bill can only be justified by the When Mr. Joseph Dwyer was elected to most desperate circumstances, the the State Senate, he was not elected as a people will judge if the case was Catholic, but because he ran on the Demo actually as bad as it is represented to cratte toket, and his bill securing the release of the Alamo property from taxation is an outrage upon every taxpayer in our city. This property is used for a govrights, and makes concessions whilst ernment warehouse, and no matter to what not so available to the company for purpose the rents may be applied, it does its immediate purposes, is worth not come under the character of church three times as much as three milproperty that should be free from taxation

"Taxes" have been the sere point with us Democrats, we have battled for equal burned the Santa Rosa plantation 7,683,000 acres, enough to make taxation, and this bill of Mr. Dwyer's is fifteen large counties, or a whole an infringement upon the rights of every private citizen; it is privileged, class legislation of the worst character, and extremely dangerous; it lets down the bars for every religious denomination to secure special privileges, and Mr. Dwyer has done his Catholic constituents no substantial favor by securing the axemption of of dollars; and the extraordinary the Alamo property. The time is coming when the masses will force upon the government the necessity of removing all exemptions from private religious or charitable institutions, when no property, except that of the State or municipality will be exempted, and such bills as Mr Dwyer's serves to basten that time and precipitate that question. I am one of those who voted for Mr. Dwyer, and belong to his party and church, but I surrender all my political and religious prejudices at the door of public justice, and upon the altar of Republican government. The right to tax the property of the citizen is the highest and most arbitrary exercised by the State, and is guarded in the constitution of this State and of the United States. To exempt the Alamo property that brings a revenue and is used for business purposes, and to tax my property, is to make me bear an unequal burden, and I am oppressed and wronged as well as every other citizen. Apply the same stars of case to other denominations and we would soon have our churches running dry goods stores, farms and manufactories, claiming exemption because the revenues went to

The Howe Sewing Machine.

For some years I have been tastively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most complete system, combining perfection of workmanship with the largest productions the smallest cost.

In order to obtain these results, time, labor, money, and the EXPERIENCE OF MY LIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to facilitate the manufacture and sale of my Machines, The Howk Machines Co. has been organized, and the business will be carried on in the HOWE MACHINE CO. has been organized, and the business will be carried on in the name of that Company, under my supervision. The enviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an especial Trade Mark, a MEDALLION, having in the cashwe live profile of the Inventor surrounded by the legend, "ELLAS HOWE, JR., INVESTOR AND MAKEN, NEW YORK, U. S. A." This medallion is embadded in each Machine, and none are the production of the Howe Machine Contacts unless they hear this distinguishing trade Mark.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic prop-erties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes." A Word of Advice to Travelors.

The Missouri, Kassas & Texas Railway has become so well known to the people of Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost unnecessary that we should any aught in the praise. Tet we cannot ever get back from a trip, over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while travaling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Siseping Cara accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best routs we have from Texas. Their Dining Staftons and Hours for Meals are all that a trevelor cauld wish for, and in fact there seems to be nothing fest undone to render a trip over this line pleasant.
