POTASH COMPANY OF AMERICA HAS BEGUN CORE DRILLING TEST

The Potash Company of America, Inc., who are testing their considerable holding in southeastern Eddy county have secured officer quarters in Carlsbad. The first test for potash by this company is now drilling approximately twenty-two miles northeast of Carlsbad, about five miles north and slightly west from the shaft of the United States Potash Company. The drilling work of the new company is being done by the Pennsylvania Drilling company, including coring.

Robert A. Pierce is engineer in charge of operations and K. S. Ferguson is in charge of geological work for this company.

G. W. Harris of Denver, head of the company, with his family have been here for several days, looking after early development matters.

PREPARATIONS MADE START GOVERNMENT POTASH TEST SOON

Test To Be Made In Western Lea County, Near Town Of Lea—Probably Last Test For Either N. M. Or West Texas.

Drilling on the last government potash test in southeastern New Mexico is expected to start this week. The test will be known as No. 21-A, and will be drilled in township 21-34, Lea county, ten miles from the town of Lea. This test has been drilled to a depth of 2000 feet with a standard rig and from the above depth the Sullivan Machinery Co., will core drill the hole.

The No. 21-A will close a five-year exploration program undertaken by the government in 1927. During this time thirteen tests have been drilled in eastern New Mexico and western Texas.

Local interest in possibility of extension of profitable potash areas has been increased since announcement recently regarding the No. 22 test, which is located about a mile south and a mile west of the Getty oil pool, east of Carlsbad, where ten feet of sylvite, the most desirable potash form, with five feet especially rich, was found. This is expected to be held by the government as "proven" territory, according to unofficial reports. It is not regarded as probable that the government will do any further potash exploration in this section.

SCOUT EXECUTIVES MEET HERE MONDAY TO SET DRIVE DATE

Six area executives of the Boy Scouts of America met Monday evening in the Artesia hotel and discussed plans for making a financial drive for the organization. After a dinner was served at 6:00 p. m. the remainder of the time was given over to the discussion of the various phases of a canvass to secure funds to operate the organization another year. The date set for the canvass was November 5th.

Attending the meeting were: Birch Harrison, president, Huffmann, area executive; Will Purdy, Geo. Jewett and Flay Austin all of Roswell and E. B. Bullock of Artesia.

REPRESENTATIVE OF RED CROSS HERE

J. S. McCartney, Red Cross field representative for New Mexico and Colorado, spent a short time here the first of the week arranging the details connected with the annual Red Cross roll call which will be held on November 11th.

HOMER LOERING HELD

Homer Loering, formerly employed on a sulphur test in the Cottonwood area is being held in the city jail, charged with issuing several worthless checks. The amount of checks issued totals \$55.00. Loering, officers said is endeavoring to raise money to pay the checks.

INSPECTS HIGHWAYS

R. E. Horne, highway engineer, spent several days last week inspecting the highways of this section.

COURT CONTINUES

Judge G. A. Richardson spent the first of the week in Carlsbad hearing a number of civil cases in the Eddy county district court.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock. The Advocate.

Woods Wants Creamery

TWO FROM ARTESIA ATTEND TEACHERS MEET IN SANTA FE

Approximately three thousand teachers from over the entire state will gather at Santa Fe November 4th for the annual state convention of the New Mexico Educational Association.

For three days the teachers, county boards of education members, city and county superintendents, principals and other persons connected with education will meet in various places about the ancient city to discuss ways and means of improving educational conditions and facilities in the state and to exchange ideas.

In conjunction with the meeting of the state educational association the New Mexico Library Association will hold its annual meeting November 5th and 6th. Superintendent W. E. Kerr and Miss Elsie Palmateer will represent the Artesia schools at the state meet. Owing to the pressing times, other teachers will not attempt to attend nor will the local schools be dismissed, Superintendent Kerr said.

PINON MAN HELD FOR DEATH DEER HUNTER

Seth Tidwell, Pinon resident was arrested Thursday night on a charge of voluntary manslaughter, in connection with the death of Lee Orndorff, which occurred on the previous day at the Circle Cross ranch, five miles south of Alamogordo, while Orndorff was skinning a deer.

Tidwell waived preliminary hearing and was held awaiting the action of the Otero county district court, which meets in January. Tidwell's bond was set at \$4,000 which he made.

According to an early report, Tidwell was alleged to have been within 100 yards from where Orndorff was killed, but denied firing the fatal shot. Messrs Howard Williams and Pete Jackson had established camp within a few miles of where Orndorff was killed and learned of the tragedy some four hours after it occurred. Mr. Williams is of the opinion that the fatal bullet might have been fired by some hunter, who had shot at a buck, which ran near where Orndorff and a Dallas doctor were skinning a deer. Tidwell he said was riding a horse on the day of the shooting.

Otero county officers have conducted a search for the rifle belonging to Tidwell, which he said had been mislaid. At the last report they had not been able to locate Tidwell's rifle. The bullet extracted from the body of the dead hunter does not correspond with any rifle yet examined.

WILL MOVE BOWLING ALLEY

Russ Gooden, proprietor of the Artesia Duck Pin Alley, will move his bowling alley from the open building, across the street from the Southern Club cafe to the Jackson building formerly occupied by the Pecos Valley Gas Co. Mr. Gooden is moving his bowling alley to a closed building for the winter and will probably be ready for business in his new stand by the first of the week.

SELLS LAMBS

Hilary White, sheepman west of Hope has sold 500 wether lambs to Ralph Vandawart of Roswell at a price of four cents per pound. The lambs will be loaded out today for delivery.

THE COTTON OF THIS SECTION IS HOLDING GRADE AND STAPLE

Both the grade and staple of 2,035 bales of local cotton graded under the government system has shown up well. The grade and staple this year is on par with former years and some cases ahead of previous gradings. Returns were received up to Tuesday.

The 2,035 bales graded as follows:

Good middling 417 bales; strict middling 1,285 bales; middling 332 bales; strict low middling 18 bales; bales; sidding 3 bales. The staple low middling the same number of bales is as follows: 7/8 inches in length, four bales; 15/16 inches, forty-nine bales; one inch, 245 bales; 1 1/32 inches, 875 bales; 1 1/16 inches, 740 bales; 1 3/32 inches, 119 bales; 1 1/8 inches, three bales.

Boyd Williams, Jr., drove down from Elk Friday and took his sister, Miss Arnes Williams, a high school student, home to the ranch to spend the week-end.

Chamber Of Commerce Now Making a Survey To Find If Farmers Are Interested In Furnishing 500 Cows.

Preliminaries are underway looking toward the establishment of a creamery or a milk condensing plant here, it was learned the first of the week. Col. A. T. Woods, who has been negotiating with out of state capital states that a creamery or condensing plant for Artesia can be assured with the proper co-operation of the farmers. The matter of securing capital for the operation of a plant has been settled and the plant will be established here provided the farmers will supply the plant with milk from at least 500 cows.

A survey is now being conducted by the Chamber of Commerce to determine if the farmers are sufficiently interested in the project to supply the creamery or condenser with milk from 500 or more cows. Means of financing those who wish to buy good cows will be worked out along with the other details connected with the project. Need of purchasing real milk producers is stressed by Col. Woods. A cow that does not produce as much as 350 pounds of butter fat per year, is not profitable, Col. Woods says and he doubts if many of the cows now being milked in this locality will come up to this standard.

Figures gathered on the production of the cows now being milked indicates that the farmer finds his milk cows more profitable than any other source of farm income. Wilson and Anderson, local produce dealers state that the average milk cow is producing from \$4.00 to \$5.00 per month above the cost of her feed at the present market price of cream. Those who have managed to keep a few milk cows during the past year have not been able to maintain a steady income, but have derived a greater source of income from cream than any farm crop in proportion to the original investment.

Details of the kind of plant to be constructed or its cost, will probably not be made known until the survey has been completed by the Chamber of Commerce. If the survey indicates that the farmers are sufficiently interested, then a mass meeting will be called to complete final arrangements.

GAS TAX EXEMPTION SUIT HEARING WHEN ATTORNEYS ARE READY

SANTA FE—A hearing on the gasoline tax exemption suit, now pending before the state supreme court, will be held whenever attorneys in the case decide upon a date for the hearing, supreme court officials said Tuesday.

The case involves the appeal of George W. Streit and company, Santa Fe investment broker, from the decision of District Judge M. A. Otero, Jr., in their test suit of the legality of the gasoline tax exemption measure passed by the last legislature.

W. W. McAdoo of Carlsbad Spent Yesterday Afternoon in Artesia Looking After Business Matters.

SEN. CUTTING INVITED

Senator Bronson Cutting may deliver the principal address at an Armistice day program to be held here on the evening of November 11th. James P. Bates, chairman of the program committee of the American Legion said here yesterday. An Armistice program is being arranged and Senator Cutting has been invited to make an address, Mr. Bates said. Details of the program are to be worked out at a joint meeting of the Legion and Auxiliary to be held Wednesday, November 4th at the Hardwick hotel.

The committee hopes to have a program on the evening of November 11th from 7:30 to 9:30 p. m. at the Central school auditorium. Owing to the fact that the deer hunting season conflicted with Armistice day, the Clarence Kepple Post has not attempted a program every year, but since the deer season has been moved up, more of the local people are home on that date.

WE THANK YOU

MANY SUCCESSFUL HUNTERS RETURNING FROM THE MOUNTAINS

An unusual number of deer hunters have returned from the hills this season with a buck. More deer carcasses are in cold storage at the ice plant of the Southwestern Public Service Co., than has ever been seen here during a deer hunting season. Twenty-two deer carcasses were in storage at the local plant Monday afternoon.

Among the successful hunters in addition to those reported last week are: Dick Vandagriff, W. B. Gelwick, W. J. Haskins, John Fanning, C. Dunegan, W. H. Tigner, Joe Clayton, A. C. Kimbrough, W. H. Cobble, John Dunn, Henry Cook, R. Wallingford, H. S. Williams, E. H. Jackson, W. D. Compton, Dr. O. E. Puckett, Carlsbad, Monroe Howard, John Lanning, B. R. Hammond, John F. Runyan, S. Wilburn, Robert Gage, Clyde Neatherlin, Ray Bartlett. Besides a buck, A. C. Kimbrough brot in one of the largest turkeys seen here.

Other successful hunters reported in are: Jack McCaw, Boone Barnett, Albert Richards, Monroe Harrison, James P. Bates.

GINNINGS ARE 4,360 BALES TO TUES. P. M.

Cotton ginnings in this section continue at a fairly steady pace notwithstanding the fact that the picking operations still reflect the shortage of labor. Last year at the corresponding period, four gins in north Eddy county had turned out 5,592 bales.

Ginnings are divided as follows on computations made yesterday morning:

Lake Arthur gins..... 346
Cottonwood gin..... 870
Association gin, Espula... 691
Association gin, Artesia... 716
Farmers gin, Artesia.....1,004
Association gin, Atoka... 733

Total.....4,360

ROTARY TO SPONSOR STUDENT LOAN FUND

The Artesia Rotary club voted to sponsor a student loan fund at the regular Tuesday luncheon meeting in the Artesia hotel roof garden. Official action on the matter, however has been deferred until the return of President George Frisch.

Several suggestions were made for creating more interest in club activities in an impromptu program rendered by half a dozen or more members at the recent luncheon. Club members also agreed to bring as many ex-members as possible to the luncheon next Tuesday.

Visitors Tuesday included Oscar Green, Ross Malone and Ray Aldrich of Roswell and Jack Clady of Artesia.

WORK TO START ON GIRL SCOUT HUT

Construction of the Girl Scout hut, located east of the Dunn Garage building is expected to get underway the latter part of the week. The hut will be erected under the supervision of Tom Hefflin, local labor and local building firms have agreed to donate all labor and materials. The building will be open with a fire place in the north end. It will be ten by twenty feet, large enough to accommodate a long working table.

The grounds surrounding the hut will be beautified and improved.

GOVERNMENT PARTY WINS THE ELECTION IN ENGLAND TUES.

LONDON—Swept into power with a mammoth majority of more than 500 of the 615 seats in the house of commons, Prime Minister Ramsey MacDonald's national government will be able to dominate parliament as no other administration in the history of democratic Britain.

Last night, with 610 returns available from Tuesday's voting, there were 555 government supporters, only 50 in the opposition and 5 independents.

The loss of 235 seats nearly wiped out the labor representation in the house of commons. Nothing like is ever occurred before in Great Britain.

The conservative party held 472 seats with prospects of gaining a few more in the late returns. This great conservative strength led to the expectation that a demand for a full-blooded protection tariff policy would be the first trouble encountered by Mr. MacDonald.

ARTESIA -- PORTALES GRID BATTLE WILL ATTRACT INTEREST

Unusual local interest has developed in the east side high school championship since Artesia defeated Clovis 12-0 and Portales defeated Roswell 26-0, Portales and Artesia being the only two undefeated teams on the east side of the state. Football experts declare that there is little difference between the two teams and a royal battle is expected when these two eleven meet at Portales November 4th.

There is a possibility that the race may develop into a three cornered one if Artesia loses to Portales and Portales is beaten by Clovis when the two teams clash Thanksgiving. In that event post-season games are expected to be arranged.

The Bulldogs will play the Alamogordo eleven at Alamogordo Friday.

BRUCE WILSON FOUND GUILTY OF SECOND DEGREE MURDER TUES.

Given 25 Years In Pen For The Murder Of An Oklahoma Indian—Defense Plans To Let Decision Stand.

Bruce Wilson was found guilty of second degree murder by a jury in Lincoln county district court Tuesday night at Carrizozo, it was learned here.

Wilson was charged with the shooting of J. G. Boatright, Oklahoma Indian at San Patricio last summer, the shooting following a quarrel between the two men, it was said.

The jury returned the verdict of second degree murder after a deliberation of but ten minutes. Mr. Wilson was given a sentence of twenty years in the state penitentiary. It was understood that the defendant will accept his sentence and will not make an appeal.

This is the second murder case to have been tried at the present term of Lincoln county district court at Carrizozo.

Bruce Wilson was a former resident of Artesia and was well known here.

FIRST FROST AT PINON

The first killing frost of the season occurred in the Pinon community Saturday night. The frost however, was spotted and missed some sections of the mountain country.

SANTA FE RY. ASKS FREIGHT REDUCTION ON VALLEY COTTON

The Santa Fe railway has made application to the Interstate Commerce Commission to reduce the freight rate on cotton from Artesia to Galveston, Texas to 95 cents per hundred, C. O. Brown local Santa Fe agent said here yesterday. The present rate at Galveston is \$1.07, the new rate would effect a saving of 12 cents per hundred. The Interstate Commerce Commission has not yet acted on the reduction so far as known, but is expected to approve the reduction. All Pecos valley points will benefit by the reduction of the freight rate, where cotton is shipped all the way via Santa Fe.

ATTENDS DEALER MEETING

B. F. Pior, proprietor of the Pior Rubber Co., returned Tuesday evening from Amarillo, Texas. She had been attending a Seiberling tire dealers meeting of West Texas and eastern New Mexico, presided over by F. A. Seiberling, of Akron, Ohio, president of the Seiberling Tire Co. With Mr. Seiberling was his son.

One of the important features of the dealers meeting at Amarillo according to Mr. Pior, was the introduction of the new dual tread air cooled tire, which the Pior Rubber Co., is now displaying at three stores.

Roy Pior of Artesia, J. J. Terry, manager of the Carlsbad store of the Pior Rubber Co., Mark Schwab manager of the Roswell store of the Pior Rubber Co., also attended the meeting.

TO COLLECT CLOTHING

The Woman's Missionary Council of the Assembly of God church appointed a committee of four women to visit each home in Artesia Tuesday and Wednesday, November 3rd and 4th to collect clothing for the needy and all who have old clothing they will give to help the poor in our city and will have it ready on the above dates, we will call for it. The committee is composed of: Mrs. R. E. Tannehill, Ollie Chesley, Florence Henderson and Flora Needham.

200 Scouts Expected for Dist. Rally Here Friday

Thirteen Events To Be Held At Central School Auditorium — Troop Winning Most Points To Be Awarded Cup.

Two hundred out of town Boy Scouts are expected to attend the district rally to be held here tomorrow night. Troops from Roswell, Dexter, Hagerman, Hope and Carlsbad are expected to attend in addition to the local scouts. A silver loving cup will be presented the Scout troop winning the most points. With a number of crack troops competing, rivalry will be exceedingly keen.

At 6:00 p. m. a camp supper will be served all scouts. The supper is to be served and arranged under the direction of C. J. Dexter and the boy's work committee of the Artesia Rotary club.

At 7:00 p. m. the competitive events will start in the auditorium of the Central school. The auditorium balcony is to be reserved for visitors, who may wish to view the contests. Judges of the various contests are: Rev. H. G. Scoggins, Artesia, R. M. Pierce, Carlsbad and Major L. B. Plummer, Roswell. The following is the order of events:

1. Opening inspection.
2. Knot tying, individual—not over two entries from each troop.
3. Knot tying relay — eight scouts—use square knot.
4. First aid demonstration.
5. Judging, individual—not over two from each troop.
6. Chariot race—three scouts form a team.
7. Message carrying relay — 8 scouts form a team.
8. Wheelbarrow race—2 scouts form a team—not over two teams.
9. Flint and steel contest.
10. Fire by friction contest.
11. Demonstrations, games and other things as assigned.
12. Harmonica contest.
13. Tug-of-war—8 scouts to a team.
14. Awards by Major L. B. Plummer, area scout commissioner.
15. Taps—all scouts will sing it.

UNDERGOES DELICATE OPERATION FRIDAY

Mrs. Tom Goodlett underwent a Caesarian section for the birth of a boy, Friday night at the St. Francis hospital in Carlsbad. Dr. C. L. Womack of Artesia performed the operation, which is among the most serious major operations. Mother and babe are doing nicely.

OLD TIME RESIDENT OF ARTESIA DIES IN LOS ANGELES TUES.

Mrs. O. L. Allen, better known as Mrs. J. D. Christopher, passed away in a Los Angeles hospital Tuesday morning at six o'clock according to advices received by her sister, Mrs. Joe Richards. Mrs. Allen had been in the hospital for the past month having been taken there from Tempe, Arizona. She had been living in Wilmington, California for a number of years, but about a year ago went with Mr. Allen to Arizona, seeking relief from tuberculosis. She tried various localities in that state without avail, steadily growing worse until it was deemed advisable to place her in the hospital.

The deceased was a pioneer settler of this section having come here from Texas with her parents as a small child. Her father, the Rev. J. C. Gage, was one of the earliest ministers of the Southern Methodist church in this part of the country, having begun his missionary activities here some forty-four years ago. Mrs. Allen was united in marriage to J. D. Christopher, deceased, at that time sheriff of Eddy county. Two children were born to the union, J. D. Christopher of Wilmington, and Mrs. Regina Bennecke of Los Angeles. Some ten or eleven years ago she was married to O. L. Allen who survives her. She leaves in this community to mourn her loss in addition to Mrs. Richards, three brothers, John Gage, George Gage and Edington Gage, besides a number of nieces and nephews.

Funeral services were held Friday. Interment was made at Owensmouth, California.

OUR BROTHER'S KEEPER

This period thru which the world is struggling is more than an economic crisis. It involves more than a study of strategic plans to ambush the dollars which fled.

Humanity itself is on trial. The civilization which we have evolved is undergoing the supreme test.

If there is such a thing as brotherhood among men, now is the time to show it.

Drunk with wealth, we have strayed a long way from the fundamental and eternal truth. We have been living in a house stuck upon golden stilts. And it has crashed.

In our agony and suffering we have discovered that Jesus Christ meant what he said. The Golden Rule was not a pleasant homily intended for reward-of-merit cards with silk fringe on the edges and diamond dust shining on the snow scenes. It was a simple statement of the eternal law, the same law that keeps the stars in the skies and the world turning on its axis.

We speak of breaking the law and commandments. You can break them; but they break you. "Love one another" was more than an admonition to light the path of virtue. It was a statement of an eternal principle upon which all law, all philosophy, all business, all ethics, all civilization rests. Like all the doctrines left by Christ, this was the sublimity of common sense—the finality of practicality—the only sure foundation upon which civilization can rest.

During these money-glutted years we have tried each to go our way alone. Years of greed and money lust have ended with this terrible lesson: That wealth evaporates and leaves men stark and with naked hearts.

It is for us to see that this terrible rebuke has not been in vain. For us to see that we rebuild the fallen structure on the rock of brotherhood.

This winter will be a period that calls for all men to have fortitude, strength and sympathy. It is, for once, clear to the dullest mind that we can only help ourselves by helping others.

Out of this period of re-adjustment we can regain our souls. It can be a better world because of this period of hunger and sorrow; a stronger America and a sounder civilization if it brings to us a realization we are given the privilege of being our brother's keeper.

The remedy for our financial crisis lies not in laws, federal commissions, in panacea or financial errors.

The sound and practical answer was told two thousand years ago in a sermon spoken on a mountain in Palestine. — Los Angeles Times.

WHISTLE

An eastern editorial writer, compared the man who in these times is cheerful and optimistic to the boy who whistles thru the graveyard to keep up his courage. Whistling thru a graveyard as most of us know is a trying experience, aside from the fact that a fellow has to hold in mind not to get scared, he must not let his mouth become too dry to pucker.

The boys who can whistle without much of a quaver, when an extra large stone looms up in the dark is admittedly a hero, the Southwestern Ambassador remarks for whistling and fast legs do not go together. If the boy runs his courage is gone. Likewise the man who gives up because things don't break to suit him, has proven himself a quitter. He can not hope to establish himself as a leader or be able to render real service for the present time is truly a test of his metal. Out of the present depression will emerge new financial and industrial leaders.

Things that frighten us are more often ghosts and on the order of imaginary troubles, the business spooks that have made us nervous for the past few months will fade from the picture, if we will devote more time to whistling and less to the workings of our imagination. Optimism is catching just as pessimism may be.

THE HOBO

Our unemployment bugaboo would be considerably lessened if we would separate those who are actually seeking means to gain a livelihood from those who are just drifting. Even in good times we have those with us who think the world owes them a living. The Pecos, Texas Enterprise estimates that over 1000 hobs and hoboes ride the Texas and Pacific trains thru Pecos every week. Some trains have as high as 100 men on them. Pecos like other communities is trying to keep the hobs rolling. Questions asked many who stop reveal that about fifty per cent of the hoboes are laboring under the impression that either the government or the world owes them a living, the remainder would be glad to obtain work.

The professional hobo, whose rank has expanded with the depression has found it convenient to keep traveling down the valley during the cotton picking season. He is not looking for work and usually drives on when it is suggested that a man should work for what he eats.

ARMAMENTS VERSUS BANKRUPTCY

Men of all nations now realize that a competitive armament program will mean eventual bankruptcy just as sure as the program is carried out. This, the economical factor, has probably meant more to universal peace than any one thing entering into an understanding to limit the armament. Now even, many small nations face bankruptcy.

Economists estimate that the savings of 200 years were wiped out in the recent World War. We are still paying the cost of the war in money, misery and suffering. European nations with one or two exceptions have not been able to overcome the after effects of the war, which must be paid in every instance.

This year's cotton crop is the second largest in history and the planters say they can't get enough for it to buy a pair of suspenders. What this country needs is longer shirt tails. Write to your congressman today.—Chicago Tribune.

OIL IMPORTS SHRINK 25,000,000 BARRELS

Regardless of the chaotic condition that for months hung like a pall over the oil industry here in the United States, and thru which the light is just beginning to shine, the loss of foreign markets is staggering.

For more than a half-century surplus refined products have gone from the United States to every civilized country on the globe. These foreign markets slowly expanded—but the picture is rapidly changing today. For months this foreign market has been "slowing down"—and in the first eight months of 1931 the shipments to foreign countries of crude and refined oils from the U. S. was 24,944,000 barrels less than during the same period of 1930.

In this same eight-month period of 1931 the production of crude oil in the United States was 51,180,000 barrels less than in 1930.

In commenting on this striking situation Wirt Franklin, president of the Independent Petroleum Association of America, called attention to the fact that while thru rigid proration of every flush field and curtailment of practically every other oil-producing area in the United States, our imports of crude and refined oil, over this eight-month period, had decreased only 14,282,000 barrels.

In other words, exports shrank nearly 25,000,000 barrels while imports shrank about 14,000,000 barrels, thereby leaving our domestic situation some 11,000,000 barrels worse off.

Russia and Roumania have been the chief causes of our rapid loss of foreign markets. For the full year 1930 the production of crude oil in the United States was 109,000,000 barrels less than for 1929.

In striking contrast with our curtailment, the output of Russia increased almost 36,000,000 barrels and of Roumania about 7,000,000 barrels. Persia and the Dutch East Indies, the two largest oil-producing countries of Asia, both increased their output. Venezuela, Colombia and Peru, the three largest South American producing countries, broke about even, so that the burden of curtailment in 1930 fell almost entirely on the United States.

Internationally recognized authorities estimate that Russia's 1931 output of crude oil will show an increase of about 23,000,000 barrels and Roumania's nearly 7,000,000 barrels while the United States will decrease about 42,000,000 barrels.

Franklin also called attention to the imminence of further importation into the United States of gasoline from Russia and Roumania, the first cargoes from which have already arrived. Russia and Roumania have not only been largely instrumental in cutting into our foreign markets, but they are today actually competing with our domestic industry right here in our own country—and at prices which our domestic industry can not meet.

In 1930 and again in 1931 Franklin led the fight in congress for a tariff or other legalized restriction on the bringing into the United States of cheap foreign oil. This fight is to be vigorously renewed at the coming session of congress.

FISHES RIDE 'ELEVATORS'

Mechanical progress is not always hard on nature's children. Fishes that go up rivers and streams to spawn can now get over high dams with the same ease that modern man reaches the fiftieth floor of an office building, remarks a bulletin of the American Game Association. An automatic fish "elevator" recently perfected by Harry Barr, outdoorsman of Ironwood, Michigan, has been tested successfully at Rest Lake dam in West Vilas County, Wisconsin, and installation of others is being requested by sportsmen in several states. The "elevator" is a lock system. Gates at either side of the dam are opened and closed automatically by weights. The weights are supplied by buckets which alternately fill from jets of water and empty thru tiny holes in the bottom. The fishes are attracted into the lock on the lower side, the gate closes behind them, the water rises, then the gate on the upper side opens, permitting them to continue their way without having exerted themselves in the least.

"Th' automobile didn't put th' horse into th' discard - it put him into society" - - -

ALFALFA GOOD CROP FOR SEED AND HAY

Farmers in eastern New Mexico are becoming very much interested in the production of alfalfa, both for seed and hay, probably as a result of demonstrations which have been carried on in this section within the past few years, says G. R. Quesenberry of the New Mexico Agricultural College. The plantings of alfalfa under non-irrigated conditions have extended from Harding county to Curry county and excellent examples of what can be expected are shown in all of these tests. Over most of this area there has been some alfalfa tried out for hay and in practically every instance, the feed crop has been very satisfactory, remunerating the farmer to a greater extent than the crops commonly grown in that section.

Recently, as a result of demonstrations in other sections, farmers in the higher elevations have become interested in the production of dry land alfalfa seed. Just as hardy alfalfa can be produced in New Mexico under dry land conditions where the winters are severe, as in Utah or Montana; in fact, conditions are more severe in some areas in New Mexico than where seed is grown in other states. As large quantities of seed are being produced in these other sections, it is probable that a very large increase in acreage will be made during the coming year in northeastern New Mexico as terracing and contouring become more common.

The most satisfactory method of making these plantings is in contour rows from three to five feet apart. This gives an opportunity for cultivation of the crop to prevent wood growth during its early life, and also an opportunity for the satisfactory production of a seed crop which should bring in cash during a time when it is most needed by the farmers.

JAPS WILL NOT MOVE TROOPS

Tokyo—The Japanese government Monday issued a statement saying that in view of the League of Nations Council's failure to obtain a unanimous vote on the resolution calling for evacuation of Japanese troops from Manchuria by November 16, the action was not binding in any way whatever. Issued after a special meeting of the cabinet, the statement set forth that the attitude taken by Japan at the time of the outbreak of trouble in Manchuria remained unaltered.

It stressed Japan's five "fundamental principles" which were laid down by the Tokyo government last week as the terms to which China would have to accede before withdrawal of Japanese troops from the occupied area could begin.

The statement was made with the intention of clarifying Japan's stand and explaining her position with reference to the League Council's action.

HOW ONE WOMAN LOST 20 LBS. OF FAT

Lost Her Prominent Hips Double Chin—Sluggishness.

Gained Physical Vigor—A Shapely Figure

If you're fat—first remove the cause!

Take one half teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—you feel younger in body—KRUSCHEN will give any fat person a joyous surprise.

Get an 85c bottle of KRUSCHEN SALTS from any leading druggist anywhere in America (lasts 4 weeks). If this first bottle doesn't convince you it is the easiest, safest and surest way to lose fat—your money gladly returned.

Reasons Why YOU SHOULD SELL OR EXCHANGE YOUR COTTON SEED AND BUY COTTONSEED MEAL AND HULLS

The yield of cottonseed meal per ton of seed crushed in the United States for the season 1930-31, was 917.4 pounds. On this basis, 4,360 pounds of cottonseed were required to produce one ton of cottonseed meal. In other words, nearly 2 1/5 tons of cottonseed are required to get one ton of cottonseed meal manufactured.

In addition to requiring twice the amount of seed to furnish the meal, the oil in the seed will cause cattle to scour, if sufficient seed is fed to furnish the needed bulk as well as the feed requirements of the animals.

In addition to the lint ordinarily left on the cottonseed hulls (which is desirable) the 4,360 pounds of seed contain 275 to 310 pounds of lint that is just plain crude fiber and of no more feed value than the 200 to 225 pounds of trash and dirt that are ordinarily found in 4,360 pounds of seed. The cottonseed meal is free of dirt, trash, lint, excess oil and moisture and is a concentrated feed highly digestible.

On the other hand cottonseed contains so much that is not desirable from the feeder's standpoint. Why feed the seed when the meal and hulls—the only desirable part of the seed for feeding purposes—can be had in just the right proportions that you desire to feed to any class of livestock? In some cases, the meal and hull mixture is all that is needed. In other cases, it is best to mix the meal and hulls with your own farm-grown grains.

Cottonseed hulls make an excellent roughage to mix with grain feeds, even if you have plenty of hay or fodder. If you are short on hay or fodder, certainly you should use some cottonseed hulls as roughage. Feeding trials have shown 100 pounds of cottonseed hulls equal to 99 pounds of Johnson grass hay, 207 pounds of corn silage, or 251 pounds of sorghum silage.

Cottonseed meal is the most valuable single feed available to southern farmers. There are three main food elements needed for livestock—proteins, carbohydrates, and fats. Fats are required in very small amounts. The chief demand is for proteins and carbohydrates. Farm grains and hays are the cheapest source of carbohydrates; cottonseed meal is the cheapest source of protein. The cottonseed meal contains, also, carbohydrates and fats; but the protein is the most valuable element in the meal and is greatly needed by livestock.

Cottonseed contains all of the three elements—fats, carbohydrates and proteins—but these elements in the seed are not in a form that is readily digestible; nor are they in the right proportion to meet the needs of livestock.

Cottonseed is a different kind of feed from cottonseed meal. It contains a higher percentage of oil and a lower percentage of protein. The excess oil impairs the appetite and upsets the digestive system.

As a source of protein, cotton seed is a costly substitute for cottonseed meal, because three pounds of seed are required to furnish as much digestible protein as is furnished by one pound of cottonseed meal. While 2 1/5 tons of cottonseed will make one ton of cottonseed meal, the protein in the seed is not as easily digested as it is in the meal, and, therefore, one pound of the meal will furnish as much digestible protein as three pounds of the cotton seed.

As a source of carbohydrates, cotton seed is a costly substitute for farm grains, because it takes more than two pounds of cotton seed to furnish as much carbohydrates as one pound of corn or grain sorghum.

As a source of fats, cotton seed is undesirable because the excessive amount of oil purges the livestock. A man would dislike to have to drink a pint of oil with each meal, given if cotton or lint were taken along to absorb the oil. The excessive amount of oil would upset the digestive system and prevent the proper utilization of the food. Yet, that is just what we do when we force livestock to eat cotton seed. It is true that some feeders get along by feeding cotton seed, but they cannot make the profit that can be made by combining the cottonseed meal and grain with hulls and other roughage.

Livestock feeding today demands the production of meat, milk and work at the lowest cost; and our southern farmers will get the most from their efforts by selling or exchanging their cotton seed and feeding the cottonseed meal and hulls with their own farm grains and hays.

Another thing to consider is the quality of butter. The quality of butter is better when meal and hulls are fed instead of cotton seed. The excess oil contained in the seed produces a butter that is hard and tallowy in texture. This brittle, tallowy texture is objected to by the housewife and, consequently, the butter trade will give less for butter produced from cows that are fed cotton seed. To produce a butter of good quality and smooth, firm texture, use meal and hulls along with your own grains and hays.

Remember, the farmer of the south today, is entering into a new period. Cotton, cotton seed, wheat, corn, oats—in fact all farm commodities—are selling at new low levels. As a consequence, the south will plant less cotton and more feed. In order to get the most from our feed, we must sell the feed in the form of meat and milk, cream or butter. Feeding properly is more important, therefore, than ever before. The selling of quality products is also necessary. If you sell lambs, calves, steers or hogs, they must be finished properly and at weights that will bring the most on the market. If you sell milk, cream or butter, you must use the feeds that will give you, not only the most in quantity at the lowest cost, but the quality of product that will sell at the highest price on the market.

Increase your farm income by lowering the cost of production and by selling quality products.

Equal Parts Of Cottonseed Meal and Hulls Better Than Cotton Seed As Fertilizer

One ton of equal parts cottonseed meal and hulls contains as much nitrogen as 2600 to 2750 pounds of cotton seed, depending upon trash, dirt and moisture in the seed; the mixture of meal and hulls not only gives a great deal more nitrogen, but the use of the hulls with the meal retains the moisture and makes possible the liberation of the nitrogen from the meal more evenly than when the seed is used.

For detailed information on definite methods of feeding the different classes of livestock, under varying conditions, write—

CLUB MEMBERS TO STATE CONVENTION

Artesia Women's club was well represented at the convention of the State Federation, which was held in Roswell Monday and Tuesday. The Artesia club had two members on the program, the memorial service for club members who had died during the year, and a vocal quartette, which sang Monday afternoon. The memorial which was in charge of Mrs. M. A. Corbin is reported to have been a very beautiful and touching service. It began with the solo, "And the Lord Shall Wipe Away All Tears," sung by Mrs. Corbin, Miss Catherine Clarke accompanying. Following this was recitative, "Shadows," rendered by Mrs. Hartell, accompanying this was a violin solo, "Meditation," from the grand opera, "Thais," by Miss Virginia Egbert, with Miss Clarke at the piano. All numbers were beautiful and effectively rendered. During the recitative a flower was placed in a basket by a representative from each club, that had lost a member during the year. Mrs. Stanley Blocker performed this service for the Artesia club in honor of Mrs. E. J. Brooks, who passed away a few months ago.

In the afternoon a quartette representing the local club and composed of Meses. V. L. Gates, Fred Cole, Rex Wheatley and M. A. Corbin, rendered two exquisite vocal numbers. They were "The Spinning Song," from the grand opera, "The Flying Dutchman," by Wagner and Mendelssohn's "Spring Song," by Schmidt.

The club delegates remaining for the evening program were entertained at a banquet in the Roswell club house.

Representatives of Artesia, present on Monday were the president, Mrs. F. G. Hartell, Mrs. S. E. Ferree, delegate and Meses. C. R. Brainard, state treasurer; Jeff Hightower, W. C. Martin, Corbin, Cole, Stanley Blocker, Gates, Wheatley, Miss Catherine Clarke, president of the Junior department and Miss Egbert.

Mrs. Corbin and Mrs. Landis Feather drove up Tuesday with G. R. Brainard, who went to bring home Mrs. Brainard, who had remained over for the Tuesday meeting.

BRIDGE PARTY

Mrs. Skelt Williams was hostess to six tables of bridge last Thursday afternoon. The Halloween motif prevailed in the decorations and in the delicious refreshments which were served at the close of the playing. First prize, a silver relish dish, was won by Mrs. Jack Clady and Mrs. Irvin Martin received a box of correspondence cards as a consolation souvenir. Mrs. Williams' guests were Meses. Frank Seale, Howard Gissler, P. V. Morriss, Vernon Clayton, John Dunn, Irvin Martin, Will Linell, Rocky Kile, John Lanning, Lewis Story, Fred Cole, Jack Clady, Jack McDorman, Marvel Archer, Boone Barnett, Wendell Welsh, Roy Hurd, Ed Kissing, Howard Williams, M. T. Buford, Lloyd Simon, Bob Rehn, J. Harvey Wilson, Merrill Sharp, John Runyan and Miss Violet Robertson.

BIRTHDAY CELEBRATED

Last Sunday was a happy day for Mrs. M. A. (Grandma) Rigdon. It was her eighty-fifth birthday anniversary and many of her friends called during the afternoon bringing individual gifts and filling her home with beautiful flowers. The Susannah Wesley class of the Methodist Sunday school of which she is a former teacher, presented her with a beautiful birthday cake and planned to call during the afternoon, a plan which was adopted by other ladies of the church and various friends and neighbors, making the day one long to be remembered by Grandma.

Grandma Rigdon was also an honor guest at a birthday dinner, given for her and her grand daughter, Mrs. Mary Jane Wilde, whose anniversary occurred on Friday. The dinner was given by another granddaughter, Mrs. Clarke Wilde, on Sunday at noon. In addition to the honorees, Fletcher Owen and family and the Clarke Wilde family were present.

HALLOWEEN PARTY

Charley Floore started the Halloween season off with an enjoyable party last Friday night. The Floore home was beautifully decorated with Halloween symbols and the inevitable and delectable pumpkin pie with whipped cream figured in the refreshments. The games were of an educational nature and in the principal game James Thigpen won high score. The young people present at the party were Elsie Jernigan, Virginia Gates, Joan Wheatley, Juanita Wright, Virginia Woods, Mary Katherine Woods, Osborn Keller, Mark Corbin, Jr., James Thigpen, Frank Cogdell, Russell Floore and the host.

Social Calendar

TELEPHONE 217

THURSDAY (TO-DAY)

The Y. W. A. will have a Halloween party at the home of Mrs. W. C. Martin at 7:30 p. m.

FRIDAY

Members of the Christian church will meet at the home of Ben Dunn at 7:30 for church supper.

MONDAY

The Library Board will meet at the library at 3:00 p. m.

TUESDAY

The First Afternoon Bridge club will meet with Mrs. S. E. Ferree at 2:30 p. m.

The Idlewhites Bridge club will meet with Mrs. J. H. Jackson at 2:00 o'clock.

The quarterly zone meeting of the Methodist-Missionary Society will be held at the local church at 10:00 a. m. Covered dish luncheon at noon. All ladies of the church and congregation are urged to attend.

WEDNESDAY

The Women's club will meet in the Central school building at 2:30 p. m. Mrs. W. E. Kerr will have charge of the program, giving a paper upon, "Modern Tendencies in Education." Special music.

THURSDAY (NEXT WEEK)

The Presbyterian Aid Society will meet at the church at 2:30 p. m. at which time plans will be completed for rummage sale.

The Methodist Missionary Society will hold a week of prayer service, preceded by a business meeting of the Society. Time 2:00 p. m.

GIRL SCOUT NEWS

The Girl Scout Council held its regular meeting at the home of Mrs. Ray Bartlett last Monday afternoon. Two new leaders have been registered, Miss Nina Couch, captain and Miss Jean McDonald, lieutenant. They will have charge of troop 4, composed of the younger girls in the Central school, formerly the Brownies. The council has arranged to entertain each troop, when every member of the troop has completed her test. Plans were also made to begin the building of a fireplace at their hut on west Main street the last of this week. Tom Heflin will assist the girls in the construction of the fireplace. The girls are looking forward to many interesting activities, when their hut is completed.

The Artesia Girl Scouts will go in a body to hear a special sermon to be delivered by Rev. H. G. Scoggins at the Methodist church Sunday evening at 7:30 p. m.

BIRTHDAY PARTY

It is not often that the honoree at a birthday party goes out and hunts the meat and cooks it for the feast. But this happened in the case of Elva Barker, whose anniversary occurred on Monday. Mr. Barker brot in a wild turkey from the hills and roasted it to a queen's taste for the birthday dinner, which was served at the home of the Misses McCaw on west Main street Monday evening. Others present to enjoy the turkey were Mr. and Mrs. Leon Barker, the Misses Elsie and Mary McCaw and Mrs. Sadie Wilson.

VENISON DINNER

Mr. and Mrs. Harve Muncy were hosts at a venison dinner Tuesday evening at six o'clock. Covers were laid for Mr. and Mrs. Bun Muncy, Mr. and Mrs. Marshall Reeves and daughter, Miss Vivian, Mr. and Mrs. Bert Muncy, Miss Elizabeth and Bert, Jr., and the hosts.

FIRST NIGHT BRIDGE CLUB

The First Night Bridge club met at the Dr. Clarke home last Thursday evening for its regular meeting preceded by dinner at seven o'clock. Miss Catherine Clarke was the only substitute.

FAREWELL PARTY

The ladies of the T. E. L. class of the Baptist Sunday school had a farewell party and handkerchief shower at the home of Mrs. James Dew Tuesday evening for Mrs. James Gordon, class president, who with her family, was leaving for their old home in Mississippi. The evening was spent in visiting and light refreshments were served.

THE D. A. B. CLUB

The D. A. B. club was entertained by Miss Abby Durand last Saturday afternoon and light refreshments were served after several rounds of bridge. Miss Evelyn Cobble substituted.

TWELVE O'CLOCK DINNER

Mr. and Mrs. Kenneth Priest of Clovis and Mr. and Mrs. T. C. Bird were guests of Mr. and Mrs. E. T. Jernigan at twelve o'clock diner last Saturday.

SECOND AFTERNOON BRIDGE CLUB

The Second Afternoon Bridge club was entertained at the Southern Club cafe Tuesday by Mrs. A. F. Phillips of Carlsbad. After lunch the club went to the home of Mrs. P. J. Phillips on west Main street for the bridge playing. Mrs. Phillips was the only substitute. Music was furnished during the luncheon by Misses Catherine Clarke and Virginia Egbert.

FORTNIGHTLY BRIDGE CLUB

The Fortnightly Bridge club enjoyed a treat of a catfish luncheon served by the hostess, Mrs. Will Linell on Tuesday at one o'clock. The annual election of officers was held. Mrs. C. Bert Smith was chosen president and Mrs. John Lanning, secretary. There were three substitutes, Mrs. Chas. Martin, Mrs. Chester Russell and Mrs. R. M. McDonald.

YOUNG MOTHERS' CLUB

The Young Mothers' club met with Mrs. John Dunn last Friday. The afternoon was devoted to sociability and light refreshments were served.

BIRTHDAY HONORED

A trip to Roswell, luncheon at the cafeteria followed by a theatre party at the Yucca was the delightful way in which Mrs. Stephen Lanning celebrated the birthday anniversary of her sister, Mrs. Reed Brainard, which occurred last Friday. Others participating in the birthday honors were, Mrs. John Runyan and Mrs. Irvin Martin.

HALLOWEEN PARTY

Members of the Business and Professional Women's club, with a number of business women as their guests enjoyed a Halloween party at the old studio building on Richardson Avenue last evening. Corn shocks and pumpkins with black and yellow Halloween symbols decorated the rooms through out. Guests garbed as ghosts, witches, darkies and gay Halloween damsels were greeted at the door with icy hands. Seasonal games were played with Mrs. Beck winning high score in cats. Mrs. Green was presented costume prize. Refreshments of pumpkin pie, coffee and apples were served to the following: Misses Guinn, Hutcheson, Wyoma Phillips, Shirley Hnulik, Dolly Cooper, James Couch, Rowley, Brown, Bradley, Linna McCaw, Effie McCaw, Velma Richards, Egbert, Feemster, Ruth French, Violet Robertson, Madge Hnulik, Naylor, Catherine Clarke, Dr. Seale and Dr. Van Deusen and Meses. Laura Howard, McCrary, Kinder, Les Barnes, C. R. Blocker, Kite, Green, Dick Vandagriff, Beck, Roy Fior, Kidney, Fred Henderson, Ben Dunn, Ethel Lewis, Brunning and Boren.

PICNIC AT WALNUT GROVE

E. H. Perry and family, Mrs. Louise Glossbrenner and children, Mr. and Mrs. J. M. Story, Mr. and Mrs. C. O. Brown, Judge and Mrs. J. H. Jackson, Mrs. E. M. Phillips and mother, Mrs. Cutler, Miss Catherine Cogdell, Marlin Traylor and Kenneth Williams made up a party that picnicked at the walnut grove on the Penasco last Sunday. The party took roast turkey along with other good eats, including chicken, which they fried over a camp fire, and spent a glorious autumn day in the hills.

THE DORCAS CLASS

The Dorcas class of the Baptist Sunday school met with Mrs. Joe Jesse yesterday afternoon for its regular meeting. A social hour with refreshments followed the business meeting. There were eighteen members present and one visitor, Mrs. Will Linell.

TWELVE O'CLOCK DINNER

Mrs. John Runyan entertained at a fried chicken dinner to-day at noon complimentary to her sister, Miss Glenn Polk, and friend, Miss Peggy Dobson of Phoenix, Arizona. Covers were laid for the honor guests, Mr. and Mrs. Tex Polk, Mrs. Skelt Williams and children and the hostess and children.

WANTED—Clean Cotton Rags at The Advocate.

WOMEN'S CLUB ELECTS OFFICERS AT ROSWELL

Mrs. Jefferson D. Atwood of Roswell was elected president of the New Mexico Federation of Women's clubs at the close of the convention at Roswell Tuesday night.

Other officers elected were: Mrs. A. H. DeLong, Gallup, vice-president-at-large. Mrs. Charles R. Keys, Wagon Mound, first vice-president. Mrs. G. V. Hanlon, Mountainair, second vice-president. Mrs. R. C. Reid, Dexter, third vice-president. Mrs. Joseph F. Bennett, Canutillo, fourth vice-president. Mrs. Judd Detrick, Las Vegas, recording secretary. Mrs. B. C. Mossman, corresponding secretary. Mrs. R. W. Goddard, State College, treasurer. Mrs. F. E. Andrews, Santa Fe, auditor. Mrs. R. E. Lemon, Carrizozo, parliamentarian.

HALLOWEEN PARTY

Mrs. G. U. McCrary entertained the members of the Idlewhites Bridge club and substitutes and an extra table of guests at a lovely Halloween party yesterday afternoon. Mrs. C. Bert Smith won high score in the playing and Mrs. Jim Nellis consolation. The Halloween colors, orange and black, were used in lights, decoration, flowers, favors and refreshments. After the games, witches brewed a mystic kettle in a shadowy bedroom and a spook, amid shudders and shrieks ushered the guests two by two for a horoscope in rhyme, the fitness of which seemed to confirm the psychic qualities of the seer. Meses. W. S. Williams, J. W. Graham and McClay went in for the late afternoon and Mrs. Williams assisted Mrs. McCrary in serving a salad and dessert course and Meses. Graham and McClay assisted with the fortune telling. Other guests and substitutes were Meses. Ray Bartlett, J. C. Floore, C. Bert Smith, E. T. Jernigan, Jeff Hightower and C. R. Blocker.

LAKE ARTHUR ITEMS

Miss Ella Ohlenbusch, Reporter

Mr. and Mrs. J. B. Knight of Dexter were here visiting Monday. Miss Ruby Smith spent the week-end at her home in Tiban, this state.

Vick Walden and Howard Beasley returned home from their deer hunt unsuccessful. Mrs. B. C. Motts and Mrs. Clyde Nihart attended the dinner given by the Women's club at Roswell. Mr. and Mrs. Clyde Nihart and family spent the week-end visiting friends at Cloudford and Weed.

Misses Mattie and Ola B. Derrick spent the week-end with Misses Mae Brewer and Pauline Russell. The primary and high school teachers all attended the teachers meeting held at Roswell Friday and Saturday.

Mrs. Dick Spence and children left Friday for a fishing and deer hunting trip in the mountains, returning home Monday. Mrs. Dorothy Chapman, Glee Club and English teacher of Lake Arthur was visiting friends and relatives at Amarillo, Texas over the week-end.

Mr. and Mrs. W. Walden, Mr. and Mrs. J. B. Crook and Misses Wilma and Betty Walden and Lois Bivens all enjoyed a fishing trip and picnic at Lake McMillan from Saturday evening until Monday. Mr. and Mrs. D. Ohlenbusch had as their guests Tuesday, their old friends, J. E. Parker and son, Donald, O. E. Curry, O. H. Culp, and John Lamont of Hermleigh, who were here looking over some property with a view of making this section their home.

The Sophomore class held its first social of the year Friday night on the river beds east of town, with their class sponsor, Miss Lucile Foreythe as leader. After several hours of entertainment, a picnic supper was served to the following: Dennis Bivens, Pauline Russell, Arvel Edgington, Wilma Walden, Alonza Latta, Ola Bee Derrick, Alton Eaker and Supt. C. R. Bernard.

Woodstock Typewriters for sale at The Advocate.

DR. DETER AT BAPTIST CHURCH LAST NIGHT

Dr. A. B. Deter, returned Baptist missionary from Brazil spoke at the First Baptist church last night, giving some of his experiences as a missionary in Brazil. Dr. Deter and family are located at Curitiba, capitol of Parana. Dr. and Mrs. Deter had spent a short time here with their daughter, Miss Doris and left this morning. They plan to return December.

Everyone welcome, we invite you to come and worship with us.

CHRISTIAN SCIENCE SOCIETY

613 W. Main Street

Sunday services at 11:00 a. m.

Wednesday services at 7:30 p. m.

Subject of the Bible lesson for Sunday, November 1, is: "Everlasting Punishment."

In this lesson the following scriptural selection is found: "The hope of the righteous shall be gladness; but the expectation of the wicked shall perish." (Prov. 10:28).

Also the following citation from Science and Health with Key to the Scripture, by Mary Baker Eddy, page 327: "To the physical senses the strict demands of Christian Science seem pre-emptory; but mortals are hastening to learn that life is God, good, and that evil has in reality neither place nor power in the human or the divine economy."

Visitors always welcome.

METHODIST EPISCOPAL CHURCH SOUTH

Rev. Harold G. Scoggins, Pastor

"The large church with a warm welcome and a helpful gospel."

9:45 a. m. Sunday school. Geo. Frisch, superintendent; Mrs. Reed Brainard, chairman worship committee.

Morning worship at 11:00 a. m. "God and the Average Man."

Young people and Junior League at 6:00 p. m.

Evening worship 7:00 p. m. Special anniversary service for Girl Scouts.

Tuesday beginning at 10:00 a. m. zone meeting of Woman's Missionary Societies of this zone. Luncheon at noon and all day meeting.

Prayer meeting, Wednesday evening at 7:00 p. m. Answers to question box.

Thursday 2:00 p. m. Woman's Missionary Society week of prayer program.

CHURCH OF THE NAZARENE

8th & Missouri

Erwin G. Benson, Pastor

"A spiritual church in a friendly community."

Sunday school at 9:45 a. m. Don't send your children, bring them.

Morning worship at 11:00 a. m. We will observe the sacrament at this hour. Theme for discussion: "What a True Conception of the Sacrament Will Bring."

Junior Young People's meeting at 6:00. Wilmer Paton, president; Mrs. Frank Watkins supervisor.

Young People's meeting at 6:00 p. m. Mrs. E. G. Benson, president; Mrs. G. O. Smith, leader. Theme for discussion: "Mexican Missions."

Evangelistic Service at 7:00 p. m. Theme: "How to Obtain Holiness."

Church prayer service each week on Thursday evening at 7:30 p. m. at the church. "Thirty minutes with the Bible." You are invited to attend, bring your Bible. Notice change of time in the

Sunday evening services! You will be a stranger only once.

NOTICE

All persons, corporations, municipalities and others owning or interested in any property situated within the boundaries of the Pecos Valley Artesian Conservancy District described below, are hereby notified that the undersigned Commissioners of said District, will hold meetings as set out below, for the purpose of hearing and determining all protests concerning any particular tract or parcel of land to be included in said District; viz:

At Roswell, New Mexico, at the office of Emmett Patton in the J. P. White Building, beginning at 9 o'clock a. m., November 10th, 1931.

At Artesia, N. M., in the old First National Bank Building, beginning at 9 o'clock a. m. November 13th, 1931.

At Hagerman, N. M., in the First National Bank Building, beginning at 9 o'clock a. m. November 12th, 1931.

That the outer boundaries of said District are as follows:

"Beginning at the N. W. corner of Sec. 30, Tp. 9-S., R. 24-E., N. M. P. M., in Chaves County, New Mexico; thence S. on Rge. line to N. W. corner of Sec. 31, Tp. 11-S., R. 24-E.; thence E. on Section lines to N. W. corner of Sec. 33, same Tp.; thence S. to Tp. line; thence E. on Tp. line to N. W. corner of Tp. 12-S., R. 25-E.; thence S. on Rge. line to N. E. corner of Sec. 13, Tp. 15-S., R. 24-E.; thence W. to N. W. corner same Section; thence S. to S. W. corner same Section; thence W. to N. E. corner Sec. 22, same Tp.; thence S. to N. W. corner Sec. 35, same Tp.; thence W. to N. W. corner Sec. 32, same Tp.; thence S. to Tp. line; thence W. on Tp. line to N. W. corner Sec. 3, Tp. 16-S., R. 24-E.; thence S. to S. W. corner Sec. 15, same Tp.; thence E. to Rge. line; thence S. on Rge. line to N. W. corner Sec. 7, Tp. 17-S., R. 25-E.; thence E. to N. E. corner same Section; thence E. to N. W. corner Sec. 20, same Tp.; thence E. to N. E. corner same Section; thence S. on Section lines 9 miles to Tp. line; thence W. to N. E. corner Sec. 6, Tp. 19-S., R. 25-E.; thence S. to N. W. corner Sec. 29, same Tp.; thence W. to Rge. line; thence S. 4 miles to N. W. corner Sec. 18, Tp. 20-S., R. 25-E.; thence E. to N. E. corner same Section; thence S. to S. W. corner Sec. 20, same Tp.; thence E. to Rge. line; thence N. to N. W. corner Sec. 19, Tp. 20-S., R. 26-E.; thence E. to a point on the Western boundary line of the lands withdrawn, condemned or bought by or for the Reclamation Bureau of the U. S. Department of the Interior for the McMillan Reservoir at the N. E. corner of said Sec. 19; thence northward, following said boundary line with its meanders to the N. E. corner of Sec. 19, Tp. 18-S., R. 27-E.; thence N. on Section lines to S. line of Tp. 16-S.; thence W. to line of Tp. 16-S.; thence N. to S. line of Tp. 15-S.; thence N. to S. W. corner Sec. 35, Tp. 15-S., R. 26-E.; thence N. to N. W. corner same section; thence E. to middle of S. line of Sec. 25, same Tp.; thence N. to N. line same Tp.; thence E. to middle of S. line of Sec. 19, Tp. 15-S., R. 27-E.; thence N. to N. line same Section; thence E. to S. E. corner Sec. 17, same Tp.; thence N. to Tp. line; thence E. to S. E. corner Sec. 33, Tp. 14-S., R. 27-E.; thence N. to N. S. E. corner Sec. 28, same Tp.; thence W. to N. W. corner Sec. 29, same Tp.; thence N. on Section lines to N. W. corner Sec. 32, T. 13-S., R. 27-E.; thence E. to middle of S. line of Sec. 28, same Tp.; thence N. to S. line Sec. 9, same Tp.; thence W. to middle of S. line Sec. 8, same Tp.; thence N. to N. line same Section; thence W. to S. W. corner Sec. 2, T. 13-S., R. 26-E.; thence N. on Section lines to S. line Tp. 10-S.; thence W. to S. W. corner Sec. 35, Tp. 10-S., R. 25-E.; thence N. to 10-S., R. 25-E.; thence W. to S. line of Tp. 9-S.; thence W. to S. E. corner Tp. 9 1/2-S., R. 24-E.; thence N. to N. E. corner Sec. 25, Tp. 9-S., R. 24-E.; thence W. to place of beginning."

That all persons, corporations, municipalities and others aggrieved by our action upon any such protest have the right of appeal to the District Court of Chaves County, New Mexico, as provided by Section 13, of Chapter 97 of the 1931 Session Laws of the State of New Mexico.

G. R. BRAINARD, HAL BOGLE, GEO. E. FRENCH, Commissioners.

LOCALS

S. S. Ward was a Roswell visitor Friday.

Ben Pior was an Amarillo visitor the first of the week.

Senator and Mrs. Z. B. Moon were visiting in Roswell Friday.

Born to Mr. and Mrs. A. G. Bailey Saturday the 24th inst., a daughter.

Mrs. Hugh Roberts of Roswell spent Sunday here with Mrs. A. L. Curry.

Wallace Merchant of Capitan was transacting business in Artesia Monday.

Harold Dunn and Ralph Pearson left Sunday for the Sacramentos in search of deer.

P. A. Penley of El Paso, spent the week-end here, guest of his aunt, Mrs. L. W. Feemster.

Sklert Williams and Frank Seale left Tuesday morning for a short business trip to El Paso, Texas.

Mrs. Jim Berry and daughters, Dorothy and Mrs. Clarence Conner, were Roswell visitors Saturday.

A son was born to Mr. and Mrs. Tom Goodlet at the St. Francis hospital in Carlsbad Saturday.

Mrs. Effie Wingfield and daughter, Mrs. Lewis Story, and children made a trip to Roswell Saturday.

W. W. Hays of Pecos, Texas former resident of Artesia is spending a few days here visiting old friends.

Mr. and Mrs. Curt Lee of Alamogordo are visiting friends and attending to business matters here to-day.

Jeff Hightower left Tuesday morning for El Paso and other Texas points after spending several days at home.

Mr. and Mrs. Hollis Watson and son of Fort Stockton, Texas are visiting Mr. Watson's nephew, Aubrey Watson and family.

Mrs. George Williams and small daughter, George Lee of Maljamar, were week-end guests at the home of Mrs. L. W. Feemster.

Paris Damewood returned Friday from a five months stay at his old home at Chattanooga, Tennessee and plans to spend the winter here.

Mrs. Nora Johnson of Hope, was here Monday visiting her daughter, Mrs. J. R. Attebery. The latter accompanied Mrs. Johnson on a trip to Roswell.

Mrs. C. W. Bartlett and daughter, Mrs. Glen Leonard and Mr. Leonard all of Carlsbad were guests of Mr. and Mrs. Ray Bartlett at a venison dinner Sunday.

Mr. and Mrs. Hugh Burch drove to Roswell Saturday to visit their son, Hugh Donald Burch, who is a student at the Military Institute.

Mr. and Mrs. Luther Ransford of Amarillo, Texas, spent the week-end here, guests of his nephew, Charles Dungan and wife at the Illinois camp.

Mr. and Mrs. Wallace Merchant have been down from their ranch in the Capitan the past week, visiting their daughter, Mrs. Ballard Spencer and Mr. Spencer.

W. E. Wheeler of Carlsbad, manager of the Southwestern Stockman Farmer was a caller at the Advocate office Tuesday afternoon.

Mr. and Mrs. Paul A. Otts and Mrs. Alvin Payne attended the Church of Christ revival services Sunday at Pinon, which are being conducted by Rev. C. R. Nichols.

County Superintendent H. R. Rodgers of Carlsbad spent a short time here Monday, coming up from Carlsbad with J. R. Bachman, whose wife is a patient at the Eddy county hospital.

Mrs. J. R. Bachman of Lower Cottonwood underwent an operation for appendicitis at the Eddy county hospital in Carlsbad Saturday and is reported to be recuperating nicely.

Mr. and Mrs. Walker and children and Mr. Walker's father, W. W. Walker of Roswell, spent Sunday here with Mr. and Mrs. Frank Walker.

Mr. and Mrs. Harry Hunton of Roswell, spent Sunday here visiting Mr. and Mrs. Aubrey Watson and other friends.

Mrs. Mary Grimm is recuperating from a minor operation, which she underwent at the Eddy county hospital last week.

Max Roady, wife and two children came in from Trinidad, Colorado Tuesday for a week's visit with his father, Charles Roady, and other relatives.

Mr. and Mrs. Carl Bildstone arrived Tuesday evening from Los Angeles, California, where they spent a short honeymoon and have taken up their residence temporarily at the Artesia hotel.

Mr. and Mrs. J. F. Bauslin of Hagerman and Mr. and Mrs. Oscar Bullock and small son, Dickson, of Roswell were here Sunday afternoon visiting their relatives the Misses Mary and Ella Bauslin.

CONGRESS QUESTIONS THE HOOVER-LAVAL ECONOMIC ACCORD

WASHINGTON, D. C.—A somewhat skeptical congress stood questioning Tuesday over the cradle of the new born Hoover-Laval economic accord. While administration officials reiterated their satisfaction, the congressional leaders received with mingled felings the news that a war debt-reparations adjustment is in the offing. Meanwhile word came from Berlin of intentions of Chancellor Bruening to reopen the reparations question soon in response to the Hoover-Laval hint. On this and perhaps on some of the other points discussed in his conferences with Premier Laval of France, President Hoover still has to convince the legislative branch of the government which passes on debt agreements. As the administration went ahead with the plan for stabilization of international exchange, it was disclosed that effort will be concentrated on the English pound sterling—world medium of debt settlement. It was believed that a figure less than the century old \$4,865 will be used as par. On capital hill, the legislators sought to find out what was between the lines on the carefully phrased Hoover-Laval declaration Monday. Taking the lead from newspaper stories that is pointed to a re-casting of the whole structure of intergovernmental debts, democrats and the republican independents made it plain they wanted more information. Republican leaders, for the most part, kept silent, but Senator Bingham, republican, of Connecticut, announced he would favor any request by President Hoover for the appointment of a commission to consider the allied debts to America on a basis of capacity to pay.

WINNERS HIDDEN QUART CONTEST ANNOUNCED NEXT WEEK'S ISSUE

Announcement of winners in the \$10,000 cash prize contest sponsored by Continental Oil Company, for the best answers explaining "The Mystery of the Hidden Quart," will be made in an advertisement in next week's issue of the Artesia Advocate. The success of this advertising campaign, in which motorists were invited to compete for \$10,000 in prizes for the best answers to the question, "What becomes of the hidden quart of Conoco Germ Processed Motor Oil, and how does it benefit motorists?" Has so far surpassed expectations that the winners cannot be announced as early as was anticipated. A preliminary examination of all of the thousands of entries in the contest has been completed, and the judges are now making their final inspection of the entries, with the view to announcing the winners next week. The judges are: Dr. W. B. Bizzell, president of the University of Oklahoma; John A. Hunter, professor of mechanical engineering, University of Colorado and Frank L. Martin, associate dean, school of journalism, University of Missouri. Wife—"Will you love me if I grow fat?" Husband—"No, I promised for better or worse—not thru thick and thin." TOO MUCH

Too much oats and too much wheat. Too much corn and too much heat. Too much, cotton, too much oil. Too many hours that we don't toil. Too many highways, too many cars. Too many people behind the bars. Too many loafing, too many bets. Too many failing to pay their debts. Too many living beyond their means. Too many eat canned corn and beans. Too many hire their washing done. Too many play bridge for fun. Too many people looking to Uncle Sam. Too many people don't give a damn. Too many poets, too much prose. Too many girls without underclothes. Too much buying of goods on time. Too many people don't save a dime. Too much ball, too much play. Too many officers on big pay. Too much taxes, too much spent. Too many folks spend every cent. Too much fun, too much ease. Too many rips in B. V. D.'s. Too much reform, too much law. The darndest mess you ever saw. —Swiped.

GOVERNMENT VALUES COTTON AT 8 CENTS

WASHINGTON, D. C. — The government Friday placed an average value of eight cents a pound on cotton accepted as collateral for crop loans to provide southern farmers with additional money. This action was taken by the agricultural department to encourage holding the new harvest from already glutted markets and to release part of the crop mortgaged to the government for the purchase of necessities and payment of taxes and other debts. Millions of dollars were loaned in the south last spring to assist the farmer in replanting his fields after the 1930 drought. Heretofore the department has accepted cotton as security at current prices which now range between six and seven cents. It has warehouse receipts on about 10,000 bales. A general market price increase as a result of this arrangement is expected by George L. Hoffman chief of the farmers seed loan office. He said he believed few farmers who have federal loans would dispose of their cotton under the new plan. Cotton of middling 7-8 grade and staple will be given on longer staple or better grades. Borrowers who store their cotton will be required to deliver warehouse receipts on sufficient cotton to provide collateral for their loans. The department reserved the right, however, to withdraw the offer at any time or to establish a different basis because of changed conditions. When the cotton is finally sold the borrower will be credited with the proceeds of the sale. In the event the proceeds are not sufficient to pay the full amount of the loan the remainder will remain as an obligation of the borrower. If, however, there is a surplus above the loan and interest, it will be paid to the farmer or other creditors.

N. M. STATE BANKS IN GOOD CONDITION

SANTA FE—Loans and discounts of \$6,038,887.15 carried by the twenty-five state banks of New Mexico on September 29 were equal to sixty-seven per cent of total deposits, State Bank Examiner John Bingham said. On September 24, 1930 loans and discounts totaled \$7,496,672.85. Demand deposits decreased from \$7,985,103.67 to \$5,784,987.76 during the same period and time deposits and postal savings deposits dropped from \$3,891,091.38 to \$3,150,350.80. Reserve carried is sixteen per cent whereas the reserve required by law is twelve per cent.

ROPES BUCK

There are a few ways left of killing a buck without shooting him dead on the spot. Recently when Joe Clayton was deer hunting on the Prude ranch, Mr. Clayton shot at a buck breaking his leg. A few hundred yards away, John Prude took a couple of shots at the flying buck and observing his leg was broken took in after the animal with his horse. Over-taking the buck, Mr. Prude roped him and with the help of Mr. Clayton quickly sent the animal to the happy hunting ground.

SEN. CUTTING DRAWS BILL TO SHEAR SECTY. WILBUR OF OIL POWER

Senator Bronson Cutting is drafting a bill designed to shear the secretary of interior of his power over all drilling permits on the public domain, he said recently at Santa Fe. The bill to be introduced at the opening of congress would throw open to oil prospecting lands closed to drilling by Secretary Wilbur two years ago. Senator Cutting believes reopening of public lands to drilling would put millions of dollars into circulation in New Mexico and other public domain oil land states with consequent relief of the depression. He termed Secretary Wilbur's closure order an economic blunder that could be excused only by the fact that it was an effort to conserve natural resources. "Conservation can be made to cover a multitude of economic sins," the senator said, "but it isn't broad enough to conceal this one." He declared he is a believer in conservation but that it should "be tempered with common sense." Senators from other public land states under which oil has been found or is believed to lie will join him in backing the bill Senator Cutting believes.

ENGRAVING—THE ADVOCATE

ALFALFA SEED IS MOVING SLOWLY

Movement of alfalfa seed has been somewhat slower than last year. The U. S. Bureau of Agricultural Economics estimates that 30 to 35 per cent of the crop had been sold by growers up to October 13, compared with 55 per cent last year, 35 per cent two years ago, and 60 per cent three years ago. The most rapid movement took place in western South Dakota and western Oklahoma, and the slowest in Utah and New Mexico. Prices to growers were lower than last year in all the important districts. The highest average prices on October 13 for common alfalfa were being offered in the Dakotas and Minnesota and the lowest in New Mexico and Arizona. Prices for all districts on that date averaged \$8.50, compared with \$16.25 last year and \$16.75 two years ago. Shippers indicated that the prices offered were slightly lower than those offered a week earlier.

PRELIMINARY HEARING OF A. SMITH TODAY

The first official step toward clearing away the mystery that attended the killing of Walter Rothwell, on South Canyon street recently will occur this afternoon, when the preliminary hearing of Allie Smith and others will be held. District Attorney Judson G. Osburn is coming down from Roswell to act with his assistant James N. Bujac. Smith and others have been held in the county jail, since their arrest in Texas, a few days after the affair, and the collection of evidence has been steadily followed by Sheriff McDonald and his deputies and Attorney Bujac. While declining to express himself, Attorney Bujac is understood to have the chain of evidence in such shape that rapid progress will be made in the case, and the bringing out of the full facts of the deadly encounter will be merely a matter of detail.—Current-Argus, Tuesday.

- Methane
Ethane
Carbon Dioxide
Oxygen
Nitrogen

Calculated Heat Value:

- B. T. U. per cubic foot at 30 and 60 degrees F.
B. T. U. per cubic foot at 14.4 lbs. 8 oz. and 60 degrees F.
B. T. U. means British Thermal U

THE PECOS VALLEY

THE DOLLAR MARKET

When products are high, money is easily made, dollars cheap and banking is more profitable. He who borrows dollars for a term which reaches into high dollar times, adds his burden of obligations; he who borrows high dollars and back cheap ones, adds to his profits.

The fluctuation of the dollar mirrors the changing market all commodities, and value of collateral. A bale of cotton, during the past three years, represented such a varying sum, its collateral value has been constantly up and down, always risky.

Safe banking provides a margin of safety in collateral which prevents loss as conditions change; thus commercial banking loans are mostly for short terms, frequently adjusted to avoid frozen credits which are the result of receding market.

Day's We'll Never Forget

10,000 BIG GAME HUNTERS ENTERED STATE THIS SEASON

SANTA FE—More than 10,000 big game hunters had entered New Mexico game areas at noon Saturday in quest of deer, turkey and bear, State Game Warden Elliott Barker said.

State deer checking stations had definite record of 8,250 hunters in the principal areas, and the state game department officials conservatively estimated that an additional 2,000 were scattered throughout the smaller areas.

The state has no record so far of the number of deer killed. The ten day season closes Saturday.

The state checking stations at noon Saturday recorded the following entries: Gila National Forest 4,150 hunters; Magdalena 2,250; Mimbres 1,100; Fairview 400 and 400 more at other points of the southwestern region.

A great number of does have been killed and left to rot, Mr. Barker said, and in the "two deer" area a large number of fawn and antelope were killed by careless hunters.

Mr. Barker said the game being taken out of the upper end of Black Canyon is undersized and bone too good in flesh, and that bucks were noticeably small.

In the northern part of the state many turkeys have been taken particularly in the El Rito, Chama and Jemez country, while many fine specimens of mule deer have been killed near Las Vegas, Mr. Barker said.

FAMOUS FICTION

This is the real stuff—imported. I know the guy that brot it over. "It ain't the money I care for—it's the principle of the thing. Oh, I know how to handle it; I can drink it or leave it alone. I can not live without you. Pleased to meetcha. Painless dentistry. I'd be the last one to say anything against her, but— I'm off that stuff from now on. It's no good. Never again—that's me.

The police have the situation well in hand. Important arrests may be expected at any moment. I'm as fit as a fiddle—just as good a man as I was twenty years ago. I can't notice a bitta difference.

We are prosperous and don't know it. Prosperity is just around the corner. Anyhow, it's just a state of mind.

Why, no, my dear, I can't remember a single thing about the Spanish-American war. I was just a tiny girl then.

If I'm elected mayor, all the crooks will be driven out of our fair city within thirty days. No gambling, no vice of any kind. The crooks must go!

This is our golden wedding anniversary—married just fifty years ago today—and in all that time, my little wife has never spoken one cross word to me.—Tampa Morning Tribune.

TO DISCUSS CATTLE AND SHEEP DISEASES

Dr. W. L. Black, livestock specialist from State College will hold two meetings in Eddy county this week to discuss diseases of sheep and cattle with sheep and livestock men. Friday, October 30th, Dr. Black will meet all who are interested at the W. Bates ranch, west of Lakewood. On the following day he will hold a similar meeting at the B. Ewers ranch near Otis.

United States Department of the Interior, General Land Office, District Land Office, Las Cruces, N. M., Sept. 22, 1931.

Notice is hereby given that the State of New Mexico has filed in this office its Indemnity School Land Selection, List No. 9510, Serial No. 044504, for the following land:

SE $\frac{1}{4}$ Sec. 30, T. 17-S., R. 29-E., N. M. P. M., with Potash reserved to the United States.

The purpose of this notice is to allow all persons claiming the land adversely, or desiring to show it to be mineral in character (other than Potash), an opportunity to file their protests against the approval of the selection.

 - Sec. 4: S $\frac{1}{2}$ S $\frac{1}{2}$; oil and gas and potash reserved to U. S.
 - Sec. 5: SE $\frac{1}{4}$ SE $\frac{1}{4}$; potash reserved to U. S.
 - Sec. 7: S $\frac{1}{2}$ SE $\frac{1}{4}$; potash reserved to U. S.
 - Sec. 8: E $\frac{1}{2}$, SW $\frac{1}{4}$; potash reserved to U. S.
 - Sec. 9: all; potash reserved to U. S.; oil and gas reserved to U. S. in the E $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$.
 - Sec. 10: W $\frac{1}{2}$; oil and gas and potash reserved to U. S.
 - Sec. 15: NW $\frac{1}{4}$ NW $\frac{1}{4}$; oil and gas and potash reserved to U. S.
 - Sec. 17: N $\frac{1}{2}$, SE $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$; potash reserved to U. S.
 - Sec. 18: E $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$; potash reserved to U. S.
 - Sec. 20: N $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$; oil and gas and potash reserved to U. S.
 - Sec. 21: N $\frac{1}{2}$, SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$; potash reserved to U. S.
- The purpose of this notice is to allow all persons claiming the land adversely, or for any valid cause, to file their protest against the approval of the selection.
- V. B. MAY, Register.

IN THE DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO

EDWARD STONE and ELVENA T. STONE, Plaintiffs,

vs. CORA E. McBRATNEY, ETHELBERT A. CLAYTON, JOE A. CLAYTON, F. A. CLAYTON, E. A. CLAYTON, JR., C. P. CLAYTON, E. N. CLAYTON, EARTHY CLAYTON, ALLIE B. ENOCH formerly Allie B. Clayton, MARY SPRAIG, formerly Mary Clayton, WILLIAM C. (W. C.) ROBERTS, F. M. ROBERTS, AND ALL UNKNOWN HEIRS OF EACH AND ALL OF SAID DEFENDANTS AND ALL UNKNOWN CLAIMANTS, Defendants, No. 5298.

NOTICE OF PENDENCY OF SUIT

TO: CORA E. McBRATNEY, ETHELBERT A. CLAYTON, C. P. CLAYTON, E. N. CLAYTON, EARTHY CLAYTON, ALLIE B. ENOCH formerly Allie B. Clayton, MARY SPRAIG, formerly Mary Clayton, WILLIAM C. (W. C.) ROBERTS, F. M. ROBERTS, AND ALL UNKNOWN HEIRS OF EACH AND ALL OF SAID DEFENDANTS AND ALL UNKNOWN CLAIMANTS:

You and each of you are hereby notified that a suit has been filed against you by the above named plaintiffs, in the above styled court, Cause No. 5298 on the Civil Docket of the District Court of Eddy County, New Mexico, in which the plaintiffs pray for a decree against you and each of you.

1. Declaring and adjudging that none of you, the said defendants, have any estate, right, title or interest whatsoever, in and to the following described lands and premises, to-wit:

The West half of the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 7 and about two acres more or less off of the North end of the West half of the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 18, all in Twp. 17-S., Range 26-E., N. M. P. M., situated in Eddy County, New Mexico.

2. That you, the said defendants, and each of you, be forever enjoined and debarred from asserting any right or claim whatsoever in or to said lands and premises adverse to plaintiffs, and that plaintiffs' title to said premises be forever quieted.

3. You and each of you are further notified that unless you enter your appearance in said cause on or before the 4th day of December, 1931, a decree pro confesso will be taken and entered against you and each of you and the relief prayed for in plaintiffs' complaint will be granted.

Plaintiffs' attorney in said cause is G. U. McCrary and his postoffice address is Artesia, New Mexico.

Signed and dated this 16th day of October, 1931.

(SEAL)

RUTH S. NYE, District Clerk.

By M. E. WALLER, Deputy.

LAURENCE CLARKE HAS A FINE TRIP THIS WEEK

Laurence Clarke, a freshman at Loyola University at New Orleans and a member of the University band, left yesterday with the musical organization for Detroit, Michigan, where New Orleans Loyola University is to play Detroit Loyola University this week on the foot ball field. The band is a splendid organization, which broadcasts over the radio every week. Last Saturday night Dr. Clarke and Miss Catherine had the pleasure of hearing the broadcast which came in unusually well.

Those who have returned from hunting with big game were: Pick Riley, John Klassen, J. B. Blakeney, Jack Collier, Buck Wilburn, Pete Blakeney and Rufus Bynum. Several were said to have shot deer but could not return with the meat because the weather made it impossible to keep it from spoiling. According to the number of hunters and the amount of game passing thru, it is that that more deer has been brot in this year than at any previous season.

FIRST BASKETBALL GAME

The Yellowjackets will meet the Dexter squad on the new ball court in the first competitive game of the season Friday afternoon.

OPERA TO BE PRESENTED

Mrs. Anderson Young will present her first grade in an opera: "The Anxious Leaf," at the school auditorium next Friday evening. There will be no admission charge.

The first grade students under the direction of Mrs. Young, have usually drawn larger audiences than any other entertainment given during the school year.

A farmer was passing the insane asylum with a load of fertilizer. An inmate called thru the fence, "What are you hauling?" "Fertilizer," replied the farmer.

"What are you going to do with it?" "Put it on my strawberries," reported the farmer.

The inmate countered quickly: "You ought to live here. We get cream on ours."

The FROST is on The PUMPKIN

Vacation days are over, and everyone has settled down to the serious business of going through another winter.

"The frost is on the pumpkin and the fodder's in the shock"

Nature is almost prepared for the storms and the cold to come. Mankind, so far as possible, has followed Nature's example.

Daily the sun rises later in the East and sinks earlier in the West. Evenings and nights grow longer. Electric lights and the radio are turned on earlier and kept on longer, as less and less time is spent in out-of-door recreation.

Longer hours of use necessarily mean higher monthly bills for electric service. Remember that when the monthly bill comes in. Remember also, that "overtime" use often means lower cost per unit of service; quite different from "one and one-half the scale for overtime."

The frost is on the pumpkin, and everything is ready for the Winter. We have laid in our supply of coal and necessary repair parts; we have prepared ourselves for our usual Winter's task of giving our best service at the lowest possible rate.

Serving you is our job. Can we do more than we are now doing? If so, how? LET US KNOW.

ARTESIA DEFEATS THE CLOVIS HIGH BEFORE BIG CROWD ROOTERS

Artesia climbed one rung higher in the eastern New Mexico high school football championship race, Friday when the Bulldogs defeated the strong Clovis eleven 12-0 before the largest crowd ever assembled in the Brainard Park. The Clovis eleven was accompanied by more than 175 Clovis, people, traveling on the Santa Fe in three extra coaches.

Fighting hard, the locals took the championship aspirations out of the visitors in the first half with two touchdowns. Clovis out-fought Artesia, during the second half of the contest, making two threats to score, but lacked the punch to put over a touchdown.

During the second quarter, Ransbarger again scored for Artesia when he made a 43 yard end run, but failed to make the extra point. During the second half Clovis played fast and furious in an attempt to score. Perry, Clovis halfback, was the most consistent ground gainer, making several nice gains for the visitors going around the ends and thru the center, but was always stopped by Artesia's backfield. Clovis also excelled in straight line bucking, and made fifteen first downs to five for Artesia.

The starting lineup: Artesia Pos. Clovis R. McLean G. Lawson, Holeman G. Wells, Beale T. Marks, Juarez T. Andrews, Spivey E. Smith, Gray E. Lindley, Brown QB. Turner, Champion HB. Perry, Hill HB. Lancaster, Ransbarger FB. McDowell

Artesia substitutions: Naylor for Holeman, Crockett for Syferd and Syferd for Crockett.

Lengthy Water Main: The water supply for one section of the goldfields of western Australia is carried by pipes for a distance of 350 miles.

Good Definition: Propaganda is something that folks think newspapers should print for nothing.—McPherson's Republican.

Ingenuous Spider: The trapdoor spider constructs his home so that the door is closed by gravity when he goes in or out.

Ice to Support Train: It has been shown that 18 inches of ice is necessary to support an ordinary railroad train.

MARKET FOR GRAIN

Not many years ago the Agricultural Press coined a new word, cowhogenize. We heard from every angle that the cow, the hog and the hen would help solve many problems of the southern farmer.

The truth of this propaganda is being proven today. A man can sell grain thru hogs at about \$3.00 per cwt. Hens fed properly will give you a price of \$5.00 or better per cwt. for farm grains. Milk cows will not only furnish a good market for grain, but will pay a mighty good price for the hay they consume.

The very recent sharp advance in butterfat has gladdened the hearts of many men that are selling sour cream on a small scale in south western states. As in feeding chickens and hogs we have to consider that the milk cow is a factory. She takes the raw materials in the form of feed and turns them into the finished product, milk.

Milk is a very complicated product. It is a complete and perfect food, for it is made to furnish everything that a newborn calf needs to live, thrive and grow. Nature has decreed that this food must remain uniform in composition so as not to upset the calf.

Of course different breeds will give milk of different fat contents, and individuals within a breed may give milk of different butterfat content, but in the main, the composition remains the same. So the cow has a real job cut out for her—to make milk of the same composition, and containing the same things all the time.

The hay a cow eats is used mostly to maintain her body, and the amount of milk produced is dependent upon the grain fed. If you choose to feed just home grown grain to your dairy cows you will find that 100 pounds of the average home grown grains will produce 200 pounds of milk.

With butterfat at 27 cents per pound you get a little more than one cent a pound for milk. This gives no value to the skim milk. On this basis you sell 100 pounds of grain for \$2.00. (100 pounds of grain makes 200 pounds of milk.)

Grain alone does not supply the milk making materials as the cow puts them in the milk pail, and if you want to increase the milk making capacity of home grown feeds you should add supplements which will balance up your ration, and increase the selling price of home grown feed.

One hundred pounds of a well balanced ration, 67 pounds of home grown grains and 33 pounds of supplement will produce 300 pounds of milk. Selling price of 300 lbs. of milk @ \$1.00.....\$3.00 Cost of 33 pounds of supplement..... 70 Selling price 67 lbs. grain.....\$2.30 Or \$3.30 per cwt.

By giving a cow in her feed what she puts in the milk pail we have increased the selling price on home grown grains from \$2.00 per cwt. to \$3.30 per cwt.

Mr. and Mrs. Lester Bayless of Clovis were week-end guests of Mr. and Mrs. Jeff Hightower. On Sunday Mr. and Mrs. Hightower and Mr. and Mrs. Stanley Blocker accompanied them on a fishing trip to Lake McMillan.

Mr. and Mrs. Arba Green and Miss Helen Green returned last Friday from a business trip to Oklahoma and a visit to Mr. and Mrs. A. C. LaFollette (Irma Green) at North Vernon, Indiana. They visited various points of interest and came home by way of Kentucky, Tennessee, Arkansas and Texas.

Peculiarities: It is funny how the man who does the least work is always the most profuse with advice. It is probably the same principle which admonishes us that if we want to know how to raise children we get the best counsel from the maiden aunt.

Fixing "Foggy" Glasses: When jars in which vegetables have been preserved acquire a cloudy appearance, you can quickly restore their original luster by washing them in water in which a dash of ammonia has been added.

Nubians Vanished Race: The Nubians were negroid tribes who formed a powerful empire between Egypt and Abyssinia from the sixth to the fourteenth century, when they were conquered by the Arabs.

Of Latin Derivation: The word "pauper," meaning a person destitute of worldly goods, does not occur anywhere in the Bible. It is of Latin origin and derived from the same root as "poor."

THE ARTESIA JUNIORS DEFEAT THE INSTITUTE JUNIORS AT ROSWELL

The Artesia Junior football team appear to be following the footsteps of the senior team in winning games and have a clean slate thus far. Saturday the Juniors annexed another victory at Roswell when they met and defeated the New Mexico Military Institute Juniors by a score of 13-12.

The Institute Juniors kicked off to Artesia, Crockett received the ball. Locals punted and recovered the ball and punted again. Artesia substituted Cave for Bruce in trying to hold the line. Artesia then took time out. The Institute made a touchdown, but failed in the extra point. Artesia could make but little gain and the quarter closed with a score of 6-0 for the Institute.

The second quarter started off well for Artesia when Ballard made an end run for a nice gain. Two passes were attempted but were incomplete and the ball went to the Institute, who made a little gain. Artesia was penalized for a long pass, but Jones succeeded in making a touchdown, but failed on the extra point trying the score. The Institute received the ball on kick off and made a nice gain, but the whistle stopped the game for the first half.

Vandever showed good work as tackle thru the first half. At the second half Crockett went in for a kick. Artesia kicked off to the Institute and a gain was made. A pass was attempted but is incomplete. Niel for Artesia showed good work as tackle. The ball then went to Artesia on a punt. The Institute intercepted an Artesia pass and made a small gain. Then the Institute tried two passes, both incomplete, got a five yard penalty and the ball sent to Artesia.

In the fourth quarter, the Institute could gain no ground on punts. Artesia took time out and after this Bullock got loose for a touchdown with an end run and good interference. Williams received a pass for the extra point. After the Institute received the kick off and made a pretty pass and on the next play the ball was taken over for a touchdown, but the Institute failed on the extra point.

The game ended with the score 13 to 12 for Artesia.

Mr. and Mrs. Will Benson are expected home in a few days from a fortnight visit to relatives at various points in Texas.

Mr. and Mrs. John DeArey accompanied by their daughter, Mrs. Earl Enloe and baby of Wink, Texas, are spending this week with another daughter, Mrs. Frank Walker, and expect to return home Saturday.

Walter Graham and G. H. Alcorn drove up to the Upper Agua Chiquita last Sunday. They returned home Monday bringing with them two wild turkeys and a quantity of fine mountain vegetables and apples.

Mr. and Mrs. Arba Green and Miss Helen Green returned last Friday from a business trip to Oklahoma and a visit to Mr. and Mrs. A. C. LaFollette (Irma Green) at North Vernon, Indiana. They visited various points of interest and came home by way of Kentucky, Tennessee, Arkansas and Texas.

FORMER CARLSBAD RODEO PERFORMER IS KILLED IN NEW YORK

Cowboys contesting in the Madison Square Garden in New York rodeo alleged Friday that Patrolman John Quigley killed an innocent and crippled man when he shot Owen Crosby formerly of Carlsbad in an argument over a 15 cent taxi fare.

Bill Wright of San Angelo, Texas and Everett Colburn of Blackfoot, Idaho, witnesses, said Crosby was a bystander. Joe Rock and Bob Walden, both of Fort Worth, Texas are the cowboys alleged to have refused to pay the bill. Rock, 29, was arraigned on a charge of felonious assault and held under \$2,000 bail.

Crosby was in a lunch room with Wright and Colburn early Friday, the latter said, when they heard the Texans arguing with the taxi driver. The driver called Patrolman Quigley.

Walden and the policeman exchanged blows. Colburn charged that in the confusion a plain clothesman began beating Crosby. "The policeman in uniform had drawn his pistol and had it leveled," Colburn said. "Some citizen who was not a cowboy stepped behind the officer and pinioned his arms saying, 'don't shoot.' Crosby staggered into the path of the gun, he said, as a shot was fired. Colburn and Wright denied that Crosby had been drinking, terming him a 'voluntary abstainer.'" He was partially paralyzed in a fall at a Sheridan, Wyoming rodeo.

Sacred Vessel: According to legend the "Holy Grail" is the cup which the Saviour blessed and passed to his disciples at the Last Supper.

Praise of Frugality: Frugality may be termed the daughter of prudence, the sister of temperance and the parent of liberty.—Johnson.

Earliest Dirigible: The first dirigible seen or flown in the United States was built by Leo S. Stevens, Coney Island, 1902.

Heat in Polar Regions: During about a month in summer the polar regions receive as much heat as does the equator.

Named for Physicist: The kelvinator is named in honor of Lord Kelvin, a famous British physicist.

MRS. M. A. NEWCOMB DIES SUNDAY P. M. AFTER LONG ILLNESS

Mrs. M. A. Newcomb, age about 60, pioneer resident of the Artesia community died at the family home in south Artesia Sunday afternoon near 5:00 p. m. following an extended illness. Mrs. Newcomb has been in a serious condition for the past three weeks or a month and her death was not unexpected. Death was due to a cancer.

Mrs. Newcomb moved to the Artesia community about twenty-five years ago from Vicksburg, Mississippi and has been a resident of this section since that time. Surviving the deceased are a son and two daughters, Vic Newcomb of Artesia, Mrs. Abe Burnett of Artesia and Mrs. Evelyn Long, of Littlefield, Texas. Funeral services were held in the Methodist church on Monday afternoon at 3:00 p. m. Rev. H. G. Scoggin, officiating. Burial was made in the Woodbine cemetery.

Mr. and Mrs. A. L. Mount and Mr. and Mrs. Ed Williamson spent Sunday in Cost canyon, where the men scoured the hills in quest of deer.
