Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfect-ed preparation for restoring Grav on Faden Hars to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-BATION for its intended purposes." Ayer's Ague Cure,

For Pever and Ague, Intermittent Pever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilieus Fever, &c., and indeed all the affections which arise

No one remady is louder called for by the necessities of the American people than a sure and safe cure for Fever and Agre. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurfrom its use in any quantity.

That which prosects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURB" explet the minamatic policon of FEVER AND AGUE from the systems, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the roach of everyhody; and in billious districts, where FEVER AND AGUE prevails, everyhody should have it, and use it freely, both for cure and grotection. It is hoped this price will place it within the roach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of intermittents is, that it contains no quinism of other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had sever had the disease.

Fever and Ague is not alone the consequence of the minamatic poison. A great variety of discreters arise from its irritation, affong which are Neuraley. Headmants of the first had been an application. Fainful affection of the Splees, orders arise from its irritation, affiong which are Neuraly? Kheumatisin, Gout, Headache, Blindness, Toothache, Earache, Casarrh, Asthma, Palpitation, Painful affection of the Spiese, Hysterics, Pain in the Bowels, Golie, Pagalysis, and decaagement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the polson from the blood, and consequently cures them all sities. It is as invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occusionally or daily while exposed to the infection, that will be excepted from the vysiem, and cannot accumulate in aufficient quantity to Tipen into disease. Hence it is even more valuable for protection than cure; and few will ever soffer from they in the visit of the posterious distrements of the protection this remedy affords.

The Missouri, Kansas & Texas Railway as become so well known to the people of has become so well known to the people of Texas, as one of the finest and most comfertable Roads on the continent to travel on, that it seems almost unnecessary that we should say angletin its praise. Yet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while travelling over their sead. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Steeping Cars accompany all through passenger trains, and if you are going motth or seek, by making your wants known, you can go either via Hannibal or St. Louis. And for Radisas City, Denver, California, or any of the Northwestern States or Territories, it is much the best reute we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to us mething left undone to render a trip over this lime please apt.
