European War Debts Due Today Some Pay

Only Small Amount Of The Huge Sum Is To Be Paid—France Defaults Again—Britain Pays But Is Criticised.

WASHINGTON, D. C. — War debts payments fall due again today, the installments, principal and interest amounting this time to \$144,000,000.

Twice a year—December 15th and June 15th—foreign debtors must meet payment until the total of approximately \$11,500,000,000 still owed is paid in full or some adjustment is agreed to by American congress.

Great Britain owes the most and her installment due today amounts to \$75,950,000. The amounts due today from the largest debtors in addition to Great Britain are: France, \$40,738,000; Italy, \$13,545,000; Belgium \$6,325,000 and Poland \$3,559,000.

The total debt payments due for the year ending June 30 is about \$268,000,000, of which \$98,868,000 was received in December. Great Britain and Italy paid on schedule then, the English paying the bulk. France, Belgium, Poland, Hungary and Estonia defaulted. France then owed \$19,261,432 in interest.

Down to date the foreign nations have repaid a total of \$2,726,266,897, approximately \$500,000,000 going to reduce the principal.

The announcement that Great Britain had tendered \$10,000,000 in partial payment of her debt installment brought an attack and a reverse of the administration yesterday in the senate.

At the same time Great Britain was sharply criticized for raising the debts issue at the London economic conference.

WARSAW, Poland — A government communique announced last night that Polish Ambassador Stanislas Patek notified the government at Washington that the situation in Poland was unchanged and asked for postponement of the debt payment due today, amounting to \$3,559,000 interest.

PARIS, France—A French notice of debt default will be handed to the Washington government today by Ambassador De La Boulaye.

NUMBER CASES DIARRHEA

Local physicians report forty or fifty cases of diarrhea in the neighborhood. The disease is confined mostly to children and is thought to have been caused from the warm weather.

SACRAMENTOS MORE ACCESSABLE BY THE HIWAY IMPROVEMENT

Good roads into the Sacramento mountains have added considerably to the popularity of that region. The portion of highway 83 between here and Cloudercroft is in the best condition seen since construction started on this stretch more than two years ago. The distance of approximately 100 miles can be negotiated with ease from two and a half to three hours, whereas four hours was formerly considered good driving time. The road turning off at Mayhill in the direction of the Sacramento Methodist summer assembly above Weed has also been improved to within a short distance of the assembly grounds.

Some new building has been done along the route of 83, as well as the summer assembly road. Improvements have also been made at the Artesia Sacramento Camp, Inc., six miles above Weed. The improvements include the construction of a trout pond, a tennis and croquet court, surfacing and widening some of the camp roads and beautifying the grounds around the cabins.

TO BOSS RAILROADS

Joseph B. Eastman, member of the Interstate Commerce commission, who was appointed railroad co-ordinator by President Roosevelt, under the provisions of the new railroad bill.

TWO HOPE MEN ARE ARRESTED CHARGED WITH HORSE STEALING

Two Hope men, Frank Crockett and Chas. Spillers were arrested Friday night by Hope officers and charged with the theft of horses. Crockett and Spillers were alleged to have been caught in the act. Both men were taken to Carlsbad, where Crockett made bond in the sum of \$500. Spillers is still in jail on failure to make bond.

Eddy county officers who have worked several herds of sheep in the Hope section are said to have found several stray sheep in the Spiller's herd, but it was not learned whether a charge of changing marks on sheep would be preferred against him.

OIL RUNS

The daily oil runs of the two local refineries averaged approximately 1,600 barrels per day for the month of May. During June the runs are expected to be higher.

LOCAL OIL MAN EN ROUTE A. P. I. MEET AT CHICAGO TODAY

William Dooley, secretary of the New Mexico Oil Men's Protective Association, announced that the association had named representatives to the American Petroleum Institute session convening in Chicago today. The appointments were announced Tuesday by W. A. Nicholas, of Roswell president of the association, after Messrs. Wm. Dooley and Nicholas had conferred with Governor Seligman with reference to the appointment of Dr. E. H. Wells, state geologist on the committee. Other committee members are Van Welch of Artesia and Harry Leonard of Roswell. Mr. Welch, who will drive through left here Tuesday.

Plans for reaching an equitable production among the oil producing states will be discussed. New Mexico representatives hope to have the state's allowable set at 40,000 barrels per day of better.

BOARD OF EDUCATION SELECTS SCHOOL BOOKS

SANTA FE—Two sets of books from the primer and first three grades were adopted yesterday by the state board of education, the distribution to be under the free texts law.

Only the primers are expected to be furnished this year due to collapse, so far, of revenue raising means for the texts with stoppage of the lubricating oil tax by referendum petition. The only remaining income is from the mineral leases.

PHILLIPS ANNOUNCES NEW GASOLINE

Phillips Petroleum Co., has on sale today a new 66 gasoline, containing tetraethyl of lead, so blend ed as to give a smoother performance to your motor and made to stop the motor knocks. V. D. Bolton, agent in calling attention to the new gasoline said no advance in price would be made for the new 66 over the price of ordinary gasoline. The new gas is orange in color so that a distinction can be made from the white gas formerly sold by this company.

OIL INDUSTRY IS BELIEVED TO BE ON THE UPGRADE

Hobbs Allowable Is Boosted 6,700 Barrels—F. W. & Y. Gets Good Well—Small Well Completed In Hobbs District.

One of the most encouraging features of the week relative to oil development in this area was the announcement that the daily allowable of the Hobbs pool has been boosted from 28,000 to 34,700 barrels an increase of 6,700 barrels, which is taken as an indication by many operators that the oil industry is on the upturn.

A small well has been finished in the Hobbs district in the Hardin No. 3 of the Amerada Petroleum Corp., in the SW sec. 18-18-38. On a company test the Hardin No. 3 swabbed 25 barrels per hour from a total depth of 4,085 feet.

Workmen are running tubing to complete the Wells No. 1 of the Continental Oil Co., NW sec. 12-25-36, drilled to 3,408 feet last week. No further tests have been made on this well. The Lynch 3-A of the Texas Company in the Eunice area, sec. 34-20-34, is shut down for repairs at 2,435 feet.

In Eddy county, the Western Drilling Co., is expected to reach an interesting depth soon in its Green No. 2, SW SE sec. 29-17-29, reported drilling below 1,860 feet. Good time is also being made on the Cecil Lockhart, Root No. 2, SW sec. 7-17-30, which is drilling below 1,000 feet.

The Shell Petroleum Corp., has staked another location in the Hobbs area for its McKinley B. No. 4, sec. 20-18-38. The F. W. and W. Oil Co., has recently completed one of its best wells on the southeastern edge of the Artesia field in the State 64 in the NW sec. 10-19-28. Drilled to a total depth of 2,180 feet, the State 64 was plugged back approximately 2,135 feet and twenty feet of sandy lime was shot yesterday with 80 quarts of nitro. The well responded with a nice flow cleaning itself. No gauge on the production has been made to date. There was a material increase in the gas flow following the shot.

CO. TREAS. OFFICE SWAMPED MONDAY

County Treasurer Joe Johns and his office force was swamped at Carlsbad Monday, the last day in which to pay taxes without the addition of a penalty. The office force was unable to write receipts for all the money that was paid in on that date. Many letters remained unanswered. Receipts totaling \$9,100 were issued by Mr. Johns and deputies Monday. One check was for \$1,300.

Taxpayers had paid \$26,000 during May and the first ten days of June. \$415,516.44 taxes were due June 1. Collections through the 12th are expected to reduce this amount by \$50,000. There was \$147,880.04 due on 1932 taxes on June 1st, which was almost half of the amount due for the year. It is estimated that approximately thirty per cent of the 1932 taxes will still be unpaid.

After Monday, all unpaid taxes will bear interest and penalty.

QUILT SHOW

The Joyce Fruit Co., dry goods department is sponsoring a quilt show to stimulate more interest in quilting, as announced recently. Quilts will be displayed when they are brought into the store, but in order to be eligible prizes the owners must have entered their quilts on or before June 24th.

Three \$5.00 prizes will be given one prize for the quilt of the prettiest design, one for the quilt of best workmanship and one for the oldest quilt.

COUNTIES GET MOTOR FUNDS

A total of \$8,333.75 motor vehicle fees was distributed last week to the various counties of the state by Deputy State Treasurer R. L. Ormsbee. Of this amount Eddy county received \$269.04.

Dr. H. A. Stroup and son, Paul, were Carlsbad visitors yesterday.

WOOL MOVEMENT CONTINUES STEADY—MORE IN STORAGE

The movement of the present wool clip continues at a fairly active rate. Shearing of some of the larger clips will not start before the 20th. Approximately 50,000 pounds was stored here Monday and Tuesday, after the Bullock warehouse had been practically cleaned over the week-end from the sale of 80,000 pounds sold last Thursday. The sale on Thursday consisting mostly of small clips, netted the growers from 15¢ to 19¼¢ per pound. Some of the best clips will begin to arrive probably this week. There is little likelihood that another sale will be conducted here before the first of next week.

Returns were received here yesterday on two cars of wool shipped out ten days or two weeks ago, consigned directly to the R. A. C. at Boston. The returns which were very satisfactory were due partly to the method of handling the wool and partly to the advance in the wool market, according to E. B. Bullock.

NEW BANK REOPENING PLAN MAY BE READY SUBMISSION SOON

A rumor circulated here for the past two or three days that the case of the First National Bank had been transferred to the insolvency division, was spiked by Hollis Watson conservator in a conversation with Mr. Powell at Washington, with the reorganization department of the R. F. C. Mr. Powell did inform Mr. Watson that the case had been transferred back to the comptroller's department and stated that he would be glad to have further reopening proposals submitted.

The El Paso branch of the R. F. C. has also submitted a reopening proposal, which will be considered in the event the present plan proves impractical. The present plan calls for securing \$50,000 in outside money to finance a preferred stock issue. Nothing definite is known as to the ultimate success of this plan at the present time, although the chances for its success are said to be very favorable.

The comptroller's department has also indicated that another examination of the bank's collateral may be required because of the divergence of the report submitted by Examiner Witt and that of the depositors committee. The latter's report charged off an additional \$20,000 in notes. A visit to Washington by Mr. Watson and a committee is in prospect in the event the department insists on sending out another examiner.

PLEAD NOT GUILTY TO SHEEP CHARGE

Lloyd Crockett and Will Murrah of Hope pleaded not guilty Saturday when arraigned for the second time at Roswell on a charge of defacing brands and marks on sheep. They were held to await action of the district court under bonds of \$1,000 each.

Lloyd Crockett pleaded guilty to a charge of assault and battery on Lee Glascock and was given a sentence of 15 days in jail and required to pay the costs of the case, the jail sentence being suspended upon condition of his good behavior.

Hearing on both sheep cases is set for June 17. Crockett and Murrah were already under bonds of \$500, charged with defacing brands on sheep belonging to Lee Glascock. The last complaint was signed by Hilary White, Jr.

STARTS SULPHUR TEST

The Sulphur test on the Upper Cottonwood, located on the Watson farm, sec. 8-16-25, will resume drilling Monday, Oscar Pearson, drilling contractor announced today. The test drilled by E. B. Guess and associates has been shut down for several weeks.

POLICE COURT

Allen Mann was arrested here Friday, charged with the theft of an automobile from the Sanitary Grocery. Mann waived a preliminary hearing and was lodged in the county jail on default of a \$750.00 bond and will await the action of the Eddy county district court.

RAINS BREAK LONG DROUGHT--MOISTURE GREATER NORTHWEST

Good Rains Add Much To Growth Of Cotton—Short Alfalfa Cutting Prospect—Harvesting Small Grain Underway.

A long drouth was broken Monday night by a general rain which fell over the greater portion of eastern New Mexico. Sweeping in from the northeast a heavy rain fell here for a few moments and settled down for a slow rain, lasting almost an hour. The moisture which will be worth thousands of dollars to farmers and ranchmen of this section. Growing crops were suffering from the dry atmosphere and needing moisture. Stock water has run low on the west ranges and sheepmen found it necessary to bunch their herds to get water. Branches and streams were bank full and running in many places. The moisture will not only be beneficial in refilling water holes, but will also start the growth of weeds and grass.

Monday night's rainfall here amounted to .40 inches. It was lighter east, but was heavier in the upper portion of the Cottonwood community and at Hope, where almost an inch of moisture was reported. The rain extended as far north as Vaughn. Clovis Portales, Ft. Sumner and the intermediate sections also reported light to heavy showers. Lightning struck in several places, but did no damage of any consequence.

COTTON GIN DECLARES DIVIDEND RECENTLY

It was learned here this morning that the Cottonwood Gin Co. had declared a 52¢ per bale dividend at a meeting of the board of directors several days ago. The dividend money is in the First National Bank and the final payment of the dividend is contingent on the reopening of the bank.

SHIPS SHEEP

Bryant Williams shipped out four cars of old ewes and lambs from the Lake Arthur pens yesterday. The lambs went to the Kansas City Market.

SEEK FUNDS FOR THE CO. HEALTH OFFICE

Efforts to secure emergency relief funds were started Monday by physicians of Eddy county to replace those formerly supplied by the U. S. Public health service in order to keep the country health service on a full time basis.

Unless these funds, or others, are secured, it will be necessary to discontinue the service of a public health nurse and drop the county health physician to a half time basis.

The efforts of Senator Bronson M. Cutting were also enlisted as well as those of T. F. Cunnene, manager of the health division of the United States chamber of commerce. In a letter to the U. S. Chamber it was pointed out that from 1931 to 1932 the community was raised from 23rd to ninth place in the United States in health contests for cities of under 20,000 population, partly through the efforts of the public health department here.

Senator Cutting responded with a statement that he would lend his support to the securing of funds and promised to see Harry Hopkins, director of the emergency relief funds, at once.

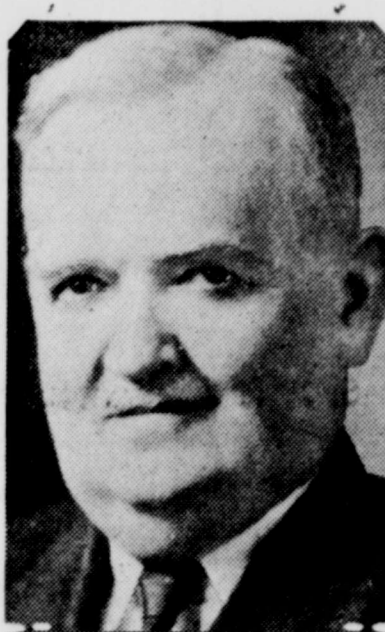

NO TAX SALES IN EDDY

No tax sales were held in Eddy county as provided for under SB 144, the delinquent tax law. County Treasurer Joe Johns was advised by Byron O. Beall, chief tax commissioner, but Johns refused to do so because notices of the sale had not been sent out due to lack of finances.

CATTLE SHIPMENTS

ALBUQUERQUE—Carlsbad and Roswell during the month of May shipped out 6,990 of the 38,821 cattle moved in the state, the cattle sanitary board reported yesterday.

HEAD OF KIWANIS

Carl E. Endicott of Huntington, Ind., president of Kiwanis International and presiding officer of the organization's seventeenth annual convention in Los Angeles.

COMMISSION TO HOLD BUDGET HEARING IN EDDY JULY 14-15

The state tax commission has announced an itinerary over the various parts of the state, at which time representatives of the commission will hold budget hearings for the city and county governments. Starting at Albuquerque on June 16th, the commission representatives will arrive at Roswell in the Pecos valley on July 14th. At 3:00 p. m. on the same day budget hearings for Lake Arthur, Dexter and Hagerman will be held at the First National Bank building at Hagerman. At 7:30 p. m. on the same day a budget hearing will be held at the Artesia city hall for the City of Artesia. The Hope budget hearing will also be held at the City hall on the same date. On July 15th, beginning at 9:00 a. m. the commission will hear the Eddy county tax appeals at Carlsbad. At 11:00 a. m. representatives will go over the county budget and at 1:30 p. m. the school budget and at 4:00 p. m. the Carlsbad city budget.

HARLOW HYLAND TO ADDRESS VETERANS HERE THIS EVENING

Harlow Hyland of Santa Fe, service officer of the disabled soldiers relief commission will speak in Artesia this evening at 7:00 p. m., at the American Legion hut and will discuss the veterans compensation laws. Mr. Hyland spoke in Roswell last night to about 150 ex-service men. He has covered twenty-seven counties of the state in a tour explaining the new laws relative to the veterans compensation. The public is cordially invited to hear Mr. Hyland's address tonight.

CERTIFIED RED REFLECTOR NECESSARY

Last week, several auto owners of this section learned that a certified red reflector was required on the rear of each auto, to serve as a warning when approaching headlights reflect from it. This is a requirement under a new law passed by the last legislature, which most people did not know existed.

HOPE TO RAISE OVER TWO HUNDRED BIRDS

The state game department expects to raise at least 200 birds this year, said State Game Warden Elliott Barker after a visit to the department's pheasant pens at the state penitentiary last week. "We have 60 young pheasants there," he said. "Hens are setting on 200 eggs to hatch soon and there are 90 eggs in incubators at Hunter Clarkson's farm. More eggs are to be set."

HIGHER CRUDE PRICES PREDICTED YESTERDAY

Oil operators here yesterday predicted the present crude prices would be doubled within the next few days. Southeastern New Mexico crude is selling for twenty and twenty-five cents per barrel. An additional half cent per gallon federal tax will be added probably today, under a new measure, which yesterday was signed by President Roosevelt.

Wholesale gasoline has advanced seven-eighths of a cent the past week.

Prospects For Crops Boosted By Moisture

Almost Half Inch Falls Here But Is Heavier West And Northwest—Rains Fill Water Holes On West Range.

Crop prospects in the Pecos valley have been given a material boost by the recent moisture and farmers now estimate a normal crop of practically every commodity grown here. Cotton acreage for the valley is estimated at 49,000 acres as against 51,000 for the highest acreage. Eddy county is expected to show a six per cent increase in acreage with 27,000 this year as compared with a normal acreage of 25,000 and divided as follows: 16,820 for the Carlsbad project and 10,380 acres for north Eddy county. Chaves county will show a 4,000 acre reduction, the estimated acreage this year is 22,000 acres compared with 26,000 acres for the best period.

Row crops are also expected to show a slight increase as the local demand for feed stuffs is higher than usual this year. One short crop of alfalfa hay has been harvested and another short crop is in prospect. The hay crop thus far has not been sufficient to supply the local market. The second cutting of hay will start next week. It promises a higher quality, but lower quantity. Little of the first two cuttings will be moved out of the valley.

Harvesting small grain is well underway. Some of the larger crops including that of E. P. Malone on the Cottonwood have been thrashed and a fair yield secured although not as great as last year. Other growers will start harvesting the latter part of the week. Bryant Williams of Hope has a promising yield in prospect on 200 acres of wheat which is estimated good for a yield of twenty to thirty bushels per acre. The small grain crop will be consumed locally. Only a small percent of the crop will be moved out to other points.

8-HOUR LAW EFFECTIVE

Today the eight hour law, applying to mercantile establishments went into effect. What some of the merchants have said about the law wouldn't do to print, but they will endeavor to observe the law nevertheless. Two grocers and possibly others have arranged a new delivery schedule. Employees of the larger stores will work in shifts, observing the customary hours.

HOLCOMB VETERAN LAKE WATCHMAN IS BURIED IN CARLSBAD

Artesia friends of H. C. Holcomb, age about 72, former watchman at Lake McMillan, will regret to learn of his death which occurred in El Paso Friday. Few details were learned here as to the cause of his death. Mr. Holcomb, who was well known here, several months ago was retired as watchman by the reclamation service after serving approximately forty years. Since his retirement by the government he had made his home with his family in El Paso, Texas.

The body was shipped to Carlsbad and funeral services were held from the Fredrick-West mortuary in Carlsbad Saturday afternoon at 4:00 p. m. The Rev. S. C. Walker, Methodist pastor was in charge of the services. Burial was made in the Carlsbad cemetery. Several old friends here planned to attend the funeral Sunday, but learned the services had been held on the previous day.

The deceased is survived by a widow and four daughters, three of whom live in El Paso. A fourth lives in Washington, D. C.

TELEPHONE 7

THERE'S A LOT IN LIFE THAT WE MISS

The small-town lad who thinks that life would be just fine if he could only get to the bright lights of Broadway ought to have a little talk with Captain Amander O. Hayes, who has just retired after spending a number of years in charge of the West 47th street police station in New York City.

In that job, Captain Hayes was more or less the overseer of Broadway. The bright lights section was his bailiwick, and every thing that happened in the busiest and most famous play spot in America was his business; and when he retired he remarked that "nothing much ever happened to me."

His job, in fact, had been rather dull, and all things considered Captain Hayes was rather glad to get out of its monotonous routine.

"Nothing much happens to any policeman, when you think it over," he added. "They just have tough hours and do what they're told."

And right there, it would seem, there is an ironic little commentary on the nature of romance and adventure.

"Nothing much ever happened to me" is the complaint of every restless lad who is tied down by a prosaic job which he would like to swap for a bit of real adventure. The lad who follows a plow or drives a bakery wagon or files invoices in a freight office or hammers a typewriter nine hours a day generally has the notion that romance is something he could get hold of very nicely if only he could slip into the right kind of job.

But romance and adventure are, after all, the commonest things in the world. The only trouble is that most of us fail to recognize them when we see them. Captain Hayes, supervising Broadway's bright lights for year upon year, finds his job boring and monotonous; nothing ever happened to him, or to any other cop, he says, and he's glad to be out of it.—Clovis News Journal

PUBLICITY IN TAX MATTERS

For several years the newspaper men of New Mexico have advocated some publicity in the matter of tax assessments and tax delinquency. They have gotten nowhere with the idea; two reasons seem to have frustrated any such policy. The idea of spending a few dollars for printers' ink would be a loss to the politicians, and then some of the tax dodgers do not like the plan. But, wouldn't it create some excitement if Otero county assessments were in cold, bold type staring some of the big dodgers in the face; and wouldn't some of the "little boys" grin.

There is a movement on to push the policy of publishing assessment and delinquent tax lists—it would do a lot of good.—Alamogordo News.

THE EMERGENCY CLAUSE

In enjoining the county treasurer of Santa Fe county in enforcing the delinquent tax law, an opinion of Judge M. A. Otero says that the state legislature tacked an emergency clause to the measure where no emergency existed. Judge Otero seems to have gotten at the meat of the contention when he brought up the question of when an emergency existed and how the emergency was to be determined.

Does the need for free text books constitute an emergency? This clause was also attached to the severance tax and to some other measures attacked by the referendum. Does the politicians or the people have a right to determine when an emergency exists? This is what the people will look to the court to decide.

MORGAN PROBE

The merchants who think it is right and proper to give a few customers an inside price on merchandise, should ask a few of their neighbors what they think of the J. P. Morgan banking probe. Whether or not the probe has cleared the private banking situation to the satisfaction of everybody, it hasn't done Mr. Morgan any good. Morgan patrons won't especially relish the thought of trading at the Morgan house and paying the retail bond price, when they know a few inside customers are getting a rake off.

Speaking of veteran's cuts, it has been suggested that the administration might start using the axe on the \$175,000,000 expense account of the veterans administration bureau. It appears reasonable that a disabled vet should not have to give over fifty per cent of his allowance to have his pay distributed. But let the government start anything and immediately a maze of red tape appears, which eats into the cost of doing business.

Advertising which lets people know that you have what they want is the most important ingredient in success. It is like an electric light bulb that tells what the big power plant is doing.—Arthur Brisbane.

When Uncle Sam drives an individual out of business by selling below cost of production, who pays the taxes of the "evicted" business man? Ask us an easy one. The consumer is the "last man." He pays it.

We all hope that due to the depression Babe Ruth won't have to cut his home runs down to three baggers this season.

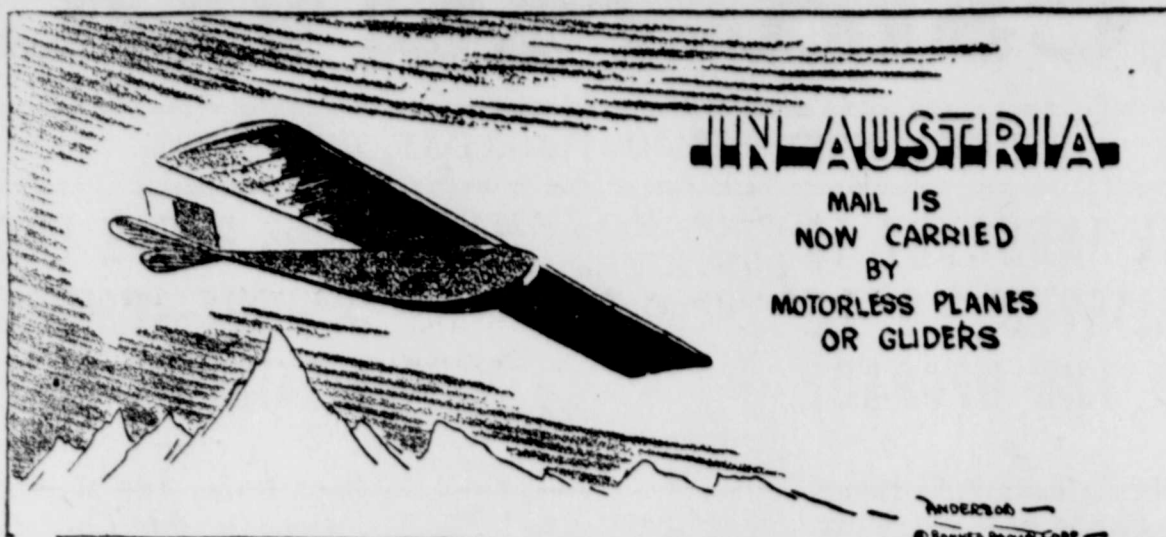

We are promised a new political kingfish in the person of Ed Swope, which won't help party matters any.

Seligmans and democracy are not synonymous terms according to current press comments.

President Roosevelt will go down in history as the plain talker with a punch in his words.

"Let the people know the truth and the country is safe."—Abraham Lincoln.

Odd—but TRUE

PICKED UP ON MAIN

Here is a few Bible squibs that the Bible students may be interested in. The following is swiped from the Tucumcari News:

Jonah had an inferiority complex.

St. Paul's wife was Minnie Apolonia.

All Jacob's hard luck started after he had walked under his own ladder.

Moses was the first torador. They found him where the bull rushes were the thickest.

The first knockout was recorded when Noah landed on Ararat.

Ham wasn't nearly so black as he was painted.

Nebuchadnezzar was so fond of grass that you find him in Timothy and Al Falfa.

Cannibalism was once so rampant that they were afraid they might eat up all the prophets.

The depression was in its heyday in the old days. Even the Holy Land had its red sea.

The most wicked battery of Biblical days: "Sodom and Gomorrah."

The world's first breadline was established when the Master fed the multitude.

Samson was stronger for Delilah than for anybody else until she gave him the run-around.

Nero was the Uncle David Macdon of the pioneer days in Roma.

Daniel was the boy who broke up the first luncheon of the Lions club.

Judas was the first man to go off the gold standard. He sold out for 30 pieces of silver.

Solomon had to think up an alibi every time he made a night of it.

King David coined the expression, "The bigger they are, the harder they fall."

One of the popular songs of that day was entitled: "What Do You Wanna Make Those Issac Me For, When They Don't Mean What They Say?"

Maybe you have heard the old Negro's story about the game of life being like a game of golf. The way to end a depression is by three puts: Put your trust in God; put your Ford in the shed and put your folks at work in the fields.

Some parents are justified in disbelieving the heredity theory when their children reach the age they act like fools.

Some people who insist on knocking everything in the community have never done anything constructive. They could accomplish something constructive and have one positive good deed to their credit by moving out of the community.

The question of how a fool and his money are soon parted isn't near so complex as how they get together.

Ed Conner says it's just a question of how long his nose is going to last, he's had it to the grindstone so long. Ed's nose ought to be rather pointed and worn by this time and he could have a good time poking it into other people's business by acting a reporter.

A good many men would be glad to see the women get the same scale of wages. As it is some women get all the wages on Saturday night.

VERY FEW PURCHASES MADE UNDER TAX LAW

ALBUQUERQUE—Persons expected to rush to buy property offered for sale under the delinquent tax collection law were doomed to disappointment Tuesday when eleven counties in which the sale was held reported but few purchases and little interest.

Only four of the eleven counties, Mora, San Miguel, Valencia and Guadalupe, reported the receipt of any bids whatsoever. The remaining seven counties, Sandoval, Catron, Luna, Hidalgo, Grant, Lincoln and Socorro, reported there had been no bids offered and little interest seemed to be shown in the sale.

In those counties where the bids were offered the number was extremely small. A few minor purchases were made in Mora county, two in San Miguel, about 20 in Guadalupe county and one was reported in Valencia county.

Seventeen counties: Santa Fe, Union, Curry, Dona Ana, Bernalillo, McKinley, Rio Arriba, Quay, Chaves, Lea, Eddy, DeBaca, Torrance, Sierra, San Juan, Otero, and Roosevelt held no sales at all.

Colfax, Harding and Taos counties formally opened the sale and then postponed it until July 10 according to reports received from the state tax commission.

San Miguel county, previously listed as a no sale county was placed on the sale list Tuesday by the state tax commission.

FERTILIZER PLANT FOR CARLSBAD

Reports from Carlsbad say a group of western business men have leased a site to establish a commercial fertilizer plant just south of the city. It is planned to use guano from the Caverns to be mixed with potash mined near Carlsbad. The men are particularly interested in the project to supply fertilizer for the citrus growers of California.

And this is a radio story: "Who was your mother before she was married?"

"I did not have a mother before she was married."

We are in favor of closing all the sweat shops except the Turkish baths.

When Hollis Watson returned from Washington, a friend asked him about a welt on his face and Hollis replied that it was a birth mark.

"It looks like a wound," the friend said.

"No, it's a birth mark all right, I just got in the wrong berth," Hollis replied.

An Englishman, an Irishman, a Scotchman and a Jew gathered at a bar in a hotel. The Englishman stood a round of ale. The Irishman stood around of whiskey. The Scotchman and the Jew stood around a while and then walked off.

Two Scotchmen took dinner together in a restaurant. After dinner the waiter brought the bill. The two talked for a couple of hours and then they settled down and merely smoked in silence. At three o'clock in the morning one of them went to the telephone and called his wife.

"Don't wait up longer for me," he said. "I had dinner with Sandy and it looks like a deadlock."

THE EUROPEAN WAR DEBT IS DUE TODAY

WASHINGTON, D. C.—Notification that war debts will be due today sped through diplomatic channels last week to capitals already abuzz with controversy over pay or defaulting.

The Washington government sent identical notes to each of the 13 debtor nations which on June 15 will owe the United States a total of \$144,179,674.

Previously, notifications of installments due were sent direct from the treasury to the financial heads of the other nations. In this case they were prepared by the treasury but given to the state department for transmission, thus adding emphasis.

The debtor nations were extended the usual option of paying in securities instead of cash.

Great Britain, France, Belgium and Italy always have exercised option to pay in securities. The smaller nations generally have done so depending upon the market.

If United States securities were selling below par they saved money by buying them for paying their debt installments.

JUDGE DECLARES LAW DOES NOT DISPOSSESS

District Judge George W. Hay of Silver City in granting an injunction stopping the sale of property for back taxes Monday declared the law, SB144, did not dispossess anyone of any property.

"Realizing the anxiety of many people relative to being dispossessed of their property immediately after the tax sale," he said, "I will say that they could not be dispossessed under the present law until the two year period has elapsed and I want the feeling of anxiety removed."

SURVEY MAKES HEAVY INROADS ON COYOTES

Federal biological survey hunters made heavy inroads on coyotes in New Mexico last month according to figures released Friday at Albuquerque.

A total of 187 grown coyotes, 28 young coyotes, 30 bobcats, two lobo wolves, two mountain lions, one wild dog and 51 miscellaneous animals were killed.

The wild dog was killed in Hidalgo county.

FARM NEWS

Cull Hens Now

In order to make money on your poultry, W. A. Wunsch, county extension agent, says all poultry should be culled and the hens you cannot sell should be canned. While the usual recommendations are for culling in August and September the months of June and July in Eddy county are usually the warmest and many fat, non-producing hens are lost due to the heat. These can be culled now and canned and the feed bill reduced. Mr. Wunsch held two culling demonstrations last week. On the Neveger farm 40 hens were culled out of 140, and on the Arlie Nichols place 43 hens were culled out of 160. Mrs. Nichols plans to can all her hens and a canning demonstration meeting was held Tuesday, June 13th. Mr. Wunsch demonstrated the various methods of canning. Some of the dark and white meat was canned separately; some used for roast; some for creamed chicken; some for chicken pie; some for gelatin loaf or chicken salad; and some for soup stock. Fried chicken can also be successfully canned. It has been found that after a chicken is about 14 weeks old they put on very little extra meat and usually the muscles toughen and the chicken is less tender. Therefore, by canning these fryers now the feed bill will be reduced and the meat canned will be of better quality. Hens that cannot be sold on the market at the present time for 30c can be used to make a 50c meal for four people at some future date if properly canned. In canning the animal heat should be removed by cooling the chickens in ice or a good refrigerator as much spoilage is due to the fact that the animal heat is not removed from the chicken before frying or roasting.

The producers should reduce their grain feed and increase the mash, which will condition their good layers and cause less fat. This change should be made gradually so the hens will not be thrown into a molt. The insects such as mites and various forms of lice are doing the big damage now, and a number of flocks have been thrown out of production, due to these pests. Very effective results can be had by using a dip of two ounces sodium fluoride to a gallon of water, dipping the hens in luke warm water. The house can be sprayed with kerosene and waste oil to eliminate the mites, blue bugs or other such insects.

On inspecting tomato fields it was found by County Agent W. A. Wunsch that damage was being done by an insect which bores into the stem and eats out the center of the stem. This insect can be controlled by spraying the plant with arsenate of lead used in connection with nico dust.

Nico Dust

In an air-tight container, such as a molasses can, mix together one pound of lime and one ounce of black leaf forty, this mixture will control the ordinary aphid, but if eating insects are present add one part of arsenate of lead to five parts of the lime. Mix thoroughly. This mixture should be applied early in the morning or late in the evening when there is not much wind as it kills by suffocation. To apply: heat well so the gas will become strong and spray on leaves of plants. This should be done every three days for two weeks, so that all eggs will be killed, and then once a week thereafter.

Plants Lack Iron

The yellow coloring, burning effect, of leaves on trees and plants is due to excess lime and lack of iron in the soil. To correct this use copperus as a spray, dissolving 1 teaspoon copperus in a quart of water. This mixture should be sprayed on the plant and trees and leaves in the evening says W. A. Wunsch, county extension agent. Copperus dissolved and poured around the roots of plants and trees will also aid but not as rapidly as the spray. In the large trees, holes can be bored into the trunk using a 1/2 inch auger, boring holes 1 1/2 inches deep, filling with copperus and blocking the outside.

Importance Of Canning

Canning is a subject which is of vital importance to every housewife as it means the saving of many dollars during the year. Canning all non-acid vegetables with a pressure cooker is the most convenient, economical, time saving, and surest method says County Agent W. A. Wunsch. The price of pressure cookers is lower than ever before, but when buying a pressure cooker be sure to get a standard brand so you will have no difficulty in securing parts later on. A cooker will last a number of years with care, and the size of the cooker will be determined by the size of the family. These cookers can be used many times throughout the year for the cooking of meals, their use is unlimited. Any one desiring

MAY REFUSE MONEY FOR FREE TEXTS

State Auditor Arsenio Velarde at Santa Fe Saturday notified Mrs. Georgia L. Lusk, state school superintendent, that he might refuse to approve any payments out of the free text fund.

Velarde says he and the state treasurer believe there is some doubt as to the effectiveness of the act.

The auditor asks that he be informed before any obligations are incurred against the fund, "so that the possibility of this office refusing payment will be avoided."

The title of the law may be insufficient, Velarde said he had been advised. It is simply "an act relative to free text books."

The most serious constitutional question, he said he had been advised, lies in the fact that the law seeks to furnish books to "all children in the schools of the state." He has been told, he added, that if it were limited to those in the public schools it could be sustained.

Further information in regard to purchasing a cooker may see W. A. Wunsch.

Some bacteria are not killed at temperatures that can be secured with boiling water, even though the long time processing is used. In high altitudes it takes heat a long time to penetrate therefore it better to use a pressure of 10 to 15 pounds and process the required time rather than use a high pressure and process less time.

After the jars are opened all products should be boiled because if they have a tendency to spoil it might not be noticed while the products were cold, but heating will make noticeable all offensive odors. Any food which is not edible should be burned and not buried or fed to livestock, as it might contaminate the soil or kill the livestock.

All persons desiring further information in regard to the use of pressure cookers, canning recipes, or information in regard to canning by other methods may secure the same by communicating with County Agent Wunsch.

Wunsch Talks At Roswell

W. A. Wunsch, county extension agent was the guest of the merchants Association at Roswell on Tuesday evening. After dinner he made a talk in regard to the extension work in Eddy county. He particularly stressed the soil problem emphasizing terracing, leveling, and the rotation of crops. He also showed the value of feeding livestock in Eddy county which makes use of the feed at home and even while no actual cash is made the value of manure more than compensates for the time spent.

COURT DOES NOT RULE ON EMERGENCY

SANTA FE—The state supreme court Saturday ruled the legislature may apply an emergency clause to a bill to fix its effective date at a time sooner than normally would occur, but at the same time pointed out the decision had no effect and bearing on referendum pending against some laws of that nature.

The decision was in the case of Roy D. Hutchens against Miss Cleo Jackson, Quay county treasurer.

The court made it plain in the decision that there was no effort to pass on the question of whether the emergency clause, exempts an act from referendum, saying that this question was not before the court.

The action was brought to restrain the treasurer from enforcing SB144, the delinquent tax collection law on the ground that the emergency clause was incorrectly attached. Judge Harry L. Patton ruled it was the province of the legislature to say when a bill should be effective, through use of the emergency clause and this view was sustained by the high court.

The opinion was by Justice Daniel K. Sadler with Chief Justice Watson and the three other justices concurring.

EIGHT HOUR LAW NOW IN THE COURTS

ALAMOGORDO—New Mexico's eight hour law Monday stepped into the focus of the state's legal spotlight when W. F. Shelton, president of the chamber of commerce and other business men agreed to test its legality in the district court.

Shelton was arrested for working an employe over eight hours and fined \$75 in a justice of the peace court. He has appealed to the district court and has filed a motion to quash the judgment of the justice court on the ground the law is void because it is ambiguous and in violation of the national and state constitutions. He also charges the law is discriminatory because it applies only to mercantile establishments, hotels and restaurants and limits the right of citizens to contract and dispose of labor.

ROSWELL NEGRESS HELD

Octavia Dennis, negress, was denied bond following a preliminary hearing at Roswell Monday on a charge of murder in the first degree in connection with the death of Louise Dillard, who died at Roswell as a result of knife wounds on the night of June 3.

Log Rolling That's Not Political

Few of the visitors to A Century of Progress exposition in Chicago have ever seen the loggers of the North and Northwest at work, so they are interested and excited by the exhibitions of log rolling given there. Peter Hooper and Sam Harris are the experts in the photograph.

NEW GAME REFUGES ARE ESTABLISHED

The Tularosa quail refuge and six small refuges, spread over the prairie chicken country in the sand hills of southern Roosevelt and northern Lea counties, have been created, State Game Warden Elliott Barker said Monday. These are Bowley, Levelland, Williams, Bluit, Munselle and Gordon refuges.

The Pecos refuge has been abolished since it appears that it is no longer needed for protection of the Pecos elk herd, together with the San Mateo, Animas and White Creek refuges. Each of the three latter is located in high rough country and more or less self-protection, Barker explained. New refuges to replace these will be established in lower and more accessible areas.

The Bullard Peak refuge in Grant county also was abolished on the recommendation of J. Stockley Ligon. It is said to have served its purpose in re-establishing deer in this section. The Burro mountain range in the same locality is believed to afford sufficient protected area for the locality.

HOBBES MAN KILLED WHEN PUMP FLYWHEEL BURSTS

Robert A. Pirkle, 41, farmhand employed on the A. C. Chesher farm east of Hobbs, was killed instantly Thursday when the flywheel of a water pump, near which he was working, flew to pieces. Fragments crushed his head. The body was shipped to Tulsa, Oklahoma for burial.

DEPOT LOOKS GOOD TO ROBBERS

Santa Fe officials and Chaves county officers have agreed that there is something attractive about the depot building at Lake Arthur. Thursday night thieves entered the building for a third time in recent months and took a steamer trunk.

SPECIAL COFFIN IS BUILT FOR NEGRESS

A special coffin had to be arranged for the body of Mrs. Elizabeth Conger, 38, negress who died at Carlsbad Saturday night at 12:30 o'clock. Mrs. Conger weighed 417 pounds despite the fact that she was small in stature.

ANNOUNCING

The new hours which will be observed in the delivery of ice, effective June 16th

Regular delivery hours will be 7:30 to 11:00 a. m.—3:00 to 5:00 p. m.

LOW PRICE CARS VS. CHEAP CARS

We do not build a low-price car: the cost to us of building our car is pretty high.

But we do sell a high quality car at a low price.

Almost every new Ford V-8 car we have built so far this year, has cost more to manufacture than its selling price was. As you buy them at only \$490 to \$610, we have to depend on increasing volume to make up the difference.

The reason for this is simple: — a manufacturer who gives good value must expect to lose money on the first cars he sells because he cannot charge all his costs to the people who are first to buy.

But with the purchaser it is different — he cannot afford to lose anything on a car. It must give him full value from the first, and keep on giving him full value for years.

Two things make possible our combination of low prices and high cost quality:

1. Volume Production
2. Taking only one profit

First, we set our price at what would be fair to the public on the basis of economies we enjoy in volume production. Then, in order to justify and maintain our low price we must get volume sales.

Thus it comes that a car which is really high-cost to make, is also low-cost to buy.

There is a difference between a cheap car and a low-priced high quality car.

Ford prices are always fixed at a point which makes it profitable for a customer to buy.

Good and lasting business must produce profit to the buyer as well as to the seller. And of the two, the buyer's profit must be, comparatively, the larger one.

It pays us to sell the Ford V-8 because it pays you to buy it.

Henry Ford

Social Activities

SURPRISE PARTY FOR MISS NELDA WILSON

Miss Mary Lynn Haley and Miss Wilma Robinson were joint hostesses when they entertained with a lovely bridge party at the home of Miss Haley Saturday evening, complimenting Miss Nel-da Wilson, bride-to-be.

Plans were very cleverly worked out by the hostesses which made the party a complete surprise to the honor guest. She accompanied Miss Robinson to the home of Miss Haley in answer to a telephone call and upon their arrival found a group of friends who led her to a table which was laden with many gifts for a bride's kitchen.

After the gifts were each admired by Miss Wilson a session of auction bridge was enjoyed, after which dainty refreshments were served. Mrs. Wm. Compton received the high score prize and Mrs. Harvey Yates consolation.

Those who honored the bride-to-be were: Misses Margaret Nellis, Lillian Heflin, LaRue Mann, Margaret Frisch and Louise Compton and Meses. Harvey Yates, Wm. Compton, Carl Folkner and Marl-ton Graham.

GIRL SCOUT BENEFIT PARTY MONDAY EVE

One of the nicest entertainments in the history of the Girl Scout organization was given by the Scout council who were assisted by the scout leaders and the scouts themselves at the American Legion last Monday evening.

Auction and contract bridge, jig saw puzzles and other games were enjoyed by those present until 10:30 o'clock when delicious refreshments were served by un-formal scouts to about one hundred guests. Following the refreshment hour games were continued by a few while a good number danced the remainder of the evening.

The council and the entire organization are very appreciative of the splendid cooperation and interest shown by the citizens of this community.

The proceeds were a bit beyond their expectations, about thirty dollars was realized. All current bills will be paid and badges will be bought for the scouts who have earned them.

LEGION AUXILIARY

The regular monthly meeting of the American Legion Auxiliary was held at the Legion hut Monday afternoon, with Mrs. Alex McGonagill presiding.

A flag day program was given by Miss Mollie King, who is the Americanism chairman. The members responded to the roll call by giving a flag tribute.

The life of Abraham Lincoln was read by Mrs. Charles Morgan. June is Fidac month. Mrs. J. L. Briscoe, Fidac chairman gave details of the 1933 Fidac conference which is to be held at Morocco in September. She also gave details of the Fidac doll contest in which three national prizes are to be given.

Mrs. Frank Linell read the message of Mrs. Alford Blackburn, national president, the subject of her message was: "The Auxiliary Service Record."

Mrs. G. W. Lacy of Harrison, Nebraska was a guest for the afternoon.

Mrs. Charles Morgan, Mrs. Irvin Martin and Miss Mollie King were joint hostesses. They served delicious refreshments at the close of the program.

ENGRAVING—THE ADVOCATE DR. WELSH AND FAMILY ON MOTOR TRIP

Dr. and Mrs. Edward Welsh and small son, Billie left in their car early Sunday morning, their first stop will be at Ames, Iowa where they will visit. Dr. Welsh is a former student and also a former member of the faculty of the Iowa College at Ames. They will make a brief stop at Madison, Wisconsin before going to Chicago where they will spend several days at the Century of Progress Exposition.

From Chicago Dr. and Mrs. Welsh will drive to Youngstown, Ohio, where they will visit his mother, Mrs. Laura Welsh and sister, Mrs. William Meade and family. Mrs. Welsh who has been ill for some time will return with her son and family if her condition permits her to do so.

BRIDGE OF THE MONTH CLUB

Mrs. W. E. Flint entertained members of the Bridge of the Month club at her ranch home last Friday afternoon.

A most delightful afternoon of contract bridge was enjoyed on a spacious screened porch. Mrs. Carl Bildstone won high score prize and Mrs. J. Harvey Wilson second high.

Mrs. Flint served delicious refreshments at the close of the games to members and Miss Catherine Clarke and Miss Lillian Phelps who were club guests.

THURSDAY BRIDGE CLUB

Mrs. Charles Morgan entertained members of the Thursday Bridge club and Mrs. Alf Coll a substitute, at her home Thursday afternoon. After a number of rounds of bridge Mrs. Lapsley received high score and Mrs. Albert Glasser the second high.

Mrs. Lacy, mother of Mrs. Morgan was a guest at the refreshment hour, when the hostess served a delicious refreshment course.

H2O PLUS BRIDGE CLUB

Mrs. J. B. Atkeson was hostess to members of the H2O Plus Bridge club at her home Friday afternoon. Plus has been added to the name of the club since they decided to take a bit of nourishment with their glass of water.

Miss Ruth Morgan who is a splendid instructor gives a lesson on the new Culberson contract rules at each meeting. High score on this occasion was made by Miss Morgan. Light refreshments were served by the hostess.

Wedding announcements, printed or engraved—The Advocate.

FRIDAY EVENING CLUB

Mr. and Mrs. Dick Vandagriff were host and hostess to members of the Friday Evening Bridge club at their home last Friday.

High score club prize went to Mr. and Mrs. Vandagriff at the close of a most pleasant evening of auction bridge, with low going to Mr. and Mrs. Boone Barnett. Light refreshments were served to the members and Miss Mary McCaw and John Richards who were guests.

JR. PASTIME BRIDGE CLUB

Helen Merideth Gates was hostess to members of the Junior Pastime Bridge club last Thursday afternoon at the home of her parents, Mr. and Mrs. V. L. Gates.

Mary Katherine Woods was the winner of high prize, the booby went to Nina Mae McLean. The hostess served light refreshments to her guests. Miss Joan Wheatley was a guest of the club. Members present were: Florine Muncy, Irene Gillispie, Carolyn Seale, Lela Bess Mann, Nina Mae McLean, and Mary Katherine Woods.

FIRST AFTERNOON CLUB

Mrs. S. E. Ferree was a very gracious hostess to members of the First Afternoon Bridge club at her home Tuesday afternoon.

Bright colored summer flowers decorated the large living room where a session of auction bridge was enjoyed. Mrs. J. J. Clarke held high score at the conclusion of the games.

A silver offering was made by each member and guests present which amounted to \$3.10, this will be turned over to the community chest by Mrs. Ferree. Tasty light refreshments were served by the hostess.

Those present were: Meses. S. D. Gates, Yates, Hightower, Anderson, John Lanning, Rowan, C. R. Blocker, Clarke, Stanley Blocker and Meses Catherine Clarke and Dora Russell.

PUCKETT—ZUMWALT

The marriage of Miss Virginia H. Puckett to Floy R. Zumwalt at Carlsbad Monday morning will be of interest to friends of the family here. The bride, a teacher in the Central school last year, was reared in the Hope community. The groom served as principal in the Lower Cottonwood school. An account of the wedding is contained in the Carlsbad Morning Sun.

The marriage of Virginia Hunt Puckett and Floy Raymond Zumwalt was solemnized Monday morning at ten o'clock with a simple home ceremony. The Rev. A. E. Johnson, pastor of the Church of Christ at Hope, and an old friend of the family, read the service, using the double ring ceremony.

Gladney Zumwalt, brother of the groom, acted as best man, and Miss Edna Puckett, sister of the bride, was bridesmaid. Mrs. Annie Davidson played Lohengrin's Wedding March.

The bride was charming in white organdy and accessories to match, carrying a bouquet of white rosebuds. The bridesmaid wore pink and blue, with a bouquet of mixed cut flowers.

At the conclusion of the ceremony a delightful wedding breakfast was served to the following: Mr. and Mrs. J. L. Williams of Malaga, Mrs. Annie Davidson, Mrs. Claude Brown, the Misses Louise Davidson, Edna Puckett, Messrs. Plez Puckett, Otis Winburn, the bride and groom, Mr. and Mrs. F. R. Zumwalt and the hosts, Dr. and Mrs. O. E. Puckett.

The young people left Monday to spend a few days at a Nogal, the home of the groom's parents, Mr. and Mrs. A. B. Zumwalt. Later they will go to Greeley, Colorado to attend the summer session of the State Teachers' College located there.

Wedding announcements, printed or engraved—The Advocate.

IDLEWHILES MORNING BRIDGE PARTY TUES.

Mrs. G. U. McCrary was hostess to members of the Idlewhiles Bridge club and a number of guests at her home Tuesday morning.

Contract bridge was played at three tables from 9:00 until 12:00 o'clock when the hostess assisted by Miss Elsie Jernigan served a delicious luncheon. Mrs. Albert Richards was presented the high score guest prize.

Club members who enjoyed this pleasant morning with Mrs. McCrary were: Meses. Cox, J. H. Jackson, Nellis, Green and J. W. Berry. Other guests were: Meses. Albert Richards, E. T. Jernigan, Harry Jernigan, Frank Linell, Howard Williams, Nevil Muncy and Mrs. Keith McCrary of Roswell. Mrs. J. B. McGhee of Roswell was also a luncheon guest.

MONDAY CONTRACT CLUB WITH MRS. LANNING

Mrs. John Lanning was at home to members of the Monday Contract Study club last Thursday.

At one o'clock a delicious covered dish luncheon was served, followed by an afternoon session of contract bridge. At the conclusion of the games Mrs. L. P. Evans held high score. This was the last meeting of the club until after the vacation season.

Guests of the club were: Mrs. Mark A. Corbin and Mrs. Stanley Blocker. Members present were: Meses. Dexter, Raymond Bartlett, Hightower, L. P. Evans and Bigler.

BIRTHDAY PARTY (Delayed)

A birthday party was given at the home of Mr. and Mrs. W. A. Beard of the Oil Field last week in honor of their daughter, Louise's twelfth birthday. The guests played games until four o'clock and then refreshments of pink ice cream, lemonade and cake were served. Those enjoying this afternoon of fun were: Meses Margaret McCrary, Ruth Wylie, Donna Bell Morris, Pearl Estelle Camp, Inez Standard, Ruby and Rhea Smith, Mr. and Mrs. W. A. Beard and the hostess, Louise.

FAMILY DINNER SUNDAY

Mrs. W. S. French was hostess at a family dinner Sunday at one o'clock, her guests were: Mr. and Mrs. O. M. Scoggins and children of Hope, Mr. and Mrs. H. R. Young of Pinos Altos, Thebert French and Miss Inez Marley of Roswell, Mr. and Mrs. George Gage and family and Miss Ruth French.

MISS LUCILLE ROWLEY ON EXTENDED TRIP

Miss Lucille Rowley a member of the Junior high school faculty, left last week for a seven weeks' trip. She joined the Wichita, Kansas School Omnibus at Dallas.

The scheduled trip will take her to the Atlantic coast including a visit to Washington, D. C., New York City and Montreal, Canada. The return trip will include several days at the "Century of Progress Exposition" at Chicago.

ENGRAVING—THE ADVOCATE

FAIR AMAZES LEO

Leo, famous lion of the films, is now one of the exhibitions of A Century of Progress, and to judge from his expression he is amazed by the wonderful exposition that Chicago has built.

MISS WILSON BECAME BRIDE OF MR. STEWART COMPTON YESTERDAY

Miss Nel-da Wilson, daughter of Mr. and Mrs. B. D. Wilson became the bride of Mr. Stewart Compton, son of Mr. and Mrs. R. D. Compton, Wednesday afternoon at 3:00 o'clock at the home of her parents.

Miss Louise Compton sister of the groom and Miss Margaret Nellis with Miss Mary Lynn Haley at the piano sang, "O Promise Me." Miss Haley played the Lohengrin wedding march as the bridal party entered.

The beautiful ring ceremony was read by The Rev. F. C. Rowland of the Baptist church, under an arch of fern and pink cut flowers. Baskets and vases of garden flowers tied with pink tulle were artistically arranged throughout the house.

Mrs. Wm. Compton, the bride's only attendant wore a gown of fluffy green organdy, with white accessories, and carried a bouquet of mixed pink flowers. William Compton, brother of the groom was his best man.

The bride wore a green organdy gown with a short pleated cape reaching to the shoulders with puff sleeves showing beneath. Her long, close fitting gown swirled to a fullness below the hips. All accessories were of white and she carried a large bouquet of pink roses.

Immediately after the wedding ceremony an informal reception was held, with Mrs. B. D. Wilson and Mrs. R. D. Compton presiding at the table which was covered with a lace cloth over pale green and centered with a bowl of pink snapdragons. The white wedding cake in three tiers was decorated with pink rose buds and green leaves, a tiny ladder led up to the third tier which held a miniature bride and groom. The dress of the miniature bride was an identical copy of the dress worn by the bride of the day. Mrs. F. C. Rowland was the clever artist responsible for the beautifully decorated cake.

One room was used to display the many wedding present which had been received by Mr. and Mrs. Compton.

Mrs. Compton is a very popular member of the younger social set and is a graduate of the Artesia high school with the class of 1932. Stewart Compton the second son of Mr. and Mrs. R. D. Compton is a splendid young man, he is a graduate of the Artesia high school, a member of the class of 1929 and spent two years at the University of New Mexico. At the present time he is associated with his father in the oil business.

The bride's traveling suit was of blue flat crepe with egg shell accessories. Miss Lillian Heflin caught the bride's bouquet which was thrown as the young couple left by motor for El Paso. They will also visit a number of places of interest in New Mexico before joining Mr. and Mrs. R. D. Compton, Kenneth and Miss Louise and Mr. and Mrs. William Compton on a trout fishing trip above Taos next week. On their return they will be at home to their friends near the Diamond refinery, in their own home which is completely furnished and ready for occupancy.

Wedding guests other than the immediate families were: Meses Margaret Nellis, Mary Lynn Haley, Wilma Robinson, Lillian Heflin, Margaret Frisch, Mrs. Carl Folkner, Mrs. F. C. Rowland and Melvin Jernigan.

CELEBRATES THIRD BIRTHDAY ANNIVERSARY

Mrs. Howard Gissler entertained with a lovely birthday party for her little daughter, June Ann on her third birthday Tuesday afternoon of last week.

There were twelve little guests who helped June Ann celebrate on this occasion with a number of the mothers present also. The little honor guest was delighted with the many gifts received.

A beautiful birthday cake which was baked and decorated by June Ann's grandmother, Mrs. William Gissler, bore three tiny candles and was served with pink ice cream. Each little guest was presented a favor.

MIERCOLES BRIDGE CLUB

Mrs. Elza Swift entertained the Miercoles Bridge club at her home yesterday afternoon. Tall Sweet Williams from her garden were used as decorations. Seated at contract were: Meses. Joe Hamann, Thomas S. Cox, Albert Richards, Virgil Wells, Howard Williams, Aubrey Watson, Hollis Watson and Mrs. Swift. At the conclusion of the games Mrs. Wells was the winner of high score prize. A delicious ice course was served by the hostess.

ENTERTAINED AT BRIDGE

Florine Muncy and Rachel Adel Swift entertained at bridge Tuesday afternoon at the home of Mr. and Mrs. H. L. Muncy. Seated at two tables of bridge were: Helen Merideth Gates, Marjorie Walker, Mary Catherine Woods, Carolyn Seale, Ann Adell Williams, Irene Gillispie and the two hostesses. At the close of the games a delicious ice course was served.

Miss Mildred Rowley is here this week visiting her parents, Mr. and Mrs. H. G. Rowley. She will return to her home in Portales the latter part of the week.

SOCIAL HOUR HONORING BISHOP S. B. HOWDEN

Members of the St. Paul's Mission held a social hour at the home of Col. and Mrs. A. T. Woods, Sunday after their evening worship, honoring Bishop S. B. Howden of Albuquerque who made his annual visit here at that time.

PRESBYTERIAN YOUNG PEOPLE AT CONFERENCE

The Presbyterian Young People's conference is in session this week at their summer camp in the Sandia Mountains. The Rev. and Mrs. W. B. McCrary left early Monday morning to be in attendance. They took with them Miss Joan Wheatley, Miss Dawn Hornbaker, Miss Thelma McCaw and W. A. Bryan, Jr.

MISS WHEATLEY TO TAKE COLLEGE BOARD EXAM.

Mrs. Rex Wheatley with her daughter, Miss Jeanne and her niece, Miss Virginia Gates expects to leave Saturday for Otowi, this state, where Jeanne will take the College Board examination at the Los Alamos Ranch school, on Monday, Tuesday and Wednesday of next week. En route they will visit the Presbyterian Young people's conference, which is in session in the Sandia Mountains.

A card received Tuesday from J. Clarke Bruce, Artesia high school teacher conveys the information that the family has left Chance, South Dakota after a short visit and were en route to Boulder, Colorado, where Mr. Bruce expects to finish his master's degree at the University of Colorado this summer.

COTTONWOOD ITEMS

Bert Thompson is visiting at the J. H. Felton home.

J. A. Reed and son, Burton were Carlsbad visitors Friday.

The Rev. Klassen of Hope filled his regular appointment at the Cottonwood church Sunday.

Mr. and Mrs. Archie McDonald and family of Vaughn visited her sister, Mrs. Glenn O'Bannon and family last week.

A high wind last week wrecked the residence of Julius Terry on his homestead, but the building has been replaced.

A number of Cottonwood and Artesia fishermen spent the day visiting on the Cottonwood and at Clark Lake Sunday.

Mr. and Mrs. J. A. Basel of San Angelo, Texas arrived Sunday to spend a week here visiting friends and attending to business matters.

Mr. and Mrs. Whitlock and family of Spur, Texas, left for their home Wednesday after a short visit with their son, Bud Whitlock on the Malone farm.

Mr. and Mrs. Bill Zimmerman and daughter, Barbara of Waco, Texas left for their home last week after a visit with her sister, Mrs. Glenn O'Bannon.

Mrs. Watkins and little daughter of Arkansas were visiting her uncle, John Norris and family last week. Mrs. Watkins, formerly Miss Norris lived on the Cottonwood about twenty years ago.

A birthday party was given at the M. S. Brown home last week honoring the birthday of Mrs. Brown. A large number of friends who gathered to help Mrs. Brown celebrate the occasion enjoyed dominoes and bridge until a late hour when refreshments of fruit punch and cake were served.

FISH GOES CROSS COUNTRY

There are reports that the small armored Brazilian catfish, Corydoras paleatus, occasionally migrates on land by wiggling from a dried up pool of water. On land the fish breathes thru a supplementary "lung" in its intestines.

HOW SHE LOST 18 POUNDS OF FAT

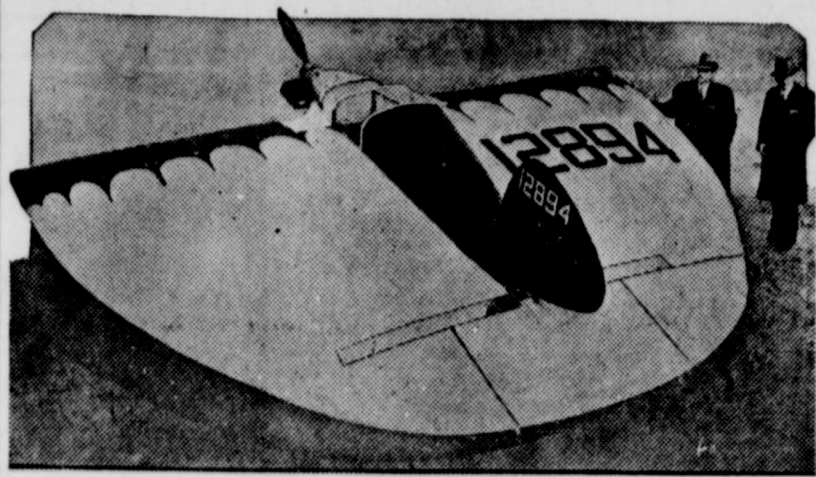

For Less Than \$1.00

"Will say in regards to Kruschen: I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought one more bottle today and expect to lose 18 more pounds. I now weigh 148 and feel fine." Mrs. Harry Robinson, Akron, Ohio (Jan. 6, 1933).

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back. ADV.

Here Is a New Kind of Airplane

The Arup, the invention of Dr. Cloyd L. Snyder of South Bend, Ind., with which he hopes to reach unprecedented altitudes, was tested at South Bend airport by Glenn Doolittle at an altitude of 2,200 feet. This new craft is the result of seven years of study and experimentation by Doctor Snyder on the principle of the flying wing. He believes that the Arup will revolutionize commercial aviation because of its unusual safety factors. It is so designed and constructed as to make a tailspin and a flatspin impossible and lands at a speed lower by five feet per second than does a 500 square foot area parachute.

HEALTH COLUMN

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

A MEDICAL STITCH IN TIME

A striking example of the money saving effected by early treatment was cited in conversation the other day by Dr. Walter Clarke, medical director of the American Social Hygiene Association. The minimum cost of treating a case of general paresis in hospital is, he said, twenty-five dollars per week. Now all cases of general paresis are caused by syphilis and if syphilis is treated early general paresis will not develop.

Under the most favorable conditions early syphilis can be treated for twenty-five cents a week. It costs the same to treat 100 patients with syphilis early in the disease as it does to treat a single patient with late syphilis. Moreover in the early stages the disease can be cured. In its later forms syphilis is fatal and the best that can be done is to postpone death and make the patient less uncomfortable. Late forms of syphilis include, besides general paresis (insanity), heart disease, aneurism and epilepsy.

It is unfortunate that in its early curable stage syphilis is nearly always painless. For this reason many people do not go to the doctor for treatment. Indeed many people, especially women, have syphilis without knowing it. But syphilis can be detected by a blood examination. Such an examination should be made at every regular physical examination. It should always be made early in pregnancy because if syphilis is present in the mothers blood the child will become infected unless the mother receives treatment. The state public health laboratory will make a blood examination for all patients who cannot afford the fees of a private laboratory.

MOVIE LAW INVALID

SANTA FE—The first attacked enactment of the 11th New Mexico legislature has expired.

Senate bill 155, known as the movie control bill, was stopped of enforcement in the state from now on by a permanent injunction issued in federal court after a three-judge hearing. Previously the state had been temporarily enjoined from enforcing the law.

The law would have made available all pictures produced to independent theater operators on an equal choice with operators of theaters owned or controlled by the distributors or producers. It also would have made misrepresentation punishable by a heavy fine and jail sentence. It gave the state corporation commission power to fix a "fair price" of pictures and set up other restrictions.

Attacked as violating the copyright laws, attempting to regulate a private business not a public utility and interfering with interstate commerce, the law was found by the court to do those things.

STOP ENFORCEMENT SB144

ALBUQUERQUE—Opponents of the administration's attempts to prevent the granting of injunctions to stop enforcement of senate bill 144, the delinquent tax collection law last week appeared to be victorious—at least for the moment.

Three district judges have granted orders restraining the treasury in Santa Fe, Union, Curry, Quay, DeBaca and Roosevelt counties from enforcing the law on the last day, June 12th.

Two or three injunctions issued may be taken to the supreme court. They were the one affecting Santa Fe and Union counties.

BIRTHS

A daughter was born to Mr. and Mrs. Carl Lewis Hawkins of the Cottonwood on June 8th. Mr. and Mrs. Manuel Chaves of Hope announce the birth of a daughter on Tuesday morning.

LAKE ARTHUR ITEMS

Miss Ella Ohlenbusch, Reporter

Misses Maggie and Alma Lane went to Weed last week to attend the Methodist Assembly.

Mrs. Oscar Moore of Artesia was visiting her parents, Mr. and Mrs. A. G. Lane, Thursday.

Miss Alene Wright of East Grand Plains was visiting friends in Lake Arthur over the week-end. Mrs. J. B. Crook and Mrs. J. W. Haven attended the Red Cross council meeting at Dexter Saturday.

Mr. and Mrs. W. R. Goodwin and family of Hagerman were visiting at the Cummins' home Sunday.

Mrs. McCordy of Roswell who spent last week with her sister, Mrs. Tom Monk, returned to her home Saturday.

Mr. and Mrs. Richmond Hams and mother, Mrs. Martha Hams of Hagerman were visiting friends in Lake Arthur Sunday.

Misses Essie Williams and Pauline Russell left Thursday for Muleshoe, Texas, where they are visiting Miss Williams sister.

Mr. and Mrs. John Turner and daughter, Mrs. Oran Smith left Tuesday morning for Elkins, this state, to visit Mrs. Turner's brother.

Miss Lois Bivens who has been attending Simmons University at Abilene, Texas arrived home Sunday to spend the summer with her parents.

Mrs. Moss Spence entertained the Lake Arthur baseball players with a party at her home Thursday evening. Light refreshments were served at the close of the pleasant evening.

Mrs. Thompson, nee Audrey Curry of Maplewood, Missouri was here visiting friends in Lake Arthur Sunday. She has been visiting her parents at Hagerman for the past several weeks.

Miss Ella Ohlenbusch accompanied Roy Slade of Hagerman, to Pecos, Texas Saturday where they took Miss Anna Slade to the train for Abilene, Texas, where she will attend the summer session of McMurry College.

Miss Gerlene Flowers arrived home Wednesday night to spend the summer with her parents, Mr. and Mrs. A. V. Flowers, from Las Vegas, where she has been attending the Normal University. Before coming here she visited her brother, Baker Flowers at Santa Fe for a few days.

Arthur, Wence and Ben McLarry motored to the road camp north of Roswell Saturday, where Wence and Ben stayed to visit with their brother-in-law, Lew Gibson. Arthur was accompanied home by Mrs. Gibson, who will visit with her parents, Mr. and Mrs. Ben McLarry, Sr., for a few days.

The Epworth League was entertained with a hay-ride and picnic Friday. The young people met at the Methodist church at 7:30 o'clock and from there they went by truck to the Felix river where a number of games were played and a picnic lunch served. The group was chaperoned by Mr. and Mrs. E. C. Latta.

Mrs. Murphy Hayhurst of Queen visited her parents, Mr. and Mrs. L. G. Syferd several days this week.

Miss Maud Kemp of Roswell, in charge of the federal relief emergency, was a visitor here yesterday.

W. A. Nicholas of Roswell, president of the New Mexico Oil Men's Association was transacting business here Monday.

Bill Craig of Roswell was here Tuesday and paid Paul Stroup a visit. He and Paul were school mates at State College.

Hollis Watson of Atlanta, Ga., a nephew of Hollis Watson of this city arrived Wednesday and will spend the summer with his uncle and family.

Mr. and Mrs. Robert Chatten were here from their ranch home north of Roswell for a week-end visit with his sister, Mrs. Bert Muncy and family.

C. J. Stillwell of Roswell, secretary-treasurer of Kemp Lumber Co., spent Monday here assisting in the semi-annual invoice of the local Kemp yard.

Mrs. Nevil Muncy had as her guests Sunday, her mother, Mrs. G. W. Brookshire and sister, June Todd of Roswell and her brother, Kirk Brookshire of Carlsbad.

Col. and Mrs. A. T. Woods and Mary Catherine left Wednesday for Santa Fe where the Col. will attend to business while Mrs. Woods and daughter visit for several days.

Mr. and Mrs. H. R. Young of Pinos Altus who have spent several weeks here visiting her mother, Mrs. W. S. French and other relatives expect to leave today for their home.

Mr. and Mrs. C. W. Bartlett had as their guests last Thursday, their daughter, Mrs. Glenn Leonard, Mr. and Mrs. Henry Brockman and children, and Mrs. Edith Brockman, all of Carlsbad.

Tex Henson drove over with Mrs. Henson from their home at Hobbs last Saturday. Mrs. Henson is spending the week with her parents, Mr. and Mrs. C. E. Mann. Mr. Henson returned after a week-end visit.

Mr. and Mrs. Rufus Stinnett of Des Moines, this state arrived Tuesday for a visit with Mrs. Stinnett's parents, Mr. and Mrs. Arba Green. They have just returned from several weeks' visit with relatives in Kansas and Texas.

Floyd Snyder and Miss Sybil Burrows of St. Louis, Missouri arrived here yesterday for a short visit with Mr. Snyder's son, and daughter, Floyd, Jr., and Patsie who are making their home with Mr. Snyder's sister, Mrs. John Gage and family.

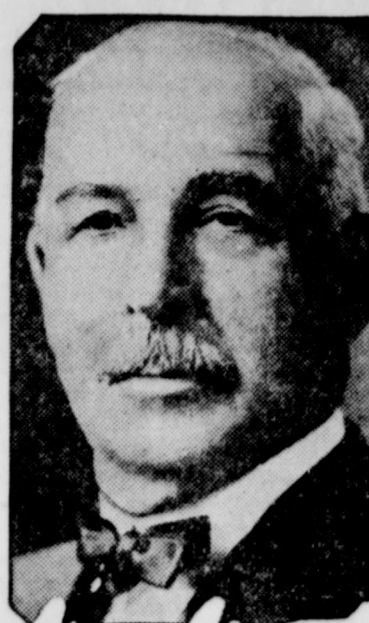

Miss Ruth Russell sister of Dr. C. C. Russell of this city, who is librarian at the University of New Mexico at Albuquerque will continue her duties there this summer, and will probably spend the latter part of August here with her brother and family.

Mrs. Floyd Waltrip and small son, who have been visiting at the home of her parents, Mr. and Mrs. T. H. Flint for several weeks returned to her home at Houston, Texas last week when her father made a business trip to Houston and San Antonio. Little Betty Flint accompanied her father and sister on the trip and will spend the summer in Houston with Mrs. Waltrip.

Mrs. S. S. Ward and daughters, Miss Jack, Miss Lola and Mrs. J. P. Hare returned Tuesday evening from a visit to "Century of Progress Exposition" at Chicago. Miss Jack who had been in school at St. Charles, Missouri, joined her mother and sisters there. They report a wonderful trip even though the heat was oppressive at times. The return trip was made by Denver, Colorado.

Mrs. J. B. Muncy had as her guests her mother, Mrs. H. H. Trussell and her sister and husband, Mr. and Mrs. Fred Freeman of Denton, Texas. They arrived last Thursday, Mrs. Freeman will spend the summer here. Mr. and Mrs. Freeman left Monday going by way of Hobart, Oklahoma and were accompanied by Miss Vivian Reeves who will spend the summer there with her sister and family.

NEBRASKA SENATOR

William H. Thompson of Grand Island, a former Nebraska Supreme court judge, who was appointed United States senator from that state to fill the vacancy caused by the death of Senator R. B. Howell of Omaha.

LEA OIL PROPERTY APPRAISAL COMPLETED

Pat Reilly, former Artesia resident who is a member of the board of appraisers appointed by the state tax commission to appraise oil property informs us that he has completed his labors in Lea county, adding about \$2,200,000 to the Lea county tax rolls as result of the work and will soon start appraising the oil properties in Eddy county. From Eddy county Mr. Reilly will go to San Juan county.

MAY TWINS

Five sets of twins were born in Eddy county during May, it was revealed when the vital statistics reports for May was issued by the county health office.

Births far outdistanced deaths, 64 babies being born in the county during the month while but 20 deaths were recorded. Thirty-three of the babies were girls and 31 were boys.

Births by communities follow: Carlsbad, 33; Artesia, 12; Malaga, 9; Loving 6; Hope, 3; Lakewood, 1.

FIRST BALE 1933 COTTON

HOUSTON, Texas—The first bale of the 1933 cotton crop grown in the United States reached Houston Tuesday and was sold to the cotton exchange for \$150.

The cotton was grown in the lower Rio Grande valley and was ginned at Mission.

COTTON AT CLOVIS

The cotton acreage in the Clovis section will total about 2,000 acres this year, it is estimated. A tire dealer gave away sufficient seed to plant 2,000 acres in cotton to encourage the growing of a new crop in that section.

DAUGHTER-MOTHER DIES

Roy Phillips received news Sunday of a double tragedy which occurred at the home of his brother, near Washington, D. C. Mr. Phillips' daughter died Saturday evening about nine o'clock and her mother died four hours later, presumably from the shock. Details as to the cause of the first death were lacking. Mr. Phillips boarded a bus Sunday afternoon to attend the funeral services.

Dr. C. E. Donnell, his daughter, Lillian and son, Charles Edward of Canyon, Texas and Miss Ruel Alexander of Silverton, Texas were guests of Mr. and Mrs. L. M. Friend Thursday of last week.

DEAD CAT FISH FOUND

About thirty large cat fish were found dead north of the mouth of the Pecos river last week by M. Stevenson, deputy game warden according to reports. The fish weighed from twenty to fifty pounds. The cause of the death of these fish are yet a mystery, early reports say. Several dead fish were found near the Dayton bridge and others were found as far north as the Pecos river bridge east of town. Two theories have been advanced as to the cause of their death, one that the waters of the Pecos caused probably from a rise chilled and killed the fish and the other is that the waters might have become contaminated.

Local sportsmen say the cause of the death of a number of cat fish between the Artesia and Dayton bridges on the Pecos has been fairly definitely established after an investigation by the state game department officials and is due to a rise in the Felix river. The rise of the Felix was caused by a rain and hail and the cold waters rushing into the Pecos were chilled by a large number of hail stones.

CHAVES PAYS \$100,000

Collections in Chaves county on delinquent taxes for 1931, 1932 and prior years amounted to approximately \$100,000, it was announced at the county treasurer's office Monday night.

CARL C. MAGEE HAS RESIGNED OKLA., DAILY

The Oklahoma News, Scripps-Howard afternoon newspaper published at Oklahoma City, announced that Carl C. Magee, editor of the newspaper, has resigned. G. B. Parker, editor-in-chief of the Scripps-Howard newspapers, who formerly was editor of the News will be in charge of the paper temporarily.

Mr. Magee was former editor of the State Tribune, published at Albuquerque and is well known in political circles over the state.

PINK BOLL WORM ASS'N.

A Texas Pink Boll Worm Association has been formed in west Texas with headquarters at Pecos, Texas the object of the association is to foster legislation with a view to securing refunds from the money expended in sterilizing and fumigating cotton against the pink boll worm.

Brooks, deceased, has filed in the above entitled Court and cause, his Final Account and Report as such Executor, and the said Court

THE FAMILY NEXT DOOR

WHAT DOES THE AVERAGE MAN READ

What does the average man read? Attempting to answer this question the American Newspaper Publishers' Association canvassed the reading habits of a representative group. The results indicated that men average twenty-five minutes a day on magazines and one-half of the men average less than one book a month. In other words men spend twice as much time on magazines as on books and five times as much on newspapers. This ought to be interesting to those who advertise. From the standpoint of culture the radio may be deplored, but in the present day of better newspapers the columns contain much that is neither trivial or ephemeral.

has set the 8th day of July, 1933, at the hour of ten o'clock a. m. at the Court House at Carlsbad, New Mexico, at the Court Room of said Court, as the day, time and place for the hearing of said Final Account and Report. You are further notified that on said day the Probate Court will proceed to hear objections to such Final Account and Report and to settle same, if any there be, and to determine the heirship of said decedent, the ownership of her estate, and the interest of each respective claimant thereto and therein and the persons entitled to the distribution thereof. You are further notified that the attorney for the Executor is James W. Stagner, whose Post Office address is Carlsbad, New Mexico.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 25th day of May, 1933. (SEAL) RUTH S. NYE, County Clerk

NOTICE FOR PUBLICATION Department of the Interior, U. S. Land Office at Las Cruces, New Mexico, May 31, 1933. NOTICE is hereby given that Allan L. Mann, of Artesia, New Mexico, who on June 26th, 1928, made Homestead Application No. 035621, for W 1/4 SW 1/4 Section 26 and W 1/4 NW 1/4 Section 35, Township 16-S., Range 26-E., N. M. P. Meridian, has filed notice of intention to make three year proof, to establish claim to the land above described, before S. W. Gilbert, U. S. Commissioner, at Artesia, New Mexico, on the 13th day of July, 1933.

ROTARIANS HEAR ABOUT FLAG DAY TUESDAY Lake Frazier, Roswell attorney was the principal speaker at the luncheon program of the Artesia Rotary club Tuesday and discussed the observance of "Flag Day," which occurred yesterday and the proper usage of the flag for various occasions. Pat Patterson of Roswell was the only visitor. Next Tuesday, the club will observe "Daughter's Day." Each Rotarian is requested to bring his daughter or some other girl.

EIGHTEEN TAKE EXAMS Eighteen persons took the examination Friday at Roswell for positions on the New Mexico highway patrol, which was created by the last legislature.

The Rev. Sterling of Dayton delivered a sermon at the Baptist church Sunday morning and evening. Mr. and Mrs. Ed Bryant of Carlsbad visited Mrs. Bryant's parents, Mr. and Mrs. Dee Swift Sunday. All of the ranchmen near Hope plan to shear soon. L. P. Glasscock began shearing and sending in his wool Tuesday. Mr. and Mrs. McKewen Johnston of Portales, arrived Saturday to spend the summer with their daughter, Mrs. Bryant Williams. Betsy Parks returned from Weed Sunday after spending the week at the Boy Scout camp where the Methodist assembly was held. Mr. and Mrs. F. E. Fite and daughters, Effie and Mrs. Ernest Fleming of Pinon, left Sunday for Pasadena, California where they will visit relatives and friends during the next month. Mr. and Mrs. Lee Moore and Aline Moore who are here from Harlingen, Texas visiting the E. A. Traylor family, and Odessa and Ernest Traylor were Carlsbad Cavern visitors Tuesday. Dock Teague, formerly of Hope is ill in El Segundo, California, after being seriously injured in an automobile wreck. One of the occupants of the car in which he was riding was fatally injured. Mrs. Howard Wingfield and children of Camp Verde, Arizona and Miss Myrtle Cox of Winslow, Arizona who have been visiting their parents, Mr. and Mrs. E. P. Cox, returned to their homes on Tuesday. Mr and Mrs. J. V. Reed left Monday for Lake Valley and Las Cruces, this state, where they will visit during the next two months with their daughters, Mrs. Iona Wallace and Mrs. Arthur Brewer and families.

MORGANS DIRECT 89 CORPORATIONS

WASHINGTON, D. C.—Senate investigators of J. P. Morgan and Co., Monday disclosed evidence that members of the huge banking firm are directors of 89 corporations and banks with total assets of more than \$20,000,000,000. The statistics gathered to show the extent of the firm's influence and placed in evidence at the closing of the hearing Friday but just made available for publication on Monday, probably will be used by those members of the investigating committee who plan legislation to limit the concentration of power thru financial channels. The same batch of evidence contained a consolidated list of the selected clients who were sold stock by Morgan and Company from 1927 to 1929 at bargain prices, showing a total of 700 individuals and corporations.

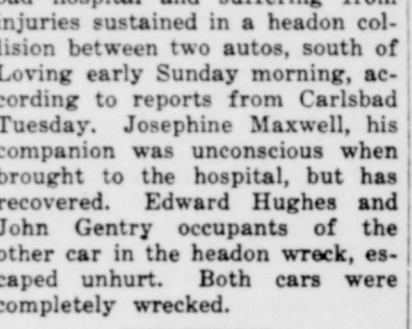

COURT AT LOVINGTON

Judge J. B. McGhee of Roswell left yesterday for Lovington to preside over a short term of the Lea county district court.

CARLSBAD MAN HURT

James Littlejohn, Carlsbad resident was unconscious in a Carlsbad hospital and suffering from injuries sustained in a head-on collision between two autos, south of Loving early Sunday morning, according to reports from Carlsbad Tuesday. Josephine Maxwell, his companion was unconscious when brought to the hospital, but has recovered. Edward Hughes and John Gentry occupants of the other car in the head-on wreck, escaped unhurt. Both cars were completely wrecked.

they're bitin'

And the real fishermen have got real fishin' equipment... Big Hig is not a mitigated liar, he's just a fisherman, having finished a course under his cook, John Moore. You can believe him and believe us when we say we got a good price on most any fishin' tackle—complete camping equipment also... including camp stoves, stools, Coleman lanterns, camp dishes, cots, etc.

The Annual Temptation

OIL LAW GIVES PRES. ROOSEVELT BIG STICK

WASHINGTON, D. C. — President Roosevelt will not have all the authority he wanted to speed the oil industry toward prosperity by limiting production and fixing prices, but the industrial bill, as Representative Marland, democrat of Oklahoma, puts it, "gives him a pretty big stick."

The Connally amendment added by the senate as it neared the end of its consideration of the broad industrial bill gives the president power to—

1. Initiate before the Interstate Commerce Commission proceedings to bring regulation of pipe line operations and to fix "reasonable, compensatory" rates for pipe line transportation.
2. Institute proceedings to divorce any pipe line company from any holding company if the pipe line company by "unfair practices or exorbitant rates" is tending to create a monopoly.
3. Forbid interstate transportation of petroleum produced or withdrawn from storage in violation of state laws or regulations.

As to the independent petroleum group, Russell B. Brown, counsel for it said it "will work for a code under the industrial control act which will insure equal protection to all and save from ruin a great representative group of American producers."

"This association has never been an advocate of federal control," he said, "but seeing its inevitability during the past few months has tried to secure special limitations on federal control either through a separate bill or thru an amendment to the industrial act. Those limitations would have given protection and the actual control to the oil industry itself rather than to the heads of a few great industrial groups."

"The fact that the petroleum industry could not agree upon a

program which would meet the emergency made it necessary for the federal government to step in and take some action.

"The next step will be to secure the best possible provisions in the code of practices that will be adopted."

"The authority given the president to embargo or limit importations and the section forbidding interstate commerce in "hot" oil, with the extension of the excise taxes on foreign petroleum for an additional year, will be of value to the independent portion of the industry but need to be supplemented by district provisions in the code which will meet the production problem."

Two weeks ago the president suggested in a letter to Vice-President Garner and Speaker Rainey that an oil control amendment be added to the industrial bill. The Interior Department was sponsoring a lengthy bill giving the secretary of interior power to decide how much oil was needed for the domestic demand, to allocate that production to the states, to prevent interstate transportation of petroleum above the allocations and to fix prices.

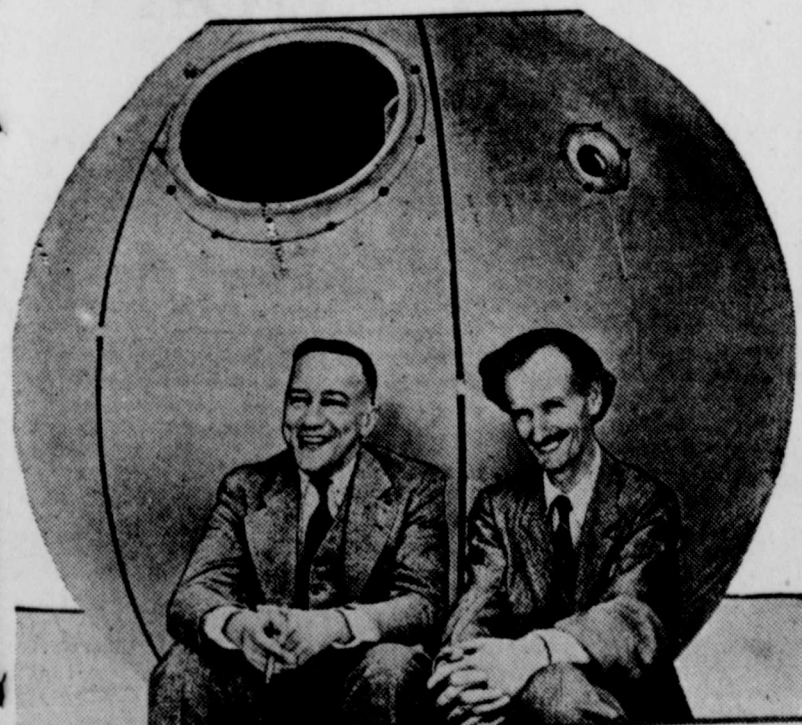

But when the president's letter was written, the interior department withdrew its immediate sponsorship of the longer bill and suggested, instead a 97-word amendment to the industrial measure.

That amendment, Sec. Ickes told congressional committees, had the approval of the president. It would have given to the president virtually the same powers that the longer bill would have bestowed upon the secretary of interior—except to fix prices.

SANTA FE LAND OFFICE REGISTER

Maurice F. Miera of Santa Fe last week was appointed register of the United States Land Office. The appointment of William J. Barker of Santa Fe as United States district attorney was protested, but so far as known the protests went unheeded.

Ready for Stratosphere Flight

Dr. Jean Piccard, scientist, right, and Lieut. Comm. T. G. Settle, United States navy, are shown with the metal gondola which is to be their home and laboratory in their attempted flight to the stratosphere early in July. The balloon, by which this 200 pound gondola is to be carried 10 or 11 miles up, will be 100 feet in diameter. The ascent will be made from Chicago.

LOCALS

Taylor Ross of Lakewood was trading in town Saturday.

Roy McLane, Lakewood rancher was trading in town Monday.

A. C. Brown of Hobbs, was visiting friends and attending to business matters here Monday.

R. L. Graham of Malaga, former Artesia resident was attending to business matters here Monday.

Mr. and Mrs. R. D. Compton, their son, Stewart and Miss Nelda Wilson were Roswell visitors Monday.

Arthur Horner is here from his home near Licking, Missouri, negotiating for cattle to ship to grass in Missouri.

Mrs. Allen Nelson, sister of Rude Wilcox and three daughters of Portales, visited Mr. Wilcox several days this week.

Mr. and Mrs. Roy Spivey returned last Friday from a five day wedding trip in which they visited Santa Fe, Taos and Albuquerque.

A. L. McBride, who is managing the McClay ranch near Seagraves, Texas spent Tuesday here visiting friends and attending to business matters.

Mrs. W. S. French, her daughter, Mrs. H. R. Young and husband of Pinos Altos, spent Friday at Hope with another daughter, Mrs. O. M. Scoggin and family.

Miss Sue Flint had as her guest over the week end Miss Rowena Shook, of Alto, this state. Miss Shook and Miss Flint were room mates at the state university this past year.

Little Billie Feather who had been visiting his aunt, Miss Shirley Feather of Roswell returned Wednesday of last week. He was accompanied by Miss Feather who remained until Friday.

Misses Catherine and Margaret Lane of Albuquerque were guests at the home of Col. and Mrs. Albert T. Woods Saturday night. The young ladies were en route home after visiting the Carlsbad Caverns.

John Cauhope, Hope rancher, passed through Artesia the first of the week for his home at Roswell. After spending a few days with his family, he expects to return with them to his ranch headquarters near Hope.

Mr. and Mrs. Hollis Watson and daughter, Helen, Mr. and Mrs. Roy Phillips, Mr. and Mrs. W. C. Martin and children and Mr. and Mrs. W. C. Thompson and children were among the visitors at the Artesia Sacramento camp Sunday.

John Casabonne son of Pete Casabonne, well known Hope rancher has recovered sufficiently from his injuries to be removed from the St. Mary's hospital at Roswell and is now on the Casabonne farm near Hagerman. John was seriously injured several weeks ago when a horse fell on him.

THE CHURCHES

COTTONWOOD CHURCH

Rev. John Klassen, Pastor.
Sunday school every Sunday at 10:00 a. m., I. H. Burgess, Superintendent.
Preaching every 2nd and 4th Sunday at 11:00 a. m. and 8:00 p. m.
Everybody invited to attend, you will be welcome.

ST. PAUL'S EPISCOPAL CHURCH OF ARTESIA

Rev. F. B. Howden, Jr., Rector.
Services held every Sunday evening except the First Sunday in the month at 7:30 p. m.
The church school meets at 5:00 p. m.
Holy communion, second Monday of each month, and at other times as announced.

FIRST CHRISTIAN CHURCH

9:45 a. m. Sunday school. C. O. Brown, superintendent.

CHRISTIAN SCIENCE SOCIETY

613 W. Main Street
10:00 a. m. Sunday school.
11:00 a. m. Sunday service.
The subject Sunday, June 18th, is: "Is the Universe, Including Man, Evolved by Atomic Force?"
Among the Bible citations is the following verse from Isaiah: "I have made the earth, and created man upon it; I, even my hands, have stretched out the heavens, and all their host have I commanded."
A correlative passage from the Christian Science textbook states: "The visible universe and material man are the poor counterfeits of the invisible universe and spiritual man. Eternal things (verities) are God's thoughts as they exist in the spiritual realm of the real. Temporal things are the thoughts of mortals and are the unreal, being the opposite of the real or the spiritual and eternal."

With no artificial barrier to sales in immediate prospect, the industry as a whole should show a comparatively small seasonal decline during the coming months, and should compare much more favorably with last year during the last half than it has so far into 1933, Mr. Knudsen observed.

FIRST BAPTIST CHURCH

Rev. F. C. Rowland, Pastor.
Sunday school 9:45 a. m. Fred Cole, superintendent.

Revival service 11:00 a. m. The Rev. Keating will bring special message. Subject: "Heaven." Some of the questions answered will be: Is heaven a place? When does the soul go to heaven? What happens five minutes after death? This will be a sermon well worth hearing.

B. T. S. 7:00 p. m. H. C. Morehead, director.

Evening revival service 8:00 p. m. Sermon by The Rev. Keating. Subject: "The Eternal Abode of the Wicked."

Mr. and Mrs. Frazier will render special music at these services. The public is cordially invited to attend this revival.

BAPTIST REVIVAL IN PROGRESS

The Frazier-Keating revival is now in progress at the Baptist church the services are being well attended and interest is increasing. The Rev. Earl Keating, the able young pastor at Alamogordo, is doing some splendid gospel preaching. Some of the subjects discussed during these services are: "Blockades on the Road to Hell," "The Unpardonable Sins," "When the Lights Go Out," "When the Chickens Come Home to Roost," "How Women Play the Fool," "How Men Play the Fool."

The Fraziers have charge of the music and bring special messages in song at each service. A large booster is already started and the adult choir is doing some splendid singing. The meeting will continue thru the 25th.

The public is cordially invited to attend these services.

ASSEMBLY OF GOD REVIVAL

The revival will continue all this week at the Assembly of God church. The interest is steadily increasing and the attendance is gaining as the meeting continues. The messages for the remainder of the week are messages that all should hear and take notes on. Thursday night, the subject will be "Lights on the Belfry." This message is on the sign of the times and contains all the scripture of the Bible on the Lord's

CHEVROLET OUTPUT INCREASED FOR 1932

With a total output of 68,538 new cars and trucks in May, the Chevrolet Motor company in the first five months of this year already has built more than 70 per cent as many units as in the full year of 1932, W. S. Knudsen, president and general manager announced recently.

May production was higher than at any time since June 1931, and was the second month this year to exceed in volume any single month of 1932, Mr. Knudsen said. The May figure of 68,500 units compares with 50,672 in the corresponding month last year, an increase of 35 per cent, and with 59,953 in April this year, according to the Chevrolet executive.

He said that from the first of this year through May 31 his company had built 276,827 new cars and trucks, or in excess of 37,000 over the same five months last year; this despite the interrupted schedules during the March bank holiday. Production for every month this year for the domestic market exceeded the corresponding months of 1932, he said, with the widest margin of gain over last year occurring in May.

Plant operations have continued at an accelerated pace into June, Mr. Knudsen said, with prospects that the month will compare much more favorably with May than did June last year, when federal excise taxes sharply curtailed sales during the latter part of the month, an adverse effect continuing thru the summer and early fall.

With no artificial barrier to sales in immediate prospect, the industry as a whole should show a comparatively small seasonal decline during the coming months, and should compare much more favorably with last year during the last half than it has so far into 1933, Mr. Knudsen observed.

Friday night another illustrated talk on "The Five Crowns." Saturday night "Divine Healing." Sunday night "Jesus of Nazareth the King of the Jews." Another second coming message that no one should miss.

FIRST METHODIST CHURCH

Rev. A. C. Douglas, Pastor.
9:45 a. m. church school for every age. George Frisch, superintendent.

11:00 a. m. morning worship. Sermon by the pastor. Subject will be: "Choosing a Master."

7:00 p. m. Junior and Senior Epworth Leagues.

7:30 p. m. evening worship. Sermon by the pastor. Subject: "Essentials to Religious Life." Visitors and strangers are always welcome.

PICK YOUR TRUCK from this low-priced line

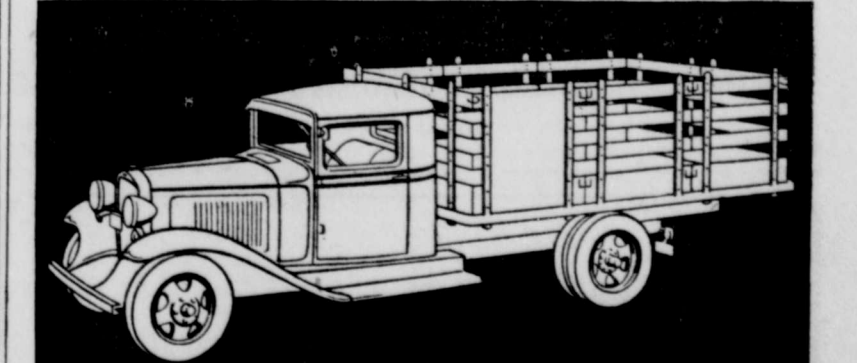

the most economical you can buy

For the big majority of today's truck owners, there's no longer any question of what truck to buy. They are making their selection from Chevrolet's line—the lowest priced six-cylinder trucks on the market. And it isn't just low price that makes them choose Chevrolet. These trucks, available in three wheelbase lengths, and a big variety of body types, cost less for gas, oil, upkeep and repairs than any other trucks. You can save with Chevrolet trucks, the most popular in the world.

CHEVROLET MOTOR COMPANY, DETROIT, MICHIGAN

SPEEDY HALF-TON PICK-UP—This model is helping many businesses improve service and cut hauling costs. The box is built of heavy steel. The cab is outfitted like a passenger car. Syncro-Mesh gear-shift. Can't be duplicated anywhere at **\$440**

ECONOMICAL STAKE TRUCK—A rugged model that has broken records for low operating and upkeep costs. Special features include solidly-built platform, steel sign panels, hinged center stake section. 131" wheelbase. A buy of buys at **\$655**

SMALLEST WHEAT CROP SINCE 1904

WASHINGTON, D. C. — The smallest wheat crop since 1904 is in prospect for the United States this year.
New estimates by the department of agriculture crop reporting board indicate that the yield will be the first this century below domestic needs.
The board indicated on the basis of June 1 reports, that production of winter wheat will be 341,000,000 bushels. The average production of this type from 1926 to 1930 was 589,000,000 bushels.
It reported that the condition of all spring wheat as of June 1 was 84.9 per cent of normal while its average condition on the same date from 1921 to 1930 was 85.8. It said there are indications that the spring wheat crop is "below average."
Based on the board's March intentions-to-plant report which indicated that spring wheat growers intended to cut acreage 2.5 per cent and up the average crop in past years, spring wheat production was unofficially estimated at 262,000,000 bushels, or a total crop of 603,000,000 bushels.

E. K. NEUMANN TO APPEAL INJUNCTION AGAINST TAX LAW

SANTA FE—Attorney General E. K. Neumann on his return to Santa Fe Monday said he would appeal the injunction against SB 144, the delinquent tax collection law, to settle the question on the referendability of the bill. He said the appeal would be taken "soon."
Meanwhile the sale has been stopped, it was figured, for this year at least, in those counties where injunctions were obtained. Since the time is specifically set out in the law for the sale, the injunctions have stopped the sale and there is little chance an appeal and decision can be perfected before the 17th of June which is the last day of the sale. Accordingly, the sale will be put over a year, it was said, in those counties where injunctions were obtained.

H. C. STEWART TO BE IN EDDY COUNTY ON 15, 16 AND 17 OF JUNE

H. C. Stewart, extension horticulturist will spend today, Friday and Saturday in the county. He and County Agent W. A. Wunsch will check the pecan grafts which were made this spring, and also they will inspect various gardens and cantaloupe acreage.
A farm process cheese demonstration was held at the Arlio Nichols farm Tuesday morning. This is a very good way to use sour milk. Fresh skim milk should be soured in from 12 to 18 hours, 75° F., will usually do this or a starter may be added. Cook clabbered milk until thick, as for making cottage cheese, drain curd thru cloth or colander. Place a quart of curd in a double boiler, add one teaspoon soda, two teaspoons salt, and 1/2 lb butter. If color is desired use 1/4 teaspoon liquid cheese color or 1/4 tablet of dry color, the tablet may be crushed and dissolved in cream. Butter coloring may be used if cheese coloring is not available. Heat slowly and stir constantly until a smooth, homogenous mass, free from lumps of curd is secured. Remove from heat and add one pint of rich, sour cream, thoroughly mix. A smoother product will be secured by continued stirring. Transfer to paper cartons or any convenient containers. A buttered bowl allows the cheese to be turned out when cool. The cheese is ready to eat as soon as cool. Anyone desiring further information may secure the same from W. A. Wunsch, county extension agent. Pimento cheese was also demonstrated. To make this use one teaspoon ground pimento to one cup curd.

Scots War on Thistle
War on the national flower and emblem of Scotland is being waged in that country. The thistle has been so prolific lately that it is becoming a menace to farmers, especially along the border. Small prizes were offered to school children who brought in the largest number of thistles, and one girl gathered 5,000 plants.

Wedding announcements, printed or engraved—The Advocate.

THE M. E. ASSEMBLY OFFICERS CHOSEN

The annual Methodist Assembly at Weed closed last Sunday at noon after a five-day session. There were in attendance at the Adult and Young Peoples' Assembly approximately 300. Two hundred and six young people were registered for classes, and sixty adults were present for the adult division. The faculty and visitors brought the number to the 300 mark. Those who have been heard to comment on the assembly pronounce it the greatest gathering in the history of the Methodist church in the state.
The Rev. Dwight L. McCree, a former Artesia resident, was elected dean of the young peoples' assembly for next year. The following officers were elected to serve one year: Miss O'Leeta Davis, of Clovis, president; R. A. McRea, of Alamogordo, vice-president; Miss Ara Smith, of Ft. Stockton, Texas secretary; Miss Sue Catherine Williams, of Carlsbad, treasurer and Ballard McClesky of El Paso, Texas, publicity superintendent.
The assembly formulated plans for the completion of several buildings on the assembly grounds so that the entire groups may meet on the church grounds during next year.

FISHING FAIR

Local anglers are having about the usual fisherman's luck since the opening of the bass season. A few good catches were reported the first of the season, but bass have not been biting so well recently. Several nice cat fish have been caught this week. The cat in fact are biting more readily than the bass.
M. W. Evans has a new theory on the cause of the death of some twenty-eight large cat fish found south of the Artesia bridge in the Pecos a few days ago. Evans says it was the muddy water that killed these fish and not the cold water as was first reported. He said cat fish examined had mud in their gills and it was the mud that "stifled" the cat to death.

PARENTS PLIGHT

The following letter which has been going the rounds in the Texas Panhandle was clipped from the Amarillo News and shows the plight of modern parents:
My Dear Daughter:
You ask me if your husband should keep his present position at an "adjusted" salary; but you forgot to tell me what he would do if he didn't. You and he couldn't very well come here just now. Your brother Sheridan's salary has just been "reconsidered." So he moved into his old room at home and brought his wife. Your sister Eloise telegraphed the next day that Wilfred had been offered a contract that was an insult. So your mother is airing out her room. Wilfred never could endure insults. Your sister Frances, who you will recall, has been a private secretary, wrote last week that if anybody thinks she is going to drop to the level of a common typist, they are mistaken. We expect her any day. With these and the younger children, I imagine that as long as Rupert's salary is merely being adjusted, he had better stay. An adjustment is nothing like a reduction. My own business is coming along fine. It was sold on the court house steps last Friday, but there were no bidders. So the sheriff let me keep it. That makes the best month I've had since the upturn.
Your Loving Dad.

Tobacco Seed Used as Food
Animals can live and thrive on a diet of little else but tobacco seed. This was proved by the Connecticut agricultural experiment station experts, who declare that when tobacco seeds are fully ripe they are entirely lacking in nicotine and so nutritious in quality as to make a good food for mammals. The doctors base this statement on results obtained from experimenting with albino rats. It was found that these animals would grow to maturity and reproduce successfully if fed almost exclusively on ripe tobacco seeds. All that was added to this diet in the case of the animals used in the experiments were a small percentage of inorganic salts and a few drops of cod liver oil.

SCOUT NEWS

One period only June 28th July 4th of Camp We-hin-ah-pay, the Boy Scout camp of the eastern New Mexico area council in the Sacramento mountains, will be held this year.
The camp staff this year will be composed of: Ivan G. Bridges, who will be chairman of the camp; P. V. Thorson, executive; H. C. Morehead, director; Major L. B. Plummer, commissioner; Lawrence Bullard, Wilford T. Pratt and H. M. Foster, Roswell; Rev. A. C. Lorts, Portales; R. G. Knoedler, Artesia; Rev. Fulton Tucker, Vaughn; Percy Bigmouth, Mesalero; A. J. Farmer, Clovis; Jack Hubbard, Dexter, J. D. Smith Carlsbad; R. A. Prentice, Tucumcari.
Horseback riding will be one of the big attractions of the camp. Other features being a pioneer camp, hiking, field meet and development of various crafts. The cost of the seven day camp this year will be \$5.
Miss Ella Yearger, Roswell city nurse will be in the camp the entire time looking after the health of the boys.

LOCALS

Miss Amy Williams of Carlsbad is a guest of Miss Bertha Richards this week.

Mrs. Ervin Walthen of Hope entered the Womack hospital for treatment Tuesday.

Mr. and Mrs. J. Harvey Wilson moved into the Ragsdale residence on west Main street last week.

Tom Runyan was here the first of the week from his ranch on the Lower Pecos, attending to business and visiting.

Mrs. Carl Bildstone had as her guests over Sunday, two girl friends from Pueblo, Colorado, Miss Hulda Forseman and Miss Mildred Woodside.

Mr. and Mrs. Elza Swift and Rachel Adel were Carlsbad visitors last Thursday. Mr. Swift saw the wrestling match that evening while Mrs. Swift and Rachel Adel attended the style show.

Freeman Douglas is in Tucumcari this week, he formerly lived there and went over for a visit with friends who had been in attendance at the Methodist Assembly in the Sacramento mountains.

Miss Ruth Graham who has been in nurse's training at the Masonic hospital at El Paso for the past nine months returned last week. She has given up her training course and will be at home with her parents, Mr. and Mrs. Walter Graham.

Misses Irene and Anna Gage and Robert Gage were guests in the Austin Reeves home in the Lower Pecos community over the week-end. Miss Maud Reeves accompanied the young people home and is a guest of Miss Irene Gage for the week.

Mrs. Frank Sewell drove over to Hillsboro with Mr. Sewell where he remained to look over the gold mining area. Mrs. Sewell returned to El Paso and after a short visit returned here. The first of the week she went to Hobbs to get a birthday package which her mother had sent from London, England, the package being on the way before the change of address was received.

Ants Found Everywhere
Ants outnumber all other land animals, according to William Morton Wheeler, Ph.D., well-known authority on ants. They are to be found everywhere, he says, "from the Arctic regions to the Tropics, from the timber-line on the loftiest mountains to the shifting sands of the dunes and seashores, and from the dampest forests to the driest deserts. Not only do they outnumber in individuals all other terrestrial animals," he says, "but their colonies even in the most circumscribed localities often defy enumeration."

Wedding announcements, printed or engraved—The Advocate.

In The WEEK'S NEWS

QUIZZES BANKERS—Little known a few weeks ago, Ferdinand Pecora has won national recognition as counsel for the Senate committee which has been investigating Wall Street private banking practices. Photo shows Pecora at work.

SOLONS AMUSED—"Gold" pocket-pieces, distributed on behalf of Sunny Jim, famous newspaper ad character of the Hecker H-O Company, amused nation's legislators this week when presented with the thought that "at least it was something in their pocket." Photo shows group of Congressmen chuckling over their "nest-eggs."

INNOVATION—Mrs. Curtis B. Dall, daughter of President Roosevelt, has started a new vogue by serving her salads as an appetizer at the beginning of the meal instead of following the meat course. Picture shows her beginning a meal with a salad.

SPEED ACE—Louis Meyers, who broke track records to win the famous Indianapolis Speedway auto race in which three were killed. Meyers is the second man to win the speed classic twice.

WINNER—Robert Wooley, New Auburn, Wisconsin, farmer who was selected from hundreds of other entrants as winner of a contest staged by Singin' Sam, popular basso. Wooley will get a new car as his prize.

GROWTH OF COTTON SLOW BEFORE THE RAINS OF MONDAY

Just how far markets can go up on political news against favorable crop prospects is problematic but there is some point at which the worm will turn. From the entire cotton belt comes more favorable growing news. Western Texas is at the moment promising another million bales due to recent rains.
Secretary Wallace says that the margin between present prices and what the administration hoped to do is so narrow that it of itself defeats both the Smith clause and the processing tax clause of the acreage reduction features of the new bill to boost prices. The rise has been too fast for him. Had he and the law makers been market wise they would have foreseen this as it is a law of all markets to discount events before they arrive.
Failure now to reduce acreage in some other practical way without delay will precipitate a crash in the cotton market. The wheat market is helping to hold cotton and if some 20 to 30% acreage reduction can yet be effected the market could advance two cents further.
Kansas City Livestock
KANSAS CITY—Close: cattle, 5,000; calves 1,000; fed steers, yearlings and fed heifers slow, 10-25c lower; choice yearlings 6.35; 1,180 lb. 6.30; cows weak to 15c

ENGRAVING—THE ADVOCATE

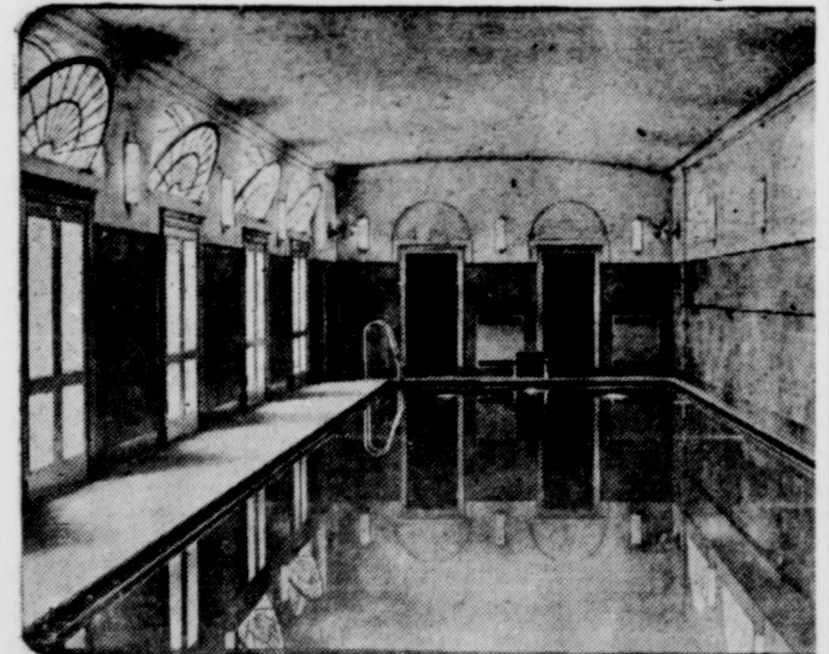

Gumption

Is defined as common sense. That's what we use in making electrical repairs.

Dr. Loucks Garage

Fone 65

White House Pool Is Completed

View of the new swimming pool in the White House, which has been completed and is now enjoyed frequently by President and Mrs. Roosevelt.

Printing... THAT TELLS A CONVINCING STORY

That's the one way an outsider may judge your business . . . through your letter head.

Printing that tells a convincing story with its quality workmanship, is the kind that's done at—
