CONSUMPTIVES, TARE NOTICE. - Every ment of delay makes your cure hopeles much depends on the judicions choice and much depends on the judicious choice of a remedy. The amount of testingny in favor of Dr. Saccutel, a. Pulmonic Syrup, as a cure for consumption, far exceeds all that can be brought to support the pretensions of any other medicine. See Dr. Schenck's Almanac, containing the certificates of many persons of the highest respectability, who have been reasoned to health, after being pronounced inpurable by physicians of somewheleged ability. Schenck's Bulmanic Syrup alemanas cared many, as those cysideness will show; but the cure is often promoted by the employment of two other, remedies which Dr. Schenck provides for the purpose. These additional remedies are Schenck's Sea Weed Tolics and Mandrake Fills. By the timely use of these medicines, according to directious, Dr. Schenck certifies that most any case of consumption may be oured.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring Grave OR FADED HAIR to its youthful color, making it soft, lustrous, and silken.
The scalp, by its use, becomes white
and clean. It removes all eruptions
and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HARE DERSEING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D. State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-BATION for its intended purposes." Word of Advice to Travelers. The Missouri, Kansas & Teas Railway has become so wall known to the people of fexas, as one of the finest and most competable Roads on the continent to travel on that it seems almost unnecessary that we should say supfath its praise. Yet we cannot ever get back from a trip over this line without saying seemsthing in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go by making your wants known, you can go either via Hannibal or St. Louis. And for dither vin Hannibal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern Shates or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left undoue to render a trip over this line pleasant.
