DR. J. BALL & CO.'S

Every year increases the popularity of this valuable H air Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic prop-erties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-BATION for its intended purposes." Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye. FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO., NABHUA, N.H.

1. Impaired Yision; 2. Presbyopia, or Far-sightness, or Dimbers of Vision, commenly called filurring; 3. Asthonodia, or Weak Eyes; 14. Epiphora, Running or Watery Eyes; 5. Sorg Eyes—epocially neasted with the Lye Cups—cury guaranterd; 6! Weakness of the Katina, or Optic Nerve; 7. No one remedy is louder called for by the necessities of the American people than a sure and aside cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its uhe in sny quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than ourse, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cures" expels the misamatic poison of Fevers AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of the premaintory symptoms. It is not easy the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and is biflous districts, where Fever AND Ague grevails, everybody should have it, and use it friestly, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and estain cure of Intermittents is, that it, contains no Quinism of other injurious effects winstever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the misamusic poison. A great variety of disorders arise from its irritation, among which are Neuralge Beaumation. Gout, Headache, Illindness, Toothache, Eurache, Catarrh, Asthma, Palmitat Affection, that will be excreted from the system as healthy as if they had never had the disease.

A Word of Advice to Travelers.

The Missouri, Kansaa & Texas Railway has become so well known to the people of Texas, as one of the finest and most com-Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost unnecessary that we should say anglifin its praise. Yet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Louis. And for Kansas City, Denver, California, or any of the North western States or Territories, it is much the best route we have from Texas. the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left undone to render a trip ever this line pleasant.

For sweet-ness of tone and orchestral effects it has no equal."— N. Y. fisses.
