# Carlsbad, Hobbs Phonemen Walk Out in Wildcat Strike

**By THE ASSOCIATED PRESS**  
Telephone employees at Hobbs and Carlsbad today joined a walkout in five states against the General Telephone Co. of the Southwest.  
Hobbs employees went out at midnight. Carlsbad workers left their jobs at 8:30 a.m.  
Supervisory personnel were manning switchboards in the two cities to handle emergency long distance calls.  
John Roy, union steward at Carlsbad, said his unit plan-

ned to stay out until a contract agreement is reached.  
The union, the CIO Communications Workers, said in San Angelo, Tex., that the walkouts were unauthorized.  
The telephone firm operates in about 90 cities in Texas, Louisiana, Arkansas, Oklahoma and New Mexico. Negotiations on a new contract are underway in San Angelo, the firm's headquarters.  
The union asks a minimum wage of \$1.25 an hour compared with the current 75 cents. The union made 36 propo-

sals and management 14 when negotiations began. The contract expired July 1.  
Latest towns to become involved in the walkouts were Prescott and Augusta in Arkansas, Guymon and Shattuck in Oklahoma, and these Texas communities: Miles, Eden, Rowena, Olney, Crowell, Seymour, Dalhart, Haskell, Baytown, Robstown, Sulphur Springs, Clarksville, Taft and Raymondville.  
The firm operates principally in smaller communities.

Supervisory personnel are manning long distance switchboards during the work stoppage.  
The company complained that the union had pledged there would be no walkout during the contract talks, on which mediators are sitting in.  
Union members—about 2,000 in five states—have given President Rex Harp of their CIO-CWA local authority to call a strike at any time.

VOLUME FIFTY-TWO      PRICE FIVE CENTS      ARTESIA, NEW MEXICO, FRIDAY, JULY 8, 1955      FULL LEASED ASSOCIATED PRESS WIRE      NUMBER 135

**THE ARTESIAN WELL**  
**By RICK RAPHAEL**  
Santa Fe has decided that it doesn't want any part of a proposed new air base to be located in New Mexico. When the New Mexican found out that the Air Force survey team was coming back to the state, the newspaper immediately suggested that the citizens of the capital city put their efforts behind Las Vegas as site of the air base. Said the New Mexican, Santa Fe doesn't want to lose its Old World and early Spanish charm.  
Reminds us of the perennial hassles Taos used to offer whenever some enterprising business man wanted to put up a neon electric sign over his establishment. You'd have thought the world was coming to an end. Just couldn't preserve the "Indians, aspens, and arches" atmosphere under the garish beams of a colored light advertisement. Well they still have the "Indians, aspens and artists" but that's all.  
Just give us the chance in Artesia for that air base and see what happens. The only way we want to preserve in the way of atmosphere here is that of growing prosperity and reputation for being the most progressive town in New Mexico.  
In the same vein, we were tickled about one newsman's comment that Carlsbad wouldn't be a likely site for the air base due to rough terrain around the county seat. A small lesson in geology and geography seems indicated for this mixed up town. When aircraft are endangered by the height of the mountains around Carlsbad, it's too late to worry about them—they are going to "autoland" anyhow. And if those mountains down there where Mohamed was a busier man than we gave him credit for being.

### Safeway Denies U.S. Charge Of Anti-Trust Violations

FORT WORTH, Tex. (AP)—The president of Safeway Stores Inc. says the food store chain hasn't violated anti-trust laws "unless meeting competition in good faith has become a crime."  
A federal grand jury here yesterday indicted Safeway and two of its officers on charges of anti-trust violations in Texas and New Mexico.  
One indicted officer—President Lingan A. Warren of Oakland, Calif.—declared:  
"Safeway has in no way violated any anti-trust laws unless meeting competition in good faith has become a crime."  
Warren also charged that the grand jury did not give Safeway an opportunity to present evidence about the "true picture of its operations or the competitive pricing practices and situations."

Safeway believes that the indictment that resulted in this indictment was brought about by pressure from competitors," said Warren, "and that when the facts are presented they will show: "Safeway has done nothing more than meet established prices in good faith; that the charges of the indictment are entirely unjustified; and that there is vigorous and aggressive competition in the retail grocery business in the areas referred to in the indictment."

More Thundershowers Due Around Artesia Area Today and Tomorrow  
**By THE ASSOCIATED PRESS**  
More showers and thundershowers were expected to spot southeast and east-central New Mexico today, but the District Weather Bureau in Albuquerque says the remainder of the state probably will stay dry.  
The showers are a carryover from those which dampened scattered areas of southern and eastern New Mexico yesterday and last evening. No very impressive rainfall amounts fell. Alamogordo reported .18 inch, Carlsbad .15 inch. Truth or Consequences .03 and other places reported only traces. Most of the showers ended about midnight.  
In Artesia .22 inches fell in a steady pour that began shortly before midnight and continued into the early morning hours. Heavy lightning and gusty winds accompanied the storm that moved over town from the west northwest. Sprinkles fell about 7:30 p.m. and momentarily delayed the start of the Artesia-Midland ball game. Last night's rain brought the total for this year to 2.89 inches.  
Another fair morning is forecast for tomorrow, but clouds and more scattered showers are predicted tomorrow afternoon.  
Temperatures today were to be about the same as yesterday's when the hottest was 103 at Columbus and Carlsbad. The coolest place last night was Grants with 41.

### Suggests \$400 Combat Unit Service Bonus

WASHINGTON (AP)—Sen. Russell (D-Ga.) moved today to prevent compulsory reserve training for veterans. He proposed instead a \$400 "bonus" for any veteran who volunteers for three years of active reserve training with "combat units of the Army of Marine Corps."  
Russell, chairman of the Senate Armed Services Committee, thus proposed a drastic change in President Eisenhower's program to strengthen military reserves. The program is aimed at building the present 700,000-man force to 2,900,000 by 1960.  
Faces Recall  
As passed by the House, the bill would provide that a reservist who fails to keep up with his training schedule may be recalled for 45 days of active duty.  
Under present law, a service man is supposed to serve eight years of active and reserve duty, but reserve training has not been enforced. The House-passed bill would cut the total to six years.  
Russell contends that 800,000 World War II veterans were recalled in the Korean War while many young men with no prior (Continued on page four.)

**Kerr-McGee Plans to Sink First Shaft in Fall**  
CARLSBAD (AP)—The seventh potash company in the Carlsbad potash basin plan to begin work on its first shaft in Eddy County sometime in September.  
Kerr-McGee officials conferred with Eddy County commissioners yesterday and received assurance that an access road to the mine site 31 miles east of Carlsbad would be expedited.  
They also received assurance from Lea County commissioners that they would receive full cooperation.  
Approximately one-half mile of the 2½ mile road will be in Lea County. The company holds leases on about 13,000 acres in the two counties.  
Officials of the firm expect to solicit proposals for sinking the 15-foot shaft to an approximate depth of 1,600 feet sometime in August. Construction will last from 12 to 14 months.  
By September of 1956, the company expects to get enough ore to the surface for pilot plant operation. Production is to be handled by the Farm Chemical Resources Development Corp., organized by Kerr-McGee, National Farmers Union and the parent company, Phillips Petroleum.  
The headquarters site is about 2½ miles south of halfway station on U. S. 160.

**Survey Shows Cotton Cultivation Down 14 Per Cent From Last Year**  
WASHINGTON (AP)—The Agriculture Department reported today that cotton in cultivation July 1 totaled 17,096,000 acres, down 14 per cent from last year.  
This compared with 19,791,000 in cultivation a year for the 1954 crop and with 18,113,208 allotted farmers under a rigid production control program for this year's crop.  
The department said that during the past ten years, an average of 2.7 per cent of the July 1 acreage has been abandoned from natural causes.  
Anglo-Egyptian cotton in cultivation July 1 was 8,300 acres in New Mexico, an increase over last year of 120 per cent. Texas acreage of the long stapled Anglo-Egyptian cotton was 16,000 acres or 132 per cent of last year.  
New Mexico's upland cotton, however, was estimated at 185,000 acres, only 88 per cent of the land under cultivation a year ago. Texas had 7 million acres of upland cotton under cultivation, or 87 per cent.

**Plummer Loses Fight to Prevent Court Switching**  
SANTA FE (AP)—An Artesia businessman who wants to collect 4½ billion dollars from Uncle Sam got a cold shoulder from the State Supreme Court.  
The court denied his application for a writ of mandamus which would have forced Eddy County Dist. Judge C. Roy Anderson into hearing the huge suit.  
Lester C. Plummer asked for the writ to forestall switching the case to United States District Court in Albuquerque.  
But the Supreme Court went along with Judge Anderson, who had said he has no jurisdiction since the U. S. is a party.  
Plummer filed suit against C. Buck Caviness and the Internal Revenue Service for taking \$83.70 from his bank account. Caviness, local agent for the Internal Revenue, said the attachment was made because Plummer failed to file self-employment taxes.  
The Artesia man sued. He asked for 1½ billion actual and 3 billion punitive damages, explaining "I might as well get into figures the government can understand."

**Hintz Says End to Welfare Cuts on Wholesale Scale**  
SANTA FE (AP)—The axe which the shaky Welfare Department has been using on its public assistance rolls has apparently done its job and no more wholesale cuts are expected.  
State Welfare Director Murray Hintz says the department still in good enough shape to take back any large numbers from among the thousands of welfare clients who were dropped in an effort to stay in the black. But in the future, he said, fewer persons will be dropped and these will be the result of normal turnover.  
Hintz, striving to keep his giant agency financially solvent, said decreases in the rolls between March 1 and May 31, plus cuts in payments, amounted to almost \$200,000 in savings. In March, public assistance totaled \$539,000. In May, it was down to \$341,000.

**U. S. Accepts Red Offer To Pay Half Plane Cost**  
WASHINGTON (AP)—Sen. Aiken (R-Vt.) said today the desire to create "as friendly an atmosphere as possible" for the July 18 Geneva conference was the major reason behind U. S. acceptance of partial Soviet payment for the destruction of a U. S. Navy plane last month.  
"Our government is giving the top-level conference every chance to succeed," Aiken said of the U. S. agreement that Russia pay only half of the full amount of damages originally asked. The Russians had offered the half pay (Continued on page four.)

### 300,000 Units of Salk Vaccine Get U. S. Approval

WASHINGTON (AP)—The Public Health Service today released approximately 300,000 shots of Salk polio vaccine, tested under new standards. It is the first vaccine to be released since June 6.  
The vaccine was produced by the Wyeth Laboratories of Marietta, Pa.  
A health service spokesman said the vaccine had been in process when revised production standards were laid down on May 26. The vaccine was retested under the new standards.

**Rioting Convicts Forced To Spend Night Outdoors**  
WALLA WALLA, Wash. (AP)—The bulk of 1,700 inmates at Washington State Prison traded bars for stars last night—and didn't like it—as they reaped the first fruits of their two-day revolt.  
Meanwhile, penitentiary officials harvested another crop—of weapons, broken glass and damaged fixtures, totting up a bill that may run into six figures.  
Jammed cell locks and other damage plus the slow job of shaking down the whole prison for hidden weapons kept the prisoners outdoors last night, milling about on an athletic field within the walls.  
Around them stood guards and state patrolmen carrying guns and clubs, alert against any revival of the revolt which started Tuesday with the seizure of nine hostages and control of most of the prison.

**Boy Is Crushed By Truck Wheel**  
**By THE ASSOCIATED PRESS**  
A four-year-old Cuba boy died yesterday a few minutes after he was caught under the rear wheel of a truck.  
State Policeman Alvin Huerta said little Chris Vigil was running beside a truck driven by his aunt, Mrs. Andres Vigil, tried to jump on, slipped and fell under the wheel.  
The accident was about one-fourth mile west of Cuba on a county road and officers said they were uncertain if the death would count on the state's traffic toll this year.  
If it does, it brings this year's total to 145, compared to 172 last July 8.

**Taken From Him By U. S. Government**  
**Navajo Asks Eisenhower for Return of His Two Children**  
CONTINENTAL DIVIDE (AP)—Tom Jim, young Navajo father who put in a Navy hitch helping Uncle Sam, wants the President to help him now.  
He's wired the White House pleading for the return of his two children.  
Tom Jim has the support of the Rev. Raymond Boone, pastor of Grace Navajo Mission at Continental Divide, a village in U. S. 66 between Gallup and Grants.  
Boone says the two children, Janie, 12, and Herbert, 10, were taken by the federal Child Welfare Service without due process of law.  
The minister says the youngsters were taken while attending government schools during the early part of May, Janie at Sherman Institute, Riverside, Calif., and Herbert at Thoreau Boarding School near Continental Divide.  
Boone said it is believed the two children are at Good Shepherd Mission, Fort Defiance, Ariz., but federal officials won't disclose their whereabouts or explain the action.  
Jim has the help of a Gallup attorney, H. W. Atkins, who says of the federal agency: "The general practice they pursue is just to take the children they want, whether they have a court order or not."  
The Navajo Court of Indian Offenses, at Crownpoint, Ariz., tried to help Jim, issuing an order to return the children, but so far, efforts have been of no avail.  
So Jim sent his plea to President Eisenhower. It says, in part: "They hide my children in another state. They no tell me. They no get paper. They no see judge. I love my children. I want my children."  
"Mr. President I fight in Navy. I glad to help. Now you please help me. Make them bring my children home."  
"My wife she sick in T. B. sanatorium. These bad people all the time bother my wife. Now in sanatorium say my wife very sick from this kind of trouble."  
"Please Mr. President we need help."  
The President has turned the plea over to the Justice and Interior departments for investigation.

## Bible Expert Wins \$32,000 On TV Quiz

NEW YORK (AP)—Mrs. Catherine E. Kreitzer has a week to decide whether to take the \$32,000 she has already won on a television quiz show or risk losing it in a try for \$64,000.

The 54-year-old grandmother from Camp Hill, Pa., survived the next-to-last hurdle in the CBS TV program "The \$64,000 Question," when she gave correct answers to a three-part Bible question last night.

A devout Bible reader all her life, Mrs. Kreitzer has chosen to be quizzed on the Bible when she started on the program two weeks ago. That night she reached the \$8,000 mark and last week came back to win \$16,000.

Listed Apostles Aiming for the \$32,000 night, she was given the names of Matthew, Peter, James the Greater and James the Less and then was asked to complete the list of the 12 Apostles.

For a moment it appeared she might lose out when she skipped John. She quickly ran through the list a second time, however, and named the missing disciple as well as Andrew, Philip, Bartholomew, Thaddeus, Thomas, Simon and Judas Iscariot.

She had no trouble with the remaining two parts of the question: How did Matthew and Peter make their living and who was the father of James the Less?

She replied without hesitating that Peter was a fisherman and Matthew a tax collector and James father was named Alphaeus.

Husband Confident Mrs. Kreitzer's husband James, a carpenter, had stayed home with an injured leg. "I knew she would win," he commented after the show.

Asked if he thought his wife could answer any question on the Bible, he replied, "I suppose they can stump her on something—she isn't that smart."

If she decides to try another question next week, Mrs. Kreitzer may bring along any Bible authority she chooses to help her answer it.

The Kreitzers have six grown sons and nine grandchildren. For the past 4 1/2 years Mrs. Kreitzer has been working as a typist at the naval supply depot in Mechanicsburg, Pa.

## Pampa Pounds Clovis to Hold WT-NM Lead

By THE ASSOCIATED PRESS Pampa's Oilers last night came up with the best pitching and best hitting in the West Texas-New Mexico League to maintain their two-game margin over Albuquerque.

The Oilers got a five-hit pitching performance out of Tom Pollett and scored in every inning but the eighth in romping over Clovis 14-3. They banged out 21 hits off three Clovis hurlers.

Albuquerque kept pace with a come-from-behind 10-3 verdict over Abilene. The Abilene defeat, plus Lubbock's 5-4 nipping of Amarillo, allowed Lubbock to advance to a tie with Abilene for sixth place in the other game. El Paso knocked off Plainview 7-4.

Joe Fortin was the big hitting gun for Pampa, counting two homers among his five hits. Pollett, staked to a 7-1 lead at the end of two innings, was never in trouble.

## Dempsey OKs House River Bill

WASHINGTON (AP)—Rep. John Dempsey (D-NM) describes the Colorado River Bill which a House Committee has approved as "quite satisfactory" for New Mexico.

But he warns that the legislation "faces a strong and determined opposition on the floor."

The proposal would set up a vast water control project on the Colorado river. It has passed the Senate. The House Interior and Insular Affairs Committee recently approved it by a 20 to 6 vote.

## Australian Holds Undisputed Lead At St. Andrews

ST. ANDREWS, Scotland (AP)—Peter Thomson of Australia, the defending champion, knocked in another life-saving putt on the 18th green today to take a 70 on the third round of the British Open golf championship and gained the undisputed lead with a 54-hole total of 209.

He was one stroke ahead of Frank Jowle, the stocky Yorkshireman who won the qualifying medal. Jowle had a 69 for a 210 total today. With about half the tournament of Scotland and Harry Weetman of England were tied for this at 212. Brown had a 73 and Weetman a 70.

The fourth round will be played this afternoon. Prospects that Ed Furgol, the 1954 American Open champion from Clayton, Mo., would stage a comeback, became dimmer.

Starting the day's activities with a 147, Furgol took a disastrous 7 on the 14th hole in the morning. Until then he was 3 under par, but he finished with a 72 for a 219.

Byron Nelson, former American champ from Roanoke, Tex., dropped further back with a 78 for a 225 total. Nelson also took a 7 on the 14th.

Nelson, obviously losing interest on the back nine, commented as he finished: "I three-putted four times. I got a 78 and that's how I played."

Amateur Joe Conrad of San Antonio, Tex., had a 222.

## Slips to Seventh

Coria, the tournament's early leader Thursday morning with a round of 66, had slipped back to seventh by nightfall. George Bigam of Kansas City, Billy Maxwell of Laguna Beach, Calif., are deadlocked with 68s.

Fourteen players are tied at 69, among them such tournament favorites as Mike Souchak, the nation's leading money winner, Dow Finsterwald, Bedford Heights, Ohio; Bob Rosburg, San Francisco, and Frank Stranahan of Toledo.

Sammy Snead, who won at Keller in 1937 and captured the Western Open here in 1949, was in an eight-way tie at 70 as were Bud Holscher and former National Open champion Julius Boros.

The tournament's 72-hole record is a 22-under-par 266, shared by Mangrum and Cary Middlecoff.

## Saddler Wins Bloody TKO Over Japanese

TOKYO (AP)—World featherweight champion Sandy Saddler won a bloody technical knockout over Shigeji Kaneko last night. The Japanese fighter's manager threw in the towel in the sixth round of a scheduled 10-round non-title fight.

Kaneko, fading fast after carrying the fight to Saddler in the early rounds, was knocked down half way through the sixth round.

The Japanese climbed back up after an eight count and lunched defiantly back into the Saddler's blazing fists. Fifteen seconds later, with the U.S. Negro champion swarming over him, the manager threw in the towel with 01 of the round elapsed. Kaneko was bleeding from his left eyebrow, nose and mouth—a game but clearly beaten man.

## CO BOSS BENCHED

SAN FRANCISCO (AP)—Tommy Heath, San Francisco Seals manager, is taking a three-day vacation in the first suspension in his nine-year career as a baseball club manager. Heath also was fined \$50 for protesting umpire Al Mutart calling a Taormina out in a class play at first.

## Over 50 Years of Service

WHEN the city celebrates and observes its fiftieth anniversary here during August several of the local firms and institutions will be observing fiftieth anniversaries, too.

The Artesia Advocate, however on August 29 this year will be celebrating not its fiftieth year but its fifty-second year.

The Artesia Advocate was established August 29, 1903. That means it will be fifty - two years old this year.

We are proud, of course, of 52 years of service we have provided for the City of Artesia—service provided for the community long before it was called Artesia. We are proud of the help and assistance given through the years to the various community projects, programs, movements, undertakings.

During these 52 years, The Advocate has sponsored many projects and movements having as their purpose the betterment of our community. This newspaper has battled for improved schools and educational programs; it battled for better water and gas service; it has promoted street improvements; it has commended those improving their businesses and welcomed the new stores, firms and new buildings. It has encouraged the erection of homes and home building projects.

It advocated and encouraged civic clubs, the Chamber of Commerce and community activities long before they existed. It has helped former civic and community leaders in their efforts to make Artesia better known and a better community in which to live.

It has helped to sponsor Boy Scout troops and the expansion of their program. It has helped to bring about the Girl Scout program and all it means to the community.

It has advocated sporting events, contests and programs and entertainments here.

Through all of these 52 years it has been working with Artesia and Artesia leaders. It will continue to do that in the years, the weeks and months ahead.

And now it is glad to join with the city and the organizations here in celebrating the Golden Anniversary of the city because it has already enjoyed its fiftieth anniversary and is beginning its 53rd year of service to the community not as a weekly newspaper, not as a twice a week paper but as a daily newspaper with daily newspaper service to the subscriber, the reader and the advertiser.

## Radiator Shop Now Under New Owners

H. and H. Radiator Shop and Garage has changed hands this week. Former owner M. M. Beasley has sold out to partners, J. W. "Pee Wee" Robertson and his son-in-law, Jimmy N. Francis. The firm is located at 1206 S. First.

Robertson has spent most of the last 29 years in Eddy county, many of these in radiator shops here and in Carlsbad. He has a wide experience in this field and says he will turn no kind of radiator work away from his door.

The business will also handle garage work. The shop is fully equipped and the partners invite you to drop around.

Robertson with his wife and five daughters live back of the shop. He is a member of the First Baptist church.

Francis lives with wife and son at 1111 Stars. He was raised in Old Leo and served 22 months in the Army with the "45" Thunderbirds—179th Infantry. He was 18 months overseas in Korea and Japan.

striking a "strange object" in the water.

A boiler room explosion reportedly set the craft aflame, blocking access to rafts and lifejackets.

The last report from the mystery-shrouded craft was relayed to the Coast Guard by a commercial vessel at 3:50 a. m.

A said a foreign submarine was surfacing alongside and was taking aboard 21 survivors of the 40-foot boat.

Coast Guard vessels reaching the scene, pinpointed in the distress message as 30 miles off Barnegat, N. J., found no trace of any boat or survivors.

The search continued.

Three rescue craft patrolled a 4,000-square mile area of the Atlantic throughout the night.

Planes were to rejoin the search today, flying conditions permitting.

Capt. Julius F. Jaycot, chief of operations of the Third Coast Guard District, said the search will continue "as long as there is a possibility of someone being trapped out there."

Jaycot said, "I'm not excluding the possibility that it's a hoax." But he pointed out that:

Boats of the size the alleged "Blue Star" seldom carry 21 persons.

The broadcaster was on the radio for an hour and a half on a boat supposedly afloat and sinking.

There was a complete absence of queries from relatives; "The submarine that just puts it in outer space."

There were also these additional factors:

Military authorities denied the presence of a submarine, American or allied, in the area.

Five boats registered as the "Blue Star" were accounted for.

A hoax faking a sea disaster faces a penalty of a year in jail or a \$10,000 fine, or both.

WICHITA FALLS, Tex. (AP)—Dr. Ted Alexander of Wichita Falls couldn't get the landing gear on his light plane up during a flight this week from Ruidoso, N. M., to his home. The puzzler was answered yesterday when a registered Siamese kitten, one of a litter he saw at the Ruidoso airport, climbed out of the wing. Except for being hungry, the kitten apparently was in good health.

are concerned, we've reached the maximum decrease now," he said.

"Some of those dropped previously already are eligible to come back on the rolls."

The restrictive policies were put into effect April 1 when the department was reeling under financial blows. Since then, the department again has been operating in the black.

Hintz said that between March 1 and May 31, 4,751 cases were dropped, with new cases constantly being entered, he said, there still were 3,214 less cases May 31 than there were March 1, when 21,760 New Mexicans were receiving public assistance.

"Of the 4,751 cases dropped," Hintz said, "many came on deaths and through normal methods. Others were dropped because of ineligibility. But due to the restrictive policy on property alone, 2,300 cases were closed. Of course, some of these soon will be eligible to return."

Hintz estimated about 50 per cent dropped on property restrictions set up by the department, sooner or later will return to the department for aid. The property restriction declared ineligible for public assistance anyone owning more than a home and an acre.

**Back Again**  
If those denied assistance for property restrictions sell their property, they will return when the money is exhausted, Hintz said.

For example, someone who has been receiving \$50 a month, who sold his property for \$100, again will be eligible after two months.

"It is difficult to estimate how many had no business being on the rolls but no doubt there are some," Hintz said.

Rio Arriba county had the greatest cut—568 cases between March 1 and May 31. This does not include new cases. Other cuts in counties during that period:

## Butcher Jailed For Pawing Real Hard Cash

CHICAGO (AP)—A butcher who has been pawing money—and getting cash and pawn tickets—has been seized by police.

But police said they don't know what to do about it.

Sgt. John Doyle of the Police pawn shop detail says that pawing money didn't seem to make sense. But, he added, there is no law against it.

The man Doyle arrested in a pawn shop, Joseph K. Johnson, 43, admitted pawing between \$750 and \$1,000 in the last three years, mostly in small amounts.

Doyle said Johnson told him he would pawn \$30 for example, and receive \$27.50 and a pawn ticket.

He never went back to redeem the money.

"What's the idea," asked Doyle, who has been looking for the man who's been pawing money.

"What do you think?" Johnson asked in reply. "There's nothing illegal about it."

Doyle said he found seven serial numbers, clipped from currency, in Johnson's possession and decided he would turn him over to the Secret Service and have Johnson investigated for mutilation of currency.

The Secret Service said it wasn't interested after police said the currency from which the numbers presumably were cut was not found on Johnson.

Johnson declined to offer any explanation for pawing money or for cutting serial numbers. Asked about the serial numbers, he replied only, "So what?"

## Lawmakers Seek Compromise on NM Water Works

WASHINGTON (AP)—A conference committee is faced with the job of ironing out differences between the Senate and House reclamation provisions, including a difference of \$1,640,000 for three New Mexico projects.

The difference is included in cut-backs on the Middle Rio Grande and Carlsbad projects and a boost in the appropriation for the Chamita Reservoir. All three changes were made by the Senate, on recommendation of its appropriations committee, from original House figures.

In the case of the Middle Rio Grande Project, the Senate cut the House figure of \$7,200,000 to \$6,256,000 and specified that \$456,000 of this should be used for channelization work in the Espanola Valley.

A cut of \$271,000 also was made by the Senate in the House-approved figure of \$1,171,000 for the Carlsbad Project. A Senate report said the enlargement of the spillway at the Alamo Dam could be completed with the lesser amount.

The Senate increased the appropriation from Chamita Reservoir at Abiquiu from the \$75,000 approved by the House to \$500,000.

A \$40,000 appropriation for the Rio Grande Project in New Mexico and Texas remained unchanged through both houses.

ment and apologized for the incident.

A foreign relations committee man, Aiken in an interview said he understood there was a question about the precise location of the U. S. Neptune on duty over a narrow stretch of international water between U. S. owned St. Lawrence Island and Russian Siberia.

Moscow had raised that point. The State Department yesterday reiterated the U. S. contention that the plane was over international waters when attacked by Russian aircraft.

The plane crashed and burned on St. Lawrence land. Seven of the 11 crew members were injured.

Sen Capehart (R-Ind.), also a foreign relations committee member, told a reporter: "It seems to me the Soviet Union made quite a concession offering to pay anything at all in apologizing . . ."

"Certainly, this is the first Russian concession of that kind in many, many years. It's a step in the right direction."

Frying Chickens and Pork Best Buys Over Weekend

Frying chickens and pork will offer the best value for your dollar in the nation's food stores this weekend. Fryers will be widely featured at prices considerably below those of a few weeks ago.

Unusually good supplies of pork have resulted in sharply lower prices. Tom The American Meat Institute says that at wholesale, pork loins at desirable weights of under 12 pounds are down around 18 per cent from prices prevailing a couple of weeks ago and are about 14 per cent below year-ago prices.

Ham Prices Town "Within the past two weeks," the institute adds, "fresh skinned hams bellies, picnics and Boston butts have dropped four to five per cent on the Chicago wholesale market and elsewhere in the Midwest."

One major chain plans these reductions on center cut pork chops: Four cents a pound in Washington D. C., six cents in Chicago, eight cents in Pittsburgh and 10 cents in Boston and Philadelphia.

There will be some specials on beef-prime ribs, round roast, chuck roast and ground beef—but generally that meat will cost more than a week ago. Sirloin steaks will be up around four cents a pound in some areas and prime ribs two to four cents a pound.

Lamb Trimmed A number of markets will trim leg of lamb prices by two to four cents a pound, but this Sunday dinner favorite still remains on the high side.

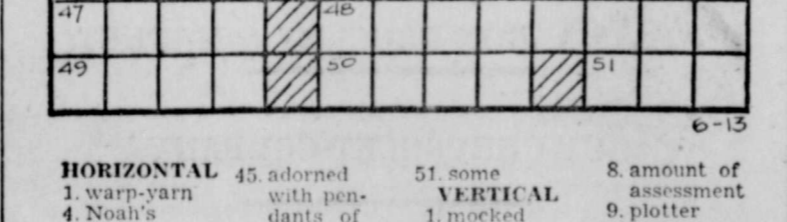

You'll find an excellent range of vegetables available at reasonable prices. Produce men list these as outstanding buys: Beans, beets (bunched and topped), lettuce (iceberg, Big Boston and romaine), cabbage, yellow and green squash, spinach, green onions and radishes.

Also well worth your attention are carrots pascal and golden heart celery, corn, cucumbers, onions, potatoes, peppers and egg-plant.

Limes Good Buy An unusually good buy in fruit is the lime. Florida grows most of the nation's limes, and production this summer is estimated at 380,000 boxes—about 65 per cent larger than average during the past 10-year period.

Plenty of processed lime products, mostly frozen lime-ade, is on hand, too. Grapefruit and oranges continue to be rated as good buys. Blueberry and raspberries are reasonable. Small fruits—plums, cherries and apricots—are lower. Thompson seedless grapes are moderately priced. Peaches remain rather high. Vol-

English Lassie Makes Good on Tough Broadway

NEW YORK (AP)—She is just a young girl far from home trying to make good in a strange country. And Dilys Lay has made good on the roughest street in America—Broadway. But not in the way she wanted to.

"All my life I've wanted to be glamorous and languid and—above all—to be taken seriously," sighed the Welsh lass, digging into a plate of luncheon eggs with the hearty sorrow of youth.

"And what do people call me? Cut—well, if it's cute they want me to be, it's cute I'll be. But I'd like just once to be taken seriously."

Even my friends call me Dilly. Dilys made an instantaneous hit last fall as a giddy young flapper in "The Boy Friend," a musical which kids the skirts off life in the gay and memorable 1920s.

Playgoers found a Peter Pan quality in the vibrant little visitor, who can sing, dance, or play comedy. A critic compared her skilled droolery to that of Beatrice Lillie.

Just 21 But the hazel-eyed little actress, who had appeared in 10 plays before coming here, is now 21 and would like the world to realize that she is more than just a mad-cap.

"In England it is a wonderful and important day—the day a girl turns 21," she said. "You are given a key to the house. You are a woman at last—at last."

"You are free to marry anyone, even without your parents' consent. Not that I would ever consider doing that myself. I don't think I could bring myself to do it even if I were 25."

Dilys wanted her mother, a former actress who became an accountant, to accompany her here, but mother turned her down.

On Her Own "Mum told me I was on my own," she said. "She doesn't want to try to live her own career over in her children's lives, and she doesn't want to become a typical stage mother, always hovering over her darling."

Boy Friends "American boys always look so healthy," she said, "but they don't take you very seriously either, do they?"

Burma Premier Challenged On Red China Seat

WASHINGTON—Sen Bridges (R-NH) today called for a "full disclosure of all the names" of U. S. officials Burmese Premier U Nu contends do not oppose seating Communist China in the United Nations.

Aroused by U Nu's statement that responsible Washington officials feel Red China's admission to the U. N. is simply a question of timing, Bridges said in a nine-page speech.

There was no formal comment from the State Department. Bridges noted Congress has gone on record several times against replacing Nationalist Chinese in the U. N. with re-representatives of the Peiping regime.

A new foreign aid bill near congressional approval says it is the sense of Congress that Communist China "has not demonstrated its willingness to fulfill the obligations contained in the charter of the United Nations."

Chairman Richards (D-SC) of the House Foreign Affairs Committee commented in a separate interview there must be "a lot of irresponsible people in Washington" if what U Nu says is true.

U Nu visited Washington last week, discussing world affairs with President Eisenhower and others. Yesterday he told a New York news conference that while no one had said so directly, he gained the impression that most of these officials feel Red China's admission to the U. N. is simply a question of proper timing.

**YOU IN THE CHURCH THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions and that family and influence for a better citizenship and a stronger democracy. In the church the material are welded religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

A PARTNERSHIP, a pain, a doctor, a life and a responsibility. That's the record. That's the beginning of your child. "Suffer little children, and forbid them not, to come unto me; for such is the Kingdom of Heaven," thus reads one of the sweetest verses from the dearest book. That is the commission which came with your little girl and your little boy. Teach them; love them; guide them...the spiritual assets of every life and of every home. *You are their ideal, you are their champion.*

HAVE YOU A HEART? Of course you have. And yet, it is not your very own. For hearts were given us that we might give them away. Then, give yours to your child... to your family. The Kingdom belongs to them. Accept the responsibility of parenthood in a spirit of humility. "Mighty Lack a Rose" today but what will he or she be like tomorrow? Your child has a right to a sense of Divine concern. *Take him to Church where faithful souls teach the word of God.* For they alone will be able to bring to pass the dreams that have urged us on. May we invest our best in our greatest assets; the child of today; the woman and man of tomorrow. *May we be their hero, their ideal, their champion, in this "drama of life."*
