SANTO DOMINGO PRESIDENT SLAIN

President Cacecas Meets His Fate at the Hands of Political Plotters

Washington, Nov. 22—Ramon Cacecas, president of Santo Domingo was assaulted by political malecontents in Santa Domingo yesterday.

News of the murder was sent by American charge Endicott.

Russell, the American Minister to Santo Domingo is at present in this country on a leave of absence.

Cacecas fell a victim to one of the characteristic Dominican plots. Cacecas' administration which lasted four years, an almost unprecedented period in Dominican history, recently has been disturbed by well defined revolutionary plots.

Last April Cacecas became convinced that a formidable movement was looking to his overthrow headed by Gen. Carlos M. Morales who had preceded him to the presidency of Santo Domingo.

REVOLTING STORY OF DISGRACE

Trial of Twelve Inhuman Brutes Who Outraged a Female Teacher.

Lincoln Center, Kansas, Nov. 22—While the young victim listened calmly Chester Anderson, a laborer Monday related to the jury the story of how ten men, including himself dragged Miss Mary Chamberlain from a buggy and poured warm tar on her naked body.

Anderson said that he had never heard any gossip besmirching the character of Miss Chamberlain. He told how the tarring was planned and of the masks the men

Anderson said he arranged with Edward Ricord, a barber to take the girl for a buggy ride so that she might be captured by the men and told of going back to Clark's mill to notify the gang.

Ricord, took the witness stand just before court adjourned for the day and corroborated Anderson's story of how Miss Chamberlain was decoyed by him and how they were held up and the girl was tarred.

The night of the tarring, Anderson and Kindlesparger drove to the scene in a buggy while the other men went on motorcycles. When he got to the scene of the tarring Anderson said he laughed, for there stood Everett Clark a wealthy miller of Beverly, his head covered with a gunnysack through which holes for his eyes and mouth had been punched, adding that by Clark's side was Jay Fitzwater, his head covered with a mill sack.

When Miss Chamberlain and Ricord came along, Anderson said that he and Kindlesparger stepped out into the road and pointed toy pistols and halted the pair.

The other men wearing masks

took the school teacher out of the buggy and Ricord got out and hid and another man held the tar can. Anderson said two of the men were Everett Clark and Fitzwater and he did not know the third one.

After the tar had been rubbed on, Miss Chamberlain was helped into her clothes and with the tar dripping from her she got into the buggy and drove away with Ricord.

Alfa Lindermuth one of Anderson's companions corroborated the testimony. He said that he took no part in the tarring, merely hiding behind a tree to see the fun.

A huge crowd filled Judge Grover's Court room almost to suffocation.

Miss Chamberlain who was tarred and feathered by the mob took the stand and told in detail how the crowd of men mistreated her.

She said Edward Ricord, who betrayed her to the mob first made indecent proposals to her which she repulsed and when they reached a lonely spot the men sprang upon her and dragged her from the carriage.

They pulled her clothes from her body while she screamed for help.

Ricord ran and hid. The men wore masks and after throwing her to the ground naked, four of them held her head arms and feet while another put tar on her body with a brush.

They jeered her as they piled tar on the body. She emphatically denied ever acting improperly.

Resolutions.

To the Worshipful Wardens and Brethren of Scurry Lodge, No. 706, A. F. & A. M.:

Your committee on Resolutions beg leave to submit the following: Whereas the Supreme Grand Master in his providence has seen fit to remove from our midst our beloved brother H. J. Cabp, calling him from labor in this Terrestrial lodge to refreshments in that Glorious and Celestial Lodge above where the Supreme Architect of the Universe presides.

Where there is no sickness nor sorrow, pain nor death.

Where all good Masons hope at last to arrive by the aid of the theological ladder which Jacob in his vision, saw extending from earth to Heaven, the three principal rounds of which are denominated Faith, Hope and Charity.

Brother Camp was born in Tennessee, October 13, A. D. 1830, was married to Miss Julia A. Warren of Sparta, Tennessee in 1856. Moved to Texas and settled in Scurry county in 1881. Was made a Mason in Tennessee and died on October 12, 1911.

Brother Camp was quiet and unassuming in all his ways, agreeable in business transactions a true friend and always had a smile for those who greeted him. Ever ready to help the distressed, but very reluctant in speaking of his charities. He was a true Mason and tried to practice out of the lodge the lessons inculcated in it. Brother Camp was eighty years old and had been very feeble for some time.

His loving wife having preceded him in 1901 to that undiscovered country, from whose bourne no traveller ever returns. The county has lost a loyal citizen, the Lodge a faithful member and the craft a true brother, his children a loving father, for he was kind, loving and affectionate as a father and obliging as a neighbor.

Yet, we should bow to the will of the Almighty and Eternal God, remembering that our life is but a span in length, and hoping that when the awful moment shall arrive that we are about to quit this transitory scene, the enlightening prospect of his mercy may dispel the gloom of death.

Therefore, be it resolved: that we extend our heartfelt sympathy to the bereaved family and that these resolutions be spread upon the minutes of the Lodge, printed in the paper and the family of the deceased brother be furnished a copy of the same.

Respectfully submitted:
W. W. NELSON,
D. NATION,
A. J. GRANTHAM,

Gen. Reyes says his arrest is of no importance and people living at Eagle Pass and elsewhere along the border insist that there is no probability of a Mexican revolt.

Cotton Mill at Post

Col. A. C. Wilmeth, has returned from a business trip to Post City. He made observations there of the industrial outlook. He says they are going to build a cotton mill there and are now considering what class of fabric will be the most profitable.

Mr. Post has a large cotton crop there and his men are buying big lots of cotton and are holding it for manufacturing.

The promoters propose to establish a plant there capable of working up all the cotton raised in this part of the state.

The Purpose of the Jubilee

The Jubilee meeting will be held Thursday, Nov. 23 at 3 p. m.

The movement was born in the hope that the great mass of Christian Womanhood in this country instead of the ten per cent might become enlisted in the missionary enterprise. To this end emphasis was placed upon the dissemination of missionary literature on the ground that "what one is least up on, she is very apt to be most down on."

This undoubtedly will furnish the greatest opportunity ever given the women of the Southern church to draw together in fellowship, to storm the ranks of prejudice and indifference and to deepen their own sense of responsibility and dependence upon God to lift up new standards of living and giving.

God grant that we may not sin against him by failing in fervent prayer for the fall jubilee!

HONORED RETIRING PASTOR

Many Friends Assemble Tuesday Night to Pay Respects to Dr. Ingram and Family.

One of the most tender and happy events in the social life of Snyder was a farewell reception given last night at the Baptist parsonage to Rev. A. B. Ingram and family, who are soon to leave our city.

The affair was planned by members of the Ladies Aid Society and a very large company of friends had been invited to pay respects to the retiring pastor and his family.

Dr. Ingram has been pastor of the Baptist church here for three years and is deservedly popular with all our people and it gave pleasure to his friends to meet and give expression of their esteem.

It was a company of mutual friends and everyone entered heartily into the entertainment.

The guests were greeted by a line of receiving ladies and introduced to the honorees and guests and then came a series of informal meetings and assurances of good will.

Appropriate talks were made by Rev. J. W. Hunt, Mr. T. F. Baker Judge, C. C. Higgins, Fritz R. Smith and others all expressive of appreciation of Brother Ingram and family and regretting the turn in affairs that is taking them away from us.

There were readings and music vocal and instrumental and a delicious salad course and punch served.

Dr. Ingram was the recipient of a handsome pair of cuff buttons, on which the word "Snyder" had been engraved.

This was a gift from a number of his young gentlemen friends.

Miss Grace was lovingly remembered by the members of the Philathea class in the gift of a pretty stick pin.

Every guest registered in hand made registers, to be kept by the departing friends.

The affair had been well arranged and the preacher was made to feel good over so many hearty expressions of friendship and interest.

CONDUCTOR ARRESTS TWO

Officers Called to Arrest Two Men for Throwing Overcoat Off Frisco Train.

Fort Worth, Texas, Nov. 19—Conductor W. H. Moore of the Frisco covered two men with his pistol while his train crew pulled into the Texas and Pacific station Thursday night and held them until Patrolmen Zackerson and Dearing arrived and arrested them.

The men are charged at the Central police station with theft. Moore says he will testify that he saw the men throw three overcoats from the car window while the train passed through the yard in the third ward. The coats were found. They belonged to passengers.

The conductor says that the theft of overcoats from his passengers has been extensive. Men board incoming trains at crossings in the outskirts of the city and throw the overcoats out while the passengers are attending to their luggage.

Rev. M. C. Bishop of Rising Star who was recently called to become pastor of the First Baptist church in Snyder came in Sunday and attended services here.

He is well pleased with Snyders people and has formally accepted the office of pastor and will move his family here soon.

While the church and the people of Snyder regret the going away of Rev. A. B. Ingram and his excellent family they are extending to Mr. Bishop and family a cordial welcome.

Brother Ingram is held in high esteem by all our people. He is a broad minded, high toned, energetic Christian gentleman. A pastor who keeps things going in church work and the people of Frederick will find him a man of strong personality and he enters heart and soul into every worthy religious or civic proposition that will benefit the town and country.

Mr. E. B. Spillers of Ft. Worth Secretary of the Texas Cattle Raisers Association is here today, the guest of his old friend E. J. Johnson. He stated that he was traveling through this section had heard so much favorable of Snyder that he wanted to see the town. He declared a Queen of Sheba on her feet out to Solomon's Temple, "The half had never been told."

Mr. Spiller was quite favorably impressed with the town and may make an opportunity to come again soon.

How Much Reform—How Sure

In these days of alleged graft and rascality of which so much has been proved and so little of it punished it is not surprising that the country has become alarmed at the encroachments of financial and political power and that the people periodically become wrought up and begin to demand relief from such oppression.

On these occasion professional politicians and place hunters harangue the hitherto placid citizen and tell him of the evils that have

crept into all the channels of business activity and that the only relief must come through electing them to office and adopting their political theories. This course has been followed out in each recurring political campaign for a great many years and still the grafters go on—the big concerns grow more powerful and the people continue to pay the freight. What the people need is not a list of reform promises but some real reform work. One trouble is that so many would be representatives formulate a system of impractical ideas—often they get their ideas from some local trouble and figure out a remedy. When they get into Congress along with other men as intelligent as themselves that find that their notions are not well matured and therefore are not accepted.

Then there are public men who will keep quiet so long as the reform spirit is merely making a noise, but if perchance they see that some real reform work is about to be accomplished, they set

about to handicap and discredit the effort.

The numerous expressions of disapproval of effective prosecution of the steel trust is proof that the big interests do not intend that the country shall have relief. This is a time when broad and unselfish patriotism is needed. When congressmen shall know to what extent reform measures may be adopted and then we want courts that will see that the laws are enforced.

Holding His Cotton

Ras McCoy of Hodges was in town Tuesday bewailing the low price of cotton. "I would have come out all right" said he "if the staple had remained at 11 cents. But I'm going to hold her awhile longer, hoping that I will get the cost of production at the least." Hundreds of bales of cotton are being held by the farmers from Hodges to the line of Jones and Fisher counties, it is said.—Abilene Reporter.

President Radford of the Farmer's Union believes that agitation of reduction of cotton acreage is already bearing fruit and that the crop will be materially cut down next year. People have thought something of that in years past, but when planting time came the same rush was being made for big acreage. Let it be remembered that the reduction idea was not born at the New Orleans conference.

J. W. Capeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? Sold by all dealers

Mr. H. C. Fenton of route No. 1 called today and run his paid up date far into next year. He was feeling plumb good over the fact that he doesn't owe a nickel to anybody in Snyder. The man who thinks he can't ake a living at farming in Scurry county might do well to ask Mr. Fenton and learn from him that he raises such thinks he can't make a living at uses then he grows feed stuff for his stock and his cotton comes in as a money crop to pay for clothes takes and other things.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headaches will disappear. For sale by all dealers.

ISSUES A CALL TO ACTIVITY

Col. Wilmeth Urges Snyder and Scurry County to Move Out To Greater Opportunities

We believe the time is here when we should awake from the fear of failure and attempt new things for our county and town.

The commercial club and the Young Men's Business League should be united and all the people pulled one way. We do not know what the future will bring; if we do not sow; but we do know it will bring more if we sow and cultivate.

There are eightyfive million people in the United States that do now know we exist. There are that many opportunities that may be overlooked if we do not tell these where we are at. The renting farmer of the Eastern counties should be shown the way to become a land lord.

When business gets dull the good business man does not take down his sign, but puts up more when he is not crowded with customers.

The same rule applies to town and country building. If you wish to make things move, move yourself. Stagnation in all things indicates death. Well, we are not dead, but to a passerby, they might take us for a corpse.

Therefore allow me to suggest a mass meeting of the people of the city and county and let's reorganize and get busy for a greater and better time. It has come. We have been in "Slough of Despond" too long! Let's go forward.

A. C. WILMETH

FORTUNE BUILT FROM SAVINGS.

Thirty years ago John Smith was a messenger boy in this town. Starting to save at the rate of a dime a week, which he increased as he grew older he accumulated enough in time to enter business for himself. The largeness of the concern finally necessitated the removal of the headquarters to New York. But Mr. Smith has now returned to his native town to live in his magnificent new residence on Smith Avenue. We are proud of him. He is a model of what the saving habit will do.

ELEVEN NEW TOWNS OPEN

Santa Fe First Through Train to Leave for Frisco January First.

West Texas will see its first transcontinental passenger train January first when the Santa Fe inaugurates its New Orleans-San Francisco service.

The train will leave New Orleans at night, arrive at Houston the next morning, and go by way of Coleman and the Texico-Coleman cut off (arriving at Amarillo the second morning. It will then go by way of Texico and Albuquerque to the coast. This will be the first time that some sections of the state have ever seen a Pullman car.

Track for Fast Running: The road bed and track on the Texico-Coleman cut off is especially built for fast running and the Santa Fe intends to provide such service over this route that the through train may run on limited time from the start.

Construction on the cut-off has been completed from Coleman to Lubbock and trains are now in operation from Coleman to Sweetwater, Lubbock and Amarillo. It remains now only to complete the line from Lubbock to Texico. This will be finished by the end of the month of December.

The Santa Fe is running two daily passenger trains on the line. The North bound train leaves Coleman in the morning and arrives in Sweetwater late in the afternoon. The Amarillo north-bound train leaves Sweetwater in the morning and arrives that afternoon, so that passengers from Coleman to Amarillo lay over in Sweetwater all night. The south bound trains have about the same schedule.

Four Daily Trains: When the new through train service is started there will be four trains daily on the cut-off, two each way.

The new born towns in this sections are all having their real estate booms just now and have been growing rapidly since the road was built. Only four towns were in existence between Coleman and Lubbock before the Santa Fe began building across this vast stretch of the country.

They were Sweetwater, Snyder, Post City and Buffalo Gap.

Eleven other towns have sprung into existence within three years. Goldsboro is a new town, the first stop out of Coleman. Others are Tuscola, Tecific, Pyron, Fuller Justiceburg, Augustus, Barnum, Southland, Slaton and Posey. Slaton is at the junction of the cut-off and the extension to Lamesa which was completed last year.

AMERICAN MAY RULE IN CHINA

Archibald Ross Cloquhon Declare Arrangements by Rebels Con template Three Years.

London, Nov. 21—The Daily Telegram yesterday printed an article by Archibald Ross Coloquhon, the well known explorer and journalist in which he says that the Chinese revolutionary committee intends to establish a military government with Gen. Homar Lea, an American at its head.

He says that the rebels will also call Dr. Sun Yat Sen from Shanghai to take charge of civil affairs.

Coloquhon says that the rebel rule will be in force for 3 years and during the next three years the administration of General Lea will be assisted by certain elected bodies.

At the end of this period it is expected that the country will be prepared for the American form of government, with a president and two elective assemblies.

Dr. Sun Yat Sen will probably be the first president.

Dad Elkins and J. H. McClinton left for East Texas with a car of horses and mules yesterday. While away they will visit points in Oklahoma.

DEPARTMENT IS MOVING RAPIDLY

President Taft Wants to See Madero's Government Given a Fair Chance

Washington, Nov. 21—The Department of War is moving with a degree of energy heretofore unknown in dealing with incipient rebellions fomented in Texas against President Madero.

Secretary Stimson is in constant communication with Gen. Duncan by telegraph and instructed the latter to co-operate closely with agents of the department of Justice who are collecting evidence and making arrests of suspected revolutionists.

All of this is being done, because President Taft believes the American people should give Mexico a fair chance to test their new government without interference.

Gen. Reyes went to the office of the United States Commissioner yesterday to answer charges that he had violated the neutrality law of the United States.

Reyes at the morning hearing was held on a ten thousand dollar bail to appear at the Federal Court in Galveston later.

Regarding Reyes arrest, his private secretary David T. Reyes, said today that he is Gen. Reyes attorney and Reyes had come to the conclusion that his arrest was not very important legally.

The arrest of Gen. Bernardo Reyes by the United States authorities at San Antonio for violation of the Neutrality laws is exactly in line with the policy of this government to stamp out revolutionary moves against Mexico in United States territory, according to Secretary of State Knox.

The arrest of Gen. Reyes was not requested by the Mexican government said Sec. Knox.

The policy of this government has not changed one iota since the inauguration of Madero. So far as the United States is concerned the situation today is identical with that existing last spring when Madero agents were being arrested for violation of the neutrality laws.

GAMBLER ACCUSES CHICAGO OFFICIALS

Says Fund is Kept for "Easing Up Officers—Reveals Protection Price.

Chicago Nov. 21—Charges that Chicago gamblers kept on hand a full fund of \$40,000 for use in "easing up public officials" were made by Harry Brolaski, former gambler before the civil service commission today in its investigation into public gaming and other vices.

Brolaski said he came to Chicago last May with the intention of investigating gambling and of cleaning up the city. He said he found Chicago, a wide open city.

Brolaski testified that the following accounts were paid by the gamblers and resort keepers in the First Ward for protection.

All night saloons \$50 a month. All night saloons having music \$75 per month.

Crap games \$50 per month. Poker games \$25 per month. Quor \$25 per month. Quor \$25 per month.

Thirty merchants representing small business houses on the West side visited Mayor Harrison today to urge that he temper a recent order driving vicious saloons and other illegal places off of Madison street a business artery of the West side.

They argued that the first effect of the order had been to decrease their business from 20 to 50 per cent.

Mayor Harrison denounced the committee and ended by saying: "Business men who would champion such conditions for the sake of supporting their business are not entitled to the sympathy of decent men."

Snyder people should stand together for advancement.
