saying this we have in mind S. M. J. Benson, a former cowman of the plains and well known today among the old timers of Baylor and Throckmorton and Wilbarger counties, now developing the oil possibilities near Olney. Others of prominence are J. K. Thomas and J. T. Hunt.

The above observation and impression of Olney was made this week while on a trip to Wichita Falls by the writer. The journey was made over roads that compelled one to wish traveling was continuous as you settled down in your seat and surveyed the passing country, then as the joy of traveling had reached its heights, these happy thoughts would be forced away by an unwelcome descension into the road. However, not to be misunderstood, the roads over which we traveled are receiving attention, and we believe will be in good condition in another week, unless bad weather intervenes.

### OPERA CHAIRS PURCHASED FOR GRAHAM OPERA HOUSE

Manager J. T. Vaughan informs us that he recently purchased four hundred opera chairs for his opera house. The new chairs are expected in by the close of the month and will be installed at once.

Mr. Vaughan intends to keep step with the progress of the town and give his patrons the very best that good business judgment will permit. Much new work has been done on the interior of the building to make it more attractive and much more will be done before the winter show season opens. Several good companies have been booked for shows here during the coming months and arrangements have been made to bring some exceptionally fine photo plays here in the near future. Mr. Vaughan intends to give his patrons the best to be had, and in a nice comfortable playhouse.

### EARL TYRA DEAD

Earl Tyra, eight years of age, died of fever at the home of his parents, Mr. and Mrs. E. L. Tyra, near Murray, November 12, and was buried in the Tyra cemetery the following day.

### CLIFFORD WIGNALL DEAD

Clifford, the five-year-old son of Mr. and Mrs. Guy Wignall, died at the family home in this city at 7:30 o'clock yesterday evening and will be buried in Oak Grove Cemetery at 4 o'clock this afternoon. Death was caused from enlargement of the liver.

### MRS. BELLE BLACKWOOD DEAD

Mrs. Belle Blackwood, a resident of this county for many years, died at her home in this city Tuesday, November 11, and was buried in the Median Chapel cemetery the following day, Rev. G. W. Black conducting the funeral services.

Mrs. Blackwood was born February 25, 1863, and was at the time of her death 56 years old. She had been a member of the Primitive Baptist church for many years and lived a true christian life.

She leaves one son and two daughters.

## NEW OVERLAND-4 NOW ON DISPLAY

Fred Stewart, local agent for the new Overland-4 which is creating considerable favorable comment among automobilists everywhere, has received his demonstration car, which he has on display at Babb's Garage at the northwest corner of the square.

Mr. Stewart is quite confident he has the greatest bargain ever offered in an automobile and anticipates a big business this season. All who have seen or ridden in the new car pronounce it superior to any they have seen for the price asked and many of them are really enthusiastic in their praise of the easy riding qualities of the car and its superior motor power for a four. Mr. Stewart is confident the new three-point cantilever springs solve the problem of combining comfort with light weight and economy. The new car was tested for two years before being placed on the market during which time it was driven over the worst roads in the United States and in all kinds of weather. If you are thinking of buying a car, call on Mr. Stewart and let him show you the many superior qualities of the new Overland-Four.

### CITIZENS SEE GRAHAM FROM ABOVE CLOUDS

Lieut. G. H. Beverly is in Graham this week with his Curtiss airplane taking up passengers for sightseeing trips at \$10.00 per ride. Lieut. Beverly has just finished an engagement with Uncle Sam, extending over a period of nearly two years as instructor in flying, finishing thirty-four flyers for Uncle Sam.

Come to Graham this week and next week. You will have a chance to fly with this noted instructor. Afternoons only unless by special appointment. Call Beverly at Hotel Dolman.

Come out and watch Lieut. Beverly handle his slip; you want to take a ride if you are with the right pilot. See if Lieut. Beverly isn't the pilot you have been looking for.

### RETURN FROM OUTING

F. M. Burkett and family returned last Saturday from a three weeks' automobile trip and outing in South Texas. It rained most of the time while they were out and at times the roads were impassable, but they all enjoyed the outing and returned home feeling that the trip was really as pleasant as could have been wished for. With the exception of deer, they fared on most all kinds of wild meat, of which they had an abundance.

The party crossed the Rio Grande and spent one day in Old Mexico before starting home. Marion Burkett, who was visiting them and accompanied them on the trip, returned to Bartlesville, Oklahoma, Sunday where he is employed with one of the largest oil companies in the State.

### AT THE METHODIST CHURCH

Please note this announcement: Dr. Robert S. Hyer, President of Southern Methodist University, will speak at the church Sunday morning. Dr. Hyer is one of the strong laymen of the church, and also one of the great school men of the South. I crave for him a large and enthusiastic hearing.

This other word: I am glad for the opportunity of laboring with the good people of Graham for another year. I am ready to render any service for the church and community. Let's start off the new conference enthusiastically. Meet me at Sunday School at 10 a. m.

Yours to serve,  
T. E. BOWMAN.

## GRAHAM

"Where Life Is Worth Living"

To the man who wishes to cast his lot among a people that are pushing forward, Graham extends a cordial welcome. Certain it is that no man with ordinary energy and ambition has yet to come to Graham and gone away disappointed. Those who come, stay, and those who stay, prosper.

With a system of public schools, under the superintendency of Professor Earl L. Howell, Graham stands peerless among the towns of its size in Texas from an educational standpoint. That it transcends the usual public school is recognized by the University of Texas.

There are six churches in Graham—the Methodist, under the pastorate of Rev. T. E. Bowman; Baptist, presided over by Rev. C. R. Taylor; Christian, in charge of Rev. J. E. Evans; Presbyterian, guided by Rev. Gary L. Smith; Episcopal and Disciples of Christ.

Graham, the county seat of Young county, is nestled in the valley of the Salt Creek, three miles north of a point of the Brazos river. It is bordered by a detached chain of hills, adorned with a forest growth. The town has a gentle sloping, affording

self-drainage. The direct distance from Graham to Dallas is 102 miles; from Fort Worth, 73 miles; from Weatherford, 52 miles; from Henrietta, 53 miles; from Gainesville, 90 miles; from Cleburne, 83 miles; from Waxahachie, 110 miles; and from Albany 50 miles.

The population of Graham is approximately 4,000 people. It is estimated that 1,000 people have moved to Graham in the last six months. The spirit of Graham is real; a town where the achievements of the past are swiftly merged and forgotten in the zest of new enterprise. A spirit of fellowship exists here, a spirit of faith and confidence; the people are afire with the vision of the democratic and indomitable Graham that was the dream of their forefathers.

Graham has an unusually low death rate—7 thus far during 1919, three of these being past 60 years of age. Only one death from typhoid fever since June, 1917.

There are two banks at Graham—the Beckham National Bank and the Graham National Bank—whose resources run well over \$1,500,000. A State Bank is now being organized. Graham is forging to the front as an oil center and the deep tests now under way, with flattering prospects, of being producers of the first rank naturally has focused the

attention of the oil people this way. Roxana Petroleum Co. W. T. Donnell No. 1, eleven miles southwest of Graham, is now producing 100 barrels per day at 1877 feet. Cosden & Co., Southwestern Miami Development Co., Chas. Denny, Mid-Kansas, and Union Oil Co. are losing no time in drilling their tests adjacent to Graham. Graham is just 30 miles north of the famous Carey well, which has produced \$3,000,000 worth of oil this year.

Graham extends a hearty welcome to the man who toils; he will find wages to his liking and steady employment. A great scarcity of labor prevails at present and workmen in all lines are sought.

### WHAT'S THE MATTER WITH JACKSBORO?

A few days ago a friend of ours was commenting on the general prosperity and building activity of our neighboring town of Graham. He said he stood in one place and counted eleven buildings in process of construction and that these buildings were splendid residences. There were several business buildings contracted for or in process of construction. The town of Breckenridge, thirty miles from a railroad, is also undergoing a wonderful activity in building and general prosperity. Mineral Wells, south of here, doubled its population in the last few months. New residences are going up by the hundreds and the town is exceedingly prosperous.

### What Is the Matter With Jacksboro?

"What other towns have done and are doing Jacksboro can do. We may as well enjoy prosperity to the fullest as to sit down sullenly in inaction and criticize others and reap the result of such inaction by living in a town without sidewalks, without streets, with schools begging for existence, with churches almost dead, with vacant business houses, without new enterprises. The remedy lies with you as an individual. Forget how to criticize the other fellow and begin to make plans for a greater prosperity. We all want to do things and all of us together can do things but we must forget the things of the past and put our shoulder to the wheel and work as one man for Jacksboro and Jack county.

"May we cultivate more of the team spirit, realizing that it is by acting

together, at all times that we individually reap the greater profits.—Every fellow for himself, and the devil take the hindmost, never built up a town and never will."—Secretary J. P. Simpson in the Jacksboro Gazette.

As editor of the Jacksboro News the writer of this comment tried for seven long months to find an answer to Secretary Simpson's questions and gave it up, and came to Graham, where the people do things, go to church, are proud of their schools and willing for others to come and help build a greater and a better Graham.

Individually and separately Jacksboro people are as fine a people as one would care to meet, but they pull together with a "rope of sand." By the way, isn't a town or a community as enterprising as it really wants to be?

### RESOLUTIONS

"There is no death—what seems so is transition."

On March 6, 1919, God in His infinite wisdom called to her heavenly home Mrs. Susan Johnson, who had long been a member of the Methodist church and Woman's Missionary Society at this place.

During the years that she lived among us, she lived an exemplary christian life and left to us a beautiful example of patience and christian fortitude.

Then it is not only fit and proper, but becomes the sad privilege of the Woman's Missionary Society to give expression to the deep appreciation of the good life she lived. Therefore be it

Resolved, That in the passing of this good woman we have lost a friend whose love and patience we have long felt. But while she is gone her influence like a sweet fragrance still lingers. We know that her tired, worn spirit freed from the bondage of flesh, soared like a bird uncaged into God's eternal skies, for "precious in the sight of the Lord is the death of His saints." Be it further

Resolved, That the Woman's Missionary Society extend to the sorrowing relatives and friends our heartfelt sympathy. We commend them to the dear Savior Whom they love and serve as they wait patiently to meet her in that Home prepared for all of God's children, "eternal in the Heavens." Be it further

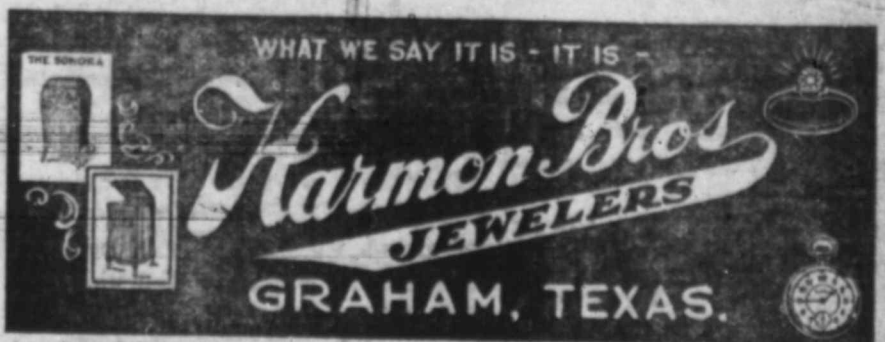

Resolved, That on the pages of our record book a copy of these resolutions be spread in memory of our

**I. THE STATE OF TEXAS, County of Shackelford**  
In the District Court, Shackelford County, Texas, December Term, 1919.  
Robert Hunter Smith et al. vs. C. H. Sanford, et al., No. 744.  
To the Honorable Judge of said Court:

I. Now come Robert Hunter Smith, Ballard W. Smith, and Catherine H. Pendleton, a feme sole, hereinafter Plaintiffs, complaining of C. H. Sanford, A. O. Sanford, L. M. Sanford, R. H. Sanford, Harriett H. Carroll, John D. Carroll, James G. Sanford, Fannie M. Sanford, Maria H. Sanford, Martha Sanford, J. T. Sneed, Jr., W. W. Russell, G. W. Bradford, R. P. Godfrey, and J. L. McCarron, hereinafter styled Defendants.

II. Plaintiffs represent to the Court that C. H. Sanford, A. O. Sanford, L. M. Sanford, R. H. Sanford, Harriett H. Carroll, John D. Carroll, James G. Sanford, Fannie M. Sanford, Maria H. Sanford, and Martha Sanford are residents of the State of Kentucky, and non-residents of the State of Texas, and have never resided in the State of Texas; that J. T. Sneed, Jr., resides at Amarillo, Potter County, Texas, W. W. Russell, G. W. Bradford, and R. P. Godfrey are resident citizens of Menard County, Texas, and J. L. McCarron resides in Throckmorton County, Texas.

III. And for cause of action Plaintiffs represent to the Court that they are lawfully seized and possessed of the following tracts of land, located in the following counties in the State of Texas, holding and claiming the same in fee simple and by inheritance from their deceased father and mother A. O. Smith and Harriett L. Smith, and described as follows:

1. One certain tract of land situated in Shackelford County, Texas, being Abstract No. 327, Survey No. 521, originally granted to the Texas Emigration & Land Co. and containing 320 acres, more or less.
2. One certain tract of land situated in Throckmorton County, Texas, being Abstract No. 1646, originally granted to the Texas Emigration & Land Co., containing 320 acres, more or less.
3. One certain tract of land, situated in Throckmorton County, Texas, being Abstract No. 477, Survey No. 1638, Certificate No. 1638, originally granted to the Texas Emigration & Land Co., containing 320 acres, more or less.
4. One certain tract of land situated in Young County, Texas, being Abstract No. 462, Survey No. 215, originally granted to the Texas Emigration & Land Co., containing 320 acres more or less.
5. One certain tract of land situated in Young County, Texas, being Abstract No. 1024, Survey No. 1950, Certificate No. 1382, originally granted to the Texas Emigration & Land Co., containing 26 1-2 acres out of said Survey.
6. One certain tract of land situated in San Saba County, Texas, being Abstract No. 795, Survey No. 231, Certificate No. 795, originally granted to J. H. Knibbe Heirs, containing 320 acres, more or less.
7. One certain tract of land situated in Throckmorton County, Texas, being Abstract No. 602, Survey No. 2192, originally granted to the Texas Emigration & Land Co., containing 320 acres, more or less.
8. One certain tract of land situated in Moore County, Texas, being Abstract No. 218, Certificate No. 226, originally granted to J. S. Johnson, containing 1476 acres, more or less.
9. Six certain tracts of land situated in Menard County, Texas, to-wit: (a). Abstract No. 384, Certificate No. 799, Survey No. 1563, originally granted to H. G. Hillman, containing 160 acres, more or less. (b). Abstract No. 385, Certificate No. 799, Survey No. 1564, originally granted to H. G. Hillman, containing 160 acres, more or less. (c). Abstract No. 386, Certificate No. 800, Survey No. 1565, originally granted to P. F. Hillman, containing 160 acres, more or less. (d). Abstract No. 387, Certificate No. 800, Survey No. 1566, originally granted to P. F. Hillman, containing 160 acres, more or less. (e). Abstract No. 352, Certificate No. 809, Survey No. 1528, originally granted to H. Hassee, containing 160 acres, more or less. (f). Abstract No. 697, Certificate No. 814, Survey No. 9, originally granted to Carl Scheller, containing 320 acres, more or less.

IV. I, Plaintiffs represent to the Court that Defendants, C. H. Sanford, A. O. Sanford, L. M. Sanford, R. H. Sanford, Harriett H. Carroll, John D. Carroll, James G. Sanford, Fannie M. Sanford, Maria H. Sanford, Martha Sanford are asserting and setting up a pretended claim to those certain tracts of land set out and described in Sec. 1, 2, 3, 4, 5 and 6, of paragraph III of this petition.

2. That J. T. Sneed, Jr., is setting up and asserting a pretended claim to that certain tract of land described in Sec. 8 of paragraph III above.

3. That W. W. Russell is setting up and asserting a pretended claim to those three certain tracts of land described in Subd. (a), (b) and (c) of Sec. 9 of paragraph III above.

4. That G. W. Bradford is setting up and asserting a pretended claim to that certain tract of land described in Subd. (e) of Sec. 9 of paragraph III above.

5. That R. P. Godfrey is setting up and asserting a pretended claim to that certain tract of land described in Subd. (f) of Sec. 9 of paragraph III above.

6. That J. L. McCarron is setting up and asserting a pretended claim to that certain tract of land set out and described in Sec. 7 of paragraph III above.

V. That the Defendants, on or about the 1st day of January, 1919, entered upon said premises and ejected Plaintiffs therefrom and unlawfully withheld from Plaintiffs the possession thereof, to Plaintiffs' damage in the sum of One Thousand Dollars, and the same is a cloud upon Plaintiffs' title.

VI. That the reasonable annual rental value of said land and premises is One Thousand (\$1000.00) Dollars. Wherefore, premises considered, Plaintiffs pray judgment of the Court, that the Defendants be cited to appear and answer this petition, and upon a final hearing hereof Plaintiffs pray judgment for the title and possession of the said above described land and premises, that a writ of restitution issue, for his costs, and for such other and further relief, special and general, in law and in equity, that they may be justly entitled to, and as in duty bound will ever pray.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in (L. S.) Albany, Texas, this 24th day of September, A. D. 1919.

## WOMAN SPEAKER TELLS OF CONDITIONS IN SOUTH AMERICA

MRS. IDA CLYDE CLARKE, TRAVELER OF WIDE EXPERIENCE, FINDS EXCEPTIONAL FIELD FOR WORK AMONG WOMEN.

By Mary Corner Raymond  
 With contagious humor and in picturesque descriptive style, Mrs. Ida Clyde Clarke, newspaper woman, traveler, magazine writer, author and contributing editor to Pictorial Review, held a delighted audience in smiles and wrapt attention at the evening session of the Southwestern field conference of the Y. W. C. A. at Dallas while she related her experiences and observations during a six months' trip in South America. Her subject was "The Challenge of South America to the Y. W. C. A."

True to her newspaper training and the characteristic temperament of the newspaper writer—ready for any emergency, from a fire to a sudden trip to South America—Mrs. Clarke picked up her hat and handbags on short notice and went to South America last January with a commission of three other women sent by the national board of the Y. W. C. A. to study the conditions and needs of women and girls in the Southern continent. Many appeals had come to the national board to send Y. W. C. A. workers to South America. As it is the policy of the association never to send workers anywhere for permanent work without first making an investigation as to the practicability of the enterprise, Mrs. Clarke, because of her experience as a traveler, was asked to be a member of this survey commission.

On the principal that a newspaper woman may go anywhere or do anything within the law, no matter what the traditions or customs of a country may be, Mrs. Clarke met presidents and diplomats, women of high and low degrees; made trips into countries where she was told women travelers never went alone, and everywhere, she said, she was treated with characteristic Latin courtesy. In every country she was struck with the immense wealth and culture of the higher classes, a universal eagerness for the progressive methods of North America, a universal desire for social and welfare work among women, and with it all she marveled at the vast resources of the country—forests of mahogany untouched by the ax and territory visited

by no commercial enterprise, except packers.

Social work among girls and women is as undeveloped as many of the natural resources of the country, she said, and the much-abused packers are doing in some places for their girl and women employes Y. W. C. A. work—not in the name of the Y. W. C. A., to be sure, for there is no organization there; but the heads of packing industries are trying to meet some of the needs the Y. W. C. A. meets with employed girls in the United States. The Y. W. C. A., she said, is also doing as far as it can Y. W. C. A. work because there is so much need of work for women.

The efforts of the men to provide opportunities for girls such as they have in North America were humorously illustrated by an enterprise undertaken in Brazil. A young President of one of the States of Brazil visited the United States and was greatly impressed with advantages afforded girls here. Like a regular Ad Clubber or Rotarian, he went back to his home city, interested all the other progressive young business men and they built a school for girls. It was elaborately equipped for teaching domestic science, thinking that first of all girls should be trained to be homemakers. Courses were announced for "graduate wifehood and motherhood." The school, plenty of money to conduct it, pupils—everything but teachers were found. Again they turned to the United States and got a faculty of young women about 21 years of age to teach wifehood and motherhood. The school is now closed and the "faculty" have sought more suitable vocations.

At Rio Janeiro, a city of 1,600,000 population, she said, were 20,000 employed women and not a building where such a woman might have lunch, while every third door is a coffee house for men. "When eating in the scientific cafeterias and in the lunch-rooms provided by factories and department stores for women employes, think of the girls of Rio Janeiro, eating a sandwich and a banana wherever they can find a spot to stand or sit.

The one thing that matters with the woman movement in South America," Mrs. Clarke said, "is that it has no self-starter.

"If I were free to do so, I should go to South America tomorrow to help do the social and welfare work among girls and women that all classes of women are asking for."

Attending the conference were representative women from Texas, Oklahoma and New Mexico. Much interest was manifested in the conditions as described by Mrs. Clarke and the appeal made to extend the work of the Young Women's Christian Association in South America. Members of the Association and other interested women in the Southwest will co-operate with the National Y. W. C. A. in sending Y. W. C. A. secretaries to establish permanent work in new centers in the Southern Continent.

### THE CHRISTIAN ENDEAVOR CONVENTION

The Christian Endeavor convention of the Wichita District was held in the First Christian church of this city, beginning with a great service on Friday night and closing Sunday night. The Societies of the Christian and Presbyterian churches, as hosts, were delighted to welcome about fifty out of town delegates, while the total

registrations were about one hundred. For zeal and enthusiasm displayed this convention could not have been excelled, and all felt that it was a season of great profit and pleasure.

The work of the District was considered, with results of the last year's work very gratifying, and plans were formulated for the extension of the work during the coming year.

The challenge of the convention was "Come on!" and the response, "Let's go!" This challenge was issued repeatedly during the sessions and it was inspiring to hear the whole convention with united voice and heart respond "Let's go!" The whole program was admirably in keeping with the theme of the convention which was "Loyalty." The song, "Loyalty to Christ," was a convention favorite.

If point of interest and inspiration, the program was all that could be asked for, and as to the number of Societies represented, this was the best convention the District has ever had. Henrietta was chosen as the place for the next semi-annual convention to be held in May, 1920. Henrietta with her fifteen delegates came with the intention of carrying the spring convention to that town and also carried away the honor of having the largest number of delegates present of any town in the District. Great plans are being made for the next convention. A telegram was received from W. Roy Bregg, General Secretary for the Southwest with headquarters in Colorado, with best wishes and prayers for the convention, in which he stated his intentions of being with us in Henrietta. This will add greatly to that convention as Mr. Bregg until last June was Field Secretary for Texas and is known and loved by all Texas Endeavorers.

The Graham convention was fortunate in having a number of Christian Endeavor experts to take part in and direct the proceedings of the convention. Mrs. Joe Bowers, of Saint Joe, the very efficient President of the District, deserves much credit for the careful way in which she planned this convention, for the admirable way in which she conducted it, she has endeared herself to all the Endeavorers of the District. Then we had the very great pleasure of having with us during the whole convention Miss Jessie Grider Butts, Field Secretary for Texas. Miss Butts appeared on the program a number of times and completely won all by her able presenta-

tion of all phases of the work as well as by her fascinating manner. Rev. Hugh B. Brous, of Fort Worth, ex-president of the District, versed in Christian Endeavor work, was also with us, and his addresses and wise counsel was much appreciated and added greatly to the success of the convention.

Then, too, there was the added pleasure of having Rev. Holmes G. Anderson, efficient Chairman of the District. He is one of the live wires of the District, and we were sorry he could not be with us until the close of the convention. And not, by any means the least factor contributing to the success of the convention, was the delightful way in which Rev. T. M. Cunningham, of Elvasville, led the convention in song. Present all the time he was always on the job, and added to the regular singing of convention songs, there were special solos by Mrs. R. A. Dupan, Mr. Pat Woods and Mr. Cunningham, which made the music of the convention a great feature.

The address of welcome was given Friday night at the opening session by Dr. W. A. Morris, mayor of Graham, in a very happily worded speech, which was responded to by Mrs. Bowers, President of the District. After the meeting of the evening the convention adjourned to the basement of the church where a very happy social hour was spent in playing games and getting acquainted, and the delegates were assigned to their homes.

It would be impossible to tell of all the good things that were said and done Saturday. The whole day was full of inspiration and interest. Two things deserve special mention, however, the debate and the additional pledges secured for the administration of State Endeavor work. The pledges amounted to \$173.00 and were in addition to amounts already pledged for the current year. The debate was on the question, "Resolved, That the work of the Treasurer is more important than that of the Recording Secretary." The affirmative was represented by Mr. Jack Dale, of Henrietta, and Rev. H. C. Anderson, of Bowie while Rev. J. E. Evans and Nat Price, Jr., represented the negative. It was interesting and afforded a great deal of amusement, being finally decided in favor of the negative.

On Sunday Quiet Hour was observed at nine o'clock, and then Sunday Schools and the regular morning services in the various churches.

Sunday afternoon the convention resumed its session with a record crowd both that afternoon and night when the other churches of the town kindly gave way for the convention. There was a feast of good things throughout the day. One special feature of the afternoon was the Junior Demonstration by the Juniors of the

Christian and Presbyterian churches which was directed by Mrs. H. L. Tidwell, assisted by Mrs. C. B. Hockaday. This was one of the best things of the convention and consisted in sentence prayers by the Juniors, the singing of the Junior song, a mixed quartette of Juniors, and the repeating of Scripture including the 23rd Psalm and the 13th chapter of First Corinthians, together with a drill on the books of the Bible.

The convention closed Sunday night with a masterful address by Rev. H. B. Brous on "Whatever He would like to have me do," and a decision service led by Miss Butts, after which all joined hands around the auditorium in the Mizpah Circle and repeated the Mizpah benediction which closed the convention. In the decision service there were several who dedicated themselves to some form of Christian service and joined the "Life Work Recruits" and others joined the "Quiet Hour Band" or became members of "The Tenth Legion." Thus goes into history the greatest convention of the Wichita District. It was productive of much good and its influence can not be measured. On every hand assurances of renewed effort and consecration were heard.

It has been impossible to mention all the good things or give due credit to all who contributed toward the success of the convention, but due credit should be given to all the local committee on arrangements. Nothing was left undone that would contribute to the comfort and pleasure of the guests, and in this connection should be mentioned the excellent repast that was served the delegates in the basement of the church on Saturday noon by the ladies and girls of the two churches. It was an elaborate and appetizing repast tastefully served on a great table in the shape of the letter E, and was a very festive occasion. One of the social features not hitherto referred to was the attendance of the convention at the football game between Graham High School and Wichita Falls High. By meeting an hour earlier Saturday afternoon time was found for this game and Graham gained a body of staunch rooters.

In behalf of the two Endeavor Societies of the town we wish to thank all the ladies who so kindly opened their homes and helped us entertain these visitors, all those who so faithfully assisted at the church, those who loaned their cars for the occasion, those who assisted in the singing, and all who contributed in any way towards making the convention the success it was.

### RESULT OF DRIVE FOR THE MONTH OF OCTOBER

Of the 997 applications for loans approved during October, 182 or practically 16 per cent were those of landless persons who sought loans for the purpose of purchasing homes. The oldest applicant was 73 years of age; the youngest 19; the average age of all is 37 1-2.

Eastern Texas, where lands are cheapest, furnished the highest per cent (about three-fourths of the total) The black land belt, where lands are highest in value, furnished the smallest per cent. While in South Texas and West Texas the per cent was better than in the black land belt, though not so good as that of East Texas.

The importance of this drive will be appreciated when we remember the rapid and I might say abnormal growth of tenancy of Texas as shown by the Agricultural Bulletin for Texas, Thirteenth Census of the United States: Farms operated by owners, year 1880, 103,776; by tenants, 65,468; Year 1890, by owners, 132,616; by tenants, 95,510; Year 1900 by owners, 177,190; by tenants, 174,991; Year 1910, by owners, 195,863; by tenants, 219,574.

These figures show that in the last thirty years the proportion of tenants in Texas has increased from 37.6 per cent of all farms in 1880 to 52.6 in 1910. In these thirty years farm owners have increased at the rate of a little less than 3,000 a year while tenants have increased at the rate of a little over 5,000 per year. I believe that we should make every effort to reduce the per cent of tenants to farm owners in this State, at least to the average proportion of tenants to farm owners of the United States, which is 37 per cent.

### WOODMEN CIRCLE NOTICE

### ADDITIONAL RULINGS ON REINSTATEMENT

A series of decisions issued by the Director of the Bureau of War Risk Insurance with the approval of the Secretary of the Treasury provides more liberal conditions for reinstatement of lapsed or canceled insurance.

The provisions of Treasury Decision No. 47, allowing eighteen months from the date of discharge for reinstatement upon payment of only two months' premiums on the amount of insurance to be reinstated, are retained. The decision is liberalized, however, by a new provision that men out of the service are permitted to reinstate by merely paying the two months' premiums without making a statement as to health at any time within three calendar months following the month of discharge.

After the three months following the discharge have elapsed, a statement from the applicant to the effect that he is in as good health as at the date of discharge or at the expiration of the grace period, whichever is the later date, will be required together with a written application for reinstatement and the tender of two months' premiums on the amount of insurance he wishes to reinstate.

In order to give all former service men whose insurance has lapsed or been canceled, a fair chance to reinstate their insurance, including men who have been out of the service eighteen months or more, and who are therefore barred from reinstatement under the former ruling, a special blanket ruling is made which allows all ex-service men to reinstate their insurance before December 31, 1919, provided that each applicant is in as good health as at date of discharge or at expiration of the grace period, whichever is the later date, and so states in his application. Of course it is necessary that he tender the two months' premiums on the amount of insurance he wishes to reinstate.

Service men who reinstated their insurance by payment of all back premiums prior to July 25, 1919, when the decision requiring payment of only two months' premiums went into effect, upon written application to the Bureau may have any premiums paid in excess of two applied toward the payment of future premiums. For example, if after a policy had lapsed for six months, a man reinstated and paid six months' premiums instead of two, he may secure credit for four months' premiums.

The provisions for reinstatement do not protect a man until he actually reinstates. If he waits he may not be in as good health as at the time of discharge and consequently may not be able to secure reinstatement.

Don't put off reinstatement. Do it now.

## The Greatest Improvement In Riding Comfort Since The Introduction of Pneumatic Tires.

HERE is a brand new type of car. It solves the problem which has baffled automotive engineers—how to combine riding comfort with light weight and economy.

Our new Three-Point Cantilever Springs make this possible.

These are the first springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 combines the riding qualities of large heavy, expensive, long wheelbase cars, together with the advantages and economy of small light cars.

With 100-inch wheelbase, Overland 4 has the luxurious riding ease of 130-inch Springbase.

The exclusive, Three-Point Cantilever Springs cushion the car so that it rides well on all roads: they reduce choppy rebounds and side swaying, protect the car from road shocks and prolong its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks that the springs ward off.

But this new riding comfort, possible only with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of gasoline and tires.

High quality materials insure durability. All vital parts of the

front axle and steering gear and all highly stressed gears and shafts for driving the car are made of alloy steel.

The equipment list of Overland 4 is high grade, including Auto-Lite Starter and Lighting System—Electric Horn—Marshall Divan Upholstery Springs—Demountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor—U. S. L. Batteries and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

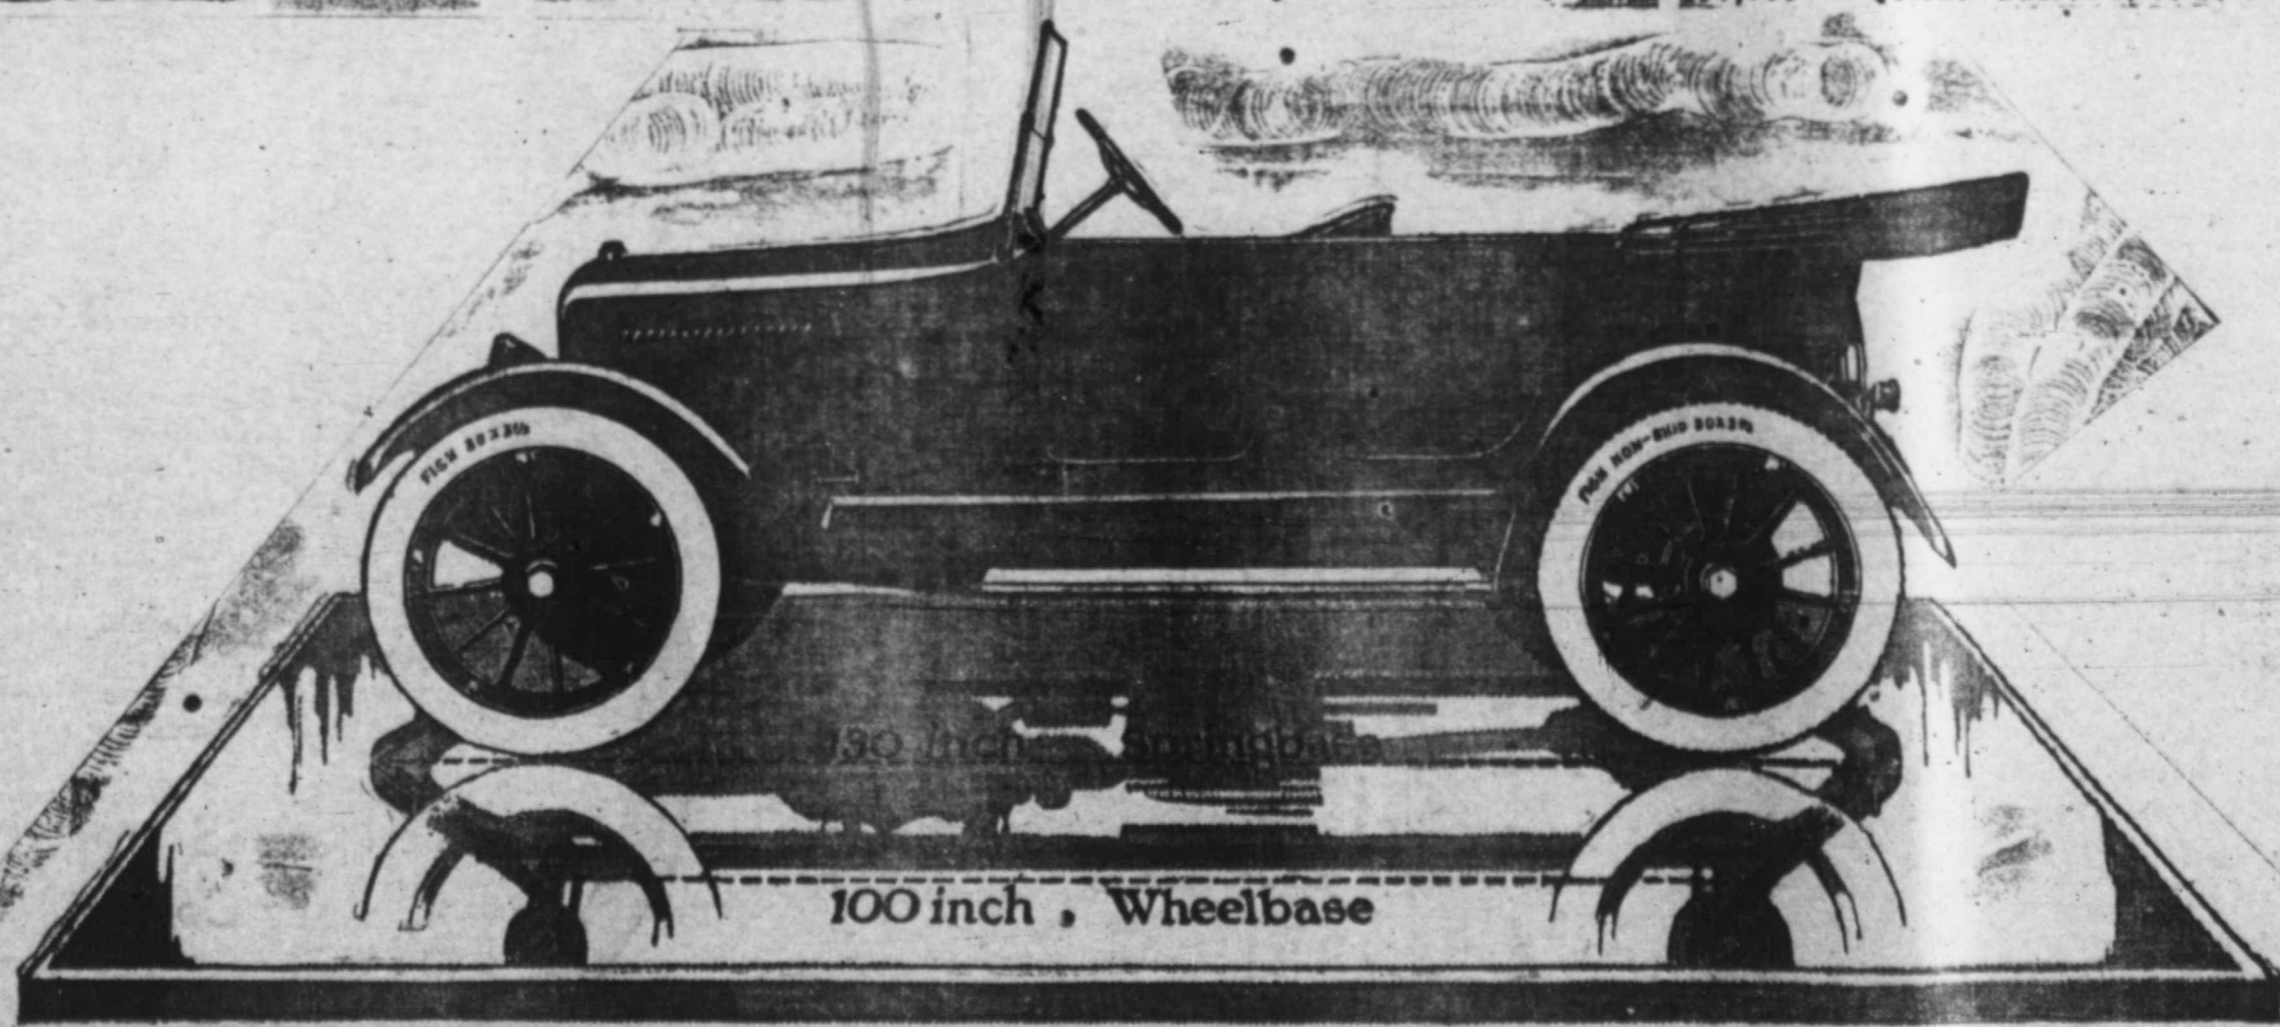

Overland 4 has been tested for two years and more than 250,000

miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you ride in it the more you will appreciate it. Come in, see the car and ask for booklet. The demand will be greater than the supply for a long time.

Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

## BAPTIST 75 MIL- LION CAMPAIGN

Dallas, Nov. 19—In the distribution  
of the \$75,000,000 fund being raised  
by the Baptists of the South to take  
care of the denomination's program  
of missions, education and benevo-  
lences for the next five years, of  
which sum this State is raising \$16,

000,000, Texas missions and institu-  
tions will receive a great measure of  
support. The character of this fos-  
tering is set forth convincingly and  
in detail in the campaign survey book  
just issued from general headquar-  
ters at Nashville and more than 50,  
000 copies of which are now being  
distributed in the 120 Baptist Asso-  
ciations of this State. Emphasis is  
placed on the statement that the  
\$75,000,000 is to be expended only  
where urgently needed. Dr. F. S.  
Groner, State Campaign Director,  
says the survey book answers all

questions and explains everything  
appertaining to the fund. The follow-  
ing brief summary indicates the ex-  
tent Texas will benefit as a result of  
the success of the campaign:

### Yours for a Long Life

A Willard Battery  
with Threaded Rubber  
Insulation lives a long  
life. It is a protection  
against little battery ill-  
nesses and re-insulation  
as well.

Four years' experience  
on many thousand cars  
has proven that this bat-  
tery gives you more real  
value, more assurance of  
long-continued efficien-  
cy, less anticipation of  
trouble than any other  
you can buy.

It's a battery that you  
ought to know about. If  
you'll come in we'll tell  
you about some of these
