### Cold Fails to Kill Yellow Aphid, Posing New Threat to Alfalfa

Yellow aphids which last year did \$1 million damage to alfalfa in Eddy county alone are expected to strike again. This is the report from farm scientists, and county agents say southern New Mexico's winter has nevertheless failed to kill the devastating insect.

"We're frank to admit we don't know," Marek said. Here's why: The yellow aphid has been known since 1890. Up until 1954 it was classed as a harmful insect—so scientists, hard-pressed to control more belligerent pests—virtually ignored it.

sucking out plant juices, depositing a sweet substance which the cows loved but which gummed up harvesting machinery. Now the scientists and researchers are stuck on just how to go about controlling the aphid.

is a possibility. If that's done, the aphid can't merely jump from one field to another as he's done in the past when sprays threaten. But it's difficult to work out, and its effectiveness isn't certain, Marek reports.

### Liquor Control Bill Features Powerful Board

SANTA FE — A liquor control commission with sweeping powers and the same tenure in office as state highway commission is proposed by a former state director and a liquor licensee.

Tom O. Montoya (D-Santa Fe) and Sen. R. A. Chavez (R-Daluz) are co-sponsors of the bill, which promptly drew a comment from a liquor industry spokesman saying the industry has connection with the proposal.

Montoya was state liquor director under former Gov. Thomas Chavez holds a liquor license in Santa Rosa.

The bill calls for a three-man commission appointed by the governor with Senate approval. The commissioners would have four and six-year terms, respectively. Their successors would be named to six-year terms.

Provisions of the bill in defining grounds for removal is virtually identical to that in the constitutional amendment establishing the highway commission. A commissioner could be removed from office only for incompetency, neglect of duties, or malfeasance in office, with hearing by the Supreme Court.

The part-time liquor commission would appoint a full-time executive director whose \$10,000 bond would be paid by the state. The commission would have power to hire and help it needed within the limits of its appropriation. The director could be delegated the duty of holding hearings on alleged violations, but the final decision would be made by the board.

### Pick-Up Orders Given on Men

Artesia police have an alert out for two men who were in Artesia recently, charging one with obtaining money under false pretenses and the other with defrauding an innkeeper.

Wanted on the defrauding innkeeper charge is Robert H. Howland, with charges signed by Floyd Childress. Childress alleges that Howland, a worker on the new swimming pool, left a bill unpaid his keep at the Park Motel.

Wanted on the obtaining money charge is a man identified as Walter Neil, with the complaint filed by Wesley Sperry. Sperry charged that Neil obtained new tires for his pickup truck and a few days later he told Sperry he needed the tires to get some tires from the mountains to be repaired by his company.

### Final Balloting in Valentine Princess Starts

Final balloting for the Valentine princess contest, sponsored by the Artsia department of Artesia high school, starts today as tickets for the gala stage show, Valentine Princess of 1955 go on sale. The contest will close Feb. 7, one day before the three-day run shows.

### Springer School's Board Approved

SANTA FE — Gov. Simms' new "blue ribbon" board for the Springer industrial school for boys won unanimous approval by the state Senate today just before the Legislature recessed for the week-end.

Both House and Senate closed up shop after a 30-minute session. The Senate showed its approval of the governor's new Springer board—composed of five of New Mexico's most prominent citizens—by voting confirmation of the appointments without going through the routine of prior consideration by the Rules Committee.

Members are Albert Mitchell, Albert; Mrs. J. R. Modrall, Albuquerque; M. A. Otero Jr., former district judge, Santa Fe, and Earl Nunn, Springer school superintendent.

### Radio Book Quiz Second Program Slated Saturday

The AAUW radio book quiz plunges into its third session over the airwaves tomorrow morning at 10:05, when eight sixth graders from the Park and Central schools will make an appearance.

Under the guidance of Miss Lois Nethery, high school librarian, they will answer questions on eight children's classics.

The youngsters are Teresa Elkins, Ruby Gibson, Phyllis Gilchrist, Joyce Madron, and Karen Boruta, all of Park school, with Sharon Childress, Dianna Sutton, and John McGuffin of Central.

### Vodka, Cash Are Taken From Hobbs Liquor Store

HOBBS — Burglars took cash, merchandise, and other items valued at \$750 from the Broadway Liquor Store here last night.

The money—\$350—was in a cash register, and the thieves took both the cash and register.

In addition, they took 12 quarts of wine, some vodka and some gin, said the store owner, Harkey Smith.

### Costa Ricans Capture Rebel Stronghold

SAN JOSE, Costa Rica — The Costa Rican general staff announced today the capture of the rebel stronghold of La Cruz and the nearby town of Puerto Soley on the Pacific Coast. It added that the rebels were now caught in a trap, with Loyalist troops closing a pincers from the north and south.

The announcement came on the heels of unofficial reports that the rebels were withdrawing toward the Nicaraguan frontier.

The action was at the edge of the newly proclaimed buffer zone between Costa Rica and Nicaragua. Neutral ground and air observers of the Inter-American Peace Commission were patrolling a belt 18 miles long in the area to keep the rebellion from touching off a war between the two neighboring countries.

Presumably the rebels were hit by a flanking group commanded by Costa Rican Col. Frank Marshall. A highly authoritative source confirmed that Marshall's column struck late yesterday at La Cruz, a rebel strong point on the Inter-American Highway little more than three miles by air from the Nicaraguan frontier and only about 10 miles by the winding highway.

### City's Plea for Funds Forwarded Through Channels

CITY ENGINEER Doug Fowler received a letter from state Federal Defense administrator this morning, concerning funds coming to Artesia on flood relief.

Fowler said he wrote John Chapman last week in reference to about \$12,000 Artesia is slated to receive for flood relief. Fowler explained that the city's street budget is "scraping the bottom" and the promised funds are needed to round out the remainder of the fiscal year.

Chapman wrote Fowler that "I am forwarding your letter, with my approval, to the Federal Civil Defense Administration regional offices."

### Warnings of Apathy

NEW ORLEANS — The civil defense administrator for five southwestern states has warned that people aren't interested enough in preparations for defense. French Robertson, Denton, Tex., regional administrator for New Mexico, Texas, Oklahoma, Arkansas and Louisiana, made the statement.

Robert Lingle of Albuquerque, engineer for the commission, explains that the project will consist of two parts.

### Sunday Rodeo to Aid MOD Drive

Big item in the end-of-the-week MOD drive for Artesia will be a winter rodeo sponsored by the Artesia Roping club to be held at the "goat ropers arena" Sunday with proceeds going to the MOD.

Admission to the rodeo will be 50 cents per person. Concession stand profits will also be turned over to the current drive. Expected to perform in the Sunday rodeo will be riders from southern New Mexico and West Texas. Starting time is 1 p. m.

### Skies Clearing, State Is Colder

Skies were clear over most of the state today, but morning temperatures ranged from three to 23 degrees lower than yesterday's over western New Mexico. There was lit change, however, on the East Side.

Continued sunny weather was predicted for tomorrow, and temperatures were to be somewhat warmer, ranging from 35-46 north-west to 45-55 in the south and east. Some light snow flurries were predicted today but only in higher mountain areas.

### Junior High to Sell Theater Tickets for MOD

Junior high school student council will sell tickets for two shows, one Jan. 25, the other Jan. 27. This is done in cooperation with the Landsun Theatre for the March of Dimes.

The student selling the most tickets will receive a \$5 book of theater tickets. The second prize will be a \$2.50 book.

### CLAIMS BOOMING

TUCUMCARI — The land office here is doing a land office business in uranium claims. A new atomic energy commission map shows several areas of high radioactivity in the area, and some 30 to 40 prospectors have already arrived. County Clerk James L. Jordan says he has had 75 new mining claims filed with him this week.

### McCullum Puts Redistricting Bill in Hoper

SANTA FE — Rep. Virgil McCullum of Carlsbad, perennial advocate of congressional districts for New Mexico, is still in there pitching.

He introduced legislation yesterday to carve out northern and southern districts for purposes of electing the state's two congressmen. At present, both congressmen, John J. Dempsey and A. M. Fernandez, reside in Santa Fe.

McCullum, generally conceded to be a Congress aspirant himself in case districting is achieved, said his latest bill is the same as the last one tried in 1953.

This is how it proposes to divide the state: Northern district—San Juan, Rio Arriba, Taos, Colfax, McKinley, Valencia, Socorro, Torrance, Bernalillo, Sandoval, Santa Fe, Mora, Harding, San Miguel, Guadalupe, Los Alamos.

Southern—Catron, Grant, Hidalgo, Luna, Sierra, Dona Ana, Otero, Lincoln, Eddy, Chaves, DeBaca, Lea, Roosevelt, Curry, Quay, Union.

McCullum said according to 1950 census figures, the northern district would have 393,354 population and the southern 287,633, a differential of 15.5 per cent, compared with recommendations of the American Political Science Assn. that such differential between districts not exceed 15 per cent. The 1954 estimates are that the differential now has narrowed to 15.1 per cent, he said.

His proposed law two years ago passed the House 39-15 but was killed by the Senate 22-9. Then McCullum proposed a constitutional amendment, which sailed through the House 42-9 but was killed 16-14 by the Senate on the last day of the session.

### Helping Former County Prisoners Costs Blankets

Mrs. R. B. Vaughn, 202 Fairview, told police this morning she attempted to help two men released recently from the county jail, but came out on the short end of the horn.

Police reports state that Mrs. Vaughn lent \$3 to two men who were released from the Carlsbad county jail Jan. 17 and gave them a place to sleep for the night. Mrs. Vaughn discovered the theft of blankets and other household goods.

### ELK SHIPPED IN

SANTA FE — Two trucks have brought 37 elk from Yellowstone National Park for the Cimarron Canyon Wildlife area. The State Game Department, which owns the area, said no elk hunting will be held there for nine years.

### Eddy County May Seek Bond Funds to Build

Plans for a tri-county juvenile detention home to be located near Artesia last night were virtually abandoned and Eddy county representatives discussed going it alone.

In the first meeting in seven months, representatives from Chaves, Lea, and Eddy counties heard two of the three counties have made other plans to handle their juveniles.

Only Eddy county does not now have facilities to detain juveniles, and the committee backing a juvenile home, headed by Judge C. Roy Anderson of Carlsbad, said it will first investigate possibility of a county bond issue.

Juveniles in Lea county will be detained in the provost marshall's building at the former Hobbs Air Force Base, it was reported in last night's meeting at Artesia Country club. Chaves county has adequate facilities in its county jail to handle juveniles.

But, Judge Anderson said, only four male juveniles can be housed in the Eddy county jail at Carlsbad. A detention home is virtually a must for this county, he indicated.

THUS, the committee will be starting again from scratch to dig into one of the most pressing of local problems.

At last night's meeting, were Judge Anderson and E. C. DeMutt both of Carlsbad; Arthur Gorry, architect for the home from the firm of Brittle-Ginner & Gortchats, Carlsbad; Albuquerque Walter Hunt, Roswell; P. Scott and Neil Watson, unters, both ex-officio members of the tri-county juvenile detention Moore committee.

The committee last night indicated it would seek to replace signed members of the committee, but did not immediately make appointments. Resigned are Harvey Yates of Artesia, who was acting as chairman, and T. B. Sudderth of Hobbs.

Neither Judge John Brand of Hobbs nor Judge George Harris of Roswell were present for the meeting.

A county bond issue for the home will probably be sought rather than financing on a public subscription basis, Watson told reporters after the meeting. Little public interest of strength enough to meet the building's cost has been shown, he said.

SCOTT, secretary for the committee, confirmed there had been no activity concerning the home for seven months before last night's meeting.

At the meeting seven months ago, contractors told the committee the building it wanted constructed for \$40,000 would cost \$80,000 to \$90,000 because of certain special features in the building.

Scott said that cost could probably be reduced through eliminating several rooms from the building, as well as certain costly features which can be postponed for the time being.

The Eddy county committee said it would also begin a search again for land for the home. An earlier offer of 10 acres of land for \$250 on the Atoka farm-to-market road north of Highway 83 has been withdrawn by the person who made the offer.

Plans for a juvenile home began 1 1/2 years ago with appointment of a tri-county committee of the judicial district's three judges. The home would provide a 30-day detention center for juvenile boys while courts arrange final disposition of their cases.

## Washington to Discuss Pecos Plan, Potash Tariff

By MORRIS CLEAVINGER AP Special Washington Services WASHINGTON — Meetings and hearings of importance to New Mexico are taking place in Washington this month.

Members of the Pecos River commission are in town to lay the groundwork for legislation to improve that drainage basin both in New Mexico and Texas.

Germany is being dumped on the America market to the injury of domestic producers.

The Pecos River commission—composed of John Bliss, New Mexico consultant on the interstate streams commission; J. C. Wilson of Pecos, Tex., and Berkeley Johnson of Santa Fe, the federal representative, is holding its annual meeting at the Stalter Hotel.

A meeting is arranged for the next day with members of the New Mexico and Texas congressional delegations to talk over the proposed Pecos River reclamation project, a report on which is now before Secretary of the Interior McKay.

Robert Lingle of Albuquerque, engineer for the commission, explains that the project will consist of two parts.

One part, to cost about two million dollars, calls for 16 miles of river channelization through salt cedar and other scrub growths near Artesia. The tree growth has impeded the flow of the Pecos and caused excessive evaporation losses.

Below Carlsbad, at Malaga Bend, \$500,000 would be spent to divert the flow of salt water springs away from the Pecos River. Present plans are to pump the salt water, now contaminating the lower-down Red Bluff Reservoir in

Texas, into the artificial lake. New Mexicans here are hopeful that legislation to authorize the project can be considered by Congress at this session.

The tariff commission hearing is primarily of interest to the Carlsbad area, where mines produce an estimated 90 per cent of domestic potash.

American producers contend that potash from East Germany is being dumped in this country at less than "fair value."

If the commission finds that this situation is true, or that imports are harming domestic industry, it has the power to impose extra import duties.

Under customary procedure, sometime is likely to elapse after the hearings before the Tariff Commission may take a finding. Rep. Dempsey told a reporter he would like to see Congress take direct action, over and above what maybe done by the commission, to protect domestic potash producers.

### Alaska Good Investment, Klerekoper Tells Kiwanis

In one year Alaska pays in fish sales alone 10 times the original purchase price of the territory from Russia, Rev. Fred Klerekoper, First Presbyterian church pastor, told Kiwanians Thursday.

Bought for \$10 million, Alaska became known as "Seward's folly" in ridicule of the secretary of state negotiating the purchase, Rev. Klerekoper pointed out. Now it reaps \$100 million annually from fish sales alone.

Rev. Klerekoper spent 10 years in Alaska as a missionary, from 1935 to 1945, with nine years of the 10 at Point Barrow, 600 miles north of the Arctic circle.

Residents think of three parts of Alaska, he told Kiwanis club—they split it into the Arctic, Central, and Southeast areas.

"Temperatures run wild in Alaska," he told the club. "They plunge from 25 to 40 below in the winter, warm up to 25 to 40 above in the summer. The coldest I ever experienced was 63 below — and that was no record."

The native Eskimos, Rev. Klerekoper declared, do not want to live anywhere else. That was proven when attempts were made to move them.

"They are a hearty, happy people," he said. "They laugh at almost anything. But they are very skillful as hunters, fishers, and trappers. They grow up with a

which was held in Artesia Wednesday.

Tiny sandwiches, cake topped with whipped cream and coffee were served to twelve members by Mrs. Ellis and the co-hostess, Mrs. B. U. O'Neill.

Circle 4 met in the church parlor with Mrs. George Teel presiding. Mrs. C. R. Sharp led the worship service on "Faith."

The program theme was "Homes," and Mrs. Ira Dixon reported on deaconess Martha Stewart, in which the duties and requirements of a deaconess were told. Mrs. C. P. Bunch reported on the Family Life conference recently held.

The hostesses, Mrs. Jane Jordan and Mrs. Ralph Brown, served tiny sandwiches and Cokes to 12 members and one guest, Miss Doris Johnson.

Announcement made at the circle meetings was of the Zone meeting of the Woman's Society of Christian Service which will be held at the First Methodist church in Artesia Jan. 25, beginning at 10 with a covered dish luncheon at noon. The program will be given by the women from the Carlsbad churches.

### DeMolay Mothers Plan for Formal Installation

DeMolay Mothers met Wednesday evening at the Masonic Temple with seven members present.

Mrs. Thad Cox presided. Members are to mend the boys robes which they will use for their installation ceremony on Sunday, Jan. 30.

The third Wednesday of each month is the regular meeting date, and mothers of all DeMolay boys are cordially invited to attend. Refreshments were served by the hostesses, Mrs. Earl Smith, Mrs. Harold D. Dunn, and Mrs. James Thiapen.

## Basilio Gambles Welterweight Title Shot in Saxton Fight

By JACK HAND

SYRACUSE, N. Y. — Carmen Basilio gambles on a tentative April 1 title shot with welterweight champ Johnny Saxton tonight when he boxes PePier Mueller, sturdy German middleweight, in a 10-round match at War Memorial Auditorium.

Syracuse will be blacked out on television. Otherwise the show gets the usual network radio-TV treatment.

Of course, Basilio might not lose his second chance at the 147-pound title if he should be beaten by Mueller. The match was made at a 155-pound contract over the welter limit.

Basilio is a solid 14 to 5 favorite to make the "Clown of Cologne" jump through the hoops. Unbeaten since he lost a disputed split decision to Kid Gavilan in a title fight, Sept. 18, 1953, Basilio is a vastly improved boxer.

The 27-year-old son of a Canastota, N. Y., onion farmer, is a good left hooker who can punch to the head or body with equal effect. He can take a solid smash and always is trained to the peak of condition.

## Mickey Wright Is Two-Stroke Leader at Tampa

TAMPA, Fla. — Hard-working Mickey Wright, in her first year as a professional, showed the veterans the way by two strokes going into the second round of the \$5,000 Tampa Women's Open golf tournament yesterday.

The tall blonde from San Diego was the only one in the field of 149 to break par 75 for the tough Palma Ceia course yesterday, coming in with 35-39-74.

Four veterans were tied at 76—Babe Zaharias of Tampa, defending champion Betsy Rawls, Sparanburg, S. C.; Jackie Pung, Honolulu; and Beverly Hanson, Indio, Calif.

Another group, bunched at 77, was composed of Louise Suggs, of Sea Island, Ga.; Fay Crocker, Whitestone, N. Y.; and Mariene Bauer, Sarasota, Fla.

Pat Lesser, Seattle, and Mary Lena Faulk, Thomasville, Ga., tied for low amateur honors at 78. The veteran pro Patty Berg also came in with 78.

## Upset Streak in College Basketball Finally Is Upset—George Washington Wins Over Virginia

By ED-WILKS

The Associated Press

The upset streak finally has been upset in college basketball. George Washington's ninth-ranked Colonials who earlier this week had a hand in one of the numerous form reversals, took charge of Virginia Tech in fine style 95-60 last night.

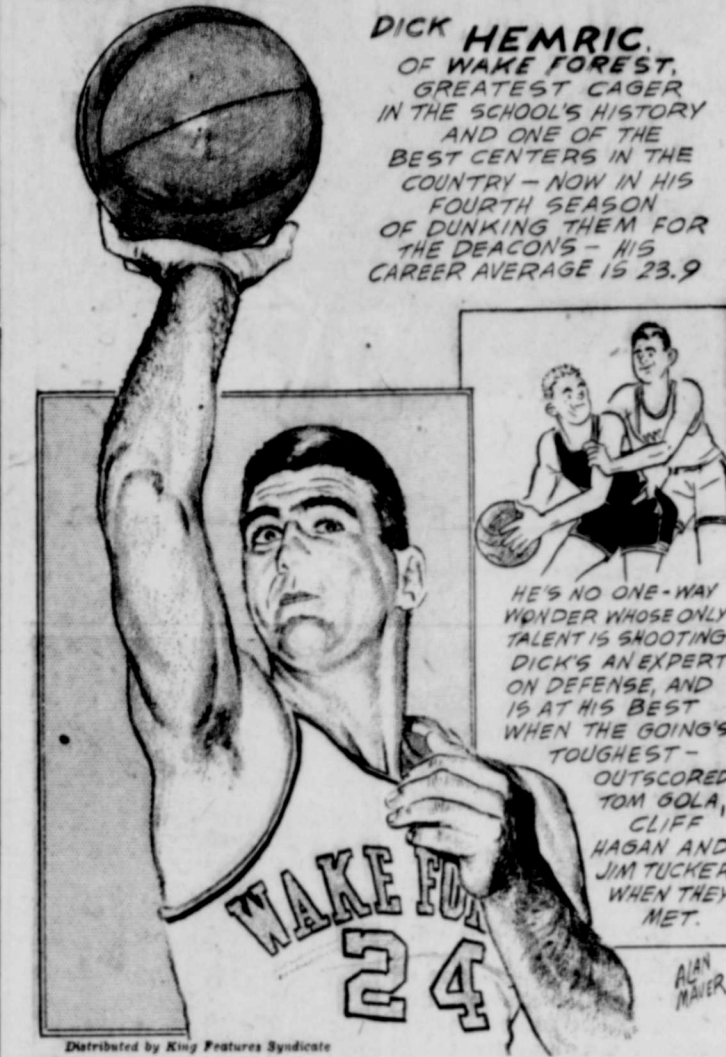

Illinois, No. 7 in this week's Associated Press poll, was jolted by Iowa Monday; second-ranked North Carolina State and sixth-ranked Maryland were dropped by North Carolina and George Washington, respectively, Tuesday, and Kansas State surprised eighth-ranked Missouri Wednesday.

George Washington was the only high-ranking team on the job last night. Even among the unranked teams things were as expected. Colgate defeated Cornell for the second time this season 63-57, Tulsa scored a 48-42 victory over Oklahoma City U. Wichita spilled Seattle 74-71 and Texas A&M beat Louisiana State 58-47.

George Washington smothered Virginia Tech with a field goal show that bettered 50 per cent Joe Holup and Corby Devlin holdovers from the Colonials' 1953-54 Southern Conference champs, each scored 26 points.

Colgate had to scramble against Cornell's Ivy League leaders, who led 16-0 at the start and 35-22 at the half. Colgate perked up in the second half and took the lead with 2 1/2 minutes left.

## Joe DiMaggio Seeks Pro Ball Job If Leagues Move West

LOS ANGELES. — He is now 40 and has been away from baseball for four years, but Joe DiMaggio would be interested in getting back in some capacity, if and when the major leagues comes to the West Coast.

The Yankee Clipper, a bit thinner than his 187-pound playing weight and his hair flecked with gray, was in a reflective mood when a reporter found him lounging in a Hollywood hotel lobby yesterday.

"I'm glad I played ball when I did," he said. "In my era we had great rookies coming up in handfuls every spring. Now, if there is a Willie Mays once in two years, baseball people consider themselves lucky. I think there are too many buildings and not enough vacant lots. Maybe the Little League will fill the gap, eventually."

Joe says he's still mulling over what he'll do for the rest of his life. He said he has rejected many business offers. Financially, he's fairly secure, but he says he needs

## Bolt Leader as San Diego Open Moves Forward

SAN DIEGO, Calif. — Tempetuous Tommy Bolt of Texas led the way into the second round of the \$15,000 San Diego Open golf tournament today on the heels of a remarkable round of 29-35-64 over the flat, windy Mission Valley Country club course. Par is 36-36-72.

The journey toward the \$2,400 top money remained hazardous, however, for the 34-year-old Houston professional, who banged out seven straight birdies from the opening green on yesterday.

One shot back was a stranger to headlines, Paul McGuire of Wichita, Kan. This 26-year-old pro could be tough, and his score of 31-34-65 was remarkable in view of his comparative inexperience in tournament play.

Four strokes back of Bolt were Art Wall, Doug Ford, Bud Holscher, Shelley Mayfield and Henry Williams.

## Rutherford Named Top All-Around Cowboy for 1954

DENVER — Buck Rutherford, Lenapah, Okla., was officially named all-around cowboy of the 1954 rodeo circuit last night at the 49th National Western Stock Show.

The lanky cowboy gained the distinction by winning \$40,404 prize money last year.

Rutherford and others of rodeo fame shared in \$7,600 cash and \$4,000 worth of saddles, ornamental buckles, and other trophies at a special ceremony during a rodeo intermission.

Runnerup Jim Shoulders of Henryetta, Okla., earned \$28,700, and Casey Tibbs of Fort Pierce, S. D., followed with \$23,052 in rodeo purses during 1954.

Other top men were Don McLaughlin of Smith field, Tex., \$23,048; Eddie Akridge of Beaver, Okla., \$14,983; Jim Bynum of Waxahachie, Tex., \$12,578; and Eddie Schell of Coolidge, Ariz., \$6,547.

## Beau Jack Wins First Dull Bout In Comeback Try

COLUMBIA, S. C. — Beau Jack, the one-time champion, was back on the comeback trail today following a dull 10-round victory over Eddie Green here last night.

Jack showed little of his form that carried him to the lightweight championship of the world in 1943. He piled up enough points in every round to win a unanimous decision.

### This Week's Top Sports Event—Denver vs. UNM

By EVAN MAHANEY

THE BIG QUESTION TODAY is whether basketball fans in Albuquerque are going to see the Denver university-New Mexico University game out of love for the sport—or curiosity for novelties.

UNM will take to the floor Saturday against the DU team in a "battle of the have-nots." Neither team has a league victory to their credit this far along in the season.

Both teams have met the same opponents and gone down in shame by about the same scores—none of them showing a hard-fought game.

DU, for the first time in several years, has experienced harsh criticism from Colorado sports writers, raking her over the controversial "athletic-support" goals. As we all know, UNM is growing an inferiority complex, which she wears well, over criticism concerning her attitude to sports—and the powers that be who run the university.

SO SATURDAY'S AFFRAY should be a real battle. We seriously doubt whether odds, for or against either team, will be available at game time, but we'll bet a whole dollar more people turn out for Saturday night's DU-UNM basketball game than any other on the university's schedule. Reason being that people love to watch a novel happening—and we can think of no more novel game than this one.

While on the subject of UNM, it is highly interesting to watch friend John Alexander in Carlsbad put the skids to attempted attacks defending UNM athletic policies. John wrote the other day "practically every sportswriter in New Mexico is harping about the U's athletics."

He's dead right too. J. D. Kailer of the Albuquerque Journal has been snipping at UNM athletic policy ever since it began falling off. We offhand, know of no sportswriters in this state who are happy with the situation at Albuquerque—and a lot who aren't too happy about Cruces.

By all means take your camera along on that trip—but don't forget to have it protected by Camera Insurance. Photographic equipment is costly as you well know. ## Contract-Breaking Wyatt Replaced By New Breaker

By GAYLE TALBOT

NEW YORK — There was no expectation here that a recent essay chiding Coach Bowden Wyatt for breaking his contract at Arkansas and tooting off to Tennessee in a gift auto would meet unanimous approval. It didn't either.

Take for example the following remarks from Fred Lawson, sports editor of the Portsmouth (Ohio) Times:

"If Arkansas was so disgusted with Wyatt's action, why did it not feel bad about enticing Jack Mitchell to leave Wichita? It appears Arkansas officials feel it's terrible for their coach to leave but it's okay to go out and get a coach to break a contract at another school. Now, how about a column on Arkansas getting Mitchell to break his contract at Wichita?"

Comment: Arkansas didn't help its case any, did it? From here on the Razorbacks can fight their own battles.

PRACTICALLY everyone who owns a typewriter is being bombarded these days with letters from Archie Moore, the 175-pound champion, demanding that he be given first shot at Rocky Marciano's regal peak. Now comes Bobby Gleason, manager of Nino Valdes of Cuba, with proof that he can write too. If anything, he's got bigger words than Archie.

er day, an item concerning New Mexico rabbits was found. It seems away back in October at the state GPA meeting in Truth or Consequences, the leading moguls passed a resolution "That the cottontail rabbit be classified a game animal."

One of two things seems certain. Either no ranchers from the northern section of the state were present at the convention—or they were indisposed when the resolution came before the group.

Seems like every year someone thinks rabbits. (Sometimes they pick on the jacks and other times on the cottontails) should be made game animals, complete with seasons, etc. Down here, the cottontail rabbit isn't too plentiful, although there are plenty of the jacks. But up north, there are just as many cottontails as there are jacks, although they're a bit harder to find.

Whether cottontails or jacks, there's not a rancher in this section who can keep up with the rabbit growth, even if he has a flock of boys who make it a habit to hunt rabbits every night. All they would need is one season of protection from the game department and there'd be more rabbits in New Mexico than people.

## Santee Seeking To Set World Indoor Record

PHILADELPHIA. — Wes Santee takes to the boards for the first time this season in the 1955 Philadelphia Inquirer Games at Convention Hall tonight and the world's ranking active miler things he'll do all right.

"I think the winner of the race (although he didn't say he'd win) will run pretty close to the world (indoor) record and probably will top it if conditions are right," he said.

"This is my first time on the boards this season and I've never run on the boards here before," he continued. "But I'll see what happens. I think I'm due for a good night one of these days."

Gl Dadds' world indoor mark of 4:05.3, set in 1948, figures to get a good test from Santee, who in turn figures to have all he can handle in Denmark's Gunnar Nielsen and Belfast's Vic Milligan.

Nielsen won the mile event in the Boston K of C games last Saturday night in 4:07.9 and has said he's confident he can set a new world's mark before the indoor season ends.

## No Tax Reductions Now

ALTHOUGH MR. AND MRS. America would like and would appreciate a reduction in some of its federal taxes the chances are these are not in the picture this year according to those watching the Washington situation closely.

And the reason, of course, there will be no tax cuts this year is because this is not election year.

It is generally admitted that both the Democrats and the Republicans will be talking tax cuts next year. It is also generally believed that these tax cuts will result and for one reason—to get votes.

In other words Congress openly admits that taxpayers and voters are anxious for some reductions in their taxes. They know that America is demanding these.

But since we don't have anything to say about it this year—we don't have any national elections—it will be put off until next year in order to try and get our vote.

Congressmen point out that the taxes can't be cut because of the budget heads. They talk tax cuts but no budget cuts. And most of us know and realize it will take budget cuts to make it possible to have tax cuts.

Among the taxes expiring between now and April 1 are some excise taxes on liquor, cigarettes, gasoline, autos, etc. And all indications point to the fact these will be renewed. There also has been a proposed cut in corporation taxes from 52 per cent to 47 per cent but this is expected to be voted and left as it is today.

Any further reductions in individual income taxes also are out and will probably not be voted this year.

A good many other problems face the Congress between now and April 1 and all indications point to the fact they will be busy with these things—just renewing and extending taxes now being assessed—until they have all been taken care of.

But next year when the members of Congress will be seeking votes and will be hoping to name the leader of their party as president the voters will get a little attention and consideration—they will reduce taxes solely for the purpose of trying to win votes.

After all if the American citizen is entitled to some reductions in his or her taxes—then they are entitled to these now without regard to politics or political party.

## Post Office Opens Campaign For Driver Safety Program

Artesia postal employees who regularly drive government-owned, contract, or privately owned motor vehicles on official business met in a brief session today to discuss safety and receive pamphlets and instructions for participating in the National Safety Council's "Safe Driver Award" program.

The post office department is one of the world's largest motor vehicle fleet operators, and new emphasis is being placed on the time-honored tradition "The Mail Must Go Through" by adding the words "with safety."

A message from Postmaster General Arthur Summerfield was read by Mrs. Marion Dunning, acting postmaster, in which constant, alert exercise of courteous driving practices and adherence to local traffic rules was called for from all post office vehicle drivers, in order to create and maintain lasting public good will in our city and community.

All postal employees who drive

12 consecutive months without having a preventable accident win a one-year Safe Driver Award; then they may go on to win 2-year and 3-year awards as long as they are accident-free drivers. They drive under a graduated proving period rule which is intended to encourage drivers to form safe driving habits. Until they prove that safe driving has become a habit, they are not entitled to qualify for 4-year or higher awards.

The theme of the program being begun in the post office department for 1955 is "Get acquainted with Sammy Safety, let him ride with you all through 1955 and, if necessary, become a "Defensive" driver to avoid accidents."

The Artesia post office operates one government-owned vehicle and three privately-owned contract vehicles at present, including one used on the rural route. Seven drivers of these units took part in the safety meeting.

**Third High**  
Eddy county is only the third highest county in New Mexico in buying U. S. savings bonds.

The December report from L. B. Feather over at First National bank shows Bernalillo county (Albuquerque) is first with \$295,413.96, followed by Grant county with \$92,825 and Eddy (Artesia and Carlsbad) with \$72,747.

Lea county (Hobbs), which brags about many things, purchased a niggardly \$29,751.87 in December, and Chaves county (Roswell) only \$21,675.

**Mortality Rate**  
Last year in New Mexico 1,142 infants died before their first birthday.

In reporting that at Portales the other night, Dr. Gerald Clark, head of the state's public health service, said that if the state's average were as good as the national average, 543 of those youngsters would be alive today.

The high rate is influenced to a large extent by the large Indian population which lives under conditions of primitive sanitation, Dr. Clark said. Few babies are born with the aid of doctors, he pointed out.

The director of the state's public nursing service, Miss Portia Iric, recommended an increase on the state training program for midwives.

**Chiseling**  
The state employment security commission uncovered 122 cases of willful misrepresentation to obtain unemployment benefits in 1954, according to Fred C. Barron, executive director.

In completed 22 prosecutions compared to three in 1953, as the result of more vigorous "detection and prosecution," rather than any increase in chiseling, the commission says.

Total amount fraudulently obtained by the chiselers was \$10,927. In the great majority of these cases the number of weekly claims and amounts involved were so small as not to warrant prosecution.

**Recreation?**  
Already some contact in what comes first under a city recreation program is apparent in preliminary discussions.

The current group pushing for adoption of the tax wants the city to pass a penny-per-pack cigarette tax which would yield around \$1,000 a month at conservative estimate—probably more, actually.

Then it recommends hiring of a full-time recreation director, who would work with a city committee to survey present recreation facilities and needs, then recommend a program.

The city—or at least some segments of the council and administration—are thinking of a much more crafty plan.

They would like about half the cigarette tax money used for the city's parks, which are a part of a city's recreation facilities. Then the city could take the \$6,000 now budgeted for recreation and spend it on something else.

On the other hand there are those still plunking for a swimming pool to be built on the North Side, those recommending a recreation center be built to house everything from daytime kindergartens to nighttime dances and leather

A house-to-house MOD drive will start in the Atoka area Jan. 24, continuing on through Jan. 31, according to an announcement by the Atoka MOD chairman, Mrs. Leon Clayton.

Mrs. Clayton explained that the rural house-to-house canvass will be made in lieu of a Mother March such as is held in Artesia. Because of the area to cover, the drive will last for one week, giving workers time to reach all farmers in the area.

Assisting Mrs. Clayton in the drive will be Mrs. F. F. Thorpe, Mrs. Clifford Bradshaw, Mrs. Lynn Chumbley and Mrs. Paul Zeleny.

## Intoxicated Driving Charge Filed on Texan

A Texas man, Lee Elbert Brown, was arrested yesterday by state police, charged with driving while intoxicated.

Brown entered a plea of guilty before Judge John Elliott this morning in police court. He was fined \$100 and costs and the revocation of his driver's license for a one-year period.

Brown, according to the police report, was driving a truck, apparently hauling hay to Hope. Motorists reported to police he was "weaving all over the road" and losing bales of hay.

## Springer School—Cold—

Fred Foster (D-Grant, Hidalgo) proposes to authorize independent rural school districts to hold bond elections and issue bonds in the same way municipal school boards do. At present independent districts are restricted to the method used by ordinary school districts.

Other bills submitted to the House included those which would require creation of a "New Mexico State Register" to be published at least once a month; all official documents falling within the required categories would be published in the register, as well as filed with the state law library, before take effect.

Require the district judge to have a representative present when voting machines are prepared and sealed for elections.

The Senate received a bill setting mileage chargeable against the state or any county, school district or city for the use of privately owned vehicles on official business. Other than school business, seven cents a mile would be charged for use of a private vehicle on official business. Sheriffs would get nine cents a mile

WHERE \$62.4 BILLION WILL GO

FEDERAL BUDGET - Fiscal Year 1956 Estimated EXPENDITURES by function

HERE IS a functional separation of funds in President Eisenhower's budget message to Congress, showing where the \$62.4 billion in U. S. spending will go. Note big defense outlay. (International)

'DISAPPOINTED' IN CHINA MISSION

JAMES HAGERTY (right), White House Press Secretary, reads a statement in which President Eisenhower said that the initial reaction to the failure of Dag Hammarskjold (left), U.N. Secretary General, to win immediate release of the 11 imprisoned American flyers is one of "disappointment." The President warned, however, that we must not "fall into a Communist trap" through impetuous retaliatory action which might endanger the lives of the prisoners.

**HERE'S MY FORMULA!**

Browning was right when he said, "Grow old with me, the best is yet to be." It will be friend, if you head your life in the right direction. Me? My formula is simple. I try to give more than I get. I've seen a lot of life in my time... got a lot of friends. Most of them discuss their problems with me. And there is the church on the corner. One Sunday years ago a strange thing happened inside of me, and it made life worth living ever since... GOD. Been giving Him a dime out of every dollar since that day. Yes, sir, I'm rich. Not much money but haven't an enemy on earth. Trying to walk the straight and narrow way and getting others to go with you makes one feel downright good inside. I've seen a lot of life in my time and still have much to live for. I'm also ready to go when He calls. Are you ready to go? Are you at peace with God?
