

Miss Janice Erwin Named as Snyder Sponsor at W. T. C. C.

Speaking Honor For Longbotham Girl, Say Judges

Snyder is making elaborate preparations for the West Texas Chamber of Commerce convention at San Angelo on May 14-16.

The high school ignited the first huge spark of interest Monday evening when Miss Geraldine Longbotham was declared winner of the local "My Home Town" speaking contest, out of a field of 11 finalists.

Next came a called meeting of the Chamber of Commerce directors Wednesday morning, which resulted in selection of Miss Janice Erwin as Snyder's representative in the Rainbow Roundup, an all-Texas show and revue to be staged at the convention.

The directors likewise made preparation to take the Tiger Band to the convention city on Tuesday, May 15, and to make a concerted effort to have a Snyder delegation of at least 100 persons in San Angelo on that day. Plans are being made to raise expense money for the home town speaker and her sponsor, Miss Erwin, for the band boys and their director, Clyde Rowe; and for the Rainbow Roundup representative. A Chamber of Commerce committee will make a drive early next week for this purpose.

The second place prize, Miss Erwin is the daughter of Mr. and Mrs. A. D. Erwin of Snyder. She was graduated from Snyder High School in May, 1932.

San Angelo is getting ready far in advance for the entertainment of the throngs expected to attend the sixteenth annual convention of the W. T. C. C.

Detailed preparations of arrangements are in the hands of a dozen sub-committees of the general arrangements committee from the Board of City Development, headed by William Hemphill, Jr.

ROAD ROBBERY AT HERMLEIGH

A daring daylight hold-up on Highway No. 7 two miles south of Hermleigh Friday afternoon was reported by a representative of the Ponca Wholesale Company, Abilene.

No clues as to the identity of the man and woman who stopped the salesman with a bullet that crashed through the truck window near its head have been said by the salesman.

The salesman said he refused to stop when ordered to do so by the man who drove beside his cab-truck, the Sweetwater Reporter relates. "At that the alleged bandit opened fire, a bullet hole in the truck being the mute proof."

"The man and woman in a tan Ford V-8 coupe took his money, a watch and some merchandise from the truck."

The salesman covers the Snyder territory regularly. He was a Manhattan Hotel guest Thursday night.

A short driveway winds among mesquites, cactus beds, flower beds, rockeries and campers' tables.

The park is the major project in this county under new beautification plans sponsored by the State Highway Department. Mrs. Lee T. Simson, county chairman of this work, and G. R. Austin, local highway superintendent, are largely responsible for the beauty spot.

COUNTY AGENT FOR WOMEN TO BE EMPLOYED

The Commissioners' Court, by 3 to 2 vote, sets budget for home demonstration worker.

The Commissioners' Court in regular session last week voted to employ a county home demonstration agent for the remainder of the year, and to provide an emergency budget for her salary and equipment.

After being requested by a number of county women to provide an agent, the court heard the matter as put by Lee Grant, while Holly Shuler and Forest Jones voted no. Judge Robert H. Curmiste broke the tie and assured passage of the motion by voting yes.

The motion calls for a salary appropriation from the general fund of \$400, or \$50 per month for the remainder of 1934; a supply and equipment appropriation of \$100.

The Extension Service will supplement the county's appropriation of \$50 monthly with \$100 monthly salary. County Judge Robert H. Curmiste stated this morning that he expected to hear from Miss Myrtle Murray, district agent, within a short time, in regard to appointment of the new agent.

Bridge And Walk For High School Campus Finished

Forms were removed early this week from the sidewalk that leads across the new school campus from the new Dry Creek bridge to the north-to-south rock wall. The bridge was opened for traffic last week, after completion of approaches was made.

Work is going forward now on a 15-inch rock curb inside the new roadway leading from the bridge to 28th Street. Later, a similar wall is planned just below the higher wall running the length of the campus. Two sets of state steps will also be constructed soon.

Four inches of gravel will be placed on the new road, beginning at Avenue O, leading to the high wall, and continuing to 28th Street. Improvements are also being carried forward on the 27th Street stretch between the campus and the R. S. & P. tracks.

Superintendent C. Wedgeworth estimates that at least 1,000 trees, shrubs and flowers have been set out below the wall, and a smaller number around the school buildings and on the lake grounds.

Work is likewise being carried forward on the 28th Street bridge across the creek.

Veterans Recall Poppy Blossoms On Battle Fields

The memorial poppies which the women of the American Legion Auxiliary will distribute here on Poppy Day, Saturday, May 26, will recall vivid pictures to the minds of World War veterans who served overseas, according to members of the local American Legion Auxiliary.

The poppies blooming amid the ruins of destruction of the battle front, and among the bare graves of the dead, left an unforgettable impression on the American soldiers.

When the American divisions drove forward in the great offensives of 1918 they entered a region torn, desolated and trampled by the most tremendous battles of history. Destruction and death were everywhere but amid it all the little red poppies bloomed on.

The six-day Boy Scout school for men ended Tuesday night with 19 men present. On the previous Monday night, 21 men had climaxed the school by trekking to the Thompson place, southeast of town, for a five-hour camping expedition.

A. C. Williamson of Sweetwater, Boy Scout executive of the Buffalo Trail Council, declared the meeting a decided success, in spite of the fact that attendance was considerably cut down because of bad weather and conflicts.

About 25 men attended as many as two or three sessions of the school, about 18 missed only two sessions, and 10 attended at least five sessions, which was necessary for securing a certificate.

The Beaver Patrol, led by Clyde Boren, won school honors when four of its members qualified for the certificate. The Rams, led by W. R. Lacey, were a close second, while the Hoot Owls and the Comanches trailed. The latter two patrols favored the two winners with a dixie cup course as the school concluded.

Enthusiasm for organization of two Boy Scout troops was at a high pitch Tuesday night, as several men expressed their 100 per cent backing of the movement. Troop committees of the American Legion and the Lions Club met Tuesday evening.

A Chicken Coop or A Postal Building?

"No, no, you must be wrong! This is too big for a chicken coop."

"Well, it certainly looks like a chicken coop from the outside. But maybe we'd better look inside and be sure for Mrs. Chenault, it was the post office."

"See, what did I tell you! It is the post office, though heaven knows why!"

"You must be right. But you must admit that all it lacks of being a perfect chicken coop is a few roosts and nests."

"This conversation, or its equivalent, occurred just outside and just inside of the Snyder post office during the Parent-Teacher convention Friday."

SNYDER TAKES SECOND PLACE IN BAND MEET

Loving Cup Awarded High School Musicians in Annual Event at Simmons Friday.

Several members of the local band took part in a musical concert of about 250 boys and girls at the conclusion of the band and individual contests.

Showers in this area and heavy rains in the Panhandle prevented the attendance of at least 25 to 50 visitors. P.-T. A. officials believe.

SHULL STORES CHANGE HANDS

Perry Brothers, with headquarters in Lubbock, announced the purchase last week of the two local variety stores owned by Clyde Shull. J. C. Gay, who comes from Comanche to manage the concern's interests here, states that the west side store is being closed out, and that the two stores will be combined at the newer and larger north side store.

The Snyder store is No. 63 in the Perry group. Clyde Shull, a merchant here for several years, has announced no plans for the immediate future.

Southern Methodist Body Details Creed

A new social service creed was adopted by Southern Methodists in their general conference at Jackson, Mississippi. The lengthy sessions are being attended by Mr. and Mrs. D. P. Yoder of Snyder. Mr. Yoder is one of the lay delegates from the Northwest Texas Conference.

The conference, among other outstanding actions, passed a memorial emphatically endorsing the senate's investigation of the munitions trust; adopted a resolution condemning the dissemination of liquor and cigarette advertising on billboards, in the press and over the radio; and adopted a new social creed modernizing the discipline on social service.

THE WEEKLY DOZEN

Like a Half-Baked Clam.
 Talkative Tillie says the first thing she says to a sidewalk or a door-to-door salesman is this: "How much taxes have you paid in Snyder?" That closes 'em up like a half-baked clam, she will tell you.

Straw Hats in West Texas.
 Pessimism Pete says the only reason he can find for wearing a flat straw hat in West Texas is the same reason that a man has for staying out late at night when he knows blame well his wife will be waiting up with a rolling pin.

Parking—But Not With Cars.
 Let us park. Not with cars, but with our world-weary bones . . . down where shade trees and a stream are prime elements . . . down where Snyder has built a lovely little park . . . somewhere. The park is not yet built, of course, but many a citizen is looking forward to this project. Certainly there is no greater need.

"I Love Old Mothers."
 If you are a subscriber to Progressive Farmer, you will delight to read "Old Mothers." Charles Ross's remarkable poem, in the current issue, "Old mothers!—As they pace with slow-timed step their trembling hands cling gently to youth's strength." Lovely lines, both, for those who consider Mother's Day, May 13, more than a marked spot on the calendar.

The Question of the Day.
 With schools closing in all parts of the country, many a parent is asking the age-old question, "What is education?" Education is life, the philosopher will say. And life, as the wit has it, depends on the liver. The school system performs its greatest task, after all, when it provides young people with a sturdy background of character, culture and a desire to work hard for a living.

The City of Highways.
 Only a master mind could prophesy the ultimate value of Snyder's three highway connections. Now that No. 7 has been federalized, it is not beyond the realm of hope that we shall become a focal point for one of the state's most consistent streams of traffic. The city would do well to plan carefully and futuristically for the entertainment and convenience of its increasing transient traffic.

What of the New Leisure?
 Although "the new leisure" has not made its debut in many Scurry County homes, the old leisure is always with us. So it was a particular delight for our people to hear Mrs. Dingus of Texas Tech when she delivered her masterful Friday evening address on the new leisure that has come with NRA and its offsprings. She made it plain that the use of leisure in all ages determines the character and the culture of the sons of men.

An Old Question Revived.
 A visitor to the Parent-Teacher convention last week revived a question that has often perturbed Snyder folk. When is a chicken coop not a chicken coop? The answer, obviously to those who have resided here for years, is this: When it is a post office. But the strange lady who found the answer so readily deserves a laurel for her quick divination. Would that Postmaster General Farley or some other dignitary could see the answer!

Crossing the Ocean Blue.
 The West Texas Chamber of Commerce has crossed the ocean blue, and rounded the Rock of Gibraltar in its search for an outdoor show appropriate for the WTCC convention at San Angelo this month. It seems a pity that no artist has compounded a show with Texas background that would be worthy of the convention. Perhaps the steering committee deemed it wise that "Nights of Venice" be portrayed in order that the high spirit of cooperation worked out by Mussolini might be in the saddle at San Angelo.

Woods Makes Good.
 The fires of L. A. Woods' campaign for reelection as state superintendent of public instruction are burning brightly. The average citizen has been particularly pleased with Mr. Woods, who, with aid of capable assistants, has been able to: Practically close the gap between city and rural schools; provide more supervision and less inspection; and provide more school for the money, instead of more money for the schools. Scurry County, in particular, will add another star to his crown: The reelection of Pat Bullock as one of his chief aides.

Scouting and the New Deal.
 The New Deal in all things has fortunately called the attention of thoughtful parents to the fact that their children have been neglected during the years of prosperity and depression. Now that we are apparently entering into an era of conservative prosperity, movements that build better men and women are securing the attention of an increasing number of adults. Snyder, along with many other towns, is realizing the value of Boy Scout work, and is de-

A Pastor Resigns.

Now that Rev. Philip C. McGahey has gone from Snyder, his community-wide influence is doubly appreciated. Although the writer of this editorial was a member of this eminent pastor's congregation, he pauses to write a few words of eulogy with the assurance that no man will accuse him of religious on-sidedness. The departed pastor cultivated the all-too-scarce faculty of being a friend to man. Creed, money, position, . . . Brother Mack, as he is affectionately called, had no regard for these factors in his quest for someone to whom the Gospel's helping hand might be given. With him, friends were friends, for a' that.

A friend to his flock, to his community, to his distressed neighbor, and particularly to his Creator, Brother Mack has joined that enviable and exceedingly small group of those who are gone but not forgotten.

Public Expenditures Reduced!

"Texas is one of a very few states which has been able to meet the expense of its relief program, carry on its ordinary governmental functions, and at the same time substantially reduce public expenditures."

That rather startling quotation might be scoffed at by the average citizen had it not come from no less an authority than C. A. Jay, executive vice president of the Industrial, Commercial and Agricultural Conference of Texas.

You will be interested in other quotations from this outstanding authority on tax questions, and perhaps you will thus be constrained to give more praise and less blame to the men who represent us at Austin. Read, and be surprised:

"The Legislature cut the four major appropriation bills approximately 14 million dollars; the cost of carrying the relief bonds, together with other emergency appropriations since made, will still show that at the last session of the Legislature a net reduction of approximately 12 million dollars was made in state appropriations. Under the functioning of the Uniform Budget Law, substantial reductions in expenditures have been made in practically all local units of government throughout the state.

"At the last session of the Legislature, several constitutional amendments which will form the foundation for further reduction in public expenditures were submitted to the people, and a number of laws which will provide better administration for the fiscal affairs of state and local government were enacted; and the Legislature very resolutely stood for a conservative policy in the matter of incurring public debt, either by the state or by local units of government within the state.

" . . . It is my belief that the forty-second and forty-third Legislatures did more in the way of sound constructive legislation designed to secure economy in government than has ever been done by any other two Legislatures in the history of our state."

EDITORIAL OF THE WEEK

SAUCE FOR THE GOOSE IS SAUCE FOR THE GANDER.

In Brady Standard.

"The best-laid plans of mice and men Gang oft a-glae."

The poet, Robert Burns, expressed that truth over a century and a half ago, and it writes still appear undisputed. Take the case of Texas' public enemy, Raymond Hamilton, escaped convict, accused killer, and former associate in crime of the notorious Clyde Barrow. Hamilton laid a nice plan to rob a bank Wednesday afternoon of last week at Lewisville, in Denton County,—and to make his usual quick getaway. But his plans went "a-glae." He was cornered in a small neighboring community and surrendered to officers without a show of resistance.

Barrow still manages to elude the officers, and up in the Wisconsin area the killer, John Dillinger, continues to run amuck, with a mounting load of wanton killings being charged against him. It is inconceivable that such desperate menaces to society can long outdistance the relentless chase of state and federal officers. And our guess is that when finally cornered, they will squeal for mercy like the yellow rats they are.

One of the almost unbelievable features of the Dillinger case is that a petition is being circulated by a Wisconsin bank clerk and numerous signed and endorsed, asking that amnesty be granted Dillinger, or leniency shown him, because, as the petition alleges, he did not get a fair trial in his first offense, and the punishment meted out was too severe.

Strange logic to use in excuse of wanton murders, defiance of law and order, and the cutting of a wide swath of bloodshed and terror in a civilized community and nation.

In fact, there is too much maslin sympathy with crime and criminals. A great hullabaloo has just resulted from press reports that convicts were hitched up like mules to plaster on an Arkansas prison farm, in an effort to get crops planted and because of the shortage of work animals. It was declared as "brutalizing."

There is no record of complaint being made by the prisoners themselves; the planters, drawn by six husky men, weighed but 100 pounds, the ground was thoroughly pulverized, and there is no evidence that they were driven harshly or worked beyond their strength.

Mules and horses and tractors are associated with motive power for farm machinery, it is true. But so are tractors and steam shovels linked with ditch-digging and dirt moving. Yet when free labor is employed with pick and shovel to perform these self-same tasks, is there anyone to express indignation, and to talk "brutalizing"? None that any reports have so far disclosed.

Since his a theory that convicts, no less than free men, should work at whatever tasks for which they may be fitted, or which may be necessary for them to perform. "Idle hands are the devil's workshop." Drawing a planter can not possibly harm a man's character or destroy his spirit as much as so enforced idleness. Less sentimentality and more common sense appears to be needed in the handling of prison charges.

Any Jackson County, Florida, school teacher finds dancing or attending a dance during the school term forfeits his or her position.

terminated to give her boys a New Deal in character, education and interest. Of such realizations are made stalwart citizens of the future.

Our State Senator.
 Fortunately for this district and for Texas, Wilbourne Collier of Eastland, does not have to stand for reelection this year. Fortunately, because Senator Collier's efforts to reform our state judicial system have been more than enough to earn his seat at Austin. Scurry County looks forward to seeing many more of your suggested reforms in action, Senator.

DRIVE IN AND TRY A TANKFUL! GULF there's more power in THAT GOOD GULF GASOLINE Olds Service Station Handles Gulf Petroleum Products Northeast Corner of Square

GULF WINS MORE "HILL TESTS" THAN 32 GASOLINES COMBINED Will your car have more power on any one gasoline? HERE'S YOUR ANSWER... Gulf tested a total of 33 gasolines on famous American hills—12 hills in localities from Massachusetts to Georgia—and here is what they found... The power of different gasolines varies widely! And of all 33 gasolines, Gulf is uniformly best. 7 out of 12 times, it propelled a car and load up mountain grades farther than any other gasoline tested! It won more hill tests than 32 other gasolines combined! Prove it! Drive into a Gulf station, fill up, and test the power of That Good Gulf for yourself! HOW 33 GASOLINES RANKED (IN ALL TESTS TO DATE) EACH OF THE BRANDS of gasoline tested is indicated on the chart by a letter, A to Z6. Note that Gulf gas was uniformly best! Other high-ranking gasolines varied widely in different tests. © 1934, GULF REFINING CO., PITTSBURGH, PA.

Hobbs News

Mrs. Jessie Etheredge, Corresp.

There were no church services at Hobbs Sunday. The ladies were all busy preparing lunch for the singing, and it seemed best not to have services. There will be Sunday school next Sunday morning and B. Y. P. U. Sunday night. Friday night, April 27, the Hobbs High School presented "A Southern Cinderella." A large crowd attended and all seemed to enjoy the performance of the girls.

Monday afternoon at the regular assembly period the students enjoyed a very interesting debate between two seventh grade students and two high school students. The question was, "Resolved: That the Monroe Doctrine Should Be Abolished." The seventh grade students took the negative side of the question and won the debate, much to the disappointment of the high school students.

Wilford Lipham suffered an attack of appendicitis one day the first of the week and had to be taken home from school. We hope that his case is not serious, and he will soon be able to return to school.

Mable Etheredge spent the week-end with Julia Anne Neel of Claytonville. While there the girls were thrown from a horse and Mable suffered a broken collar bone and a dislocated shoulder. Julia Anne received a few scratches but no serious injuries. We hope that Mable will soon be able to return to school.

Mr. and Mrs. N. C. Rodgers have as their guests Mrs. Cora Clapp of Uvalde, New Mexico.

On last Thursday afternoon the Hobbs Home Demonstration Club met at the school house for the purpose of making foundation patterns.

W. W. Cane is expected to make a business trip to Post this week. Little Miss Fay Etheredge, who has been visiting with her sister of that place, will return with him.

J. C. Conrad, Alvis Yeats, Rex Fields, Cotton May and Wilbur Porter made a trip to Carlsbad, N. M., the past week-end. They report a wonderful trip.

The fifth Sunday singing met at Hobbs Sunday, April 29. A large crowd attended, and all seemed to enjoy the singing. There is some talk of making Hobbs the permanent meeting place for the fifth Sunday singing.

Martin Reep and family and Mr. and Mrs. Oscar Tankersley took dinner with Mr. and Mrs. Sam Etheredge Sunday and attended the singing afterward.

While some damage was done to crops and gardens and fruit trees on several farms, the storm seemed to center around the China Grove store.
