These were all he applicane. He did not

know exactly what to do next. However,

he put on a bold face and said, "What cort

openly at the duors, By and by it was

necessary to go down-upon them. The

and, although he might have thousands o

gallons on the promises, there were two

paid the paltry ponalty, and went back to

his work of drink selling. Whoever want-

invitation to dishonesty, an invitation to

sunggiling. It was no use getting angry

about this, because the thing was there,

and he could not help it. The majority of Ambricans deglared these laws to be

MARRIAGE REPUBLICA

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HARR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and earefully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes." Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Beinittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic

No one remedy is louder called for by the necessities of the American people than a sure and and cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it grevails. Precession is better than care, for the maintances across the risk which, he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of Fevera AND ACUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory

poison of FEVER AND ACUES Tom the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this mass, of complaints, but also the cheapest. The large dumnity we supply for a dollar brings it within the reach of everybody; and in billions districts, where FEVER AND AGUE provails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor, as well as the rich. A great-superiority of this remedy over any other ever discovered for the speesty and certain cure of Intermittents is, that it contains no Quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never bad the disease.

Fever and Ague is not alone the consequence of the missmalle poison. A great-variety of disorders arise from its irritation, among which are Neurals? Heumatism, Gout, Hendache, Blindness, Toothache, Karache, Caiarrh, Ashma, Palpitation, Painful Affection of the Spiece, Hysteries, Pain in the Bowels, Colle, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the inand derangement of the Stomach, all of which, when originating in this cause, put on the internition type, or become periodical. This "CURR" expels the poison from the blood, and consequently cares them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient sizasity to rises inside disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Internitional sizasity disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Internitionals in the protection of the control of the cont

A Word of Advice to Travelers.

The Missouri, Kansas & Texas Bailwag has become so well known to the people of Texas, as one of the finest and most com-Texas, as one of the finest and most comfortable Roads on the continent to trayed on, that it seems almost unnecessary that we should say aught in its pusies. Yet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while travelling over their road. The track is always in the best possible coudition and trains are at all times ran at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left undone to render a trip over this line pleas-ant. 28 1-75 wiy LVI ""Waters' Concerts Parlor
