Giving Away A Live Baby

At The Gem Theatre Next Tuesday Evening, May 18, 1915.

On next Tuesday evening we are going to give away, in this theatre, a live baby. The only requirement is that the person drawing this baby will adopt it as his or her own. I assure you that this baby is of a good family and that the person drawing it need have no hesitancy in accepting as a gift, nor fear that the parents will ever come to claim the baby. We request that a good representative audience be present on next Tuesday evening as we are very desirous of placing this baby in a good home. Don't forget, next Tuesday evening. Everybody be here and tell your friends.
I will ask that whoever is fortunate enough to draw this baby shall come upon the stage, take the baby in his or her arms and carry it home. But, if the person drawing the baby does not want it, I shall be very glad to have it myself.

LITTLE SIGNALS

Not a vacant residence or business house in Snyder. Time somebody was making the "saw and hammer ring."

Ladies with babies and baby buggies encored the item in the last issue of the Signal referring to the steps at the corners of the square. Let's do something to help them out.

Severalcanning factories are brewing. Get busy the fruit and vegetable crop is bountiful.

Information comes from the R. S. & P. headquarters that there is "nothing doing" at present in a "better train service"—isn't that awful! I am taking meals at the Manhattan Hotel and the continuous "roar" coming from the drummers and the travelling public is enough to give a fellow the colic. They plan every way to get in and out of here with the best convenience, and they fail to decide upon an agreeable way. Most of them come around via Amarillo, then get out in automobiles, a foot, or any old way rather than wait for one train a day. Yet the R. S. & P. complain that traffic is not heavy enough to put on a double train. As the schedule now stands it requires from five to forty five days to get freight out of Fort Worth and Dallas to Snyder via Roscoe. Some of the heavy freight payers say, however, that freight can be obtained in three days over the Santa Fe via Temple. A number are figuring on routing their freight that way. Since the Katy railroad has arranged its finances, announcement of which was made a few days ago in the daily press, it is rumored that the M. K. & T. will build a line direct to Snyder from Dallas and Fort Worth, enroute to New Mexico. It will come through Weatherford, Parker county, Mineral Wells, Palo Pinto county, Breckenridge, Stephens county, Albany, Shackelford county, Anson, Jones county, Roby, Fisher county and on to Snyder, Scurry county. This will shorten the distance five hours, touching seven county seats. This will give, in connection with the extension of the Texas Central from Rotan to Snyder, a service, passenger, freight and express, unequalled in any part of Texas. This will also remedy the express over-charge rate which now exists. For instance the present rate from Dallas is \$1.60 per hundred. The Signal on May 8, paid \$3.55 for two hundred pounds, a premium of 35 cents, which I suppose is a "war fund." The coming of the Compress, the Grain Elevator and several canning factories will warrant the coming of new and better railroad facilities. West Texas never had a better prospect for prosperity and the world is finding it out. Let every citizen be wide awake to the best interests of the community. A double service on the R. S. & P. would greatly remedy the present conditions.

The Public Auditorium is a sure thing—now for the park, lake and club house.

A cotton compress and grain elevator are right on us. Come to Texas and ON TO SNYDER.

Rev. J. Frank Norris publicly predicted that Snyder would have ten thousand population within two years. So mote it be!

The new auditorium has been christened the "Hutcheson Auditorium."

Senate Joint Resolution No. 3

A proposed amendment to the Constitution of the State of Texas, amending Article 5, Section 2, of the Constitution of said State so as to provide that the Supreme Court of this state shall consist of a Chief Justice and four Associate Justices, describe their qualifications, tenure of office and compensation.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2, of Article 5, of the Constitution of the State of Texas be so amended so as to hereafter read as follows:

Section 2. The Supreme Court shall consist of a Chief Justice and four Associate Justices, any three of whom shall constitute a quorum, and the concurrence of three judges shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be at the time of his election a citizen of the United States, and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a Judge of a Court, or such lawyer and Judge together, at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall each receive an annual salary or five thousand dollars until otherwise provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for said officers; and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution and until their successors are elected and qualified.

Immediately after the adoption of this amendment the Governor of this State shall call an election for the purpose of electing two Associate Justices of the Supreme Court, one of whom shall when elected hold said office for four years and one of whom when elected shall hold said office for six years, and the question of which of them shall hold for four years and which of them hold for six years shall be determined by lot, as now provided by law.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not said constitution amendments will be adopted, and have the same published as required by the Constitution and the laws of this State. Two Very Poor Reasons

If some housewives inadvertently use baking powder which contains alum it is

Usually for two reasons—lack of knowledge as to what it is made of, or because it costs less than a standard brand like Dr. Price's Cream Baking Powder, which is made from cream of tartar.

There is no longer any reason for lack of knowledge, since the label on every baking powder can shows in plain English just what it contains. If the label on your can names alum as one of the ingredients, and you are in doubt about its unhealthfulness, your doctor can enlighten you.

As to the lower cost, there is very little difference in practical use, about one cent for a whole cake or pan of biscuits—a mere trifle when you consider the vast difference in healthfulness in favor of food made with

Senate Joint Resolution No. 18

A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Section 52 of Article 3 of the Constitution, authorizing the issuance of bonds for public improvements, and levying of a tax to pay the interest and sinking fund on same, and for maintenance.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 52, of Article 3, of the Constitution of the State of Texas be amended so as hereafter to read as follows to wit:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of or to, any individual, association or corporation whatsoever, or to become a stock holder in such corporation, association or company, provided however, that under legislative provision any county, any political subdivision of a county, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages or municipal corporations, upon a vote of two-thirds majority of the resident property tax-payers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one fourth of the assessed valuation of the real property of such district or territory; except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution; and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the Legislature may authorize and in such manner as it may authorize the same; the following purposes to wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation therefrom, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purpose of irrigation, drainage or

navigation or in aid thereof.

(c) The construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof.

Provided, however, that under legislative enactment any defined district now or hereafter to be described and defined within the State of Texas, which may be formed for the purpose of reclaiming and improving overflowed and swamp lands in this State, and maintaining the improvements thereof, may, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory, in addition to all other debts, issue bonds or otherwise lend its credit in any amount not to exceed fifty per cent of the assessed valuation of the real property in such district or territory.

DOUBLE SERVICE AUTOMOBILE TIRES

Guaranteed 7000 Miles Service. Absolutely Punctureproof.

Double Service Tires are double the thickness of the best standard make tires.

This 100 p. c. greater wearing surface naturally gives that much more mileage and service. The average of 12 plies of tough fabric and one inch surface tread rubber makes these tires absolutely punctureproof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on and tire troubles cannot be tolerated. Many Double Service style tires are in use in the United States government and European war service.

Our output is limited to a certain amount but for a short time we offer the following reduced special prices as an Introductory Offer.

Tires	Extra Heavy	Tubes
28x3	\$ 7.25	\$2.20
30x3	8.60	2.30

SNYDER PEOPLE VOTE PEACE

UNITED STATES NOT CALLED TO STRIFE.—LUSITANIA TRAGEDY NOT OUR AFFAIR

The sinking of the British ship Lusitania last Friday by a German submarine, thirteen miles off the English coast has appalled the civilized world. The destruction of the ship and the cargo which consisted largely of provisions and munitions of war for England is not so surprising but the destruction of probably 1200 lives, casts a gloom over two continents and is apt to be charged up against Germany as an act little short of a tremendous assassination. Men of prominence believe that even though Germany had a right, as a

war measure to stop the ship the first shot, crippling the vessel should not have been followed to sink the Lusitania till the passengers could be taken off. The only point in the affair to bring the United States into it is that more than one hundred Americans went down with the ship. Does this justify the United States in a declaration of war with Germany? President Wilson is studying the matter and he wants to find the trend of public sentiment in this country. Governors, Legislators and men of affairs have been expressing their views and the Signal believes that the opinion of the ordinary citizen is worth something and to that end we have compiled a list of expressions answering the question, What should the United States do in regard to the sinking of the British ship Lusitania and the consequent loss of more than one hundred American lives.

E. C. Dodson—"Leave it up to the

President. He will find the right thing to do."

Mr. Benbenek—Born and raised in Europe, says he is a socialist and is therefore opposed to war, but the Lusitania outrage is so revolting that he would like to see Germany get whipped.

Dr. Resser and H. B. Winston—"We should do toward Europe just as we have done toward Mexico."

J. J. Hunter—"Willing to leave all to Woodrow Wilson and W. J. Bryan."

Geo. W. Harris—"The Germans are at war with England and should be allowed to sink all the enemy's ships they can."

P. Brady—"Let Wilson attend to it."

Orville Dodson—"The same."

Jee Stinson—"I'm neutral."

The reporter called on the Commissioner's Court:

J. E. Thomas had nothing to say.

Geo. W. Broiwn—"Not in favor of going to war. Not our fight."

T. L. Winston—"Not in favor of war."

Judge Buchaann—"I've got on my fighting clothes."

Jake Autry—"Think we should put in some time teaching American people how to swim."

J. E. McConnell—"We can do nothing. Those people were practically on English territory. Germany's act is inexcusable. If ship carried contraband Germany had right to capture it, but should have stopped at first shot so the people could get off."

M. E. Rosser—"Demand pay for American lives."

H. M. Boyd—"Leave it to Wilson."

J. Z. Noble—"Leave it to Wilson and if it occurs again declare war and annex Germany to the United States."

O. F. Darby—"Americans should have kept off, but Germany ought to be punished."

Dr. Warren—"After Germany had notified people to not ship on con-

verted or transformed vessel they should have kept away, altho' Germany should have examined the ship before they sunk it."

Mrs. Coates—"Don't think we should plunge into war to avenge the death of people who had been warned. We have more reason to make demands on Germany for sinking the Gulfight."

Dr. Johnson—"Hands off. Those people had been warned."

Dr. Howell—"Nothing to gain by war with Germany."

Dr. I. E. Smith—"Leave it to Wilson. He will know the facts and will uphold our national dignity."

F. V. Clark—"The administration should represent the interests of the masses in this matter rather than the leisure class who were willing to risk their lives in the matter."

Dr. Leslie—"Control of ourselves is the secret of success."

J. S. Hart—"They ought to have to pay for it."

E. A. Watson—"Absolute neutral-

ity on part of U. S. should mean that all non-combatants enter war zone at their own peril. Stay in America and keep safe."

Ed. Ward—"It is their troubles not ours."

Jim Fondy—"Those Americans took chances."

Fritz Smith—"United States not responsible. Those Americans were warned."

Wm. Northcutt—"If people really were warned we should go slow."

J. W. Templeton—"Don't want any row with Germany; we have troubles enough of our own."

E. E. Matthews—"Not our fuss."

Ed. Curry—"Hands off."

Frank Taylor—"People took lives into own hands."

Mrs. F. L. Hutcheson will present her junior pupils in recital, assisted by the pupils of Mrs. E. B. Barnes

Monday evening, May 17, 1915, Methodist church, 8:30. Admission free.

This little bit of history is clipped from an exchange. No comment is necessary. It tells the whole story of the basis of business success.

Richard J. Reynolds is a millionaire tobacco manufacturer. He began active life as a day laborer in a tobacco factory. Advertising made him. He spent \$4,000 the first year that publicity appealed to him. The next year he increased it to \$20,000 and his business doubled. Now he spends a fortune every year in advertising his goods and makes two fortunes. Publicity is the thing. The wise man uses printer's ink.

PENSION MEASURE SIDETRACKED IN HOUSE.—BAKER FOR RESOLUTION

Austin, Texas, May 4, 1915.
Mr. J. S. Hardy,
Snyder, Texas.

My dear Mr. Hardy: Doubtless you have already noticed from the public press that the resolution which your Confederate Camp desired acted upon came up for consideration on the first day we were in session. The resolution having been introduced by Mr. Hopkins of Denton. The Resolution was defeated on a motion to indefinitely postpone. I am sending you under separate cover a copy of the House Journal which will show you the recorded vote on the resolution. You will note that I voted against the motion to indefinitely postpone, which was a vote in favor of the resolution. I did this in compliance with my agreement with your Camp to abide by their wishes which I understand were expressed in a resolution that was adopted and forwarded to the Governor. We found, after an investigation that a matter of this kind did not have to be submitted for our consideration by the Governor, therefore it was brought up at the earliest opportunity with the result above stated.

With kindest personal regards, I beg to remain

Sincerely your friend,

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you (12)

FIRST CHRISTIAN CHURCH NOTES

Mother's Day was observed and an appropriate sermon preached on Sunday morning. The text was taken from Solomon's great tribute to the mothers of Israel in the last chapter of Proverbs, "Her Children Rise Up and Call Her Blessed."

The secret of motherhood could be seen in the words and actions of Hannah: "For this child I prayed; and Jehovah hath given me my petition which I asked of him; therefore also I have granted him to Jehovah."

The night service was well attended. Revelations 20:1-6 was the text.

The lesson studied in the Bible School was great? The binding of two manly hearts and the staying to death when every influence was brought to bear to sever the relationship. The world's need today is the close friendship which existed between David and Jonathan. The attendance was good.

Everything is now being focused on the Union meeting that begins on the 23rd. The city has combined to build the tabernacle and it will be ready for the meeting. It will be a splendid building, conveniently located and will accommodate all who desire to attend the meeting. The Hamilton Company will be in Snyder some days before the meeting begins.

Next Sunday we desire a good attendance. "Spring Cleaning" will be the subject of the service. A timely subject, the discussion of which will interest and be of profit to all members.

At night the illustrated sermon on the life of Christ during his Judean ministry will be preached. To know Christ is to love Him. All who possibly can should attend and hear this address.

PASTOR

HERMLEIGH

One of the most unique socials of the season was an informal shower given by Mrs. A. J. Kemp for the Priscillas in honor of Mrs. C. Patterson. The bride being one of Hermleigh's most accomplished and popular young ladies made it very interesting.

Crocheting and tating was proceeded with as first on the program as the shower was to be a surprise to the honoree. All were later asked to lay away work and indulge in a game of fun. Ships of paper were passed to the guests and asked to perform all stunts as paper directed or pay a fine. Mrs. Patterson received paper directing her to different parts of the house while the other guests were directed to follow Mrs. Patterson. With much joy and fun the directions were carried out and after much chasing around Mrs. Patterson was directed to the pantry where a small express wagon, beautifully draped in crepe paper, held the miscellaneous shower.

After appreciation and thanks were extended by the bride, cake and cream were served.

The Woman's Missionary Auxiliary gave a pie social Saturday evening which yielded a nice little income.

Mr. and Mrs. J. A. Hood, accompanied by Miss Howard made a trip to Loreine Sunday in Mr. Hood's new Buick.

Mrs. U. Bralley and Miss Bernice Brock are swelled up this week—with mumps.

Sidna Altman of Loreine was a business visitor the first of the week.

L. M. Jordan was called away Monday to attend the bedside of his nephew who was accidentally shot.

Jesse Louder is seriously ill at present with a complicated case of appendicitis and mumps.

Mrs. Neil Woodfin is on the sick list this week.

Mr. B. G. Appletton made a pleasure trip to Sweetwater Saturday.

Miss Nellie Joe Autrey, who has been teaching school near here, returned to her home Friday.

Mrs. M. D. Gardner, Mr. and Mrs. Ed. McCombs attended the round up this week at the Gardner ranch.

The Street Carnival

It seems that some of the Carnival people here last week had a lot of unpleasant experience. It is said that one of the shows was placed under the ban, and the parties finding the eye of the police turned in that direction left before time.

One fellow was arrested and fined for using abusive language and another was charged with conducting a lottery device and was arrested, and is being held to answer before the county court.

It is generally believed that the Carnival people lacked several shekels of getting rich here, though the Ferris wheel and the merry-go-round and the shooting gallery got fair patronage.

Repaint that old automobile or vehicle and save the expense of buying a new one. See M. M. Adams, near R. S. & P. depot. 47tf

The Post City Post of last week tells about a society event given there to announce the engagement of Mr. Jeff Justice, Jr., and Miss Doyle Bridges. The wedding will take place on May 18.

County Exhibits at Fair.

Dallas, Texas—A movement is on among the county exhibitors that assures for the 1915 State Fair of Texas, October 16 to October 31, the largest display of farm, orchard and garden products in history. Dallas county will use four exhibit spaces, applications have been received from McCullough, Mitchell, Van-Zandt and Young counties and various county associations are now negotiating for space. All of the counties heard from so far report splendid crop prospects and especially is this the case in the small grain, the small grain exhibition promising to be a record breaker. It is the consensus of opinion among county exhibitors that the State Fair is the best advertising medium at their disposal and they are going to utilize it more this year than ever before.
