SNYDER JUNIOR BAND GREAT ASSET TO CITY

First Public Concert Brings Good Crowd to Hear Band and Soloists

Snyder boasts of a musical organization within its midst that will be one of the greatest advertising factors in the history of the city in the Snyder Junior Band, composed at present of forty musicians. In their first public appearance, last Thursday evening, they gave a full program that would have been a credit to any organization, besides they were only organized June 9th and already there appears among the membership, a goodly number that would make members of the first band step some for their ability. Interpreting some unusually stiff numbers, the ensemble work of the group was superb and under the skillful leadership of J. W. Crowley rendered a full program that was delightful to the goodly crowd that was present.

Solos and duets were rendered by the following: Margaret Miller, Ernestine Taylor, Elsie Holley, Katherine Northcutt, Creston Fish, Irene Wolcott, Wiley Brice, Jackie Scarborough, Evelyn Stell Harris, Fred Delbert and Pat Johnston, and Mable Isaacs. Accompanists for the numbers were Mary Nell Morton, Harry Davidson, Irene Wolcott, Wiley Brice and Brents Anderson. Every performer in this program was a beginner on his or her instrument when they organized June 9. Every patron present was only too happy to take their part right off in public to pay tribute to the entire group. They were simply fine.

The members of the band include: Cornet—Irene Wolcott, Wiley Brice, E. E. Wallace, Clinton Fespire, Earl White, Fred Johnston, Geraldine Chapman and Simms Taylor.

Alto—Ernestine Morton, Elsie Holley, Evelyn Stell Harris and Louise Lemond.

Baritone—Delbert Johnston and Vance Wylie.

Trombone—Pauline Jones, Creston Fish and James L. Hendry.

Drum—Billy Perry and Fred Day. Clarinet—Billy Smith, Ernestine Taylor, Margaret Miller, Mable Isaacs, Alma Nell Morris, Wallace Smith, Charles Lewis, Elva Lemons, James Victor Baze, Ida Mae Maulle, Sadie Tell Jenkins and Dottie Trice.

Saxophone—Katherine Northcutt, Irene Spears, Pat Johnston, Jr., and Jackie Scarborough.

Bass Drum—Mary Ruth Pierce. Snare Drums—Bobby Wright and Donald Darby.

To give an expression of the true artistry of one soloist over another in these young musicians would be an injustice. Each and every one handled themselves ably and well in their first public appearance. They were simply superb and the folks that missed the performance overlooked one of the rarest treats ever given in the auditorium.

Their next public appearance will be the third week in August.

The Scurry County Bands will have the Band Camp on the Chree Ranch near Rudoso Spring, New Mexico, from August 28th to Sept. 7th. Band patrons are invited to participate in this camp.

Charles C. Cotten, manager of the Trades Extension department, Fort Worth Chamber of Commerce, expresses appreciation of the reception given party of visitors here recently. In a letter to J. W. Scott, chamber of commerce secretary, Cotten says:

"I just want to take a moment of your time and tell you how much we all enjoyed the brief visit which we made at Snyder recently. Although we were in your city but a short time, we were very favorably impressed, particularly by that wonderful dinner and the good fellowship of your business men."

"I want to assure you that it will be a great pleasure to have you call on us for any service that it is in our power to render. Trusting that we shall be honored with the opportunity, remain, with kindest personal regards."

SANTA FE STATION NOW OPEN 24 HOURS
Station Agent J. W. McCoach of the Santa Fe has announced that the passenger station here will be open all day and night in the future with three men now handling affairs at the station: Fred Wolcott, I. O. King and W. C. Wilks.

At one and the same time it has been announced that the station at Hermleigh is to be discontinued if the state railroad commission acts favorably on a plea made to them by the Santa Fe. Insufficient business at Hermleigh was the direct cause of the railroad's request to the commission. No change will be made for mail at Hermleigh, the day trains will stop as heretofore.

Dr. Campbell is president of the encampment, sixth session of which is to be opened the last of the month. M. C. Bishop of Post is corresponding secretary.

Tents and cots are supplied for those who wish to camp. Boating, swimming and fishing are diversions provided by the encampment, which requires no registration fee.

got rich because he made an automobile for the masses. The stockholders of this company will get rich because we are going to make automobiles for the masses."

The doctor says: "There is hope! Where others fail, I succeed." Instead of thinking through these statements and claims, the majority find it pleasant and cheering to accept them as good gospel. The consequence, of course, is misery and woe.

THE MAN WE BOOST FOR GOVERNOR

Hon. Earle Mayfield

The Times-Signal was one of the first newspapers in West Texas to boost Hon. Earle B. Mayfield for the position of Governor. We'll stick to that gentleman through thick and thin and with the friends that this honored and worthy gentleman has in old Scurry, the county should roll up a handsome majority for this man who has a constructive business platform for the state of Texas. If you're "fer a feller" we believe in being "fer" him and that's right where we stand with Mayfield. That's Jimmy Smith writing.

CLINT C. SMALL

On the other hand, our partner J. W. Roberts says "that Clint Small is the best man in the race and should receive the hearty support of every West Texan." J. W. further remarks "that Small would give Texas the greatest administration in its history" and since J. W. and the writer have a mighty fine partnership, we intend squaring right off, he voting for Small and we for Mayfield.

How's that for political tolerance?

Times-Signal Challenges Colorado Record For Proof On Schools

Mitchell County Paper Infers Scurry County Stands At Bottom As Regards Rural School Situation

Editor "Bill" Cooper of the Colorado Record in his issue of July 27 attempted to belittl the rural school record of this section of the state, and attempts to place Mitchell county near the top of the "heap" while relegating Scurry county to the depths of the ladder. But "Passimblous Pompadour Bill" cannot get away with such tactics as long as the present editor of the Times-Signal is topside up for we'll go to bat at any hour of the day or any hour of the night for the rural schools of Scurry county.

But before going deeply into the matter, we should enjoy asking Editor Cooper the reasons for belittling the rural school system of Scurry county and whether or not it wasn't a smoke screen of political "bunk and bull" to get some new county school superintendent on the job in Mitchell county?

For the information of the Record, the Times-Signal finds that data on school records with affidavits and proofs to show that Scurry county out of a total of 31 schools, 29 of them score above 800 points, the required number of points for standardization. We ask you Bill Cooper, can the schools of Mitchell county come any place near that standing, in view of the fact that you tried to place Scurry county at the bottom of the heap as classed with other counties of the state?

Now Editor Cooper, for the information of yourself and for the other fellow who brought you some data on a piece of paper, many people do not understand just what standardization means. The Times-Signal has investigated before writing this story and find that the poorest one teacher school in any county may be classed a standard rural school, although it is anything but standard, according to the score card put out by the State Department. This score card has been used as a means of building up the little schools of the county but standardization is not encouraged because many people become satisfied after their school has been granted a certificate of standardization, thinking that it is as good as it can get. As a matter of fact, no one, two, three or four teacher school or even larger units can be a Standard A-1 school. In the opinion of most educators, according to the Texas Outlook, no school is reaching like an A-1 standard until it is a fully accredited four-year high school.

According to J. C. Beakly of Dunn, a member of the County Board, who along with many other school boosters in the south end of the county are incensed over the Colorado Record story, County structive program of really putting the rural schools on a standard basis in this county, insofar as obtaining credit for work done in the rural schools, Mr. Beakly, County Superintendent and County Board on the county-wide 7th grade examination, as well as visiting other counties. Supt. Bullock introduced the county-wide 7th grade examinations into West Texas whereas it has taken several years for your own Mitchell county schools to get woke up. Where fault is that, Bill, Supt. A. A. Bullock of Scurry county has taken the lead in the county-wide or your County Superintendent? When you go jumping onto Scurry county, Bill, you're jumping into a hornet's nest that never knows when to quit.

Taking the schools of West Texas, the rural schools, we mean, or the state insofar as that is concerned, and one finds the Scurry county rural school system standing head and shoulders above anything else in West Texas. Scurry took the lead in the county-wide grouping and consolidation movement in West Texas. When the present plan as outlined by the county superintendent and County Board and approved by the State Board of Education is put into effect in this county, every child will have easy access to a rural high school. Can you say as much, Bill, for Mitchell county?

Scurry county is grouped into nine High School units, six of which already maintain four year high schools, thus lacking only three having a four year high school in every group in Scurry county. Three of these units have already been completely consolidated.

Editor Bill Cooper, the Times-Signal is asking you for an explanation of your article in the July 27th edition. School interests of Scurry county demand it and we are asking you point-blank for that explanation for if Mitchell county can touch a hand to any part of the remarkable rural school development in Scurry county, we'll stand the treats good and plenty. When you go jumping on us, brother, we're going to jump back with both feet, besides backing it up with a solid rural school front of boosters. That's us all over, Bill, so put some oil, water and soap on your typewriter and let us hear from you next week. We will take no excuses, you had no business coming into Scurry county and belittling a rural school development that makes Mitchell county look like a sore pain, in comparison.

This is Jimmy Smith writing, and ready to back up his statements. No fooling.

Terrapin Race to Be Made Attraction Soon

Everybody Welcome to Enter Races Started By C. of C.

Terrapin races on the public square of Snyder will be inaugurated Saturday afternoon, August 2nd, was the news coming from Sec'y J. W. Scott of the Chamber of Commerce, Tuesday. No entry fee will be charged. Every boy, girl, man, woman living in the Snyder trade territory is invited to bring their terrapins to Snyder the opening day of the race. Each terrapin shall be carefully marked with the name of the person entering the four-legged varmint.

First prize opening day will be \$5.00 in gold, offered by Stinson Bros. Drug Stores, and other prizes are to be given. Each succeeding Saturday other merchants will cooperate in this event and if 500 entrants are recorded opening day, each terrapin will have an equal chance with his brother or sister.

Officials of the Chamber of Commerce have laid down just a few rules, one of them being that terrapins must be delivered to Sec'y Scott at the race course, that will be laid out previous to the race. No fiery ornaments will be permitted and impartial judges will be selected.

Folks, here's your chance to secure free prizes at the hands of Snyder merchants. All that is necessary is to secure your terrapin, mark him plainly and bring him to Snyder. This welcome is broadcast in sufficient time that it appears at this moment, that at least 500 entries should be recorded by the opening day of the race. Sec'y Scott says they can handle a thousand if they are brought here, so folks, bring on the terrapins. Let's have some pleasure and fun along with the hot weather.

PRESIDING ELDER HERE
Rev. L. N. Lipscomb, presiding elder for the Sweetwater District will occupy the First Methodist Church pulpit at the usual hour next Sunday evening. The third quarterly conference will follow the sermon. All are invited.

POLITICAL DATA IMPORTANT
The Precinct Chairmen met yesterday with County Chairman Townsend at the Court House. They were each advised to hold a convention sometime Saturday to elect delegates to the county convention that will be held in Snyder, Saturday, August 2nd.

Precinct heads are likewise advised that County Chairman Townsend will be at Stinson Drug No. 1 all day, Saturday, in case any rulings were necessary. He may be reached there over the phone.

County chairmen were advised to bring their vote totals to the Times-Signal office Saturday night, as quickly as possible that totals may be made and furnished to the Texas Election Bureau, as well as for the information of local citizens, and the board at Stinson Drug Store.

County Chairmen were advised to bring their boxes and returns to the Court Room, Monday, July 28th, at 2:00 p. m., when cash returns will be made for election expense. Precinct Chairmen who were not at the meeting yesterday, and desiring un-official ballots to fill out totals, following the closing of their polls, Saturday night, may find these at the Times-Signal office.

DON'T FORGET CHARLEY
Voters of Scurry county should not overlook a solid vote for "Charley Lockhart, candidate for State Treasurer, at the polls, Saturday. Scurry county should give this fine old friend 100% support and not only will he get it here but counties of West Texas are standing by him to do for him. He's the type of gentleman who should be given the office he seeks. Cross all the candidates' names for State Treasurer OUT, but leave Charley Lockhart, wide open on the ballot.

The Economy Store have placed window displays in the vacant rooms just east of the Manhattan hotel that makes a pleasing improvement at that point.

ELECTION RETURNS

Through the Texas Election Bureau and the Times-Signal, official election returns will be received in Snyder, Saturday night, through the courtesy of Stinson's Two Stores. Stinson No. 1 store will handle the detail and the north side of the square will be roped off for the convenience of local and county patrons.

Congratulations should be made to Joe and Lee Stinson for providing this big city service for the benefit of their large group of patrons.

West Texas Leads State on Census

Fastest Growing Region in Population of Entire State

According to official figures compiled by the Abilene Reporter-News, West Texas is the fastest growing region in the entire State of Texas. The figures made available by the Abilene paper came through the Associated Press and indicate 35 central West Texas counties with Abilene the geographical center had an increase of 31.2 plus per cent in population.

SCURRY INCREASES
With the per cent of increase shown as 31.2, both Scurry county and Snyder exceed that figure. Snyder with an increase of 38 per cent, and Scurry with 37 per cent, the fine growth of both city and county shows that they are keeping pace with the ever-boasting activity of the entire section.

Although the rate of interest is 6.6 per cent above the population growth in the remainder of the state, these 35 counties still have 220,000 to add if they would have inhabitants in proportion to the entire state. And even if the area surrounding Abilene had a population in proportion to the remainder of the state, conditions still would not be overcrowded.

478,692 Inhabitants
The area forming a block about Abilene has 478,692 people living in it, as compared with 364,847 in 1920. This increase represents a gain of 113,845, despite the fact that Eastland county, in the region set out, lost 24,524 people—biggest decrease in the entire state—because of an oil boom decline.

Tabulated figures on these 35 counties:

West Texas Head Comes to Snyder on Stamp Sales

D. A. Bandeen, Manager, Here Tuesday About District Promotion

Manager D. A. Bandeen of the West Texas Chamber of Commerce was in Snyder, Tuesday, in conference with Chamber of Commerce officers in connection with the sale of the special stamps advertising West Texas to the world.

Snyder's quota is \$100 and a local committee will undertake the task of selling the stamps the first of the month. Sec'y Watt Scott heads the selling committee and it is hoped to put the campaign over in a half day's time.

Mr. Bandeen remained over for lunch and was very happy at the fine response given the stamp sale movement in the sections he had visited thus far.

The Economy Store have placed window displays in the vacant rooms just east of the Manhattan hotel that makes a pleasing improvement at that point.

SNYDER ANNUAL FIRE LOSS MUST BE ABATED

MARVIN B. JONES, POPULAR CONGRESSMAN, VISITS SNYDER FRIENDS

Hon. Marvin Jones, Amarillo, who represents Scurry county along with many other counties in this Congressional District, was a Snyder visitor, Thursday. Friends of many years' standing greeted him at every turn and it's indeed a pleasure, to shake hands with a gentleman of his type and to better appreciate the type of good will that he passes out to friend or enemy. In the position that Mr. Jones holds as congressman it is one that of necessity needs years of experience to attain the committee appointments that goes with priority in service. Cong. Jones is commencing to get at that point where the more important committee appointments are coming to him and he is recognized by his colleagues as an upstanding statesman and a man with the brains to efficiently handle the matters with which he is entrusted. Mr. Jones is a gentleman that the Times-Signal is happy to boost and for whom we will register our every vote and cooperation. More power to his every effort. We're for him 100%.

Co-Op Drives Get Under Way Yesterday Morn

Fifty Business Men Start County-Wide Tour To Get 1,000 Members

One of the most enthusiastic meetings ever held in Snyder came Tuesday night when more than fifty men gathered at the Chamber of Commerce and with Chairman Austin Erwin in charge, complete plans were laid for the membership drive that got under way yesterday morning.

Each school district will have from two to four men working every farm and home. The many who have joined are already on the lists of the solicitors and they are losing no time in getting to the man who has yet to place his name on the dotted line. 1,000 members is the goal of the committee and if they can put this across, Scurry county has achieved highest honors in the district for being the first in West Texas to secure a branch office, having the first man to sign under the new contract and the first county to secure its quota.

Cooperation is what has put across the plan in such a big way, and cooperation will be the idea that will complete the entire program. Folks, take off your hats to Scurry county.

DR. W. R. JOHNSON MAKES GOOD RACE

Dr. W. R. Johnson, old friend and booster for Scurry county in making his second race for State Representative is receiving good news from all points of the district. Dr. Johnson is entitled to his second term without opposition and the district will indicate their choice in no uncertain tones. His opponent, J. M. Claunch, is a mighty fine chap and we have no trouble to pick with Jimmie but the voters have long since made up their minds as to the fact, that when a man gives 100% service to the office to which he is elected, he is entitled to a second term without opposition.

Dr. Johnson has many loyal friends, not only in Snyder but in all parts of the district that believe the same way about it.

ATTENDS MEET
Earl Brown attended an all-day session of Frigidaire dealers at Lubbock, Saturday, in a meeting held at the Hotel Lubbock. A luncheon was served at noon. Purpose of the meeting was to explain new products which will be put on the market and to introduce sales plans for the next few months.

If we all knew what some of us think they do, how wise a generation this would be.

Fire Insurance Head Writes Letter to Mayor H. G. Towle

Last week's Times-Signal told of the arrival here of a letter to Mayor H. G. Towle from Fire Insurance Commissioner J. W. DeWeese concerning the Bad Fire Record Charge and Good Fire Record Credit that Snyder has. The letter is of interest to every Snyder resident and we are happy to bring the matter before the personal attention of every local resident.

The letter follows verbatim: Austin, Texas July 14, 1930 Hon. H. G. Towle, Mayor, Snyder, Texas. Dear Sir:

The purpose of this letter is to give to the City Officials and citizens of Snyder facts and figures pertaining to the Bad Fire Record Charge and Good Fire Record Credit that your city has received since 1926.

In order that you may understand the advantages of a Good Fire Record Credit, and the cost of a Bad Fire Record Charge, we give you the basis upon which these charges and credits are determined. This Department receives a statement of premiums collected and losses each calendar year from the agents of your city and the figures contained therein are combined and the loss ratio determined. If your loss ratio over a three year period not preceding is found to be less than 55%, a credit will be allowed and promulgated in accordance with our loss ratio table. If your loss ratio over a three year period not preceding is found to have been 65% and over, then a charge is made and promulgated in accordance with our loss ratio table.

The records of this office show the premium collected and losses paid in the city of Snyder since 1926 have been as follows:

Year	Premiums	Losses
1926	\$44,780.04	\$30,836.51
1927	43,232.69	1,472.95
1928	35,835.83	8,338.22
1929	32,189.79	3,643.00

During 1929 Snyder received a 9% penalty for Bad Fire Record which cost your citizens approximately \$3,698.00 in excess insurance premiums. They also lost advantage of a 15% Good Fire Record Credit which cost them approximately \$6,162.00, making a total loss in 1929 of \$9,860.00.

In 1927 your city received a 15% Bad Fire Record Charge which cost the people of Snyder approximately \$5,639.00 in excess insurance premiums. They also lost a like amount by reason of the fact that they did not receive a 15% Good Fire Record Credit making the total loss in 1927 of approximately \$11,278.00.

Snyder received a 6% Good Fire Record in 1928 which saved your citizens approximately \$2,287.00. Had they received the full 15% credit, they would have saved an additional amount of approximately \$3,431.00.

In 1929 Snyder received a 9% Good Fire Record Credit which saved—

Politics Hot As Election Day Approaches

County-Wide Rally at Auditorium, Friday Night, To Close Week

Tomorrow night (Friday) closes the political efforts of the county candidates when a county-wide rally will be staged at the City Auditorium, starting at 7:45. Among the candidates who will divide an equal portion of time will be two gentlemen running for County Judge, Horace Holley and C. R. Buchanan.

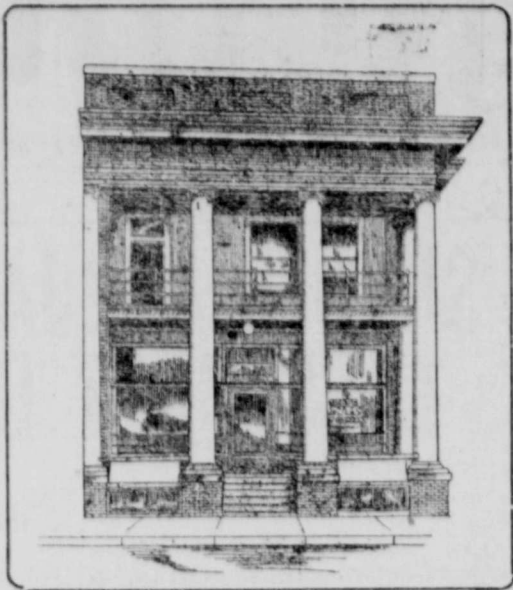

Every candidate in the race will be given an opportunity to stand up and voice his or her arguments as to the positions they seek and it appears that a crowded auditorium will greet this final effort.

County Chairman Townsend had a final confab with precinct heads yesterday afternoon and all is set for the election, Saturday.

Official state returns will be received at one of the Stinson drug stores, starting sometime after six o'clock, Saturday night. The arrangements were completed by the Times-Signal through the Texas Election Bureau. Joe and Lee Stinson are paying for the courtesy of county residents hearing the latest election news, hot over the Western Union wires.

NEW HOME ABOUT READY FOR OCCUPANCY

Friend John Irwin who runs the "revue" at Stinson Drug No. 3 who has been building a beautiful home on 26th street is about ready to move in, but the Times-Signal has heard no wedding bells as yet but expecting momentarily to hear their peal. Advance congratulations.

The Difference Between Success and Failure

With the same opportunities for safety and profit, and under the same conditions of soil and climate, one farmer is able to make a good living for his family, educate his children, and build a substantial account at the bank, while his neighbor only goes deeper into debt with each passing year.

The man who keeps sufficient purebred cows to supply every need for butter, cream, and milk; a flock of laying hens for eggs; hogs for pork and lard; a garden large enough to supply the family with fresh vegetables in season (the surplus canned for winter use) and who raises ample feed for his live stock, is bridging the gap between success and failure, whatever the outcome of his cash surplus crop.

PLENTY LAUGHS IN OAKIE FILM

"The Social Lion" Filled With Side-Bustin' Dialogue and Fast Action

Jack Oakie, Paramount's sure-bet laugh-maker, will be seen and heard next week at the Palace theatre in his first starring vehicle, "The Social Lion."

The picture is based upon the Octavus Roy Cohen story, "Marco Himself."

It is the hilariously funny story of a young garage mechanic and would-be pugilist who gets a place on a ritzy country club's Polo Team because he is the town's most proficient mallet-wielder, having learned polo when he was serving an enlistment in the army.

But his hob-nobbing with the "400" of the town gives him high-bred ideas and he tries to crash into the "inner circle" by means of the entree he has gained through his polo-playing. This provides a number of very amusing situations and rib-roking dialog.

The finale is a happy one, for our hero finally realizes that the plain little girl and the plain life are the girl and the life for him.

Jack Oakie, of course, is the pugilist-polit social lion aspirant. He never had a funder role. Skeets Gallagher is the partner and pal of Oakie; Mary Brian is the plain little girl, and Olive Borden is the ritzy daughter of society who tries to make a sap out of Jack, but fails.

Others in the excellent supporting cast are Charles Sellon, Cyril Ring, E. H. Calvert, James Gibson, William Bechtel, Henry Roquemore, Richard Cummings and Jack Byron.

The Snyder Laundry has received many fine compliments for the service that we have given for dry cleaning, pressing and laundry customers, but one of the finest we have ever received came in the mails, Friday. Judge Charles Seagraves of Dallas, who is in Snyder as Legal Counsel for the Seifert-Dibble oil interests writes us:

Snyder, Texas
July 17, 1930

The Snyder Laundry,
City,
Gentlemen:—

Seeing your ad in today's Times-Signal calls to my mind the fine laundry and dry cleaning service that you have given me since locating in your city. I have had laundry and dry cleaning done in many cities and towns of East and West Texas but never had it come back in the fine way that your company handles it.

People of any city or town should appreciate the services you are providing, the large expenditure you have made in making this possible and the quick and efficient service that you provide. You can count on me as one of your regular customers.

Very truly yours,
(Signed) Charles Seagraves.

The Snyder Laundry thanks Mr. Seagraves for these fine compliments and extends a wholesome invitation to the citizenship of Snyder and Scurry county to use the many high grade services that we provide, that is backed by quality work and fast service.

Let us take care of your Dry Cleaning needs today. Call 211 and our cars will come at once to your home.

To The Voters Of Scurry County

I want your votes to help me in my last days to make a living. The majority of the Scurry County people know me as I have lived here in this county fifty-three years. I was the first sheriff and tax-collector of Scurry County. Now, I am blind and left all alone, and I am making my own support, which is very hard on me. I have never asked anyone for a financial obligation I haven't repaid. Now if the good people will elect me to this office it will be greatly appreciated and they will never regret it. I will get some worthy person to help me to perform the duties of the office and we will both be under bond to protect your State and County funds. After paying my help I will have plenty left to live on.

Now, good people, it is true that I am blind but the office will be taken care of in a business-like way and as I have above stated you will never regret voting for Uncle Billy.

Thanking you in advance,
Your friend

Uncle Billy Nelson

FULL PROGRAM READY FARMERS' SHORT COURSE

COLLEGE STATION, Texas, July 23—Completion of detailed program for the twenty-first annual Farmers Short Course at the A & M College of Texas July 28-Aug 1, as announced by the Extension Service officials, discloses a wide range of discussion in agricultural and home making fields for men and women, boys and girls. Numerous recognized experts, including W. F. Schilling of the Federal Farm Board, Dr. O. E. Baker, bureau of agricultural economics of the United States Department of Agriculture, and others will contribute to the general program, while the group programs will be conducted by specialists of much experience in their respective fields.

All told, the five day gathering promises a series of addresses and talks covering the general field of agricultural endeavor with emphasis on modern methods and particular attention to timely phases. Attendance is expected to be around 5,000 with the representation of 4-H Club boys and girls equalling last year's record of 1,700.

President T. O. Walton of the college will formally open the short course with an address Monday morning, July 28. Director O. B. Martin of the Extension Service will preside at the opening session. The program has been so planned as to offer sessions of particular appeal to members of every group. Special group sessions for men, boys, women and girls have been worked out and general entertaining features, including historical and agricultural pageant entitled "Texas, the Magnificent," to be presented Thursday night on the lawn at Guion Hall, will augment the more serious group discussions and talks.

A series of general lecture programs dealing with the farm problem from three aspects—efficient utilization of land, efficient distribution of farm products and cutting the costs of production—will be held in the mornings. These discussions are expected to appeal particularly to farmers and county agents.

Dean E. J. Kyle, of the school of agriculture, A & M College, will open this series with a discussion of "The Triangle of Agriculture." Other speakers who will appear in the series of farm problem talks will include: Dr. Gus W. Dyer, Nashville, Tenn.; Dr. O. E. Baker, senior agricultural economist, bureau of agricultural economics, U. S. Department of Agriculture; W. F. Schilling, member Federal Farm Board; John C. Burns, manager Texas Livestock Marketing Association, Fort Worth; Lawrence Westbrook, organization manager, Texas Cotton Cooperative Association, Dallas, and others.

Addresses of general interest for adults, will be given every night except Thursday night when the outdoor pageant with an all-farm cast will be staged. Speakers for these night programs will include Dr. Gus W. Dyer, Nashville, Tenn.; W. F. Schilling, member Federal Farm Board; Mrs. E. E. Davis, Arlington; Hon Tom Connally, United States Senator for Texas.

Group sessions for subject matter consideration will be held in the afternoons for men, and in the mornings and afternoons for women and girls and for boys. Joint meetings will be held every morning by the boys and girls.

The subject matter programs for men will be given over to discussion of poultry, livestock, field crops and

ed your people approximately \$3, 183.00 in insurance premiums. Had they received a full 15% credit, they would have saved an additional \$2, 122.00.

The total amount paid out by your citizens on account of Bad Fire Record Charges during this period of time approximates \$26, 691.00 and the total amount saved on account of Good Fire Record Credit approximates \$5,470.00.

It occurs to us that this \$26,619.00 is rather a heavy penalty to have been paid out in excess insurance premiums on account of Bad Fire Record Charge. So long as your city continues to have a heavy fire loss, your citizens will continue to pay for same in excess premiums.

We have to suggest that your city adopt the enclosed Ordinance creating a Fire Prevention Board and that you make it your business to see that interested citizens are appointed to serve as members of this Board.

An active Fire Marshal is an asset to any city or town and in order for him to be a good one, he must have the support and cooperation of his city officials. We know that you are anxious to see your town receiving a 15% Good Fire Record Credit and the only way it can be done is to reduce your annual fire loss.

We are confident that your citizens are not acquainted with the facts and figures set out in this letter and in order that it may disseminate to them we are sending a copy to your local newspaper. If we can serve you along the lines

of Fire Prevention, please feel free to call upon us. Very truly yours

J. W. DeWeese, Fire Insurance Commissioner.

THE SERVICES OF DR. W. R. JOHNSON IN THE TEXAS LEGISLATURE HAS BEEN EXCEPTIONALLY VALUABLE AND FAITHFUL. HIS FEW ABSENCES FROM SESSIONS WERE ALL DUE TO SERVICE ON IMPORTANT MISSIONS FOR THE STATE AND SERVICE ON COMMITTEES. THE ENTIRE HOUSE MEMBERSHIP WILL VERIFY THE ABOVE.
J C DUEVALL, REP. DISTRICT 101.

DR. W. R. JOHNSON
SNYDER, TEXAS

DEAR DOCTOR:—
JUST RETURNED HOME FROM MORE THAN A MONTH'S ABSENCE AND HASTENED TO WRITE YOU AND EXPRESS MY APPRECIATION FOR THE VALUABLE SERVICE YOU HAVE RENDERED IN THE LEGISLATURE FOR NOT ONLY WEST TEXAS, BUT ALL OF TEXAS. I ALWAYS FIND YOU ON THE JOB AND WORKING FOR THE INTEREST OF THE COMMON PEOPLE.
SINCERELY, PINK L. PARRISH, SENATOR LUBBOCK COUNTY, JUNCTION, TEXAS

DR. W. R. JOHNSON
SNYDER, TEXAS

DEAR DOCTOR:—
I WOULD NOT BE ABLE TO SAY EXACTLY HOW MANY TIMES YOUR ATTENDANCE RECORD IS PUNCTURED BY AN ABSENT MARK. BUT I CAN SAY THAT EVERY TIME I REMEMBER ANY MATTER OF IMPORTANCE BEING UNDER CONSIDERATION BY THE HOUSE THAT YOU WERE PRESENT AND ACTIVE IN YOUR WORK. THE GENERAL OPINION OF THE OTHER MEMBERS IS THAT YOU ARE ONE OF OUR MOST FAITHFUL AND CONSTRUCTIVE MEMBERS. YOU KNOW HOW THE ROUND TABLE DISCUSSIONS ALWAYS GOES ON AMONG THE MEMBERSHIP IN RATING OTHER MEMBERS. I KNOW IT WELL, BECAUSE AS A NEW MEMBER, IN GETTING MY BEARINGS, I WANTED TO KNOW THE STANDING OF ALL THE OTHERS. YOUR RATING IS THAT OF AN HONEST, FAITHFUL, CAPABLE AND ACTIVE MEMBER, A MAN OF CLEAR VISION AND A GOOD THINKER, ALWAYS VOTING FOR THE BEST INTEREST OF THE STATE AND ESPECIALLY ALIVE TO THE WELFARE OF YOUR DISTRICT.
WITH KINDEST REGARDS, I AM
SINCERELY, COKE STEPHENSON.

THE ARGUMENT BEING MADE AGAINST MY ELECTION FOR A SECOND TERM BECAUSE OF ALLEGED ABSENCES FROM DUTY SIMPLY INDICATES A GROSS IGNORANCE OF LEGISLATIVE PROCEDURE. IN A FEW INSTANCES THE RECORD SHOWS THAT I WAS "ABSENT EXCUSED" ON ROLL CALL IN EACH OF THESE CASES THE REASON FOR MY ABSENCE WAS EITHER SICKNESS, IMPORTANT BUSINESS, OR A LEGISLATIVE DUTY WHICH REQUIRED MY PRESENCE AT SOME OTHER PLACE AT THE TIME OF ROLL CALL. MOST OF THE ABSENCES POINTED OUT ARE ABSENCES ON A VOTE, AND AN YONE FAMILIAR WITH THE SITUATION KNOWS THAT DOZENS OF VOTES ARE TAKEN EACH DAY ON SIMPLE RESOLUTIONS, LOCAL LAWS, AND VARIOUS OTHER MATTERS OF NO IMPORTANCE TO THE PEOPLE GENERALLY. VERY OFTEN A HALF DOZEN VOTES WILL BE TAKEN IN FIFTEEN MINUTES ON A MATTER OF NO GENERAL CONCERN WHATSOEVER, AND A LEGISLATOR WHOSE CONSTITUENTS ARE NOT AFFECTED BY SUCH MATTER MIGHT BE BUSY WITH A COMMITTEE OF CITIZENS FROM HIS OWN DISTRICT, OR ON SOME OTHER IMPORTANT BUSINESS. I ASK ALL MY PEOPLE TO MAKE AN INVESTIGATION AS TO THE CHARGES MADE, AND YOU WILL FIND THAT IN EVERY INSTANCE WHEN A MATTER WAS BEFORE THE HOUSE WHICH CONCERNED THE STATE AT LARGE OR MY OWN DISTRICT, I WAS PRESENT AND ON THE JOB.

I DO NOT BELIEVE MY FELLOW CITIZENS AMONG WHOM I HAVE LIVED FOR 22 YEARS WILL VOTE AGAINST ME FOR A SECOND TERM UPON MISINTERPRETATION OF MY RECORD AFTER KNOWING THE TRUE FACTS ABOUT THE SERVICE I RENDERED DURING MY FIRST TERM. I AM MAKING THIS STATEMENT BECAUSE MANY FALSE RUMORS HAVE BEEN CIRCULATED ABOUT MY RECORD. I DEVOTED SEVEN MONTHS DURING MY TERM OF OFFICE TO THE INTEREST OF MY PEOPLE. I THINK I KNOW MY PEOPLE AND THEIR NEEDS, AND I HAVE HAD THE EXPERIENCE AS YOUR REPRESENTATIVE WHICH ENABLES ME TO BETTER SERVE YOU, AS SHOWN BY THE ABOVE PARTS OF LETTERS AND TELEGRAMS. I WAS NEVER ABSENT EXCEPT WHEN EXCUSED BY THE SPEAKER FOR GOOD CAUSE, OR ON DUTY IN SOME OTHER DEPARTMENT AT WORK.

I DID NOT FAVOR THE BOND ISSUE, BUT DID VOTE FOR RETURNING IT TO THE PEOPLE, WHERE IT SHOULD GO.

We Thank You CITIZENS OF SNYDER And OF SCURRY COUNTY

for the splendid patronage that has been accorded the Star Feed & Hatchery since our location in Snyder. Friends and patrons have been fine and truly do we want to sincerely thank you one and all for past favors and ask for a continuance to our successor, Mr. H. G. Niedecken who will be moving to the room that we occupied.

Our relations in Snyder have been pleasant and full of pleasure and we hope that as the years come and go that we shall ever recall the pleasant associations had here and of personally meeting old and tried friends.

We are moving to our old home at Lubbock, and should any of you come that way it shall be a pleasure to meet and greet you.

Now that Economy Feeds are so well introduced in the county and our patronage has been extended to all four corners let us kindly ask of you, to continue with this well-known feed and let Mr. Niedecken handle your order.

Thanking you again and hoping that you will give our successor every co-operation, I am,

VERY SINCERELY YOURS,

DID YOU EVER STOP TO THINK?

Edson R. Waite
Shawnee, Oklahoma

W. J. Pattison, general manager of the Scranton (Pa.) Sun, says:

Why do most advertisers, as business conditions slump and become depressed, immediately curtail their advertising appropriation?

The man who thinks matters through and looks ahead will at such times either increase his appropriation, or at least will not cut it.

Advertising at all times is good, but it is more effective when competitors are inactive.

The business of a man who advertises liberally during a depression period is better during that period because of it, and when business conditions begin to improve he usually comes back two or three months in advance of his non-, or curtailed, advertising competitor.

A False Premise

The theory on the part of many merchants that when business falls off it is useless to advertise is false. The engineer, when the engine is running at full speed does not put on more fuel until it shows signs of slowing up, and so it is with advertising.

If an advertising appropriation MUST be cut, do it when business is booming, but never cut it when business is dull.

All publications should preach this doctrine, not for the benefit in dollars and cents which may come to them, but for the benefit to the merchant and the community at large.

PROSPERITY

Everybody is agreed that prosperity is on the way, but thus far a great many prophecies as to the day and the hour of arrival have gone amiss.

Recent newspaper articles, however, afford every evidence that the hour approaches.

Newspaper advertising lineage, always first to reflect a business depression and first to herald prosperity's return, reached the bottom of the downward path which began last October and in April showed definite signs of recovery. Dallas, Fort Worth, Houston and Beaumont (with the exception of San Antonio the only Texas cities included in most recent lipase surveys) all showed gains in April. The weekly press also evidences better advertising patronage.

Especially significant, however, is the fact that the dailies referred to here all showed gains for April, 1930, over April, 1929. While definite reports have not yet been received, it is thought that May and June will show comparable progress.

Another happy sign is the state's recovery in building and construction lines. In May, 1930, contracts were let for \$14,368,300 worth of new construction; in June the total reached \$28,692,000—nearly twice as much. June, 1929, by the way, saw only \$13,862,000 of new construction. New construction for the first six months of 1930 totals \$124,903,000 as against \$112,835,800 for the first six months of 1929.

With building material costs at slightly lower level than obtained last year, it is obvious that in construction lines more employment is being given more people.

The fact that the First District of Texas paid to the Federal Collector of Revenue some \$22,000,000 in the fiscal year of 1930 as compared to \$21,000,000 in 1929, as cited by some newspaper editors is further evidence of an early return of prosperity.

Unusual activity in the Rio Grande Valley section of the state, tremendous railroad construction scheduled to begin immediately in West Texas, and increased highway construction, provided for throughout the whole state, also point to increased prosperity.

All-time records for port activity in Houston were tumbled down last week when a single day witnessed the arrival and departure of 38 sea-going vessels. Corpus Christi, Galveston, Freeport, and the Sabine

 How **CARDUI** Helped Her
 Mrs. W. A. Cox, a well-known professional nurse, of Burnside, Ky., writes: "I was in very bad health, and only weighed 110 pounds. I read in the papers about Cardui, and thought I would give it a try-out. After I had taken one bottle, I could see that I was improving. After I had taken it a month or two, I began to gain, and I weigh at present 168, and have weighed that for some time. I am now 55 years old, and can do as much work as the average middle-aged woman can. "I would advise any woman, who is weakly and in a run-down condition, to try Cardui, but not to expect one bottle to make her well. I take two or three bottles a year, now, and I feel fine."

The best book ever written has no value if not read. The finest automobile ever made is of no value if someone doesn't use it. The most beautiful flower and the most gorgeous rainbow may as well not be, if there is no one to see and appreciate them. A masterpiece of the world's greatest artist is of no consequence if it is hidden from view.

There is no value to experience if no advantage is taken of the lessons taught by that experience. Knowledge gained by years of study, and experience is of no profit to others if others do not take advantage of the results of that study and experience.

There is no one man, nor any group of men who knows everything. If anyone person knew all there was to know about anything; if a group of men knew all there was to know about everything; then it would be time to do as so many communities now do—but that time has not arrived.

When a community reaches the point in its existence where it cannot be improved upon; when the people of a community come to the stage where they are, in their own estimation, the essence of perfection and what they do not know isn't worth knowing; when the organizations get it into their heads that what they do and the way they do it is the only way it can or should be done—JUST THEN the business of those people and of that community, individual and collective, starts going backward. Then other communities find it easier to take people, trade and industries away from them.

There is nothing more costly to any community than to be satisfied with things as they are. There is nothing more detestable than an egotistical know-it-all. The bigger the man, the more eager, ready and willing he is to "take telling", and such men profit by the telling.

The second most costly attitude is failure to DO SOMETHING after being told. A man can often be excused on account of "lack of knowledge," but once telling eliminates that excuse.

There is no excuse for any community to "slip" or go backward. There is NOW more business than there ever was, but it is not going around begging some community to accept it. Any community can get business if the people of that community will quit "beefing" and go to work—not a lot of misdirected effort based on "guess" and somebody's pet hobby, but based on 1930 business sense of what is right and what is wrong in Community Business.

There ARE people who know how to build Communities and the collective and individual business of communities—lots of them, but what they have learned is not worth a tinker's waterfall to any community unless that community USES it.

purposes, to keep alive and to produce milk. Under normal conditions about half of the food is used for the maintenance of the body and the other half goes into the milk. But that does not mean that if you increase the rations above the amount the cow ought to have, she will give more milk. In other words, there is a well-defined limit.

A cow that is fed too much will produce the same amount of milk that she would if she was fed just enough. The excess food will be utilized in adding weight. That extra weight is of no value unless the cow happens to be underweight, or unless she happens to be preparing for a period when it will be necessary to draw upon a reserve. Overfeeding, therefore, leads to reduced profits.

Underfeeding also leads to reduced profits but from another cause. Self-preservation comes first always. That 50-50 division of food between what is needed to maintain the body and the amount that goes into the production of milk will not hold good when the cow is fed too little, for the simple reason that the body needs come first. When they are satisfied, then production starts. Take a cow weighing 1,000 pounds,

It Is a Fine Medicine, Says Angelo Barber

"I Lost My Appetite and Couldn't Eat What I Wanted. But Argotane Has Relieved Me and I Have a Fine Appetite," Declared Joiner

"I have just taken three bottles of this Argotane and have certainly improved," said C. P. Joiner of 723 Vick street, San Angelo, Texas, who is a well liked barber at the Angelus Barber Shop in the St. Angelus Hotel.

"For more than two years," he continued, "I suffered from indigestion and stomach troubles. I took all kinds of medicine for my case but just seemed to get worse; I ruined my stomach by eating too much sweets, rich foods and never found anything that would relieve me until I found Argotane.

"After eating, my stomach would swell up with gas and I had severe pains; this would cause shortness of breath and it was hard for me to breathe. I felt tired and worn out all the time and when night came couldn't sleep and just didn't get the proper amount of rest.

"Argotane was advertised so highly and several of my customers told me how it had helped them so I began taking it. I feel better now than I have in the past two years and seem to have more pep and energy and really feel like doing my work. All of those bloating and gas pains have gone and I can now eat things that I wouldn't dare before I took Argotane. All of my constipation has been relieved and I am glad to recommend Argotane for I think anyone who has my troubles would be benefited if they gave it a good trial."

Genuine Argotane may be bought in Snyder at the Stinson Drug Co. adv.

ports report similar increase in activity.

Wherefore most Texas editors agree that the tide of prosperity once more rolls over the empire of Texas, and that general business will soon feel the salutary effect of increased wages being paid to more workers over the length and breadth of Texas' wide domain.

MINIATURE GOLF COURSES

Construction of miniature golf courses in Texas has assumed the proportions of a major industry. No cities, and very few villages, have escaped this newest fad.

One group of New York capitalists are reported to be building several hundred of the high-class courses in the Lone Star State; while local entrepreneurs are operating chains of five to ten courses within the limits of one city.

In some instances the construction bill for a single miniature course runs as high as twenty-five thousand dollars, and employment is afforded landscape architects and skilled concrete and stone workers as well as common laborers.

Patronage of the courses is generally reported to be liberal, and operators are highly optimistic. Night play is especially favored—so much so that theater box-office receipts have been noticeably affected.

For the time being, Texans are fiercely enthusiastic "putters" but wary financial interests are wondering how long the fad, if it is a fad, is going to last.

So much capital has been invested, and so much valuable property has been converted to these little golf courses, that the stake has become a big one even for Texas which is accustomed to witness the winning or losing of millions in oil field operations.

The man who can accurately measure the duration of public interest in "miniature putting" will find a lot of capitalists and land-barons eager to listen to him.

DIARY COWS REDUCE WHEN ON A DIET

But the Reduction Is in Net Profits From the Milk and Not in the Weight of the Animal

Editor's Note—This is another story in a series of articles written by the well-known national dairy and poultry authority, Dr. L. D. LeGear, V. S., of St. Louis, Mo. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

Dieting for the purpose of reducing weight has become a great American habit, especially among the women folks. More bathroom scales have been sold in the past few years than during any period in history. A lot of harm has been done as the result of unwise and rigid diets. It is surprising the number of people who are willing to risk health for a graceful figure.

In the dairy industry we find a similar situation although for a different reason. In the last few years a good deal has been said about keeping records. Every modern dairy farmer maintains an accurate check on the milk production of his herd, and also the cost of feed. Naturally, in order to show a profit, all efforts are directed toward securing big production at a low feeding cost, and there is where the trouble is apt to start.

J. C. McDowell, of the U. S. Bureau of Dairy Industry, tells us that "a study of the records of the half-million dairy cows on test in dairy-herd-improvement associations has indicated that few dairy herds are overfed, that quite a number are underfed, and that many of the herds are fed unjudiciously."

Take the case of the farmers who feed all their cows alike, regardless of the size, age, and amount of milk produced. Only an accident will enable them to make profits in most

A GOOD PLACE TO EAT
BUSY BEE CAFE
 Ollie Morrow, Prop.

There are a number of general rules for feeding dairy cows. An old one is to feed Holsteins one pound of grain for every three pounds (pints) of milk produced. Jerseys are supposed to require one pound of grain to every four pounds of milk, with Guernseys in between.

Cows are just as individual in their eating as humans. You have to study each cow and feed according to her production. You must also study the combinations of food, in Silage, legume hays and grains when fed to the dairy cow in the right proportions will produce milk at a profit. For every dollar spent in feed you should receive from two to three dollar in milk. Study your records, weed out the poor ones and buy new cows to replace them. Weigh your food and your milk. It is much safer than measuring. Do this at least once a month. Or better yet, if you do not already have a testing association in your community, get a few herd owners together and start one. Then you can have an experienced cow-tester visit your farm once a month.

put your Telephone on Half-pay during Vacation

You'll save money... and spare yourself inconvenience when you return.

The Rumseys are going vacationing. The milk's been stopped, the ice man has been called off, and the Man Who Delivers the Newspaper has been instructed to bring no more until further notice.

But the telephone will be left at home, drawing full pay in an empty house!

Something should be done about this!

Vacation rates for idle residence telephones

One solution (provided you're planning a vacation of 30 days or more) is to place your telephone on vacation half-rates while you are away.

It's a convenient way to save money. And—this to folks who sometimes have their telephones taken out—it spares you inconvenience on your return.

That's because:

- You pay just half the regular rate.
- Service is reconnected quickly after you return—usually within 24 hours after you notify us.
- You keep your present telephone number. (You'd lose it if you had your telephone removed!)
- Your name remains in the telephone book.

If you wish, while you are away we will refer your calls to another telephone—that of relatives, for instance.

Vacation rates are available for periods of more than 30 days, but not over four months. They apply only to residence telephones.

To obtain them, mail the coupon below, or telephone the business office.

THIRD LETTER FROM MRS. D. P. YODER

Snyder Signal:

As per schedule we left our hotel in New York for the docks in Brooklyn.

We went across on the Manhattan Bridge, giving us a splendid opportunity of seeing the famous Brooklyn suspension bridge—the longest of its kind in the world.

We soon were on board our ship and it was 4:30 p. m. when we set sail.

We saw the Statue of Liberty on leaving and bid farewell to dear old U. S. A. for a new experience on the great blue deep.

One surely has to experience it to realize the wonder and grandeur of it all.

We were only out a few hours until many began to realize that there was such a thing as being seasick.

This did not last so long though with myself but Fred with others were sick for four days. Saturday night we had a very rough sea and many on our ship were very sick.

This is our fifth day out and every one seems to be on the "mend" as the ocean has gotten smoother.

There is in the Wicker Tour 23 members. In the Bible Institute of Research are 100 members. We had Sunday School and Church services Sunday, also a Vesper service at 5 o'clock here on the boat. There are 32 ministers and many teachers on board. There are 720 on board, 191 of these compose the crew of the ship.

This boat is a French boat called Alesia. All the crew are French.

They serve breakfast, lunch and dinner. They serve it in very much style, serving 4 to 5 courses. They have 2000 plates and they serve almost one thing at a time.

The bread is very tough and everything is cooked in French style. They also have a French orchestra to play at the dinner hour.

We are having splendid lectures at 10:30 a. m. on Europe and in the evening on the Holy Land.

We certainly consider ourselves very fortunate in being with such a splendid group. Last night neighbors moved in. They discovered a light across the way. A ship going to America. We were permitted to send a wireless home for \$1.00. Some did. I thought I'd rather wait until I could give more definite news.

We will not get to the Azores until Friday. We will not mail our letters until we arrive at Madeira. The Sunday services were grand. You know it seemed wonderful to engage in such a religious service and surely there is that wonderful tie that binds all hearts in Christian love.

A Lutheran minister from Brooklyn preached and it was a splendid sermon. We are to have prayer meeting Friday night.

Sat. June 28

Well here it is the 9th day out. Many things happen on board a ship like this. There are 510 passengers and there is a lecture in the morning and in the afternoon. We spend three hours eating and there are always new people to meet and watching the people promenading is very much indulged in.

We had our first real thrill Wednesday when we passed three of the first islands of Azores. They were very picturesque. They raise on these islands grapes, pineapple, oranges, and bananas, coffee, many kinds of vegetables and there is quite a whole industry here also.

Saw a number of lighthouses. On this first island Ruth Elder landed on her trip across the Atlantic by airplane.

The ship was able to go between these islands. The Captain said the first time they have been able to go between in five years because it was pretty and clear they were able to do it, otherwise it would have been very dangerous. The Azores are a volcanic eruption. One of the islands has a volcano 7000 feet high.

Friday morning early we were to have a still greater thrill when our boat anchored near Paia Delgado, the largest city on this island—a population of 20,000. We had to take a tug boat and row over to the island a couple of light houses. It was such a picturesque place—so different from anything I had

religious holiday, we did not have the opportunity in buying much only as we were leaving there was a man selling some linen in the middle of the street. We bought some handkerchiefs and napkins.

We asked our driver how much he paid for his Essex car and he said \$450. Gasoline sells for 50c a gallon. The guide said it wasn't made to eat.

We took our small boat about 4 p. m. for the ship and when we arrived there the men that had come over with a lot of linen were still there and quite a good many bought things before our ship set sail again.

Tomorrow is Sunday again and will have church services. Also we have three lectures every day. Oh, yes! our dinner over on the island. We had fish, cucumbers, and lettuce for our first course, some bottled water—tasted like Pluto water. There was an intermission of 15 minutes between courses. We had peas with poached eggs, another 15 minutes, steak and french fried potatoes, another 15 minutes, cake and strawberries. Then the last, coffee or tea as we wanted. The way they serve the tea and coffee, they have two pots, one with very strong tea, and they pour in a little of that and then add water or milk. The food is so different from what we are used to, but it is good on the whole.

They serve 5 courses. They have 2000 plates on this ship and silverware galore. They have an orchestra that plays at the dinner hour.

Every one is busy writing, keeping notes and writing letters.

I have more to write so I can mail them at Madeira tomorrow. Some few sent a wireless as there was a ship going to America the first of the week. We have met some very interesting people on board.

One man, a fine violinist, made \$65,000 playing in New York and lost it all on the market. There are 32 preachers and many teachers on board.

So we have new experiences every day in meeting new people. Will write you of Madeira for next time.

Mrs. D. P. Yoder.

SOLILOQUY OF THE BALLOT BOX

With Saturday on the horizon the following is most appropriate:

I am used regularly and often. I hold the fate of men and nation in my hands. I am used and mis-used and neglected. Politicians harangue about me and preachers preach about me but I am dumb. When I do speak, I am like a phonograph. I repeat only what has been put with in me. I am always sure of an audience. Brokers stop in the mad whirl of the stock exchange; Wall street waits with baited breath to hear what I repeat. I am relayed by the flying sparks of the wireless, up and out. Ships at sea take down my message. Kings and emperors hear me in silence. I may be the voice of Godliness, or I may be the whisper of evil. Pride and passions and prejudice, power and revenge, all speak to me and through me. Men tell me their inmost secrets because they know I do not betray them. I am a sword, two-edged. I am saddened because so many neglect to speak to me. So many good people, church people, club people, forget me. They pass me by saying, "O, there are others, and what I say will not go far anyway—besides it is only 'dirty politics.' I am saddened because I want to speak the truth and righteousness and goodness, but how can I when truth, righteousness and goodness are not spoken to me? I am your enemy, your friend, your master, your servant. I am your patriotism, your love of God and country. I am your character, your destiny—as you will! I am the Ballot Box!

GIRL GROWS PIG AT SIX CENTS PER POUND

ROBY—Changing a pig into a 213-pound hog in four months at a feed cost of less than six cents per pound is the achievement of Miss Lelia Webb, farmerette demonstrator of Claytonville Community in Fisher county. When the county agent, G. J. Lane, brought the neighbors together at the girl's farm recently for the final weighing it was found that this high-grade Duroc-Jersey hog had gained 2.9 pounds daily for 87 days at a feed cost of 5 3/4 cents per pound. It took only 128 days to bring this porker to the most desirable packer weight.

The ration used consisted of yellow corn meal and a supplement composed of ground oats, cottonseed meal and alfalfa leaf meal in the proportion of 2-1-1. One gallon of skim milk used daily in mixing this feed into a thick slop which was reduced to the consistency of buttermilk by adding water. Miss Webb found that slightly more than two pounds of the grain mixture and one-third gallon of skim milk was required to make one pound of pork. Measuring profits in terms of feed, the milk brought 22 cents per gallon.

FIRST "CO-OP" UNDER WAY

DALLAS, JUNE 22—Actual operation of the new cotton cooperative plan has begun, with Harlingen, in the lower Rio Grande valley, giving the world the first view of how she works.

Harlingen is one of thirty important cotton centers in Texas where branch offices of the Texas Cotton Cooperative Association are being placed. Practically all cotton brought to Harlingen since the office opened last week has been handled by the association. Most of it has gone into the "seasonal pool," to be sold gradually throughout the year, with members receiving an advance of \$50.00 a bale immediately.

Sales are made by the American Cotton Cooperative Association, which has headquarters at New Orleans and is the agency set up with aid and supervision of the Farm Board to sell cotton for all the cooperative cotton associations of the South. This association not only has powerful support from the Farm Board, but it also is naturally stronger than any previous cooperative marketing association because fifteen associations which formerly worked independently of each other and were to a certain extent competitors with each other in selling cotton will go through the one selling agency.

This means that the association will handle many times as much cotton as ever was handled by one cooperative association before, giving it influence on the market and a standing in the cotton world which will result in better sales and other important benefits to the membership.

BETHEL NUMBER ONE WALLOPS NUMBER TWO

The Bethel Community boasts of two fine ball clubs and they lock horns every once in a while. Last Sunday at Wolf Park, Bethel No. 1 managed by Horace Townsend decisively walloped Bethel No. 2 managed by Walter Williams to the tune of 10 to 0. A large and appreciative crowd witnessed the game.

Players on Bethel No. 1 include: Harvey Barnett, Horace Townsend, Sheep Louder, Jones Chatham, Walter Townsend, Lester Gladson, Tom Chatham, Leonard Greenfield and Cicero Appleton.

Players on Bethel No. 2 include: Harry Martin, Skipper Joyce, Henry Harmon, Stanley Mason, Holley Hartley, Christie Sellers, Newt Wall, Charley Symerle and J. Spykes.

Lester Gladson with the No. 1 struck out 13 men, while Harvey Barnett for No. 1 hit a home run with the bases filled.

Another game will be played at the park, Sunday, with free admission. Crowds are getting larger as the games progress and the fans of the county are appreciating these Sunday tilts.

HARLESS-MOORE

The wedding of Miss Mariwaide Harless and Otis M. Moore was solemnized Saturday evening, July 19th in the home of the bride's parents, Mr. and Mrs. C. W. Harless.

Preceding the ceremony, which was read before an altar adorned with ferns and white flowers, Miss Eula Pearl Ferguson played a piano selection, "Love Sends a Little Gift of Roses", and Mr. Harold Brown sang "At Dawning" with Miss Ferguson as accompanist, who also played Mendelssohn's Wedding March.

Miss Harless had only one attendant, her sister, Miss Mildred, who, as Maid of Honor, wore a model of yellow georgette and carried a bouquet of white flowers.

Mr. Wise Little of Abilene as best man was the groom's only attendant.

The bride entered with the groom wearing a gown of blue chiffon and carried a bouquet of white rose buds, sweet peas and acacia.

Mrs. Moore is the elder daughter of Mr. and Mrs. Chas. W. Harless of Snyder and was a member of the 1929 graduating class of Snyder High School.

Mr. Moore is the son of Mr. and Mrs. R. H. Moore of Abilene and a graduate of Simmons University, and a four year all-conference end on the Cowboy football team. He has been coach of the Snyder High School for the past year and will take up the same work for the coming year.

Following the wedding, refreshments were served to fifty guests. The couple left immediately after the ceremony for points in West Texas and will return August 1st to make their home at the Scarborough apartments.

Out of town guests were as follows: Dr. and Mrs. D. M. Yearly, Farmersville, grandparents of the bride; Miss Jeanette Corry, Farmersville; Mr. and Mrs. E. B. Yearly, Houston; Mr. Wise Little, Abilene; Mr. and Mrs. R. H. Moore, Abilene; Miss Moore, Abilene; Mr. Ira Moore, Abilene; Miss Marcel Moore, Sweetwater.

The Times-Signal joins in happiest felicitations to this fine young couple.

LAWN PARTY GIVEN FOR DALLAS VISITORS

One of the largest and most enjoyable parties of the summer was given Thursday evening, July 17th, when Mr. and Mrs. John Keller and Mr. and Mrs. Walla D. Fish entertained with a lawn party at the Keller home, honoring Mr. and Mrs. Henry Wren of Dallas.

Nineteen tables were arranged for the play of forty-two, on the lawn, which was attractively lighted with colored lights.

A few piano numbers were given by Miss Eula Pearl Ferguson and were greatly enjoyed. Mrs. G. D. Burt, Miss Ferguson and Miss Ida Sue Wallace assisted the hostesses in serving two courses of delicious refreshments to seventy-six guests.

MRS. ERWIN HOSTESS TO SINE CURA CLUB

Mrs. A. D. Erwin graciously entertained the Sine Cura Bridge Club on Tuesday afternoon at 4 p. m.

In the bridge play, score prizes went to Mrs. W. B. Lee and Mrs. H. O. Towle.

A lovely two course refreshment was served to Meses, R. H. Curmittle, Sr., E. J. Anderson, J. M. Harris, G. A. Hagan, Vera McMullan, W. R. Johnson, W. B. Lee, O. P. Thrane, Fritz R. Smith, H. G. Introduction—Hamlin Garland, Dean of Middle West Literature—Martha Gray.

The Man—How far autobiographical?—Ina Mae Caswell.

Placement: Garland Among Our National Literary Men—Maxine Whitmore.

Questions on lesson asked by Doris Buchanan.

A delicious salad course was served to the Meses Ruth Belle Boren, Doris Buchanan, Inez Caskey, Ina Mae Caswell, Ola Lee Cauble, Elinor German, Martha Gray, Mary Harkey Dorothy Strayhorn, Maxine Whitmore and Eloise Scott; Meses, J. D. Scott and Joe Caton. Guests were Mrs. R. L. McCormick of Livingston, Alabama; Miss Esther Hargrave of Dallas; Mrs. E. J. Anderson and Miss Claire Patterson.

CHICKEN FRY AT BULL CREEK

Mr. and Mrs. Wright Huddleston entertained a group of young folks at Bull Creek with a chicken fry in the honor of Thomas Newman, as he will be leaving soon.

Games were played and refreshments were served to the Meses Pearl and May Newman, Loyce and Ila Mae Huddleston, Inez and

IRIS GRANT, THENA THOMPSON, OPAL JORDON AND IMA GENE CHILDRESS; MESSRS. LEWIS AND LLOYD THOMPSON, CECIL AND LEO HUDDLESTON, EDWIN MINOR, JOHNNIE JORDAN, SIGMUND LLOYD, T. J. CLARK, SAM HOUSTON, THOMAS NEWMAN AND BILLIE CHILDRESS.

The chaperones were Mr. and Mrs. Wright Huddleston, Mrs. Ellis, Mrs. O. E. Grant and Mr. Jordan.

Following, a nice entertainment was given at the home of Mrs. Thompson.

Others joined in at the party and all report a real time.

MRS. BRICE HONORS GUESTS

Mrs. H. J. Brice entertained with a delightful forty-two party on Thursday afternoon, July 17, honoring her daughter, Mrs. Guy Stoker of Eastland and Miss Janice Hickerson of Rosebud.

The Brice home was beautifully decorated with a variety of summer flowers.

A lovely salad course was served to the following guests: Meses, Geo. Northcutt, Joe Graham, J. C. Dorward, Collie Fish, J. D. Scott, W. J. Ely, W. R. MRS. BANKS HONORS GUEST

Mrs. Noel Banks honored her house guest, Mrs. Henry Cotton of Dallas with a bridge party yesterday afternoon at 3 p. m. at her home.

Miss Polly Porter captured high score prize and the honored guest was presented with a lovely gift.

Refreshments were served to the Meses Mavis Webb, Polly Porter, Janyce Thompson, Faye Joyce, Doris

Ruchanan, Margaret Dell Prim, Dorothy Egerton, Meva Doak, Ada Nelle Teague, Mary Frances Miller of Amarillo, and the honoree.

SLEEPER PARTY

Miss Elyne Martin was hostess to a sleeper party at her home last Saturday night.

The girls enjoyed fruit and punch at midnight and later went car riding. Those present were: Meses Maurine Martin, Laura Banks, Brookside Carr, Mary Beth Abercrombie, Eileen Upton and the hostess.

4-H CLUB ENJOYED LAST WEEK

The 4-H Club Camp held at Wolf Park last week was one of the "peppiest" camps ever held, says W. O. Logan, County Agent.

There were one hundred boys there most of the camp and something like twenty-five that came and went of there were only part time. The boys were so full of pep until pillow fighting, boxing and wrestling failed to quiet them down and some of them carried their noises on into the night. Friday morning judging of Poultry and that afternoon dairy judging kept most of the boys busy.

Jack Witherspoon and Charles Binnion tied for first place in Dairy Cattle judging, followed closely by Boyce Grimes and Halbert Rossion. All four of the boys made their placings right. Boyce Grimes won the poultry judging contest, while Ray Woody was only two points behind him and tied with John Trousdale for second place and Weldon Jeffries and Martin Murphy were so close that it was a real contest. The following boys were rated good enough to be given special coaching this week and a poultry team probably will be chosen to represent Scurry county at the A. & M. Short Course next week: Boyce Grimes, Ray Woody, John Trousdale, Weldon Jeffries, Martin Murphy, S. D. Hays, Jr., Kenneth Pitner, Jack Witherspoon and Eldon Birdwell. County Agent Logan expects to spend two days coaching the ten boys and then select three from the ten that show up best to give special attention to.

The business men in town cheered the camp up very much when Naharon Rosenberg on a truck load of watermelons rolled into camp and announced that fifteen or twenty business men had chipped in to give the boys a watermelon feed. Earlier in the day Joe Stinson had been down on the grounds and seen the boys, and at noon he sent down plenty of ice cream to go around and make the fellows feel good.

The boys acclaim Wolf Park with its shade, swimming hole, and an auditorium to do night playing in as well as a real baseball park the best camp site to be found anywhere.

Resolutions that were passed: The Resolutions committee wishes to express the thanks of the entire body of Club Boys to the following: Mrs. Wolf and sons for the use of the Park and its equipment; Stinson Drug Store for ice cream; Higginbotham-Bartlett Lbr. Co. for water tank; Economy Store and others that furnished watermelons; Texas Electric Service for ice to make plenty of cold water; Citizens Ice Co. for ice to complete Lemonade; Piggly Wiggly for chewing

gum; D. N. Price and F. B. Russell for Poultry used in judging work; Western Produce for poultry used in culling work and hauling; Neely Dairy for cattle used in dairy judging; Green Hill Hatchery for sacks etc., used in play; and also the following men for contributing their time and influence in making the camp better: Harrie Winston, R. P. Tull, W. R. Lacey, and the Club Leaders from the various communities. We also wish to thank our County Agent, Mr. Logan, for his efforts to make the camp a real success, and organized so as to mix work and play intermittingly.

Signed by: S. D. Hays, Jr., John Henry Trousdale, Martin Murphy, Committee on Resolutions.

FAMOUS PASTOR HERE AT SUNDAY SERVICES

Rev. P. C. McGahey announces that Dr. M. E. Davis of Howard Payne College will preach in the pulpit of the First Baptist Church at both services Sunday, July 27th. He is one of the greatest preachers and Bible teachers in the South. You are especially urged to hear him.

ON WESTERN TRIP

Miss Elva Lemons who is accompanying a party on a western tour writes the following from Pike's Peak, Colorado:

"I have traveled two directions at once—upwards into the clouds and backward into winter. Watching the sun rise from 14,000 feet, above sea level is a beautiful and majestic sight. This is some sky-scraper. Temperature is 34 degrees. Plenty cold. Regards to all."

The Times-Signal joins in a fine good-bye to these good folks and hope that wherever they may be located, they may enjoy health, wealth and prosperity. Mr. Tatum has an ad in this issue thanking his friends for the fine patronage that has been accorded his business.

ATTEND CONFERENCE

Earl Brown, Ben Wilson and Ed Thompson attended a two-day conference at Sweetwater, this week, on the new General Motors product, Delco-Gas. The new product is destined to revolutionize the rural and suburban angles for home cooking.

Abe Rogers and family returned home last week from a ten day's fishing trip. Did Abe have a single fish story? No, he is saying nothing, at least for publication.

Editor "Bill" Cooper of the Colorado Record was a Snyder visitor, Sunday. We have not been informed as to what mission he was here on but suffice it to say, Bill's pompadour was just as upstanding as ever—perhaps a little more so for since his elevation to the Presidency of the West Texas Press Association, that "guy" is showing unusual activity. In other words, the usual Mitchell county dormancy that "Bill" has been afflicted with has entirely disappeared and in turn, he is now a bustling busy body with "pep" showing at all points of the compass. Congratulations, Willie.

VOTERS SHOULD GIVE CREDIT TO TOWNSEND

For County Chairman, the ballot, Saturday, will have a vacant spot to write the name of a Scurry county man to handle this difficult position. Hon. Frank I. Townsend has given valiant and 100% service to the position that he has been so ably filling and his name should be inscribed on the ballot for the position. Mr. Townsend is thoroughly conversant with this position and should be remembered when the voters get to their ballots, Saturday.

MEN'S BIBLE CLASS GIVE CHICKEN FRY

The Men's Bible Class of the First Methodist Church were given a royal dinner, Thursday night, in the form of a chicken fry and all the trimmings at Wolf Park. General Factotum Billy Ely, with E. D. Curry and J. W. Scott forming the General Committee handled their part in a superb manner. Chefs W. W. Smith, J. E. Blakey and Dick Randalls were really the king-pins

Burglars Don't Seek the Limelight

—Darkness is their stock in trade. They work by stealth—unheard and unseen—their movements cloaked in secrecy. It's honest folks that seek the light. They are the only ones who can risk it.

—It's the same way in business. The manufacturer or the merchant who is not sure of his goods does not dare to advertise. Advertising would hasten the end of his business career—put him to a test he could not meet.

—The man who advertises deliberately invites your inspection. He tells you about his product or his merchandise and then lets it stand on its own merits. You can depend on him. He knows his product is good.

—That's one reason why it pays you to read the advertisements you find in The Scurry County Times-Signal. It is through advertising that you are able to keep in touch with the good things that progressive business men are spending their money to introduce and keep before you.

—Advertisements are interesting, instructive and profitable. They throw a powerful light on the very things that concern you most. Read them!

S. J. E. No. 19.
PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:
 Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereinafter read as follows:
 The Legislature shall meet every two years at such time as may be provided by law and at other times when convened by the Governor. When convened in regular Session, the first thirty days thereof shall be devoted to the introduction of bills and resolutions, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of the regular session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters then pending; and such emergency matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided however, either House may otherwise determine its order of business by an affirmative vote of four-fifths of its membership.

Sec. 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereinafter read as follows:
 Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day for the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session.
 In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.
 Sec. 3. The foregoing constitutional amendment shall be submitted to the electors of this state qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930.

Another Fine Victory Won By New Konjola

Lady Was About to Give Up Hope of Finding Escape From Stubborn Ills

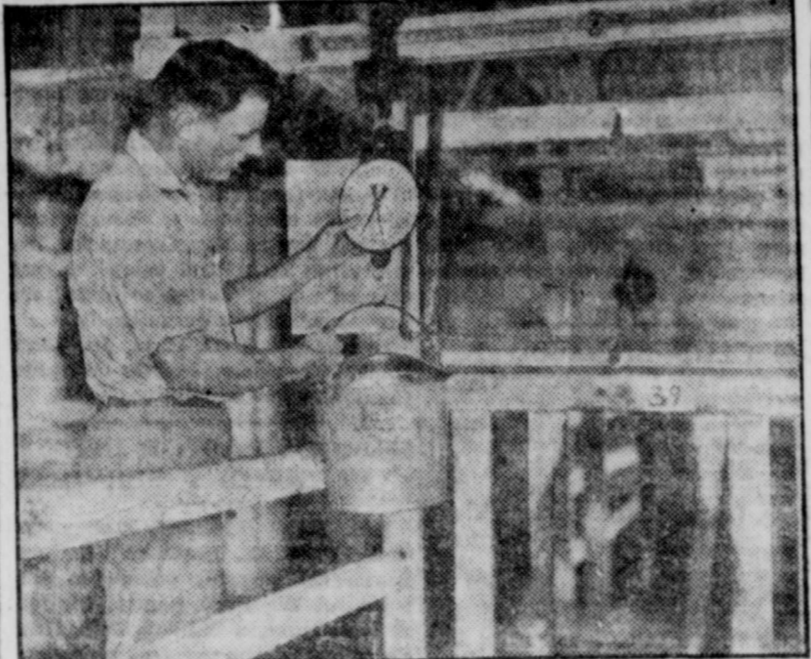

MRS. FLORA STANLEY

No wonder Konjola has won a million friends; no wonder seven million bottles were used in two years! Would you not like to know all about the medicine that wins such triumphs? Ask your druggist about it, but right now before you do anything else, read the words of Mrs. Flora Stanley, 315 North McMasters street, Amarillo, Texas. Praising Konjola, Mrs. Stanley says: "I was in miserable health for five years, the result of stomach, kidney and liver disorders. My back ached terribly and my feet and ankles were badly swollen. Gas formed after each meal, and I endured awful pains. My husband insisted that I try Konjola, and now I have a good appetite, food digests as it should, dizziness and biliousness are gone and my weight is back to normal. We will always recommend Konjola after what it did for us."
 Konjola does work swiftly, yet a full treatment of from six to eight bottles is advised for best results.
 Konjola is sold in Snyder, Texas at Stinson Drug Co., and by all the best druggists in all towns throughout this entire section. adv.

CLINT C SMALL NEXT GOVERNOR?

FORT WORTH, Tex., July 23.—I am as confident as I can be that Clint Small will be one of the two high men of the eleven candidates for governor to be submitted to the democratic voters of Texas on Saturday, the 26th of this month. It was declared here today by Lee Satterwhite, his campaign manager.
 "Close observers estimate a total of seven hundred thousand for the seven recognized leading candidates, which means one hundred thousand to each candidate if equally distributed. But summing up the vote as indicated from a close study it is my judgement that the two high candidates in the first primary will range somewhere between one hundred and twenty-five thousand to one hundred and fifty thousand votes. The next three candidates will range somewhere between ninety thousand and one hundred and fifteen thousand; the next two will range somewhere between sixty-five and eighty thousand.
 "Senator Clint Small of Wellington will be one of the two high candidates, with a vote ranging between one hundred and thirty thousand to one hundred and forty-five thousand. Sixty thousand of these votes will come to him from the Eighth, Tenth and Twelfth Congressional Districts; from the Twelfth, Thirteenth, Sixteenth and Seventeenth District, he will receive fifty thousand, and from all other sections of the state he will receive an additional vote sufficient to put him in the run-off.
 "These other candidates have been yelling their heads off that Small won't get anything but that little West Texas vote! It begins to look by this time like that West Texas vote won't be so little.
 "Take a map of Texas and a ruler. Put that ruler down, and draw a straight line from Denison, on the Red River, right down through Ft. Worth, to Del Rio on the Rio Grande.
 "In this split you will be able to

COW TESTING BRINGS PROFITS

Weighing and testing each cow's milk in the herd is the only sure way to bigger milk and cream checks, 400 Texas farmers are showing in dairy herd demonstrations conducted by county agents.

recent month that a cow can't begin to pay profits there until she has given 321 pounds of milk, or stated another way, the first 15.4 pounds of butterfat went to pay the feed bill. Many counties are reporting that green pasture cuts the cost of producing butterfat as much as 10 cents per pound in some cases, and that sometimes an acre of sown pasture returns more money than an acre of cotton.
 M. W. Hopkins, Grayson county farmer, is shown in the illustration weighing and recording one cow's production in his large herd. "Testing is entirely practical for any dairy farmer," he says, "and the only way I know to lay the foundation for a profitable dairy business."

SCOUTS MEET

The Boy Scouts held an inter-

esting session at the Baptist Church, Monday night, with Troops 47 and 48 meeting. Judge Charles Seagraves gave the boys an interesting talk on "Abolition of War", that greatly appealed to the boys owing to the fact that Judge Seagraves is the possessor of a Distinguished Service Medal given by Uncle Sam for bravery under fire, in the Chateau Thierry sector during the World War.

The Peace Societies should get busy in New York, Chicago and other large crime centers and stop the gang war.

To The Voters of Scurry County

On account of sickness and the many duties of office, I could not make a personal canvass of the County and City, so I am taking this method to solicit the influence and vote of each and every voter, both men and women.

I am making this race on my record and invite each of you to investigate same, and if satisfied cast your vote for me for County Judge on July 26th.

It is my desire to serve Scurry County and if elected will give the best in me to my county and people, promising faithful service and courteous treatment to every citizen of our county regardless of his station in life, his religion or political association.

I wish I could have seen and talked with each voter personally, but could not, so will thank you to consider this a personal solicitation to each of you for your support.

Taking Stores of Canned Foods on Board a U. S. Battleship.

FEEDING THE NAVY

Whether our legislators decide to build up our navy to actual parity with Great Britain or not, they are all in accord on one subject, and that is that the personnel of the aforesaid navy must be well fed. In an article in a recent number of The Canner, Frederick Krassner of the Brooklyn Naval Supply Depot reveals with what meticulous care the huge quantities of canned foods which our gobs consume are selected for them. The problem of meeting our Navy's requirements in this respect will be appreciated when it is realized that it purchases approximately 25,000 tons of canned products in the course of a year.

"The scientific progress achieved in the art of canning foods," says this article, "and the variety of canned products available are factors which are responsible for the widespread use of such products in the Navy. As a result, the enlisted man aboard a ship of the American fleet is now able to enjoy the full benefits of a well-balanced ration both in times of peace and in times of war."

"If they can, they can it," takes on an added significance in dealing with the Navy. Due to the variety of products required, there arise the problems involved in refrigeration and storage space on board a ship, which does not conveniently adapt itself to loading up with the greater bulk occupied by fresh products. This is particularly so in destroyers and submarines, where space is even more limited.

A Well-Balanced Ration
 "However, without sacrificing practically any of the nutritional elements involved, or in any way impairing the physiological efficiency of the men, as borne out in recent studies made by commanding officers of ships and medical officers, scientific advances made in the canning industry have made it possible to utilize this large variety of products in liberal quantities. It should, of course, be borne in mind that for a given diet in order to be well-balanced in all respects, supplementary additions of available fresh foods such as milk, vegetables and other similar products are also used liberally."
 The writer then goes on to describe the care with which the quality of canned foods is judged, and to enumerate the requirements of the Navy in this respect, and continues: "It will thus be seen that every precaution is taken so that Uncle Sam's Navy is well taken care of as regards the quality of canned foods purchased. It should, of course, be pointed out that the Navy's demands in these respects can usually be met by most contractors, the products obtained corresponding in general to the high-grade products used in the household."

POLAR NEWS

By Mrs. J. A. Martin

Last Tuesday night our community was favored with an address from Judge Bryant, our present district judge. Dr. Johnson of Snyder and Judge Davis of Clairmont also made short speeches in behalf of their candidates.

Mrs. S. O. McFall honored her husband with a birthday dinner Wednesday evening. It was intended for a surprise but like most men he had to be too inquisitive. Mrs. McFall had the table artistically set and laden with good things to eat. Guests who enjoyed the occasion were: A. C. Elkins and family, R. A. Moore, J. A. Martin and family, and Jim Mitchell who also had a birthday Wednesday. Sid says he is going to have one more birthday, so the guests went home hoping that they might celebrate.

A number of young people met at the Cantrell home Friday night and organized a senior B. Y. P. U. with 7 active members. After organization the group of young people were served punch and cake.

Prayer meeting was well attended Saturday night and good spirit was manifested. A. C. Elkins led the meeting in a worthy way. Every community should be proud of men like Mr. Elkins, who not only stands for right in church and home, but in our schools, and politics as well.

Alvin Cantrell, one of our young Christians will lead next Saturday night.

Sunday school was not very well attended Sunday but a good sermon was preached by Bro. T. L. Nipp after Sunday school. Following the sermon nine juniors met and organized a Junior B. Y. P. U. with Ida Bell Cantrell as president, Areltha Viek, secretary-treasurer; Doris Weatherly, chorister; Betty Hoyle, group captain and chairman of program committee, and Lois Lovelady vice-president.

Singing was well attended Sunday night. The Kent Co. Convention meets with Polar in August.

Mr. and Mrs. Carlile left for east Texas Saturday where they will visit Mrs. Carlile's parents.

Mrs. Hugh Huckabee and children of Rotan were the guests of her sister, Mrs. S. B. Weatherly last week. Glyn Weatherly and Marjorie Heffner also returned home from Rotan.

Howard White and family visited relatives in Lamesa last week.

CONGRESSMAN MARVIN JONES

In the coming primary, the Democrats of the Eighteenth Congressional District, composed of Fifty-three Northwest counties, will no doubt show their appreciation of a conscientious, wise and capable public servant by voting for Marvin Jones for Congress.

Mr. Jones was first elected in 1917 and has served continuously since that time. By native ability and through industry and experience he has become one of the most effective and highly respected men in the House.

If the entire House of Representatives were composed of men like Marvin Jones the standing of the National Congress would be a source of general pride. Mr. Jones does not seek the limelight. He does not speak merely to get into the record, but when he does speak he has something to say, and the members of the House always listen to him.

Mr. Jones has had very little opposition, and in the few instances when it has developed his opponent has accepted defeat with little surprise, and everybody seemed to have a good time. His merit is recognized, and each added year finds Mr. Jones more strongly entrenched in the esteem of his constituents. Even those who disagree with him occasionally on national questions are proud of the manner in which he serves all of the people of the district, and of the record he has made.

The people of the Plains are always glad to support Marvin Jones.
