THE ORIGINAL HOWE!

The World-Renowned Elias Howe Sewing Machines are the oldest established of any in the world, they being the FIRST SEWING MACHINES eyer made, and having been manufactured by the original inventor and under his own appervision, Elias Howe jr., since 1845.

The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most complete system, combining perfection of workmanship with the largest productions at the smallest cost. Th order to obtain these results, time, labor, money, and the KYPERERNUL OF MY LIVE, as a practical mechanic, have been freely constituted, and I believe, with success. Further to facilitate the manufacture and sale of my Muchines, THE success. Parther to facilitate the manufacture and sale of my Machines. The Howe Machines Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The envisible repatation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an capecial Trade Mark, a Medation, having in the centre the profile of the Inventor aurrounded by the legend, "Erias Howe, Jr., Inventor and Markin, New York, U. S. A." This medallion is embedded in east Machine, andsone are the production of the Howe Machine Gosfrany unless that distinguishing Trade Mark.

DRAMATICAL COURSESSANCE OF A LONG MANAGEMENT OF THE PROPERTY O

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring Gray on Faden Harr to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic prop-erties, prevents the hair from falling out, as it stimulates and acquishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PRETA-RATION for its intended purposes." Sold by all Druggists, and Dealers in Medicines.
