

A Chinese Proverb Says

"If people take no care for the future, they will soon have to sorrow for the present." An old sermon, yet look at the predicament of some folks, not preached often enough. A future devoid of financial difficulties on which one's very happiness hinges—must be prepared for in the present. In short—laying by dollars that can best be spared, seeking the advice of experienced counsel, heading it and investing wisely!

This bank is always ready to render that friendly Financial Advice—to help you map out a Financial Program that will safeguard your interests. May we be of service to you. You're welcome here any time.

Locals

Forty Years Ago Henry P. Welborn was a welcome visitor to the Times-Signal yesterday, and dropped the information that forty years ago yesterday, he landed in Scurry county and on March 7th took up his first land in the county. Mr. Welborn stated that he paid \$65.00 in cash for one entire section of land, and \$55.00 for another section, assuming the balance that was owing the state. Scurry county has grown in value and from every economic, social and physical standpoint in those forty years, and today, Mr. Welborn is hale and hearty, and as active as any county resident twenty years his junior, and we hope he stays right that way. Miss Chloe Harris and Mrs. J. V. Riley spent Sunday at Stanton. Mrs. Doc Kelley is a patient at the Emergency Hospital. Building permits in Snyder during February total \$550.00. Roy McCurdy of Post, spent Sunday here with his parents. The cold snap has been doing great harm to budding trees. Mr. and Mrs. J. J. Taylor spent Sunday with their daughter, Erma, at Abilene. Marshall Higgins and Hershel Rucker spent the week end at Ft. Stockton. Mrs. Henry A. Wren and baby are visiting her mother, Mrs. G. M. Garner. Mr. and Mrs. Clyde C. Shull and Miss Vesta Green spent Sunday at Spur. Leslie Pratt and Conally Baldwin of Lamesa were Sunday guests of Loyce Clark. J. A. Nelson of Fort Worth was a business visitor in Snyder the past week end. A. V. McAdoo and family and J. Q. Barnes and family visited at Colorado Sunday. Miss Grace Bartley left Monday for a three weeks' visit at Las Vegas, New Mexico. Mr. and Mrs. W. H. Ritzenthaler left yesterday morning for their new home at O'Donnell. Four drunks and one gambler were assessed fines totaling \$52.80 during the month just passed. Mr. and Mrs. Wilson C. Hartgrove of Paint Rock spent the week end with Mrs. Dixie Smith. Mrs. T. S. Diffey of Lubbock visited her brother John L. Greene several days last week. Joe Stinson and Herbert Bannister attended the Rexall Convention at Fort Worth this week. Mrs. Ethel Elland and son Royce Cherry, spent the week end with Mr. and Mrs. J. E. Falls at Ira.

Fluvanna Man Prize Winner in Litter Contests

Ed Jones Wins Medal Given By State Agricultural Heads

COLLEGE STATION, Tex., Mar. 5.—First prize winners in each of the two divisions of the 1929 Texas pork production contest are residents of Montague county, announcement of results of the contest just made by E. M. Regenbrecht, swine husbandman of the Extension Service, A. & M. College of Texas shows.

Orth Yowell, club boy of Bowie, took first prize of \$50 and medal in the single litter class with a litter of eight pure-bred Poland-China pigs that reached an average weight of 225 pounds in 139 1-2 days. H. C. Gadberry, also of Bowie, won first prize of \$75 in the class of two litters or more with two litters that averaged 215 1-4 pounds in 155 days.

Close to fifty contestants competed and their records show that they produced pork at an average cost of 6 1-4 cents a pound, with an average profit a litter of \$60.28. The contest was conducted by the Extension Service of A. & M. College, through county agents, in cooperation with the Progressive Farmer, farm publication, Swift & Company, Armour & Company, Bewley Mills, Fort Worth Stock Yards Company and the Universal Mills.

Additional prize winners in the contest were announced by Mr. Regenbrecht as follows: Group 1, single litter—Mrs. Maggie Shanks, Bedias, second, \$30 cash and medal; J. K. Adams, Tulla, third, \$20 cash and medal; Ed Jones, Fluvanna, and S. J. Payne, Tulla, medals. Group 2, two litters or more—Ernest Webb, McCaulley, second, \$50 cash.

The prizes will be awarded at the meeting of the Texas Swine Breeders' Association at Fort Worth March 11.

In winning second place in the single litter class, Mrs. Maggie Shanks, of Bedias, Grimes county, trailed the first prize winner by only a fraction of a day. Mrs. Shanks fed a litter of ten high grade Duroc-Jersey pigs that averaged 225 pounds in 139 3-4 days as compared to 139 1-2 in which the

litter of Orth Yowell attained the specified weight of 225 pounds. J. K. Adams, club boy of Tulla, Swisher county, took third prize in the single litter class with a litter of seven purebred Poland-China pigs that averaged 225 pounds in 140 3-4 days.

Ernest Webb, of McCaulley, Fisher county, who took second prize in group two, fed two litters totaling eighteen pigs to average 196 pounds in 154 days.

TO THE VOTERS OF SCURRY COUNTY

There appeared in the Times-Signal last week a communication signed by E. J. Anderson, Republican County Chairman, of Scurry County, inviting the voters generally, and especially "those under sentence of ostracism and penance" to unite with the Republican Party. It is evidently the purpose of Mr. Anderson to create the impression in the minds of the voters of

Scurry county, that the Democratic Party has barred those Democrats who voted for Hoover for president from voting in the Democratic Primary Election, and also barred them from running for office on the Democratic ticket. The Democratic Party of Scurry County invites every WHITE voter, who believes in the principles of the Democratic Party, to participate in its primary election, and any WHITE voter, who aspires to any office in Scurry County, is hereby invited to file his or her name as a candidate for office with the County Chairman, irrespective of the fact that the voter or candidate may have voted for Hoover for President.

In order that the voters of Scurry County may be informed as to whether or not it would be best for them to trust the administration of the affairs of Scurry County to the Republican Party, I hereby challenge Mr. E. J. Anderson, Republican County Chairman, to meet me in a series of public debates to be held at Camp Springs, Hermleigh, Dunn, Ira, Fluvanna and Snyder in which I will affirm that

the Republican Party is both corrupt and inefficient, as shown by the acts of those whom it has elected, and appointed to office, and that its policies, and the laws enacted by it, has made billionaires of the few and has brought poverty and distress to the great majority of the American people, and that the Republican Party is solely responsible for the deplorable condition of the farmers of our state and nation.

If Mr. Anderson should decline to meet me in debate, I will meet any WHITE Republican in Texas whom he may be able to induce to come here to meet me in his stead.

F. I. Townsend, Chairman Scurry County Democratic Executive Committee.

### "Eyes" of Youth Need Attention in Our Schools

Snyder School Authorities Interested in Recent Revelations

Is the eyesight of the pupils of the public schools of Snyder and Scurry County being conserved and protected to the greatest possible degree? If not, those in authority at our schools should take steps to do so, according to the opinion of a local resident who has given considerable thought to this particular subject.

It is pointed out that the number of pupils and people generally who suffer with defective eyesight is very alarming. It is understood that there is a very high percentage of school children who have defective vision in one eye. There are a similar number who suffer with poor eyesight in both eyes, but the percentage of these is of course not nearly so great as those who have one or the other eye affected.

Within the past several years considerable research work has been done in this connection, and the results have been most beneficial. It has been found that in many instances children who were seemingly dull in their studies were suffering with poor vision, and when this was corrected, they were like different pupils. Teeth were likewise responsible for a lot of the trouble. They went right ahead in their studies and were able to keep abreast of the smartest pupils in their classes.

An interesting magazine article sometime ago related the story of a girl who said that she always sat at the back of the room in the class she attended. She said she was never able to read what was put on the blackboard and had it very hard in keeping up with her studies. As a matter of fact she gave it as her opinion that her teachers promoted her from one class to another just to make room for other classes coming in during the next year. Upon examination, she was found to have very poor eyesight, and steps were taken to correct it, after which she showed rapid improvement in her school work.

In this work of research, there has been developed many improved methods for instruction of children

### "Run-down, Lost Appetite, Took Cold Easily"

Wichita Falls, Texas. — "I was run-down, lost my appetite and was nervous and irritable. I took cold easily and always suffered with headache. Finally, I started taking Dr. Pierce's Golden Medical Discovery and found it to be the very thing I required to keep me from being so susceptible to colds. I feel my blood circulating better when I take this tonic. I certainly think it is a wonderful medicine. I recommend it willingly and gladly." — Mrs. J. A. Woods, 806 Aust. St. All dealers. Tablets or liquid. Write to Dr. Pierce's Clinic in Buffalo, N. Y., for free medical advice. Enclose 10c for trial of tablets.

these classes provided for the special training of these children who suffer with poor vision.

It is not possible for the smaller schools of the country to install expensive equipment to do this special work, but it is possible for these schools to arrange the lighting and placing of the desks so that the very least strain is put upon the sight of the children who attend their classes.

This is a most important matter, as no doubt every citizen in Scurry County will agree, and everything possible that can be done in this direction should be done.

Snyder and Scurry County need a clinic of both eyes and teeth to be given in our public schools.

### WEST TEXAS PRESS OFFICERS MEET FRIDAY

Program for the 1930 convention of the West Texas Press Association was formulated at Abilene Friday, when a steering committee met in an all-day session at the Hilton Hotel. Abilene is the convention city this year with official headquarters at the new million-dollar hotel, The Wooten, which will be opened for this event. Officers of the association joining the Abilene committee were: Eddie Warren, Post Dispatch; H. H. Jackson, Coleman, and the Times-Signal editor who is secretary of this well-known gang of pencil-pushers.

Each year the association invites two outstanding publishers to deliver addresses. This year's invitation will go to Ed Howe, of the Atchison (Kansas) Globe and M. E. Foster of the Houston Press. The convention also goes in for "themes" last year, at the Sweetwater session, staging an air show. Aviation will again be the "theme" this year, but lighter-than-air craft will be sought as the attraction. Efforts will be made to induce the Good-year Tire & Rubber-Zeppelin division to send one of their mammoth blimps to Abilene for the two day session that opens July 11th.

The convention now has the largest membership in its history, according to Pres. Eddie Warren and is the largest regional body of newspaper publishers in the world.

The visitors at Abilene were entertained while there by the chamber of commerce, the Rotary Club, The Southwestern Bell Telephone Co. and the Reporter-News.

Following the business session in the afternoon, Editor Max Bentley of the Reporter-News took the entire committee to the municipal airport where Manager Derryberry showed the entire lay-out to the visitors, which is declared to be the most model field in the United States. While the visitors were at the field one of the southbound tri-motored transport planes landed with four passengers being dropped at the field. The air plant has cost the city of Abilene \$125,000 to date.

### TO THE VOTERS OF SCURRY COUNTY

After solicitation of many of my friends I have decided to submit my candidacy for the office of Sheriff of Scurry County subject to the action of the Democratic primary in July.

I have resided in Scurry County for eleven years. I have had some experience as a peace officer for the past five years and believe myself qualified to fill the office of sheriff.

I solicit your influence and friendship and will greatly appreciate your support.

Respectfully,  
Wren O. Moore.

### LEAVES FOR LITTLEFIELD

Miss Edith Grantham left Sunday for Littlefield where she has accepted a position as bookkeeper with the Ford Agency there. Miss Grantham has been a valued employe of the Bryant-Link Co. for the past seven years, made many friends during her residence here who will wish her continued success in the new field. Mrs. A. V. McAdo will have temporary charge of the work.

### DERMOTT NEWS

Our community has been having some of the March wind and sand mixed. Most of our farmers have their land turning back with newly turned dirt. A great interest is also being taken in the County Meet, March 22nd. We enjoy very much to see letters from Uncle Charlie Dodson. Hope to see more.

A. N. Edmonson and wife visited with Luther Edmonson at Abilene Sunday.

A. C. Conner of Ira visited in Dermott Sunday.

Miss Dutch Elkin and Mrs. Hardin of Post spent Sunday with Mrs. Roy Elkins on the L. P. Ranch.

Tommie McDonald, wife and daughter, Julia Mae, spent Sunday visiting friends in Abilene.

A party Saturday night in the home of Mr. and Mrs. Everett Scrivner was greatly enjoyed by the young people.

Miss Carene Gardner spent the week end with relatives in Cuthbert.

Mr. and Mrs. Jimmie Browning are the proud parents of a baby girl born Feb. 29th.

A birthday dinner was given Feb. 28 in honor of Oliver Frisbie on his 11th birthday.

### POLAR NEWS

By Mrs. J. A. Martin

A sudden drop in temperature has caused everybody at Polar to feel like we are going to have winter again. But our cold spells will likely turn into warmer weather soon, and we are hoping for some moisture instead of sand during March.

There was neither Sunday School nor Singing at Polar Sunday.

A fairly good crowd met for prayer meeting Saturday night, and the service was enjoyed by those present. Bro. Will Sellars led the service.

Mrs. A. C. Elkins who has been ill for some time, went to Lubbock last week where she had her tonsils removed. She was accompanied by Mr. Elkins and her son Ivan. She is reported doing well.

Ernest Lee Elkins, who has been attending school here for the past term, departed for his home at Abilene last week.

S. O. McFall has been quite ill with something like the 'flu' for the last few days.

Mr. and Mrs. G. M. Elkins attended the Old Settlers Reunion at Post last Tuesday.

Mrs. W. H. Mercer of Meade, Kansas, a sister of Mrs. J. A. Martin, Mrs. W. O. Christopher of Dunn their mother, and Mrs. S. D. Mercer of Eldorado, Okla., a friend, have been guests in the J. A. Martin home during the past week.

B. A. Moore and wife, with Mrs. Kindred Elkins of Snyder made a trip to Anson Sunday.

The writer and family made a surprise visit to Dunn before daylight Sunday and arrived before breakfast. Forty miles is a long way

to go for breakfast, but when folks set you down to grape fruit and steak and other good things you feel like you might do that again. Then this was a family reunion, too, in the home of Mr. and Mrs. W. O. Christopher of Dunn.

Bro. J. I. Kelly of Fluvanna preached at Polar Sunday afternoon. Those present report a good service.

Misses Iris Bullock and Bessie Burnett spent last week end in Snyder.

R. L. Willoughby of Ft. Davis and John Mason of Post, were visitors with Mr. and Mrs. G. M. Elkins last Tuesday.

Miss Mamie Hayle is on the sick list this week.

I regret to hear of the loss of Messrs. Ritzenthaler and Carter from the Times-Signal, but I hope my work may be as pleasant under the supervision of the new workers.

Note—Mrs. Martin, we will do our best to please at all times.

### HERMLEIGH NEWS NOTES

The Herald said last week:

INNOCENT PETITIONERS STOP WORK ON ROAD

When our road construction began near Inadale early last week, a petition was circulated and signed by nearly a hundred men asking for employ of our own unemployed men. Undoubtedly on the part of those circulating and signing the petition, mention was made of the few negroes who were brought into the county by the con-

tractor. Owing to prevailing race prejudice and the fact that negroes are not allowed in certain communities in Texas, fear was generated, and the work on the road was closed down for two days.

When the situation was made known and people who signed the petition came to see that the petition was interpreted to have a different meaning than that intended, mass meetings were held in Snyder and Hermleigh in which the misinterpreted meaning of the petition was retracted.

Owing to what he would naturally conclude, Mr. Shillings, road contractor, acted wisely in closing down the work for the time being.

Saturday morning the work began anew. Sub-contracts have been let on two parts of the road, and many of our home men will likely find employment. One division of the grading mileage was let to a man near Loraine and the other was let to our own J. E. Parker. The work of grading is to be completed in 90 days.

Highway No. 7 being a state and federal road, the county will be at no extra expense in building it.

C. J. Lubojaskey is opening a new variety store in Hermleigh. Mr. and Mrs. Braden Wasson are also opening a new confectionery store in the Harris Building.

Konjola Makes Good After All Else Failed

St. Louis Lady Glad to Relate Her Fine Experience With New And Different Medicine

MRS. DORA BAUER

Konjola is a different medicine simply because it scores victory after victory in cases that have defied and resisted all medicines and treatments tried.

"How I wish that every sufferer from neuritis could know what Konjola did for me. For ten years I endured agonies from this awful ailment. I had to keep my arms wrapped tightly to ease the pain.

My digestion was bad, too, and this weakened me, making me still easier prey for neuritis. I can not remember how many medicines and treatments I tried, but found nothing to give relief, until I found Konjola.

In just five weeks this remarkable medicine restored digestion, rid my system of poisons and impurities, and then the neuritis left as if by magic.

What a boon Konjola proved to be to me. No wonder Konjola is known as the medicine with more than a million friends. It should have a billion."

Konjola is sold in Snyder by Stinson Drug Co., and by all the best druggists in all towns throughout this entire section.

CLUB MEET The Gannaway Womens' 4-H club was called to order Wednesday, Feb. 25, by Mrs. D. F. Watson, president.

MISSIONARY SOCIETIES TO MEET IN AMARILLO Approximately 1,100 women are expected in Amarillo March 13th, for the twentieth annual national convention of Women's Missionary Society of the Southern Methodist Church.

Thin, Pale, Weak "I HAD BEEN through a bad spell of sickness which left me very weak," says Mrs. Virginia Spruce, of Stapleton, Va.

"I spent most of my time on the bed. I was very nervous, and the least thing upset me. I did not have strength enough to lift a broom. At times I would have bad headaches, which would hurt me until I could hardly see."

"Someone asked me why I did not try Cardui. I had read of it, so I thought I would see what it would do for me. It was really remarkable how I came out. My strength returned, and my health was better than it had been in years. I gained in weight about ten pounds. My color was good, and I ceased to suffer from headaches. I have told my friends about Cardui because I was benefited after taking it."

FLUVANNA NEWS

Mr. Raymond Seale of the First State Bank is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him by sending your news and subscriptions to him.

Church Services Sunday School services at the Fluvanna Baptist Church was well attended and the young peoples' class seems to be making a marked growth and renewed interest.

Visits and Trips Mr. C. T. Hunnicutt from Ozona is visiting with relatives here this week.

Mrs. Bill Wright and son Ben Gardner are visiting with Mr. Jim Mears and family this week.

W. B. Dane and wife from Fort Worth are visiting with Mr. E. V. Boynton and family. After their return to Fort Worth they expect to visit in California for about three months.

Mr. O. A. Sewall and G. M. Henback have gone to Lovington, N. M., for work.

Bos. Staveland and wife went to Hamilton county after Mrs. Jas. W. Crowley.

Mrs. V. F. Park visited with her daughter, Mrs. Chaney at Tahoka last week.

Mr. D. A. Jones and J. A. J. Jones have returned from Hot Springs, New Mexico. Both report a nice time and also report that it was cold out there and that on the mountains, both the White and Black Ranges were covered with snow. And that it was cool and damp in the valleys.

Sickness There seems to be quite an epidemic of the colds going around again. These colds are something to be dreaded.

Mrs. H. Lanham is on the sick list this week. Roland Squyres is also sick this week.

Miscellaneous Mrs. Polk had the misfortune of getting her home burned last week, located at Royston, Texas. We regret very much that such things happen but nevertheless they do, and they can't be helped.

Mr. and Mrs. Fred Taylor are the proud parents of a baby girl. The Fluvanna Band put on a concert Sunday afternoon at Union Church and there was a splendid crowd and much interest and appreciation was given the members of the band.

E. V. Beynizer, W. G. Sims and C. E. Trussell went to Snyder Tuesday to attend the Workers conference.

The Sunday School association meeting which was to be held here on the third Sunday of this month was postponed on account of the District meeting on the fifth Sunday. And it will meet here on the third Sunday in April, instead.

The news this week is short due to the fact that the writer and

sands of lights, in many colors, exuberantly twinkling and twinkling like the stars of heaven. Now, Messrs. Editors: let's solve a great mystery for the scientists. You tell me why these lights twinkle, and then I will tell you why the stars, set in the blue canopy of heaven, twinkle. Come on, it is your move.

Once again, a few miles to the north of us, well up on the side of one of the neighboring mountains, is a huge letter R, built (not written) of light colored stone, by young men of Redlands University. Now guess at its size. Don't know, you say? Neither do I, but they tell me that it covers a little more than seven acres. Anyway it is visible for many miles and appears to have perfect shape. SOME "R"! I thought that the "M", on the mountain-side at El Paso—150 feet square, and covering a little more than 1-2 acre, was a mighty big letter, but now it seems that the M is in its infancy.

We were made to feel serious this afternoon (Friday) when we saw two airplanes and a dirigible (said to be 300 feet long) flying just above the crest of the snow-covered San Bernardino mountains in search of the plane, carrying three people, thought to have been lost last Sunday.

It really seems strange that California—this long mountainous, coast-wise state—should be drawing tourists from practically every country in the world, but, according to official report, that is just what is happening. It is said that every state in the union furnished tourists to California last year, Texas being one of the largest contributing states with a quota of 4,380 sight-seers. Not only so, but they come, it is said, from earth's remotest bounds. Such countries as Brazil, France, Italy, New Zealand, Nova Scotia, West India and Guam contribute to the mighty host of more than a million souls who visit this state annually.

Naturally this means that many millions of dollars are left in California each year. California is not to blame, even if she does invite the world to see her. She is simply capitalizing her resources and opportunities. She has something to show, and the people are coming to see it. Texas might do more along this line.

Another thing that struck me in a new place, out here, was the fact that many of the grocer stores have the entire front end wide open; and this, too, in mid winter. Also the post office, here in Men-tone, has no inside lobby. All the lobby there is is the side walk—just walk up and call or open your box. Funny way, isn't it?

Again: out here everybody says Mr. Mrs. or Miss Nobody says, good morning, brother A, but it seems that all are careful to use one of the above prefixes when addressing you. Then imagine my surprise when, on leaving a barber shop the tonsorialist said, good bye. Did he think I would never come again? Later we found that it is quite common for a business man or clerk to say "good bye" to a departing customer. In West Texas they say, "hurry back."

The following description of scenery may not be strange, but it is certainly not common to very many view points. On any dark night, when the atmosphere is clear, we have a wonderful view of what I call "Our flower garden," but the flowers are electric lights. Looking off to the west over a stretch of some 15 miles we see the street, ornamental and other electric lights of three cities (Redlands, Colton and San Bernardino, together with two or three villages all blended together, as it were, in one great field of lovely flowers of, apparently, every color in the rainbow. Indeed, it is a beautiful sight—thou-

club. And the Boy Scout organization is assured of support. "There is no overhead, no percentage off, no high-powered 'drive' of any kind. It is simply the act of those who believe in boys and in the Boy Scout influence in American life. If you happen not to be informed, consider these facts: "1. No first-class Boy Scout has ever been convicted of a felony in the United States. But there are over a million Boy Scouts in the country.

"2. In 1929, of all the football captains in the United States, 99.3 per cent were former Scouts.

"3. In the same year 61 per cent of the Rhodes Scholars came up from Boy Scout ranks.

"4. From 80 to 90 per cent of all Boy Scouts are from families of little means.

"This is no charity. It is an investment in tomorrow. It is an insurance against juvenile mischief and adolescent crime. It is being a big brother 'when a feller needs a friend.' You will want in on this."

The Times-Signal is indebted to D. P. Yoder for calling our attention to this remarkable Boy Scout boost, and whoever on the Dallas News was responsible for the original article is due a genuine "pat-on-the-back" and the hearty handshake of every Boy Scout and their boosters. The world needs more chaps like the man who penned the editorial and the Times-Signal for one would enjoy seeing the picture of the man responsible. Scoutmaster Mungler Y. Lewis bears us out in that respect.

DR. JOHNSON ASKS FOR SECOND TERM

The Times-Signal is authorized by Dr. W. R. Johnson to make the following announcement to the people of his home district:

Having served one term in the legislature at great sacrifice, owing to the long sessions, but feeling that there will not be a re-occurrence of this, I am hereby announcing my candidacy for a second term. Having been here only one term and now getting into position to be of real service to my district I hereby ask the people of my home county to give me the office for a second term which should have been granted me without opposition unless my people feel that I have fallen down on the job and I feel that I have made good. I think I have come nearer being here all the time than any member in the House.

(Signed) W. R. Johnson.

ANALYZE THE ALLOWANCE ON YOUR USED CAR

If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price

PERMANENT value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

You may not get the largest used-car allowance from the Ford dealer, but that very fact should give you confidence that you are receiving full value in the new car.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Because there is no waste, extravagance or undue profit in manufacturing, distribution or selling, every dollar you pay for a Ford brings a full dollar in return.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

If a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges.

FURTHERMORE, at least \$75 extra value is given to you in the new Ford in the Triplex shatter-proof glass windshield, the Rustless Steel, the five steel-spoke wheels, and the four Houdaille hydraulic double-acting shock absorbers.

PIONEERS of WEST TEXAS

"Swing your partners, high and low—double back and do-se-do"—to the scraping of a fiddle, the strum of a guitar and a banjo, broken by the staccato of a washboard drum, the oldtimers of a large portion of West Texas shook off the mantle of time here Thursday when the Post Rotary club stood host in its fifth annual convention of pioneers, says Editor Chas. A. Guy of the Lubbock Avalanche.

They were here—the white-thatched veterans of the early days—from Garza and Dickens, Mitchell and Scurry, Lubbock and Crosby, Nolan and Kent counties, a hundred strong and they forgot, in the spacious hall of the Double U ranch headquarters, that the smoke which hung from the ceiling was from Havana perfectos instead of home made cigars and that the food they enjoyed was from a modern kitchen instead of from the old 'chuck wagon.'

Real Pioneers on Hand In short, a goodly portion of the yet remaining men who came to West Texas in the late seventies, the early eighties and the nineties gathered once again, to relive the days when 'men were men,' fences, except for the drift variety, were unknown and there was 'no law west of the Pecos.'

Rolli Burns, S. K. Bynum and B. C. Rix, from Lubbock county; J. Wright Moor, from Scurry and the man who killed the only white buffalo on record in this section; 'Scotch Bill' Elliott, from Spur, who used to sell dry goods and notions to the cowboys of a generation ago; Ed Tayloe, now from Paris, Tenn., but one time the 'best darn cook the Spur outfit ever had,' and Bob Willoughby, who dodged Indians in this section in 1879, were all on hand together with scores of others who remember when 'All of them, with others, responded to the call of Toastmaster Ollie Weakley, Rotary president, to swap a yarn and many a tale was told.

'Doc' Knox Dances F. P. 'Doc' Knox, who 'came to Garza county in 1881 and here yet' was there with his jig dances, spry as a kid despite his 75 summers. Carl Clark, member of the fourth family to settle in Scurry county and rounding out his 50th year hereabouts, told of 'shippin' in' in an old ox-drawn wagon. Bill Hyatt, from Dickens county, who followed cows from 'Denton county on the East to the West line of Arizona in 1884,' was on hand and the party, as the Post civic club's parties always are, was a 'howling success' in more ways than one.

Scattered among the pioneers were members of a newer generation, some of them Rotarians and others invited guests, but the crowd which partook of banquet served by the Presbyterian ladies were happy with a distinctly oldtime affair, until the program was completed three hours later, everybody dropped his dignity and had a good time.

Sad Note Struck The affair, held each February since 1926, was in charge of Ira Lee Duckworth and John Hard, bankers, but the balance of the clubmen stayed in the background as the guests were given their opportunities to recall days long gone. A note of sadness, made more poignant as result of the funeral of A. R. Anderson here this afternoon, was struck, however, as various speakers remembered former attendants at the conventions who now have 'gone west.' As a tribute

to the pioneers who finished their work and passed on, the assemblage stood with bowed heads, and offered a silent prayer as one of the opening sections of the program.

Lubbock county's delegation, in addition to Messrs. Bynum, Rix and Burns, was composed of Ross Edwards, and W. O. Stevens, who in a brief talk, recalled pleasant memories of his residence here. Music which accompanied the banquet was rendered by Mesdames Lowell Robinson, violinist, and A. W. Boucher, Jr., pianist.
