#### A Smash on the Contral.

Yesterday morning at eight o'clock, on the Central railway, the down passenger train ran into the up freight train at Cypress, smashing one locomotive and the tender of another, wrecking four cars, battering the engineer and the firemen of one of the trains, and bruising and jolting the passengers generally. Strange to say, and as mirrentons as it may sound, no one was SUPERIOR TO ANY . THER killed or dangerously wounded. The freight had partially switched, and the engineer of the passenger train thought the track was entirely clear, being deceived by the dense fog prevailing. He bulged ahead and butted the freight train with the above result Delays and accidents on the Central are getting to be a good deal more frequent than at all desirable. Houston Telegraph 6th.

Demonstration in Favor of Sisters of Charity Exited from Mexico - Ro-monstrances of Bishop Manuey Obeyed.

(Special to the Houston Telegraph) BROWNSVILLE, March 4.

Ou the 23rd alt. twenty two Sisters of Charity, expelled from Mexico, arrived here on routs to New Orleans and elsethers. Mearly all were Mexicans, The Maxipun ladies of this city and Matamo. ros offered inducements to them to stay where they could hear the soft Cautilian tongue, and the Sisters were willing. It was necessary to obtain the approbation of Bishon Manney, and while he personally desired to accede to the wishes of the ladies, an imperative sense of duty competted him to reject the proposals, To day the Sisters walked to the depot, and as they passed through the acreets the Mexicaus from all quarters of the city

gathered to prevent their going. The ladies were in the car, their baggage on board the baggage car, the en gine gave its premonitory whistle, and the Mexicans ma e a rush upon the train, specupled the ours, and declared that their dear Sisters should not leave them. The Mayor was sent for, who, with a force of police, restored order, and the dies were permitted to depart. Upon ile some one among the crowd cried out ly compounded

that the Bishop had driven them off, and a rush was made to the house of the Oblate Fathers where Bishop Manuey is a guest. The commotion attracted attention, and although it was attempted to persuade the Bishop not to appear before the excited multitude, he determined to interview them. 'On his appearance, cries of "Viva Mexico," "Yive Mexicana" were shouted by the crowd, but he waived his hands for silence, asking them what they desired. The multitude answered, "the Sis lers, you have driven them away, br.ng lumbia. James A. Broadhead, counsel for them back !" The Bishop stated calmiy that these ladies arrived here on their way to New Orleans, and they had now pro cooded; that he, as Bishop, had the charge of this district, and must manage it in his own way; that he had neither the ability or the power to keep the Sisters, and that if times became propitious, and the Sisters were needed, he would, in good time, endeavor to procure them. The Bishop then asked the multitude, "are you Catholics?" to which they all cried out, "we are." 'Well, then," says the Bishop, "if you are Catholics, hear and obey my voice, as that of your legitimate pastor, and I now say to you, go home and take with you my blessing." The crowd dispersed, though rumors of further disrespect to the Bishop are floating around. The demonstration was made by that of the class known as pelados, (the lower order.)

Letter from a Democrat.

FLORESVILLE, March 4. Editors San Antonio Express:

The prospect at last has changed from wintry blasts, excessive rains and gloomy portent in general, to a bright cerulean above, sunny days and the peerless balm and grandeur of our own matchless climate at Spring-tide. The winter now gone has been one remarkable, not so much for its at the smallest cost. excessive cold, as for the unchanging aspect of the season during quite three months of cold, raw winds, and cloudy days variegated with an occasional flerce norther and heavy rains. The mercury in this latitude never went lower this winter than 16 Fahrenheit, but the oldest resident has never experienced so much cold in any one season in this country.

Notwithstanding the severe winter, very few stock have died; indeed, the mortality among all kinds of stock from vicissitudes of weather, etc., bas been far below the annual average. Beef has been fat which he said they might dispose and thrifty all winter, and now is unusuof this preplexing question. When ally good. This is the strongest proof of the superb nutritive qualities of our famous mesquit grass over any oth-

Our farmers have been slow and back ward about getting to work on the new crop; but upon the appearance of the first sunny days all hands appeared to "put their shoulders to the wheel," or rather to grasp the plow-handles with one concurrent, spoutaneous accord. Times are hard now, very hard, but with a good crop this year, and the expected impetus to Western prosperity by the passage of the International Railroad bill will put a new face on affairs next winter, we hope, throughout our glorious region. But that "bill" is not yet a law so far as we know here: the "Governor" is yet to sign it, and many think he will veto it. CELEBRATED

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

DAIN in the right side, under the edge of the ribs, increase on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulders blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the panied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. slight, dry cough is sometimes an at-tendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning. startled, his feet are cold or burning, and he complains of a prickly sensa-tion of the skin; his spirits are low; and although he is satisfied that exer-cise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER. Dr. C. M'LANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to or after taking Quinine. We would advise all who are afflicted with this disease to give them A FAIR TRIAL.

CONSUMPTIVES, TAKE NOTICE - Every moment of delay makes your cure hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in favor of Dr. Secenck's Pulmonic Syrup, as a cure for consumption, far exceeds all that can be brought to support the preten-sions of any other medicine. See Dr. Schenck's Almanac, containing the certifi-Schenek's Almanae, containing the certifisates of many persons of the highest recepsetability, who have been restored to
health, after being pronounced incurable
by physicians of acknowledged ability.
Schenek's Pulmenic Syrup alone bas cured
many, as these evidences will show; but
the cure is often pronoted by the employ
ment of two other remedies which 'Dr.
Schenek provides for the purpose. These
additional remedies are Schench's Sea
Weed Touic and Mandrake Pills. By the
timely use of these medicines, according to timely use of these medicines, according to directions, Dr. Schruck certifies that most any case of consumption may be cured.

Dr. Schenck is pit fessional at his prin cipal office, Corner Sixth and Arch Sts. Philadelphia, every Monday, where all let tera for advice must be addressed.

DR. WHITTIER, No. 617 St. Charles Street, St. Louis, Mo., MARRIAGE CUIDE.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA BATION for its intended purposes." The Missouri, Kansas & Texas Ra way has become so well known to the people of Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost unnecessary that we should say aught in its praise. Yet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track s always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left un-done to render a trip over this line pleas-ant. 28 1.75-wly 1.121
