AT THE COURT HOUSE

TONIGHT, APRIL 16; 8 P. M.

Rev. J. H. Woodroof, President of International White Slave Association and Supt. of Berachah Home, Arlington, Texas is to speak on "The Life and Death Struggle of a Lost Girl" at the Court House tonight.

The speaker, after seventeen years as lecturer, preacher and policeman, has some facts he wishes to bring to the men, women and children of Snyder.

Chaste language only will be used. Startling facts. All seats free. Welcome.

Abilene, Texas, Mar. 22, 1915—I attended the mass meeting at the Rex Theatre in Abilene Sunday afternoon, March 21 and heard the appeal of Rev. J. H. Woodroof and was also glad to preside over the meeting, as I have known Bro. Woodroof for several years and am in sympathy with his great work. The address was timely and impressive. Over 300 men heard it and responded to his call for financial assistance almost to a man. J. W. HUNT.

AMONG THE MERCHANTS

Joe Caton of the Caton-Dodson Dry Goods Company was reported on the sick list Wednesday.

Matthews, the Ladies' Quality Shop reports an excellent run of business during the past several days.

W. C. Weninger, of Weninger & Son, groceries, says the rainy season suits him as he was in Oregon long enough to become web-footed.

W. T. Thompson, head of the Thompson Drug Company has returned from an extended trip to Central Texas.

A. D. Dodson is making a specialty of shoes. See his advertisement in this issue of the Signal.

Green & Osbourn, the Cozy men, were visitors at the Signal office on Wednesday. Mr. O. S. Green ordered the paper sent to his address.

H. G. Towle, the Jeweler and Optician spent Wednesday petitioning the Western Union to establish a down town office.

Geo. W. Harris, C. C. Higgins and T. P. Perkins are busy winding up the school extension fund. They are all good hustlers and results are coming in right away.

Merchants are elated over the splendid rains, so are the farmers. It is now evident that the seasons are just as the people would have them and everything is moving along in the "good old way."

El Feliz Club

Mrs. W. W. Nelson, Jr. was hostess for the El Feliz Club Friday afternoon. Eighteen members answered roll call. After the usual business session several games of "42" were enjoyed.

Miss Caton of Stamford and Mrs. Roland Irving of Abilene were the out of town guests.

Mrs. W. P. Ralston was received into the club.

After delicious refreshments the Club adjourned to meet with Mrs. Guy Paxton, April 23rd.

FIRST CHRISTIAN CHURCH NOTES

Does the church world today merit the severe stricture of Voltaire's sneer when he said: "You Christians are disputing whether the Holy Ghost proceeds from the Father as well as the Son, whilst multitudes have not even heard if there be a Holy Ghost; whether any infants have been elected from eternity, whilst myriads of infants are growing up in vice and sin; whether heathens on the other side of the globe will hereafter be saved, whilst the heathen at your own door are already lost. You are splitting hairs of theology with society falling to pieces around you. If this be Christianity, we want none of it. Settle your useless disputes and unite vigorously in improving the world that now is and then we will listen to your promises of a better world to come."

Voltaire asked for a united church. Is it possible that divided Christendom was in part responsible for his condition and loss? Can it be charged to the division of today that large numbers of people are undecided, religiously muddled, uncertain and remaining out of the Church of Christ?

We cannot read John, 17th chapter without realizing that the desire of our Lord was that his people should be one and it is gratifying to watch the present trend toward union. The time was when ecclesiastical, denomination kept people under absolute control and when the people, thus dominated did not and could not associate with their fellows religiously, but now there is a growth toward tolerance of religious differences and the desire for religious unification. Religious freedom has been paid for very dearly and now among Protestant churches the universal desire is for a united Christendom. Everywhere today there is a desire for Christians of every creed or party to join hands and to present a solid front against the powers of evil. Greater tolerance in regard to opinions, and greater breadth of sympathy for all mankind, are the prevailing characteristics of present day Christianity. Great movements in both the social and religious world are presaged by the undercurrent of sympathy which is bearing all of Christ's followers more and more toward Christ.

We are thankful for the spirit of tolerance that exists in our town, and that that tolerance and sympathy makes it possible for most of the people to unite in the great union meeting which will be held in June. The time draws very near. The churches are planning and there is great expectation that the coming of Orville Edgar Hamilton and his co-workers will mean much to the religious development of the town.

Last Sunday was a day of enthusiasm. The Sunday school was over the hundred mark, and we thoroughly alive. Two classes with every member present. Everybody is getting in practice for the contest with Big Springs.

The preaching service was also well attended and considerable interest shown in the subject presented in the sermon. "Should Women Teach and Preach." The scriptural precedent was very clear for the woman worker in all branches of the

church work and it was shown that the democracy of the church gave equal rights to both its men and women.

At night the house was almost full to listen to the fifth illustrated sermon on "Starlight and Sunshine in Revelation." The sermon portrayed Jewish history from Elijah to Malachi through to the period of decline and servitude.

Next Sunday the subject of the morning sermon will be "The Bible School—Its great purpose."

At night the sixth illustrated sermon will be entitled "The Light of Bethlehem."

This begins the discourses on the life of Christ. We hope for a large congregation.

The State Convention is to be held in Dallas from May 3rd to 7th. It will be a great gathering and the churches will be represented by a great body of men and women, all eager to have a part in the forward movement of the church.

A Wonderful Invention.

The Alladin Mantle lamp is one of the greatest and most useful inventions of the age. It is one of the highest achievements of science in connection with artificial lighting and is revolutionizing lighting everywhere. The Alladin has solved the lighting problem for rural and small towns and suburban homes where oil lamps have been in use and even in cities many prefer the light of the Alladin because of its pure white, steady light, five times as strong as electric and more economical. It is as far ahead of the ordinary oil lamp as the ordinary lamp is ahead of the candle used by our forefathers.

Hurt in Jumping From Car.

A travelling man, Mr. George W. Buchanan, of Weatherford was brought to the Woodrow Hotel late Thursday evening suffering from hurts sustained in jumping from his automobile five miles west of Snyder. He was coming into Snyder, accompanied by Mr. A. M. Horne, also of Weatherford. They were enroute to Post City. In coming over a slippery road the car skidded and Mr. Buchanan believed it was about to turn turtle and he jumped. His right leg was broken and left elbow dislocated. He was taken to the hotel where his injuries were dressed last night.

STATE'S NEGRO WARDS LIVING HIGH.

J. I. Donaldson, Superintendent of the Deaf and Dumb Asylum for negroes at Austin has been feeding his wards on such expensive luxuries that the State Department has had to interpose a protest. Donaldson has been feeding his negroes on better fare than any of us white trash can afford. In fact he has been emulating the illustrious example set by a late governor in providing superior delicacies for his social functions. The inmates of the institution could not hear the premium ham and the chicken legs a fryin' in the pan, nor could they talk in audible accents of the delicious salads and cream biscuit, but they could smell the aroma and taste the delicate flavor. "Go way, honeny you spiles my derams, wid yo ole tales about co'n pone and turnip greens. CAMP SPRINGS

Some are planting down this way now. The small rains last week put them out in the field.

Mr. E. C. Hines is real sick this week.

Several people here are having the mumps.

Rev. Elliott, Baptist pastor filled his regular appointment here Sunday. Arrangements were made for him to preach at the Guinn school house next second Sunday afternoon.

The Camp Springs Sunday School decided Sunday to have a children's day service and a committee was appointed to arrange the program. The date has not been decided upon.

Mrs. Bavousette, mother of M. W. and Walter Bavousett and her daughter Edith have been visiting here for some time.

J. L. Dorsett moved to Snyder Saturday. We are sorry to lose him from our community.

Guinn singing class elected delegates to the County Singing Convention last Saturday.

W. H. Finch attended the declamation try out at Snyder Friday night.

Mr. Trice, operated the gin here Saturday and Monday. Several bales of cotton were ginned. This finishes the ginning for the season.

J. O. Guinn went to the Sweetwater Sanitarium last Thursday night to be treated.

Camp Springs has a moving picture show for Monday night.

Mrs. H. H. Beasley, of Grady in Fisher county was visiting Rev. E. S. Dorsett and family several days of last week.

Quite a crowd of the Camp Springs young people attended the literary society at Grady, Friday night.

For pluck, ye correspondent thinks Misses Vera and Mae Jones, who are attending school at Snyder have this neck of the woods beat. Saturday when they decided to visit homefolks they just hit the sand and walked to Camp Springs. They returned Sunday by way of Guinn in the buggy.

CROWDER

There is some sickness here now.

Miss Autry of Ira, is visiting her sister, Mrs. L. Y. Duke.

Crowder's singing class will meet on second and fourth Sundays. Several people here last Sunday from other communities.

Uncle Tom Crowder broke bread last Sunday with L. B. Lemmon and family.

J. M. Martin, formerly of Ennis Creek, has moved to this community. Glad to have him with us.

Mr. McCormick spent Sunday with R. L. Higgins and family.

S. D. Hayes had a mule sick with distemper last week.

Ola and Mattie Busby spent Sunday with Misses Morton.

Planting feed is now under way.

IDIOTT DRAW

If there has happened anything on the draw of late that would be of any interest to your paper I have not heard of it. We have had some spring weather. Some nice rains and some little sickness.

The farmers are in good shape now for planting and should the weather be good next week planting will be the order of the day. Grass and weeds are growing and small grain is looking fine.

On the first Monday I went to Snyder with others to see the sights and went into the Signal office to see how things were and I gave one of the bosses a little slack jaw and he threatened to give me—well in plain English a good drubbing, but he changed his mind and we parted as friends should.

AT THE METHODIST CHURCH

Last Sunday was an ideal Spring day. A fine attendance at Sunday School and church. The subject at the morning hour was "Cross Bearing and Self Denial."

The church was glad to welcome Brother Houston and wife and Bro. Duckett and wife as members. The subject at the evening hour was: "What Must I Do to be Saved." An earnest appreciative audience listened to the message.

The subject next Sunday morning will be The Church and Its Mission. Sunday night subject: "When Every

body in Snyder will be a Christian." We extend a cordial welcome. Many want to know when all will become religious. Come and find out.

The church is in sympathy with Brother Bassinger and family in the loss of the wife and mother in their home last Tuesday. She was a faithful Christian and has gone to reap her reward. May sustaining grace keep the sorrowing ones.

There will be another Sunday School class organized next Sunday morning with Miss Whited as teacher. It will be a class of young women coming between the Bartheas and the Woman's Wesley Class. They will organize, elect their officers, select their name and get their class certificate.

They will occupy the choir for class recitation.

The gracious rains and the general fine prospects for a great year materially should be good cause for gratitude. Let's praise the Lord for it.

Why stay away from church? Your poor soul is starving. You may not be conscious of it. That in itself is a dangerous symptom. If you loved God as you ought you would love his service and the place of worship would be your greatest delight. You should come as a matter of duty if for no other reason.

Why not observe Decoration Day in Snyder. Let's get the old soldiers to head the list, then let's close up

shop. Everybody go to the cemetery and spend the day, take dinner, have a service and clean up and decorate the graves. We certainly ought to be ashamed of the condition of our cemetery.

If given proper notice, many people from over the country who have loved ones buried there would be glad to come. Let every place of business close from 10 to 3 o'clock and everybody go. Arrange a nice program. Let's begin and make it an unusual occasion. What do you say? Let's hear from some one who is interested. Don't all speak at once.

PASTOR.

Mrs. J. J. Hunter left last week for a two week's visit with her sister and brother in Brownwood and Coleman counties.

GARDEN IN BACK YARD

EXTRAORDINARY RESULTS PRODUCED FROM SMALL TRACT.

Plot of Ground About 30 by 40 Feet in Size Proved Itself Worthy of Time, Effort and Small Expense Put Upon it.

Fifteen miles from the busiest district of the busy city of Chicago, there is a small kitchen garden which has produced extraordinary results. It is planted in a plot of ground about 30 by 40 feet in size, and has proved itself worthy the time, effort and small expense put upon it.

Almost all of the ordinary table vegetables and fruits can be found here, and this small piece of ground has been the means of a distinct saving in the summer bills.

Lettuce, radishes and onions were the first arrivals, and came in such quantities that the neighborhood usually shared in them. The amount of choice lettuce that can be raised in a 4 by 6-foot bed is surprising, and this one afforded a constant supply of fresh salad material all the summer season.

Onions of several varieties were raised, and those that were planted in the fall afforded an early crop before others were even out of the ground.

In July the beets and cucumbers were ready for use, and again one may put forward the argument in favor of the small garden on suburban lots, namely, that there is no comparison between the dried-up, expensive store products, and the fresh, ever-ready vegetables of your own growing.

In the early part of August the tomatoes ripen, and by raising two varieties there is a constant supply of them until the frost cuts off the ripening process, but leaves many green ones which may be pickled.

A small border of parsley, and a little patch of mint will do all the garnishing and flavoring that are necessary. Carried away by the automobile fever, the old horse was sold and a machine purchased in his place. This left the runway empty, and in order to utilize every inch of the ground it was planted to potatoes, peas and beans, all of which grew well.

Of the fruits that were grown in this little garden, the strawberries were the first to come. The bed is about 10 by 20 feet in size, and has borne continually during the season. Not a single box was purchased, and the berries were large and juicy. The total amount produced was 50 quarts.

A wonderberry had proved very successful also, and this new fruit is

Some of the Results From a Small Kitchen Garden.

rightly named, in that the number of berries borne on one vine is wonderful, when the size of the vine is considered.

Raspberry and currant bushes, also bore well, and so it was—one fruit after another all summer long. There are some grape vines which are as yet too young to bear, but are very promising.

The financial side of this enterprise has been very satisfactory. The surplus crop of cucumbers and tomatoes netted \$10 and the products of the strawberry bed were worth \$6.25, the currants and raspberries were worth another \$3.

Not to go into further detail, it is fair to estimate that this small garden planted at an expense of not more than \$1 for seed, has made a return of about \$30, beside affording many hours of healthful exercise to the family.

These results show how a little "pin money" could easily be made by utilizing the back yards of suburban or city homes.

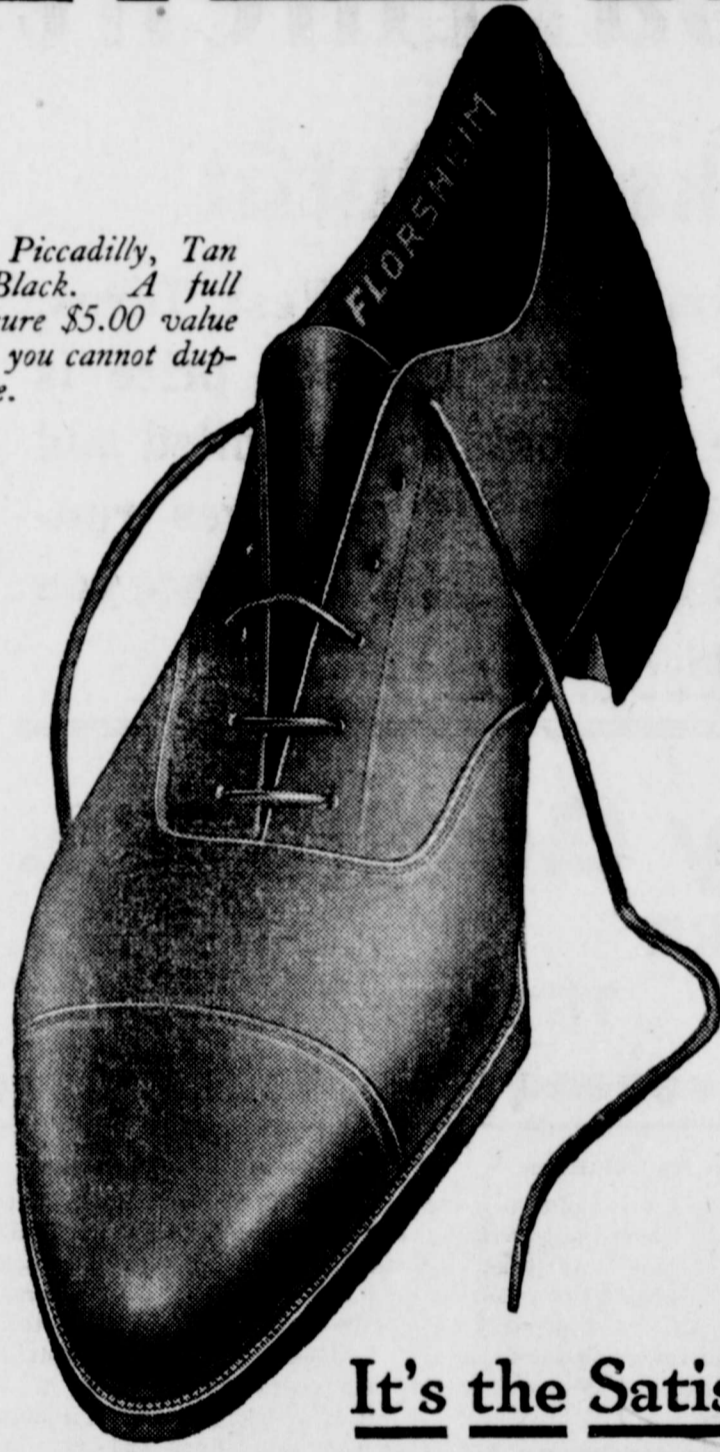

True Economic System.

The truest economic system of conducting any business is the one which makes every dollar of the capital employed whether in bonds, land or stock, yield a suitable return in some shape; but bare field, unworked land will not do this and the farmer who attempts to make a profit is certainly not conducting his business on an economic principle.

Rumor has it that Harry Vardon, five times winner of the British open championship, will retire as a professional this year.

Death of Mrs. Bassinger

Mrs. Ida Bassinger, wife of I. Bassinger, living three miles north of town died Tuesday noon. She had been in poor health in South Texas where they had lived previous to coming here in the fall. Her health improved for awhile until about a month ago when she took to her bed. She leaves a sorrowing husband, two sons and two daughters and many friends and relatives to mourn the loss. Her body was laid in the Snyder cemetery Wednesday at noon. J.

Quarterly Conference.

The second quarterly conference of the Methodist church will be held on April 24th and 25th. Rev. J. T. Griswold, Presiding Elder of the Sweetwater District will preside. He will preach Sunday and Sunday night.

B. E. Wagner was here Thursday from Knapp. He says his country is thoroughly wet. He says they didn't specially need this rain but glad to get it.

Cotton prices advanced a dollar a bale in New York last Saturday. Prices have been going up a month and the spinners and their friends hope the farmers will feel safe to plant a big cotton crop this year, but cotton farmers will surely remember how a heavy crop and a foreign war fixed the price of cotton in the fall of 1914.

ROY E. FOX SHOWS ARE TO THE GOOD

Roy E. Fox, he of the Lone Star Minstrel fame is now out with a repertoire company known as Fox's Popular Players, have been in Midland all week giving cracker-jack good shows advertising the East India Remedies with Dr. Jack Light-hall.

This is an excellent company and one of the best balanced it has ever been our pleasure to see. Each member of the cast is versatile in his or her characters and our people have crowded the tent every night and have been liberal in applause and showing appreciation in other ways.

Aside from regular bills various specialties have been given by different members of the company and each and every one has proven a winner every time. We call special attention to the specialty given by Mrs. Fisher on Tuesday night. It is the new song being sung in our high schools entitled "Texas" in this turn Mrs. Fisher was dressed in cowgirl garb and during the course of the song the great Lone Star flag was hoisted, thus giving it an effect that drew forth great applause.

The repertoire of this company is good. For ten and twenty cents you can see a seventy-five cent to one dollar and a half attraction. On Monday night they presented a rural comedy entitled "A Wise Fool" and the comedy in this was great. Tuesday night "The Call of the Woods" another comedy drama which in many respects was superior to that of Monday night. On Wednesday night Dora Thorne was the bill and was highly enjoyed by all. Thursday night Augusta J. Evans' famous novel "St. Elmo" was presented and all pronounced it first class. Tonight, Fri-

day "Uncle Tom's Cabin" and tomorrow afternoon a matinee for the children will be presented entitled: Peck's Bad Boy." Tomorrow night will be the last appearance of this company and will be a Southern Romance entitled "The Sweetest Girl in Dixie" with Mrs. Roy Fox in the title roll.

Aside from the plays and specialties, Mr. Fox had some interesting contests such as the boy's cracker eating contests, a shoe lacing contest and the ladies wood sawing contest which proved a source of much merriment and interest.—Midland Reporter.

Imaginary Heart Trouble

Do you have pains in the region of the heart? Does your heart thump? Its terrible pounding alarms you? What is wrong? Do you believe these symptoms mean heart trouble? Organic diseases of the heart very seldom occasion much pain. Nearly all of these pains are caused by some derangement of the stomach. Meritol Tonic Digestive is especially recommended for indigestion and dyspepsia and for restoring the stomach to its normal functions and—no more "heart disease." Price \$1.00. For sale by Warren Bros. Druggists. Exclusive Agents.

At the Russell Home

The editor and wife enjoyed a car ride Sunday afternoon with Mr. and Mrs. Ika Boren and in their rounds stopped at the hospitable suburban home of Mr. and Mrs. J. W. Russell, a mile south of town and were shown about their beautiful yard and well kept premises.

There are no prettier, nor better arranged yards, even in the warm climate of South Texas. The great varieties of rare and pretty shrubbery, vines and flowers, prove that the aesthetic nature may be gratified here as well as anywhere. The earlier growths are passing and others coming in turn and when full blooming time comes it will be a veritable precinct of floral loveliness.

Mr. Russell has a large concrete tank in which are sporting large and small red fish—schools of them and it is interesting to watch their graceful movement in the water and see them come to the surface to get the bread thrown to them. Mrs. Editor would like to go again and try her luck at angling. She came away with a lot of plants and bulbs and has been planting them in nooks and corners.

We visited Mr. Brady's place adjoining and inspected his clover and blue grass. He also has a nice tank stocked with fish. Mr. Brady has a pretty place and the ladies of the party are wondering of what use is a bird cage without a bird in it.

Mr. John M. Savage the old reliable and courteous grocery salesman with the popular store of Wenninger & Son has bought a new automobile. No. 172 and instead of trotting his mules about town he will come gliding up to your house in his car in just a few minutes after you have placed your order.

County Court in Session.

County Court convened Tuesday and the criminal docket was taken up and the following cases disposed of: Albert Tinker, drunkenness in public place. Continued for term.

Albert Tinker, disturbing the peace, continued for term.

R. N. Lewis, aggravated assault, on plea of guilty fined \$25.

Ira Townsend, carrying a pistol, acquitted by instructed verdict.

A. L. McCain, assault, fined \$10.

J. F. (Casey) Lindley, giving liquor to minor, plea of guilty, fined \$25.

A. B. Vandike, unlawfully selling liquor, jury verdict, fined \$100 and 60 days in jail.

A. B. Vandike, selling liquor. Dismissed on motion of county attorney.

The Vandike case was one in which A. B. Vandike and wife were charged with unlawfully selling liquor. The state was represented by county attorney Weems and Rosser & Boyd. The defense was represented by Judge Anderson of San Angelo and Smith & Spiller of Snyder. The trial consumed Tuesday afternoon and Wednesday, resulting in conviction. Another case against the man and the one against the woman were dismissed.

Misses Mary Heath and Lela Porter spent Saturday and Sunday in Abilene visiting Dorcas Porter and attended the Teacher's Association.

A Baby Girl

The Signal received through the mail this week a tiny envelope, containing the personal card of Mr. and Mrs. O. J. Hull, 15th and Orange streets, Abilene, Texas, and a bow of delicate blue ribbon attached the precious little card announcement, "A baby girl, born April 10th, 1915." The proud father of the dear little bud of promise had penned this assurance, "her two characteristics inherited from the paternal side are lung power and appetite."

The Signal joins friends here in extending congratulations.

Scientific Experimental Effort

J. L. Abbott takes much commendable pride in experimental farming and his efforts the past year brought success.

He received last week from the Farmer's Congress, a check for \$25 for the best acre of maize raised in this county. Furthermore he states that he owns a seven months old calf that weighs 720 pounds and butchered three Duroc Jersey pigs nine months old that averaged 300 pounds net weight.

Blakeley-Eoff Wedding

Mr. Herman Blakeley and Miss Versie Eoff, both of this county, near Snyder were married at 11 o'clock last Sunday at the home of the officiating minister, Rev. C. H. Kelly, three miles south of Snyder.

The bride and groom are popular young people and members of two of our good Scurry county families.

They were accompanied by their friends Mr. L. B. Jenkins and Miss Walker.

Bought a Snyder Mop.

C. I. Jaeggli, W. W. Echols, Bro. Walker and Mr. Mixon were here from Hereleigh for a few minutes Tuesday evening and stopped long enough for Echols to buy him a mop handle and then they proceeded to burn the wind, going east.

Now Echols remembered that some of Snyder's population are counted authority on mops. In fact Snyder was at one time the recognized emporium in the line of mop enterprise and the progressive Hereleigh banker possibly figured that a mop handle bought in Snyder must necessarily bear the brand of merit.

ABOUT THE WAREHOUSE LAW.

Mr. Editor:

My dear sir: Should some theorist succeed in getting passed a law requiring you to print your paper only in red ink, causing heavy extra expense to you and being of no benefit to your readers, I doubt not you would today be asking the reading public to assist you in getting relief from such an absurd requirement.

Last year at the "Special Warehouse" session the Permanent Warehouse law was passed. This law affects seriously the entire cotton crop of Texas and especially the ginning industry.

The ginners of Texas are calling your attention to the fact that they have studied carefully, and have discussed openly the effects of the requirements of this law and they do not believe they can do the extra work required by this law without being compelled to increase their charges at least one dollar a bale for ginning and wrapping a bale of cotton. This will represent an extra charge against the Texas cotton crop of about four million dollars per year. On the other hand the ginners have challenged any one to show in your columns wherein this law's requirements will make the farmers bale of cotton worth even one cent more per bale. The ginners do not wish to charge their customers this enormous amount of money when they knew it will be of no benefit to any one, unless it may be beneficial to the bagging trust, the oil mills and the compresses. We are asking your assistance in getting this matter before the Governor so that he will let the approaching special session remedy the evils of the law.

All we are asking for is a hearing. Yours truly,
 DABNEY WHITE
 Secretary, Texas Ginners Association

RANCHMAN KILLED AT COMANCHE, TEXAS

J. H. Bryson, a rich ranchman in Comanche county was shot to death in his bed early Saturday morning. Three other men were sleeping in the room with Bryson and his son was sleeping in an adjoining room. These were all awakened by the shots and some of them claim to have seen a man retreating from the scene. No motive for the crime had developed and up to Sunday night no clew had been announced.

LIGHTING PLANT AND EQUIPMENT FOR OPERA HOUSE

Mr. Cordell of the new Movie firm in Snyder says: "Cordell Brothers have leased the Opera House and will equip it with an engine and generator which will supply a direct current for the operation of a picture show. These gentlemen will also install another picture machine in addition to the big Powers which is already in the opera house this will enable them to run a continuous program. They state that they will engage the best service possible to get and will give the people of Snyder an opportunity to see the best pictures that can possibly be made. This new show will be opened about April 25th. These gentlemen are going to considerable expense to give the people a first class show and will appreciate their patronage."

Eight Thousand Miles Without Trouble

Here is some real evidence from a man who knows. Having tried all kinds of products, he chooses the "Made in Texas" products, distinguished by the Red-Star-Green-T emblem.

Stamford Motor Company

Stamford, Texas 6/25/14.

The Texas Company,
 Stamford, Texas.

Gentlemen:-

The more I have to do with Texaco Motor Oil the more I become convinced of its superiority over other oils. Last year we sold about one hundred cars and tried all the leading brands of Lubricating oils and Gasoline but finally centered on TEXACO. It's good enough for us.

I have in mind one car in particular which has used Texaco Motor Oil and Texaco Auto Gasoline exclusively. This car has been in use seventeen months and has traveled 8000 miles. Yesterday we took the spark plugs out for the first time just to see what condition they were in; finding them remarkably clean, they were replaced without any cleaning. The condition of this motor more than anything else prompts me to write this letter. Most of this car's service has been slow running, which all Automobile people know to be harder on a motor than the country roads.

If all the TEXACO products come up to the high standard set by MOTOR OIL and AUTO GASOLINE you should have no trouble in winning the trade.

Yours truly,

H. M. Harkness

ONLY A PRIZE FIGHTER

Even American people who feel like pugilism belongs to barbarians are glad that Willard knocked out the negro, Jack Johnson. The negro has been a shame to this country ever since his triumph at Reno and he is a fugitive from law and a living, brutal insult to decency. The people mark down even a white hero who goes into a contest on term of equality with a negro, yet the country is glad that a white man won the fight. One other point is that the fight was pitched in Cuba where the citizenship were partisans of the big negro. That fact causes Americans to yield a degree of honor to the cowboy winner.

DOPE VICTIMS MUST SUFFER.

Since the Texas law went into effect to prohibit the sale of habit forming drugs it has become necessary in cities for the people to make provisions for curing dope fiends. In some cases people who have been in the habit of using cocaine and other synthetics have become insane for lack of it. It is said that the dopsters in El Paso can get all they want in Juarez and the international trade is picking up. It is an act of inhumanity to try to stop that line of inebriety but it is apt to entail much suffering to people who have already fallen under the dope influence.

Mayor Roberts, of Terre Haute, Indiana, one of the 27 citizens convicted in the Federal court for election frauds was given six years at Leavenworth and must pay a fine of \$2,000. Nearly all of those fellows were officials and their aim was to keep the city government in the hands of men they could handle. They were campaign workers for the City Democratic organization.

LITTLE SIGNALS

The big electric "white way" fever is raging.

The golden west is glittering in the lime-light. Come to Texas and on to Snyder.

Keep your eye on the location of the West Texas Normal.

Begin planning for improved civic attractiveness. Every idea helps.

The country club and pleasure lake spirit is gaining favor every minute.

It is understood the compress site will be selected as soon as the railroad situation is revolutionized in Snyder.

Watch the progress made in paving Santa Fe street and the square, also the charming effect of a substantial curbing around the court house lawn, in which will be planted electric lamp posts decorated with clusters of brilliant globes thus creating a GREAT WHITE WAY.

Coming to the front—the golden west.

Again coming—the election of City School Trustees.

Coming along also,—the revival meetings.

Then again, coming—the down town Western Union Telegraph station.

A revival of the court house clock spirit might not come amiss.

Keep the canning factory idea in circulation. The fruit crop is coming.

Vegetation is peeping out from every source. Set out the garden plants and get ready to plant peanuts.

The invigorating weather has a tendency to create a booster spirit—don't muffle any of it.

A sorghum mill and a broom factory are two more essentials.

Waxahachie officers have arrested a negro named John Johnson, accused of complicity in the murder of Jack Jones. This is the murder for which Joe Larkin is to be hanged there tomorrow.

Just to encourage a pretty struggling chorus girl and make her feel that her efforts were appreciated, a wealthy New York broker bestowed a fatherly kiss on her peach colored cheek, and the old gentleman's wife sued him for a divorce.

The Cudahy packing plant in Kansas City was wrecked Sunday night by a mysterious explosion. Two efforts have recently been made to burn the plant. The country had hoped that such devilry would not come on any more, since the McNamaras were put out of action.

WITH OUR EXCHANGES

Persons desiring hookworms are advised that they are being cultivated by a local scientist, who, no doubt will be pleased to fill that long-felt want on proper application.

—Austin American.
We are getting ours during these warm spring days.

About all the honor Texas is willing to bestow on Jess Willard is that he put the big nigger out of Texas for keeps.

†This by way of suggestion to the housewife: If hubby seems to be drowsy and in need of a spring tonic, induce him to rise at 6 a. m., put in an hour and a half spading the newly made garden in the back yard, then take a cold bath, and we venture he will not need an internal tonic of any kind to give him an appetite for a very stable breakfast.—Waco News.

If you wait until the old horse is worked up to a stable breakfast in that way, you may never raise an appetite in him. The best way is to give him high life drops and run him crazy on the golf links. The muscular energy slappel and stamped and yelled away on one game of baseball is sufficient to fork up an acre of beets and cabbage and there is expended enough elbow grease and leg power in one golf game to cultivate a large vegetable garden and then walk to town to work. But any wife who seeks to train her husband along these practical lines must make up her mind at the outset to forego the movies and her daily milling around in the stores while her loved one is digging up the ground.—S. P. in Dallas News.

Purely theoretical.
Ex-President Taft is an optimist. He believes the people generally are easing up on the chase after the dollar and are turning more to fraternal regard for each other. In the meantime nearly every fellow thinks the sharks are after him and legislators think that even newspaper men have to be watched.

Still, we think he ought to go ahead and buy you an auto. We see him wasting money in town almost every day.—Claud Callan.

Claud probably gets a rake off from the divorce lawyers.
Slaton failed to hold her regular city election and the Slatonite wants to sell or give away its poll tax receipt.

Liquor men have sent out a circular saying there is more prosperity and less crime in wet states than in dry ones. This moves the Plainview News to say: Figures don't lie, but liars do figure."

Some newspaper men are tickled because Col. Mose Harris of the Texas Republic said Joshua tied the foxes together and set fire to the wheatfield. Mose edits a republican paper and of course gets his history mixed.

Senator Root admonishes business men that they should take more interest in politics. A number of them who did that very thing are now being investigated by the department of justice.—Fort Worth Record.

Over in Indiana they have been taking rather too much interest.
The American people are a practical people and they have found out that drinking does not pay and are abandoning the practice. We are outgrowing it as a nation, not because of hostile legislation, but because of the economic waste of the traffic and the bad odor in which the practice of drinking is held.—Colorado Record.

Public sentiment is stronger than statute.
O. B. Colquitt has been heard from. He got the plums, too, up in the neighborhood of Wall Street. At any rate it is announced that he came back to Texas as the representative of one of the big insurance companies. He bought himself a \$20,000.00 home over in Dallas.—Roscoe Times.

O. B.'s chief boast is that he has always had to rub against the ragged edges of poverty, but after a man has given his full time for four years to a \$4,000 a year job, why not be able to buy a \$20,000 home?

The tenant problem is a big one; but, after all, the solution rests largely with the tenants themselves, and as individuals rather than as a class. The best remedies are in industry,

economy and diversification. The application of these remedies will do him more good than the political kind.—Dallas County Record.

The above proved fact has been known all the time to men who have tried it out along lines of industry, intelligence and economy.

IS THE SCHOOL OF JOURNALISM WORTH THE COST

Some of Gov. Ferguson's critics are disturbed because they think he is going to veto the appropriation set apart to maintain the School of Journalism in the State University. It is contended that if he is permitted to cut off that branch of education it will set a precedent for him or some other governor to use his veto power to cripple or even kill any other educational institution.

Thinking men have doubted all along that the School of Journalism would be worth the cost, and now after a year or more of experiment there is probably not an educator, a business man or a real newspaper man who will say that any advantage has come of it.

If Governor Ferguson after careful investigation and unprejudiced deliberation has reached the conclusion that the school is a useless expense, he ought to be held justified in interposing his veto to save the public money.

The university is designed to give college training to men and women and when they have thus been qualified in the branches of higher learning, they may take up the practical work of Journalism and succeed if their talents lie in that line. The thorough journalist will be sooner and better made in actual work than in a school where techniques are made the leading features in the study course.

The school in Texas was established in response more to a spirit of doing like other states than from any burning need of such an institution, and unless it can be shown that some degree of benefit has or may soon come of it, the country will be glad if the Governor shall put it out of business.

I have just received a fresh car of Montevallo Coal. Phone 154.

DOUBLE SERVICE AUTOMOBILE TIRES

Guaranteed 7000 Miles Service. Absolutely Punctureproof.

Double Service Tires are double the thickness of the best standard make tires.

This 100 p. c. greater wearing surface naturally gives that much more mileage and service. The average of 12 plies of tough fabric and one inch surface tread rubber makes these tires absolutely punctureproof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on and tire troubles cannot be tolerated. Many Double Service style tires are in use in the United States government and European war service.

Our output is limited to a certain amount but for a short time we offer the following reduced special prices as an Introductory Offer.

Tires	Extra	Heavy
28x3	\$ 7.25	\$2.20
30x3	8.60	2.30
30x3 1/2	10.85	3.10
31x3 1/2	11.40	3.15
32x3 1/2	12.75	3.20
31x4	14.25	4.00
32x4	14.90	4.10
33x4	15.75	4.20
34x4	16.70	4.35
35x4	16.80	4.60
36x4	17.45	4.65
37x4	17.65	4.70
35x4 1/2	21.20	5.60
36x4 1/2	22.50	5.75
37x4 1/2	23.60	6.20
35x5	24.40	6.35
36x5	25.10	6.55
37x5	26.30	6.60

All other sizes not included in above list also furnished. Non-skids at ten per cent additional.
Terms: Payment with order at above special prices, a 10 p. c. discount allowed on orders for two or more tires. All personal checks must be certified.
Try these tires and be convinced of their very high qualities. Not sold through dealers.

We Help Those Who Try to Help Themselves

C. W. Post Home Farms

We are building up a community of actual home owners and are anxious to interest good, dependable men in our undertaking. We will sell raw land on which we will place improvements and charge against the land. In other words should you buy 160 acres, we will improve the same with a 4 or 5 room dwelling (with water piped into the kitchen), well and windmill, sheds for chickens, hogs and stock, and a silo if wanted. These improvements will cost from \$1500 to \$1700. We will not sell land unless it is to be farmed—no speculation.

One can buy 160 acres 10 to 15 miles from Post City, but near a school, at \$20 to \$22 an acre, plus the improvements mentioned above. We will sell you the land and improvements for a payment of \$2 per acre (\$320) down and \$1.75 an acre (280) per year at the unusually low rate of four per cent interest. Notes on or before. Payments cover both land and improvements.

Farms on the plains will be sold during 1915, to be occupied early in 1916, for \$2.00 an acre down and terms as above. Interest does not start until you go on the land. Next payment Jan. 1, 1917.

Also have just classified and put on the market the breaks, or grazing land. These lands will sell from \$6.00 to \$12.00 per acre. \$1.00 per acre cash, 50c per acre per year until paid out at 6 per cent interest. This goes in tracts of 640 acres and up.

MUCH PLANT FOOD IN SEEDS

Interesting Experiment May Be Had by Planting Beans and Watching Development of Plants.

Much of the food of very young plants comes from the seeds to which

Experiment With Beans.

They are attached. To prove this, plant two beans in a tin can containing sandy soil; water and keep in a warm, light place. Soon after the beans push above ground take a sharp-pointed knife and carefully cut off the two half beans without injuring the rest of the plant. Allow the plants to grow for a week or two and note the more rapid development of the plant to which the half beans are attached. The illustration shows beans planted in rich black earth on the same day. Both plants came up on the same day. The half beans were then removed from one. The other, it will be seen, grew faster because the half beans furnished food.

MAKE LONG TRIP

IN FORD AUTOMOBILE

An automobile party of four men—T. O. Sorrels, Jim Sorrels, Cole Shaffer and O. N. Sholty as engineer returned Saturday night from a sight seeing trip over several counties to the southwest. They travelled in a well equipped car of the old reliable Ford type and had fewer blowouts and punctures than one would have expected for that bunch. They took in Colorado, Big Springs, Sterling City, and of course dropped in by San Angelo, then back to Sterling, Stiles, Garden City, Rankin, Upton, Midland and back to Big Springs and to Snyder. They saw some fine country and some not so good, they travelled a half a day in one pasture and rounded up nothing but one Mexican and a flock of sheep. They ploughed through mud, or sand or rocks, forded the Concho river and outran a Cadillac in a straight race. They put up at the best hotels, ate of the best of fare and drank of the best—water.

Talented Lady Visits Snyder.

Mrs. Maude Wilson of Waxahachie, society editor of the Waxahachie Daily Light, was the guest this week of Miss Mary Bullard, one of the teachers in the Snyder Public School. Mrs. Wilson visited the Central building and rendered a delightful solo Tuesday and on Wednesday delivered an instructive lecture on Old Mexico. She is much enthused with Western Texas and is especially interested in Snyder and complimented the general appearance of our city.

Mrs. Wilson has been visiting in the Panhandle section and went to Sweetwater to spend a week with friends.

Meeting to Begin.

The meeting at the Baptist church will begin Monday, April 19th. Rev. J. Frank Norris, pastor of the First Baptist church at Fort Worth and his singer, Mr. Scafield will conduct the meeting. Dr. Norris is to be here in person to start the meeting. Let no one be deceived by any reports to the contrary. We have rented a large tent, 60 by 90 feet and it is now on the way from Dallas. We are expecting large crowds and a great meeting. We invite the hearty co-operation of all who love God and all who want to love him. There is nothing selfish in the planning of this meeting. It has been planned a year and no one can feel that it was in any way intended for any other purpose than to glorify God. Come and hear the Savoronora of Texas, the worst persecuted man in the State, but the man most largely blessed of God.

DUNN

Written for last week:

Thursday, April 1st on petition, the pupils of Dunn school were granted a half holiday. The larger pupils enjoyed an afternoon picnicking while the primary grades searched in dusteriously for Easter Eggs.

Several Dunn girls took teacher's examination in Snyder Friday and Saturday.

Nat and Dick Billingsley entertained the Sunday School classes Friday night. Everyone reported a good time.

There was singing all day and dinner on the ground at the Methodist church Sunday.

Quite a few of the Dunn people passed the time away by hunting Easter eggs Saturday evening.

Several of the boys from this community were in Snyder, Sunday.

Mr. Walter Harris and Mr. Barney Glen left for the Plains Sunday afternoon.

Miss Lena Ramsour has resumed her duties as teacher in the Dunn High School.

Rev. Cal. C. Wright and family are visiting relatives in Calahan county this week.

DIMPLES

SHARON

Health of this community is very good at this writing.

We are glad to have Mr. and Mrs. D. T. Fairley with us again.

Everybody reported a nice time at the Easter egg hunt at Miss Wolver's last Sunday.

Misses Nora and Flora Crowder attended church at Ira Sunday.

There will be preaching at the school house Sunday by Rev. J. R. Plant.

Mr. and Mrs. M. C. Burditt were in our midst last week.

Mr. and Mrs. J. W. Henderson were guests of Ben Thompson last Sunday.

Mr. Geo. Bishop and family visited Mr. Will Young and family last Sunday.

BLUE BELL

BETHEL

Written for last week:

Mr. and Mrs. J. E. Davis and little son, Roy, made a business trip to Snyder Saturday evening.

Clyde Dennis Sundayed at the home of Mr. and Mrs. F. L. Davis.

Singing is held at Bethel school house on the first and third Sundays in each month. Everybody is invited to attend.

Planting time is already on us. Mr. F. I. Townsend has already planted thirty acres.

Several from here attended the services at the Union Baptist church Sunday night.

Henry Shuler, who has been attending school at Abilene returned home last week.

Bethel 3, Snyder 2. In one of the fastest amateur games ever played at Bethel Saturday evening administered a defeat to the Snyder boys that will rankle in their heads till a chance for revenge shows its way clear. Snyder's infield was fine, it seemed as though nothing could get through them and it played fine ball but the wind was so strong that the outfield had hardly any chance at all, but Z. Huckabee pulled down two good flies when errors would have meant runs for Snyder. Of the five runs made by both sides three of these were home runs, Bethel making two, Snyder one. Snyder scored her two runs in the first inning and she never was in danger of scoring after that. Bethel scored her first run in the sixth and on a home run by Ira Townsend and a few seconds later another one when A. Townsend tripled to left field and romped across the plate on a single by R. Huckabee. Bethel made her third in the seventh inning on a home run by Cochran which put Bethel in the lead. Snyder tried to rally in her last time up but nothing doing. Her batters went out in one, two, three order.

CAMP SPRINGS

Written for last week:

Some of our folks are planting feed stuff now.

Health is only tolerable. Mr. and Mrs. E. C. Hines living on Grandpa Guinn's place, are both sick.

The Sunday school at the Guinn school house was reorganized in part yesterday. The organization will be

performed next Sunday. The neighbors are all urged to come out.

Evin Finch, attending school at Snyder was visiting the home folks from Friday night till Sunday afternoon.

The Camp Springs Literary Society rendered its second program on Friday night which was good. The house was jammed full. The President says he expects the next program to be much better as he is learning more how to handle the affairs.

It is announced that J. F. Bristow singer and teacher, of Fisher county will be with the Camp Springs class next Sunday.

Messrs. Hellums and Patterson cotton buyers of Rotan were up Tuesday looking over some cotton still being held in this part of the country.

Several from here attended the night and morning services at Union.

Mr. Babe Bridgeman spent Saturday night and Sunday morning at the home of Mr. Lewis Davis.

Hermleigh and Bethel played a very good game of ball resulting in a score of 4 to 1 in favor of Hermleigh.

Mrs. J. Wright Moor who has been quite sick at her home is better.

Mr. and Mrs. J. E. Davis Sundayed at the home of Mr. and Mrs. F. L. Davis.

The rains we received this week have put a plenty of moisture in the ground and will help wheat and oats to come right along.

The Farmers Union had a meeting at Bethel Saturday evening. Several attended.

Mr. and Mrs. Michael Minyard and little son Sundayed at Mrs. F. L. Davis'.

Penny Wise and Pound Foolish

Hard times make every woman look to see where she can save money, which, of course, is sensible and proper if not carried too far.

In the case of food it would be foolish to attempt to substitute sawdust for a breakfast food because it is cheaper. Everyone knows sawdust has no food value and its use would be a positive detriment to the health.

Alum baking powders may cost a little less than cream of tartar powders like Dr. Price's, but many of the highest food authorities both in this country and abroad have declared them to be injurious and not safe to use.

To attempt to cut the cost of living by using low-grade alum powders is unwise economy.

DR. PRICE'S CREAM BAKING POWDER
Made from Cream of Tartar

Profanity

This is a subject upon which thousands of articles have been written and yet millions of people still continue to practice it. Men, women and children swear. It does seem that any person of good sound reason would leave it off when they knew it is just as much a violation of law as theft is a violation of law; both of God and man. Again when they know that they are making weaker their own real character, and losing out to reputation. There is not one person out of ten thousand who swears but what will lie.

That man who has no respect for the name of God in common conversation has but little respect for God's

name when he is put on the witness stand.

I am glad the day is here when so many people look upon swearing with contempt. There are thousands and thousands of people who would take their hat off to a thief in preference to that man who takes the name of the Lord in vain.

Say, you men who swear. Do you see the contempt in which you are held.

That man who will teach a boy to swear has done the boy a grosser injustice than that man who stole the boy's hard earned money.

Some men swear who would be perfectly horrified if they were to hear their wife or daughter swear, and yet that wife or daughter has just as much right to swear as you

have. You ought to be imprisoned upon fundamental principles; you are not fit to associate with refined people. You say you would not swear in the presence of a lady. No! no gentleman will swear in the presence of a lady. You did not swear in the presence of your wife before you were married, but you have sworn in her presence. One of two things is certain: You have ceased to be a gentleman or she has ceased to be a lady. I don't believe she has ceased to be a lady, but you have ceased to be a gentleman. Quit swearing you old low down stinking pole cat. There is not an animal on earth low enough down to compare you with. You are contemptible in the sight of your wife. Will Society ever grow any better with such low bred characters as you are running at large?

You are no more fit to run at large than the thief or the gambler or a libertine.

That Hottentot who has more respect for his Maker's name than to take it in vain is a better man than that old swearing white man.

I believe that I have put you as low down as it is possible; wish I could think of more hard things to say about you. I do think of one more step lower. You are as mean as the Devil wants you. "Ye are of the Devil" and you will go to him when you die; you are not fit to go anywhere else.

If your wife or daughter is a Christian she would not want you in heaven in your present demoralized condition, for heaven would be so different from your nature that it would be a veritable hell for you.

Your doom is sealed unless you repent and turn away from sin, and accept a loving, tender, forgiving Saviour who never did you any harm, but who died that you might be liberated from the galling bonds of sin. It is your own fault if you go on in sin, benumbing your higher and finer sensibilities until it is too late, forever to accept the gift of eternal life, through Christ Jesus. He is waiting and pleading and begging you to turn to him for life and salvation. More next week.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodor's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theodor's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Taylor Cotton, one of our staid old farmer friends living east of Dunn was here Wednesday. He looks for good crops again this year. He gives his tenants liberty to plant what they please. He says cotton may be a good price and may not but feed stuff is cheap and slow sale. He sold all his cotton this season at eight cents and has lots of feed on hand and not enough stock to consume it all.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious headachy, constipated and all knocked out, just go to your druggist and get a 50c bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; be sides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it. No 13

Telephone Girl as Sleuth

A city marshal at Ballinger was assassinated a few days ago. The community was intensely excited. No clew could easily be found. Hundreds of men were scouring the country, but the little lady at the telephone exchange found the clew. A man had telephoned his wife that he was leaving town. The telephone girl caught the idea and reported to the man hunters and the suspect has been captured.
