

# Martial Law Extended in Strike Riot Area

## Company Balks Talks With Lawbreakers'

DIANAPOLIS (AP)—Gov. George N. Craig said today he is imposing martial law on the Perfect Circle plant at Castle and Henry Counties of last week's riot at Perfect Circle Co. foundry. The governor announced he is extending the area of martial law to include the Perfect Circle plant at Castle, to neighboring plants at Gerstown and Richmond. The history of this transaction is not justifiable one's trust in it," the governor told an emergency session of Perfect Circle officers and the CIO-United Auto workers. Perfect Circle company had the governor it doesn't feel called to "negotiate with lawbreakers." The governor declared in a statement: "In this order will continue so long as circumstances deem it advisable. The condition of martial law is continued on page four)

## 955 Cotton Crop Expected To Top 3,928,000 Bales

WASHINGTON (AP)—An Agriculture Department harvest report today estimated this year's government-owned cotton crop at 13,928,000 bales of 500 pounds gross weight. This figure is 1,055,000 bales more than the 12,873,000 forecast by the department a year ago. It compares also with 13,000 bales produced last year, 13,000 for the 10-year (1944-53) average and with the government's estimate of about 10 million bales. This year's crop, as was last year's, was grown under rigid federal

## State Board To Name New Labor Chief

SANTA FE (AP)—Gov. John Williams said today the appointment of the state labor commissioner will be made by the Labor and Industrial Commission, not the governor. The governor's comment was in response to the request yesterday of the State Federation of Labor that Simms retain C. W. Burrell as labor commissioner. Simms' resignation of the present commission have been in Simms' hands for months. Present commissioners are C. W. Burrell, Albuquerque, secretary; James A. Price, labor member; and G. L. Simms, state college "neutral" named by the other two. The labor commissioner is not the governor's appointment — he is appointed to the commission," Simms said. A high Statehouse source said last week ago that Sherwood Burrell was expected to replace Burrell as labor commissioner.

## Convalescence Period Faces Ike

ANVER (AP)—President Eisenhower continued to progress satisfactorily today as he cheerfully resumed himself to a long period of convalescence. The president may keep him out of the White House the rest of the year. The president had a very good night's sleep of more than eight hours, a 7 a. m. MST medical bulletin said. "His condition continues to progress satisfactorily without complications." The prospects he will retire at the end of his present term were weakened, however, by expert opinion that it is impossible to say now whether he will be "physically able" to run again.

## Stevenson, Harriman and Symington Top Demos as Possible Presidential Candidates

THE ASSOCIATED PRESS name of Averell Harriman, Stevenson and Stuart Symington showed up in the political spotlight today as it focused on the opening race for the 1956 Democratic presidential nomination. Public eyes continued to be focused on the recuperating president. Will he run again? About the GOP choice? Harriman, the New York governor, whom his state's Democratic

planting and marketing quotas designed to prevent the accumulation of additional surplus supplies. Supplementing this year's production is a carryover supply of about 11,100,000 bales from past big crops. Somewhat more rigid restrictions are expected to be set up for next year's crop. The department said the yield of cotton was indicated at an average of 405 pounds compared with 341 pounds last year and 279 for the 10-year average. The condition of the crop as of Oct. 1 was reported at 82 per cent of normal compared with 71 per cent a year earlier and with 73 per cent for the 10-year Oct. 1 average. In an accompanying report, the census bureau said 4,815,462 run-

(Continued on page four)

## Emotion-Packed Episode

### Legion Commander Offers to Quit 40 and 8 Organization Over Split

MIAMI, Fla. (AP)—In a dramatic episode at the American Legion convention late yesterday, stemming from threats by the Legion's fun-making 40 & 8 organization to withdraw from the parent body, Legion Commander Seaborn P. Collins of Las Cruces, N. M., offered to resign as a 40 & 8 member. The offer quickly was rejected by the Legion's Miami convention headquarters to the 40 & 8 convention in Miami Beach and told the fun-makers their national 40 & 8 magazine had questioned his sincerity when he expressed regret they might leave the Legion. He said in an emotion-choked voice he did not want to embarrass them by having a member they considered "insincere." Then he turned his 40 & 8 membership card over to J. Earle Simpson, of Tulsa, Okla., the fun-makers' chief. "We want you always to be a member," said Simpson. He handed back the card and pinned a 40 & 8 delegate's badge on Collins' lapel while hundreds of 40 & 8 men who had watched the episode in hushed silence rose and applauded. "I guess I am still a member of the 40 & 8," Collins commented afterward. The 40 & 8 earlier put off its withdrawal threat by at least a year. It contended a "ruling clique" in the Legion had tried to dictate to it, but gave its officials until the 1956 convention in Los Angeles to try to iron out the differences.

## Big Leaders Lose Heavily In Fast Sales

NEW YORK (AP)—A major decline in the stock market, the third since the President's heart attack, today shook prices down severely. There were two periods of sinking prices, each followed by a partial recovery, but stocks remained severely depressed in all areas. A great number of key stocks were down 1 to 5 points, and there were losses to around 9 points at the outside. The pace of trading at times was too much for the high speed ticker to handle. It came to an estimated 3,000,000 shares for the day. That compares with 2,150,000 shares Friday when the market was down rather sharply. Among the largest losers today were DuPont, U. S. Steel, Chrysler, Montgomery Ward, Boeing, Anaconda, Kennecott Copper, International Nickel, Union Carbide, Westinghouse Electric, Aluminum Ltd., Reynolds Metals, Baltimore & Ohio, Southern Railway, Standard Oil (NJ), Royal Dutch Petroleum, U. S. Gypsum, and Distillers Corp.

Deputy Sheriff Jesse Sosa escorted the car carrying the boy to the hospital here where he was given emergency treatment and then rushed to Roswell to the medical center for follow up surgical treatment. But unofficial but reliable sources said the child may lose the sight of his eye from the wound. The boy's parents live in Ros-

## Three More Die On State Roads As Toll Goes Up

By THE ASSOCIATED PRESS A Clovis man died in a hospital there today as the result of a traffic accident last Thursday. The victim was Alvin G. Calloway, 24. His death raised the 1955 toll to 265 deaths, compared with 279 this date a year ago. State Policeman W. J. Bullock reported that Calloway crashed the car he was driving into a board fence a mile south of Clovis on U.S. Highway 70 early Thursday morning. Boards from the fence inflicted the injuries which caused his death in Clovis hospital early today.

## Civil Air Patrol Chief Is Former Silver City Man

WASHINGTON (AP)—The Air Force today named Maj. Gen. Walter R. Agee, 50, as the next commander of its civilian auxiliary, the Civil Air Patrol. Agee will be assigned as vice commander until Maj. Gen. Lucas V. Beau, CAP commander in chief for the past eight years, leaves active Air Force duty. Beau retired from the Air Force Aug. 31, but was voluntarily recalled the next day for an indefinite term. Agee has been commander of the 3320th technical training wing of the Air Training Command at Amarillo Air Force Base, Texas, for the past two years. A native of Silver City N. M., and a graduate of New Mexico Western and New Mexico Military Institute, he took Air Corps flight training at Brooks Field and Kelly Field, Texas.

## Artesia Weather

Fair this afternoon, tonight and Tuesday. Little change in temperature. Artesia low tonight 55, high Tuesday 85. The low last night was 38 and the high at KSVP was 80.

## Toy Pistol May Cost Boy's Eye

A five-year-old Roswell boy was threatened with the loss of an eye today after a toy pistol into which he had inserted a real rifle bullet, exploded in his face. Taken to Roswell for surgery after emergency treatment here at Artesia General hospital yesterday, was Johnny Caraway (1407 S. Lea st.) injured at his parents' ranch near Weed. According to reports of the incident, the youngster placed a .30 caliber rifle shell into a toy pistol. The gun detonated the shell and the entire mechanism blew up in the lad's face a portion of the shell casing hitting him in the eye. Deputy Sheriff Jesse Sosa escorted the car carrying the boy to the hospital here where he was given emergency treatment and then rushed to Roswell to the medical center for follow up surgical treatment. But unofficial but reliable sources said the child may lose the sight of his eye from the wound. The boy's parents live in Ros-

## Los Alamos Test Of A-Arms Set

WASHINGTON (AP)—The Atomic Energy Commission announced today the Los Alamos Laboratory will begin a series of tests about Nov. 1 on dangers of accidental explosion of nuclear weapons. It said the purpose is "to determine the safety of various weapons and experimental devices in the event of accidents, such as fires, during handling or storage."

## State Ranchers At A&M Conclave

LAS CRUCES (AP)—About 250 ranchers today attended the annual "ranch day" program presented under the joint sponsorship of New Mexico A&M college and the Forest Service Rocky Mountain Forest and Range Experiment Station. The program, which was held at the college ranch and Jornada experimental range 25 miles north of Las Cruces, attracted ranchers from all over the state.

## Funeral Services Set for Tomorrow For Mrs. Sullivan

Funeral services will be held at 3 p. m. tomorrow from First Christian church for Mrs. Louise Frances Sullivan, 70, who died at her home, 504 Runyan on Saturday. Rev. Orvan E. Gilstrap will officiate. Burial will be in Restlawn Memorial Park, with Paulin Funeral Home in charge. Mrs. Sullivan was born Nov. 3, 1894, and had lived in Artesia since 1939. She is survived by one son, John H. Sullivan, San Francisco, four daughters, Mrs. George Pennington, Deming, Mrs. M. B. Taylor, San Francisco, Mrs. George Beadle, Artesia, Mrs. Ashley Hale, Chicago, eight grandchildren and five great grandchildren.

## Texas, New Mexico Renew Old Battle Over Rio Grande Water

WASHINGTON (AP)—Texas and New Mexico were ready for another round before the Supreme Court today in their dispute over the Rio Grande. Arguments were scheduled by the court on a move by Texas to amend its complaint, filed in 1951, charging New Mexico violated an agreement over use of the river's waters. Attorneys for both states were expected to be heard today. The present round is a follow-up on two reports made by John R. Green of St. Louis, who was appointed by the court as special master to hear the case. The 1951 Texas complaint asserted that New Mexico had violated terms of the Rio Grande Compact since 1948. It asked the Supreme Court to issue an injunction to halt the alleged violations and if necessary, to appoint a water master to see that the injunction is enforced. The complaint said: "Largely because of the repeated violations of the compact by the defendants (New Mexico and the Middle Rio Grande Conservancy District) there is at the present time a wholly insufficient amount of water in project storage for the irrigation of lands in Texas."

## Talk With Soviet Leaders

MOSCOW (AP)—The largest delegation of U. S. congressmen ever inside the walls of Russia's ancient Citadel-Palace and seat of the Soviet government visited the Kremlin today. Nine members of the House of Representatives were escorted through the Kremlin and its museums. They were Will L. Hays (D-Ohio), who is traveling independently, and eight members of the Communications subcommittee of the House Interstate and Foreign Trade Committee: Oren Harris (D-Ark.), John Bell Williams (D-Miss.), Peter Mack (D-Ill.), Walter Rogers (D-Tex.), Charles Wolvertson (R-N.J.), Joseph O'Hara (R-Minn.), James Doliver (R-Iowa) and Steven Derouanian (R-NY).

## Hitler's Personal Valet Gives Eye-Witness Account of Death of Feuhrer and Eva Braun

BERLIN (AP)—A roaring gasoline blaze consumed the bodies of Adolf Hitler and his bride Eva Braun while about 10 men of Hitler's staff watched in the garden outside the Fuehrer's Berlin air raid shelter in 1945. That was the story—bottled up by the Russians for 10 years—told as an eyewitness account by Heinz Linge, Hitler's valet, who returned over the weekend from a decade of captivity in the Soviet Union. "Hitler shot himself, Eva Braun took poison," said Linge in an interview yesterday. "I carried his body out of the bunker, and then helped pour gasoline over it. We watched it burn for about five minutes." The body of Eva, Hitler's mistress until he married her the day before the double suicide, was carried out from the underground boudoir and dumped on the grass in the Chancellery garden by Otto Guensche, an adjutant, while Sov-

## West Warned Of Improved Soviet Might

PARIS (AP)—A high British officer warned the West today the Soviet Union's military threat has never been greater but said he does not believe the Russians want to start a world conflict. Speaking to the defense ministers of the 15-nation North Atlantic Treaty Organization, Gen. Sir John Whiteley, Britain's member on NATO's three-man executive standing group in the Pentagon, said: "The Soviet's military threat to NATO has never been greater than it is today." Then he added: "I don't believe the Soviets want war and they will probably try to avoid it if there's an adequate deterrent." Gen. Whiteley said Russia has achieved spectacular successes with jet fighters and bombers, with nuclear weapons and with submarines. "Their progress," he declared, "has been much more than we had foreseen a few years ago." On the ground, he said, the Red army is "greatly strengthened in quality and equipment. It is in much better shape than ever before." The British officer said the Russians have mastered the production problems of manufacturing jet airplanes for the H-bomb age. (Continued on page four)

## Molotov Is Still In Good Graces Of Soviet Leaders

MOSCOW (AP)—Soviet Foreign Minister V. M. Molotov said today he will leave by air Oct. 25 for the Geneva Big Four foreign ministers' conference opening two days later. The veterans Soviet diplomat made the disclosure to Lester B. Pearson, Canada's foreign secretary, during a luncheon which the visiting Canadian gave for Molotov at the Canadian embassy. Molotov's announcement stopped cold speculation in Western diplomatic circles here that his self-criticism, published in the latest issue of the magazine Communist might mean he wouldn't be going to Geneva.

## Argentina Asks Peron Internment

BUENOS AIRES, Argentina (AP)—Argentina's provisional government asked Paraguay today to intern ex-President Juan D. Peron sufficiently far from the frontier so that his presence cannot cause trouble. The Paraguayan government said Saturday it would intern Peron if the Argentines asked it and would expel him if he made any trouble by violating the terms of his political asylum.

# Washington, Michigan Top List Of 1955 Grid Crown Contenders

## Army Gulps Bitter Pill In 26-2 Loss

**By ED CORRIGAN**  
The Associated Press  
The show is just starting, folks, but for most of the nation's college football team it ended almost before it began.  
Perhaps eight teams still were in the running for the mythical national championship today with the season only one third completed. This is the earliest mass exodus from contention in years.  
For the likes of Army and UCLA disappointment came early. Both were rated potential champions before the season started. But now they're in the back seat. UCLA still can win the Pacific Coast Conference title and play in the Rose Bowl, of course, but it is eliminated from consideration for the national crown because of its defeat by Maryland two weeks ago.

**MICHIGAN HUMBLING ARMY 26-2**—Michigan halfback, Terry Barr, hangs on to ball and plows through a host of would-be Army tacklers to score first touchdown and lead the Wolverines to a 26 to 2 rout of Army at Ann Arbor, Mich., before 97,000. Previously unbeaten, Army had to wait until the last quarter to register on the scoreboard in the background. (International Soundphoto)

The big boy on the Coast right now is Washington, which has won four games without a defeat, including a stunning 7-0 conquest Saturday over Southern California — the club that was supposed to give UCLA a battle for the title.  
The Huskies still must meet UCLA Nov. 15. That one could settle the Rose Bowl question.  
As for Army, the Cadets had to swallow a particularly bitter pill when they dropped a 26-2 decision to Michigan. Never before in the five meetings before the two schools had the Wolverines whipped the Cadets.  
Furthermore, there was a strong suspicion that if Army was invited to a bowl game, it would follow Navy's lead and accept. The West Point brass had high hopes for this club. The most distressing fact, from the Army viewpoint, is that the team did everything to help Michigan by fumbling nine times.

Ron Kramer, Michigan's top end, got bruised in the Army game and won't play against Northwestern this Saturday and he'll be missing. Luckily, Northwestern is about the weakest team on the remainder of the schedule for Michigan, rated as the outfit to beat in the Big Ten.

Besides Washington and Michigan, the teams still in the running for the national crown include Navy, Notre Dame, Oklahoma, Maryland, Duke and Georgia Tech. Navy and Notre Dame share one distinction. They are the only major teams in the land that haven't been scored on. The Middies — pending the clash against Army Nov. 26 — nailed down the Eastern title with their 21-0 victory over Pitt Saturday.

Notre Dame, of course, now is very much in contention. Its 14-0 victory over Miami — a team that had been pointing for the game for two seasons — proved that. And quarterback Paul Hornung can handle himself with the best.

Oklahoma ran its winning streak to 22 games Saturday by downing Texas 20-0. The Sooners have left their toughest foes behind.

Maryland, No. 1 in the Associated Press poll, and Duke, the two behemoths of the Atlantic Coast Conference, don't meet. Both would like to get the Orange Bowl New Year's Day, and if they both go undefeated, the conference will select the team by vote. Maryland probably would get the bid since Duke played their last Jan. 1.

The Terps won their fourth straight by smothering Wake Forest 28-7, while Duke clubbed William and Mary 47-7. Maryland tangles with North Carolina this week. Duke has a toughie in Ohio State. The Buckeyes walloped Illinois 27-12.

Georgia Tech, the class of the Southeastern Conference, had its troubles eking out a 7-0 victory over Louisiana State. Its big test will come two weeks hence against Duke.

## Las Cruces Woman Wins Golf Title

**LAS CRUCES, (AP)**—Audria Palmer of Las Cruces held the New Mexico Women's Golf Tournament title again today, her second crown in succession.  
Her powerful tee shots won her the championship yesterday. She blasted past Rubye Warren of Anthony 10 to 9 and gained permanent possession of the traveling trophy.  
Mary Lou Butler of Albuquerque won championship consolation honors. She beat Mrs. Winnie Kard of Anthony 2 and 1. Louise Harrison of Albuquerque won first light play with a 1-up victory over Rene Arias of Santa Fe.

**SCHOOL APPROVED**  
GALLUP, (AP)—A federal grant of \$642,000 has been approved for the school at Zuni, officials here reported Friday. The money will be used for a 300-pupil school and 15-unit teacher apartment.

## Prep Grid Season Half Over Without Clear Picture of Season Favorites for Crown

**By The Associated Press**  
The football season is about half over for New Mexico's Class AA schoolboy teams. But a clear-cut favorite for the crown, now worn a little precariously by Highlands, still has not come to the front.  
If the two teams now sporting unbeaten records—Farmington and Las Cruces—can get through this week's play without marring their records, they may stand serious consideration as potential champions.

Highland, of course, is looked to with proper respect and Roswell rates high in some experts' thinking. One of these will gain a lot more prestige Oct. 21 when they met in a Dist. 2AA battle. Right now, it's hard to put your

finger on any one team—or a pair of them—that look like the Big Threats.  
Farmington and Las Cruces came through about as expected in maintaining their spotless records last week, though the Bulldogs had to work hard in sneaking past Alamogordo 19-18. Farmington had a much easier time of it against Cortez, Colo., 26-0.  
Both teams have cross-district games this week. Farmington will travel to Artesia to meet the up-and-down Bulldogs, who tied Clovis 6-6 last week. That gave Artesia a 3-1-1 mark for the season. The only thing worrying Farmington is that this is Artesia's week to be "up."

Las Cruces hopes to catch its breath against Santa Fe. The Demons last week lost to Albuquerque 26-12. Las Cruces looks to this one as a good guidepost as to how it will fare in Dist. 3AA competition, since Albuquerque is the only other team in the league.

## Former Major Leaguer Howie Fox Is Killed

**SAN ANTONIO, Tex. (AP)**—Howie Fox, who pitched for three major league baseball clubs, was stabbed to death after he ejected three young men from his tavern in the early morning hours yesterday.  
Two college students and another man were booked by police. Charges were being prepared today.  
Witnesses said Fox was stabbed three times in front of his tavern and died crawling toward the door. His bartender Hubert Callahan, 47, was critically slashed.  
Booked for investigation of murder and assault to murder was John J. Strickland, 20, a San Antonio College student. Booked as material witnesses were Jack G. Allen, 21, also a student at the college, and Martin Belto, 27.  
Strickland had a severe cut over his right eye — caused, he told police, when he was struck by Fox with what looked to him like a miniature baseball bat.  
All three made statements to police.  
Officers pieced together this story:  
After the fight in front of the tavern, Strickland's companions took him to City-County Hospital, where several stitches were taken above the eye. Then he went to a downtown hotel.  
Later in the day, he left and police found bloody clothing in the room. Strickland then returned with his companions and a hotel clerk told them they were wanted by police. They went to the city jail.

**CLARA ISRAEL**, a Chilean girl doctors in her homeland said would never walk, is shown in Chicago taking her first unaided steps at the age of 5. She was born in Chile with a congenitally dislocated hip (no hip socket). Doctors there gave no hope. But her parents heard that some American orthopedic physicians were meeting in Chile, and her mother finally contacted one. He said his services would be free if Clara could be gotten to Chicago. It took the family and relatives a year to accumulate enough money to send her. Now she not only can walk, but speaks English as well. (International)

**NURSES MEET**  
**LOS ALAMOS, (AP)**—About 200 members of the New Mexico Nurses Assn. met today for their annual convention. Among speakers were Miss Agnes Ohlson, Hartford, Conn., president of the American Nurses Assn.; Dean Eleanor M. King of the College of Nursing, New Mexico University; and Miss Lucille Harmon, Santa Fe, president of the state group.

Legend has it that potato chips started at Saratoga Springs, N. Y., when an angry cook tried to serve French fried potatoes that were too thin to eat.

# SPORTS

## Ex-Amateur Frank Stranahan Wins Eastern Open Golf Play

**BALTIMORE (AP)**—Frank Stranahan, who explained he became a professional golfer because it "means more" than playing as an amateur, clutched a \$3,000 check today to prove his point.  
The 33-year-old strong boy from Toledo, Ohio, picked up this little convincer yesterday as the victor's booty in the \$17,500 Eastern Open over Baltimore's municipal Mt. Pleasant course.  
He couldn't have chosen a more dramatic spot for his initial victory as a pro after years of successful campaigning in the amateur ranks.

It was the last tournament on the 1955 trail mapped out by the Professional Golfers' Assn. and Frank didn't cinch it until he dropped his final putt in the 72-hole event.

That stroke gave him a 1-under-par 71 for the last round and 289 for the route, enabling him to finish one ahead of Art Wall Jr., of Pocono Manor, Pa.

"Ah, it's wonderful," said Frank. Besides winning the world amateur four times and a flock of other amateur titles, he had actually beaten the pros in four open tournaments dating back to the 1945 Durham Open.  
But he remained an amateur until a year ago, and this was his first successful bid for cash that went with a crown.

"Playing as a pro means more to me because I know I'm out there every day trying to beat the best there is," he said.  
"As an amateur you may play in an open tournament with the pros, but you are not really competing with them. You know you don't have to beat them, that you just have to beat the other amateurs to win."  
"But when you are a pro your-

### CORKY The Tumbler.

**PUSH WIRE THROUGH CORK.** **BEND ENDS OF WIRE TO FORM ARMS.** **ROTATE THE WIRE IN YOUR FINGERS TO MAKE CORKY DO HIS STUNTS.**

**PASTE SLIPS OF PAPER TO CORKS TO FORM HEAD AND BODY.** **LEG JOINTS ARE MADE WITH THIN WIRE.** **A LITTLE PAINT AND CREPE PAPER WILL MAKE CORKY A GLAMOUR-BOY.**

**USE THIS PATTERN FOR LIMBS.**

CORKY the tumbling doll shown above, is constructed from three corks, wire, cardboard, paper and paste or other adhesive. Cut the legs from cardboard, using the line given as a pattern. Use heavy wire for arms, thin wire for joints. Colored paper, water colors, cotton, etc., will add to the toy's appearance. Corky can be made to perform somersaults, hand-springs and all sorts of contortions by twirling him by the arms. If small children are to manipulate the toy, bend ends of arms into loops or cover them with cloth and padding.

### Strike It Out!

**Bird in Hand**

PUT an ordinary cork in your pocket when you go to a party and you'll be able to demonstrate an interesting stunt. By dipping the cork in water and rubbing it in an ordinary, thin drinking-glass, you'll be able to produce a good imitation of a bird.

### Know Words?

MASTERY of words also means knowing when not to speak. Or, as Tupper put it, in a phrase presented here as a cryptogram for you to solve:

ZAWW-MRNAJ BRWATGA  
VHMV NCSA AWCFPATGA  
MVHT BQAAGV.

Clue: The most oft-used letter of English, "E," runs true to form in this substitution cipher problem.

Answer: "Well-timed silence hath more eloquence than speech."

### POSER SHOWING TRUE COLORS

ODDLY, the principal subject of the drawing at right has its true colors already in place, out in order to bring these out, it's necessary to fill in some others. Using crayons or colored pencils, fill in the spaces according to the following indicators: Y stands for Yellow; B for Blue; G for Green; O for Orange; V for Violet; BR for Brown.

Those who do not have coloring materials at hand can develop the picture by using a pencil to "shade" all the areas requiring colors.

**TWISTER**  
Tree-toad twosomes trodding.

EMMA C. MCKEAN

### BRAIN TEASER

THE poor old typesetter was all out of a certain letter of the alphabet, but he had a good supply of X's. Consequently, he always put an X in place of the letter he lacked. Sometimes, this produced bewildering results, as witness below:

M X D X M I M X D X M

Can you replace the X's in the above sentence with the mysterious missing letter. When correctly solved, the sentence will read either backward or forward.

Answer: "Madam, I'm Adam."

### MAGIC YOU CAN DO

IT'S always possible to do the "impossible" by employing magic, of course, as is demonstrated by the following trick: The performer writes the number 1000 on a sheet of paper. Each of the numerals is separated. He then hands a pencil and a piece of paper to someone in the audience and asks him to duplicate the number on his sheet of paper—with this provision: the number is to be written without lifting the pencil from the paper's surface. When the participant exclaims that this is impossible, the performer does it thusly: First he folds the sheet of paper part way. He then runs his pencil over the folded edge, drawing a line similar to one shown in the drawing above. When the sheet is unfolded, the number 1000 appears, as shown, and as the performer promised.

### It's Just the Type, That's All

THE poor old typesetter was all out of a certain letter of the alphabet, but he had a good supply of X's. Consequently, he always put an X in place of the letter he lacked. Sometimes, this produced bewildering results, as witness below:

M X D X M I M X D X M

Can you replace the X's in the above sentence with the mysterious missing letter. When correctly solved, the sentence will read either backward or forward.

Answer: "Madam, I'm Adam."

### Can You Find Five Objects That Rhyme?

THERE are five objects in the picture above whose names rhyme—that is, each name rhymes with the others (moon, spoon, soon, tune, etc.). How quickly can you find them? After you've tried this test, try thinking up other sets of words which rhyme similarly. How long a list of such words can you develop?

Answer: Objects which rhyme are: Spoon, Moon, Tune, Soon, Spoon. Other answers may be possible.

### Helping Yourself

A CONTINUING list of noteworthy new or recent books of inspiration or manuals for home craftsmen or hobbyists. Clip and save for reference.

By Clark Kinnaird

**Your Tape Recorder**, by Robert & Mary Marshall (Greenberg, 278 pages; \$4.95). A first book on useful purposes of sound-taping—preservation of broadcast music, plays, lectures, etc. Well illustrated and it appears comprehensive in all respects.

**Watercolor Made Easy**, by Herb Olsen (Reinhold Pub. Co., 112 pages; \$7.50). Few instruction books for novices are as handsomely gotten up and printed as this. It is a guide of genuine help to the hobby artist, and the nineteen four-color plates of Mr. Olsen's own work make it pleasant to the eye of any explorer of its pages.

**Your Legal Advisor**, by Samuel G. King (Perman Books, 319 pages; 35c). Layman's handbook on contracts, wills, marriage and divorce, partnerships, real estate sales and leases, copyrights, accidents and insurance law by a member of the bar. A useful home and office reference book.

### FISHING WITH THE CAT

PULLING a simulated mouse—a wad of paper attached to a piece of string—across the floor in view of a kitten generally gets amusing results. Here's an easy-to-make "fishing" line that may be similarly employed.

Materials: Several yards of string or rug yarn; a dowel or other smooth surfaced stick about 18 inches long; a round cork float (available where fishing tackle is sold).

Attach yarn to stick; run string through float; attach several short pieces of string for a tail.

### Mating Call

EACH of the following masculine nouns is looking for a feminine mate. How many of these can you supply?

Example: No. 1. Bachelor—spinster.

- Bachelor
- Stallion
- Chairman
- Testator
- Drake

Answers: 1. Sing, 2. Talk, 3. Hum, 4. Say, 5. Call, 6. Essay, 7. Soap, 8. Butter, 9. Deer, 10. Yellow, 11. Buzzard, 12. Washout.

### Word Diamond

USING the definitions below as clues, substitute letters for the X's so that words reading the same horizontally and vertically are formed:

x  
x x x  
x x x x x  
x x x x x x x  
x x x x x x x  
x x x x x  
x

- A vegetable (phonetic); 2. Instead of; 3. Centers; 4. Pincers; 5. Chinaware; 6. To choose again; 7. Vacancy; 8. To occupy a seat; 9. Compass point.

Answers: 1. Spinach, 2. For, 3. Cross, 4. Pliers, 5. Porcelain, 6. Choose, 7. Space, 8. Sit, 9. N.

### Dotograph Problem for Jrs.

SOMETHING has occupied Alice's attention, but it seems to have disappeared. Can you re-construct the missing object to complete the picture? To do so, draw connecting lines from dot 1 to dot 24 consecutively. Where two numbers are beside one dot, use the dot for both.

Riddle: What flower's name suggests an animal's mistake?

Answer: "The daisy."
