THE GRAHAM LEADER

ESTABLISHED AUGUST 16th, 1876.

WITH MALICE TOWARD NONE; WITH CHARITY FOR ALL

VOLUME XLV.

GRAHAM, TEXAS, THURSDAY, JANUARY 20, 1921.

NUMBER 21.

PLANS FOR FUTURE CITY ACTIVITIES

Plans, under which various civic problems can be solved to meet the rapid growth of Graham, were discussed at a call meeting of the Chamber of Commerce held at the court house last Saturday night. A more adequate police protection, the pressing housing needs, good roads and a general outline of the work to be performed by the Chamber of Com- established at 917 Plum street by Street Electric Bakery, the Seventh declared that it was the duty of staged in Graham took place some completed during the next twenty merce were the most important ques- Misses Kelly and Thomas, recently of Street Sandwich House and the every citizen of the city to join he time Tuesday night or early Wednes- days. The article discussed the question raised between Bailey and Neff in the campaign for governor as to the latter's age. It called attention to a ramor that the writer had heard to the effect that Pat M. Neff had a sis. ter named Patty, who was born 1871 ind who died in infancy, to a stone he found in the Neff burial plot at Oak cemetery in Coryell county that looked as though it marked a grave and that it also looked as though the slab, that usually is attached to the headstone, had been removed therefrom apparently.

From the article was drawn the inference that the stone marked the grave of the rumored Patty Neff and that it was her record in the Bible that was photographed as that of Pat M. Neff. It was proved in the trial that there had never been a girl born in the Neff family named Patty and that the stone alluded to did not mark a grave, but was a loose stone that had been placed on the vacant space left beside the grave of her husband for Mrs. Neff, Pat Neff's

TELEPHONE --- for out-of-town business

ECENT extensive improvement in long-distance telephone facilities in West Texas gives towns in this territory a complete communicating system, entirely capable of caring for long-distance telephone demands in these growing communities.

Long-distance telephoning saves time and money. The rates for telephoning from town to town are reasonable. If you ask to be connected to a certain telephone in another town and will talk to anybody at that telephone, the rate is much lower and the service faster than when you call a particular person.

The time-saving advantages of long-distance telephoning are easily seen. A day's travel can be reduced to a few minutes' telephoning; and equal satisfaction gained. The speed of affairs in the oil fields. demands the quick communication supplied by long-distance telephone.

The Telephone Company, following the sudden oil development in West Texas, immediately took steps to extend the telephone system to keep pace with the growth of the territory. Although hampered by shortage of material and other familiar difficulties, the Company has produced a long-distance telephone system connecting all towns in the oil district and sufficient to care for long-distance calls with speed and

satisfaction. Local facilities also are being improved in towns in West Texas.

have been notified of the sailing and sides."-Publicity Superintendent. elaborate arrangements have been made to receive the ship and distribute the supplies to the freezing and The State of Texas.

According to Miss Daisy Davies, Young County-Greeting: director of the Methodist Polish Relief, under the auspices of which the mon W. A. Welty and wife, Mrs. W. supplies were gathered and shipped, A. Welty and their unknown heirs,

ing and supplies were received, while four consecutive weeks previous to \$32,000 in cash was also collected. the return day hereof, in some news-This cash will also be used for relief paper published in your County, to purposes and for expenses.

cargo because the need was so urgent to be holden at the court house therethat it could not be detained longer. of, in Graham, on the 1st Monday in Miss Davies has announced, however, March A. D. 1921, the same being the that the second ship will sail about 7th day of March A. D. 1921, then the first of December and will carry and there to answer a petition filed a full cargo of 125 carloads. Other in said Court on the 11th day of ships will be sent to Poland as long January A. D. 1921 in a suit numas the distress of the people make it bered on the docket of said Court No.

Although many hundreds of churches responded to the need of Poland in a remarkable way, a great many have not yet sent in supplies.

A particularly gratifying element in the collection has been the cordiality with which the business houses and manufacturing establishments have responded. When cotton mills and merchants have been asked of the J. J. Patridge survey and 140 to contribute to the movement they acres of land the S. E. one-fourth have given supplies in great abun-

One of the most interesting reports comes from the town of Bremond, Texas. This is a Polish community exclusively, and when our church presented the matter of Polish Relief the people responded in a remarkable fashion to the appeal of their countrymen across the seas...

Nearly two thousand garments were collected and shipped. A large number of these were new and practically all of them were coats and blankets.

In addition to these garments the Poles raised \$138.34 in cash and also two boxes of hospital supplies.

It is reported from Morgantown, N, men \$160 worth of clothing. This one-half of the mineral rights in said lump sums collected by sale of cards, Plaintiff, and Benjamin Hill, Sr., and church also collected twenty-one large boxes of clothing which were shipped

Miss Davies has stated that owing to the large number of churches responding and the diversity of shipments it has not been possible toacknowledge receipt of everything that has been received. A full tabulation is now being made and the result of the entire movement will be published very soon.

It is hoped that all of the churches will continue to push the work of the Methodist Polish Relief without cessation. The rigors of the Polish winter will continue many morths and the great need will not decrease.

Chinese General Is A Christian A great Christian is alwasy a bless. ing, but a great Christian General has perhaps an unparalleled opportunity for service to his fellowmen. General Feng Yu Hsiang a Christian Chinese, is providing this to the world in the magnificent service he

Rev. W. B. Nance, one of our workers in Soochow, Chira, in telling the story of the General, says:

"At Changte has been located for a number of years a small army of 7,000 men commanded by Fang Yu Hsiang. How General Feng became a Christam I do not know, but the character of his Christianity is wellknown among the missionaries of

'So much in earnest is he that he feels himself personally responsible for the spiritual as well as the physical welfare of every soldier in his army. He has established the most rigid sanitary regulations for his camp, and the whole life of his soldiers is regulated with the supreme aim of making them not only physically fit and good fighters, but good men and good Christians.

He takes every opportunity to se-

Are You a Stockholder in the YOUNG COUNTY OIL & GAS COMPANY?

DO YOU KNOW that at 1975 we encountered a sand that we believe will make from one hundred to one hundred and fifty barrels of oil per day?

DO YOU KNOW that within the next five days we expect to drill into the 2500 foot sand, and will in all probability secure a thousand barrel well or better. We are at present 2350 feet deep.

DO YOU KNOW that each week sees wells coming in, closer to our lease, that they are at present barely over one quarter mile from our well?

Godley Oil & Gas, and the Shamrock Oil & Gas wells a little over a quarter mile from our well are both making oil and gas.

Shamrock Oil & Gas Company have a rig on the ground just 250 feet from our lease. They are going to spend \$60,000.00 offsetting our well.

How much more of a sure thing could any man want. A few dollars invested now may within one week, double, treble, and yes may be worth four for one.

We offer \$25,000.00 of our Treasury stock for sale at \$12.50 per share. This is in order that we may start immediately on—

WELL NUMBER TWO

As soon as this amount of stock is sold we will begin WELL NUMBER TWO on this 120 acre lease, with drilling wells in every, direction of this lease and production in three directions

Remember, we are not Wildcatting. We are Drilling in the Neighborhood of Thousand Barrel GUSHERS!

This Company was not organized (it has not been promoted) for the benefit of the organizers; or any one of them, but for the benefit of those people who care to make an honest speculative investment, an investment that has the possibility of returning ten for one.

This issue of stock will not last long. Don't HESITATE. Fill out the attached application blank, mail it in to this office with a check attached, or wire reservation for the number of shares you want.

Our last word is that there was never in the history of the OIL industry a cleaner, safer investment.

Young County Oil & Gas Company

Capitalization 2200 Units

\$50 Per Unit

Non-Assessable

6 WELLS---APPROXIMATE 60 ACRES **GRAHAM'S FIRST SYNDICATE**

Seven-Eighths of the Production to the Unit Holders-A Graham Syndicate for Graham People.

We are asking the people of Graham to give us a liberal subscription so that we can get started to drilling. Every business man and property owner in and around Graham should be far-sighted enough to see that the sooner we get a well started so near the city, it will draw the attention of other oil operators, and more business in all lines.

Graham will grow in spite of a possible few who might not want to see it—so why not be a good sport and come in with us right now?

Remember your money is paid to the Trustee, R. E. Lynch, President of the Beckham National Bank, who also pays the money out as the work progresses.

BIGACREAGE

Our approximate 60 acres is just north of the city limits on the west side of the Newcastle road, on the C. W. Johnson tract.

We propose to drill six wells, sixty per cent of the oil will be paid each 30 days from the pipe line into the Bank and through the Trustee, to the Unit Holders. The other 40 per cent will go into the Treasury to carry on development. Should our well be a gusher and if it does not require the entire 40 per cent, will be paid in dividends. However, we Guarantee that the entire lease will be developed as quickly as the 40 per cent retained for development purposes will accomplish this, no large balance being allowed to accumulate in this Bank.

When the entire lease is developed 100 per cent of all the net oil will go to the unit holders each 30 days.

Suppose we get a ROARING BIG GAS WELL. Graham can have gas in three months from now, if you will come in with us now and buy your UNITS. You scratch my back and I'll scratch yours.

Money at 3 Per Cent or 100 Per Cent Profit on Your Investment

THE UNITED HOME BUILDERS OF AMERICA are still doing business regardless of the stringency of the times. WHY? because we place the small investor on an equality with the large investor. We make it possible for the man or woman who has but \$10 to invest to realize the same rate of profit as the larger investor.

Our Record is an Open Book

East Side Square.

We are Under State Supervision

The State of Texas requires our Company to carry the Legal Reserve on all contracts. Making your investment as safe as any bank.

A contract with us is a sure means of you owning your home, with payments less than rent, PLUS 3 PER CENT. YEARLY BALANCES.

The home office with its organized force of agents have placed OVER \$10,000,000.00in building contracts in Texas in the past 2 years. Some said we could not do it but we have and the proof of our success is vouched for by some of the most conservative investors it Texas. Write to the main office 911 Main St., Dallas, Texas or call on the District Agent who will explain this plan, and can prove to you that it can be done. We have written \$250,000.00 in Young County.

D. D. CUSENBARY,

Mr. Edison's Wish Makes This Offer Possible'

FREE Trial In Your Home!

EDISON'S NEW DIAMOND AMBEROLA

Edison's Amberola is one phonograph that can successfully pass the critical test of a Free Trial in your home. Many purchasers of "talking machines" and ordinary phonographs have discovered too late that the machines didn't sound the same in their homes as in the store when they bought them-possibly because they had more time to note the shrillness and metallic sound of these machines in the quiet of their

The pure tone of the Amberola will meet any test.

That is why we will gladly place one of Mr. Edison's wonderful phonographs right in your home for a three days' FREE Trial. This trial places you under no obligation whatever. It does not cost you one cent. Come to our store and select your Amberola and a dozen records. We will deliver these promptly to your home and allow you three days to judge and compare the Amberola with any higher priced "talking machines" or commercial phonographs. At the end of the three days just let us

know whether or not you wish to keep the Amberola -that is all.

Moreover, if the Amberola's pure musical tone, permanent Diamond Point Reproducer and long-lasting Amberol records have convinced you, we will arrange the most satisfactory terms of payment you could wish. As this Free Trial offer is only for a limited time, we urge you to call or write to us at once. Talk it over with the family tonight--and let us hear from you tomorrow.

L. M. DAVIS DRUG COMPANY

EAST SIDE SQUARE, GRAHAM, TEXAS

BUSINESS MAN

RECEIPTS HAVE BEEN ISSUED Only about 1,000 poll tax receipts have been issued for the year 1920, according to Tax Collector D. D. Cusenberry, who estimates that there will be some 2,500 issued before the tax rolls are closed. After January 31 all receipts will then be declared delinquent. Notwithstanding the fact that women have been given the right to vote, very few poll tax reciepts have bees issued to the ladies of Young county, it is said.

The number of automobiles regis-FOR SALE-Five nice business tered this year totals about 800, Mr.

The Trustees of the GRAHAM OIL SYNDI-CATE have declared a cash dividend of seven per cent, to be paid January 21, 1921, to all stockholders of record January 28th, 1921.

All stockholders must have their stock recorded in their own names on or before the 28th day of January, in order that DIVIDEND checks may be mailed.

THE GRAHAM OIL SYNDICATI

By A. L. BARNES, Secretary

What Edison did during the War

THE official announcement is out. Ask us for your copy of "What Edison Did During the War." Write for it, if you can't call,

It tells how Edison left his home and business and went to sea, how Edison's "Yankee magic" foiled the German submarines.

The bulletin tells many other things Edison did while Chairman of the Naval Consulting Board. It explains how Edison kept the price of his phonograph at bed rock during an era of high costs and soaring prices. Since 1914 the New Edison has advanced in price less than 15%-and part of this is war tax.

This bulletin also describes the Budget Plan; which makes it possible for every home to enjoy the benefits of good music without feeling the financial outlay.
