

Scurry County Times

AND SNYDER SIGNAL

VOLUME XXXIX

SNYDER, TEXAS, THURSDAY, AUGUST 6, 1925

Number 9

THE TIMES-SIGNAL SIGNALS

Another good way to make it rain is to have your car all washed and polished just before starting on a trip.

The best lesson in thrift any Snyder man can learn is how to hit a waste basket with an oil stock circular.

Isn't it curious how weeds will grow in hot weather while vegetables just lay in the ground and refuse to budge.

Wouldn't it be awful if the situation became so bad in China that the Christian nations would all have to go over there and steal all of their oil wells?

The only thing that keeps some men around Snyder from becoming real "soap box" orators is that they're afraid of soap.

The fact that we have vulgar magazines isn't the thing to worry about. We ought to be worrying to think that there are enough vulgar people in this country to support them.

The best way is to so live that you'll never have to ask the editor to keep something out of the paper. This is the truth.

The Snyder man who can find time to complain about how busy he is ought to be given more work to do.

A San Francisco man was sentenced to 1000 years in the penitentiary. We suppose if he turns out to be a model prisoner he'll get about 100 years off for good behavior. He ought to have been sentenced in Texas.

We have reached the point in life where it's a mean husband who refuses to shave his wife's neck.

About the only chance some Snyder husbands have of pleasing their wives is to die and leave plenty of life insurance.

What a wife usually wants when she doesn't know what she wants is more money.

Our idea of a pessimist is the Snyder man who is afraid that when he gets to heaven the glitter of golden wings is going to hurt his eyes.

We know of one thing to be thankful for when Thanksgiving day rolls around—and that is that this is not a presidential year.

Barking doesn't always get a dog a bone, but growling usually gets a Snyder husband a roast.

The cross-word puzzle fad has about died out since people began fighting over whether or not man sprang from a monkey.

This is the season when many Snyder people are finding out that a vacation is a good deal like a lottery—you put more into it than you get out of it.

It seems that one sure way for a woman to get into congress is to be the widow of a dead congressman.

You may have bet the locomotive a dozen times, but if you lose out on the thirteenth the public forgets about the other twelve.

More than one Snyder man thinks that if he didn't have to stay here and look after his family he could go to another town and clean up a fortune.

They say women learn to swim sooner than men, but maybe that's because the men have to teach themselves.

A building started in Peru 5,000 years ago has just been completed. It must have been a government job.

Maybe the reason some Snyder people place so little value on advice is because it isn't against the law to take it.

Ever notice that a cent never looks bigger than when it is added to the price of gasoline?

Canada claims everything lying between her northern boundary and the north pole. And as far as we are concerned she can go right ahead and take it.

The horn-blowing auto driver is getting to be about as big a nuisance around Snyder as the ones who used to tear through town with the cut-out wide open.

Considering that every man with a fool idea wants it taught in the public schools it's a wonder the schools are as good as they are.

There is this much to be said for a railroad engineer, his job may be a dangerous one but he doesn't have to stand around while a book agent talks to him.

One thing the average Snyder man can't understand is how women managed to live through the hot weather before they had talcum powder and oil stoves.

Some people who live together grow more like each other—but they don't always like each other more.

Men worry over a lot of foolish things but we never saw one get excited just because his nose was shiny.

No Snyder man ever was so nervous when he was proposing as he is when he has to do a little explaining.

BOY SCOUTS TO CAMP.

The 10 days beginning August 10 will be wonderful days in the lives of some 150 Boy Scouts of Nolan, Mitchell, Scurry and Fisher counties, as that is the date of the annual summer camp of the Buffalo Trail Boy Scout Council.

Scout Executive W. S. Barcus and camping chairman, J. D. Corbin, of Rotan, are spending this week at the camp site on Dr. Rudd's ranch, 7 miles west of Maryneal where they are supervising the setting up of the camp and preparation for the reception of the boys and leaders who are scheduled to arrive at camp Monday afternoon, August 10.

These men speak in glowing terms of the natural beauty for the camp site and the opportunities for scouting activities in that section. There is a large quantity of fine timber for shade and several good swimming holes, some of which are so clear that the gravel bottom can be seen through several feet of water. One of the special attractions is Penberton Lake, located on the Jones ranch which joins that of Dr. Rudd. Both Dr. Rudd and Mr. Jones are enthusiastic boy lovers and are glad to make their property available to the boys of this section for their annual camp.

The boys will be transported to camp by people of the various communities who are interested in boys' welfare and those transporting the boys will have an opportunity to inspect the camp site.

Sunday, August 16, will be visitors day. Parents and friends of the boys are urged to attend on that day. Church services will be held Sunday afternoon at 4 o'clock. Rev. Theodore Yoder of Snyder will preach at that hour.

In driving to camp, drive south on Maryneal road from Roscoe 12 miles to lane turning west, drive west 5 miles to gate. Follow signs from here to camp.

The camp leaders are to gather at the camp site Thursday afternoon, August 6 to perfect plans for the camp.

Mrs. J. W. Webb of Farmersville and Mrs. Jess Potter and children of Dallas, nieces of R. E. Gray, stopped here for a short time Tuesday morning en route to Post City where they go for a visit with their parents, Mr. and Mrs. D. K. Allison.

J. G. Morrow, son of Mr. and Mrs. W. M. Morrow, played host last Monday night at a weenie roast and theatre party given in honor of Misses Alma Ware of Fluvanna and Ellen Jameson of Memphis. The reports are that J. G. sure did "do the thing up in some style."

Miss Laura Belle Roten, county demonstrator, returned Sunday from Bryan where she has been attending the sixteenth annual farmer's short course which was held for one week at A. and M. College.

The home of Mrs. A. M. Curry became the scene of much merry-making on last Tuesday afternoon as the children of the Junior Missionary Society of the Methodist church gathered for their monthly social. The program, consisting of group songs and games, was so well organized that every minute was full of hilarious fun. Delicious ice cream and cake were passed to the following happy enthusiastic guests: Ruth Yoder, Willie Pearl Jente, Ruby Curry, Lela Edith Gonte, Mildred Harless, Beaulah Lee Crowder, Hazel Bannister, Virginia Yoder, Lida Dorsett, Ora Dorsett, Gladys Gee, Maurine Stimson, Mariwaid Harless, Lucile Brown, Allene Curry and Miss Vernelle Stimson.

Miss Geraldine Dane returned from Simmons College where she has been attending the summer session.

SNYDER MAY GET "WHITE WAY."

It will be good news to most of our citizens to know that the city dads have taken preliminary action in the matter of more and better lights for the business section of the city. The city, with this in view, has ordered 1,000 feet of insulated underground cable which will be laid on the streets recently paved. The posts can be set and the lights can be installed at any time the city and property owners see fit.

Not only are lights a great convenience to the traveling public, but they serve as a protection against burglary, saying nothing about what they add to the appearance of the streets, the buildings and the city as a whole. The Times-Signal, therefore, wishes to commend the city dads in their action in this matter, and it hopes to see the work of finishing the "white way" go right on without any interruption until completed.

BASE BALL DOPE.

Local lovers of the great national sport have had an opportunity to see some excellent games since our last issue as well as some so tame that they made good comedies. Among the latter named was the last game played between Snyder and the Slaton Tumbleweeds, an aggregation that swooped down on the Tigers Friday with a rush like a sandstorm. The game Friday resulted in a victory for the Tigers 12 to 8, with no features worth commenting on.

The game played between the same teams Saturday in some respects was too ridiculous to be funny. In the first place the "Tumbleweeds" couldn't hit a flock of balloons with a scoop shovel or catch the smallpox in a pesthouse. McCann had them at his mercy, catching them, roping them and branding them in one, two, three order, striking out fourteen batters. When the curtain fell in the ninth which stopped the game which was nothing less than "cruelty to animals," the score stood 11 to 2, the two scores being given them by the umpire as a consolation in a decision in a force run on third. The game should have been a shut-out.

Sunday's game was a complete walk-a-way for Sweetwater, the score being 9 to 1 in their favor. Smith for the visitors pitched good ball and received excellent support. On the other hand, the Tigers swung at everything that came along, which, with Hill's deliveries proving easy marks for the visitors, the game was won easily by Sweetwater.

The best game of the season was the game Tuesday between the Tigers and the Southland team. It was an eleven-inning frame, and a pitchers' battle between Pat Bullock for the Tigers and Bradley for the visitors. Southland's only run was made in the 6th inning on errors by Hull and Coffee. The Tigers scored one run in the 8th inning on three errors and a long fly, Bullock scoring on the throw-in. The Tigers scored again in the 11th, when Woosley singled and later scored on Werner's three-bagger to right field.

The game was a good exhibition of baseball. Bullock for the locals was in fine form, allowing only 6 hits and striking out 9 batters. Bradley for the visitors was credited with three hits and 11 strike-outs.

Another fiasco from a baseball point of view was the game Wednesday. Lamesa had been scheduled to be here for two tilts, but for some reason they could not come, but sent a team that the Lamesa club keeps on cold storage and which they use on such occasions. The team that was sent was branded "Patricia," and proved to be an off brand. The Tigers didn't play in their regular positions, Smedley being on the mound and Hull doing the receiving. The score was 15 to 4 in favor of the Tigers who could have made two dozen had they wanted to.

NEW RURAL SCHOOL BUILDINGS GOING UP.

County Superintendent A. A. Bullock reports that the following rural schools are building new modern buildings and putting everything up in tip top shape for the fall term of school. Woodward district is building a new modern building of two rooms. The Sulphur district are tearing down their old building and erecting a modern two-room house. The China Grove district is adding another room to their building, making it a modern three-room house. The Triangle school is a new district recently formed in the Southwestern part of the county and is located on the Triangle ranch. This district is building a modern two-room house.

There are at the present time 35 rural schools and three Independent districts—Snyder, Hermleigh and Dunn. Educational facilities in Scurry county have made rapid strides in the past few years and at present our schools rank with those of most any other county in the State.

Miss Alice Williams left Sunday for Lubbock to visit friends.

Mr. and Mrs. T. J. Gassaway went to Hamlin last week where they were joined by Mr. Gassaway's brother in a trip to Abilene, where they spent several days visiting the dairies of that city with the view of making improvements in their dairies at Snyder and Hamlin. Mr. Gassaway says that he is contemplating making extensive improvements in his dairy business during the next few months.

T. P. Childress and family of Dallas are here this week visiting Mr. and Mrs. W. G. Ralston. Mr. Childress is an old Snyder man and expressed a surprise at the wonderful growth our city has had even within the past two or three years.

GRANDMA MEADOWS BREAKS ARM.

Grandma Meadows while tearing down some sparrow nests a few days ago, fell from a tree and broke her arm. She is past 80 years of age but is going right ahead as if nothing unusual had happened.

WILL ENFORCE SEWER LAW.

At a recent meeting of the city dads it was voted to enforce the State sanitation law pertaining to city sewerage and sewers. After having given due notice the city will file suit against all property owners who fail to connect up properly with the city's sewer system. This is only the determination of the city officials to enforce a State law, and its enforcement will mean much to the health and cleanliness of our city.

GAY MCGLAUN SELLS FILLING STATION.

Gay McGlaun has sold the stock and fixtures of his Highway Garage to W. G. Williams of this city, who has leased the building and will continue the business at the same location. Mr. McGlaun will devote all of his time to his wholesale oil and gasoline business.

A LETTER.

Terrell, Texas, July 31.

Snyder Signal.

Find enclosed check for paper as I wish to keep in touch with your little city, as I lived there once and still own property there and is not for sale. You are a Roysie City man and I want to say that you are among the best set of people you ever lived among and some day I will wander back again to where the old home stands.

Respt.
A. W. LEINART.

ORVILLE DODSON GREATLY IMPROVED.

Orville Dodson returned Friday from Dallas where he has been having his eyes treated for several weeks. The Times-Signal is glad to know that Mr. Orville's eyes are greatly improved and that they are getting noticeably stronger every day.

A. C. Morton and his son, Nevt Morton of Maryneal, visited the senior Morton's brother in Eastland the past week.

The Times-Signal is glad to report that Mrs. Noah Jones, who is undergoing treatment in the Sanitarium at Sherman is improving rapidly and will return home in the near future.

W. R. Bills of Lamar county visited his brother, T. C. Bills, one of our progressive farmers, the past week.

When the sky was overcast with clouds a few days ago, A. E. Duff became his own weather prophet and hurried home to sew his turnip seed, declaring that it was sure going to rain. He reported that after the sun came out he noticed that his turnip patch was almost as white as if it was covered with frost. He investigated and found out that the hot sun had caused his turnip seed to pop open like popcorn. Butch McClinton says that he'll swear to it.

SWEETWATER HATCHERY DAMAGED BY FIRE.

The Sweetwater Hatchery, corner First and Ash streets, was badly damaged by flames that started in the attic and burned through the roof and ceiling, in an early morning fire Tuesday. The blaze was discovered at about 2 o'clock a. m. Tuesday, and two trucks from the fire station responded to the alarm.

A second alarm a few minutes later brought out a third truck and additional firemen, but the fire boys, however, had the flames under control almost as soon as they arrived at the fire. Quick and efficient work by the firemen doubtless prevented a big fire loss to the hatchery and adjoining buildings.

The blaze started in the attic over the incubator room and is believed to have originated from electric light wires, according to M. T. Mauzey and George Lackey, managers at the building. Mauzey is directly in charge of the hatchery. The same building, however, houses a large stock of farm implements, twine and wind mills handled by George Lackey. In the poultry pens in the rear of the building were scores of fryers and hens, but the poultry was not hurt by flames or water.

The two huge incubators were damaged considerably by water, as were also other contents of the building. The loss was estimated at \$1,500, fully covered with insurance. —Sweetwater Reporter.

BUILDING AND LOAN ASSOCIATION PLANS TO OPERATE HERE.

The Building & Loan Association of Abilene, of which Claude Gill is secretary-treasurer and general manager. Mr. Gill is well-known in Snyder, are contemplating opening offices in Snyder. Mr. Gill has been a regular visitor here for many years, as salesman for the Radford Grocery company. The association has assets of over a half million dollars and their board of directors are men who are known more or less to the people of this community. These people have offered to extend its home-loan services to Snyder citizens as soon as a minimum of \$500 a month has been subscribed by local people, which earns 8 per cent interest, compounded semi-annually.

This matter was presented at the luncheon of the Lion's Club last Tuesday by Chas. H. Cope, salesman of the association and it was the consensus of opinion that this plan is the quickest and most practical way of securing building and loan facilities for Snyder as it will mobilize local savings for home loans, bring in outside capital here for financing home building and will place the interest payments on these loans in the pockets of local savers. Local men have often talked of organizing a local building and loan association but this seems to be a much better plan and it appears that the Abilene company will soon begin operation here. Mr. Cope is engaged in explaining and placing these monthly saving shares among the local people and is meeting with excellent success and in all probability sufficient contracts will be placed in time to have loan funds available here by the first of September.

THE GREAT SIMULTANEOUS REVIVAL.

The Snyder churches—all of them—are making great plans for the simultaneous revival in all the churches which begin August 30, and will run two weeks.

A church census will be made next Thursday week.

The Presbyterian and Methodist churches will hold their services together at the Methodist church. This pastor will preach each night and Rev. H. J. Manley will preach every day at 10 a. m.

The "Bonnie Workers of Winona Lake, Ind., will have charge of the singing and other services. Gerald E. Bonney, musical director and soloist and Mrs. Bonney, worker with girls, women and personal work organization and are trained experts in their line of work.

Mr. Bonney is a musical director of unusual ability and a soloist hardly to be equalled. The duets Mr. and Mrs. Bonney sing are most effective. Mrs. Bonney brings messages of vital interest to the women and girls, but perhaps her greatest service is rendered in personal work. We have just heard them in a revival and are prepared to say they are the best help in a revival meeting that we have seen or heard of anywhere.

BOYS AND GIRLS WELL PLEASED.

John F. Carmichael and Miss Roten and their boys and girls arrived home from College Station delighted with their trip, what they saw and the instructions they received. Every boy and girl that took the course at A. & M. is more than pleased and are declaring it the trip of their lives.

BOY BREAKS ARM.

Bedford, the 13-year-old son of Mr. and Mrs. Butch McClinton, fell from a swing Wednesday while trying to "skin-a-cat," and broke one of the bones of his lower right arm.

Mr. and Mrs. Polk Baze and son, Lowell, were here the past week visiting his brother, Uncle Tommy Baze, and meeting old friends. Mr. Baze says that it has not rained in his part of the country, San Marcos, for 14 months, and that not a thing has been planted this year. He says he never saw such desolation as he saw between San Marcos and Snyder.

Mrs. Geo. Lane and daughter, Juanita, of San Antonio, came in Tuesday afternoon for a visit with her brother, J. A. Woodfin, and family.

S. O. Nations returned last Thursday from a trip to Marlin where he spent several days taking treatment at the famous hot wells. Mr. Nations declares that he feels like a new man altogether since taking the treatments.

WILL HELP FARMER BOYS.

From Dallas comes the announcement of the establishment of the Sears-Roebuck Agricultural Foundation Student Loan Fund of \$25,000. This fund will be used to enable worthy farm boys, who otherwise would be deprived of this privilege through lack of funds, to attend A. and M. College and study the principles of agriculture. From information received from the management of the ex-Student Association, the operation of this fund this coming fall should enable approximately four or five hundred boys to take up agricultural work, who otherwise would be forced to forego this opportunity.

EDITOR GETS FINE MELON.

Mr. Field Blackard remembered the Times-Signal editor last week in presenting him with a fine watermelon. Mr. Blackard is one of the most successful melon raisers in the county, but says that his crop of early melons will be a little short this year.

Mrs. W. A. Martin and children visited relatives in Haskell the past week.

THE WEATHER.

Wet

The Times-Signal's weather-cock predicts rain; in fact, it was raining when this office received his grape vine message. Look out for plenty rain and a big cotton crop.

When fish are that willing to be caught it should be a good fishing place for some of the children sportsmen, and doubtless a number of them will be going in that direction within a few days.—Childress Index.

The Times-Signal story teller is reminded of a fish story he heard of in Missouri several years ago, when big bustles were popular. A woman fell into a pond but was rescued by her husband who found a twenty-pound catfish entangled in his wife's bustle. Her husband wanted to "set" her again, whereupon the woman lost her temper, sued her husband for a divorce and won her suit.

BUY IT IN SNYDER

Are you as much interested in the growth of Chicago, Kansas City, St. Louis, New York, Dallas, Fort Worth as you are in the growth of Snyder. Money spent in a town makes it grow. Part of Dallas' great growth came from money sent there by Scurry County people. Why not keep the money here for Snyder's growth?

The firm of F. T. Wilhelm & Son was established in its present location on the East Side of the Square by Fred T. Wilhelm in 1916. Later this was turned into a partnership composed of Fred T. Wilhelm and his two sons, Henry and George. They have enjoyed a wonderful business and have watched their business grow from a very small beginning to one of the largest grocery business in Snyder. Mr. Wilhelm says that he is here to stay and that he is going to do everything possible to induce the good people of Snyder to TRADE AT HOME. He has always tried to show the people that when they consider quality and freight, postage or express charges on goods bought from out of town concerns that nine times out of ten the customer really pays more than he could buy the same article for from a home merchant. This store had done much toward the keeping of home money at home through their policy of handling nothing but the best Nationally Advertised merchandise and fair and square dealings. In the early part of

Interior View of the

F. T. Wilhelm & Son GROCERY

Photo by Moore's Studio

the present year this firm was compelled to open another store which is located on the west side of the square operated under the firm name of the City Grocery and is in charge of Henry Wilhelm. Mr. Wilhelm says that "I consider my employees, especially Charles Kelly, an asset to the business." "It has been largely through his courteous manner in waiting upon our customers and the care taken by him in the filling of their orders that our business has grown."

They invite your closest inspection of their merchandise and a rigid comparison of prices. After this comparison you will find that in the long run it will really pay you to trade at home. Their stock consists of the highest Quality Staple and Fancy Groceries, Fresh Vegetables, Fruits and Cotton White Flour. They have two telephones, Nos. 200 and 396 and there is no need of your making a trip to town to buy your groceries or waiting for them to be delivered to you from out-of-town. You can get them at once, at the "right price" and "fresh."

The OLD The NEW

One of the greatest assets for the securing of new patronage, in any business, is the boosting of the satisfied customers.

We are able to trace a great many of our new accounts to the recommendations and influence of our old customers.

We appreciate these boosts very much and we trust that we shall always be able to merit the satisfaction and confidence of our customers in such a way that they shall take pleasure in recommending our bank to their friends and acquaintances.

The First State Bank & Trust Co.

ERNEST TAYLOR, President.
Sam Hamlett, Cashier.

H. P. Wellborn, Vice-President
Cecil Morris, Assistant Cashier

FRIENDLY

Ever notice that all "self-made" men seem to run with the muffler wide open?

Gay McGlaun says that another inducement for the men to go straight these days is the accuracy that women show when they shoot at their husbands.

Who can remember the good old days when young married women, meeting on the street, talked about babies instead of boys?

"Father and mother didn't have to have a horse and buggy before they got married," comments H. P. Wellborn, "but its hard these days to get a girl to accept a fellow who hasn't a car."

The country roads are now about as thick with flivvers as they used to be with dust.

"I can easily remember," says Taylor Cotten "when about the only engine trouble we ever heard of was caused by open switches, spreading rails or washouts."

Trains are far safer now than they used to be even if there are no red flannel petticoats to flag them with. Here's good advice from H. G. Towle. He says, "The best book to consult while on a vacation tour is the pocketbook."

The most wonderful part about that Monkey trial in Tennessee is not the question being argued. It's how anyone ever got Bryan and Darrow to go into it without big fat fees.

According to Dick Webb "a man doesn't wear any more underneath than a girl does but what he wears on the outside is harder to see through."

More than one woman has sworn that she wouldn't marry the best man alive and then after marriage real-

ized that she didn't.

"Some men would make ideal husbands," declares Prof. Carmichael, "if there was some way to get their food and their wives to agree with them."

About the best thing a man can leave off in summer is growling about the weather.

"Girls are getting so they use so much powder," asserts Henry Harless, "that they will soon be filling empty vanity cases."

"It has always been my observation," comments Jodie Monroe, "that the harder a man works the harder it is to work him."

OUR FIRE LOSSES.

The National Board of Underwriters has just sent out a report of fires in the U. S. for the year 1924, and it shows a total loss of \$548,000,000, or at the rate of \$1,044 a minute. This breaks all previous records, and would indicate that the American people, instead of growing more careful and working harder to prevent fires are actually growing more careless.

Here is something every Snyder home-owner would do well to study over awhile. The money that went up in smoke in this country last year would have paid off more than half the interest on the national debt. It would have built hundreds of modern schools, hundreds of churches and private buildings and would have

tor of music in the Oakland, Calif., schools said that "if you'll teach a boy to blow a horn he won't be so apt to blow a safe." And he also deplored the fact that the smaller towns of the country are fast drifting away from the old idea that a brass band was a fine asset. We feel sure Snyder citizens will agree with him there. Nothing gives our smaller towns more good advertising in territory surrounding them than a well-organized, well-conducted brass band, and nothing aids more in employing the leisure time of our young men than being members of such an organization. We're sorry to see the radio and the phonograph replacing this fine old institution, for while they afford much pleasure they can never bring the thrill that comes from music rendered by "home town boys" and they can never give the town the fine reputation for progressiveness that the home-town band can give.

VERY GOOD WORK.

When Uncle Sam caught and fined 50 furniture manufacturers from \$1,000 to \$5,000 each a few weeks ago he did an unusually good job. The only sad feature about it is that they will pay up and then pass it on to the furniture-buying public—and the consumer will have to pay it after all. But it proves what everyone has felt for a long time, and that is that furniture makers have been among the greatest profiteers since wartime. It also served notice on other manufacturers that the government is not asleep on the job, and that the day of highway robbery is passing. Such activity is to be commended, but it can be made still more certain and effective if the courts will show a little better co-operation by hanging on a few penitentiary sentences along with the fines. The average profiteer doesn't care much for a fine for he can soon make it back. But if

he knows he has a good chance of going to prison for awhile he is pretty apt to change his tactics and go back to honest methods of earning money.

WHAT ADVERTISING DID.

We usually feel that getting industries for Quanaah would require a great deal of expense, the work of a full time secretary, and an intensive campaign carried on throughout the country.

But the success of one city in locating new manufacturing plants by means of direct mail advertising indicates that we might be able to accomplish something without going to great expense.

The City in question is Toronto, Canada. Of course Toronto is a large city, but the thing that influenced many manufacturers to go there might be used to advantage by Quanaah.

Exactly 110 new industrial plants were secured in that city during a period of about three years by the judicious use of letters. If a small campaign succeeded in locating but

NOT SO BAD.

We've heard quite a few Snyder people declare that teaching has no future. A few days ago when Glenn Frank, still in his thirties, was engaged as president of Wisconsin University at a salary of \$18,000 a year we suppose these same people used this to bolster up their argument. But before doing so they should get all of the facts, and facts will show that Glenn Frank was not a teacher but a magazine editor when he got the job. He did teach at one time, before entering the literary field, and would probably never have ascended to his present place unless he had done so. So there is room for argument both ways in this case—

whether he could have secured the \$18,000 a year job without having at one time been a teacher, or whether he only secured it because he was no longer a teacher. In the meantime teachers will go right ahead drawing salaries that are too small, and some magazine editors will continue to be getting far more than they are worth.

Meva, Doris and Maxine Doak have gone to visit their Grandma Doak in Fort Worth. They expect to return the first of September.

Mr. and Mrs. Cecil Doak and baby, Mary June, left with Mr. and Mrs. Zack Taylor to visit friends and relatives in California.

Mr. and Mrs. Smith and family of Greenville, Texas, and Miss Ava George visited their uncle and aunt, Mr. and Mrs. W. R. Minor of this city.

"The store that sets the pace."

Soon Felt Improvement

"The first time I took Cardui I was in an awful bad way," says Mrs. Ora Carlie, R. F. D. 5, Troup, Texas. "I went fishing one day. A heavy storm came up and I got soaking wet in the rain. I was afflicted with awful smothering spells. I could not get my breath. My mother had some

CARDUI For Female Troubles

in the house that she was taking, so she immediately began giving it to me. In a few days I got all right.

"Last fall I got run-down in health. I was weak and puny and I began to suffer. I would get so I could hardly walk. Having taken Cardui before, I sent to the store for a bottle of it. Almost from the first dose I could feel an improvement.

"Cardui has helped me a lot and I am glad to recommend it. I don't feel like the same woman I was last fall. My appetite is good now, and I'm sure it's Cardui that's made it pick up."

All Druggists'

built thousands of good, substantial homes.

The report declares that a vast part of this great loss could have been prevented, and that even where there are few fires actual money can be saved by those who are cautious, because fire insurance rates are lowest where fires are fewest and where the general public shows a desire to prevent them. The loss last year was sufficient to have given every citizen of the United States the sum of five dollars. In many instances the property destroyed can never be replaced, and that is the saddest feature of it.

It is bad enough for a nation to lose \$548,000,000 through any source. But it is little short of criminal for it to lose almost that much through carelessness.

IT HELPS THE BOYS.

We read recently where the direc-

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists. F. J. Cheney & Co., Toledo, O.

"Texas Shaken by Quake," declares a headline in a north daily. Not Texas, but just the Panhandle, Mister. A quake big enough to shake all Texas at one time for one second would give states like Rhode Island and New Jersey ague for a thousand years.

A Chicago judge recently placed the value of \$400.00 on husbands. That's getting husbands down to something like what they are worth, dead. The judge did not set a value on live husbands which would be governed largely by the amount of insurance they carry.

Now that Texas Doctors have decided to advertise the same as anybody else, the Times-Signal is wondering when Snyder doctors will launch their campaign. The Times-Signal has always advocated that a doctor, specialist in particular, ought to tell suffering humanity where relief could be had. Whether Snyder doctors advertise or not, here's our hat off to the Dallas County Medical Association which has launched a \$25,000.00 advertising campaign.

It is said that in California some people carry earthquake insurance. And that's all right in a country where earthquakes are almost as common as cyclones are in Texas. And now that an Iowa man was almost hit by a stone dropped from a meteor, it will be just like some progressive insurance company to issue a policy insuring folks against "falling stars."

We see where a New Jersey cow wrecked an airplane. It must have been the same cow that "jumped over the moon."

An exchange wants to know why cartoon strips dealing with a man and his wife nearly always contain an odd number of scenes. That's easy. The wife naturally starts the argument, and of course she'd have to have the last word.

LADIES' AID.

The Ladies' Aid of the First Christian church met Monday, August 3, with a good attendance. Scripture lesson read by Mrs. McClinton. Sentence prayers were offered after the business meeting. We had a most interesting lesson.

CHEVROLET MOTOR COMPANY ANNOUNCES NEW PRICES.

DETROIT, Mich., Aug. 6.—Announcement of a price reduction effective August 1 on Chevrolet closed models was made today by R. H. Grant, general sales manager of the Chevrolet Motor Company.

The revised price list is as follows: Coupe reduced \$40 to a new price of \$675; coach reduced \$40 to a new price of \$695; Sedan reduced \$50 to a new price of \$775. These prices are f. o. b. factory.

"The record production and phenomenal sale of Chevrolets during recent months enables the company to reduce prices at an earlier date than at first had been contemplated," said Mr. Grant. "It is the result of quantity production permitting quality

manufacture at lower cost."

Mr. Grant pointed to the fact that the Chevrolet Motor Company will have exceeded by August 20 its total production for the year of 1924 after having established production records for three successive months. The company will make its two millionth car early this fall, and will be the first manufacturer of three-speed gear-shift cars to reach that production mark.

"The largest producers gain an advantage by effecting substantial savings through enormous purchasing power," continued Mr. Grant. "The Chevrolet Motor Company is passing this advantage on to the car buyer."

Incidentally, the benefit of the price reduction will extend also to more than 8,000 persons holding Chevrolet six per cent purchase certificate delivery on closed models. The payments and interest on the certificates now will attain the total of a down payment for delivery earlier than would have been the case under the former price schedule.

EL FELIZ CLUB ENTERTAINED.

One of the pretty and enjoyable social affairs of the week was that of Friday afternoon when Mrs. Flint Ward was hostess to the El Feliz Club. Mrs. L. T. Stinson assisted in receiving.

Decorations of roses filled with flowers were colorful and fragrant.

A business session was held with Mrs. H. G. Towle presiding. After an hour devoted to delightful progressive games of "42," pretty luncheon cloths were laid and a two-course luncheon was served, consisting of candle salad, ice tea, honey-

moon sherbet and cake. The guest list included Mesdames Pearl Shannon and Johnson of Colorado, Fred Graham of Waco, Will Doak and Miss Hattie Ladwig.

Giles Garner returned the past week from a trip of 1,500 miles over the Plains and Eastern New Mexico. Mr. Garner says that although a large area of the country he traveled over has had recent rains, Scurry county, after all, looks about as well as any locality he saw on his trip.

FLUVANNA NEWS.

The one big thing at Fluvanna this week is the revival meeting, in which three churches and five preachers are co-operating...

The Revival.

We expect a great meeting and a wonderful transformation of our community life. We expect the meeting to continue until August 16.

Visiting.

Not much time or space will be given, this week and next, to visiting and personals. Many people from beyond our community bounds are (and will be) coming to Fluvanna for the meeting.

Cisera and Fred Landrum and two other gentlemen of Williamson county paid relatives a short visit here last week. These Landrum men once lived here.

Jess Seawalt and two daughters (from parts unknown to the writer) were here visiting relatives Saturday and Sunday.

Oscar Gleghorn was visiting relatives here a few days ago.

W. R. Craft, wife and daughter, merchants of Southland, were visiting here Sunday.

John Collier and two daughters, old time citizens of this community but now of the China Grove community, were here visitini and attending the meeting Sunday and Monday.

Dave Jones and wife went to Wichita Falls last Saturday on business. Avner L. Mayhew and family of Fort Worth came out a few days ago for a visit with Mrs. Mayhew's parents, Dr. and Mrs. Jones and other relatives.

Miss Grace Squyres, who for several years has held a good position with the Harvey House of Slayton, having recently returned from a vacation trip in California, is now spending a few days with her parents here, Mr. and Mrs. John W. Squyres.

Our three young people, Earl Browning, Roland and Alphagene Squyres and John Henry Trussell, who recently attended the A. and M. short course, have returned home and report a great trip but declare that they would rather live at Fluvanna. No doubt they are right about this.

Pat Weems is suffering with an abscess on the leg, resulting from the bruise sustained in the car wreck mentioned last week.

Strange Things.

That fish story which appeared on the first page of the Times-Signal last week is impressing some people as a remarkable fabrication. If those gentlemen are not noted for anything else, they will certainly be noted hereafter for verbosity.

That when a man promises that he will pay a bill at the end of the month, he should do so and thus make his word good. Really, this is both good business and good morals.

ness veracity. He just won't believe that you can weigh a fish on his own scales. He regards this as bunk and bogus. He would sooner accept the hypothesis of the evolution of the species than this fabrication.

Several are mentioning, approvingly, our remarks last week about longer trousers and skirts. It has been suggested that sleeves (rather the lack of sleeves) be treated in similar fashion; but we will save this until after the meeting. We are busy now.

This scribe did not say last week that John Truss and H. Benson of Gail were shipping cattle, etc. Perhaps the editor did not say it. It was just the linotype machine which, like the editor's typewriter, sometimes "fumbles."

Mrs. Kirksey of San Antonio, who has been spending the summer with her daughter, Mrs. Jack Harris, returned to her home Sunday.

Mr. and Mrs. Johnson of Colorado, who have been visiting in the home of their sister, Mrs. H. G. Towle, returned home Saturday.

Miss Lucile Strayhorn returned from Boulder, Colorado, where she attended a summer session.

SENIOR EPWORTH LEAGUE PROGRAM.

Song Service. Sentence Prayers. Subject—Beatitudes of Those Who Have Not Seen.

Scripture—John 20:24-29; 1 Peter 1:39.

Talks—Mr. Cary, Eva Strayhorn. Duet—Hale, Bachett. Beatrice Dorsett. Business. Benediction.

SNYDER COUPLE GET PERMIT TO WED AFTER MIDNIGHT.

County Clerk J. Lee Jones, chief of the Mitchell county marriage license bureau, is so democratic that he has acquired quite a reputation for quick service at all hours, hence he has customers from neighboring counties call on him at any and all hours of the night, to secure a permit to embark on the sea of matrimony.

Mr. and Mrs. Burford Claxton of Loraine visited Mrs. Claxton's sister, Mrs. Coy Watkins. Mrs. Jim Keller is taking her visit with her people at Fort Worth this week.—Curley Locks.

SCOUTS WILL ENCAMPT NEAR MARYNEAL.

A large delegation of Boy Scouts will leave Snyder Monday for their annual encampment of ten days which will be held this year at a beautiful place near Maryneal. Snyder belongs to the Buffalo Trail Council, which is composed of Fisher, Nolan, Mitchell and Scurry counties, under the supervision of W. S. Barcus, Scout Executive.

water thoroughly analyzed by a competent chemist. The Scouts from this place will be under the supervision of J. M. Kketner, W. P. King, W. H. Prtchett and Elvin Thompson. The Scouts from here are as follows: Troop No. 1, Jennings and E. P. Ketter, Graves Landrum, T. J. Clark, Tex Berry, Bernard Blair, Robert Gray, Fred Yoder, Harvey Lee and Maxie Chenault, Luther Don McComes, J. T. Trice, William and Stewart Hardy, Oscar Brice, Wesley Norred, Curtis Larue, Jester Pritchett and Lee Price, Troop No. 2, Raymond Watkins, Robert Lee Smith, J. W. Green, Jewel and O'Dell Moore, Jack Kent, Howard Robinson, "Buster" Brown, Jack Isaacs, Ross Taylor and E. J. Bradbury.

The officers who have the boys in charge insist that one and all, parents of the Scouts in particular, visit them during the encampment. The first supper will be served in the camp Monday evening, August 10. How to get there: Drive to Roscoe, then south on Maryneal road for 12 miles to a lane turning west.

MEETING AT CAMP SPRINGS.

Bro. J. D. Boren of Snyder has just closed a meeting at Camp Springs. The meeting began on Saturday night. Mr. Boren visited with many of the people at Camp Springs during the meeting, and reports a most enjoyable time. He says he shall never forget the good people of Camp Springs. Many people of Camp Springs expressed their appreciation of Mr. Boren's presence with them and that the discourses delivered throughout the week were highly enjoyed.

DERMOTT NEWS.

Well Dermott is still coming to the front. William Townsend is visiting his friend, Bill Cooper, this week. The crops are sure burned for the need of rain.

Miss Bernice Carter is visiting Miss Johnnie Mae McDonnell at Fluvanna this week. Mr. and Mrs. Alford Browning have returned home from visiting their uncle, Mr. Thell Browning.

Dermott was surprisid Monday night with a show which was enjoyed by quite a few Dermott people. Mr. and Mrs. Oscar Spear of Snyder were seen motoring through Dermott Sunday evening.

Mrs. McDonnell of Fluvanna visited Charley Johnson Sunday evening. Mr. and Mrs. Burford Claxton of Loraine visited Mrs. Claxton's sister, Mrs. Coy Watkins.

Mrs. Jim Keller is taking her visit with her people at Fort Worth this week.—Curley Locks.

At the suggestion of Melvin Newton, president of the Senior B. Y. P. U., that organization and the Senior Epworth League combined forces Tuesday night and drove down south of Dunn for a big picnic. A large representation from both chapters enjoyed a splendid picnic lunch, ice ten and soda pop, with watermelons as desert. After the meal had settled the crowd amused themselves by playing games, telling stories and other mild forms of amusements. Mrs. Dick Randals spent Tuesday in Sweetwater.

TOM'S COMEDIANS PUTTING ON GOOD SHOW.

The Portales Valley News does not make a habit of endorsing transient theatrical shows, as the town has been stung many times in the past, but Tom's Comedians, which are now showing in the tent on Main Street, is by far the best and cleanest show that has been in Portales in the five years that we have been here.

REVIVAL AT UNION CHURCH.

Revival meeting will begin at Union Methodist church, August 14th, on Friday night before third Sunday in August. Rev. A. B. Davidson will conduct the meeting and do the preaching.

All are invited to attend the services.

SUNDAY SCHOOL CLASS ENTERTAINED.

A most enjoyable party was given Thursday afternoon at 5 o'clock at the home of Mrs. W. W. Hamilton when Mmes. Hamilton and W. D. Sims were hostesses to the Young Woman's Sunday School Class, M. E. Church. A delightful hour was spent in a pleasant diversion of games and contests.

At the conclusion of a short business session a delectable plate lunch was served. The guests present were: Mesdames. H. M. Blackard, M. W. Clark, Tom Boren, E. J. Richardson, J. E. Chinn, P. C. Chenault, Maxey and Miss Hattie Ladwig.

Misses Alma Ware of Fluvanna, and Ellen Jameson of Memphis are spending the week with Miss Martha Gray and other friends.

Miss Pauline gave a house party at her home last Tuesday night in honor of Misses Alma and Ellen Jameson. The following girls were in the party: Misses Polly Harpole, Polly Porter, Lois Hughes, Zilpha Webb, Alma Ware, Ellen Jameson, Mabel Isaacs, Connie and Rowena Grantham. They report a wonderful time had by all.

Miss Miriam Stuart returned Tuesday from Boulder, Colo., where she attended summer session.

DISAPPOINTMENTS.

Disappointments in life still prevail.

At the begining of my Close Out of Business Sale on the 16th day of April I fully believed that I would have both of my stores sold out by this time, but to date no offer worth considering has been received. At the beginning I wrote each of my jobbers requesting them to be on the look out for a buyer. To date all efforts have been a failure. Now I will continue my efforts to close out until the first day of September. If I don't succeed in finding a buyer by that time I will change my plans for the fall business.

The first thought and plan is that I must have more room for my Furniture and Hardware. I want a brick or concrete building where my sheete iron building now stands. Size, 40 feet wide and 150 feet long, facing the highway, and also facing the street next the railroad. I also plan to incorporate the business for \$100,000.00, and offer stock for sale in \$500.00 or \$1,000.00. or more if desired, and plan for the business to be handled in the same manner as banks, etc., with a president and a board of directors. I plan for this

to be a Department Store with a manager at the head of each department. As an inducement for stockholders, all monthly accounts of stockholders that are paid promptly before the fifth of the month will be rebated ten per cent. If not paid by the 5th of the month, the account will stand as those of other customers. This benefit to stockholders is in addition to their annual gains which will be reported the first of each year.

The shares will be priced at \$100 each and I will be glad to talk to anyone who is interested along this line before Sept. 1st. You know me personally and my reputation as a business man, and my surroundings should be evidence sufficient that I have made a success in life. My purpose in this: My present capital is not sufficient to carry in stock the

many different lines of merchandise demanded of me by my good friends and customers. I will assure you that if this plan is carried out that I, personally, will remain in business and will retain all of the stock not sold. It will be satisfactory with me to sell either fifty or seventy-five per cent of the stock.

My trade is unequalled in West Texas in any town of the same population and when properly organized by the help of my stockholders, friends and good customers I believe there will be an increase of twenty-five to fifty per cent in our business. I am sincere in saying that this is an opportunity that has never before been offered to our farmer friends as an investment. I will want you as a partner as well as a customer.

W. L. EDMONSON & CO. Loraine Roscoe.

Many New Ideas in Better Buicks

Standard Six, five passenger two-door sedan

Greater Power, More Protection to Working Parts Included; Prices Lower

Buick again demonstrated the marvelous resources and abilities of the automotive industry when it introduced the present Better Buick. Embraced in this latest Buick offering are additional power and strength, the newest engineering achievements designed to give even longer motor car life, the maximum in comfort and safety, besides new beauty and refinements of design and finish representing the latest skill in body craftsmanship. And in face of these material and costly improvements lower prices are announced throughout the entire line of Standard and Master Sixes.

The announcement and the showing of the better Buicks silenced the rumors that Buick would abandon the valve-in-head for another type engine which would permit of cheaper construction. The same principles that were inaugurated by Buick 21 years ago and which have made it

the leader in the industry have been adhered to throughout.

The mechanical improvements introduced would have been considered impossibilities only a year ago. They represent the work of Buick research and engineering staffs constantly striving for betterments.

The new prices likewise represent achievements of the engineering, production and business departments of the Buick organization, and are in no small measure due to the phenomenal approval of Buicks by the public. This latter factor has resulted in continuously increasing sales with the attendant possibilities of economies in purchasing and production.

The complete line includes 16 models, six in the Standard Six and ten in the Master Six class. In all cases the distinctive Buick lines—have been continued, with refinements such as the rounding of radiator lines and the addition of streamline moldings. All are finished in new and beautiful tones of durable Duco. Some of the models have Duco-tone Duco finish in distinctive combinations.

All closed bodies are by Fisher and are upholstered in quality plush.

Buick has always been noted for its sealed chassis, which prevents dirt or water entering any of the moving parts. Now it has added an air cleaner, oil filter and gasoline strainer. These, combined with the standard Buick construction, practically eliminate the possibility of any foreign substance entering the engine or moving parts of the chassis and, consequently, minimize service requirements and add to the life of the car.

Because these three new units have no moving parts, there is nothing to get out of adjustment. They require no power—in fact are thoroughly automatic, and require only occasional cleaning to remove the dirt and grime gathered from the air, fuel and oil.

The above illustration shows the Standard Six five-passenger, two-door sedan. The price of this model, \$1,195, is representative of the increased values included in the entire line of Better Buicks.

LETTER FROM NEW MEXICO.

Mountainair, N. M., July 31. Editor Snyder Times-Signal.

Sir—If it will be of interest to your paper will write you of our trip, crop and rain conditions between here and home.

Leaving home Wednesday morning we stayed in Snyder until 10:30 a. m. Leaving there and traveling at a moderate speed we came on to Plains, Texas, not encountering mud from previous rains, or rain, either. But just this side of Plains clear on to Tatum just over in Mexico we encountered mud and washouts—places impassable. We had to go through pastures around so many mud holes. We never saw so many cars stuck up in the mud; helped some out and came on and camped in a garage at Tatum, where about 2 o'clock Wednesday night a tremendous rain fell which somewhat abated, lasted until up in the morning Thursday. Leaving there we came on to Roswell, reaching Roswell at 11 a. m., when it commenced to rain heavy and it rained on us over sixty-five miles. We had intended to come on our old route up the Thornton Valley but they told us at Roswell that the roads were impassable, washouts, consequently we were advised to come by Vaughan, N. M., saying it was 100 miles nearer to our destination.

We reached Vaughan about 5:30 p. m. and came on to Willard, N. M., about 25 miles northeast of my son's place there, seven miles west of Mountainair. They have had splendid rains clear on up to the mountains north of here but very light here, not over 1-4 inch with prospects of rain diminishing. We find few remaining inhabitants and those much discouraged. There are practically no crops to speak of anywhere along the road with exception perhaps just a very small acreage here and there and that mostly in irrigated belt around Roswell.

MR. AND MRS. J. J. MOORE.

Mrs. W. W. Lechner spent the weekend at Lubbock visiting friends. Miss Gene Griggs was called to Grand to attend the bedside of her uncle.

NOTICE OF ROAD BOND ELECTION.

STATE OF TEXAS,

County of Scurry, The Resident Property Taxpaying Voters of Scurry County, Texas: Notice is hereby given that an election will be held on the 15th day of August, A. D. 1925, within Scurry County, Texas, to determine if said Scurry County should issue bonds and if a tax shall be levied in payment thereof, in obedience to an election order entered by the Commissioners' Court on the day of July, A. D. 1925, which follows:

That on this, the 15th day of July, A. D. 1925, the Commissioners' Court of Scurry County, Texas, convened in regular session, at the regular meeting place thereof in the court room at Snyder, Texas, all members of the Court, to-wit:

- HORACE HOLLEY, County Judge.
- W. V. JONES, Commissioner of Precinct No. 1.
- J. M. HUNNICUTT, Commissioner of Precinct No. 2.
- W. HANEY, Commissioner of Precinct No. 3.
- W. A. JOHNSTON, Commissioner of Precinct No. 4.

being present, and, among other proceedings had by said Court, was the following:

There came on to be considered the petition of J. T. Jones and 155 other persons, praying that bonds be issued by said Scurry County, Texas, in the sum of Six Hundred and Fifty Thousand (\$650,000.00) Dollars, bearing interest at the rate of five and one-half per centum per annum, and maturing at such times as may be fixed by the Commissioners' Court of said County, serially or otherwise, not to exceed thirty years from the date of said bonds, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the Court that said petition is signed by more than fifty of the resident property taxpaying voters of said Scurry County, Texas; and

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Scurry County, Texas; It is, therefore, considered and ordered by the court that an election be held in said Scurry County, Texas, on the 15th day of August, A. D. 1925, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Scurry County shall be issued in the amount of Six Hundred and Fifty Thousand (\$650,000.00) Dollars, bearing interest at the rate of five and one-half per centum per annum, and maturing at such times as may be fixed by the Commissioners' Court of said county, serially or otherwise, not to exceed thirty years from the date of said bonds, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof; and whether or not a tax shall be levied upon the property of said Scurry County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Articles 627 to 641, inclusive, of Chapter 2, Title 18, Revised Civil Statutes of Texas, 1911, as amended by Section 1, Chapter 203, Acts of 1917, Regular Session.

All persons who are legally qualified voters of this State and of this County, and who are resident property taxpayers in this County, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the said bonds shall have written or printed on their ballots the words:

"FOR THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

And those opposed to the proposition to issue the said bonds shall have written or printed on their ballots, the words:

"AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

The said election shall be held at the regular voting places in said Scurry County, and the presiding officers of said election shall be, respectively, as follows:

At the County Court Room in the courthouse, in the City of Snyder, in voting Precinct Snyder No. 1, with P. M. Bolin as presiding officer.

At the Cottonwood Flat Schoolhouse, in voting Precinct Cottonwood Flat No. 2, with Campbell Helm as presiding officer.

At the Ennis Schoolhouse, in voting Precinct Ennis No. 3, with Cornelius Davis as presiding officer.

At the Dermott Schoolhouse, in the Town of Dermott, in voting Precinct Dermott No. 4, with C. E. Alexander as presiding officer.

At the W. O. W. (Woodman) Hall, in the Town of Fluvanna, in voting Precinct Fluvanna No. 5, with Ed. Lemon as presiding officer.

At the Turner Schoolhouse, in voting Precinct Turner No. 6, with J. R. Higgins as presiding officer.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions, price 35 cts.; trial package, 10 cts. At any drug store. (Adv.)

At the District Court Room, in the Courthouse, in the City of Snyder, in voting Precinct Snyder No. 21, with M. Stacy as presiding officer.

At the City Hall, in the City of Snyder, in voting Precinct Snyder No. 22, with Hugh Boren as presiding officer.

At the Crowder Schoolhouse, in voting Precinct Crowder No. 23, with Jim Mebane as presiding officer.

The manner of holding said election shall be governed by the General

Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in the Scurry County Times and Snyder Signal, a newspaper published in said Scurry County for four successive weeks before the date of said election, and, in addition thereto there shall be posted other copies of this order at three public places in said Scurry County, one of which shall be at the Courthouse door, for three weeks prior to the date fixed for said election.

The County Judge is hereby directed to cause said notices to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court.

Given under my hand, with the Seal of the Commissioners' Court affixed, this the 15th day of July, A. D. 1925.

(Seal of Commissioners' Court)
HORACE HOLLEY,
County Judge, Scurry County, Texas.

Neighboring County Notes

Rev. L. G. Moroney has resigned as pastor of the Baptist church at Sweetwater, after serving that congregation for three years. His successor has not been called.

W. N. Parkhill, a bricklayer of Sweetwater, sustained a broken leg a few days ago while working on the bank building at Roscoe.

Gene Campbell, former prosecuting attorney of Fisher county, killed a man at Cromwell, Oklahoma, July 12. The cause of the killing has not been learned. Campbell was popular in Fisher county.

Harris & Sons, dry goods merchants of Rotan, have sold their stock to L. P. Browning, former manager of the Bryant-Link Company of that place.

William Burton Burrow, aged 34 years, died at his home in Rotan the past week of fever.

William M. Lackey of O'Donnell is 102 years young. He has just returned to O'Donnell after an absence of nearly a year. He is hale and spry, and does not look to be over 65. He was born in Springfield, Mo., 102 years ago. His oldest son is 87 and his youngest child is 16. He has been married four times and is the father of twenty-three children.

What is known as the Country Club Dance Hall, located just outside the city limits of Roscoe, was dynamited Monday night. It seems that the resort was built regardless of protests of the better class of citizens of Roscoe and community.

M. G. Wyatt of Colorado city has purchased the Cox barber shop at Roscoe.

Wylie Parkhill of Sweetwater, W. A. Cox, J. A. Terbit and Gus Black all of Roscoe, were more or less injured Tuesday when a scaffold on which they were at work fell. None was seriously injured.

M. S. Goldman and wife and daughter of Colorado were painfully injured last Friday near Bomarton when they drove their car into an excavation ten feet deep. The excavation was directly across a public road and was without any sign of warning.

Mrs. C. M. Sparks, a Colorado pioneer, died in that city Saturday of paralysis at the age of 56 years.

WHAT'S DOING IN WEST TEXAS

By West Texas Chamber of CROWELL. — Announcement is made here that following the address of R. Q. Lee, president of the West Texas Chamber of Commerce at Quanah, at which a number of Crowellites were present, that an annual poultry show shall be held in Crowell. The date is the first week in December.

MUNDAY — Work paving the streets of Munday has started. The contract was awarded to the Plains Paving Co., Amarillo and Wichita Falls.

AMARILLO—Large rains through the Panhandle indicate that the largest sorghum grain crops raised in years will be harvested in the Panhandle this fall.

LUBBOCK.—A new West Texas Interscholastic League is planned under the management of the officers of Texas Tech in case the "one year

residence" rule of the Texas Interscholastic League is provided for.

MINERAL WELLS.—Dallas parties have conferred here with the Mineral Wells Chamber of Commerce incident to the construction of a \$1,000,000 hotel in Mineral Wells.

CISCO—A paved highway is to be built from Cisco to Lake Cisco, where the average daily attendance of bathing visitors is now pass the 500 mark.

COLEMAN—Plans are under way here for the employment of a full time commercial secretary.

MARGARET—Contract has been let for \$16,000 school building here and for \$8,000 school building at Rayland.

CANADIAN—The Canadian Fall fair will be held here the week following September 19th.

SONORA—Ray Leeman, Southwest manager will represent the West Texas Chamber of Commerce at the Ranchmen's Round-Up at the ranch experiment station near Sonora, August 11-12. The San Antonio Light will be delivered at the ranch by airplane for San Antonio.

ALAMOGORDA, N. M.—The West Texas Chamber of Commerce will hold the Trans-Pecos district convention here on Wednesday, August 19. Many towns and cities of the Trans-Pecos region in Texas and New Mexico will have delegations here at that time.

CLYDE—At a recent meeting here the Clyde citizens put over a local band proposition and now Clyde will get into the musical contests with a good band and probably win a prize at the 8th annual West Texas Chamber of Commerce convention at Amarillo in May, 1926.

MERTZON—This city will have one of the largest crowds that has assembled here on August 12 when a big picnic and rodeo will be staged. Some of the features will be a barbecue and dance.

CARBON—The Post Oak Timbers report the best crops in years and sufficient moisture to mature same.

LEVELLAND — More than 150 tracts of 177 acres each have been sold in Hockley county by Crosby and Posey, agents for the C. W. Post interests.

SWEETWATER—The Fair committee to sell stock for the Nolan County Fair is slowly but surely approaching the goal for a permanent fair. They soon will have sold sufficient stock to guarantee immediate work on grounds and buildings.

MIDLAND—The Chamber of Commerce of Midland county joined by the untiring efforts of County Agent J. B. Snider are working together to put over a real farm building program and are offering actual farmers tracts of land for stock farming. This will mean chickens, hogs, dairy cows, maize, cotton and enough truck farming to take care of the home use including plenty of good fruit.

GENERAL MOTORS GROWTH.

The most satisfactory statement the General Motors corporation has ever made, both with respect to earnings and general position, embraces the first half of 1925. Alfred H. Sloan, president announced. It shows earnings of \$46,082,236, equivalent after \$3,819,773 for preferred

dividends to \$8.19 a share on the common stock, compared with \$27,990 in the same period of 1914, or \$4.57 a share on the common, after preferred dividends. Cash and government securities were \$139,376,062 against \$30,552,462 a year ago. Current accounts were the only liabilities. General Motors equity in earnings of Fisher Body corporation and General Motors Acceptance corporation, in excess of dividends received for the half year, was \$4,280,863, equal to 83 cents a share on General Motors common stock.

DEMAND FOR PHONE TAXES BIG FACTORY.

To meet the demand for materials to furnish service to more than 900,000 new telephones installed during 1924, as well as the up-keep of more than 16,000,000 telephones in use, the Western Electric Company, alone filled more than 10,000 freight cars during the year, says the Texas Public Service Information Bureau. The principal items supplied in manufacturing this equipment consisted of 4,274 sections of central station equipment; nearly 33,000,000,000 conductor feet of lead-covered cable of all sizes from the smallest up to the largest containing more than

2,400 wires, and 3065 carloads of miscellaneous telephone equipment and accessories. The total number of desk telephones manufactured during the year was 1,233,000.

In the manufacture of the thousand and one telephone parts there

were used 154,880,000 pounds of lead, 62,000,000 pounds of copper, 15,200,000 lbs. of paper for insulation, 7,300,000 pounds of pig iron, 2,5095,000 pounds of cotton, 500,000 pounds of silk, 415,000 pounds of tin foil.

METHODIST CHURCH.

Sunday School 9:45 a. m., A. C. Preuitt, superintendent. Epworth Leagues, Junior, Intermediates, and Senior, 2, 3 and 7:30 p. m. Preaching at 11 a. m. and 8:30 p. m., by the pastor.

Subject at 11 a. m., "What the Bible says, God Says." Evening subject (at the Union service) at Methodist church, "The Greatest Christian of the Age." Come to all the services.

A. B. DAVIDSON, Pastor.

ENNIS CREEK.

It is still dry on Ennis Creek. Everyone is wishing for a good rain. Singing school closed Friday afternoon with a program. Folks of Ennis surely have improved in their singing.

Horace Holmer and wife from East Texas are visiting his father at present.

Hattie Lee Hart, Antham Wade, Allen Davis, Ted and Kenneth Pitner returned from College Station Sunday. They reported seeing many interesting things.

W. A. Lewellen and family from Vernon, Texas, visited his sister, Mrs. Colclazer last week.

Mrs. Jacobs of Dermott spent Saturday night and Sunday with her daughter, Mrs. Everett Shultz.

Bird and Hattie Lee Hart, Clarence and Nathan Wade took supper with Lillian Colclazer Sunday night.

W. A. Wade and family visited J. D. Robinson Sunday.

Mr. White and family visited at Mr. Colclazer's Sunday afternoon.

Mr. and Mrs. Dee Robinson and sister, Fay Stagner, took dinner at Mr. J. D. Robinson's Sunday.

Everett Shultz and Raymond Ford made a business trip to Sweetwater this week.

Several folks from Ennis Creek attended the meeting at Woodard the past week. Bro. Beane preached some real interesting sermons.—Dan.

Y. W. M. A.

The Y. W. M. A met August 3 with Mrs. Ivan Dodson.

After a brief business session Mrs. Towle conducted the lesson study.

There were 18 members present. Mrs. R. P. Jones was enrolled as a new member.

Mesdames Harrison and Waskom were guests.

The hostess, assisted by Mrs. Waskom, served delicious refreshments.

We adjourned to meet August 17 at the home of Mrs. John Green.

EAST SIDE CHURCH OF CHRIST.

Song and Bible study at 10 a. m. Exhortation and communion service at 11 a. m.

Bro. W. A. Shultz was with us Wednesday and Thursday nights of last week and to say it was a treat is to speak it mildly.

"Come and go thou with us and we will do thee good."

We are this week enjoying a feast of good things with the Bethel congregation, listening to some fine lessons by that prince of boy preachers, Bro. Ellis McGay of Abilene, Texas.—Reporter.

CAMP SPRINGS.

Singing was attended by a large crowd Sunday. Visitors were present from Mt. Zion, Plainview, Pleasant Hill and Ennis. We appreciated the help of these visiting singers and extend them a most cordial invitation to come again soon.

Bro. Elza Erwin preached two good sermons Sunday.

Rev. Boren closed his meeting Saturday night. Bro. Boren preached some excellent sermons, and his meeting was well attended.

Happy Talley, Earl and Roe Bavousett and Evelyn Worley returned Sunday from A. and M., where they attended the farmers' short course.

The Camp Fire Girls went on a hike Monday afternoon. The girls were accompanied by several ladies of the community.

Mrs. John Erwin and children of Snyder spent several days visiting Mrs. Erwin's brother, Doran DeShazo.

Mrs. Bill Burnett, Juanita and Printice Merrill Burnett returned home Monday. Mrs. Burnett and children have been visiting relatives at Plainview and Post. During Mrs. Burnett's visit at Plainview, her oldest daughter, Miss Gwendolyn, was married to Ike Jay of Silvester. Mr. Jay was mathematics teacher in the Roby high school last term and will teach in Floydada high school this year. They returned home Friday. We wish these young people as much happiness and as little sorrow and disappointment as is possible in their married life.

Mr. Boone and family have come home from Glen Rose. They report of having an enjoyable vacation but saw much drouth-stricken country.—Reporter.

HERMLEIGH.

To the Editor. Next week, if you will give us enough space we will try to get up a booster page for Hermleigh. This is a thriving little city, and the business men and other citizens want Hermleigh on the map.

We will have ads for the businesses and a write-up as a boost for the entire town.

Quite a few debates are in progress as to which of our weather prophets is correct in his statement regarding the date when it shall rain. The different reports conflict somewhat, so let's wait until it rains, and then prophesy—when it did rain. Conditions are favorable today.

Current conversation concerns the forthcoming road bond election, August 15, and debaters are very busy preparing their "speeches" on both the affirmative and the negative. Anyway, we need good roads.

All the teachers of the Hermleigh Independent School District have been elected, except the principal, but the exact date when school will commence is not known. The superintendent, Mr. B. M. Gramling, is here ready to start work at the earliest date. Mr. Gramling comes here from Stanton where he was superintendent for the past six years, which fact speaks favorably for itself. We all are anticipating a great school year for '25-'26.

Personals.

W. E. Lander returned last week from Oklahoma City and Dallas, where he has been visiting for the past week.

Mr. and Mrs. E. J. Ely returned last Saturday from a two-months' stay in the mountains of New Mexico. Both report a most wonderful vacation, even though it was so cold they sat by the fires in the morning and afternoon, and saw water frozen in all the pails in the house on June 29.

Their daughter, Mrs. Lawrence Godley and her two sons, James and Lawrence Ely Godley returned with them, and will visit here this and next week.

Miss Ruth Polk of Rotan, who was visiting her aunt, Mrs. Elmer Gardner, last week, left for her home Sunday.

Miss Jack Eades of Lubbock, visited Mrs. Warren Chorn last week.

C. O. Brandon returned last week from Artesia, N. Mex., where he says there is being opened up one of the best oil fields in the West.—Reporter

Mr. and Mrs. O. P. Thrane are taking their vacation, but "O. P." positively refused to tell the Times-Signal representative where he was going or when he would be back. They were accompanied by Mr. and Mrs. Dick Webb.

Misses Ila and Myrtle Martin left Thursday morning for Royse City where they will spend two weeks visiting friends.

State Vice-President of the Farm Labor Union will speak at the courthouse lawn Saturday, August 8, at 3 p. m. It will be worth every farmer's time to hear the speech.

Louis Blackard, J. B. Clark and J. P. Strayhorn left Saturday afternoon for South Texas on an extended fishing trip.

Dr. and Mrs. Neal Monger left Tuesday morning for Shreveport, San Benito, Galveston and Houston on an extended visit with relatives.

Richard Webb and family and John L. Webb and family left Tuesday for the Davis Mountains on a fishing trip.

The Women Victory Bible Class met August 5 at the home of Mrs. H. G. Towle with Mesdames Towle and Wicker as hostesses. Thirty-three members and visitors were present. Quilting was our entertainment. Much talk and laughter went on as the pretty quilt for Mrs. A. B. Davidson was quilted out. Mrs. A. M. Curry started plans for a friendship quilt to be finished in the near future. Lovely refreshments were served by our hostesses.—Reporter.

Mrs. B. V. Hicks, sister of Mrs. J. O. Dodson, returned to her home in St. Louis Sunday, accompanied by Miss Pera Lewis.

Mr. and Mrs. Jas. T. Johnson, little Misses Nelle Harper Green and Elizabeth Snyder, Masters William Green and Marvin Majors, who have been house guests for the past week at the home of Mr. and Mrs. H. G. Towle returned to Colorado.

Mr. and Mrs. Will Doak and son left Tuesday morning for Dallas, they will visit relatives.

Rev. A. B. Davidson held quarterly conference at Cuthbert for Rev. Stewart Thursday.

VICTORY BIBLE CLASS MEETING

"Ye shades of ye olden time, when mother went to quiltings" The scene was once again enacted Wednesday afternoon, when the members of the Victory Bible class met at the hospitable home of Mrs. H. G. Towle, with Mrs. Jean Wicker as assisting hostess, to spend the pleasant hours in the time-honored custom. With the merry song of the needles made by diligent, competent fingers the quilt was soon completed and the remainder of the afternoon devoted to social pleasures.

Miss Violet Graham very graciously rendered two beautiful solos.

A lovely refreshment plate, consisting of cake and sherbert, was served.

The members and guest list included Mesdames. R. M. Stokes, Chas. Burke, Rhoades, Curry, W. L. Clark, J. L. Martin, Joe Stinson, R. H. Curnutte, Lee Stinson, Hendryx, Waskom, Trimble, Pat Brown, Dorward, McClinton, Hardy, Lemons, Pruitt, Boren, Merrill, Carmichael, A. O. Scarborough, Miss Hattie Ludwig. Out-of-town guests: Mesdames. Pearl Shannon of Colorado, Jones of Blooming Grove, M. W. Clark of Waco, Fred Graham and Miss Violet Graham of Waco.

HERMLEIGH MEN BUY STORE IN ABILENE.

Announcement is made in this issue of the Reporter that John H. Adams and D. S. Leverett, formerly of Hermleigh, have bought the J. W. Pool Grocery at 327 Walnut Street and will operate the business in the future under the name of Adams & Leverett. Mr. Pool will continue to engage in the coal business, which he has operated in the past, and will maintain his office with the new owners of the grocery store.

The new owners were in the mercantile business in Hermleigh for fifteen years before selling out and coming here to engage in business at this busy location.—Abilene Reporter
