

Seventeen College Football Coaching Changes for 1955 Season After Wholesale Turnover

By ED WILKS
The Associated Press
Should be a brisk sale in college football games as coaches without one of the 12 new head coaches will be in new surroundings and shifts from one campus to another.

And there could be more. Houston appears near the point of decision, which in turn may leave vacancies at two other colleges.
Houston and Bill Meek, now top man at Kansas State, appear quite chummy as the Cougars search for a "big name" replacement for Clyde V. Lee, who quit Dec. 6 after a 4-5 season. K-State had a 6-4 mark last fall.
Also to be considered are the head coach positions at Nebraska and Texas, where Bill Glassford and Ed Price are under "unofficial" fire. Glassford weathered the same storm last year, but after get-

ting a bid to the Orange Bowl in lieu of Big Seven champion Oklahoma, the Cornhuskers were clobbered by Duke 34-7. Price was thought to have the Southwest conference champ in preseason predictions, but his Longhorns wound up with a 4-5-1 record.
Poor seasons have been responsible for most of the coaching changes, although there have been varied "official" reasons. Some coaches resigned—with or without alumni pressure—while others retired or quit. Some were just plain fired.
Borden Wyatt of Arkansas, Jack Mitchell of Wichita and J. B. Whitworth, late of Oklahoma A&M all won more games than they lost in '54 but packed up to take similar assignments at other colleges. Wyatt went to Tennessee, Mitchell to Arkansas, and Whitworth to Alabama.

Love Willie' Chorus Is Led By Manager Durocher

YORK — The "I love Willie" chorus reached a new high when his manager Leo Durocher led Willie Mays "better than Musial."
Willie hits 325 or better for at three or four years, he'll be the best we've ever known," Durocher on his first visit to New York Giant headquarters shortly after the World Series.

When it was pointed out that outfielder Musial also can do an excellent job at first base, Durocher said, "Mays could play shortstop or third base or any position if he had to. I know I've hit him a thousand balls at shortstop and he picked 'em all up. To me the greatest thing of the World Series film was to see him picking up those ground balls. He's the greatest shortstop that ever played center field."
As for the 1955 Giants, Durocher said he would probably start the same lineup that played the World Series.

Coach Reported Ready to Decide Coaching Job

STON — Jack Curtice, city of Utah football coach, reported ready to give his decision on whether he was an ant for the top football job University of Houston.
Houston Post last night Curtice as saying by long telephone:
"I've tried to analyze each side thing in attempting to reach whether to be an applicant. I had no idea I'd stir up all this. All I did was what I'd do—come back here and see how things were going. I thought Curtice would stay in Houston. Earlier rumors said Curtice was dissatisfied with Houston and was practically on his way out."

North Carolina Gets Hit By College Upset Bug

By The Associated Press
North Carolina State, rated right behind Kentucky, and Maryland, the latest Atlantic Coast conference power, took their places alongside virtually every top team in the country today — they have been bitten by the upset bug.
North Carolina whipped State 84-80, while George Washington, probably the strongest team in the Southern conference, took the measure of Maryland 75-53 in the two top games last night.
And as if that wasn't enough, Yale turned in a double-overtime triumph over Dartmouth in the Ivy League 83-79, and Rice whipped

Texas Christian, the Southwest Conference favorite, 73-63.
North Carolina's victory over the mighty Wolfpack sent the Tarheels into undisputed possession of first place in the Atlantic Coast Conference.
North Carolina used only five minutes to go, but from there on, the tiring North Carolina outfit held on doggedly.
George Washington put on a fine defensive exhibition in snapping Maryland's nine-game winning skein. The Terps, ranked sixth in this week's Associated Press poll, stayed close until midway in the second half. Then GW's zone defense stopped them.
In other major games, Washington State defeated Idaho 53-39; South Carolina edged Clemson 90-87; William and Mary stopped VMI 88-68, and Baylor halted Texas A&M 89-77.

Lubbock Club To Be WT-NM Entry in 1955

ABILENE, Tex. — The Lubbock baseball club will be operated again this year in the West Texas-New Mexico league by its owner, P. B. Odum, Sr., of Oklahoma City.
League President Hal Sayles of Abilene said yesterday that he talked with Odum by phone after it was reported that the franchise probably would be moved because Lubbock business men had declined to take over the club.
"Mr. Odum agreed that it would not be to his own or the league's best interests to move the club and has consented to carry on the operations himself," Sayles said. "The Lubbock club owner said that he would name a general manager within the next six days and that he is laying plans to field a good, competitive club."
Sayles considers Lubbock one of the best territories in minor league baseball. He said that he believes with the proper operation the Hubbers will top their present season attendance record of 117,621 in the class B loop.

Sugar Ray May Find Jones Not Whistle Stop

CHICAGO — Ralph "Tiger" Jones should be considered more than just a whistle stop on Sugar Ray Robinson's comeback timetable tonight in a 10-rounder.
Robinson, looking as sleek and as magnificently confident as ever, is a solid 3-1 choice to dispose of the 26-year-old Yonkers, N. Y. "crowder," noted as a rough-and-ready body punisher who once was a third-ranked middleweight contender.
It will be the second fight in two weeks for Robinson, who at 34 is trying a comeback aimed at regaining the middleweight crown now worn by Bobo Olson.
If he succeeds, he will be the first fighter to come out of retirement and win back his title.
Robinson made his start by kayoing plodding Joe Rindone in the sixth round at Detroit Jan. 5.

MR. R. R. MURPHY
CITY ELECTRICAL INSPECTOR
OF AMARILLO, TEXAS

TESTS FOR PROPER HOME WIRING-----

A Is it Safe?
B Is it Adequate?

R. R. Murphy, city electrical inspector, Amarillo, Texas, recognizes the growing home need for sufficient electric capacity. Mr. Murphy, who is building his new home, says, "I'm making sure of plenty of electrical capacity...my wiring is safe as it complies with the Amarillo city code. In addition, it's adequate and will be for years to come."

BATH OUTLET

"Here you see 8 circuits with provision for a future 8 more. In addition, there are separate circuits for the electric range and electric dryer. The kitchen, for example, has two appliance circuits for coffee-makers, waffle irons, toasters, etc."

"All I'll have to do here is plug in my electric range. What's more, the wire used is #6 which means that the range will operate at top efficiency. Wire of the right size is an important part of electric appliance operation."

"This is the wiring for the electric dryer as it appears before the three-wire outlet is installed and the walls finished. It's easier to get the right wiring at the time the house is being built. I've planned mine accordingly."

NOT MORE THAN 6 FEET FROM LAMP TO ANY OUTLET.
To avoid a tangle of extension cords, outlets should be spaced not more than 12 feet apart. Mr. Murphy here shows Public Service wiring specialist that his complies with this important provision.

Modern living calls for sun lamps, heat lamps, electric shavers and other uses for bathroom outlets. In both of Mr. Murphy's baths, an electric outlet is placed for maximum convenience.

Public Service maintains an Adequate Wiring department. We will be glad to work with your electrical contractor, builder or architect on your home, office or factory wiring or rewiring.
