Bulldogs Romp On Capitan In Opener 45 - 0

The Artesia Bulldogs ran wild on Morris Field Friday evening to blank Capitan 45-0 in the greatest victory Artesia has made in a number of years.

Seven touchdowns, three of them by the reserves, with three extra points gave the Bulldogs their high score, while Capitan at no time threatened.

Coach Claude (Jiggs) Whittington's Bulldogs thought they had another touchdown, when, in the second period, John Sudderth went around right end and over the Capitan goal line.

Artesia reserves were sent in, as Capitan received. But the visitors kicked two plays later and the Bulldogs took possession on the Capitan 35.

Artesia kicked on the third down, with Capitan backed up against the goal line. And then Capitan kicked on first down, giving the ball to the Bulldogs on the Capitan 28 as the third period ended.

Countywide Hospital Bonds

THE TIME HAS COME when we need greater hospital facilities in Artesia, even more than the present facilities plus those which might become available when the present earmarked bonds of \$90,000 are spent for additional hospital construction.

And the time has come when all of Eddy County needs greater hospital facilities.

And hospitalization is a county problem, not strictly municipal. Today a large percentage of the patients in Artesia Memorial Hospital are persons who live beyond the city limits. They need the hospitalization and they get it—if, as, and when beds are available.

But it is everyone's problem, not just Artesia's.

The same maintains at Carlsbad, where more hospital beds are needed for South Eddy County. It is possible for a county in New Mexico to vote bonds for hospital purposes. It has been done in other counties, of which Dona Ana is the most recent.

We can and should do it here—not in Artesia, or in Carlsbad, or in the two cities alone, but throughout the county. Then we should, by means of counting noses or some other equitable method, prorate the hospital funds for the erection of more hospital space.

When that is done the logical places for the additional hospital facilities would be Carlsbad and Artesia, by virtue of the fact they are centrally located and are centers of population. Our rural friends will admit that. And they will admit also that we need more hospital beds, for many of them have found it impossible to get accommodations here or at Carlsbad when the need has arisen.

Years ago there were few hospital beds anywhere. But more people were dying for need of hospitalization. And as medical science advances, more and more people seek hospitalization when they are sick, because they know they will have a better chance to recover with proper care. And many of them can thereby save money, through quicker recovery, than were they at home without facilities and the knowledge which hospitals have to offer.

The \$90,000 which the citizens of the city of Artesia voted for a hospital addition will buy today about half of the construction it would at the time of the election. And that construction would far from fill the necessity. It would help, it is true, but it would not be going far enough.

This is the opening wedge from this corner for a countywide hospital bond issue election. If Carlsbad is to gain thereby, our sister city could not object to our wishes in Artesia. And if Artesia is likewise to gain, we could not object to some of the funds being spent in Carlsbad.

It would be a joint endeavor in which the entire Eddy County area would gain by way of better health, a smaller infant mortality, and better hospital facilities for the whole community. —A.L.B.

The Ball Is Rolling

PERHAPS WE STRUCK PAY DIRT when we wrote in these columns a few weeks ago our hopes that a YMCA-YWCA set-up could be started in Artesia.

At that time we mentioned a joint building, with men's and women's recreation rooms and gymnasium and swimming pool common to the two groups.

It seems we created a little interest in the idea. But the point has been raised a building would probably be out of the question at this time, whereas a building is not needed to start, that all necessary is a secretary or director, with rented space and a program.

Out of the idea advanced here have come conversations in various quarters, until now it is planned within the next few days to ask of the four service clubs, the Woman's Club, the Ministerial Alliance, and the schools to appoint one representative each to form a committee to look into the possibilities.

It has been brought to our attention that in some of the smaller communities—such as Artesia—it is possible to form a YMCA, under which a woman's program is carried on, without it being necessary to have also a YWCA. That, in our belief, would be better for Artesia at the onset than to have both organizations. Then, at such time as we might grow big enough to erect a building with pool and gym, we could study

the advisability of obtaining a YWCA charter as well.

In the meantime, we are strongly in favor of going ahead with an investigation of the proposition by means of a joint committee, so that we may form an organization in Artesia which will serve not only the boys and girls by way of recreation, but the adults as well.—A.L.B.

Keep Credit Good

ARE YOU TAKING good care of your credit? It is always a good idea because there may be a day just around the corner when you will need that credit more than you have ever needed in all your life.

During the past few months, yes few years, money has been plentiful. Jobs have been plentiful and pay has been good. And when we have plenty of money, of course, we do not use our credit so much. Or if we do use it, the task of paying is very easy.

But there will come a day when we will need that credit and that is the time we want to be sure we have credit.

There is just one way to keep our credit good and that is to pay our bills. Pay our bills promptly and on time.

In that way we protect and insure our credit. If we have always been considered good pay we not only can secure credit but we can even secure additional time if we need it.

We frequently forget this fact. But just bear in mind that the day and time will come when we may need that credit more than ever before.

Pay your bills as agreed, promptly and on time, and you will have good credit when you need it that will carry you through an emergency. —O.E.P.

A Real Statesman

A KING IS CREDITED with having shouted, "A horse, a horse, my kingdom for a horse." The average American citizen has about reached the point where he is shouting, "A statesman, a statesman, our country for a statesman."

We are referring, of course, to the two recent statements made by two supposedly outstanding American statesmen, Senator Robert A. Taft and Secretary W. Averell Harriman. Senator Taft, in one of his brighter moments, declared that the trouble about food prices and food shortages is the fact that we as Americans eat too much. He was suggesting that we reduce what we are eating. Pay your bills as agreed, promptly and on time, and you will have good credit when you need it that will carry you through an emergency. —O.E.P.

Secretary Harriman came back with a statement, which is just as ridiculous, in saying our trouble is that we have had too much money and the result has been that we have been competing with one another in buying foods. He added to his statement the fact that exporting of foods has not resulted in higher prices.

There is hardly any comment necessary. We all know we have had to buy foods and we have had to pay the prices asked for these foods in order to get them. And in so far as exporting foods—well, if there was no exporting and no European or foreign market and surpluses are created in America—then one thing happens. There is a surplus and more food than the demand. When that occurs prices drop.

The fact remains that both men are talking to try to get themselves out of a spot. Both men have made ridiculous statements to try to cover up. Taft is trying to alibi for his stand on the removal of price controls. He fought to remove price controls and helped to get that done.

Harriman is secretary of commerce and he is merely trying to explain away the fact that the exporting of foods does not remove the surplus and keep the demands here for foods.

But the statement of both men rather destroys the confidence of Americans in them as leaders, as statesmen and as outstanding men of the nation. Their statements indicate more clearly than ever that what America needs is not a good 5-cent cigar but rather an outstanding statesman.

What America needs is a leader with courage, foresight, vision and faith to get the job done, which needs to be done.

We all want the producers, the growers and the farmers to get the best prices possible for their products. But we also want to see the prices as reasonable as possible.

Certainly food and clothing prices are far out of line today and they are getting worse instead of better.

We need to get back down to earth with fair wages, fair prices and fair costs.

It is true, of course, that we always want to defend our end of the business. If we are producers we want lower labor costs and higher prices for our products. If we are workers we want higher wages and lower production costs and lower prices.

And the fact is that all of these will doubtless have to come down for us to correct the situation. Whether we like it or not, the day is coming when wages and prices are going to drop. We know that both are out of line today.

Food costs continue to mount. There was a day and a time when a few dollars would buy a lot of groceries. They won't do it today. But time was when a few dollars would buy considerable labor. That situation doesn't exist now.

We must have a happy medium—fair wages and fair prices. To secure that we are going to have to be honest and fair and compromise on the issues before us.

We can't settle it or clear the atmosphere with such ridiculous statements as were made by these so-called statesmen.—O.E.P.

The suggestion from Artesia that a second state highway patrolman be stationed in Eddy County appears to have considerable merit in that the patrolman now assigned to the county doesn't have time to be in Artesia and the northern part of the county much. It might be pointed out that neighboring Chaves County, with fewer automobiles and but little more highway mileage, has two state patrolmen.—Carlsbad Current-Argus.

Anyone, who does things and is only right half the time is far better than the individual, who never does anything and is never wrong.

As Artesia Grows

TWENTY YEARS AGO
(From The Advocate files for Sept. 25, 1927)

Mr. and Mrs. Landis Feather had announced the birth of a son, their third.

Col. Charles Lindbergh and his plane, the "Spirit of St. Louis," were scheduled to visit El Paso. A number of local people planned to go to the Texas city for the big affair.

"One Glance Tells the Story," was the leading caption in the McNally-Hall Motor Company of Roswell 1928 Buick ad. "Everything included," meant automatic heat control, choke button, ammeter, speedometer, gasoline gauge, water temperature gauge, mileage record, oil gauge, and an ignition-steering wheel double lock.

Mr. Jim Berry had undergone a tonsillectomy in a Carlsbad hospital.

TEN YEARS AGO
(From The Advocate files for Sept. 23, 1937)

The E. B. Bullock warehouse was robbed of \$7.15. The thief entered through a window and took both the office safe and cash drawer.

Mrs. Emery Carper and daughter, Mrs. Glenn Booker, were both patients in a Dallas hospital and had undergone surgery.

Seven Army planes passing over the city gave the local populace quite a thrill. The planes ran into fog at Guadalupe Peak and landed at Roswell.

The national news included a photograph of the movie actress, Jane Wyman, in what the well-dressed college girl would wear at a "hen party." The chic lounging pajamas were a far cry from the preferred slacks, Levis, or tommy-coats of today.

Mr. and Mrs. E. E. Gillespie and Mrs. Boone Barnett had been to Roswell visiting friends.

Loco Hills Items

(crowded out last week)

Mrs. Nora Newman Coppinger of Pendleton, Ore., is the teacher of the first and second grades at the new Loco Hills School. Although Mrs. Coppinger has lived in Oregon for some time, she is happy to be back in New Mexico. She was reared in Roswell and graduated from high school there. She will be remembered as Nora Newman. Her daughter, Katherine, is attending school in Silver City.

Mr. and Mrs. Charles Phelps have returned from a three-week vacation trip which took them over 6000 miles. They traveled in Texas, Oklahoma, Arkansas, Tennessee, Virginia, North and South Carolina, Georgia, Mississippi, Alabama, and Louisiana.

They spent a week with their daughter, Mrs. A. D. McKellar, and family, in Washington, D. C. While there they saw General Leg's mansion, the tomb of the Unknown Soldier, and many other historic spots. In Virginia they crossed the natural bridge and went through the beautiful Smoky Mountains. They visited several days with another daughter, Miss Ted Phelps, in Georgia.

During their trip, Mr. and Mrs. Phelps said there was a definite building boom everywhere they went with homes, factories and business buildings being erected.

The adult Sunday School class of the Old Illinois Camp sponsored a wiener and marshmallow roast for the community last week. Sam Harrison, Jim Francis, W. A. Loyd, Bus Essex, and Raymond Pennington attended the football game between Bowie High School of El Paso and Carlsbad High School in Carlsbad last Friday night. Bowie won with a score of 6-0.

Truett and Dewey Loyd attended the automobile races at Roswell recently.

Mrs. J. D. Richardson brought the boys home.

Maljamar Plant Employees Have Picnic On Friday

Employees of the Maljamar Re-pressing Plant enjoyed a picnic at the red sand dunes Sept. 12.

They had a dinner of fried chicken and all the trimmings. After the meal the group went to Son Taylor's barn and recorded records which were played back.

Those who attended the picnic were Mr. and Mrs. A. W. Golden and son; Mr. and Mrs. Clyde Clevenger and son; Mr. and Mrs. Milton West and sons; Mr. and Mrs. Son Taylor and children; Mr. and Mrs. O. J. Furrath and son; Mr. and Mrs. Sterling Isaacs, Miss Sally Glover, Mrs. Frank Rhymes and children; Iky Crossly, Mr. and Mrs. Winkle, and Bill Wright of Artesia.

Those joining the group later were Miss Marguerite McCauley, Mr. and Mrs. John McMurry, Jimmy Cunningham, and Mr. and Mrs. Kenneth Shields.

HANGAR FLYING

(crowded out last week)

Miss Shirley Sherwood won the free ride given over the radio for correctly answering the question asked.

A \$20 reward is being offered by the government for the large balloons which are being released from the Alamogordo Army Air Field. Directions for getting in contact with the airbase are included with each balloon. A C-47 from the Alamogordo Army Air Field flew into Artesia Saturday to pick up one of the balloons which was found by Robert Pistole. He was paid the \$20 reward and allowed to keep the nylon parachute attachment which is about 30 feet in diameter.

C. F. Postelthwait of Roswell flew through Artesia Saturday on his solo cross-country flight.

A. K. Pulis flew into Artesia Monday morning in his twin-engine Beechcraft.

Bill Hudson flew to Artesia from Hobbs Sunday evening. He was accompanied by Mr. and Mrs. Herbert Aude.

Herman Fuchs flew to Albuquerque Monday with Mark Whelan. Fuch is returning with the Fairchild owned by Jim Ferguson.

Mr. and Mrs. "Sug" Hazel returned from a short fishing trip Saturday. They reported good luck.

GRADS SELECT SCHOOLS BEFORE ENLISTMENT

A vital part of the Army's post-war program will be completed when the Army will join the Air Force in offering high school graduates the opportunity to select the technical training they wish before they enter the service. This preselection plan, announced by the War Department, became effective Sept. 15.

A similar program begun by the U. S. Air Force in June is already attracting graduates at the rate of more than 1000 a month. Local recruiting offices have the full details of the plan.

High School Has New Biography Volume For 1946

Life stories of 319 persons who figured in the news of 1946 appear in "Current Biography 1946," a 734-page reference volume which recently has been added to the Artesia High School library, according to Lois Nethery, librarian.

Most numerous in this collection, which tells "who's news and why," are more than 100 government officials in the United States and abroad, thus reflecting the widespread interest in international affairs, centered about United Nations personages. Figures in education and literature are almost as numerous, and more than 40 names are political prominent. Leaders in business, social service, and social science appear frequently in these pages, and many active in journalism, law, and the theater are among those in the more than 30 professions represented. A convenient index by profession is included.

"Current Biography 1946" is a one-alphabet cumulation of the biographical articles and obituaries that appeared in the year's monthly issues, revised and brought up to date as of last Dec. 31. Each sketch includes a photograph and references to additional material. Considerable research makes possible impartial and accurate biographical information, while an informal, lively style makes the sketches especially readable.

A seven-year index, covering 1940 to 1946, includes the names of all those whose biographies or obituaries have appeared in "Current Biography" from the first issue through the issue of December, 1946. Bound volumes for the years 1940-1946, inclusive are now in the high school library.

National Guard Assembly Dates Have Been Set

New Mexico military men, who wrote an unforgettable chapter in the history of World War II, will participate Sept. 16 to Nov. 16 in a nationwide National Guard assembly.

A highlight of the observance will be the addition of 1000 men to the ranks of New Mexico's postwar National Guard.

Brig. Gen. C. G. Sage, state adjutant general, announced details of "Operation 88,888" at a recent meeting of National Guard and Regular Army officers in Santa Fe.

"Operation 88,888," the recruiting campaign, was so named because the national enlistment quota is one man a minute during the two-month period—a total of 88,888 new men.

Sage also announced details of a recruiting contest. The state winner will be a guest of the War Department on a trip to Washington, where he will visit President Truman and attend the Army-Navy football game. Cash prizes are also authorized for certain winners.

Men between 17 and 35 years may enlist now in the National Guard and participate in the contest. New Mexico's National Guard, under General Sage's command, is now in the formative stage. Several units have been formed and others are being organized. Anti-aircraft units comprise most of the state's security troops, and a fighter squadron at Albuquerque is the state's first National Guard air unit.

Siamese Cantaloupes Raised By Nunn Grow From Common Stem

Siamese twins cantaloupes were brought to The Advocate office by Joe Nunn, who raised the freak in his garden.

From a common stem two distinct cantaloupes grew, each with a blossom mark at the bottom, but the two are well joined stem to near the blossom marks.

And when the editor cut into the twins he found the meat cavities complete, with a common wall between. And he found it mighty good, too.

AKINS OFFERS TROPHY FOR HEAVIEST DEER

Announcement has been made by George Akins of The Westerner of the first prize being offered here this year in connection with the deer season in November.

He is to give a trophy in the form of a statuette of a rifleman on a stand to the hunter having registered at the store who brings in the heaviest legal deer.

Athletic Funds Inadequate, Green Tells Kiwanians

F. L. Green, high school principal, told members of the Artesia Kiwanis Club at the weekly luncheon Thursday, Sept. 11, the school is working toward a better health program, and supervision and boosting of a more adequate summer program of aquatics in the future.

In advancing the health and athletic program, he said, the school is starting with the younger students, exemplified by the "C" football squad, in which they are taught the fundamentals of sports. Then they advance through the "B" squad and later to the "A" squad.

The principal pointed out that the \$2000 budget for athletics is inadequate and that for the school to have good teams and equipment the support of the people of the community is necessary. He said ticket sales in the past have not brought in sufficient revenue to carry on the program as desired.

Chief Coach Claude (Jiggs) Whittington also spoke at the meeting, along the general lines as a talk made at the meeting of the Rotary Club previously, in which he stressed that the Bulldogs are "ready and willing" to meet their opponents and that they will be trying in every game to win.

NOTICE
 STATE ENGINEER'S OFFICE
 Number of Application RA-1091, RA-391 & RA-392. Santa Fe, N. M., Sept. 11, 1947.
 Notice is hereby given that on the 11th day of August, 1947, in accordance with Chapter 131 of the Session Laws of 1931, J. T. Price of near Lakewood, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change place of use of 180 acre feet per annum of the waters of the Roswell Artesian Basin by abandoning the use of Artesian water from Wells Nos. RA-1091, RA-391 and RA-392, all located in the NW 1/4 NW 1/4 of Section 13, Township 20 South, Range 25 East, N. M. P. M., for the irrigation of 60 acres of land described as follows:
 Subdivision: Part of SW 1/4 SE 1/4 Section 12, Township 20 S., Range 25 E., 20 acres; subdivision: South part N 1/2 NW 1/4 Section 13, Township 20 S., Range 25 E., 40 acres; and commencing the use of artesian waters from the above described three wells for the irrigation of 60 acres of land described as follows:
 Subdivision: Part of S 1/2 NE 1/4 SE 1/4 Section 11, Township 20 S., Range 25 E., 18 acres; subdivision: Part of SE 1/4 SE 1/4 Section 11, Township 20 S., Range 25 E., 36 acres; subdivision: Part of NE 1/4 NE 1/4 NE 1/4 Section 14, Township 20 S., Range 25 E., 6 acres. Above change is to be made solely to secure more economical use of artesian water.
 Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing to the State Engineer's granting of approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved.

Hot water . . . Plenty of it! No interference! Balloon rolls, Maytags, and a hand to help you with the laundry problem.

The Church and the Child...

A midwestern church has been giving serious thought to the problem of juvenile delinquency, and decided to do something about it within its own sphere of influence.
 A Children's Chapel was built on an adjoining lot, with an assembly hall and commodious classrooms for Bible teaching. The picture shows one of the little classes assembled for instruction in the stories and truths of the Bible and their bearing on human life.
 If all churches and schools and families would give more attention to child training, and seek to instill in children the principles of right living, the problem of juvenile delinquency would soon be solved.
 A wise parent will seek the cooperation of his church and the advice of religious people in rearing and training his children. Thus the child will be taught the value of an upright life and the importance of moral and spiritual guidance in his acts and decisions.
 If you are a parent, get in touch with your church leaders. Let them help you solve the difficult problem of child training.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
 The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Mrs. Claude Keys Named President Junior Club, As Mrs. Aston Resigns

Mrs. Claude Keys has been elected to succeed Mrs. Chuck Aston as president of the Artesia Junior Woman's Club. Mrs. Aston has resigned her office and in retiring expressed her regret at leaving the office and her appreciation for the co-operation she has received since her election.

Election of the new president was at the opening meeting of the club for the coming year, when at 1 o'clock luncheon was served on the Roof Garden of the Artesia Hotel Wednesday of last week.

A vote of confidence was given the other officers for the year, who are: Mrs. Clyde Guy, first vice president; Mrs. O. R. Gable, Jr., second vice president; Mrs. Bill Macey, recording secretary; Mrs. Charles E. Currier, corresponding secretary; Mrs. Harry Gilmore, treasurer, and Mrs. Raymond Lamb, parliamentarian.

After the luncheon, Mrs. I. L. Misses Jo Margaret Gore and Hel-Spratt presented a program of musical numbers performed by en Beaty.

Mrs. Glenn Caskey, president of the Senior Woman's Club, made a short address and expressed her desire for full co-operation between the two clubs.

The luncheon table, in the form of a "T," was covered with a white cloth and centered with garden baskets of mixed fall flowers. Single candles were also used in the festive arrangement.

During the general business meeting, a discussion was held concerning the club project for the coming year. Some civic need which could benefit from the service of the club was sought. A committee has been appointed to investigate possibilities of assisting with the 'teen-age canteen which has just been started.

The clubwomen are anxious to help the younger people of the city by aiding them in finding wholesome recreation and in so doing help them to become better citizens.

There is a definite need for the canteen and the work it can do, it was stated by Mrs. Aston.

Mrs. Clyde Guy, program chairman, announced that the next meeting will be held Wednesday, Oct. 15, at the Woman's Club building and that husbands of members will be guests.

A guest speaker, who will be announced later, will be in charge of the meeting. The time likewise will be announced at a later date.

Mrs. Roy Davis was honored with a stork shower at the home of Mrs. A. K. Ripley last Thursday afternoon.

Mrs. C. F. Gallaway and Mrs. W. R. Hamlin were cohostesses for the occasion.

After a social afternoon, the hostesses served dainty refreshments of cake, ice cream, and punch to Mmes. M. C. Mayberry, Jay Isaacs, May Munson, Onie Button, Mark Walters, Evelyn Forister, J. W. Story, Lavane Porter, and Clyde Taylor.

Those sending gifts who did not attend were Mmes. D. M. Walters, Harold Hancox, Cleo Williams, Jim Smith, Y. G. Partlow, Mark Marsh, and Henry Swafford.

Mrs. Clyde Tidwell of Tulia, Tex., who is visiting friends and relatives here, was honor guest at an afternoon bridge party Friday at the home of Mrs. W. T. Haldeman.

Mrs. Victor Haldeman was hostess for the delightful affair. High score for the afternoon was held by Mrs. T. L. Ditto, while Mrs. B. H. Caudle, Jr., won consolation. Mrs. Don Mays won the bingo prize.

Mrs. Blocker Returns After Trip In Behalf Of Guild Expansion

Mrs. Beatrice Blocker returned last week from a trip to Grand Canyon and other points in Arizona. She made the tour with her brother-in-law and sister, Mr. and Mrs. Fred Stevenson of Santa Rita. On her return trip Mrs. Blocker, who is secretary of the New Mexico Conference of the Wesleyan Service Guild, contacted 11 units in the interest of Guild expansion.

Her program included Silver City, Deming, El Paso, Ysleta, Pecos, Odessa, and Carlsbad. She also presented a study course of the Woman's Society of Christian Service to a seminar in Pecos. In Carlsbad she attended the mid-year board meeting of the Woman's Society of Christian Service.

Rebekahs' Baby Contest Shows But Few Changes

Latest reports on the baby contest being sponsored by the Rebekah Lodge No. 9 show but few changes in the standings of contestants over last week's report.

The contest, which closes Oct. 4, has had a remarkable response. The voting boxes will be removed from the stores Sept. 29 in order to arrange a program after determining the three high contestants and give the women in charge time to set up the presentation program. The time and place of the program will be announced next week.

Parents may get their children's pictures at the Leona Studio after Monday, Sept. 29. In the 3-month-to-2-year-old group, Dean Miller III, son of Mr. and Mrs. D. W. Miller, Jr., is leading. He is followed by Myra Cunningham, daughter of Mr. and Mrs. W. D. Cunningham, Jr.; Ann Watson, daughter of Mr. and Mrs. Harold Watson; Jack Armstrong, Jr., son of Mr. and Mrs. Jack Armstrong; and Janet Ann Simon, daughter of Mr. and Mrs. John Simon, Jr.

Marva Jean Sanders leads the older group. She is the daughter of Mr. and Mrs. Marvin L. Sanders. After her are Rose Mary Dowell, daughter of Mr. and Mrs. Reed Dowell; Susie Strzyjewski, daughter of Dr. and Mrs. Cas Strzyjewski; Karen Teel, daughter of Mr. and Mrs. George O. Teel of Hope; and Georgie Boggs, daughter of Mr. and Mrs. Bud Boggs.

The lodge women are urging the voting public to do their best by their favorites during the coming week and make this contest a race up to the last penny vote.

SUE BOOKER IS NAMED ON STEERING COMMITTEE

Miss Sue Booker, daughter of Mr. and Mrs. Grady Booker, has been selected to serve on the steering committee of the junior class at Stephens College for Women at Columbia, Mo. Miss Booker is one of 16 representatives of the junior class of more than a thousand members who will administer the activities of her class until the class officers are elected later this fall.

She was introduced to the student body of 2243 students from every state in the nation and from 14 foreign countries and possessions at an all-school convocation which was held at the college on Tuesday, Sept. 23. She was elected to serve in this capacity at Stephens on the basis of her leadership, citizenship, and scholarship abilities.

Dorothy Jo Dunham Becomes Bride Of William J. McCasland On Saturday

A candlelight altar, resplendent with baskets of pale-shaded dahlias, was the setting for the marriage of Miss Dorothy Jo Dunham, daughter of Mr. and Mrs. L. N. Dunham, and William J. McCasland, son of J. M. McCasland. The double-ring vows were read by Rev. Harry M. Wilson in the First Christian Church Saturday evening. Crystal bowls of roses mingled with baby's-breath and silver lace vine were used on the altar rail which was centered with a huge white satin bride's bow.

The bride was lovely in a tailored wool suit of brown pinstripe pattern. Her hat was brown with tiny feather flowers around the brim. Other accessories were also brown. Her shoulder corsage was of pink rosebuds. For the traditional something old she carried a handkerchief, her ensemble was new, and she wore a bracelet which was borrowed, and

a blue garter. A penny was placed in her shoe for luck.

Attending the couple were Mr. and Mrs. David Jenkins. Mrs. Jenkins wore a chic afternoon dress of black crepe and black accents. She had a corsage of red rosebuds.

Mrs. Dunham, mother of the bride, chose to wear a gray suit with black accents. Her corsage was of red rosebuds.

Mrs. McCasland came to Artesia from Eunice in 1942 and took an active interest in school affairs. She is a graduate of Artesia High School and was a member of the 1947 class. She has been employed at the E. M. Lovelady Store.

Mr. McCasland came to Artesia in 1930. He graduated from Artesia High School in 1941 and served four years in the Navy, three of which were overseas duty. He is employed by the Star Grocery Company.

The couple left for a short wedding trip immediately after the ceremony. They will make their home in Artesia.

Out-of-town guests who were present for the wedding included a sister of the bride, Mrs. Ben Alexander of Seminole, Tex.

The Viennese have always been expert at icings and pastries. They way with Vienna Chocolate Icing makes a cake frosting that's especially rich. Melt 4 squares unsweetened chocolate keeping the flame high to do a quick job of it. Then remove and add 1 cup confectioner's sugar, 2 tbsps. hot water, blending thoroughly. Add 2 eggs, one at a time, beating thoroughly after each addition. Then add 6 tbsps. butter, two spoonfuls at a time remembering to beat well after each addition. Spread this mixture thickly over your layer cake. Then listen to the children say "Yummy."

Pottery is one of the greatest economyizers of fuel because it retains heat so well. Never use a high fast flame for cooking food in pottery because it's a needless waste of gas and also, in time, cracks the glaze on the bottom. Preheat the pottery utensil with a medium low flame, then as soon as boiling begins, lower the flame to the lowest simmer point to maintain gentle boiling.

If you discover that raisins have become hard and dry after long pantry storage, here's how to plump them. Rinse in boiling water, drain, spread in a shallow pan, place in oven, turn the gas flame to moderate heat (about 350°). Takes about 10 to 15 minutes for the raisins to puff up. Raisins revived this way do not keep as long so plan to use them at once.

AL Auxiliary District Confab To Be Saturday

District No. 5 of the American Legion Auxiliary will hold a district convention in Artesia Saturday.

The program will begin at 10 o'clock Saturday morning at the Veterans Memorial Building. At that time introductions of distinguished guests will be made.

A luncheon will be served at 12:30 o'clock at the First Methodist Church, after which the women will return to the Veterans Building for a business meeting.

The local Auxiliary members have extended a special invitation to all new members of the Auxiliary and to all women who are eligible to belong and urged them to attend this function.

MRS. BALDWIN HOSTESS TO FORTNIGHTLY CLUB

Mrs. C. R. Baldwin entertained the Fortnightly Bridge Club with a 1 o'clock luncheon Tuesday. A delicious plate lunch was served after which the women spent the afternoon at bridge.

Those present for the occasion were Mmes. R. M. McDonald, Leslie Martin, Charles Martin, Beatrice Blocker, William Linell, Albert Richards, L. B. Feather, T. E. Johnson, F. C. Hart, Grady Booker, and Robert Parks.

OES Has Meet With Substitute Officers Serving

With substitute officers filling all posts, the Order of the Eastern Star conducted a regular business meeting Tuesday evening at the Masonic Temple.

During the business meeting the local chapter voted to con-

tribute funds for the support of a Chinese orphan for the coming year. The chairman for the ways and means committee announced final plans for a rummage sale to be held Saturday.

After the business session, the substitute officers held a beautiful candlelight service dedicating the organization of the Eastern Star. It was brought out that the organization of the order was led by Robert Morris, an outstanding Mason, who felt its need.

Light refreshments were served to about 70 members and guests at the close of the evening.

Q. Are there any figures to show the effects of treating cattle with DDT?

A. Yes. Kansas State College has recently put out a bulletin giving actual results in test demonstrations using DDT to control the horn fly. More than two million cattle were successfully treated with DDT for horn flies during the 1946 grazing season. These cattle gained about 80 lbs. a head more than untreated cattle. According to this, horn flies alone were causing a loss of at least 10 million dollars annually to Kansas cattlemen.

Q. Does a hen's body weight have any influence on her ability to produce eggs?

A. No. According to the Virginia Station Technical Bulletin No. 96, measurements of 204 White Leghorn pullets indicated that neither body weight within the normal range nor body type was shown to be a reliable index of egg-production ability of the hen, nor could either be used as a guide in predicting future egg production or in estimating the past production of a hen. However, birds that are definitely under weight or over weight should not be kept in a laying flock.

Q. Does feeding wheat germ oil increase the fertility of bulls?

A. Probably not. After extensive, independent trials, the Ralston Purina Company's Research Farm and researchers at Cornell University have been unable to find that wheat germ oil makes any difference in the fertility of bulls.

Q. Will calves vaccinated for Bang's disease spread the disease to other cows?

A. The evidence is that a properly vaccinated calf will not spread Bang's disease to disease-free cows.

Q. How long may hatching eggs be kept before they are put in the incubator?

A. Hatching eggs should be placed in the incubator after a maximum of one week, although it is possible to keep them as long as two weeks. Hatchability drops quite rapidly after the eggs have been held for ten days.

Conservation Pays Big Cash Dividends

Save the Soil Methods At Purdue Prove Ideal

A soil conservation system combining the teamwork of large amounts of fertilizer, contour farming, manure and deep rooted legumes, not only saves sorely needed rainfall and reduces the loss of soil, organic matter and plant food through runoff, but also promotes greatly increased yields of corn, wheat and hay, according to Glenn Bedell.

Such a system proved its benefits at the Purdue station. The test was conducted in 12 small fields from 1942 through 1945. All the fields had three-year rotations: corn, wheat and meadow. Six however, were farmed with common practices; the other six with a conservation system.

On the fields which had the benefit of extra fertilizer, contour cropping, manure, lime and deep rooted legumes, the water loss from runoff for four years was eight inches, compared with 17½ on fields farmed under the common system. Soil loss was only 1.8 tons under conservation against 8.3 tons with the common system. Organic matter losses were 492 and 976 pounds, respectively, while those of nitrogen were 16 and 77 pounds; phosphorus 19 and 32; and potash, 10 and 24 pounds.

Corn yields averaged 92 bushels per acre against 62 bushels on the common fields, in 1942. By 1945 the corn output reached 122 bushels per acre, compared with 71 bushels on the common fields. Wheat yields averaged 25 bushels and 15 bushels.

NATIONAL GUARD SEEKS MORE QUALIFIED PILOTS

Additional qualified pilots are needed to fly the 780 latest-type observation and liaison planes assigned to National Guard ground units. More than 700 vacancies exist, and qualified pilots, particularly former AAF pilots who can pass Class I or II physical examinations, will be commissioned and authorized up to 100 hours flying time annually.

Non-flyers meeting necessary physical and other requirements may be chosen for pilot training. Those accepted will undergo a course of eight and a half months

at Fort Sill, Okla., and San Marcos, Tex.

SUBSCRIBE TO THE ADVOCATE

"Realty" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, Sept. 28.

The Golden Text is: "As for God, his way is perfect: the word of the Lord is tried: he is a buckler to all those that trust in him." —(Psalms 18:30.)

Among the citations which comprise the lesson-sermon is the following from the Bible: "In the beginning was the Word, and the Word was with God, and the Word was God . . . All things were made by him; and without him was not any thing that was made." —(John 1:1,3.)

The lesson-sermon also includes the following passage from the

Christian Science textbook: "All reality is in God and His Creation, harmonious and eternal. That which He creates is good, and He makes all that is made." —(Page 472.)
 Visitors always welcome.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of Artesia Advocate, published weekly at Artesia, New Mexico, for Sept. 30, 1947.

State of New Mexico)
) ss.
 County of Eddy)

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Orville E. Priestley, who, having been duly sworn according to law, deposes and says that he is the Publisher of The Artesia Advocate and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, is: Publisher: Orville E. Priestley, Las Cruces, New Mexico. Editor: A. L. Bert, Artesia, New Mexico.

Business Manager: Vernon Bry an, Artesia, New Mexico.

2. That the owners are: Advocate Publishing Co., Artesia, N. M., Orville E. Priestley, Las Cruces, N. M., Jas. H. Skewes, Meridian, Miss.

3. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: Jas. H. Skewes, Trustee, Meridian, Miss.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and

conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 2230.

ORVILLE E. PRIESTLEY, Publisher.
 Sworn and subscribed before me the 6th day of September, 1947.

TURNING SOUR GAS INTO A Mighty INDUSTRY

Carbon black produced in the area we serve dominates the industrial scene.

Only in this area—with its vast resources of natural gas—is the mass production of this vital material possible. "Sour" gas, once considered worthless (on account of its high sulphur content), has become the basis of a great industrial operation. The automotive, rubber, paint and ink industries are but a few of those dependent on carbon black.

We have so much confidence in the carbon black industry—and other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

IMPORTANT

In order to give our customers the best service possible, we find it necessary to organize our numerous service calls in advance of the usual fall rush.

Customers whose FLOOR FURNACES, CENTRAL HEATING UNITS and CEILING UNITS need adjusting, cleaning or have been turned off for the summer should apply immediately to have these appliances serviced and/or lighted before the first cold spell.

Calls will be taken care of in the order they are received, and as soon as possible thereafter. Your cooperation will prevent delay and inconvenience to yourself.

MODERN LIVING CLAIMS VICTIMS

Sort, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless, listless feeling. It's cases like this that the new improved ADLERKA is designed to help. This scientifically compounded Tone-Up laxative is quickly absorbed by the gastro-intestinal system... gas pressure is relieved and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERKA today.

new chemical which experimenters were using to keep potatoes 'new tasting,' according to L. C. Gibbs, horticulturist with the State Extension Service.

The chemical is technically known as methyl ester of naphthalene acetic acid—a long name that probably won't mean much to most people, Gibbs says.

According to Gibbs, experimenters say that this chemical, when applied to newly-harvested potatoes, checks the growth of sprouts, thereby making it possible to store the spuds longer and keep them fresher and new tasting for as long as a year after they have been harvested.

Advocate Printer Of Early Day Is Back On Visit

Mearl Allen, a printer for The Advocate in its early days, now a successful Los Angeles, Calif. real estate broker, and Mrs. Allen were through Artesia last week on a trip, on which they planned to visit the Carlsbad Caverns.

Allen, who left Artesia in 1914 and has not been back since, was greatly impressed by the growth and modernness of his former home, where the streets were dirt and there were few sidewalks when he left.

He found a few old acquaintances, but not many. When he called at The Advocate office, he said he had run into C. E. Mann and Rex Wheatley, both of whom he knew years ago.

When Allen started to work for The Advocate in 1907, the newspaper was owned by the founder, Gayle Talbot. He worked on the newspaper about seven years. He had with him when here Tuesday two pictures taken in the old Advocate plant in what is now the back of the First National Bank. They were taken in 1908 and 1912 and were a far cry from the modern shop of today.

School Choice For Graduates Given By Army

Announcement of a War Department program now effective to give high school graduates the opportunity to attend specific Army schools, other than Army Air Forces, was made this week by M/Sgt. Preston Triplett of the Artesia United States Army and Air Forces Recruiting Station at 108 South Fourth Street.

In general, the program will allow high school graduates to apply for and be authorized to attend specific Army schools at the completion of basic or refresher training. Applications will be monitored by the Recruiting Service and forwarded to the appropriate training division, where assignments will be made for the various schools.

Besides being a high school graduate, an applicant must obtain a recommendation from a reputable citizen attesting to his reputation and character, enlist in the Regular Army for not less than a three-year period, and must otherwise be eligible and qualified for enlistment under current regulations.

A variety of courses will be offered under this program, said Sergeant Triplett, under the interest fields of mechanics, construction, crafts, electricity and radio, scientific, medical, clerical, computation, machine shop, and military science and tactics. Instruction will be from eight to 31 weeks depending on the course.

Further information and application blanks may be obtained by interested young men at the Recruiting Station.

cell, he led in an open discussion, in which he answered questions permitted.

Among those present were groups of students and representatives of nearly every organization in the community.

Prior to the open meeting, members of the society and guests had a dinner on the Roof Garden of the Artesia Hotel. W. E. Scott, president of the society, presided at both sessions.

Henderson Sells, As Mann Drug Is Incorporated

Fred Henderson has sold his interests in the Mann Drug Company, and C. E. Mann, senior partner, has incorporated the business with two newcomers to Artesia, who will be active in the operation of the drug store.

They are Melvin Eglin, formerly an El Paso drug salesman, and Norman Stewart, who came from Graham, Tex., and who formerly was a druggist in Roswell.

Letters of incorporation have been filed with the State Corporation Commission of Santa Fe naming Mann, Eglin, and Stewart as the incorporators, as of Sept. 1.

Mann has been in the drug business in Artesia since 1907. However, there was a period of about 14 years when he was not actively engaged in the business. During that period he first was vice president of the Citizens State Bank here, and then when that bank was consolidated with The First National Bank he became vice president of the latter.

Henderson has been connected with the Mann Drug Company about 20 years and became a partner of Mann in January, 1942. Since that time Mrs. Henderson also has been connected with the business in the capacity of bookkeeper.

Henderson said he has no plans for the immediate future.

Hobby Show At State Fair Will Create Interest

Interest in the annual hobby show at the New Mexico State Fair and the growing volume of exhibits being entered has made necessary the allotment of an additional room for the division in the administration building, Leon H. Harms, fair manager, has announced.

E. J. Boffin, manager of the show, promises the fair's largest and most interesting collection of hobby displays.

The stamp collection, Boffin said, will include rare items of historical interest from a number of outstanding collections owned in Albuquerque and throughout New Mexico. This section of the show is sponsored by the Albuquerque Philatelic Society. It includes many frames of early U.S. and foreign stamps, first-day covers, and covers and stamps issued to commemorate historical and events.

The glassware display, Boffin said, now includes many fine and valuable pieces of antique china and glassware, some more than a century in age.

One of the most interesting exhibits, according to Boffin, will be a display of model railroad trains and equipment, sponsored by the Albuquerque Railroad Club, showing miniature locomotives, passenger and freight cars, complete trains, stations, and bridges, complete with signal equipment. Another department will show model airplanes, military trucks, tanks and jeeps, ships, and race cars. The division is sponsored by the Duke City Modelers Club. Gas-model airplanes that have won local contests will be shown and speed contests for model airplanes will be held on the grounds during the fair.

Boffin points to the collection of rare old firearms and pioneer

weapons, Indian relics, coin collections, carved and inlaid woodwork, metal work, hand tooled leather work, and other hobby collections are of interest.

Natural gas now is a more important source of heat than manufactured gas.

CHOICE is the keynote of today's career

Would you go to Europe, Japan or Korea?
Or would you stay near home? Any man who has had prior service in the Armed Forces may elect to do any of these things if he enlists in the Army now for 3 years or more. He can choose to be assigned directly to duty in Europe or with one of five famous Infantry divisions in the Far East. Or he may choose to be stationed near home for the first full year of his enlistment (where there are vacancies). Men with or without prior service may choose one of the famous combat divisions in Japan or Korea.

Would you select a career in aviation?
This you can do, and be guaranteed the training you choose before you enlist! Only requirements beyond regular physical and mental examinations are that you be a high school graduate, or that you are in the Air Force and can qualify. It's today's great opportunity to write your own ticket in the Air Force.

Would you want to learn to fly? If you are single, 20 to 26½, and have had two or more years of college education or the equivalent, you can become an Aviation Cadet with the U. S. Air Force. Nowhere else can you get better training, for nowhere else is aviation advancing as fast or as far as in our own Air Force.

Would you go to a leadership school? If you have qualities of leadership, would you want to develop them to their fullest? U. S. Army Leadership Schools are now selecting likely candidates from servicemen to take these valuable courses.

The Army and Air Force are doing everything possible today to help each individual develop along the lines that he picks for himself. Army and Air Force training is thorough and take-home pay is better than most civilian jobs. Opportunities for advancement are wide open to every man in uniform. Make your choice today at your U. S. Army and Air Force Recruiting Station.

Bikini Tests Are Movie And Talk Subject At Meet

Interesting sound color motion pictures of the atomic bomb tests at Bikini Atoll and a discussion of the tests by Maj. J. A. Marcell of Roswell, who was an intelligence officer at Bikini, were enjoyed Tuesday, Sept. 16, by about 100 persons at an open meeting of the Artesia Technical Society at the Veterans Memorial Building.

The pictures showed both the first test, in which the A-bomb was dropped from a plane, and the second, which was detonated beneath the surface of the ocean, from several angles.

After the showing of the pictures and the talk by Major Mar-

"SPEEDY" by **GUY Chevrolet CO.**

LOOK, NELLIE! IT'S EXACTLY LIKE THE CAB I USED TO DATE MY OLD-SWEEHEARTY IN!

WHAT A REMARKABLE MEMORY YOU HAVE, MY DEAR! MY I WONDER WHAT SORT OF A SALE THAT OLD ONE COULD TELL!

WELL, ALL I GOT TO SAY, MA'AM—YOU'RE AS YOUNG AS YOU FEEL, AND I FEEL FINE—THANKS TO GUY CHEVROLET CO.

OH DEAR! I SWEAR I WISH I COULD SAY SOMETHING!

AND IT'S—IT'S "RIGHT"—BUT ADE WE??

AND THEIR EXCELLENT, TOP RATE SERVICE THEY'VE MAINTAINED OVER THE YEARS FOR THE BENEFIT OF THE PUBLIC.
