GRAHAM HIGH SCHOOL IN FIRST CLASS

Supt. Bralley Writes Highly Commendatory Letter to Supt. Edgar McLendon.

The citizens of Graham especially those who are naturally proud of our school, will be highly pleased this week to learn of the fact that the Graham High School has been classified as a high school of the first-class.

Some time ago Supt. McLendon sent a quantity of papers from the high school to Austin to be passed upon by the State Superintendent and on Monday of this week received a letter from him in which he thanks Mr. McLendon for the splendid and prompt cooperation given by him to the State Superintendent in the matter of classifying the Graham school.

Graham has long been proud of Mr. McLendon and we feel sure the praise from Mr. Bralley was justly bestowed. Mr. McLendon is continually striving to make the Graham High the best small-town school in the state, and we are confident that if a record could be kept on the schools, Graham would rank among the top-notchers.

Following is the letter from Supt. Bralley:

Supt. Edgar McLendon, Graham, Texas. Dear Sir: I am in receipt of your favor, giving definite information as to the number of units your school is accredited with in the University of Texas. All information submitted by you has had our careful consideration and I am pleased to find that the fact warrants us in classifying your school as a high school of the first-class. A certificate showing this classification will be mailed you in the near future.

Permit me to thank you for your continued cooperation in the matter of classifying your school. You have been prompt in your answers and have cooperated in a way which we very much appreciate.

Again thanking you and wishing you every success, I am
Respectfully yours,
F. M. BRALLEY,
State Supt.

The Literary Club.

On last Wednesday afternoon the Chautauqua Literary and Scientific Circle met with Mrs. A. B. Eddleman. A fair percent of these interested ladies were present and responded to roll call with items of world-wide note from the Chautauquan Magazine. Mrs. J. W. Gallaher presided, and in an able manner directed a program from "Social Progress in Contemporary Europe," dealing with the embryonic struggles of the early England.

Little Thelma Burns entertained the company with a charming child reading, "The Dolly's Bazaar," which showed much aptness for the dramatic art. She graciously responded to an encore. A short business session was held, the questions relative to a rest room for Graham and the advisability of a "Parents-Teachers Club" engrossing the attention.

Mrs. Edgar McLendon read the paper of the afternoon, "The Growth of English Democracy," disclosing much ability and careful preparation. Mrs. Z. A. Hudson led a very entertaining Table Talk.

A. W. Kay recently bought a Studebaker touring car.

Miss Miller's Recital.

On last Friday evening at the Opera House, Miss Lucille Miller gave another recital of her pupils in elocution, which scored another splendid success for this talented young lady who has proven her ability as a superior instructor in the art of Expression. Quite a few of her personnel in the program had never appeared before the foot-lights until this time, and the fact that their stage presence was so easy and natural reflected great credit upon the training received as well as upon their aptitude for the dramatic art. Little Mary Louise Hallam, in her cunning baby way, gave the first number of readings—"The Loving Little Girl." The sweet voice was heard to enunciate distinctly throughout the house as she named her many "loves." Thelma Burns as the naughty little boy in "Um! Gee!" was irresistible. This number so full of action and bubbling "young America" was carried off perfectly by this diminutive maiden. Bebbie Finch has won favorable comment before as a promising young reader and sustained the reputation in a well rendered "Mr. Brown has his hair cut." Miss Fannie Stoffers was heard in "Bivouac on the Rappahannock," a descriptive number of pathos and beauty, with a musical accompaniment. This reading is full of appeal and was especially appropriate as a number of Daughters of Confederacy were present. Adele Jeffery in "Getting Letters" and Ruby Snoddy in "The Boy Kept Step" were very naive and entertaining; both numbers were given gracefully and received with manifest appreciation. Hardy Price has become a favorite as a character reader and promises much, as a pronounced talent is evident. His interpretation of the hoosier "yap" was ever bemoaning the fact that he was "Enj'yn' Pore Health" evoked a round of hearty applause. The spirit in which he enters a character piece is most commendable. Misses Willie Carmack, Beulah Allen and Buford Snoddy delightfully entertained the audience with "Bowser" among the dressmakers" which is an amusing farce upon the military ability of "mere man;" "Taking an Elevator," which Miss Beulah Allen recites with much expression; and "The Rivals" a dilemma in courtship charmingly retold by Miss Buford Snoddy. Juanita Adair evinces remarkable stage presence for one so young and her impersonation of the southern negro is very taking in "The One-Legged Goose," told with all the quaint humor of F. Hopkinson Smith. Perhaps the strongest number on the program was the oration "The Lost Word" by Mr. Robert Morrison. This gem in literature from the pen of the beloved Henry Van Dyke was delivered in pure tone intonations and with abundant feeling, disclosing a reserve force and delicate sense of expression which goes into the make-up of every real orator. The voice showed splendid training and admirable control. The High School Quartette, composed of Messrs. Jeffery, Johnson, Mabry and Morrison, sang a happy medley which delighted the audience. They were vigorously recalled several times and added very much to the decided success of the Recital. Two piano numbers were rendered by Misses Nell Graham and Adele Jeffery, whose charm as pianists is well known and appreciated in music-loving Gra-

LARGE SHIPMENTS OF NATIVE CATTLE

One Hundred and Twenty-eight Cars Leave the County this Week for Oklahoma.

It has been some time since such a great number of cattle have been shipped from Graham in so short a time as has been

be grazed this summer, then shipped to the various markets for sale.

It has taken some time and lots of energy to collect these cattle and Messrs. Clark and Jackson will soon make claim to being the cattle kings of West Texas.

A short time ago Messrs. Clark and Jackson were in Stephens county buying cattle and in one of the herds came across an un-

the recent shipments by Messrs. Clark and Jackson. The first lot said to be so tall that Mr. Clark was shipped on the 8th and the could not see over it; but it seems last, a train of 45 cars, will be that Mr. Clark was not satisfied with the height and remarked will be tomorrow. In all there will be that he wished that steer was taller." There were tall steers,

These shipments were made to points in Oklahoma, where Johny Washington, known as the steer in the shipments and any Oklahoma cattle king, will take cowman could pick some to suit charge of the stock. They will his individual fancy.

ham. Miss Miller closed the program with a most difficult character study, "The Debating Society," in which nine different impersonations of rural characters were masterly portrayed. Much careful study and artistic temperament were evident in every phase of this heavy number, which was given in a splendidly finished manner. Graham has much to be proud of in her young people, among whom are quite a few destined for high endeavor.

Part of the proceeds of this successful evening went to the U. D. C. benefit.

The Priscilla Club.

The club met this week with Mrs. Duncan with a larger number of members present than usual. Tongues and fingers kept time at a rapid rate. Criticisms and compliments passed freely. Criticisms especially on two pieces of crocheted. We hope they will soon be finished. Mrs. Duncan proved as lovely a hostess as her pleasing personality has always promised. Having permission from the President the hostess served a most refreshing ice course with cake, assisted by Mesdames Jackson, Crabb and Norman. Let's meet with the other new members soon. The next meeting is with Mrs. A. B. Eddleman. Present besides the club members were the following guests: Mesdames McJimsey, Marshall, Stoffers, Rose and Price.

Mrs. M. L. Holman who has been visiting in El Paso is in Graham to make her home with her daughter, Mrs. M. W. High.

"Tag Day."

Second Monday was observed in Graham by the Daughters of the Confederacy as "Tag Day" and these energetic ladies saw to it that every man who walked the streets on that day was properly decorated with one of the little tags which bore the lettering, "Tagged for the benefit of the confederate monument to be erected by the U. D. C."

There was quite a little fun and rivalry among the "taggers" as to who could sell the most tags, yet all were so successful that no one felt badly when the sales were turned in at sundown.

When the ladies had all reported it was found that their bank account had been moved up \$175 besides \$6.40 which the candy sold for. Each Daughter wishes to thank the men of our town and all who were here from the country and contributed to this worthy cause for their liberality on this occasion.

The monument will be a beautiful piece of statuary and is certainly worth the effort the chapter is making to secure it. The chapter, on the other hand, is a determined band of conscientious workers, who will leave no stone unturned to accomplish their undertaking. Will the people of the town and country rally to their aid and help to pay for the erection of this monument to our old soldiers?

AN EARNEST DAUGHTER.

The Young county singing convention meets at Orth on the 4th Sunday, April 27. All singers and lovers of singing are cordially invited to be present.

SHAWNEE TENNIS CLUB OPENS COURTS

Mayor S. Boyd Street Dedicates New Courts in East Graham Last Friday Evening.

On last Friday evening at six o'clock Mayor S. Boyd Street formally dedicated the courts of the Shawnee Tennis Club.

The club was recently organized with a dozen members and a double court prepared in East Graham, fenced all around with poultry netting. The members have gotten the courts in fine shape and several interesting games have already been played.

Following is a list of officers and members: Horace Tidwell, president; G. Q. Street, secretary and treasurer; Mabry Short, property man; E. S. Graham, P. K. Deats, W. McClatchey, Chas. Hinson, D. D. Cusenberry, Henry Porter, Walter Douglass and Joe David Doty.

Sewing For Buckner's Orphan Home.

The ladies of the Baptist Missionary Society of Graham met Thursday April 10th with the President, Mrs. S. R. Crawford.

There were 32 ladies and children present, all busy doing something for the children in the Home. After making count of finished garment, ready-to-wear, there were 50. Four sunbonnets, one suit and one pair pants were donated by some one. The Society wishes to express their appreciation through this paper to Street & Co. for their liberal donation of beautiful remnants to be made into garments for the children. We want to thank three gentlemen for the machines and Mr. J. W. Taliaferro for the many favors he extended to the society. We want to mention that we missed sister Taylor. She was always at her post absent but forgotten, and also Bro. Taylor who always came to our sewings to give us a word of encouragement.

Mesdames Dowdy and Rutherford and daughters of the Red Top society came to help us with several garments made for their offering. We had as visitors Mesdames Wynns, Lynch, Rose, Elliott, Taliaferro, Lane, Rubenkoenig, Horton and Arnold.

After being so busily engaged at sewing our beloved president served delicious chicken sandwiches, waldorf salad, olives, pickles, cheese, cake, tea and coffee-an-lait. Everyone had an enjoyable afternoon and felt that quite a good deal had been accomplished.

One of our members, Mrs. S. R. Jeffery, wasn't able to attend but the orphans were not forgotten by her as she sent a bolt of domestic to the society to be made up for them. To remember the words of Lord Jesus, "It is more blessed to give than to receive."

We would have had a larger attendance but on account of so much sickness in different homes. (We missed you.) Our next meeting will be at the residence of Mrs. Jason Mayes on the 4th Thursday in April. Subject Italy. Every member come.

MRS. M. W. HIGH.

Glen, age six years, son of Mr. and Mrs. Marion Wallace, has been confined to his bed for the past two weeks with pneumonia, and for some time his life was despaired of, but on yesterday he was reported some better and it is hoped now that he will recover rapidly.

FRIDAY, APRIL 18

CLEAN-UP DAY

Public Schools Will Have Half-Holiday to Assist in Work of Cleaning Premises.

Tomorrow, Friday, April 18, has been set aside by the Governor as "Clean-up Day" all over the State, and the Mayor and

Councilmen of Graham have issued their edict in line with the Governor and the citizens of Graham are expected to do their part toward making Texas a clean State on this day.

The school will be dismissed in the afternoon to allow the pupils to assist in the work of cleaning up the premises of their parents and it is expected that by five o'clock every piece of property in the city will be as clean as when it was part of the rolling prairie.

Mayor S. Boyd Street informs us that he will have plenty of wagons to haul off the surplus garbage that can not be burned, and requests the people to put same in boxes or barrels and place in the alley on their premises. Unless this is done, the parties hauling will be unable to collect it.

Graham ought to be the cleanest town in this section of the State. It has many magnificent homes, and the citizens generally take pride in the cleanliness of their property, but we hope that a special effort will be made to make the whole town as clean as the cleanest yard.

The business district should not be neglected and all the old goods boxes and trash should be taken off the sidewalks and the litter swept off the square.

Let's make it a real clean-up day.

Bridges-Petty.

At the home of your humble servant, in the presence of a dozen witnesses on last Sunday evening at 4:30 o'clock, I enjoyed the honor of pronouncing the solemn ceremony that united Mr. J. C. Bridges and Miss Rose Petty in the holy bonds of matrimony.

The bridegroom is an intelligent, sober, energetic young man. He is of one of the best families of Red Top community.

The bride is a charming and accomplished young lady; she is also of one of Red Top's best families.

This young couple has a host of friends in Red Top and its adjoining communities. They will make their home in the Red Top community. We pray that the richest blessing of Heaven may come to them, to continue their lives useful and make them happier as the years go into eternity.

REV. R. E. BOYLE.

Christian Ladies' Aid.

The Ladies Aid of the First Church of Christ met Monday afternoon with Mrs. Frank Herron with 11 members and 3 visitors present. The meeting was opened with song and prayer, after which the reports of the different committees were given and other business matters of the society were discussed. Our lesson study on the life and character of David was then taken up. Mrs. Joe Birdwell, leader, had a well prepared lesson in which all took part; these lessons were very interesting as well as instructive.

We meet next Monday with Mrs. J. L. Graves, with Mrs. McGowan, leader. Lesson study "Solomon" last King of Israel. Key word "endure."

JUST THE WAY OF A BOY

Most Mothers Have Had Some Such Experience as Is Portrayed Here by "Bob" Burdette.

You send your boy on an errand. There are three women in the parlor. You have waited as long as you can, in all courtesy, for them to go. They have developed alarming symptoms of staying to tea. And you know there aren't half enough strawberries to go round. It is only a three minutes' walk to the grocery, however, and Tom sets off like a rocket, and you are so pleased with his celerity and ready good nature that you want to run after him and kiss him. He is a long time, however. Ten minutes become fifteen, fifteen grow into twenty, the twenty swell into half an hour, and your guests exchange very significant glances as the half becomes three-quarters. Your boy returns at last. Apprehension in his downcast eyes, humility in his laggard step, penitence in the appealing slouch of his battered hat, and a pound and a half of shingled nails in his hands. "Mother," he says, "what was it you told me to get besides the nails?"

And while you are counting your scanty store of berries to make them go round without a fraction, you hear Tom out in the back yard, whistling and hammering away, building a dog house with the nails you never told him to get. —From Robert J. Burdette's "Rise and Fall of the Mustache."

QUITE PROBABLY HE WOULD

Little One's Answer to Teacher's Question Really Not Such a Great Deal Out of the Way.

During a moment of relaxation Senator Warren of Wyoming told of the attempt of a school teacher to explain the functions of an American consulate.

For several minutes the teacher worked untiringly, the senator said, but the youngsters were slow in grasping the subject. Finally she tried a new tack.

"Suppose," she remarked, "that somebody took a man up in an airplane and after a wild, exciting flight of several days, dropped him thousands of miles from home in a foreign country, what place would he seek first of all?"

"I know, Miss Mary! I know now!" cried one of the small pupils, violently wriggling his upraised hand.

"Well, Harry," encouragingly said the teacher, "what place would he seek?"

"The hospital, Miss Mary," was the prompt reply of the happy little Harry.

CHINESE REPUBLICANISM.

Although the practice of making plaintiff and defendant kneel down before the judge in the course of a lawsuit and the application of corporal punishment to extract confessions from the suspected offender have been prohibited by law, still in some rural districts and cities the authorities of the court have not yet completely abandoned these practices. President Yuan, wishing the authorities to respect the rights of the people and thereby to show them the real significance of a republican form of government, has telegraphed instructions to the Tuuchs to investigate the practice of the local courts. —Peking Daily News.

CHINESE PAPER MONEY.

Paper money is said to have had its origin in China in the year 806, when the government issued it to relieve a financial stringency, receiving coin in return, which enabled it to pay off outstanding obligations. In the museum of St. John's college in Shanghai is a paper bill worth 1,000 cash, the equivalent of 50 cents, American money, which was issued by the first Ming emperor (Hung-wo, A. D. 1368-1399). It is nearly two feet long and one foot wide, printed on mulberry bark paper, and is a dark slate color.—Aragonaut.

PROPOSED AMENDMENT To the Constitution of this State, Authorizing the Issuance of Bonds for Improvement Districts, and Also for the Operation of Public Warehouses for Storing, Handling, Classing, Measuring, Weighing, Elevating and Loading Agricultural Products.

(S. J. R. No. 4.) JOINT RESOLUTION A Joint Resolution proposing an amendment to Section 52, of Article 3, of the Constitution of this State:

SECTION 1. Be it resolved by the Legislature of the State of Texas, that Section 52 of Article 3, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of a majority of the resident taxpayers voting thereon, who are qualified electors of such district or territory to be affected thereby, in addition to all other debts, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect taxes to pay the interest thereon, and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes, to wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals, and waterways for the purposes of irrigation or in aid thereof.

(c) The construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof.

(d) The construction, maintenance and operation of public warehouses for storing, handling, classing, measuring, weighing, elevating and loading agricultural products. Provided the Legislature may establish such means and agencies as may be necessary for accomplishing the purpose of this amendment and if a State warehouse commission be provided for, their term of office shall be fixed by the Legislature.

Sec. 2. The Governor is hereby directed to issue the necessary proclamation for submitting this amendment to the Constitution to the qualified electors of the State of Texas on the third Saturday in July, same being the 19th day of said month, and the amendments proposed to Section 52 of Article 3, as above indicated, shall be voted upon separately.

Those favoring the amendment to authorize road or other public improvements by a majority vote, shall have written or printed on their ballot: For amendment to authorize road and other public improvements by a vote of a majority, and those opposed to said amendment shall have written or printed on their ballot: Against amendment to authorize road and other public improvements by a vote of a majority.

Those favoring the issuance of bonds for the construction of public warehouses shall have written or printed on their ballot: For the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products. Those voting against said amendment shall have written or printed on their ballot: Against the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products.

Sec. 3. The sum of five thousand (\$5,000) dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication, proclamation and election.

WHO WILL BE "THE LUCKY ONE"

On Monday, July 14th, 1913, at 3:30 sharp, in front of my Store, somebody is going to get this

BALE OF COTTON ABSOLUTELY FREE

It might be YOU. If you are the lucky one you will have a premium worth from \$55.00 to \$65.00. This bale of cotton weighs 526 pounds and of good quality. With every dollar's worth of goods you buy from me, beginning April 11th, at 8 o'clock, until 1 o'clock July 14th, you will get a coupon entitling you to a chance at this bale of cotton.

A duplicate of each ticket given out will be deposited in a sealed metal box in my Store. On July 14th at 3:30 o'clock, this box will be opened. The tickets will be well mixed and one drawn out by someone that will be blindfolded—the number will be called and put on a blackboard where every one can see. If you have the corresponding number and present it in 5 minutes of the time the number has been placed on the board you get the bale of cotton.

If you fail to present your ticket in the given 5 minutes you lose your chance and the second ticket will be drawn, and likewise continued until someone gets the bale of cotton.

This bale of cotton would pay for two Case 6-plow Cultivators, or a Cultivator and Planter. It would make a big payment on one of my celebrated Velie Buggies and Hacks. It would nearly pay for a Peter Schuttler Wagon, or it would pay for a Range Stove or one of those Herrick Refrigerators.

Be sure and call for your tickets on cash or credit sales

D. G. VICK

THINK OF IT! Somebody is going to get this bale of cotton. It's no skin game, but a fair, square proposition. I will further say that every piece of goods sold to you will be good, clean merchandise at as close prices as you can buy anywhere in Young County.

I WILL ISSUE COUPONS ON EVERYTHING I SELL—NOTHING RESERVED

Don't let this opportunity pass, but get in the game

D. G. VICK

Somebody will be made happy on the 14th day of July.

PROPOSED AMENDMENT To the State Constitution Prescribing Qualifications for District Judges of this State and Prescribing Their Tenure of Office.

(S. J. R. No. 11.) A JOINT RESOLUTION Amending Section 7, Article 5, of the Constitution of the State of Texas, relating to the creation and formation of judicial districts, the terms of compensation and qualifications of the judges of the districts courts, and the times of holding court.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 7, Article 5, be amended so as to hereafter read as follows:

Section 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, one or more judges, each of whom shall be a citizen of the United States and of this State, who shall have been a practicing lawyer of this state, or a judge of a court in this State for six years next preceding his election; who shall have resided in the district in which he was elected for two years next preceding his election; who shall reside in his district during his term of office; who shall hold his office for a period of four years, and shall receive for his services an annual salary of three thousand dollars, until otherwise changed by law. Court shall be held by a district judge at the county seat in each of the several counties at such times and in such manner as may be prescribed by law. The Legislature shall provide for the holding of the district court when the judge thereof is absent, disabled or disqualified from acting. The district judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or

appointment.

Sec. 2. The Governor of the State of Texas is hereby directed to issue necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at an election to be held on the 19th day of July, 1913, at which election all voters favoring this amendment shall have written or printed on their ballots the words: "For the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts," and all voters opposed to said amendment shall have written or printed on their ballots the words: "Against the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts,"

and all voters opposed to said amendment shall have written or printed on their ballots the words: "Against the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts,"

The Good Literature baskets of the W. C. T. U. were established last Saturday by a committee of ladies at the following places: Chism's Studio; Leader office; Rubenkoenig & Bower's Barber Shop and Beckham National Bank. Mr. E. S. Graham kindly lending his auto and chauffeur to assist in this good work. This means good temperance literature in the hands of our voters, which in turn means the casting of the right kind of votes.

The following letter from our State president should be carefully read by all members of the local W. C. T. U.

Waco, Texas, April 5, 1913.

Mrs. J. W. Akin,
Graham, Texas.

Dear Comrade:

The convention which meets in San Antonio 6th to 9th of May means much to our cause in this State. Will you not make a special effort to be represented there? Send one delegate at least, and more if you can. Hold some kind of meeting or entertainment to raise money to pay your delegate's expenses. Plans for our work will need every Union in the State, and we must press forward now, if "Texas Dry," our motto, means anything.

At the convention we will have a banquet, at fifty cents a plate, and if we can have 200 present at that banquet, we shall have speeches, and plans launched for the year's work. Send one, or ten if you can, but at your earliest convenience drop a card to Mrs. H. T. Cunningham, 312 W. Laurel St., San Antonio, telling her how many will go from your Union.

Have you paid your State pledges and State Dues? I'm sure you want to come up with a clear record, so if you have delayed, don't put it off any longer. Send your report to your State Corresponding Secretary, Mrs. W. D. Mihills, 2818 Austin Ave., Houston. Look through the list of Superintendents of departments (you will find this in your Year Book, or in White Ribbon) and report to them just what you have done in their departments this year. If you have not received blanks sent in your report anyhow.

My health is improving each day now, and I pray that disappointment may not come this time to break down all that I have fought so hard for these last months.

Get your comfort bags ready for the soldiers and sailors, as per the plan given in last White Ribbon, and send them to the address given by Mrs. Dilgarde, Mrs. W. D. Gray, 1501 N. Pine Street, San Antonio. If you do not get them ready in time before the convention, send them to the convention. Let every Union make as many as possible, as we shall need many hundreds of these little comforts. They are to be presented to each sailor on the Battleship Texas, and to as many soldiers as we can reach.

Yours for a white map,
Mrs. Nannie W. Curtis,
Pres. Texas W.C.T.U.

A meeting will be held at the home of Mrs. Akin to sew comfort bags for sailors and soldiers, Friday afternoon, April 18. The directions will be found below. Come all members with your sewing materials and let us enjoy this meeting.

The comfort bags are made as follows: Two pieces of denim, 10 inches wide, 14 inches long. One end should be finished with flap as an envelope; make five pockets, arrange two above center and three below. Place in these a small new Testament, needles, thread, buttons, small scissors and thimble, also pledge a card and a personal letter to some mother's boy.

For \$1.75 cash in advance we will send The Semi-Weekly Farm News and **THE WEST TEXAS REPORTER** each for one year. This means you will get a total of 156 copies. It's a combination that can't be beat, and you will secure your money's worth many times over. Call or mail your subscription to

VARIETY OF WEDDING CUSTOM

Bridal Costume of White Is One of the Oldest, Though Other Colors Have Been Worn.

The many countries of the world all have different wedding customs. The custom of brides wearing white is an old one. White has always been the symbol of purity; and this is the main reason why it has been used in all ages and in all civilized countries as the color of the bridal gown. In old days the Hebrew and Roman brides often wore pale yellow veils, and among the so-called "barbarian" nations--such as the early Saxons, Goths and Norsemen--the bride allowed her hair to hang loose as a symbol of her freedom, until entering her husband's house, when it was bound up upon her head as a sign of her future submission.

This idea was held by the Anglo-Saxons until a recent date. A great many flowers were always used at the early weddings and each kind of flower had some special meaning.

Among the Greeks and Italians the myrtle and olive were intertwined with white and purple flowers, the white standing for the bride's purity and the purple for Christ's blood. Roses, myrtle and rosemary were worn among the English. Pansies were also often used. The rose meant love and secrecy. One old marriage custom consisted in each guest dipping his spray of rosemary into his cup of wine before he drank the health and happiness of the bridal couple.

HIS PA'S IN CONGRESS

"That is an odd name your brother has."

"Yes; pa calls him 'Appropriation Bill' because he's stealin' pie and preserves all the time."

ANIMALS USED TO TEST DRUGS

Use is made by chemical manufacturers of various animals, such as chickens, dogs, cats and frogs, to test the efficacy of drugs. Ergotin, for instance, is tested on chickens in an extremely simple way. Should it fail to turn a chicken's comb black it is at once known by the experimenter that the drug is worthless.

Dogs are employed to test hashish. This is manufactured from female buds of hemp, the male buds having no particular medicinal value. Hashish administered to dogs induces a peculiar pathological condition, and if the drug is correctly prepared, which is seen in no other animal save man himself. Digitalis, the heart stimulant, is best tested on frogs. Injecting a drop of the drug into the stomach of the frog, the chemist, by means of the kymograph, or heart recording machine, studies the changes of the frog's heart action, thus obtaining accurate knowledge as to the effect of that particular kind of digitalis.

UNCOVERED BURIED CITY.

Prof. Hiram Bingham, head of the Yale Peruvian expedition, has returned to this country, having conducted extensive exploration work chiefly at Machu Picchu, the Inca city discovered on a previous exploration journey. The jungle was cleared away and more than one hundred caves were discovered. Ruins of baths, houses and palaces were also laid bare, and practically the entire city uncovered. Owing to opposition on the part of President Billinghurst and his congress, Professor Bingham declares he does not intend to return to Peru in the near future.

WANT MORE TO BREAK.

Church--What are those English suffragettes after, anyway?

Gotham--Oh, they want to help make the laws.

"Why, they break the laws we have now!"

"I know it; but there are not enough laws to break. They want to make some more."

Styleplus \$17 Clothes

"The same price the world over"

Gentlemen

wear good clothes—not that good clothes make a gentleman, but a gentleman cannot feel at ease in commonplace garments.

You can spend a good deal of money on your

clothes if you go ahead without consideration of price. On the other hand, you can be stylish and tastily dressed at a very reasonable figure.

Accept our judgment of values and wear Styleplus Clothes \$17.

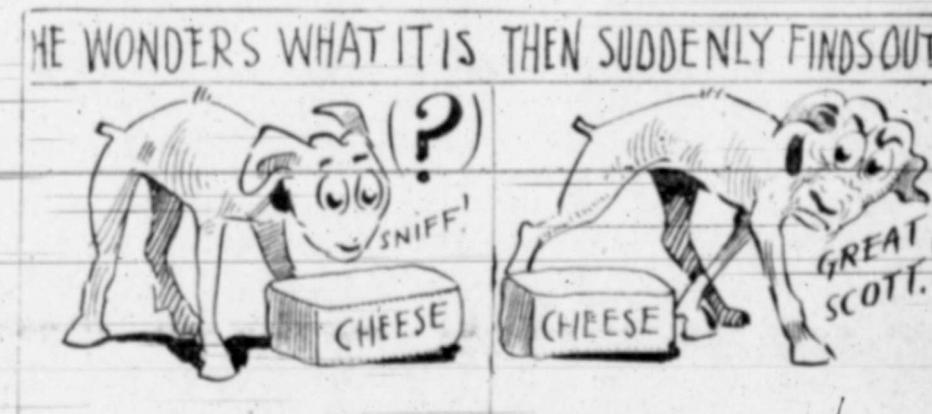

You will get the satisfaction that only well-tailored, correct-fashioned clothes can give. You will like the fabrics—they are choice selections of all-wool patterns. You will find that this special suit made by the largest men's tailoring organization in the world is firmly constructed inside and out—your clothes will wear and hold their shape.

All the newest spring effects in every style to please dashing young men or conservative men of older years. Come in and see—it's worth your while.

The News from our County Correspondents

Mount Pleasant.

Say, all ye correspondents, I guess you noticed how cold-blooded our editor is? Yes-sir-ree-bo, I believe ice would feel warm to him. Liquid air would not run his temperature any lower. A breeze from off the north Mrs. J. C. Petty and is one of he must have accompanied Dr. Cook on his famous expedition to the North Pole and had his mind frozen. "Why, Plow Boy, what do you mean talking about our editor that way?" Listen, any editor who will blue pencil thirty-three spring time songs is bound to be cold-blooded, and that is just what he did last week. I guess I know he blue penciled one and he said he treated the others the same way. No Rutherford were present at the he hasn't even got a warm hide. If he has he failed to turn it to any of us, so we can't accuse him of having any "pets" therefore of Miss Allye Reid. The guests were Misses Emmie Walker, Ada Workman, Dora McBee, Demalon Waters, Irene Rutherford, Mabel Graves, Eureka—Slater, Vera Dowdy, Johnnie Graves, Mary Slater and Ida McBee; Messrs. Leonard Graves, Homer Brigham, Claude Rutherford and Chas. Osborn. All reported a wedding.

Eld. Fisher filled his regular appointment last Sunday at the chapel.

Remember on Saturday of Bro. Fisher's next appointment is the day appointed to work the grave yard and hold a memorial service. Everybody come and bring dinner for two.

I wonder how many of you good correspondents will move up a little closer in the great, big Reporter circle and make room for old Silver Bell this morning. Of course I know that all will object to the jingle of an old bell while reciting but I'll "promise" to be real quite and my promise is well, just like pie crust. Now hands up, all who will take the honest word of this old bell. Too bad, not one hand was raised. I'll just show you all that I can be quiet. Seeing is believing.

Farm work is progressing very nicely in this part of the world. The ladies plant garden and Mr. Rabbit devours it as fast as the wee little plants peep out of the ground. The ladies scold and fret and say there's no use in trying to make a garden, but still they continue to plant more and all the while Mr. Rabbit looks on with a silly grin.

Melvin Gann and John Steele have a contract to grub a plat of

ground for D. A. Upsham. They have been buying all the fish hooks they could get. Suppose the boys are going to fish those old clumps-up by the roots. We imagine that would be a sight worth seeing.

SALEMITE.

FOLLOW PHOTOGRAPHER'S ADVICE.

If we look at humanity from a certain point of view everybody is exasperating, irritating and annoying, for each individual has some mannerism or fad to which another individual might object.

How often we rail against people whose faults are identical with our own!

We are all just a little selfish. We are all fond of our own comfort to a certain degree.

If we were not this way earth would be paradise, with no rent days on the calendar and never a hint of trouble with the coal man and the cook.

Keep sweet, keep cheery, keep brave.

WORSE.

"Very well, if you are not going to marry me tell me the name of the man you are going to marry."

"You wish to be revenged upon him?"

"Yes."

"Are you going to kill him?"

"Nope, I'm going to let him live and marry you."

MAY HAVE BEEN.

"Mrs. Plimpstead Beavers-Bonner says she was introduced to a Russian grand duke while abroad."

"I wonder how that happened?"

"I can't imagine, unless the grand duke was very careless."

JUSTIFIABLE CONCLUSION.

"What a liar that man is."

"Why do you say that?"

"I gave him praise a moment ago for the good work he has been doing, and he said he was afraid he didn't deserve it."

NASTY ONE.

Mrs. Gnagg—I'll say this for my husband; he does not care for other women.

PUBLISHED WEEKLY BY
THE GRAHAM PRINTING CO.
GRAHAM, TEXAS.

Entered as second-class matter Oct. 7,
1912, at the postoffice at Graham, Tex.,
under the Act of March 3, 1879.

Price of Subscription \$1.00 per year.

The editor is taken to task this week by "Plow Boy" who writes from Mt. Pleasant, because we "blue pencil" his spring-time song last week. Now everyone knows that when we try to rush the season we are confronted with the reverse in the weather, and this has proven to be so in this instance. Last week we received twenty-two letters from our correspondents, and a goodly majority of them were headed with a dream of Spring, and at the time we received the letters it was so cold we had to wear our ten-year-old overcoat to protect ourselves from the bleak winds of winter, and then he has the nerve to tell us that ice would seem warm to us. We wouldn't be surprised if he commenced writing about Christmas in the middle of the summer. If the truth were known we expect "Plow Boy" was sitting up close to a warm fire, dreaming, and his wife brought in a little wild pansy and a newly-hatched chick that began to cheep and "Plow Boy" awoke suddenly and seeing the pansy and hearing the cheep of the chicken, thought spring time had come, so forthwith wrote us his porcration on the subject. Now the editor strenuously objects to saying it is spring when it is still winter, and just naturally could not stand for a spring song when the north wind was playing "On Greenland's Icy Mountains" on the tail of that aforesaid ten-year-old overcoat.

Where Does the Money Go?

Recently I read in one of our county papers (not The Reporter) the following paragraph:

"For a farmer to be self-sustaining he must produce about twice as much as he consumes, and to be a good farmer he must produce three times as much as he consumes."

The writer of the above paragraph must have been dreaming. It is estimated that one bale of cotton made into sewing thread would bring \$500; made up, into overall it will bring \$450; \$950 of real wealth represented in two bales of cotton, which sum a little more than covers my running expenses for the past year.

I produced twenty bales of cotton last year, which averaged \$60 per bale, even \$1,200 for the twenty bales. Made into overalls it would have brought \$9,000. Who got the \$7,800? Thus we see I got a little better than one-ninth of what I produced.

Will any sane person contend that it cost \$8,800 to manufacture and distribute the finished product of twenty bales of cotton? There is a tremendous waste somewhere between the producer and the consumer. A blind man can see this; if he is a farmer he can feel it.

B. F. Yoakum, chairman of the great Frisco system, it is said, has made a study for years of the

low prices farmers receive for their products, while the consumers pay very high prices. Mr. Yoakum says: "It cost last year (in the United States) \$7,000,000,000 to distribute \$6,000,000,000 worth of products from the farm to the consumer." He further says: "My own figures on transportation cost show that the railroad freight earnings of the whole country on agricultural products are less than 4% of the total paid by the consumer, or approximately \$495,000,000 on last year's production."

Now, suppose we double the production this year and pay \$14,000,000,000 or more to have it distributed. Can you not begin to see why, farmers, that certain interests want the production doubled? They would get a take-off of \$13,110,000,000 instead of \$6,505,000,000, to say nothing of what the railroads would get for hauling it, and the farmers would realize no more, if as much, except extra work, as he did on the smaller crop, neither would the increased yield benefit the consumer.

According to statistics of the U. S. Department of Labor, as reported in newspaper dispatches, the price of everything the con-

sumer buys that is produced on the farm is continually on the increase, while, according to the report of the Secretary of Agriculture, almost everything except cotton declined in price last year, that is, it brought the farmers less money.

Think, farmers, think! Use a little common sense,

PROPOSED AMENDMENT To the State Constitution Authorizing the Issuance of Bonds for the Purpose of the Construction of the necessary Buildings for the University of Texas and also for Buildings of Various Institutions, and Authorizing Improvement Bonds for the Purpose of Navigation, Irrigation, Construction of Bridges and the Maintenance and Operation of Public Warehouses.

(S. J. R. No. 18.)

SENATE JOINT RESOLUTION To be entitled A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Sections 49 and 52 of Article 3 of the Constitution, authorizing the issuance of bonds and the levying of a tax to pay the interest and sinking fund on same for public improvements.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Sections 49 and 52 of Article 3 of the Constitution of Texas be amended so as to hereafter read as follows, to-wit:

Section 49.—No debt shall be created by or on behalf of the State except to supply the casual deficiencies of revenue, repel invasion, suppress insurrection and defend the State in war or pay existing debts, and no debt created to supply deficiencies in current revenues shall ever exceed in the aggregate at any one time five hundred thousand dollars. The Legislature, however, shall have power to authorize the issuance of bonds to be approved by the Governor for the purpose of purchasing additional ground and erect necessary buildings for the University of Texas, a medical department, an Agricultural and Mechanical College and all departments and activities of a complete university of the first class. The revenue received from the permanent University fund shall be available for the payment of interest on these bonds and for the creation of a sinking fund for their redemption at maturity and the Legislature shall also have power to issue bonds for the construction of necessary buildings for State institutions. The Legislature shall also have the power to authorize the issuance of bonds secured by lien on the real property of the penitentiary system to be approved by the Governor for the purpose of contracting buildings and making permanent improvements.

Section 52.—The Legislature shall have no power to authorize any county, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of or to any individual association or corporation whatsoever or to become a stockholder in such corporation, association or company; provided, however, that under Legislature provisions any county, any political subdivision of a county, any number of adjoining counties or any political subdivision of the State or any defined district now or hereafter to be described and defined within the State of Texas and which may or may not include, towns, villages or municipal corporations upon a vote of a majority of the resident property taxpayers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except in case of improvement of rivers, creeks, and streams, in building of levees to prevent overflows, in which case the bonded indebtedness may be for an amount not to exceed one-half of the assessed valuation of the lands of the district to be reclaimed; and, except, further, that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the legislature may authorize and in such manner as it may authorize the same for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof or irrigation therefrom or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and water-ways for the purposes of irrigation, drainage or navigation or in aid thereof.

(c) The construction, maintenance and operation of bridges and macadamized, graveled sandy clay, or clayed sand or paved roads and turnpikes or in aid thereof.

(d) The construction, maintenance and operation of public warehouses or in aid thereof.

SEC. 2. The foregoing amendment to Sections 49 and 52 of Article 3 of the Constitution of Texas shall be submitted to the qualified electors of this state for adoption or rejection at a special election hereby ordered for the third Saturday in July, 1913, the same being the nineteenth day of said month. All voters on the proposed

amendment at said election who favor its adoption shall have printed or written on their ballots the following:

For amendment to Sections 49 and 52 of Article 3 of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical college, State Penitentiary System, and other public improvements and building of warehouses for agricultural products. Those voting against its adoption shall have written or printed on their ballots the following:

Against amendment to Sections 49 and 52 of Article 3 of the constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical college, State Penitentiary System, and other public improvements and building of warehouses.

Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each county, for use in said election, a sufficient number of ballots for the use of voters in each county on which he shall have printed the form of the ballot herein prescribed, for the convenient use of the voters.

SEC. 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have same published as required by the constitution and laws of the State. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary is hereby appropriated out of any fund in the State Treasury not otherwise appropriated to defray the expenses of publishing said proclamation and printing of tickets and necessary blanks to use in said election.

NEW SHARK

A variety of fish new to science was captured by the Australian fisheries investigation vessel Endeavor during a recent cruise. This novelty in sea-dwellers apparently belongs to the shark family, and is eighteen inches long. H. V. Dannevig, the fisheries director, describes it as the most curious fish he has seen.

Instead of scales—the skin of the fish is covered with small plates presenting the appearance of a coarse rasp. Its body is triangle shaped, the flat under part being so formed as to enable the fish to rest on the soft mud. It has serrated teeth and very tiny eyes, in contrast with other fish found at considerable depths, which usually have very large optics.

SHORT ON COAL

John Guffigan, a Muncie policeman, was on his way home a few nights ago, and took a short cut through the Lake-Erie-and-Western railroad yards. He saw a negro, with a wheelbarrow and a shovel, preparing to take coal from a car, but none had been placed in the wheelbarrow.

"Come along, now, and don't make any trouble," said the policeman. "I've got the evidence on you, this time."

"Yassah, yassah, Mistah Guffigan," said the negro. "You got de evidence, but I ain't got de coal."—Indianapolis News.
