"I have politically opposed to Cake, but I now drop all party distinctions. -Our common interests are involved and party feeling should be unothered. Hon. The charter had no radi cal, no democratic origen, it was the child of the 12th legislature, the best thing it had, or could have done. The statements of Ceke in reference to the Central road led as a logic consequence to his veto of the International. I have always been in favor of undivided Texas, much of my life has been spent by word and pen in advocating its interests. LIVER COMPLAINT, DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver. DAIN in the right side, under the I edge of the ribs, increase on pres-sure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulderblade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, cometimes alternative with lax; the head is troubled with pain, accomanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone-something which ought to have been done. A rlight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively de-

RENEWER Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY COR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In paldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes." ### Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Billious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic

No one remedy is londer called for by the necessities of the American pegple than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurfrom its use-in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient-escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic polson of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy every et discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in billous districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy after cure of intermittents is, that it contains no Quinins or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its treimilon, among which are Neuralcy Rheumatism, Gout, Headache, Blindness, Toothache, Esrache, Catarrh, Asthma, Palpitation, Painful affection of the Spleen, Hysterics, Pain in the Bowels, Colle, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently, carries them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the main-risus districts. If taken occ

A Word of Advice to Travelers. The Missouri, Kansas & Texas Railway

has become so well known to the people o Texas, as one of the finest and most com-fortable Roads on the continent to travel on, that it seems almost unnecessary that we should say aught in its praise. Yet we cannot ever get back from a trip over this fine without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left unone to render a trip over this line pleas-nt. 28 1-75-w1y L121

" Waters' Concerto Parler Organt possesses a heautiful and pont-iarly seft tone. The Concerto Stop is with out doubt, the best ever placed in any of gan. It is produced by an extra set of reeds, peculiarly voiced, from which the effect is most charming, and its imitation of the human voice is supperb. For sweetness of tone and orchestral effects it has no equal."- N. Y. times.
