NUMBER 34

NEW JAIL WILL BE CONSTRUCTED AT ONCE

ACTIVE DRILLING CAMPAIGN IS EXPECTED THIS SUMMER

The notable features this week bearing on oil development work in Young County may be said to be an increased production in the Costello well, just over the line in Palo Pinto county; a strong gas showing encountered yesterday in the Askew well, Bunker district, at a depth of 650 feet, and the starting of work by the Texas Company in stringing an 8-inch main from the Lyden pool to the South Bend field.

The Costello well, which for some time has been producing about 10 barrels daily on the pump at a depth of 2,680 feet, has increased its production to 50 barrels daily after being drilled 23 feet deeper into the sand. Some trouble was experienced with water, but the crew succeeded in shutting it off. The well will be shot Thursday.

Considerable interest is attached to this well because it increases the importance of the Strawn sand in a wide strip of territory extending from the South Bend field to the Palo Pinto county line. The oil and gas sand developed in the Holt well in northern Palo Pinto and the Lisle well in southeastern Young were also secured from the same sand is additional proof that there are excellent prospects for oil in this strip of territory.

The Costello well is located about five miles southeast of the Lisle well and about six miles northeast of the Hughes well in Stephens county. Work on the well was started about two years ago. F. R. Spindley of Fort Worth is in charge of the well, the controlling interest of which is now owned by the National Oil & Refining Company.

New Pipe Line
Considerable satisfaction has been expressed by operators at the news that the Texas Company will start work immediately on a new 8-inch pipe line, extending from the Lyden pool to the South Bend field. The line was to have been built sooner by the company but work was deferred by a cut in the price of crude early in the spring.

Much interest has also been manifested in the information that the Askew well struck a showing of gas yesterday at a depth of 1,550 feet. Reports from other wells in the Bunker district show that the United State well is working on a had hole at 1,300 feet. Practically all of the tubing has been removed from the Lisle well, which will be completed.

The Barnes Production Company's Parsons No. 1 is down 450 feet and setting 1 1/2 inch casing.

A contract has been made by R. M. Roddin of Ada, Okla., for a well on the Holt survey, one-half mile northwest of Bunker. Tools are now in their way from Breckenridge and the well is expected to spud in within the next 45 days, making the fourth well in the Bunker territory.

Both big and little operators are keeping a sharp watch on the developments in the Bunker district, as it is confidently believed that an entirely new field will be opened up within the next month. The Barnes well, it was stated this morning, is expected to be completed about 35 days from now.

One favorable condition that assures swift development work in Bunker is the fact that a big batch of leases expire within the next year and by the amount of leases. Among the big companies, however, who have holdings in the district are the Sun, Prairie, Empire, Cosden, Mid-Kansas, Union Texas and Gulf Companies.

Pipe line runs for the South Bend field during the month of March totaled 232,640 barrels. This production is divided up among the following companies: Panhandle Oil & Refining Company, 86,022; Oklahoma Petroleum & Gasoline Company, 35,935; Roxana Petroleum Corporation, 21,791; Mid-Texas Petroleum Company, 20,150; Godley Oil Company, 19,682; Shamrock Company, 12,840; Heidrick-Spoonts Company, 5,874; Grand Duke Oil Company, 5,425; Hall & Rutherford, 3,000; Sun Company, 1,550; Texas Company, 685; Southwestern Miami Company, 248; and Colcord, 225.

These production figures, however, fall far short of the actual production of the field now, as several good wells have been brought in this month and others have increased their flow. The estimated production of the field is now 20,000 barrels daily, making Young County rank third in the North Texas field. There were 39,425 barrels stored during the month of March and 6,695 barrels consumed for fuel purposes.

Two Wells Expected In
The Hamon estate well on the Stovall, offsetting Hall & Rutherford, is expected in some time today. The well struck a strong gas showing yesterday, and prospects are bright for a good well, it is said. The Hamon estate has made three other locations on the Stovall land, and the wells will be drilled shortly.

The Konowa Oil & Gas Company's well, located about 475 feet of the Panhandle McCluskey No. 4, will be brought in tomorrow, it is thought, although some trouble is being experienced in shutting off the water. The Shamrock has made a location just east of their large storage tank, on the Stovall land in block 51.

The Kent Oil Company will drill on the northwest corner of M. G. Cheney's 23 6-10 acres. The company will spud in within the next three or four days.

FIVE LOCATIONS ARE MADE ON THE TANKERSLEY LEASE

Cluskey City, April 16.—Five new river bed locations between the McCluskey and Graham land on the Tankersley survey, were made Saturday by the Armstrong and Hobbs interests, a middle States corporation.

This company has also taken over one-half interest in the Hale lease, comprising 303 acres on the Scott and McCluskey lands, Wm. Johnson surety south of here, according to reports.

Brick Buildings Are Nearing Completion
The Smith & Smiley two-story brick on the west side of the square and Johnson two-story brick on the east side, are nearing completion. Plastering work on both buildings is now being carried on. The McFarlane one-story brick on the west side of the square is also expected to be completed within the next few days, as is also the Capitol Hotel, located on North Oak street.

The walls of the Graham estate two-story brick on the east side of the square are now going up, while the foundation has been poured and material is on the ground for the Lauck-Gallagher building, also on the east side of the square.

"BONE DRY" LAW VOTED IN ONTARIO

Toronto, April 19.—The Province of Ontario has voted for "bone dry" prohibition on the referendum to stop the importation and sale of intoxicating liquors in the province. The majority is estimated at 150,000.

EASTERN CRUDE OIL PRICES RISE 10 TO 25 CENTS
Pittsburg, April 18.—An increase in the price of crude oil was announced here today by the principal purchasing agencies. The increase ranged from 10 to 25 cents a barrel. The new quotations follow: Pennsylvania crude \$3.25, an increase of 25 cents; Cabell \$1.96, an increase of 10 cents; Somerset \$1.75, an increase of 10 cents; Somerset light \$2.00, an increase of 20 cents; Ragland \$1.15, an increase of 15 cents.

The report that the price of Pennsylvania crude oil had been advanced by the principal purchasing agency was received with much enthusiasm throughout Texas oil circles. The advance in Pennsylvania is looked upon generally as a forerunner of an advance in crude prices throughout the entire country.

Whether or not an advance follows in Mid-Continent and North Texas crude, interest has been stimulated at a time when some had begun to feel that further reductions in crude were not impossible. The advance in Eastern oil, together with some reductions in oil field material, will prove a great stimulant to development, it is said.

CITY IS DECORATED PREPARATORY TO BIG DOINGS NEXT FRIDAY
Graham today presents the appearance of a Fourth of July celebration. The F. M. White Company, decorators, are stringing flags and bunting all over the city preparatory to the visit here Friday afternoon of the Chamber of Commerce delegations from Wichita Falls and all the towns in Young county.

Individual business houses are running a neck and neck race in an effort to outstrip one another in artistic decoration.

And the work has only just begun, according to Mr. White, who declared today his intentions of giving this city one of the best dressings-up in its history.

"Leave it to me," he said, "I'll show 'em how it's done." Mr. White has established headquarters on the east side of the square, next to the Davis Drug Company.

25 MILLION DOLLARS PAID COLOMBIA BY U. S. FOR PANAMA

Washington, D. C., April 20.—The Senate is expected to ratify the Colombia Treaty late today by a vote to be well over two-thirds. This will thus dispose of the controversy waged between the South American Republics ever since Panama revolted in 1913 and the administration of President Roosevelt grabbed the Canal site. The treaty to be approved today pays Colombia twenty-five million dollars and paves the way for recognition of Panama and reconciliation by Colombia.

Four Carloads Are Handled by Southern
The Graham Mill & Elevator Company proved to be the Wichita Falls & Southern's first customer. On Monday a car load of flour was delivered to the road here for shipment to Olney, and on Tuesday another car load of flour was shipped to Megargel.

A car of wheat was received here Wednesday from Seymour. Another car of wheat was also received from Newcastle on the same date.

22 HORSES, 3 MULES BURN ON J. A. RANCH

Clarendon, April 19.—Fire of unexplained origin last night destroyed a large barn, twenty-two horses and three mules on the "J. A." ranch headquarters, twenty-five miles southwest of Clarendon.

The ranch, comprising 500,000 acres, is owned by Mrs. C. Adair of England, who, with a number of notable British personages, including the Countess Daugherty, is now visiting the property.

ABRAHAM ENLOE DIES FROM WOUND RECEIVED SATURDAY

Abraham Enloe, Sr., aged 45, who was shot and fatally wounded by Fred Hughes in the South Bend dance hall at South Bend Saturday afternoon, and whose son, Abraham Enloe, Jr., aged 21, was also shot and instantly killed by Hughes, died at Griffin's sanitarium Sunday afternoon at 4 o'clock.

Hughes was taken to Fort Worth early Sunday morning by Sheriff John Saye and Ranger Joe Orberg, where he was placed in jail for safe keeping. A charge of double murder will be filed against him, it was announced today at the office of County Attorneys Hinson and Ricker. Hughes' bond will probably be placed at \$10,000 and he will be represented by Moore & Binkley, local attorneys, who have gone to Fort Worth to try and arrange bail.

According to those who heard Mr. Enloe make a dying statement shortly before his death occurred, he declared Hughes "shot us while our hands were up."

Although nobody seems to know anything about the details leading up to the tragedy, yet information from several sources seems to indicate that Hughes had charged the Enloes "with having something to do with his dismissal from the Sheriff's department about three weeks ago." Hughes had been employed about three months as a deputy sheriff.

Mrs. Abraham Enloe, wife of the dead man, when questioned today in her room at the Hotel Robown where she registered following her arrival here from Ardmore, said Hughes "held her husband and son responsible for his dismissal by Sheriff John Saye."

The sheriff however said "conditions were rather quiet" and he let Hughes go "because I didn't need him."

When questioned further about the matter Mrs. Enloe said her husband had "received word from friends that Hughes had threatened the life of both father and son." Following this information she said, her husband went to Hughes and questioned him about the matter.

Hughes told her husband, Mrs. Enloe said, that he had made no such threats as had been attributed to him. She then said that her husband had requested Hughes to go to his son and tell him as much because young Enloe "felt rather badly that Hughes entertained the idea that he had something to do with his dismissal." Hughes told her husband, she said, that he "thought the world and all of the boy."

When Hughes went to the boy, she continued, he told her son that "he liked him but couldn't say as much for his father."

"Then what goes for one goes for the other," Mrs. Enloe reports her son as saying.

COMMISSIONERS DECIDE TO ISSUE COUNTY WARRANTS

The County Commissioner's Court after reconsidering its action in calling a bond election for the purpose of building a new county jail, Tuesday rescinded the election order and adopted a motion to build the jail by the issuance of county warrants.

The amount to be raised through the issuance of county warrants is not to exceed \$30,000 dollars. Material in the old jail building, however, will be salvaged and the money thus derived will be added to this sum, together with an amount equal to one-fourth of the total cost of the jail to be added by the City Commission of Graham.

The proposition of building a new jail will not now have to be submitted to the people and the jail can be built right away. Intense satisfaction was heard on all sides this afternoon when the action of the Commissioners' Court became known.

TIME TO GET BUSY WITH LOCAL TAX ENLARGEMENT

The Enabling Act putting into effect the Constitutional Amendment permitting school districts to vote larger school taxes has been enacted by the Legislature. It is now time for local districts to get busy with plans for local tax enlargements. The Enabling Act permits any district to vote a local tax up to One Dollar on the \$100 property valuation. That means that any school district that has been voting Fifty Cents, the former limit, can now vote Fifty Cents more. All over the state there are districts which ought to vote the full increase right now and put their school work on a decent basis. The fact that the state has been handing out some handsome sums from the general funds of the state should not in any way hinder the local tax plan. It is not reasonable to think this practice will continue and if it does there will undoubtedly be a plan devised whereby the state will render its help on a basis of "Heaven helps those who help themselves." The wise thing then is to vote the local tax whether anything special comes from the state funds or not. The wise district will be the district that is prepared against all emergencies and opportunities.—Texas School Journal.

KETCH & KING'S NO. 1 STOVALL TOPS SAND; MAKES A GOOD FLOW

Ketch & King's No. 1 Stovall, an offset to the Hall & Rutherford, topped the sand yesterday afternoon at 2,094 feet and made a considerable flow of oil, together with about 500,000 cubic feet of gas. Although no estimate can be made at present as to what the well will do, a good well is expected when the hole is cleaned and drilled deeper.

This is the first well to be brought in on the 1,900-acre Stovall plantation, and Mr. Stovall this morning felt highly optimistic about the prospects. A location for a second well has already been made just east of No. 1.

The tools have been removed from the Hale well, owned jointly by the Middle States Oil Corporation and Colcord, Maney & Colcord, which came in unexpectedly two weeks ago, caught on fire and burned down the derrick. The well has been making 300 barrels daily by actual pipe line gauge, flowing through the 10-inch casing with a 10-inch bit and 1,000 feet of drilling line in the hole. This well is expected to make one of the best in the field as soon as the hole is cleaned.

METHODIST CHURCH BEING TORN DOWN FOR NEW STRUCTURE

The old Methodist church whose walls have re-echoed the words of many a sermon in past years, and whose isles have been trod by many feet, is no more. It is today being torn down to make way for a \$70,000 structure.

While Graham Methodists no doubt will gaze upon the new structure with pride and joy, yet they feel a slight pang of regret to see razed the place wherein they have worshipped for years.

The new Methodist church building when completed will be one of the most handsome structures in the city although it will be free of all superfluous ornaments, it is said. The new building was made necessary through an enlarged congregation due to a greatly increased population during the last few months. Services will be held each Sunday in the Strand Theatre until the church building is completed, it is announced.

CITIZENS PLEAS AT COMMISSIONERS' ACTION YESTERDAY

The decision of the Commissioners' Court to build a new jail through the issuance of county warrants has met with popular approval from practically every citizen in Graham who has been interviewed on the subject.

"As it is," Mayor E. S. Graham said this morning, "there is no need to have a sheriff and his deputies unless we are going to provide a place for the safe keeping of prisoners. Under present conditions the officers might just as well say to the prisoners: 'Tag, you're it!' and send them on their way, for that's what it amounts to. Graham is the county seat and the jail will have to be built here. This city wants no monument, and the City Commission will probably arrange to pay for the space used by the city."

"At first," said S. Boyd Street, president of the Chamber of Commerce, "the Commissioners' Court was reluctant to issue county warrants because the bond election of a year ago was defeated. Since that time, however, conditions have changed. The action of the Court will save money for the county because more money can be secured on warrants than on bonds. And, besides, it will be saying of at least sixty days in building the jail."

"I feel like a great burden had been lifted from my shoulders," County Judge Reeves said. "After all, there was only one thing to do, and that was to issue county warrants."

This view is shared by Commissioner Anderson, who maintains that the action of the court will be a large saving to the county.

That every fair minded citizen of the county, no matter in what section he resides will approve the action of the Court is assured by the fact that twelve prisoners have escaped from the jail during the last two weeks. Sheriff John Saye has been transferring prisoners to Jacksboro, but one prisoner carried there recently tore up the contents of a cell, broke the water pipe and flooded the building with water. Since that time Young county prisoners have been as welcome in Jack county as the small pox. The expense of transferring prisoners to other counties is also enormous.

The City Commission at the regular meeting Thursday night will decide what share the city will have in building the new jail. Then on Friday morning there will be a joint meeting of the City Commission and the Commissioners' Court, at which time it will be known what action has been taken by the Commission.

Bids will probably be called for right away by the Commissioners' Court and the jail is expected to be up in a short time. Several telegrams have been received from jail companies making inquiries about the proposed building.

NEGRO, SHERIFF FORGOT TO HANG, MAY BE FREED

Baton Rouge, La., April 19.—The case of Lonnie Eaton, negro, whom the sheriff of Ouachita "forgot to hang Feb. 4," was on the docket for disposal by the State Pardon Board at its meeting here today.

Eaton's case caused widespread comment when Sheriff Grand of Ouachita wrote Governor Parker shortly after Feb. 4 that he had been "so rushed with work that he forgot to hang Eaton," who was accused of participation in the murder of a white man.

Attorney General Coco, in a written opinion, held that Eaton's status was unchanged by the sheriff's oversight and that there was nothing in the statute books to prevent a future date being set for the execution. Other circumstances taken into consideration, however, the Attorney General expressed himself in favor of pardon. His view was seconded by Governor Parker. The views of Lieutenant Governor Boanach, the third member of the Pardon Board, have not been expressed.

LETTER FROM NORTH AMERICAN O. & R. CO. TO STOCKHOLDERS

The following is an excerpt from a recent letter of the North American Oil & Refining Company to their stockholders...

"This sand was found at 2,216 feet in the Middle States Oil Corporation's No. 1 Hale, located only 150 feet from the north line of our B. F. Scott lease on the J. N. Smith survey...

"No. 1 Hale is much farther from the center of our 8,000 acres of leases. As our No. 1 Boozier and other nearby wells have been light producers...

"We also are starting eight other wells in the South Bend field, two individually and six jointly with the Roxana Petroleum Corporation...

"No. 1 G. W. Burgess, northeast corner of T. E. & L. Survey No. 1, 103, drilling at 200 feet.

"No. 2 B. F. Scott, near center of west line of J. N. Smith Survey, rigging up.

"No. 2 B. F. Scott, offset to No. 1 Hale, building rig.

"Joint operations with the Roxana are as follows:

"No. 2 Braddock, averaged 450 barrels daily from February 5 to April 5; sand 2,109-2,112 feet. No. 3 Braddock is a location.

"No. 2 Pratt, 700 feet west of No. 2 Braddock, rigging up.

"2 Donnell, sand 1,838-1,850 feet and 1,890-1,908 feet; upper sand given small shot and well started off at 60 barrels.

"No. 1 Ford, unable to drill up lost casing, will abandon deep test and plug back to 1,900-foot sand where well had 50-barrel showing.

"No. 2 Ford, 1,400 feet east of Panhandle McCluskey pool, rigging up.

"No. 3 Ford, offsetting our No. 1 G. W. Burgess, rig.

"No. 1 J. W. Burgess, H. M. Smith Survey, top of said 2,107 feet; now drilling in with indications for a good producer.

"No. 1 McCluskey, setting 8-inch casing at 2550 feet; will try to make this a deep test in place of No. 1 Ford.

"No. 1 Goode, plugging back from 4,000 to test 3,200-foot sand.

"No. 1 B. F. Scott, northeast corner of Jacob Garrett Survey, rigging up.

"Nos. 2 and 3 Boozier, materials ordered for rigs.

"No. 1 Holcomb, shut down at 2,700 feet.

"These operations show you that we will have wells on all of our leases, and at the same time we are building up a large production in this field."

MADE QUICK RECOVERY

Dr. Will Corbett of Graham attended his nephew, Edgar Norton, Tuesday. Edgar had received injuries about the head, which made him unconscious, and when his uncle arrived he began rubbing him. Having what is called "the magic touch," a curative power that he cannot explain himself, he got the younger man to come to after an hour. The next morning Edgar was all right, and able to come down town. Naturally it is easy to scoff about those things, but when a man frequently is called in desperate cases, where other physicians stand helpless, and perform sudden cures, it is worth while to take notice.—Exchange.

MOVEMENT TO INCREASE STRAWBERRY ACREAGE

Pittsburg, Texas, April 15.—At a meeting of the Camp County Fruit Growers' Association Wednesday, a movement was inaugurated to secure a largely increased acreage of strawberries in this county. Based on orders already made for plants, it is expected 100 acres will be planted this season. The meeting yesterday was addressed by T. I. Cole, agricultural commissioner of the Cotton Belt.

Purchase a beautifully decorated 7 1/2 inch China Bowl Thursday, for 39c at SNODDY & SON.

ECZEMA! Money back without question! HUNT'S Salve fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER, or other itching skin diseases. Try a 75 cent box at our risk. SLOAN DRUG CO. Graham, Texas

SHERIFF'S SALE

Notice is hereby given that by virtue of a certain Order of Sale issued by the Clerk of the District Court of Young County, on the 9th day of April, 1921, in a certain cause wherein Beck Corbett Iron Co., plaintiff, and The Giant Machine and Tool Co., defendant, in which cause a judgment was rendered on the 9th day of March in favor of the said plaintiff Beck Corbett Iron Co., against said defendant Giant Machine and Tool Co., for the sum of One Thousand Nine Hundred Sixty Five and No 100 Dollars, with interest thereon at the rate of 6 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in May 1921, it being the 3rd day of said month, at the courthouse door, in Graham, Young County, Texas, within legal hours, proceed to sell for cash to the highest bidder all right, title and interest of The Giant Machine and Tool Co., in and for the following personal property, levied upon as the property of The Giant Machine and Tool Co., to-wit: One Standard Welland Pipe Threading Machine, with White Chasers, and other property described in said Mortgage, which is hereby referred to and made a part hereof.

The above sale to be made to satisfy the above described judgment for One Thousand Nine Hundred Sixty-Five and No 100 Dollars, in favor of The Beck Corbett Iron Company, together with the cost of said suit, and the proceeds applied to the satisfaction thereof.

JOHN W. SAYE Sheriff Young County, Texas.

SHERIFF'S SALE

Notice is hereby given that by virtue of a certain Execution issued by the Clerk of the County Court of Eastland County, on the 19th day of March, 1921, in a certain cause wherein C. C. Coalson, plaintiff, and W. L. Crawley, defendant, in which cause a judgment was rendered on the 19th day of January 1921, in favor of the plaintiff C. C. Coalson against said defendant W. L. Crawley for the sum of Five Hundred Fifty One and No 100 Dollars, with interest thereon at the rate of 6 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in May 1921, it being the 3rd day of said month, at the courthouse in the town of Graham, Young County, Texas, within legal hours, proceed to sell for cash to the highest bidder all the right, title and interest of W. L. Crawley in and for the following described personal property, levied upon as the property of W. L. Crawley, to-wit: One Three ton Okay Truck, Motor No. 73150 and One Trailer No. 933.

The above sale to be made by me to satisfy the above described judgment for Five Hundred Fifty One and 80.100 Dollars, in favor of C. Coalson, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

JOHN W. SAYE Sheriff Young County, Texas

AUTOMOBILE PAINTING

Automobile Painting is the part of the general overhauling of cars that causes many complaints. Unless the job is done by men who know how, a few weeks' use of the car will leave it looking worse than when it went into the paint shop. However, should the job be done by experts, the painting will be equal to or better than the original. Complete equipment is necessary such as that possessed by McGiney Motor Company, a \$12,000.00 painting plant located on East Hubbard Street, Mineral Wells, Texas.

Why Mr. N. Windsor (R. I.) Put Up with Rats for Years

"Years ago I got some rat poison, which nearly killed our fine watch dog. We put up with rats until a friend told me about Ed-Gee. It surely kills rats, though house pets won't touch it." Rate dry up and leave no smell. Prices, 35c, 65c, \$1.25. Sold and guaranteed by The Davis Drug Company, Norris-Johnson Hardware Co.

HIGH STYLE

A registered Kentucky Jack, 15 3/4 hands high under the standard. Will stand at my place, eight miles west of Graham, on the Murray road, during the season. Price to insure, \$15.00. All precautions must be taken to prevent accidents, and I will not be responsible should any occur.

W. C. REED, 30-33p

WOODSTOCK TYPEWRITERS

A shipment of new Woodstock Typewriters has been received at The Leader office and if you are interested in buying a new machine call at The Leader office for a demonstration. The good features of all machines are combined in the new Woodstock.

STOP THAT ITCHING

Use Star Eczema Remedy for Itch, cracked hands, tetter, eczema, ring worm, and sores on children. Sold on a guarantee by all druggists.—STAR PRODUCTS CO, Cameron, Texas.

O. K. WAGON YARD MOVED

The O. K. wagon yard has been moved to north of the Anderson gin, across the railroad. Good sheds and stables; good lots, and first-class accommodations. Plenty of feed.—BROWDER & GIVENS. 27-31-p

ITCH! Money back without question! HUNT'S Salve fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER, or other itching skin diseases. Try a 75 cent box at our risk. SLOAN DRUG CO. FOR SALE BY SLOAN DRUG CO.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff, or Any Constable of Young County—Greeting: You are hereby commanded to summon J. S. Norton by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 30th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to appear at the next regular term of the Justice Peace Court of Precinct No. One, Young County, to be holden at the Court House thereof, in Graham, on the last Monday in May A. D. 1921 the same being the 30th day of May A. D. 1921, then and there to answer a petition filed in said Court on the 22nd day of February A. D. 1921 in a suit numbered on the docket of said Court No. 1894, wherein L. M. Davis Drug Company, a firm composed of L. M. Davis and Hugh Sherwood, is plaintiff, and J. S. Norton, Defendant, and said petition alleging suit upon verified account for the sum of \$110.95 and that same is long past due and unpaid. Wherefore plaintiff prays judgment and for general relief.

Herein fail not, but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Witness, C. D. Brewton, Justice of the Peace Precinct No. 1 Young County, Texas. Given under my hand, at office in Graham, Texas this 13th day of April A. D. 1921. D. BREWTON Justice Court, Young County, Precinct No. One.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Order of Sale issued by the Clerk of the Justice Court of Precinct No. 7, Dallas County, on the 2nd day of March, 1921, in a certain cause wherein Remington Typewriter Co. is plaintiff, and R. B. Harris is defendant, in which cause a judgment was rendered on the 29th day of January, 1921, in favor of the said plaintiff, Remington Typewriter Co., against the defendant, R. B. Harris for the sum of Fifty and no-100 (\$50.00) Dollars, with interest thereon at the rate of 6 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in May, 1921, it being the 3rd of said month, at the court house door at Graham, Young County, Texas, within legal hours, proceed to sell for cash to the highest bidder all the right, title and interest of R. B. Harris in and to the following described personal property, levied upon as the property of R. B. Harris to-wit: One Remington Typewriter, Model 11-A, No. 92464. The above sale to be made by me to satisfy the above described judgment for Fifty and no-100 Dollars, in favor of The Remington Type writer Company, a corporation, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

JOHN W. SAYE, Sheriff Young County, Texas. By GEO. BLACK, Deputy.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Order of Sale issued by the Clerk of the District Court of Young County, on the 9th day of April, 1921, in a certain cause wherein W. A. Weltie is plaintiff and W. A. Weltie is defendant, in which cause a judgment was rendered on the 9th day of March, 1921, in favor of the said plaintiff W. A. Weltie against said defendant W. A. Weltie for the sum of Three Thousand One Hundred Thirty-Eight and 65-100 Dollars, with interest thereon at the rate of 8 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in May 1921, it being the 3rd day of said month, at the court house door, at Graham, Young County, Texas, within legal hours, proceed to sell for cash to the highest bidder all the right, title and interest of W. A. Weltie in and to the following described personal property levied upon as the property of W. A. Weltie, to-wit: Eighty acres, the South one-half of the J. J. Partidge Survey, and 140 acres of the land, the Southeast one-fourth of T. & N. O. Railroad Survey No. 9, subject to the reservation of one-half the mineral right.

The above sale to be made by me to satisfy the above described judgment for Three Thousand One Hundred Thirty-Eight and 65-100 Dollars, in favor of W. A. Kay, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

JOHN W. SAYE, Sheriff, Young County, Texas.

NOTICE THE STATE OF TEXAS COUNTY OF YOUNG

To those indebted to or holding claims against the estate of Percival Brustmeyer, deceased. The undersigned has been duly appointed administrator of the estate of Percival Brustmeyer, deceased, late of Young County, Texas, by W. H. Reeves, Judge of the County Court of said county on the 3rd day of March, A. D. 1921, hereby notifies all persons in debt to said estate to come forward and make settlement and those having claims against said estate to present them to him at his office in Young County, Texas, this 1st April A. D. 1921. F. V. HINSON Administrator of the estate of Percival P. Brustmeyer, deceased. (33-36c)

Fresh young milk cow with calf for sale. Call Leader.

STATEMENT OF OWNERSHIP, MANAGEMENT, AND CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of the Graham Leader, published weekly at Graham, Texas, for April 1921.

Before me, in and for the State and county aforesaid, personally appeared F. H. Bowron, who, having been duly sworn according to law, deposes and says that he is the Business Manager of the Graham Leader and that the following, is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc. of the aforesaid publication, for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager are:

Publisher The Graham Leader Company, Graham, Texas, Editor Edgar McLendon, Graham, Texas. Business Managers F. H. Bowron, Graham, Texas.

2. That the owners are: F. H. Brown, Edgar McLendon.

3. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: R. G. Graham, Graham, Texas, Mergenthaler Linotype Co., New York, N. Y.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is F. H. BOWRON, Business Mgr. Sworn to and subscribed before me this 13th day of April, 1921. (Seal) C. W. HINSON, Notary Public Young County, Texas. My Commission expires June 1, 1921

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS No. 561

Notice is hereby given, to whom concerned, that J. A. Hoover, the postoffice address of whom is Fort Worth, Texas, did on the 22nd day of March, A. D. 1921, file his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Clear Fork of the Brazos River, in Young County, Texas, sufficient water for municipal purposes for the City of South Bend, Texas, and mining purposes, to be impounded in a reservoir created by the construction of a dam, and diverted by means of a pumping plant, said dam to be located at a point which bears S. 59 1-4 degrees W. 376 feet from the S. W. corner of T. E. & L. Co. Survey No. 1104, on the right bank of the Clear Fork of the Brazos in Young County, Texas, distant in a southerly direction from Graham about ten miles.

You are hereby further notified that the said J. A. Hoover is to construct a dam of rock and concrete, 6 feet in height, 160 feet in length, having a top width of 2 1/2 feet and a bottom width of five feet, thus creating a reservoir having an average width of 185 feet, length of impounded water 4,200 feet, an average depth of stored water 4 1/2 feet and having a storage capacity of 80-acre feet, and to divert therefrom not to exceed 1,000 acre-feet of water per annum for the purposes herein stated.

A hearing on the application of the said J. A. Hoover will be held by the Board of Water Engineers for the State of Texas on Monday, May 2nd, A. D. 1921, beginning at ten o'clock a. m., at which time and place, all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application at the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board, in Austin, Texas, this 23rd day of March A. D. 1921. W. T. POTTER, C. S. CLARK, JNO. A. NORRIS, 20-26-32-38 Board of Water Engineers Attention: A. W. McDONALD, Secretary

NOTICE OF SALE

The Chicago, Rock Island & Gulf Railway Company hereby gives notice that car L. V. 14330, containing 60500 pounds of second hand shafting shipped by Jos. Greenspon's Sons Iron & Steel Co. from Saint Louis, Mo. to Gorman, Texas, and thence to Graham, Texas, under M. K. & T., St. Louis, Mo., to Gorman, Texas, waybill KT-77 dated November 2nd, 1920, and Gorman, Texas, to Graham, Texas, waybill KTT-8 dated December 2nd, 1920, consigned to shipper's order notify Giant Machine & Tool Co., Graham, Texas, having arrived at Graham, Texas, and remaining unclaimed, and the charges thereon not having been paid, under the laws regulating such matter it will, on the 25th day of April, A. D. 1921, at its freight depot in Graham, Texas, sell said second hand shafting at public auction to the highest bidder for cash: that the charges for the collection of which said sale will be made, are the sums of \$1,013.22, freight charges; war tax thereon, \$30.40; demurrage to and including this date, \$363.00, and further demurrage charges that will accrue of \$5.00 per day from this date to the date of sale, not including holidays and Sundays, together with war tax on said demurrage charges at the rate of 3 per cent of the gross amount of same; and the expenses and costs of said sale.

This March 23, A. D. 1921. 30-33 H. BENNETT, Agent for the C. R. I. & G. Railway Company.

INSANE MAN GIVES POLICE BUSY TIME AT GUARANTY BANK

Employees of the Guaranty State Bank were disconcerted this morning when Marshall Bryant, a carpenter, strode into the building with a roll of bills in his hand and began pacing to and fro in front of the cashier's window. Bryant was suddenly stricken with insanity.

Before making his appearance at the Guaranty State Bank, Bryant went to the First National Bank and drew out a large amount of money. He then went to the Guaranty State Bank, entered the building and for thirty minutes or so kept up his pace in front of the cashier's window.

The crazed man carried a hammer in his hip pocket and when an employe of the bank attempted to lay hands on him Bryant reached for the hammer. Police officers were notified and Bryant was taken into custody. In the scuffle which ensued when Bryant was seized by officers a glass in one of the doors was smashed. It was all the officers could do to take Bryant to jail. The sum of \$287.25 was removed from his person.

Slight Showing In Arkansas Co. Well

A rumor was in circulation around the city this morning that the Arkansas Oil & Gas Company's well on the Jeffrey, located five miles southeast of Olney, had shot over the top of the derrick. This rumor, however, proved incorrect, for when a representative of The Leader visited the well today it was learned that there was a slight showing of oil on the tools when they were pulled out this morning. The well has been drilling about a year now. There is twelve feet or so of open hole at present, and E. L. Pierce, secretary of the company, is confident of a commercial producer when the hole is cleaned. The well is now down 4,165 feet.

Old Board Sidewalk Replaced by Concrete

The last section of the board sidewalk on the west side of the square has been torn up and is now being replaced by concrete. The fronts of various business houses on this side of the square are also being dressed up and made to appear neater. The Johnson building, which will be completed within the next few days, will add much to the appearance of the west side of the square.

License and Seals To Be Demanded on Cars

The large number of automobiles which have been stolen throughout the country and state within recent months has led County Attorney F. V. Hinson to instruct the sheriff's department to arrest all persons who are found operating motor vehicles without the seal and license numbers displayed thereon in compliance with the law. Mr. Hinson said this morning.

It is hoped that this will be a means of finding stolen cars, as well as to keep down thefts.

\$1,363,669.85 LEFT BY GEORGE W. BRACKENRIDGE

San Antonio, April 14.—Inventory and appraisal of the estate of the late George W. Brackenridge, filed today with the County Clerk, shows that at the time of his death Mr. Brackenridge left real estate, notes, railroad bonds and other property valued at a total of \$1,363,669.85.

The inventory and appraisal was filed shortly before noon today by E. J. Altgelt, Lee W. Earnest and William Eitner, appraisers named by Judge Augustus McCloskey of the County Probate Court. The three appraisers represented the court, executors of the estate and persons contesting the will of Mr. Brackenridge.

The bulk of the estate is made up of notes of various kinds, a large part of them of the vendor lien variety or else secured by collateral.

That Mr. Brackenridge was a heavy purchaser of both city and county bonds is proven by the fact that his estate shows \$113,000 worth of these securities, the bulk of them various issues of city bonds.

Real estate holdings listed in the inventory and appraisal include the Fern Ridge home of the late Mr. Brackenridge, valued at \$150,000; one 596-acre farm in Bexar county valued at \$59,000, and another farm, also in the county, valued at \$27,975. Other realty holdings, including land in New York City, totals \$37,575 in value.

Household furniture of the palatial Fern Ridge home is valued by the appraisers at \$20,500, while three automobiles, which are a part of the estate, are estimated as being worth \$3,000. The private car "Fern Ridge," which belonged to Mr. Brackenridge, is valued at \$3,000, while total cash, which he had on deposit in local banks at the time of his death, totaled \$7,780.

The inventory and appraisal is a part of the court proceedings in the probating of the Brackenridge will, which was ordered a week ago by Judge McCloskey and which has been appealed by contestants.

FLOUR SELLS UNDER \$8.00 A BARREL

Minneapolis, April 15.—For the first time in almost seven years, flour sold under \$8 a barrel at the mills here today. With a reduction of one of the large mills of family patents from \$8.20 to \$7.90, a new low price was obtained.

Bran selling today for \$15 a ton, was lower than it has been for about ten years, grain men said.

ROUND-UP STAGED FOR WICHITA FALLS APRIL 28, 29 AND 30

Wichita Falls, April 14.—Interest in the Round-Up, which will be staged here under the management of Tom L. Burnett, wealthy ranchman of this section, April 28, 29 and 30, is greater than that shown in any similar event ever staged in this section of the State. Interest centers chiefly in the contest between Mrs. Lucile Muhl Burnett and Senorita Donna Villa, which now seems assured, and the bull-dogging event in which Jim Massey, of Snyder, Texas, will defend his title against a score or more of the fastest steer bull-doggers of the entire West, including Slim Caskey, of this city, the giant cowboy, who has twice broken the world's bull-dogging record, and Shortie Kelso, of Horse Creek, Wyoming, present holder of the world's fastest record.

The Chamber of Commerce and the Retail Merchants' Association, and other bodies have appointed special committees to look after sleeping accommodations for thousands who are expected to attend the big show.

FARMER SELLS 3,000 BUSHELS OF POTATOES AT \$2 A BUSHEL

Texarkana, Texas, April 14.—G. A. Cato, a farmer living two miles east of the city, has marketed 3,000 bushels of sweet potatoes from last year's crop, and which he says were all of very fine quality. He took a quantity of them to the Chamber of Commerce and left them for exhibition today.

Mr. Cato said the potatoes were dug last October 14 and were all free from cuts and bruises. They are worth \$2 per bushel here, but would bring 10c a pound anywhere on the Pacific Coast, he said.

REVIVAL AT LOVING

The Methodist revival begins at Loving next Sunday, April 24th. Evangelist T. N. Lowry of Waco, will do the preaching. Come. A. W. FRANKLIN, Pastor.

TWENTY MEXICANS HELD AS PEONS ON WEST TEXAS RANCH

Dallas, Texas, April 14.—Charges that Mexican laborers were found chained in West Texas ranch houses are among the allegations of penance under Federal investigation at the Department of Justice, Investigator Spencer said today. Mr. Spencer said that twenty Mexicans are held involuntarily near Big Springs to be taken before the Abilene grand jury next week.

OPIUM VALUED AT \$1,000 SEIZED IN DALLAS RAID

Dallas, April 14.—More than \$1,000 worth of opium, prepared for smoking, was seized in a raid staged here Tuesday morning by police officers in "Little Mexico," a section of the city inhabited by Mexicans. The raid followed a report from persons in the neighborhood that an opium den was being operated. The police sent a man into the building to make a purchase and he returned with a small package of opium. A woman was conducting the place. No parties were found in the house at the time of the raid except the woman and the officers made no arrests. The case will be turned over to federal authorities.

CENSUS SHOWS 150 MEXICANS WITHOUT TRANSPORTS

Dallas, April 15.—According to the report of F. J. Sheehan, who has just completed a census of "Little Mexico," 150 Mexicans without passports are now in Dallas. They will be sent back to Mexico as soon as a United States Immigration Officer comes to check them up.

Many of the Mexicans came in on temporary passports during the war and many have overstayed their time, according to the results of the census. The Chief of Immigration at El Paso has been notified of the condition in Dallas and a report of the census has been sent to the immigration officer, who is now in Fort Worth. He is expected to be in Dallas by the end of the week.

WATCH MR. COOLIDGE

Those who read Mr. Coolidge's speech on Roosevelt must have been struck by the thought that a new note has been struck in American political literature.

"Great men," said Mr. Coolidge, "are the ambassadors of Providence sent to reveal to their fellow men their unknown selves. There is something about them better than anything they do or say. If measured at all, they are to be measured in the responsive action of what others do or say. They come and go, in part a mystery, in part the simplest of all experience, the compelling influence of truth. They leave no successor. The heritage of greatness descends to the people."

Were that paragraph discovered from its authorship and read aloud before a group of intelligent readers with a query appended as to its writers, the probabilities are that the answer would be "Emerson." Like many of the Coolidge paragraphs, it has a decidedly Emersonian ring. The epigrammatic turn, the pregnancy, the terseness, as well as the abstractness, all remind one very strongly of Emerson.

It is fair to assume that Mr. Coolidge will invest the office of the Vice-Presidency with more meaning, more significance and more weight than it has hitherto known. If we eliminate Woodrow Wilson of 1917-18, the period during which he penned his greatest state papers—there is no man in political life today who can touch the austere little man from Massachusetts in the matter of literary style. It is difficult to escape the feeling that somehow there is a mighty destiny ahead of our Vice President. On reflection, he grows constantly. The rigorous simplicity of his life, the robust Americanism of his philosophy, the courageous quality of his action, the distinction of his writing, the intensity of his powers of thought—all appeal strongly to the imagination. He seems the contemporary incarnation of all the best qualities which, for generations, have kept New England a dominant force in American life. In him one feels something of the American immortals as Emerson and Lincoln.

Calvin Coolidge is unmistakably a man to be watched for evidence of greatness.

THE SLOW PACE THAT KILLS

"The pace that kills is the crawl," Dr. A. L. Goldwater, of New York City, who made a survey among American leaders of industry, announces as a result of his investigation.

The inquiry disclosed that men who work hardest, with consideration for the laws of health, not only live longest, but they get greater enjoyment out of their period of labor. The man who relaxes in middle life is found to be most susceptible to the ailments of life. The conclusion, gathered from replies of several hundred business men, is that "constant activity is productive of longer life, better health and greater happiness than early retirement to passive indolence."

It is always gratifying to see a man or a woman who has passed the allotted years of life take an active interest in current events and in the affairs of the community. Such a person may be afflicted with physical infirmity, but he seems to have the knack of living in spite of efforts of Father Time to make him succumb. One of the biggest mistakes any person can make seems to be to quit work at 50. Some of the finest accomplishments of men and women have been given to the world after they had passed the age which so many regard as the limit of useful activity; the age at which leisure should be permitted to dominate the life.

John Burroughs was a fine example of a man who retains his interest in the active affairs of life until the last hour of his existence. Other men, like Thomas A. Edison, appreciate the benefits of work after they have passed the period when most men think about retiring and abandoning all pursuits that savor of labor. The man whose ambition is to "die in harness" nearly always has the advantage of years of service over the one who relaxes at 50.

Three commissioners of Hill county were suspended from office by the district judge. Violation of the law in sale of road bonds was charged. It is claimed that the men who purchased the bonds received contracts for building roads and that the contract price was one-third more than other responsible contractors would have charged. Twenty-seven Hill county property owners appealed to the district judge. He issued an order of suspension. All office holders or employers of the state or county or city are servants of the people. They may get this into their heads some day.

Senate Joint Resolution No. 4
A Joint Resolution of the Legislature of the State of Texas amending Sections of the Constitution of the State of Texas as follows: Sections 5 and 21 and 22 and 23 of Article 4, relating to the compensation of executive officers; and Section 24, Article 3, relating to mileage and per diem of Members of the Legislature; of said State. Be it resolved by the Legislature of the State of Texas:

Section 1. Sections 5 and 21 and 22 and 23 of Article 4, and Section 24 of Article 3 of the Constitution of the State of Texas shall be so amended as to hereinafter read as follows:

Section 5. He shall at stated times, receive as compensation for his services an annual salary not to exceed Eight Thousand (\$8,000.00) Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture.

Section 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same, and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary of Five Thousand (\$5,000.00) Dollars, and no more.

Section 22. The Attorney General shall hold his office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and, from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power, or demanding or collecting any species of taxes, toll, freight, or wharfage, not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of all such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor or other executive officers, when requested by them, and perform such other duties as may be required by law. He shall receive for his services an annual salary not to exceed Seven Thousand Five Hundred (\$7,500.00) Dollars, and no more.

Section 23. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office shall each hold office for the term of two years, and until his successor is qualified; receive an annual salary not to exceed Five Thousand (\$5,000.00) Dollars, and no more; reside at the Capital of the State during his continuance in office; and perform such other duties as are or may be required of him by law. They and the Secretary of State shall not receive to their own use, any fees, costs or prerequisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section, or in his office, shall be paid, when received, into the State Treasury.

Section 24. Mileage and per diem; the Members of the Legislature shall receive from the public treasury such compensation for their services as may, from time to time, be provided by law, not exceeding Ten (\$10.00) Dollars a day for each regular session of one hundred and twenty days; and not exceeding Five (\$5.00) Dollars per day for the remainder of such session; and provided, further, that Members of the Legislature shall receive not to exceed Ten (\$10.00) Dollars per day for each special session of the Legislature that may be called from time to time by the Governor. In addition to the compensation above provided for, the Members of each House shall be entitled to mileage in going to and returning from the seat of Government which mileage shall be ten cents per mile, the distance to be computed by the nearest and most direct travel by land regardless of railways and water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by such table the mileage of each Member shall be paid; but no member shall be entitled to mileage for any extra session that may be called within one day after adjournment of a regular or called session.

Section 2. The Governor is hereby directed to cause to be issued his necessary proclamation for an election to be held on the fourth Saturday in July, 1921, at which election

these amendments shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and laws of the State. Said election shall be held under and in accordance with the general elections laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words:

"Official Ballot: "For the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas providing for compensation of executive officers."

"Official Ballot: "For the amendment of Section 24 of Article 3 of the Constitution relating to mileage and per diem of Members of the Legislature of the State of Texas."

"Against the amendment to Section 24 of Article 3 of the Constitution relating to mileage and per diem of Members of the Legislature of the State of Texas."

Those voters who favor such amendment relating to mileage and per diem of the members of the Legislature shall erase by marking through the words "Against the amendment to Section 24 of Article 3 of the Constitution relating to mileage and per diem of the members of the Legislature of the State of Texas."

Section 3. If a majority of the votes cast in the election herein provided for should be in favor of the amendments proposed, the maximum sum named herein shall become effective and be the compensation thereafter to be received by the officials named therein on and after the first day of January, 1923, and so remain until otherwise provided by law, and the compensation so allowed shall be paid out of any money in the State Treasury not otherwise appropriated.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of these amendments and the election to be held hereunder.

S. L. STAPLES,
(A True Copy) Secretary of State.

House Joint Resolution No. 30
Relating to the amending of Article 17, Section 58, of the Constitution of the State of Texas; abolishing the Board of Prison Commissioners; providing for the supervision and management of the Prison System, under such laws as may be provided for by the Legislature.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 17, Section 58, of the Constitution of the State of Texas be amended so as to hereinafter read as follows: Section 58. The Legislature shall have full power and authority to provide by law for the management and control of the Prison System of Texas; and to this end shall have power and authority to place the prison system under the supervision, management and control of such officer or officers as the Legislature may from time to time provide for by law.

Section 2. The above constitutional amendment shall be submitted to a vote of the qualified electors of this State at a general election to be held on the fourth Saturday in July, 1921, at which election all voters favoring said proposed amendment shall write or have printed on their ballot the words: "For the amendment of Article 17, Section 58, of the Constitution, abolishing the Board of Prison Commissioners." And all those op-

posing said amendment shall write or have printed on their ballot the words: "Against the Amendment of Article 17, Section 58, of the Constitution, abolishing the Board of Prison Commissioners."

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and have the same published as required by law.

Section 4. The sum of \$5,000.00 or so much thereof as may be necessary is hereby appropriated out of funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

(A True Copy) S. L. STAPLES,
Secretary of State.

Some FACTS About

Here are authentic figures from the Ford Factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

HOLE IS MADE THROUGH WALL BLANKETS USED

After fattening up and sleeping for several days at the expense of the county, life for three men confined in the jail became monotonous Sunday night and they rose from their beds, yawned two or three times, knocked an opening in the wall of the building and walked off free men. The men were J. C. Parker, charged with the theft of an automobile; J. C. Hartley, accused of bigamy, and O. R. Dodson, held on a theft charge. The prisoners were confined in the runaround of the jail.

In making their escape the men used a heavy iron bar to loosen the cement around a section of the stone wall. After making a hole large enough to permit them to crawl out, the prisoners manufactured a ladder out of their blankets and slid to the ground and freedom. No trace of the men has been found by the sheriff's department.

The escape last night swells the number to ten prisoners who have gained their freedom from the jail during the last three weeks. All the escaped men had felony cases against them.

In commenting on the escape this morning, Sheriff John Saye said he intended to leave the opening and the blanket ladder so that the men might return for another protracted boarding spree at the expense of the county. Other prisoners recently affected their escape by cutting their way out of the building with a case knife.

This deplorable affair, in the opinion of a large number of citizens, once more stressed the importance of a new jail building. Officers, including the ranger force stationed here, declared this morning that their efforts to enforce law were rendered practically useless because of no safe place to confine prisoners.

Opera House Will Be Used as a Garage

The old opera house is being remodeled and converted into a modern garage and automobile show room by the Shamrock Motor Company of Wichita Falls. H. F. Wurtz is here superintending the work, and said today the company would handle Marmon and Peerless automobiles.

7 RUNAWAY CHILDREN FOUND AFTER NIGHT SUFFERING IN RAIN

Fort Worth, Texas, April 14.—Seven tired, rain drenched, half-frozen children of the Tarrant County Orphans' Home were found at dawn Wednesday morning at a small inter-urban station east of Handley. Six girls and one little boy were shivering in the cold, huddled together. They were found by C. W. Harrison of Handley, who took them to his home for breakfast. He phoned to the Tarrant Orphans' Home later and Probation Officer S. S. Ogilvie was notified. Within an hour the children were returned to the home. They ran away about 6 p. m. Tuesday, being missed at supper when there were seven vacant chairs at the long table.

Barefooted and without coats, the orphans were unprotected from the driving rain Tuesday night. They were feverish and all had colds Wednesday morning when Mother Esley, matron of the home, put them to bed. Peering from underneath the bedclothing, Wednesday morning, the seven youngsters promised never to run away again.

DEVELOPMENT OF BUNGER DISTRICT

A Graham Citizen Urges Co-Operation and Cites the Numerous Advantages to Accrue.

Editor Graham Leader: The movement inaugurated some time since by well-known oil operators to develop the possibilities for oil in paying quantities in the Bunger district south of the city, undoubtedly deserves the support of all the citizens of Graham. It is the almost unanimous opinion of geologists and experienced oil operators who have made a study of the Bunger district, that oil will be found there in paying quantities, whenever a decisive test shall be made. That test is now being made by a group of citizens under the leadership of A. L. Barnes.

Now the development of this district is of vital importance to me, to you, to every property owner and resident of Graham. One well in this district establishes practically a new field—a field close to Graham, the success of which will be Graham's success. It will mean the establishing here of distributing houses for oil well supplies of all kinds for this entire section of country. It will mean the shaking off of the shackles that are hampering and restricting the growth of the town. It will bring active men with money to put the town and its wonderful advantages squarely in the limelight.

This pioneer company needs your co-operation—financial co-operation. I am not blowing the horn of Mr. Barnes and his associates. I would feel the same desire to push this enterprise along no matter what good citizen might be at the head of it. Men are prone to lull themselves to sleep by saying, "Oh, that's their game. Why should I boost their game?" You should boost because their game is your game, because they carry the lion's share of the risk—you will share the benefits, Mr. Banker, Mr. Lawyer, Mr. Laborer, and you should be willing to take a small share of the risk.

If the venture is successful every piece of property in the city will double in value; every established business will be made doubly profitable and every citizen will have increased opportunities for success. You should feel ashamed to lay down on a proposition being furthered by the Chamber of Commerce. Do you recall any single movement endorsed by this competent organization that carries with it possibilities as great as are offered by this enterprise?

Every loyal citizen of Graham would make a straight-out contribution to secure a new railroad—can you conceive of any line of railroad that would bring one-fourth the prosperity that would follow the bringing in of a 500-barrel well in the Bunger district?

Your support of this enterprise is not a contribution, it is as good as a speculative investment as you can find. If oil is secured your investment will be returned to you many times over, and this in addition to the many wonderful advantages outlined as above. If no oil is secured, then your loss has been very small in proportion to the possible and probable returns.

Oil development worked wonders with the Graham of a year ago. The development of the Bunger district promises much more. The opportunity is squarely before us—what are you going to do about it? Speaking for myself, I am going to invest as much in this enterprise as I would contribute toward the securing of a new railroad for Graham.

CITIZEN.

I. B. PADGETT IMPROVES RESIDENCE

I. B. Padgett has lived in Graham a long time but he has caught the new "Graham Spirit" and has made his house new. He has built a sleeping porch and has treated his house to a new coat of paint. He only recently built a new garage and bought a new car to put in it and as soon as he learns to run it well he will join the auto crowd.

He was one of the first to subscribe for the Graham Daily Leader and now has it paid several months in advance.

MAN BITTEN TWICE BY TWO MAD DOGS

Waxahachie, Texas, April 15.—Robert Rogers, a young man of this city, suffered a second mad dog bite yesterday afternoon as he stepped off a street car. He was bitten a few days ago and has been under treatment in a local laboratory. Both dogs have been killed.

ROYAL BLUE CO. AT SOUTH BEND STARTS REFINING FRIDAY

One Refinery, the Blue Refining Company, has already been completed near Lake City, and the Graham Refining Company, located near South Bend, is expected to be completed Monday.

The Royal Blue Refining Company started operations Friday, running gasoline, kerosene, fuel oil and steam cylinder oils. The refinery consists of four stills, arranged in a battery to run on the continuous process of refining.

This process insures an even-running, high grade product, and the plant once started runs 24 hours daily. The capacity is now 500 barrels of crude daily and additional stills now being erected will increase the capacity to 1,000 barrels per day.

The Royal Blue Refinery, while not as large as some, is equipped the same as large refineries. There are 481 gate valves in the various crude and refined oil lines which serve to direct the oil in the proper channels. A 4-inch line is laid to the field and the crude is gathered by gravity flow.

Officials of the company declare they are in Young county to stay and wish to have a large part in the upbuilding of the oil industry.

Harry Pennington, who supervised the building of the refinery, has been in the oil business for 19 years and was formerly chief engineer for the Texas Company, and last year was vice president and general manager of the Manhattan Oil Refining Company, operating a 5,000-barrel refinery at Wichita Falls and a 2,000-barrel refinery at Cleveland, Okla.

"The investment is considerable," Mr. Pennington said. The monthly pay roll adds to Young county's already large pay roll, and the men employed are all gentlemen, well schooled in the art of refining oil.

"This institution asks a share of business from Young county so that Young county money can be kept at home. When the railroad is built, this refinery will be increased to 3,000 barrels daily; will have a loading rack from which shipments can be made by rail. It will also have a 5,000-barrel storage-tank for crude for the refinery and another 10,000 barrel refined oil-tanks for receiving the refined products. It will have 200 tank cars of its own handling shipments."

SALMON CANNING METHODS

After being captured, the salmon are taken from the net or tray to canneries, where they are dressed, trimmed and cut in slices by machinery. These slices of solid meat, which are just the size to fit in a can, are inserted in them, also by machinery, and for two hours they are subjected to a heat of from 240 to 250 degrees under a steam pressure of ten and a half pounds. This cooks the flesh thoroughly, softens the bones, and insures complete sterilization. Canned salmon is packed by numerous companies and under a large variety of labels, but somewhere on each can will be found the name which designates the kind of salmon within, as pink, chum, etc.

INTERSCHOLASTIC LEAGUE HOLDS 11TH DISTRICT MEETING

The District Interscholastic League meet held at Olney, Friday and Saturday was a decided success in spite of the inclement weather. The district which is composed of Archer, Clay, Jack, Montague, Throckmorton, Wichita and Young counties had the largest number of contestants at the meeting that has ever been present at any meeting of the League since its organization eleven years ago. There was much interest manifested on the part of the schools and good records were made by the contestants. In some athletic contests, state records were broken. We were unable to get the records for publication.

Electra won first place in athletics for Class A high schools and Me-gargel, first place for Class B high schools. Class A is composed of all schools having more than 600 scholars and Class B includes all schools with less than 600.

Wichita Falls defeated Graham in a game of baseball. It was the first defeat that the Graham high school team has suffered this season. The Graham boys played well until the seventh inning when they "blew up" allowing the boys from Wichita to win the game 4 to 1. This game was independent of the district meet.

The following places won literary events: Wichita Falls, senior girls and junior boys declamations. Bellevue, senior boys declamation. Bowie junior girls declamation. Wichita Falls girls debate. Electra boys debate. In the rural school section the following were winners: Elbert, Throckmorton county, senior girl and junior girl declamation; County Line, Wichita County, senior boy and junior boy declamation. We were unable to get a report on the spelling and essay contests.

PEOPLE COME AND GO

Pointing out why business houses should constantly keep their name before the public the Nation's Business calls attention to the fact that as a town grows the percentage of persons who have always lived there becomes smaller and smaller. The proportion who have lived there ten or fifteen years is small. The prosperous merchant whose egotism might make him say, "Why every body knows us—they have known us for forty years!" should think about the constant changes in the city's population.

People come and go. Even those who stay have their own affairs to think about. They are not going to carry the name of the great business house long in their minds unless they are reminded now and then. When a business man gets the idea into his head that his concern is too well known to need any further advertising, he should take a look at the churches. The church at a great expense maintains a steeple. Why a steeple? Because it is a sort of a trade-mark—an accepted form of outside advertisement. You can't look at a church without knowing knowing what it is there for, but it keeps right on with its open air advertising. And moreover it rings its bell every Sunday.—Ex.

France proposes to celebrate the death of Napoleon I. His death is the appropriate event to observe.

SEVERE BLIZZARD SWEEPS OVER MANY SECTIONS COUNTRY

Chicago, Ill., April 16.—Blizzards swept the Middle West from the Rockies to the Great Lakes region today, taking a heavy toll of property damage and crippling transportation and communication lines. Several ships on the Great Lakes are endangered.

Transportation and communication are paralyzed by a foot of snow in Wisconsin. A seventy-five mile gale, accompanied by rain, is sweeping across the state of Illinois. In Missouri two villages have been hit by a tornado which was followed by one of the worst blizzards of the year. A heavy snow and sleet storm is covering the state of Iowa and in Colorado a dense snowstorm is blocking the railroads. The worst spring blizzard in years is reported in Idaho and a heavy snow is reported in Nebraska. The city of Birmingham, Ala., was hit by a sixty-mile gale and several people were injured.

Milwaukee, Wis., April 16.—The Coast Guard crews here are battling the worst storm in years in an effort to aid four vessels lying off Milwaukee breakwater. The steamer "Outagamie" had taken refuge off the breakwater and appeared in distress. A number of vessels are known to have started for ports in this section and fears are felt for their safety.

Oklahoma City, Okla., April 16.—A fierce norther, reaching almost a blizzard proportions, swept across Oklahoma today, accompanied by a severe wind storm in some sections.

WOMAN, 102 YEARS OLD, TAKES NINTH AIR TRIP THEN GETS CONFIRMED

London, April 15.—After her ninth aerial trip the other day, Mrs. Ann Sisson of Mansfield, 102 years old, went and got herself baptized and confirmed by the Bishop of Sheffield at Patmore. She made her first flight after her hundredth birthday. She says that she loves the game and is going to play it the rest of her life. "Why not?" she said. "I started my second hundred in better condition than I started my first for I could not walk at the beginning of my first hundred, so I thought I might as well learn to fly as I had learned to walk."

G. G. Flemister and Miss Berta Haag were married by Rev. T. E. Bowman at the Methodist parsonage last Saturday afternoon at 5 o'clock. Miss Haag was formerly a teacher in the South Bend school.

Graham — Newcastle — Eliasville — South Bend

MUCH OIL ACTIVITY IN MID-CONTINENT FIELD RECENTLY

Eliasville, April 14.—The influx of almost \$1,000,000 of Eastern capital, the return to work of men in the field, the building of a ten mile eight inch gravity pipe line and over fifteen new locations are sure signs that the depression which set in last spring is gradually passing from the Mid-Continent fields.

Announcement was made here this week that the Simms Oil Company of New York, said to be a branch of the Standard, invested a little less than \$1,000,000 in the purchase of four drilling tests, 160 acres of land on the T. A. Johnson farm, and four completed flowing wells with an aggregate production of about 2,000 barrels. The purchase was made from the Link interests. This return of Eastern capital to the field is looked upon as a good omen in this quarter. The transaction is probably the result of an excursion of New York financiers into this field some three weeks ago. The party included F. G. Pettibone, vice president and general manager of the Gulf, Colorado & Santa Fe, Daniel Pomroy, vice president of Bankers Trust Company of New York, C. F. Bonnor of Houston, vice president of the Kirby Lumber Company, Edward David, also of that company, and Bonde, a mining engineer from California. There are reports that Eastern capital to the amount of several hundred thousand dollars will be invested in other properties in the Mid-Continent fields.

The Prairie Pipe Line Company recently put eighty five men back to work and are replacing the small pump lines in the field south of here with a six and eight inch gravity line.

In addition to the other activities there are a number of new locations springing up in this district. They are as follows: The Fensland-Vick number two is spudding in; the Vick number two of the Gulf has the rig on the ground; stakes are set for the Gulf-Vick number 3 and 4, offsetting the Randall-Wright numbers 1 and 2 of the T. P. The Ivan Petroleum Company has a rig on the Martin. The Mid-Kansas W. P. Smith number 2 is a location offsetting the number 1. The Eliasville Clear Fork Syndicate well north of the river in the territory opened up by the Brown well has just started drilling operations.

At this time there are a number of wells in this district that are nearing the sand. They are as follows: T Fensland-Vick Number 1 is expected in this week and the tanks are set. Pipe line connections are being made and the tanks set for the Kentucky-Vick number 1 which will be drilled in this week. The Mid-Kansas-S. S. Walker Number 1 is not far from the sand. The Mid-Kansas, S. S. Walker, Jr., Number 1 has almost reached the pay. The Kuykendall Number 1 of the Mid-Kansas is nearing the pay. The Powell Number 2 of the Mid-Kansas which has a difficult job of fishing now has the hole cleared, and will be drilled in this week. The T. P. Dick Newell Numbers 1, 2, 3, 4, 5 which have been shut down for lack of water are resuming work since the P. O. & G. has agreed to provide water for them. Preparations for drilling in the Prairie Baker which is on the top of the sand with the pipe line connections already made, are complete. The Staley-Langford-Chenault, since new confidence has been placed in this field by the Black and Brown wells, have renewed their lease on the Morgan farm and have skidded their rig on the Number 1 which was ruined by a crooked hole at a little over 2,000 feet, and will resume drilling operations at once. The A. B. & F. river bed location is being cleared for the rig.

All eyes are turned on the Prairie, Sally Donnell Number 1, just outside the city limits. This test is down 3,110 feet and workmen say that the other 100 feet will probably be made within 48 hours.

WILLIAMS OBTAINS HIGHEST SCORE AT SHOOT OF GUN CLUB

J. M. Williams shooting at the local gun club trap yesterday won the second leg on the beautiful silver cup which will be awarded by Pace Golden, jeweler, for the best score made at the traps.

Shooting was made difficult yesterday by a high wind which blew across the grounds. The members couldn't tell what a bird would do when it left the trap. Sometimes they would be driven to the ground to scot along for quite a distance, and sometimes they would be flung high up into the sky. But even with the tricky wind, Williams managed to find the birds, breaking 43 out of 50. He was seconded by J. J. Gallaher, who got 42 out of 50. After a member has succeeded in winning the Golden cup three times, he then retains permanent ownership of it. There is a lively contest on over the trophy. The following were the scores yesterday:

Name	Broke	Shot at
Williams	43	50
Gallaher	42	50
Morris	39	50
Gallaher	38	50
Gay	37	50
Franz	34	50
Black	35	50
LeSage	35	50
Smith	34	50
Johnson	29	50

JAPAN REMAINS FIRM IN DETERMINATION TO HOLD ISLAND YAP

Washington, April 18.—Japan's firm determination not to surrender the island of Yap was stated emphatically in a series of five notes between the United States and Japan which were made public today by the State Department. The correspondence, covering a period of nearly six months, lays bare for the first time the whole secret of the negotiations over the island of Yap, which have created some of the most serious international issues of the day. The correspondence not only says that Japan defied the American protest against her mandate over Yap, but also that she rejected summarily a proposal by the United States that "even if the Yaps should be assigned under the mandate to Japan, all other powers would have free and unimpeded access to the island for landing operations and cables. The last Japan note to the United States, dated February 26, was regarded as almost sarcastic.

GENERAL REVIVAL OF BUSINESS WILL COME, HE BELIEVES

"Hog and hominy and a general revival of business during the next few weeks," says J. B. Dickinson, the widely known optimist. "Don't get blue just because things are a trifle slow. There are better days coming, and that very soon," continued the optimist.

Mr. Dickinson predicts that Texas bankers will soon secure the \$50,000,000 asked for, and with that small sum many banks will be enabled to extend loans to legitimate concerns and borrowers who can show the absolute necessity to carry on their business.

"The time is not far distant when business as usual will be the rule and not the exception. Financial conditions East and North are rapidly improving. A little optimism will prove a blessing. The country is now, as some think, in a nationwide slowdown but 'is far from being a breakdown."

"Graham is today the best business town in the entire Southwest, so why worry? Graham is not affected by any alarming extent and I see no good reason for pessimism. Laugh and be merry, tomorrow will be a new day, and may bring glad tidings of rapidly improving financial conditions. There's nothing the matter with Graham.

"Within sixty days oil development around Graham will be in full swing again; trucks loaded with material will be rushing through the streets and realty values will again advance; business will be good in every line. Keep smiling and be a real optimist.

SOUTH BEND CHAMBER OF COMMERCE PLANS BANQUET APRIL 28

South Bend, April 14.—The South Bend Chamber of Commerce is making plans to hold a big booster banquet here April 28. A committee composed of Secretary H. P. Hanson as chairman, Joe Burliner and J. B. Harris are in charge of arranging the details for the occasion.

Secretary Hanson says this will be one of the biggest events of its kind held in this section of the state. Arrangements are being made to have some distinguished speakers and prominent men present.

That minister who compares conditions in the world to "the morning after" does not explain how he knows.

Purchase a beautifully decorated 7 1-2 inch China Bowl Thursday, for 39c at SNOODY & SON.

E. B. Owen of Vernon, Texas, a former citizen of Graham, is here this week attending to business and visiting friends and relatives.

ATTORNEYS WARN AGAINST TAKING STRANGER CHECKS

Strict warning to the business men of Graham not to accept checks from strangers was issued today by County Attorneys Hinson and Ricker. A flood of worthless checks has swept the city during the last few weeks, and in many instances it is impossible to locate those issuing the checks, the attorneys said today.

The attorneys also warn against going the bond of total strangers, as in many instances prisoners flee the country and thereby evade justice.

E. B. Owen of Vernon, Texas, a former citizen of Graham, is here this week attending to business and visiting friends and relatives.

T-O Season Will Open April 26

The T-O League season will not open until April 26 in order to give Sherman time to organize a team to take the place of Denison in the league, Manager Carl Van Zandt said today. The season will open with Graham at Denison.

The Hi-jackers will play South Bend at that place today, and South Bend will come here for a return game Sunday. The game will be called at 3 p. m.

THE HOME BREW IDIOT

Nearly every paper one picks up nowadays contains accounts of people who have brewed themselves a lot of liquid devilment at home, or out in a barn, or down cellar, or in the chicken coop, drank some of it and then went crazy and were carted off to the bughouse or else grabbed up an ax and undertook to depopulate the neighborhood, landing in jail via the hurry-wagon, and later on serving out a sentence or paying a fine, or both. It must be great sport, though we fail to see where the fun comes in. This thing of taking a lot of hops, yeast, bark, lemon extract, Hostetter's bitters, raisins, canned peaches, barley, rain-water and other ingredients and mixing up a lot of slop that when it ferments would drive a rhinoceros into delirium tremens or eat the paint off the side of a house, and then emptying it inside oneself as a galvanic shock to the whole nervous system, seems to delight a whole lot of people, but we cannot imagine what kind of people they are. There must be something the matter with them—something radically wrong in the upper story. They have more wheels in their heads than a Waterbury watch, and must keep what few brains they possess in their vest pockets. The jails are full of them and overflowing, and the overflow has been hauled off in the garbage wagon to insane asylums, pest houses and detention camps. Where is the fun, the sport, the pleasure, the profit, or anything else worth while? Any durned fool can get some wood alcohol and empty a lot of red pepper and prusic acid into it, and commit suicide, if so inclined, but what's the great idea? Why not just jump off the bridge at midnight, as Longfellow put it, and have done with it? Why drape the obsequies in red flags and gory paint?

THE RAILROAD PROBLEM

"It is little to be wondered," said President Harding in his message to Congress, "that ill-considered legislation, the war strain, Government operation in heedlessness of cost, and the conflicting programs, or lack of them, for restoration have brought about a most difficult situation, made doubly difficult by the low tide of business. All are so intimately related that no improvement will be permanent until the railways are operated efficiently at a cost within that which the traffic will bear."

Continuing, the President declared that railway rates and cost of operation must be reduced. "Congress," he said, "may well investigate and let the public understand wherein our systems and the Federal regulations are lacking in helpfulness or hindered in restrictions. The remaining obstacles which are the heritage of capitalistic exploitation, must be removed and labor must join management in understanding that the public which pays the public to be served, and simple justice is the right and will continue to be in the right of all the people."

This indicates a clear understanding of the situation by the Administration. The investigation which the President suggests should be carried out by Congress without delay, and all of the ramifications of the problem aired fully. Resumption of business prosperity depends upon adjustment of the railroad situation to a degree that cannot be exaggerated. The President's declaration that the public pays is the chief interest to be served sounds the proper keynote. That interest is primary, and that of owners of railroad securities, of railway managements and of railway employes secondary compared with it. Justice must be done all interests. But the thing which must be kept uppermost is that the railroads must give adequate service at rates the traffic will bear.—Star-Telegram.

STATE DEPARTMENT OF EDUCATION

"Austin, Texas, April, 1921
"To the County Superintendents:
"The Governor has vetoed the Rural Aid Bill, providing for an annual appropriation of \$2,000,000 for rural schools. I shall not criticize this action, for I believe that he acted conscientiously, according to his best judgment, under what he felt to be the necessity of reducing expenditures. He has indicated a willingness to submit this bill at the special session if other sources of revenue can be found. I have a plan by which I think this can be done. As soon as I have heard from certain members of the Legislature who, I think, will lead in an effort to get a rural aid appropriation, I may be able to give you details of the plan. I believe measures should be adopted, leading to a provision for the future which will not leave rural school support in jeopardy every two years."

"In the meantime, you can assist materially, if you believe that the state should continue its policy of giving special aid to the rural schools. If you will faithfully carry out the following suggestions, you will naturally aid me in my efforts for this measure:

(1) Suggest to your rural trustees and to influential citizens in the districts of your county which have received state aid, that they write respectful letters to the Governor in which they express regret at the veto of this bill, in which they tell him of the benefits of rural aid, and in which they request him to submit this matter again at the special session. Letters from farmers and prominent citizens, from all parts of the state, will do more good, than letters from teachers. A respectful letter to the Governor from yourself, will assist in this matter.

(2) Get your rural trustees and other prominent citizens to see your senator and representative, or to write to them, and request them to work for the message of a rural aid appropriation at the special session.

(3) Please write me at once, giving me the following information:
(a) If our state per capita is \$14.00 next year, and no rural aid is granted, how many of the rural schools in your county must have a school term shorter than the present one?
(b) In this case, how many rural schools must have a term less than six months? In making this estimate, base it on the expenditures of the present year, exclusive of expenditures for buildings which will not have to be made again next year. If you could give me the following information, it would be of the greatest value: How many schools would be cut to a three months' term? How many schools would be cut to a four months' term? How many schools would be cut to a five months' term? How will the cutting short of school terms affect your power to get good teachers.

"Please also give me a summary of what you consider to be the benefits of the rural aid appropriations. If you believe it wise for the state to discontinue these appropriations, please state this frankly, and give me your reasons.

mbee? mfw mfw mfw mfw mfwyp
"Will not each of you give this matter your immediate attention? I believe these appropriations to be of vital importance in equalizing opportunities and giving the country child a better chance. Your prompt action now may result in establishing the special support of rural schools as a permanent policy of the future. Your delay may result in failure. If we are to succeed in our efforts for the country child, we must all work together.

"Respectfully yours,
"ANNIE WEBB BLANTON,
State Superintendent."

KATY SHOES DROP 292 WORKERS TODAY

Denison, Texas, April 15.—The order reducing the personnel of the M. K. & T. locomotive force at Denison, which went into effect this morning, cut off 292 machinists, boiler-makers, helpers and apprentices, it was announced at the office by the superintendent.

At the same time the stores department force was reduced, this order affecting fifty laborers.

NEW TELEPHONE DIRECTORY

The Southwestern Bell Telephone Company has been making material improvements in their local system during the past few months. Their business has increased in volume and so many subscribers have been added recently that a new directory will be issued soon, according to the local manager, Mr. Shelton.

RABBITS ARE SLAUGHTERED

Not less than four rabbit drives were held in the county the past week and 3,000 or 4,000 rabbits were slain.

A dandy one was had Friday out west of town on the ranches of Messrs. Tackitt, Harrison, Shawver. A big dinner was served, drives being made in the morning and afternoon, and something like 1200 rabbits were killed. A number went out from Seymour and were among the score makers. A few of the scores were learned as follows: George Prichard 48, Dr. C. P. Johnson 37, Tom Toddock 31, Harry Collier 25, Charlie Guillet 18, Capt. A. H. Hopt, 24, O. H. Harrison 18. There may have been scores equally as good or better, but were not reported.

There will be another big drive tomorrow, beginning at the west side of Mr. Will Harris' farm in Mary's Creek community. Dinner for the hunters will be served on Mr. Harris' place.

A week from tomorrow a rabbit and wolf drive, or wolf and rabbit drive, will be held in Shawver community.—Baylor County Banner.

MOTOR FREIGHT SERVICE FROM DALLAS TO TYLER

Tyler, Texas, April 14.—Beginning today freight will be hauled between this city and Dallas by means of a motor freight line, which will operate two large motor trucks out of Tyler and Dallas daily. The company expects to inaugurate passenger service within the next sixty days.

People are always trying to dodge the man who thinks he can tell a funny story.

A Los Angeles woman who shot her husband says she mistook him for a monkey. Husbands cannot be too careful in seeing that their identity is on straight.

Strong Gas Flow in Bunger District!

Reported Showing of Oil in Askew Well

Parsons No. 1 Well Now Down Over 700 Feet!

The Parsons No. 1 Well, now being drilled by the Barnes Production Co. is within the immediate vicinity of the Askew well in the very heart of the district pronounced most promising by the various geologists who have made a survey of this district.

The well is already down more than 700 feet and is progressing rapidly, under the direct supervision of Joe Frantz, who recently completed eleven wells for the Roxana Co. in the South Bend field.

With 203 acres under contract in this drill site a producing well of even moderate capacity will make the property immensely valuable and will return the investors money to him many-fold

Graham property owners have another incentive to cooperate with this company in the completion of Parsons No. 1. Its success will mean the enhancement of every foot of realty in and around Graham as soon as the word is given out—

"Parsons No. 1 Has Been Brought In"

values will jump and the real era of prosperity for Graham will begin. For the merchant the bringing in of this well will treble his business, will render his stock, his building lease and everything he owns immensely more valuable—will bring the sunshine of prosperity to his heart and dollars to his pockets.

This company is offering \$30,000 of the stock for sale at par for funds to complete the well.

Do you want this district developed?

Do you want to put in \$100 and get back \$500-\$1,000?

Do you want to break the shell that hampers and confines this town and "turn her loose"?

There's one way to demonstrate your interest—come to this office and buy as many shares in Parsons No. 1 as you can afford to buy, or phone us and we will send a salesman to you.

At least show interest enough to call up this office and ask us for full particulars.

We All Want Production Close In to Graham

The men behind this company want it bad enough to put in their money and their time and their best efforts. How badly do you want it?

Call us up and let's talk it over

Barnes Production Company

GRAHAM, TEXAS

REPRESENTATIVE OF A. & M. COLLEGE SPEAKS TO FARMERS

G. W. Orms, representing the U. S. Department of Agriculture and A. and M. College, spoke to a crowd of about 300 farmers at Newcastle yesterday, his subject being diversification of crops, according to County Agent Edgar Kemp.

The subject of diversification at this time, Mr. Orms said, must be given careful consideration by farmers. He urged improvement in the breed of livestock and recommended the raising of more hogs in Young county, as well as other parts of Texas.

An appeal to the business men of Young county to not forget the interest of the farmers during oil development work was made by the speaker, who sounded a note of warning along this line.

"Other counties during the rush for oil," he said, "have neglected the farming industry to their sorrow. For when the boom is over the people will necessarily have to fall back on agriculture as an economic means of livelihood. Farmers should not go along the line of diversification, but should pay more attention to improving their livestock."

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Young County—Greeting:

You are hereby commanded to summon F. V. Derrick by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 30th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 30th Judicial District, to appear at the next regular term of the County Court of Young County, to be held at the court house thereof, in Graham, Texas, on the 1st Monday in July, A. D. 1921, then and there to answer a petition filed in said Court on the 16th day of April, A. D. 1921, in a suit numbered on the docket of said Court No. 758, wherein H. E. Griffin is Plaintiff, and F. V. Derrick is Defendant, and said petition alleging an indebtedness of the sum of Nine Hundred Eighty-Five Dollars due on open account, for professional services rendered. Wherefore Plaintiff prays that Defendant be cited to appear and answer this petition, and that on final hearing he have judgment against Defendant for said sum, interest and costs of suit and relief, general and special, and in duty bound will ever pray.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness W. H. Kennedy, Clerk of the County Court of Young County. Given under my hand and the seal of said Court, at the 16th day of April, A. D. 1921.
34-37c W. H. KENNEDY, Clerk County Court, Young County.

Dolman House To Be Remodeled Soon

The Dolman Hotel will be remodeled in about a month from now, J. J. Gallaher, proprietor, announced this morning.

The office will be enlarged and a plate glass front added to the building. Every room in the hotel will be refurnished and redecorated, Mr. Gallaher said. The appearance of the building is expected to be greatly changed when the work is completed.

A man isn't so sure to reap as he sows when it is lawn seed.

ROYAL BLUE TESTS OUT EFFICIENCY OF ITS REFINERY PLANT

Lake City, April 16.—The Royal Blue Refinery tested out the running efficiency of its new plant here Saturday afternoon preparatory to daily operation, which it is hoped to begin regularly Monday or Tuesday of next week, according to Harry Pennington, president of the concern, who has been a chief engineer of the Texas Company for several years.

The four-inch line from the oil fields adjoining Lake City has been laid to the plant and four stills are complete and ready for operation.

Pennington states that the refinery will have a monthly operating expense of \$70,000. A thousand barrels of crude oil will be used daily and a superior grade of gasoline, what is known as the "new navy" that is specified by the U. S. Government for aeroplane use, will be turned out.

"This gasoline is entirely free from motor damaging ingredients, and does not contain any kerosene," Pennington says.

The refinery will produce fifteen kinds of gasoline, oil and motor greases. As soon as the plant is in running order a main office will be opened in Graham.

INDIAN MOUND MISSIONARY NOTES

Indian Mound Missionary Society met in their regular session with Mrs. W. R. Cox, 15 present. Mrs. Elliott led the devotional meeting, reading 9th chapter of St. John. We also had several good papers on the life of Miriam. So many good points being brought out.

After our business session we sang "\$75,000,000 campaign song, "Millions for the Master" and Society was dismissed by Mrs. Elliott to meet with Mrs. Ball next regular meeting.

Then the ladies were pleasantly surprised by an invitation to the dining room where we were served with delicious lemonade and vanilla ice cream and chocolate and cream cake which was very much enjoyed by all present.

PRESS REPORTER.

SHERIFF'S SALE

THE STATE OF TEXAS
COUNTY OF YOUNG

By virtue of an Order of Sale issued out of the Honorable District Court of Eastland County, on the 4th day of April, 1921, by the Clerk thereof, in the case of B. & H. Motor Co., vs. J. T. Estlick No. 7298 and to me as Sheriff, directed and delivered I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the Third day of May A. D. 1921, it being the First Tuesday of said month, before the Court House door of said Young County, in the City of Graham, the following described property, to-wit:

One three and one-half ton Federal Truck, Motor No. 11861E4, Seal No. 16647. One three and one-half ton Seldon Truck, Seal No. 45718, Engine No. 9194E4 levied on as the property of J. T. Estlick to satisfy a judgment amounting to \$2,999.43 in favor of B. & H. Motor Co., and costs of suit.

Given under my hand, this 20th day of April, 1921.

JOHN W. SAYE

Sheriff, in and for Young County Texas.

20 Mexican Bandits Hold Up El Paso Train

El Paso, Texas, April 20.—A bandit gang of twenty-seven men led by Nicholas Rodriguez, former Villa officer, held up a Mexican Central train at Chihuahua City and escaped with nine thousand pesos, it was reported here today.

The "drive" business has been badly driven into the ground.

CHAMBER ENGAGED IN PLANS FOR VISIT OF WICHITA GUESTS

The Chamber of Commerce is busy carrying out its plans for the entertainment of the visitors who will arrive here Friday on the first passenger train over the new Wichita Falls & Southern railroad and from towns in Young county.

Some elaborate plans have been made and it is certain that the Chamber of Commerce guests will be made to enjoy themselves while here. One committee is busy formulating plans to show the visitors every point of interest in the town and its environs.

The automobile committee, of which S. Wright McAney is chairman is busy securing at least 150 automobiles, the use of which will contribute to the use and pleasure of the visitors. These cars, after the banquet is served and speeches are concluded, will be held in readiness to convey all those who desire to see all points of interest in the town.

The automobile committee hopes that all those who are not reached, will send word to Secretary Milton McConnell that they offer their automobiles to assist in this work. The committee wants all automobiles decorated, if possible, although this is not absolutely necessary. It is also requested that all automobile owners go to the Chamber of Commerce Friday morning and secure Chamber of Commerce signs to place on their windshields.

NOTICE OF SALE

The Chicago, Rock Island and Gulf Railway Company hereby gives notice that car GT 32925, containing oil well supplies shipped by W. R. Shankle from Gorman, Texas, to Graham, Texas, under Waybill 17, dated December 3rd 1920, consigned to W. R. Shankle at Graham, Texas, and remaining unclaimed and the charges thereon not having been paid under the laws regulating such matters it will, on the 25 day of May, A. D. 1921, at its freight depot in Graham, Texas, sell said oil well supplies at public auction for cash to the highest bidder; that the charges for the collection of which said sale will be made, are the sums of \$328.32 freight charges; war tax thereon, \$9.85, demurrage charges to and including this date, \$488.00 and the further demurrage charges that will accrue of \$5.00 per day from this date to the day of sale not including holidays and Sundays, together with war tax thereon at the rate of 3 per cent of the gross total demurrage; and the expense and costs of sale.

This April 19, 1921.
H. BENNETT
Local Agent.

THE STATE OF TEXAS COUNTY OF YONG

By virtue of an execution issued out of the Justice Court for Precinct No. 1, Young County, Texas, on the 11th day of April, 1921, by the Justice of the Peace in the case of S. V. Bradford vs. A. C. Page oil well supply company, No. 1884, and to me as constable, directed and delivered, I will proceed to sell, within the hours prescribed by law for constable's sales on the 25 day of May, 1921, at the courthouse door in Young County, Texas, the following described personal property, to-wit: One Fairbanks Bull Dog Pump, levied on as the property of A. C. Page oil well supply company, to satisfy a judgment amounting to \$157.90 in favor of S. V. Bradford and cost of suit.

Given under my hand this the 11th day of April, 1921.

J. D. DAWSON
Constable of Precinct No. 1 Young County, Texas.
