ARTESIA, NEW MEXICO, THURSDAY, JULY 14, 1932

NUMBER 28

NEW FREIGHT RATE ON WOOL VIA SANTA FE EFFECTIVE 21st.

A new freight rate of \$1.60 on wool from this section to Boston, Massachusetts will go into effect about July 18th, it was announced here Friday by W. H. McEachern of Amarillo, Texas, traveling freight and passenger agent of the Santa Fe. The new rate represents a reduction of 40 cents per hundred pounds over the old rate of \$2.00. Several sheepmen have shipped the clip from Lovington this year on account of the lower freight rate from that point. Over the T. P. the rate is \$1.43. Truckmen are hauling the wool from here to Lovington for fifteen cents per hundred.

Later information says that the new rate will be effective on July 21st. E. B. Bullock said here yesterday that a car of wool now in storage would likely be held for shipment until the new rate is in effect.

CONTINENTAL OIL CO. OFFICIALS VISIT AT ARTESIA ON TUESDAY

Officials Are On 24-Day Tour Covering Territory In Ten States — Makes Inspection Of Local Properties.

One of the largest groups of oil officials seen here since the starting of oil developments in eastern New Mexico stopped here Monday afternoon on a tour of inspection. In the party were officials of the Continental Oil Co., headed by D. J. Moran, president. The Continental officials took occasion to inspect the Continental refinery and other Continental properties and Monday evening were guests of the Artesia hotel, departing Tuesday for Albuquerque.

The Continental officials left the home office at Ponca City, Oklahoma on July 5th and inspected the oil fields in the Panhandle of Texas, going from Amarillo to Midland, Texas and from Midland to Hobbs and from Hobbs to Carlsbad, where a trip through the caverns was made. The tour of inspection will be for a twenty-four day duration, covering 6,500 miles in ten states.

There were twenty-one people in the party here. Included in the personnel were: D. J. Moran, president; Walter Miller, vice-president in charge of production; G. S. Smith, treasurer; H. J. Kennedy, sales manager; E. H. Skinner, manager of the pipe line department; W. H. O'Connor, purchasing agent; R. E. Colom, division manager for California; T. D. Harris, in charge of the transportation department; G. H. McIntyre, superintendent of production for Texas and New Mexico; J. P. Ryan of the marketing department; Emerson G. Smith in charge of advertising and publicity; J. J. Foley of Albuquerque, division sales manager.

SEEKS PRIMARY

Reports that petitions asking for a democratic primary had been presented to the Eddy county democratic central committee, were denied by Jess Truett, county chairman this week. The substance of the report was that numbers of citizens of Carlsbad and Hope had signed a petition addressed to the Eddy county democratic central committee asking for a primary to be held at the close of the registration period which would be after September 1st. Rumors that an independent ticket would be placed in the field for the general election could not be confirmed.

JUDGE KIKER TO PRESIDE OVER CHAVES COURT

Judge Henry A. Kiker of the eighth judicial district will be in Roswell Friday from Raton to hear a number of cases in Chaves county district court.

Judge Kiker will sit for Judge G. A. Richardson, judge of the fifth judicial district who is in Pasadena, California.

There will be no jury trials. Only non-jury matters will be disposed of at this time. Judge Kiker will be in Roswell for a week, there being a total of 33 cases on the docket for his consideration at this time, together with a mass of motions and demurrers.

State Commander Visits Post

BAPTIST ASS'N TO MEET MON. AND TUES.

Plans have been made to entertain fifty delegates and as many more visitors expected to attend the annual Pecos Valley Baptist Association, which convenes here on July 18th for a two day session. A number of prominent state workers will attend and participate in the program. Following the two day session to be held at the First Baptist church here many workers and delegates will go to the Ruidoso encampment which convenes at Ruidoso from July 29th to 31st.

Speakers to appear on the two-day program include: B. A. Bishop of Artesia, moderator; The Rev. Frank Maddux of Loving, Frank Frazier of Lake Arthur; The Rev. J. G. Jeantette of Albuquerque, Spanish missionary; W. H. Cole of Roswell, superintendent of the association; The Rev. J. W. Williams, state Sunday school secretary of Albuquerque; The Rev. George Elam of Albuquerque, state B. Y. P. U. secretary; Mrs. George E. French of Roswell, associational director of women's work; The Rev. Harold Dye, Hagerman; Miss Charlotte Burnett of Albuquerque, state secretary of women's missionary unions; W. C. Grant of Portales, superintendent of the Baptist orphan's home; Dr. J. C. Owen of Albuquerque, state secretary of the New Mexico Baptist convention; J. B. Savage of Roswell; The Rev. Julian Atwood of Roswell and others.

Touching on the agitation for the bonus payment, Mr. Grantham said he was in favor of letting the majority rule.

Leaving Artesia this morning, Mr. Grantham will visit with the Carlsbad post today and with the Hobbs post tonight.

Other business transacted at last night's meeting was a call read from Commander Grantham for the selection of delegates to the state convention at Raton on August 4, 5, and 6. The following delegates were named: William Linell, Jack Clady, Charles Morgan, Rude Wilcox, M. G. Schulze, Six Cox. Alternates chosen were: Earl Darst, Albert Richards, Alex McGonagill, Lewis Story, Dick Vandagriff and Ray Bartlett. The delegates are instructed to vote at a unit. Members then heard the Americanism report by Jess Truett, warning motorists to exercise care in driving near school buildings. The subject discussed by Gail Hamilton on boys work developed into a general discussion after a helpful talk by Mr. Hamilton. The Rev. H. G. Scorgins gave a report on the Memorial Day program.

The local post will set a headstone at the grave of the late Albert Vogel.

At the conclusion of the business meeting, members of the Auxiliary served refreshments.

The following letter may interest many Legionnaires and ex-service men:

SULPHUR BILL

The following telegram received this morning from Edgar F. Puryear, secretary to Senator Cutting will be of interest to many readers. The telegram: SN, Washington, D. C. 933A, July 14, 1932. Artesia Advocate, Artesia, N. Mex.

Senator Cutting has requested me to advise you that his bill senate 3276 an act to promote the production of sulphur on the public domain passed the house last evening stop As this bill had a favorable report from the department of interior it is almost a certainty that the president will approve.

EDGAR F. PURYEAR, Secretary.

WATCH OUT FOR ORANGE PAINT

"No Parking" zones on Main street have been painted orange. Unless you have money to donate the city, stay away from the orange zones because parking in orange zones means that you will be subject to a fine and no local officer admits color blindness.

Everett Grantham of Clovis, state commander of the American Legion made his official visit with the Clarence Kepple post last evening at the City Park. The occasion being the regular monthly meeting of the local post. In his address, Commander Grantham stressed the responsibility the Legionnaires owe the community and to the state and nation affairs, the importance of keeping up the membership and the loyalty to Legion work. Mr. Grantham also stressed the loyalty of the Legion to disabled veterans and widows. The speaker further discussed the duty of the Legion to the younger boys and to child welfare work. The commander informed his hearers that the state of New Mexico this year has spent \$3,000 in child welfare work.

Mr. Grantham told of the need of adequate national defense, explaining that the Legion does not look with favor upon war, but believes in the importance of preparedness in preventing war. The speaker informed his hearers that the state affairs of the American Legion were in better condition than in years previous.

Touching on the agitation for the bonus payment, Mr. Grantham said he was in favor of letting the majority rule.

Leaving Artesia this morning, Mr. Grantham will visit with the Carlsbad post today and with the Hobbs post tonight.

ASS'N TO PROTEST PROPOSED OIL TAX

At a special meeting of the executive committee and advisory board of the New Mexico Oil Men's Protective Association, held here Tuesday afternoon a special tax committee was appointed to appear before the state tax commission hearing at Lovington, July 23rd to protest the proposed tax on non productive oil lands. The association tax committee was appointed after the tax commission refused to grant another hearing for the benefit of Oklahoma oil men who are operating in New Mexico. The commission said they found it impossible to grant another hearing or to extend the Lovington hearing on account of a full schedule, however, the commission has promised to hear the plea of the Oklahoma operators.

The tax committee appointed at Tuesday's meeting was the same committee which was named to enter a protest on the tax when it was first proposed. The New Mexico Oil Men's Protective Association meeting again on March 12th, unanimously passed a resolution condemning the plan to tax non productive oil lands. The committee which presented the protest of the oil association includes members of the executive committee as follows: W. A. Nicholas, Roswell, M. W. Evans, William Dooley and Martin Yates of Artesia; Powhatan Carter, Lovington, Harry Leonard, Roswell, B. A. Christmas, Roswell, A. C. Brown, of Hobbs, C. D. Woolworth, Jal, and four attorneys, Harold Hurd, J. M. Hervey and Col. J. D. Atwood of Roswell and G. U. McCrary of Artesia.

"We are not going to attend the Lovington hearing with the idea of a compromise, but to enter a vigorous protest against the proposed tax," William Dooley, secretary of the association said here Tuesday.

THE VALLEY COTTON ACREAGE THIS YEAR UNDER 50,000 ACRES

Cotton acreage planted in the Pecos valley this year will total slightly less than 50,000 acres, it was estimated here Tuesday. Loss by hail will lessen the acreage, but much of the cotton has been replanted and with a late fall, the hail loss will not affect production seriously.

Hail loss in both Chaves and Eddy counties will exceed 8,600 acres. Much of the Carlsbad project's loss, estimated at 8,000 acres has been replanted. Last year's cotton acreage planted in the valley totaled 55,330 acres divided as follows: Chaves county acreage 21,000; Artesia section 12,000 and 21,330 in the Carlsbad project. The total acreage yielded more than 45,000 bales of cotton.

This year the acreage reduction is estimated at ten per cent, with probably a small abandonment on dry land farms between now and gathering time. The federal crop loan regulation was chiefly responsible for the reduction in the valley acreage. The nation's cotton acreage has been cut nine and a half per cent.

SURVEYING MOUNTAIN ROAD

A surveying crew with the state highway department and forest service co-operating has staked a new route from Weed to the Boy Scout camp. It is understood the same crew will map out a new route from Mayhill to Weed, making in all some eighteen or twenty miles of road to be built at some future date. It has not been learned here whether funds will be available for any work this summer.

TAXPAYERS PUT OFF MEET

The meeting of the sub-committee of the taxpayers' federation relief committee has been postponed to Friday it was announced at Santa Fe Monday. It was not known whether Governor Seligman would be back by Tuesday, the date originally set, and the sub-committee wished to take up the question of a special legislative session with the executive.

GOOD RAINS AGAIN FALL OVER LARGE PORTION OF SECTION

Good rains have continued to fall over parts of eastern New Mexico during the past week. A heavy shower fell in the vicinity of Esquelella switch Sunday afternoon. Monday afternoon a light shower fell here, but threatening clouds did not materialize sufficient moisture to be of much benefit. Monday afternoon a hard rain fell at Hope, extending west to the foothills. Monday's rain made traffic heavy on the western portion of highway 83, but motorists were still able to get through without any serious difficulty.

REGISTRATION BOOKS OPEN

Eddy county registration books will be open for registration of voters on July 16th. Voters who expect to participate in the general election should see that their names are registered.

CANTALOUPE MARKET PLANS DISCUSSED AT MEETING FRIDAY P. M.

A Packing Shed Will Be Built On Freight Depot Platform — The First Of Crop Expected To Be Moving August 1.

A number of cantaloupe growers met Alex Strachan of New York, field man for the United States Fruit Distributors, Inc., at the Artesia hotel Friday and heard plans for a marketing organization discussed. Mr. Strachan coming up from Pecos, Texas, was accompanied by his son and held a similar meeting at Carlsbad Friday morning with cantaloupe growers of that section.

The bulk of the early melon crop will not be ready for market before the first week of August and growers hope to distribute the marketing of the melons over a sixty day period. The crop planted under the supervision of the association will not be as early as some of the cantaloupes planted before the association was formed. Two early specimens showing the difference between the standard and jumbo variety were secured from the melon patch of M. C. Lee at Lakewood.

A packing shed is to be built here on the freight depot platform and will be the central point for assorting and packing melons from four communities in the northern part of Eddy county. Mr. Strachan stated that 8 or 10 men would be employed at the packing shed during the shipping season. A representative of the United States Distributors, Inc., will show the growers how to pick the melons.

TRUJILLO ACQUITTED

Jake Trujillo was acquitted of a charge of possession of liquor when arraigned before the local justice court Thursday afternoon. Trujillo had previously been freed on a \$500.00 bond. Officers had four gallons of whiskey in half gallon fruit jars, a pint of whiskey and a pint of alcohol displayed before the jury as evidence and allege that part of the evidence disappeared. However a later examination of the jury-men failed to reveal any suspicious looking rings on the noses of the jury, like drinking out of a fruit jar and those classed as expert have declared that if any evidence disappeared it must have been out of a bottle.

MAKES HIGH SCORE

A report from the Citizens Military Training Camp at Ft. Bliss, Texas conveys the information that H. W. Beal, a second year student made an excellent score in marksmanship. Using the regular army Springfield rifle, over a 200 yard range with eight inch bull's eye, Young Beal scored 87 hits out of a possible 100. The highest score made was 88 out of a possible 100.

SELLS CHICKEN RANCH

Mrs. A. M. Tarbet has sold a twenty acre chicken ranch southeast of town to John Bilbo of San Angelo, Texas, it was announced here yesterday. It is understood that Mr. Bilbo plans to stock the ranch with chickens and operate it.

Activity Is Expected To Increase In Eddy Co.

Well Completed In State 62 — Another Well Is Started West Of River — Hobbs Well Given A Proration Test.

More attention is expected to be centered in the immediate locality with prospects of additional development during the late summer and fall months. A promising extension has been completed in the State No. 62 of the F. W. & Y. Oil Co., center sec. 10-19-38, at a total depth of 2,155 feet. Two sandy lime formations were developed to give up oil rather freely, these depths being 2,068 to 2,078 feet and 2,092 to 2,116 feet with approximately 100,000 feet of gas. The State 62 has been pronounced a good well by the operators, but no production estimate is available at the present time. Some oil men believe that this test is on the east edge of the pool and that better production will eventually be found in this area. Jim Hammond and son have moved a rig over a well drilled for artesian water southeast of Dayton in the southwest corner sec. 26-18-26 and after drilling a few feet have encountered a fishing job at 1,162 feet.

The accumulative yield of the Hobbs pool has been raised to 23,982,588 barrels during the 24 months of the proration agreement with the tabulation of the runs ending July 1. June runs amounted to 878,110 barrels which was 5,045 barrels short of the amount authorized by the proration agreement.

It was reported this morning that drillers had been successful in setting a packer to shut off the artesian water flow at 900 feet in the Kaiser No. 1 of W. A. Scott, NW SE sec. 7-18-27, Eddy county.

Two new tests started recently in the Hobbs pool will add to the activity of that section, these being the Rice No. 1 of the Shell Petroleum Corporation in sec. 13-18-37 and the Terry No. 11 of the Midwest Refining Co., in the SE sec. 9-19-38.

A proration gauge has been given the No. 11 Byers of the Midwest Refining Co., NENE sec. 4-19-38, drilled to 4,175 feet. After the well failed to flow through the open casing it was tested through two inch tubing and flowed at the rate of 2,000 barrels daily with 1,600,000 feet of gas.

WHEAT YIELD FALLS IN CROP FORECAST

WASHINGTON, D. C.—American farms will put forth 438,850,000 bushels more corn this year than last but 157,000,000 bushels less wheat.

That was the forecast made yesterday on the basis of July 1 conditions by the department of agriculture.

Corn, the farmers' biggest crop, was expected to yield a harvest of 2,995,850,000 bushels as compared with 2,557,000,000 last year. The forecasters figured winter wheat for 431,762,000 bushels as against 787,000,000 last year; Durum wheat for 54,745,000 bushels against 18,000,000 last year, and other spring wheat at 25,464,000 against 86,000,000. The probable production of all wheat was placed at 737,000,000 as compared with a harvest of 894,000,000 in 1931.

The department interpreted the crop reporting board's estimates as showing a marked readjustment of crop acreages to the low prices of cash crops; to the loss of 5,000,000 acres of winter wheat seeded last fall, and to the more favorable moisture conditions in the spring wheat states.

HOUSE RECEDES EFFORT ELIMINATE OFFICERS

NEW MEXICO'S SACRED COWS

At a recent meeting of the taxpayers of the state Governor Seligman made some wise remarks about what he termed the "sacred cows" of this state. These, according to the governor, are the educational and other state institutions located at various places in the state. Each of these institutions is the "sacred cow" of the county and town in which it is located and no man dare pluck a single hair from one of these "sacred cows." The state senators and representatives are elected from these counties with the sole object in view of securing large appropriations for their institutions. Every other legislator who votes for this appropriation is the friend of the man who hails from that particular county and every member who votes against it is his enemy. The governor who will approve the appropriation is a good governor and the one who uses his blue pencil upon it is a traitor to his oath and an enemy of progress.

New Mexico has more than twice as many public institutions as are needed in the state. Since the buildings have already been erected at public expense, it is difficult to eliminate them. But if all our normal schools but one could be discontinued and their buildings be donated to the towns in which they are located for high school purposes and one-half the money spent upon them were saved and the other half used for the maintenance of one good normal school, the cause of education would be vastly benefitted. If the same thing were done with the Military Institute at Roswell, or the buildings donated to that city if it so desired, another saving would be effected. No one has ever yet been able to state just why the state should attempt to do the work of the federal government and maintain a military institute.

The state has built at public expense armories in nearly all of the principal cities and towns of the state and the other towns are clamoring for them. There is just about as much excuse for building an armory at Roswell, Carlsbad, Clovis, Albuquerque and Raton as there is for making a public swimming pool for Humble City or Maljamar. They are public auditoriums for the cities in which they are built and not another dollar should ever be spent for another armory or upon any of those already built.

It might be a fine thing to have a constitutional provision forbidding any member of the legislature from voting upon an appropriation bill where an institution located in his district is interested.—Lovington Leader.

THE BOILING ISSUE

A good many people will forget about their empty stomachs as they fight over whether or not whiskey and beer will be legalized during the coming presidential campaign. But aside from the fact that the people may forget hard times for a time at least is the only redeeming feature we see about the issue. The claim of the vets that the return of liquor will bring back prosperity is about as preposterous as the claim of the drags that prohibition has reduced crime. Liquor has failed to stop the coming of pressing times in six other major depression periods of the United States and there is no reason to believe it will cure our present economical ills. The claim of the drags that prohibition has reduced crime is down right funny. Bootlegging is back of the spread of the gangsters in the population centers. It has certainly discouraged the respect for the law and spread the evils of poisoned liquor drinking among the younger set and worst of all government agents in many instances have taken money for their services from the government on one hand and hush money from the bootleggers on the other. The government is spending about one hundred million dollars in an effort to enforce the law, according to one authority, but the amount of hush money the bootlegger throws into the enforcement machinery has never been estimated, but would probably run many millions more.

The wets on the other hand claim that the return of liquor would bring employment to millions, but how could this be when millions can not buy the necessities of life?

THE REPARATION PACT

European powers Saturday at the Lausanne conference agreed to scale Germany's war debt from \$64,000,000,000 to approximately \$712,500,000 and then turned an appealing eye toward the United States. There is a growing sentiment among the debtor nations of Europe that the United States should forget about the war debt. Apparently the after effects of the World War has given these nations a headache, just as the participants of a beer party suffer from the headache after a rousing beer feed. Nations who say they can't pay continue to spend money on armaments and France has never missed an opportunity to take a boat load of American gold to be hidden away in the rat hole at Paris. Such a thing as running the United States off of the gold standard has never worried France and yet she wants the United States to go easy on collecting the war debts.

The United States is in about the same position as the local merchant, who sees a creditor stand him off to buy a new automobile. European nations can't pay their outstanding war debts, but they continue to arm. And the local merchant knows as the United States is beginning to know that the debtor soon becomes a bitter enemy.

There is a god deal of "hoey," about this world peace talk. The main thing that has kept European nations from each others throats is the lack of money to carry on a war.

Anyway the democrats saw fit to draft a 1,400 word platform or less, which eliminated a lot of "wherefores and whereases" and that's something in this day and time.

The meanest and lowest down man has been discovered, being him who started a chain letter just before the rise in postage.—New Mexican.

Ma Kennedy and her erring hero are living together again today, but what of the morrow?

PICKED UP ON MAIN

We can look for a few more women shoppers on Main street now that the noise making period of the Fourth has passed and the ladies can venture out without fear of having a cannon exploded under their feet. It is a great sensation to have a cannon cracker exploded unexpectedly under one's feet and we are sure most of the ladies of Artesia and the surrounding communities have enjoyed it. In the hick days when Artesia was a one "Hoss" town we had a city ordinance which prohibited shooting of fire crackers on the main thoroughfare, but during the modern days when most of the parents are boarding with the children, we have abandoned the idea because it might throttle the independence of the children to curb them in any way. After all what is the pleasure of the kids compared to discomfort suffered by a few women.

The Tucumcari News says the word tax comes from the Latin word meaning "touch."

When a congressman dies in service, his family receives \$100,000 from the government says one source of information. Another source says the family receives \$10,000. Which ever amount is correct, lots of these congressmen are overrated from \$9,000 to \$99,000.

The old order changeth and after thousands of years of aging after the finney tribe, it remained for a local fisherman to make the most startling discovery of the present age. The next time you go trout fishing take your dog along and forget about fancy bait to lure the elusive trout. Be sure your dog has a tail, because this will come in handy advises R. D. Compton. On a recent fishing trip Mr. Compton ran out of bait and decided to substitute, which apparently was a desperate measure. He cut a small portion of his dog's tail off, baited his hook and threw it in the water. Much to his surprise he got a strike and then several. The trout evidently thought they were getting a new sort of fly for a meal, as the hairy bait struck the water.

EUROPEAN NATIONS MAY RETURN TO THE GOLD STANDARD SOON

BASEL, Switzerland—A call for return to the gold standard was issued Monday by the directors of the bank for international settlements with the approval of the representatives of Great Britain, Japan and Sweden, which are off gold.

The concurrence of the British Japanese and Swedish representatives was taken as an indication that their governments intend to return to gold soon.

Montagu Norman, governor of the bank of England and the British member of the board, was not present, but his alternate voted for the gold resolution with Mr. Norman's approval. This was the first public indication of the stand of the bank of England since the nation went off gold last fall.

The gold resolution adopted by unanimous vote of the board of directors, took on added significance because it came on the heels of the Lausanne agreement virtually ending reparations.

FARM AND HOME WEEK OF INTEREST TO WOMEN

The theme to be stressed in the home economics part of the program for farm and home week, July 25-29, is "Live at Home." Demonstrations will include ways and means for the wise use of products produced on the farm, with suggestions for making the money available go as far as possible.

The mornings will be devoted to separate meetings and the afternoons to tours of the campus and horticultural farm. There will also be general sessions, at which time prominent people will speak on subjects of interest to both men and women. The morning meetings will close at 11:00 a. m. in order that visitors may have an opportunity to consult members of the extension service or experiment station staff. Time will also be allowed in the afternoon for the same purpose. There will be a tea one afternoon for the visiting women.

Miss Connie Bonslagel, state leader of home demonstration work in Arkansas, will tell of some of the ways the people of Arkansas have used to meet the present emergency. She will be on the program for talks to the women and will also appear on the general program.

Some of the demonstrations that will be given to the women will be on meals from home canned products, uses of yeast dough, inexpensive touches to brighten up the home, etc. Some help will be given on control of insect pests in the home garden.

The registration fee of \$3.50 will cover meals and lodging on the campus. All visitors are expected to bring their own bedding, toilet articles, etc., which are not furnished by the college. The people attending will be housed in the College dormitories and meals will be served at the College dining hall. For additional information, consult the county agent or write the extension service, State College, New Mexico.

STATE TO GET MINERAL RIGHTS

THIS MAN HAD FAITH LOST 24 POUNDS

"Last November I weighed 192 lbs. Today, (February 5th, 1932) I am down to 168 lbs. and full of pep all day long—since using Kruschen I have not had to use the laxative that was customary."

—Theo. A. C. LaFleur, Providence, R. I.

What do you think of this—you men who doubt—you stay fat—because you want to think that nature made you that way.

You're all wrong—most fat men were made fat because of their ability to handle a knife and fork in a business like manner. Be frank with yourself. Are you too timid to take a safe, harmless conditioner that not only takes off surplus fat but is so helpful that it makes you feel years younger?

To reduce safely take one-half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—cut down on fatty meats, potatoes and sweets. Kruschen is sold by druggists the world over. A jar that costs but a trifle will last four weeks—but be sure you get Kruschen—your health comes first.

CHILLS AND FEVER

A stranger, hearing me addressed as "doctor" in the plaza at Santa Fe, inquired if I was a doctor of medicine. On learning that I am, he began to tell me that the village of Dixon, on the road to Taos, the people have had "chills and fever." This he thought might be due to drinking water from the river. Not a bad guess for a layman! No less a person than Hippocrates, father of medicine, had the same idea in the fifth century B. C. Hippocrates was mistaken, but it was not until 1880 A. D. that the true cause of "chills and fever" was discovered by a French army surgeon named Laveran. Eighteen years later Sir Ronald Ross proved that the minute animal parasite which causes the disease is conveyed from man to man by certain kinds of mosquito.

This disease has been called malaria because the Italians used to think it due to bad air. A typical attack of malaria is accompanied by chills, fever and sweating. Fevers due to drinking bad water are accompanied by diarrhea but there is no diarrhea in malaria. Sometimes the only symptom of malaria is fever coming on at intervals. The one way by which the doctor can be sure that a patient has malaria is by finding Laveran's little parasite in the blood. A drop of blood is spread on a microscopic slide. It is dyed with a stain that shows

up the parasite. A microscope is then used to look for the parasite as it is much too small to be seen by the naked eye. Blood smears have been made from five people in the village of Dixon that have had chills and fever.

JERRY ENGLISH thought he was going to like it—this new freedom from a daily and yearly job that had come to him with the legacy from an almost mythical California uncle. That was a year ago. His first thought, naturally for Jerry, had been of his frail mother. So he spent a slice of the fifty thousand dollars to buy back the little old New England homestead where she had been born and brought up, for her.

He could not leave her there alone to struggle with a Berkshire winter; and, though he was able enough, he hated to hire the typical, fussy "companion," so they arrived together, and they stayed there together. Jerry, who had spent his spare time writing little stories for several years, now dreamed of writing half the time, and gardening and woodchopping the other half.

His mother basked in the gentle light of her son's affection for the next year. Another autumn had come, with its glorious coloring resplendent and vivid on the hillside back of the tiny farm. With it came to Jerry deep loneliness. He missed the job and the occasional evening at the theater or movie. His mother gave him a very dear companionship; but he longed for that different companionship with his own age. Now that he could well afford it, he mused rather bitterly. He had of his own accord placed himself in the backwoods, where homes were two miles apart, and callers so few as to give the impression of living in a wilderness.

One morning Jerry rose from his typewriter and looked out of the window behind at the white birch grove and semi-circular driveway that lay in front of the house. This semi-circular driveway of ashes, dirt and gravel, connected on each side two country roads which reached out in parallel form from the state highway a quarter mile above.

Jerry had the surprise of his life, that moment. Emerging from one country road and turning into his own driveway, he beheld the trim figure of a young woman riding a beautiful sorrel horse. Any equestrienne would have been a marvel; but this was a miracle—the very girl of his dreams.

"She'll go on up to the main road and I'll never see her again," he mused.

The vision turned into his own semicircle driveway. But doubt still assailed him. Sometimes casual passers used this as a quick cut-off to the other country road instead of going out to the main highway. She was doing the same, undoubtedly.

Then came his mother's voice from downstairs.

"A young lady to see you, Jerry!" Jerry could have been bowled over by a feather when that call registered.

"Coming!" he replied. Jerry hurried down to the big garage door that he kept open during the day. He had forgotten that he was wearing old clothes and with more than a day's stubble on his chin and cheeks, but he remembered these details when he was greeted by the visitor, a lithesome blond who sat cross-legged on the turf; a one-time race horse casually munching the already frost-bitten grass.

"Your name's Jerry English," she said, amazingly. "Mine's Jane Duganne. I heard at the village store of you. They say you write. I just got home the other day from a year abroad at school. I'm lonely. What I heard about you sounds as if you were an interesting person. Will you play a round of golf with me this afternoon?"

Jerry but managed a reply, of sorts. "Holy Gee!" he said boyishly, "but you're a good sport. Say, I didn't know there was a golf course within 50 miles."

"Ten miles—a nine-hole beauty—at Emsden," she replied. That was how it all started. They played golf every afternoon for a week. Jane usually beat Jerry by several strokes because she had taken lessons from a professional. But Jerry kept creeping up with just one idea in his consciousness—to beat Jane decisively before the season ended.

It became an obsession, almost, for upon that victory depended his future, Jerry thought.

The day finally arrived. "Don't you think you're the glamorous golf idol, now that you've beaten me?" Jane inquired. "I'd like to play around again. And I'd like to have you think of the last fairway as a fairway for two. D'you mind?"

Jane looked straight into his eyes and then dimpled. "Let's slip over to this clump of pines, rest a while and talk it over," she replied.

Growing Up

An experimental questionnaire in the Newark (N. J.) schools gave teachers, parents and every one a jolt. The discovery was made that many children would rather remain babies than grow up. Helen P. Tausig reports in Hygeia Magazine. Children are interested in obtaining the freedom that adults enjoy, but they hate to think of giving up all the love and attention that come to a baby.

NEW CAVES DISCOVERED

New caves, with beauties comparable to those of the Carlsbad Caverns, are about to be opened to the public, says Jim White, old-timer in the southwest and discoverer of the now world-famous Carlsbad Caverns.

The new caves are situated in the Guadalupe Mountains, three days on horseback from the White Cavern Camp.

There are three caves, so remote from the traveled trails that few white people and not many more Indians have ever seen them. They are situated in the midst of almost virgin country, with beautiful scenery as their setting. They are at an altitude of 8,000 feet. Deer are so tame they scarcely bother to flee at the approach of man.

The caverns have been named Hidden Cave, Black Cave and Cottonwood Cave. All have been explored by White to their limits, with the exception of Cottonwood Cave. While they are not of the same immensity of the Carlsbad Caverns, the formations are, in many instances, fully as beautiful. In the Hidden Cave, most beautiful of the three, are exact likenesses of a bear and a Japanese prince,

with his peculiar head-dress. There is also a miniature of a Chinese temple surrounded by an excellent natural reproduction of the Chinese wall. The Hidden Cave is three-quarters of a mile long.

RIDE THE BUGGY OR WALK

As a people we might be riding in the buggy or walking if everybody took as little care of their cars as some people.

Isn't it foolish to invest from \$600.00 to \$2,000.00 in a car and then never take care of it. Care will prolong the life of your car. Let competent mechanics make the necessary repairs on your car as needed and grease and keep your auto in good running order.

Put the same confidence in your mechanic as you do in your doctor and watch the savings made on your investment.

When the storm struck Washington, Dr. Hoover was out twelve miles and received a hurry call to administer medical aid to the injured.

at stated intervals. This was all commonplace enough, for we had seen ducks before and under better living conditions. Alberto disappeared and showed up shortly with a native woman who was to show us "how they make the balot." We naturally attracted a good deal of attention in such a place and soon many were following us. We went some distance to a rather pretentious frame house. The lower floor was given over entirely to handling and caring for the duck eggs from pens such as we had seen a few minutes before. One one side was a long bin about thirty feet long, four feet wide and about as deep. This bin was filled to the top with rice chaff. Buried in the chaff to the level of their tops were 22 fibre baskets about the size of an ordinary waste basket, but a little deeper. One of these baskets will hold about 1,000 eggs; but they put in them only 300 or 400 at a time. They are put in cloths like a large handkerchief and spread out as much as possible. Over each lot is laid a sack of warm palay (the unhulled rice). When the required number of eggs are placed in a basket it is covered over with sacks or cloths. The palay is reheated twice per day and the eggs turned in the process. This process continues for 15 days. If the eggs are on the way to hatching at that time they are taken out and boiled in which process they become "balot" (ba-loot) and they are then sent to market. There are few delicacies more sought after by the Filipino or more appreciated when obtained by him. (I understand that they require a good deal of salt).

While we were not particularly fascinated with their idea of delicate fodo, we were interested in their method and highly pleased with the very courteous consideration that they showed us. They have had considerable contact with polite people for many centuries and it has, in a general way, left its mark upon them. They are a simple, kindly, courteous people and entitled to our respect and appreciation. I am sure that the average of our own people would not extend to strangers of a strange race the kindly consideration that we received from these humble people that day. They have their faults and their limitations, to be sure; but in our every day contact with them we should be governed somewhat after the standard of the old time republican campaign slogan: "Look at the doughnut; not at the hole."

DENIED CAMP NEAR CAPITAL

WASHINGTON.—Four hundred and fifty California war veterans sought to set up a camp Tuesday on the Capitol grounds to stay until their bonus is paid, but the police had other plans for them.

They were prohibited from taking their blankets or mess kits into the Capitol grounds, but after parading through the streets were allowed to leave these outside and to proceed to the offices of Speaker Garner and Vice President Curtis to present a petition calling for full payment of the bonus to the needy unemployed veterans.

Representative Patman, democrat, Texas, addressing them from the Capitol steps, said the senate had ended all hope of getting full payment of the entire bonus at this session, but that he planned to introduce a bill tomorrow to provide for payment to those certified to be unemployed.

Roy W. Robertson, the leader of the California group, presented the petition to the vice president and at the office of the speaker. Curtis and have it referred to the proper committee. Garner was engaged and they gave the petition to Harry Sexton, his secretary.

Representative Connery, democrat, Massachusetts, advised the veterans to go home as soon as congress adjourned, telling them they could do no good by remaining in Washington. The veterans jeered the suggestion.

Representative Rankin, democrat, Mississippi, appealed to the men to conduct themselves in a law-abiding manner.

The Californians have refused to affiliate with the other thousands of bonus marchers in the Capitol, 1,992 of whom have taken money provided by the government to pay their transportation home and are leaving.

The line of applicants for transportation money dwindled to almost the vanishing point today. Some Veterans' Bureau officials said they believed reported threats of violence in the camps were responsible for slowing down the applications.

ENGRAVING—THE ADVOCATE

BIG CROWD ATTEND PICNIC AT BIXBY PARK IN CALIFORNIA

A letter received from Mrs. W. F. Hollomon of Fillmore, California last week by The Advocate tells of celebrating the seventh annual Artesia and Pecos valley picnic at Bixby park in Long Beach, California on July 4th. Mrs. Hollomon also informs us that Malcomb Atkinson, well known to many of the old timers here was made president of the Pecos Valley Association and Meryle Allen, secretary. The association voted to hold the annual picnic at Long Beach until further notice.

There are numbers of Pecos valley and Artesia people who are living in California and many make a special effort to attend the annual picnic each year for at this time former residents of this section take occasion to have a real get-together. There is usually a program to entertain the folks as well as a big basket dinner and according to Mrs. Hollomon everybody does justice to the dinner. Artesia people visiting in California also attend the picnic. This year Mrs. R. O. Cowan and son, Ray and daughter, Mrs. M. Leland Austin and Mr. Austin were present to enjoy the day and visit old friends.

Mrs. Hollomon states that the family have moved from Burbank to Fillmore and that they are still engaged in the furniture business. "We are always glad to see any Artesia or Pecos valley people," she stated.

A partial list of former residents of this section who attended the picnic this year are as follows: Mr. and Mrs. Malcomb Atkinson and family, Mrs. Lydia Atkinson, Mr. and Mrs. Austin Brown and family, Mr. and Mrs. J. H. McCrary, Mr. and Mrs. Emmett Ham and family, Mr. and Mrs. I. Allen, Mr. and Mrs. Meryle Allen, Mr. and Mrs. Cloys McClain and family, Mrs. Wallace Brown, Mrs. Brown's daughter, and son-in-law, Mrs. Lillian Lindsey and family, Mr. and Mrs. Kenneth Wiseman, Mrs. Abby Wiseman, Mr. and Mrs. Stub Rowan, Ted Rowan, Mr. and Mrs. E. H. Powell and sons, (Mrs. Powell was formerly Miss Mary Hollomon), W. F. Daugherty and son, Mr. and Mrs. Coleman, Mrs. J. F. Lukins and daughter, Mr. and Mrs. W. F. Kruse, Mr. and Mrs. Ben Pate, John Pate, Mr. and Mrs. Reed, Mr. and Mrs. George Ray and family, Mr. and Mrs. Judson Doss, Mr. and Mrs. Leon Meeks and family, Mr. and Mrs. J. T. Beckett, Mr. and Mrs. W. F. Hollomon, Mmes. Speck, Harold, O. Adams, Harry Wright, Homer Robaugh, Gleason and Bass.

Give Your Scissors This Exercise

Madam! Do you know that it's clever to be a clipper? Here's a habit you can readily cultivate, and you'll find many of your best friends following it.

To become a clipper at one clip, so to speak, just see that the shears are handy when you sit down to read your newspaper. As you spot an advertisement of something that interests you . . . especially some item that you want to examine when you're shopping next time . . . clip out the notice and take it with you.

The merchants who advertise with us are glad to have you ask for specific merchandise. And sometimes it's helpful to refer to the advertisement when you're right in the store.

At all events, a clipping pinned to your shopping list helps you to remember this particular errand. It simplifies and shortens a shopping trip so much to know what you want and where to get it!

WE THANK YOU.

COMMISSIONERS' PROCEEDINGS OF MEETINGS HELD MONDAY, JULY 4th, AND TUESDAY, JULY 5th.

BE IT REMEMBERED, that the Board of County Commissioners of Eddy County, New Mexico met in regular session at 9:00 o'clock a. m. on July 4th, 1932.

Present and presiding: C. W. Beeman, R. M. Thorne, Commissioner, District No. 1, Absent C. E. Mann, Commissioner, District No. 2, Ruth S. Nye, Clerk.

On account of the regular meeting day being a legal holiday, the Board recessed until tomorrow morning, Tuesday, July 5, 1932, at 9:00 o'clock a. m. (SEAL) C. W. BEEMAN, Chairman, RUTH S. NYE, Clerk.

BE IT REMEMBERED, that the Board of County Commissioners of Eddy County, New Mexico, met in regular session on July 5th, 1932 at 9:00 o'clock a. m. at which meeting the following proceedings were had:

Present and presiding: C. W. Beeman, Chairman, C. E. Mann, Commissioner, District No. 2, R. M. Thorne, Commissioner, District No. 1, Ruth S. Nye, Clerk.

The minutes of the former meeting were read and approved. On motion of Commissioner Thorne, seconded by Commissioner Mann, the following order was passed by unanimous vote in favor thereof:

There came on to be canvassed the votes cast at an election held in Eddy County, New Mexico on June 20, 1932 for the purpose of forming an irrigation district and electing directors for said district, pursuant to Section 73-107 New Mexico Statutes, Annotated, 1929, there being present Commissioners Beeman, Thorne and absent Commissioner Mann, and it being the sense of the Board that because of the day being Independence Day a better opportunity might be afforded all interested parties to attend the proceedings of the Board and that it would be desirable that the full membership of the Board be in attendance at such proceedings, on motion of Commissioner Thorne, seconded by Commissioner Beeman and duly passed the Board recessed until 9:00 a. m., July 5, 1932, and,

BE IT FURTHER REMEMBERED that at 9:00 o'clock a. m. on the 5th day of July, 1932 the Board reconvened in recessed regular session and there came on to be canvassed the votes cast at said election, their being present Commissioners Beeman, Thorne and Mann, and the Board having examined the affidavit and published notice of election and having examined the returns of said election, as the same were certified by the Judges of election, for the respective precincts in which said election was held and it appearing to the Board that all proceedings were had and notice given and published prior to said election and that said election was held on the 20th day of June, 1932, and it appearing to the Board that said election was duly held and returns thereof duly made in all manner and things in accordance with law; and said votes having been duly and legally canvassed by said Board of County Commissioners and it appearing to said Board that there were duly cast by the qualified electors at such election a total of two hundred eighty-seven (287) votes upon the question of the organization of the Carlsbad Irrigation District as follows, to-wit:

Irrigation District, Yes, two hundred fifty-three, (253) votes.

Irrigation District, No, thirty-four votes.

And it appearing to the said Board that more than two thirds of the votes cast by the qualified electors at such election have voted "Irrigation District Yes;"

And it appearing further to said Board that there were duly

cast by the qualified electors at such election a total of two hundred ninety-five (295) votes for directors of said district as follows:

For Director from Division No. 1: Francis G. Tracy, one hundred one (101) votes, George Duson one hundred eighty-six (186) votes.

For Director from Division No. 2: F. F. Doepp, one hundred ten (110) votes, George Brantley, one hundred seventy-seven (177) votes.

For Director from Division No. 3: N. M. Tidwell, one (1) vote, W. D. Bales, one hundred twelve (112) votes, W. W. Galton, one hundred seventy-six (176) votes.

NOTICE OF PENDING SUIT

STATE OF NEW MEXICO:

TO R. H. Norton, impleaded with the following named defendants against whom substituted service is hereby sought to be obtained: Mrs. Mabel Wood, C. L. Wood, her husband, and Pacific Mutual Life Insurance Company of California, a corporation, defendants.

You and each of you are hereby notified that there is a suit pending, No. 5416 on the Civil Docket of the District Court within and for the County of Eddy and State of New Mexico, wherein the United States Trust Company, a corporation, trustee for Anna M. J. Smiley, is plaintiff and R. H. Norton, impleaded with the following named defendants against whom substituted service is sought to be obtained: Mrs. Mabel Wood, C. L. Wood, her husband, and Pacific Mutual Life Insurance Company of California, a corporation, defendants; and that the general objects of said suit are (1) to obtain judgment against the defendants R. H. Norton and Mrs. Mabel Wood upon a promissory note executed by the defendant R. H. Norton to the plaintiff on April 26, 1927 for the sum of Nine Thousand Dollars due and payable on or before March 1, 1932 with interest from March 1, 1927 until paid at the rate of seven per cent per annum, and for judgment against the defendants R. H. Norton and Mrs. Mabel Wood for attorney fees as provided in said note; principal and interest claimed to be due the plaintiff from you the said defendants R. H. Norton and Mrs. Mabel Wood \$10,336.48 with interest at the rate of seven per cent per annum from July 1, 1932 until paid, attorney fees claimed to be due the plaintiff from you the said defendants R. H. Norton and Mrs. Mabel Wood \$1,033.65, as provided in said note, with interest at the rate of six per cent per annum from July 1, 1932 until paid, and cost of suit; and (2) to foreclose a certain mortgage deed executed by the defendant R. H. Norton to the plaintiff on the 26th day of April, 1927, and conveying to plaintiff as security for said note certain real estate, premises and water rights situated in Eddy County, New Mexico and more particularly described as follows, to-wit:

All of Lots numbered 13, 14, 15 and 16, in Section 6, also the Southeast quarter of Section 6, also the North half of the Northeast quarter and the Northeast quarter of the Northwest quarter of Section 7, all in Township 16 South of range 26 East, N. M. P. M., together with the one-seventh right to the Artesian Well located in the Southwest corner of Section 5, Township

16, Range 26 and the right to have and maintain a pipe line to supply the house, etc., and the barn, etc., with the necessary water. Also a one-half interest in the Schetter-Eipper Water Right Filing on the Cottonwood Creek, being for three and nine-tenths feet of water the year round. Also the pumping plant and all equipment belonging thereto located on above described land, being 440 acres more or less.

You are further notified that unless you enter your appearance and plead in said cause at the Court House in Carlsbad, Eddy County, New Mexico, on or before the 23rd day of August, 1932, plaintiff will take judgment by default against you the defendants R. H. Norton and Mrs. Mabel Wood for principal and interest in the amount of \$10,336.48 with interest thereon at the rate of 7 per cent per annum from July 1, 1932 until paid, and for the further sum of \$1,033.65 as attorney fees with interest thereon at the rate of 6 per cent per annum from July 1, 1932 until paid, and cost of suit.

You and each of you are further notified that the real estate, premises and water rights in plaintiff's complaint and mortgage deed described will be sold to the highest bidder for cash to satisfy the amounts due plaintiff and all cost.

You are further notified that plaintiff's attorney is J. H. Jackson, and that his business address is Artesia, New Mexico. IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the District Court on this 6th day of July, 1932. (SEAL)

UPSHAW AND REAGAN LEAD THE DRY TICKET

INDIANAPOLIS.—William D. Upshaw, former democratic representative in congress from Georgia was Thursday given on the second ballot the nomination for the presidency by the prohibition party's national convention. Frank S. Reagan of Rock Island, Ill., was nominated for vice-president by acclamation.

The action followed the withdrawal of the name of Senator W. E. Borah, who, the convention leaders said, preferred to await action by a large dry convention to be held in Washington.

CO. FINANCE HELD UP UNTIL BUDGETS OKED BY OFFICIALS

SANTA FE—State Comptroller Juan N. Vigil Saturday tied up all county expenditures for the twenty-first fiscal year until the state tax commission approves the county budgets for this year.

In a letter to county officials, Mr. Vigil called attention to Sec. 5804, Chapter 33, Code of 1929 providing "No warrants for services rendered or supplies furnished to the several counties of the state shall be issued by any issuing official or paid by county treasurers until such estimates (budgets for the 21st fiscal year) have been received and recorded."

This law does not apply to schools, municipalities, states of offices or institutions, Assistant State Comptroller J. A. McNabb said. It applies only to counties.

At the present time the state tax commission is engaged in hearing county budgets. So far only a few counties have been visited—Sandoval, Bernalillo, Valencia, and Socorro. The commission met in Catron county Saturday.

Except in counties where it has been the practice to pay salaries monthly, county officials will not be deprived of their pay under this order. The law provides for quarterly payment of salaries and those for the first quarter will not be due until October 1. By that time it is believed that all budgets will have been approved.

In the meantime, however, all expenditures for other purposes including monthly bills must be held up under Vigil's ruling.

COTTON ACREAGE CUT

WASHINGTON, D. C.—Cotton under cultivation July 1 was reported Friday by the department of agriculture to total 37,290,000 acres or 9.5 per cent less than a year ago, when 41,189,000 acres were in cultivation.

An indication of the condition of the crop was not given, as the law prohibits issuance of a condition report until the August canvass.

Abandonment between July and Picking time during the last ten years, 1922-31, has averaged 3.1 per cent.

The area in cultivation by states includes Texas 14,192,000 acres and New Mexico 114,000 acres.

EDDY GETS \$14,595.49 IN AUTO FUNDS

SANTA FE—The motor vehicle department of the state comptroller's office during the twentieth fiscal year distributed \$302,581.21 among the 31 counties to the county levy and county road funds. Of the total amount 25 per cent went to the levy fund and 75 per cent to the county road fund.

Bernalillo county led the list with a total of \$51,835.77. Other counties to receive \$10,000 or more were; Chaves \$21,327.22; Colfax \$14,885.41; Curry \$16,369.06; Dona Ana \$15,563.22; Eddy \$14,595.49; Grant \$13,537.18; McKinley \$13,109.24; Quay \$10,471.08; Santa Fe \$18,197.52 and Union \$10,200.95.

CONFIDENCE

CONFIDENCE... the implicit reliance of one person in another... cannot be measured in money. In the competent physician it is a priceless attribute, changing fear to courage, despair to brave hope. Engendered by the man's very presence, it often works more cures than medicine. Back of it lie years of work, of study, of specialization. Confidence in our doctor is justified.

Your banker, too, is deserving of that implicit trust. Shaped by long years of specialization and human contacts, the bank officers deserve your confidence wherever your personal or business finances are concerned. Ours is a professional ability that merits your faith. And behind it stand the resources of a sound institution.

STATE TO GET \$3,000,000 IF RELIEF BILL PASSES

SANTA FE.—New Mexico will receive a total of nearly three million dollars for highway construction if the relief bill is signed by the president, Edgar Puryear, secretary to Senator Bronson Cutting, informed Governor Seligman's office by telegram Friday.

The amounts, totalling \$2,720,000 are itemized by Mr. Puryear as follows: Highways, \$1,962,000; forest highways, \$200,000; highways thru public lands, \$175,000; Indian roads, \$113,000; forest lanes, \$270,000.

'Tho the president will possibly veto the bill, it looks promising of passage in some similar form,' Puryear wired.

If the highway emergency program is passed by congress, the state can immediately start a \$4,500,000 highway building program, which will give employment to approximately 3,000 laborers and 100 technicians, Highway Engineer W. R. Eccles said.

Projects to be constructed include 80 miles of oiling at a cost of \$400,000, he said.

All sections of the state would benefit. The emergency fund would obviate further financial difficulty this year in the highway department and eliminate necessity for selling remaining highway debentures he said.

BEER BILL VOTED DOWN

WASHINGTON, D. C. — The first prohibition test in congress since the national party conventions Monday showed little change from past overwhelmingly dry sentiment. The senate turned down a bill to legalize beer of higher alcoholic content by a vote of 50 to 25, stopping the beer movement for this session.

Despite the platform declaration of the democratic party for immediate modification of the Volstead act, the beer advocates only mustered eleven democratic votes against the motion to refer the bill to committee.

The vote sent the Bingham bill to modify the Volstead act back to committee.

Three senators, who previously had opposed the change, voted this time with the advocates. They were Senators Fletcher and Trammell, Florida democrats and Patterson, Missouri republican.

JUNE TAX COLLECTION TOTALS \$7,285.37

The total tax collections for the month of June in Eddy county aggregated \$7,285.37, according to the statement of R. E. Wilkerson, county treasurer, this morning.

This shows a total collection so far, of 65 per cent of the tax volume now due.

It is this shortage of collections, while comparing favorably with several other counties, that is taking all the brain power of the of the commissioners just now. —Current Argus.

WILL NOT OPEN THE STATE GAME REFUGE

SANTA FE—Game refuges will not be opened to hunting in order to stimulate local business conditions, State Game Warden Elliott Barker announced as he started a swing through the southwestern section of the state to inspect refuges.

Several requests that certain refuges be opened to hunting this fall have been received, he said. If any of the refuges should be opened for game conservation reasons, now is the time to open them he admitted.

A Fishy Promise
State Game Warden Elliott Barker told members of the Otero County Game Protective Association that the restocking of streams and lakes with fish and transplanting of game will form the major activities of the Game and Fish Department this year. NEW VACCINE MAY BRING A PARTIAL CONTROL OF TUBERCULOSIS

MILWAUKEE, WIS.—In a copyright story, the Milwaukee Sentinel Saturday said 25 years of research by Dr. William D. Frost, agricultural bacteriologist at the University of Wisconsin, have been rewarded by discovery of a vaccine, "Tubuvase," which ultimately may bring partial control of Tuberculosis. The scientist, in confirming the story, warned against assumption that "Tubuvase" was either a cure or a certain means of prevention. He has not completed his experiments.

Results of experiments on Guinea pigs and rabbits, the Sentinel said, indicated the vaccine was beneficial for immunization.

CHICAGO.—Development of a vaccine from irradiated tubercle bacilli by Dr. William D. Frost of the University of Wisconsin was described Saturday by Dr. Morris Fishbein, editor of the Journal of the American Medical Association, as "interesting" but of no significance as yet in relation to human tuberculosis.

STATE OVERDRAFT \$284,408.07 CLOSE OF 20TH FISCAL YEAR

SANTA FE—New Mexico closed its books for the twentieth fiscal year with an overdraft of \$284,408.07, State Auditor Arsenio Velarde announced Tuesday. Unused balances in various funds returned to the treasurer, however, were materially larger than expected and kept the red ink figure of the state's appropriations account lower than expected.

The overdraft for the nineteenth fiscal year was \$179,000. Differences in the figures for the two years were lessened in effect by the return of \$24,998.99 in unused balances, more than double the amount anticipated, as compared with a total of \$10,500 for the previous year, Mr. Velarde said.

Unused balances were larger, according to the auditor, chiefly because of efforts of the state finance board to prevent "raids" on all unexpected funds nearing the close of the fiscal year.

In most of the funds, not a cent was left.

WASHINGTON'S PICTURE TO BE ON QUARTER

WASHINGTON, D. C. George Washington will make his debut on the nation's pocket change late this month when distribution of the new silver quarter is begun by the United States mint.

Although a veteran of postage stamp albums for many years, there has never been a regular coin struck bearing the image of the Father of His Country. Abraham Lincoln has appeared on the penny for many years.

The government's three mints at Philadelphia, San Francisco and Denver are striking quarters from new dies now. In order to avoid hard feeling, the federal reserve banks will distribute them to banks in all parts of the country simultaneously.

The new quarter, not issued as a commemorative piece, recalls numerous facts about small change which are frequently overlooked.

Few quarters that "B. Pluribus Unum," United States of America, "In God We Trust" and "Liberty" appear on all silver coins because the law requires it. The same is true of the eagle's figure.

Careful search will reveal that many coins bear a small letter "S" or "D" somewhere on their faces. They indicate the coin was struck at the San Francisco or Denver Mints. Those struck at Philadelphia, the largest mint in the country, bear no distinguishing initial.

A few old coins may be found with an "O" or a "C.C." They were struck either at the old New Orleans or Carson City, Nev., mints, now abandoned.

Designers of coins usually are permitted to put their initials on them inconspicuously.

The George Washington quarter will have an "F" on it for John Flannigan, its designer. Flannigan also designed the magnificent bronze clock which adorns the reading room of the library of congress and the Verdum medal presented in France.

The silver dollar also has an "F," but in that case it stands for Designer Francis. The current quarter dollar has an "M" for its designer Herman MacNeil. The half dollar has a "W" for Adolph Weinman.

It takes a magnifying glass to bring out the "F" of James E. Frazier who designed the buffalo nickel.

Shortly after the Lincoln penny came out, youngsters valued those with the initials V. D. B., standing for Victor D. Brenner. Because of widespread protests, they had been stricken off the coin after 27,000,000 were minted. The initials were conspicuously placed just to the left of the face of the Emancipator.

LAST RITES FOR MRS. LONG

Last rites for Mrs. George Long of Littlefield, Texas, former resident of Artesia, who died early Thursday morning were held in the Episcopal church Friday afternoon with The Rev. F. B. Howden, Jr., officiating. Conforming to the wishes of Mrs. Long that she might be buried at sundown, the services were held at 5:45 o'clock and the body lowered in the grave just as the sun was sinking. At the conclusion of the services the choir sang, "Now the Day is Over."

METHODIST ASSEMBLY—

(Continued from first page)
was reached at a mock wedding which was replete with all the trimmings from bride and groom down to the ring bearer, each character in the wedding having been elected in a campaign that lasted several days and was marked by fiery campaign speeches and torch light parades.

The ministers won the annual baseball game from the laymen, the laymen came back the next day to even things up by winning the volley ball game from the ministers.

Attendance was gathered from Clayton on the north to Marfa, Texas on the south and from Gallop on the west to a party of eleven from Georgetown, Texas and one from Nashville, Tennessee. More than two hundred people were in attendance, there being 164 registered for the courses and at least forty or fifty attended for a part of the program.

Friday afternoon the young people inspected their new building and accepted the report of their building committee. Many of the units selected building sites for cabins which they plan to erect this year.

It was an enthusiastic and happy throng of young Methodists which began the homeward trek at the end of the week. One and all resolved to come back next year accompanied by many more of the young people from home.

Officers elected for next year were: The Rev. C. R. Hooten, dean; Miss Orleta Davis, president; Gladys Guy, secretary and Allen Moore, treasurer.

Those attending from Artesia were: The Rev. and Mrs. Harold G. Scoggins and son, Grant, Paul Stroup, Walter Cave, Glen Stone, Chuck Brown, Don Cowan and Walker Evans.

MASONS TO SEE THE WORK IN A QUARRY

All members of the Masonic lodges within a radius of 150 miles of Crane, Texas have been invited to Crane Lodge No 1262, A. F. & A. M., to attend a meeting and barbecue to be held there on Friday evening and night, July 15th. A number of good speakers will be present and address the meetings and an interesting time is promised for all who attend. A novel feature of the entertainment will be the conferring of the Master degree, by a team of 33rd degree masons from El Paso, in a rock quarry on top of one of the highest hills near Crane.

PRISONER COST IS LOWEST IN CURRY

Attention of the New Mexico Taxpayers Association has been drawn to the method of handling the care of prisoners in Curry county, which has fed them for a much smaller sum than the cost in other counties. Director Rupert F. Asplund asked for details of the plan here, which were furnished by County Clerk G. H. Barrows.

This county pays actual food costs, plus a ten cents per day cooking wage for each prisoner, bringing the cost down to 28.3 cents per day per prisoner. The flat rate plan of 75 cents per day continues in operation in nearly all counties of the state—nearly three times the cost here.

During the past year the total cost was \$1,555.11 less than in the previous year, the food cost being \$1,089.39 and cooking cost \$476.00, which was reduced to \$1,362.75 through rebates on feeding of federal prisoners.

The past year's budget of \$2,500 left in the treasury in this fund a balance of \$1,137.25.—(Clovis) Curry County Times.

RED CROSS FLOUR RECEIVED

Ray Bartlett, chairman of the Artesia Red Cross chapter announced Saturday that the organization had received 800 24-pound sacks of flour for distribution among the needy. The last shipment makes a total of about 1,500 sacks of Red Cross flour received here.
