THURSDAY AFTERNOON AND THIRTY-SEVEN

ISSUE
NUMBER 40

SOIL PROGRAM FOR 1937 WILL BE DISCUSSED

New Committeemen Also to Be Elected in Meetings Held in County Next Week.

Explanation of the 1937 soil conservation program by County Agent W. R. Luce and election of committeemen to administer the new program will be chief features of community agricultural meetings to be held throughout Scurry County next week.

The 1937 program is strictly a one-year sign-up, and the entire plan is voluntary. For the most part it is like the 1936 program, but a few changes and adjustments have been made.

Interested farmers are requested to take notice of the following dates and meeting places:

Tuesday, March 16—Pleasant Hill, morning; Union, afternoon; Plevana, night.

Wednesday, March 17—Camp Springs, morning; Plainview, afternoon; Hermleigh, night.

Thursday, March 18—Canyon, morning; Inadale, afternoon; Dunn, night.

Friday, March 19—Blson, morning; Emis Creek, afternoon; Ira, night.

Saturday, March 20—China Grove, morning; Snyder, afternoon.

Morning meetings will be held at 10:00 o'clock, afternoon meetings at 3:30 o'clock, night meetings at 7:30 o'clock.

Snyder Teachers on Week-end Program of Westex Teachers

Three local teachers attended sessions of the second annual convention of West Texas Teachers Association in Lubbock the past week-end, and two of them appeared on the program.

Hadley Reeve, principal of the local elementary school, gave a discussion of "Course of Study in the Elementary Grades," and Miss Dorothy Strayhorn talked on "Language Arts" in Snyder on the Friday afternoon program.

Dr. Grayson N. Kefauver, dean of the college of education of Leland Stanford University, was the featured speaker during the two-day meeting. He is a personal acquaintance of Miss Mattie Ross Cunningham, Snyder teacher who took her masters degree from the California school last year. Miss Cunningham, Latin teacher in the local high school, was the other convention attendant from Snyder.

Contouring of Land Proving Popular in Farm, Ranch Areas

Carl Gray of Big Sulphur, the Diamond M Ranch and Sam Hays are among ranchers and farmers who have taken advantage recently of the contouring assistance offered by the county agent.

An increasing number of demands for lines to be run for contouring is reported by the agent. Plans are being worked out for working on many other county farms and ranches in the near future.

Contouring points out the agent, usually means throwing two furrows together at intervals through the pasture, depending on the slope. Contouring has three main values: To aid in checking runoff water; to aid in checking wind erosion; and to prevent washing away of grass seed.

Masons to Abilene Meet.

Several Snyder Masons are expected to be among lodge members from 40 towns who will gather in the A. C. C. gymnasium, Abilene, Saturday evening at 7:30 o'clock for presentation of the master's degree by the Full Form Degree team from the Alexander C. Garrett Lodge in Dallas.

ALMANAC

Honest men and knaves may possibly wear the same clothes.

MARCH
12—Gen. U. S. Grant is made commander of Union armies, 1864.
13—First blood of the American Revolution is shed, 1775.
14—El Whitney patents cotton gin, changing southern agriculture, 1794.
15—Gen. Pershing set out on punitive expedition into Mexico, 1916.
16—American ship sails with load for stirring Russians, New York, 1952.
17—British evacuated Boston, giving Americans new hope in war, 1776.
18—200 negro emigrants sailed for Liberia from Savannah, Ga., 1820.

TENNIS

Plans for construction of an all-concrete tennis court on the school campus are about to hit a stump, reports W. C. Hollis, teacher, who is in charge of raising funds for the work.

The court can be built on a total cash outlay of \$150. Total cost of such a court would be several hundred dollars, but the major portion of this cost would be borne by WPA.

Only slightly more than \$50 has been subscribed to date. Those who wish to have a part in building the court are urged to call Hollis, No. 487W, at once. "If we don't raise the money immediately, the project must be abandoned," declared Hollis yesterday.

Sponsors of the concrete court plan point out that such a court will give not only the school but the town as a whole a year-round all-weather site on which to play the popular game.

MONROE ASKS TO BE CHOSEN BY CITY AGAIN

Interest Centers on Council Races, Since This Is "Off" Year in Snyder Politics.

Only one race definitely looms for the city election, which is slated for Tuesday, April 6.

Dwight Monroe, north ward councilman, is in the race for re-election, he told The Times late last week, as he made his formal announcement.

Friends of H. L. Wren last week placed the hardware man's name before the voters for election to the council job now held by Monroe.

The name of S. J. Casstevens, tin-shop owner, was submitted last week for the east ward council post now held by G. H. Leath. Leath had not announced last Wednesday, nor had an announcement been received from W. J. Ely, west ward councilman.

Interest in Councilmen. Interest in the city election, slated for Tuesday, April 6, centers on these three council races, since this is an "off" year for other officials.

Mayor, the other three councilmen, marshal, city secretary, and city recorder were selected last year, and will not be before the voters again until 1938.

Councilmen who are not up for election this April are: O. D. McClain, north ward; Forest Sears, west ward; Willard Jones, east ward. The other officers are: Dr. H. G. Towle, mayor; John Lynch, marshal; J. S. Bradbury, city secretary; H. V. Williams, recorder.

Names should be filed for the city ticket not later than Tuesday, March 16, in order that absentee ballots might be available in ample time for voting, the city secretary said yesterday.

Ben F. Thorpe Has Opened Law Office

Ben F. Thorpe, known throughout this part of West Texas as a school leader, has opened law offices in the Towle Jewelry Building, north side of the square. He may be found in the southwest corner of the second floor, in the three-room suite occupied by J. W. Scott and the Chamber of Commerce office.

Thorpe secured his state license to practice in civil and criminal courts two years ago, after studying law at home and taking special work at the University of Texas law school, Austin.

Teddy Vinson Honored. Teddy Vinson, son of Mr. and Mrs. T. R. Vinson, Borden County ranch people, received signal honors last week at Texas Military College, Terrell, where he has been studying for the past two years. He received a silver star, which goes to the cadet who is considered best in athletics, academics, conduct and military training. The local boy was also recently decorated for outstanding work with the military school band.

SATURDAY SET FOR RANCHERS

Saturday afternoon, 2:30 o'clock, in the courthouse, were set yesterday by County Agent W. R. Luce as the time and place for a meeting of county ranchers interested in the new government range conservation program.

A number of applications were made by ranchers who gathered here Monday, March 1, to learn first details of the extensive program.

Further explanation and making of applications will be featured at the Saturday meeting.

COUNTY GRAIN CROP LOOKING UP AFTER RAIN

Old-Timers Think Scurry Will Have Heaviest Yield of All Grains In Her History.

Scurry County's largest acreage of grain on record promises by far the largest yield on record.

Old-timers and new-timers offer this prediction on the heels of the slow, soaking rain that averaged more than an inch throughout the county and trade territory last week-end.

Farmers and ranchers who have been in the county more than 30 years say the drizzles, showers and mists that fell from Wednesday night through Friday night represented the most helpful moisture they can remember in March.

Other Prospects Good. Nor are prospects for good yields confined to wheat, oats and barley alone. Garden prospects are excellent, and many a seed has already been planted. Pastures are perkling up.

Fruit, killed so often in this country by March and April freezes, is still promising much. It has been only slightly damaged by cold March nights. Blooms are to be found frequently on the earliest varieties.

Snyder's rainfall, somewhat below the county average, was exactly one inch—7 prior to Friday morning at 8:00 o'clock, 93 from Friday morning until Saturday morning. The fall did not range lower than .75 in any locality, and climbed as high as 2½ inches in a few scattered spots.

Better Than Average. March has already produced almost as much rainfall as the monthly average for a 20-year period—1.10 inches. January produced only .17 of an inch against the average of .77, and February rainfall was only .25 against the 20-year average of .66. These are almost invariably the two lightest rainfall months of the year, as shown by the chart at the bottom of page one.

These official rain figures are furnished by Mrs. Wesley Evans.

Total figures for 1937 are as follows: January 8, sleet, .06; January 9, snow, .02; January 11, mist; January 29, trace; January 30, .09; February 1, .22; February 2, .03; February 17, trace; March 3 and 4, trace; March 5, .07; March 6, .93. Total for year, 1.42.

Fluvanna to Be Sunday Host for Singing Concert

A community sing-song at the Fluvanna Baptist Church Sunday afternoon will be featured by the Echols Singers and several other well known musicians.

The Echols group is composed of Odie Echols, Abilene, Harley Lester, Dallas baritone and voice teacher, and Miss Marie Clark of Abilene, singer and accordion player. Echols is well known in this area, where he has sung several times. He is appearing at Fluvanna in the interest of conducting a singing school there.

The public is invited to the sing-song, which will include several numbers in addition to the Echols features.

Bireley's Is Bottled And Distributed in Snyder by Wilhelm

Wilhelm Dairy announces this week that it has secured local bottling and distributing rights for Bireley's orangeade, nationally advertised health drink. More than 40 local retailers of the drink have already been secured, Henry Wilhelm, proprietor of the local dairy, said yesterday.

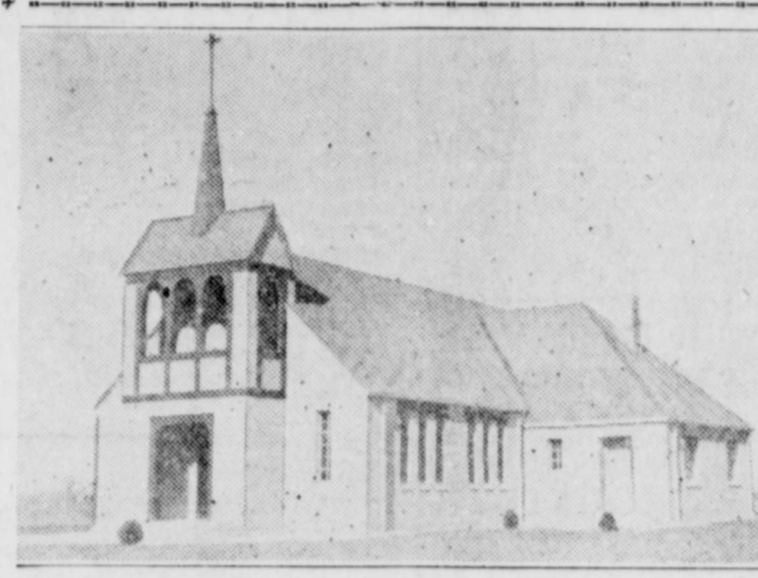

The drink may be secured from retailers or it will be delivered to local homes by the dairy. It is bottled in a specially shaped container similar to a milk bottle, and is available in small or large bottles.

Wilhelm states that the contents of Bireley's orangeade are not only entirely pure, but have highly healthful caloric and vitamin content, and that the drink maintains the flavor of the Valencia orange.

Beautiful New Hermleigh Church

Hermleigh's beautiful new Catholic church, completed last month at a cost of \$11,000, was dedicated in a formal service Sunday morning, February 28. The Rev. Robert E. Lucey, bishop of the Amarillo

Precedent Made By C. L. Harris With School Bill

Setting a legislative precedent, Representative C. L. Harris of Spur, this 118th District, this week put through the \$8,000 Old Glory school bill. The provisions of the bill call for rebuilding the Stonewall County school building, which burned December 13.

This is the first instance in the last six years in which a bill to provide appropriations for a burned school has passed the house. The vote by which Harris passed the measure, after his fight for passage created a mild stir, was 70 to 56.

The bill has passed with a favorable report from the senate finance committee, and indications are it will be finally passed in the senate without trouble, believes Harris. The measure will probably come before the senate next week.

If the measure goes through, the building will probably be erected and ready for opening of the September term.

Mother of Snyder Business Man Dies In Lamesa Hospital

Mrs. James Randals, mother of R. J. Randals, local lumberman, died last Thursday morning in a Lamesa hospital following a brief illness. The local man and the other children were at the bedside of the 67-year-old woman when death came.

Funeral services were held Friday afternoon at 3:30 o'clock at the First Methodist Church in Lamesa, where Mrs. Randals had made her home for the past 13 years. She was a faithful member of the church during her residence at Lamesa. Mr. Randals died in Lamesa about seven years ago.

Survivors include one daughter Mrs. Cicero Arnett of Lamesa; four sons Sam Randals of Abilene, R. J. Randals of Snyder, Ben and Leo Randals of Lamesa; three sisters and several grandchildren.

Besides Mr. and Mrs. Randals and two children, Mary Ann and Jimmie, the following Snyder people attended last rites for the beloved Lamesa citizen Friday afternoon: Mrs. J. G. Hicks, W. E. Holcomb, Joe Stinson, J. W. Scott, H. L. Davis, Rev. H. C. Gordon, C. Wedgeworth, Frank Palmer, W. J. Ely, Dr. Grady Shytles, Dr. W. R. Johnson, A. C. Preullt and Pete Bridgeman.

You cannot judge an automobile by its honk.

Excitement Over Goss-Murphy Well Here When Good Showing Reported

Excitement that rippled through Snyder streets Wednesday over reported "blowing in" of the Goss-Murphy well near Ira has just about died down.

But hope for the long-sought well that will establish the Ira field remains, for a good showing of oil is reported from the location at a depth between 2,700 and 3,000 feet.

TRAPPER WILL AID COUNTY IN COYOTE FIGHT

State and County Funds Are Being Supplemented by Donations to Get Government Man.

Donations totaling more than \$75, secured in various Scurry County communities this week, assure the county of getting the services of a government trapper for at least three months.

These donations will supplement state and county funds set aside for the purpose of exterminating coyotes and wolves. One-half of the full amount is made available by the state, one-fourth by the county, and one-fourth by the donations.

JUNK IRON

The scrap iron market in Scurry County is on the boom. Farmers and others are bringing hundreds of tons of the metal in various shapes and fashions into town. And they are reaping a cash reward of \$1.50 per ton and higher.

Three buyers are purchasing scrap iron here, and one buyer is reported on the job at Hermleigh. Several carloads of the iron have been shipped out of the county, and others will be on the way soon.

The unprecedented high prices for iron and steel are being boosted by increasing world-wide prosperity and armaments races.

COUNTY PLANS TO REFINANCE INDEBTEDNESS

Commissioners Hope to Cut Down Interest Rate, Better Scurry's Credit Rating.

A proposal for refinancing most of the county's indebtedness, thereby cutting down interest rates and bettering Scurry's credit rating, has been accepted by the Commissioners Court, and details of the program are being worked out by Brown-Crummer Company and R. A. Underwood & Company, Inc., bonding concerns.

The bonding companies' proposal is subject to slight revision because of the complicated condition of Scurry County finances, points out Judge H. J. Brice. Considerable time will be required for completing the refinancing process, but in the end it is expected to mean a considerable saving to taxpayers.

Involves \$300,000. County indebtedness of approximately \$300,000 is involved in the proposal. Of this amount, \$35,000 is for the general fund, \$152,000 for the road and bridge funds, and \$112,000 is for the courthouse and jail fund. All these figures are approximate only.

The interest rate on most of this indebtedness has been six per cent. The refinancing plan calls for rates of four, four and one-half and five per cent.

All county indebtedness with the exception of a balance of about \$32,000 due on the road bond issues of 1914 and a balance of about \$92,000 due on the road bond issue of 1918, will be included under the proposal. These two issues, on which the state pays a proportionate part, are being retired at a low rate of interest and require no refunding.

Regional Co-op Gin Meeting Slated for Abilene Next Week

A regional cooperative gin meeting is to be held in the Hilton Hotel, Abilene, on Monday, March 15, beginning at 10:30 a. m. will feature representatives of the Farm Credit Administration and other government agencies.

Several officers and members of the Snyder Cooperative Gin Company are expected to attend.

This is one of a series of six regional meetings which have been arranged by the Houston Bank for Cooperatives and the Texas Cooperative Council. The meetings are primarily for officers, directors and stockholders of farmer owned and farmer controlled gins in this section of the state.

Cooperative gin management, financing, organization and upkeep are to be outstanding subjects for discussion.

Scurry "Exes" Are Out. Forty former students of the University of Texas, celebrating Texas Day with a banquet at Colorado last week, re-organized their association to embrace only Mitchell and Nolan Counties. Scurry County formerly was included, but has shown little interest in the annual gathering in recent years.

DUNN EXPECTS POWER FRIDAY

Dunn community expects to be served Friday by electricity from a Texas Electric Service Company highline.

Turning of the final switch that will mean power for the first actually rural electric line in West Texas, postponed for two weeks because of workmen's illness and other hindrances, was set for Friday by Lon J. Geer, district manager of Sweetwater.

About 30 customers in Dunn proper will be served by the new line, and a number of others at Buford and along the 10-mile line are also included in the project.

CHECKS TOTAL \$110,715 FOR 633 FARMERS

More Than Half Soil Conservation Payments Have Now Been Received in County.

Arrival of more than \$68,000 in soil conservation checks within the past six days brings the county total through Wednesday of \$122,393.00—more than one-half of the expected \$200,000 county dividends from the government program.

Arriving in 15 batches on six days, the checks have gone to 633 contract signers. A total of 941 checks have been received, some signers receiving more than one check. The major portion of them have been distributed, reports W. R. Luce, county agent.

The checks continue to spell increased business and a general growth of optimism for 1937.

Youths Enlisting Here This Month In CCC Program

Several Scurry County youths have already enlisted in the new CCC program, and others are invited to enlist with Mrs. Carrie Line just east of Odum Funeral Home on 26th Street. Enrollment under the new program will begin early in April.

J. C. Sweeney, administrator of the Texas Relief Commission in the Abilene area, says of the new program: "The same requirements of eligibility as formerly are in force; that is, the applicant must be from a family receiving assistance from some government agency, and between the ages of 17 and 29, and able to pass a physical examination."

"Actual quotas have not been established, and will not be until an accurate estimate can be made of the number of boys available. Consequently, all those who desire to go at the next enrollment should immediately call at their county welfare office and make application."

"The present session of Congress has appropriated funds for continuing the CCC program for several months, and there is no doubt that it will remain one of President Roosevelt's major programs. Those boys who apply themselves will receive promotions and increase in pay that will be more than they would be able to earn in private employment."

Many Go to Baptist Workers' Meeting; Lamesa Host Soon

The WOMAN'S Page

Snyder Federated Clubs Will Send Several to District Meet at Canyon

With the sixteenth annual convention of Seventh District, Texas Federation of Women's Clubs, less than five weeks away, clubs and committees throughout the district are busy with work on federation projects and convention reports. The meeting will be held at Canyon April 8 and 9, with Canyon citizens and West Texas State Teachers College as hosts.

Led by three local women, who are members of the district board, Snyder federated clubs will probably send 25 or more women to the district convention this year. Mrs. Wayne Boren, who was chairman of the literature division of fine arts department in the district for the past two years, is this year chairman of the entire fine arts department. Mrs. Boren is a member of Alpha Study Club, an outstanding club in this city. Miss Vera Feriman of the local Art Guild was selected from her club as chairman of the committee on interior decoration. Mrs. J. C. Smyth, also a member of Alpha Study Club, is chairman of the committee on higher education.

Appearance of John Erskine, one of the most prominent of lecturers, musicians, writers and poets, will be the highlight of the entire convention. Erskine's Friday evening appearance is being sponsored by the fine arts department, of which Mrs. Wayne Boren, Snyder, is chairman. Delightful musical numbers will complete the Friday evening fine arts program.

Among other outstanding speakers will be Dr. Rebecca Smith, of the English department of Texas Christian University, Fort Worth, who will speak Friday afternoon. Dr. Smith is also presented by the fine arts department.

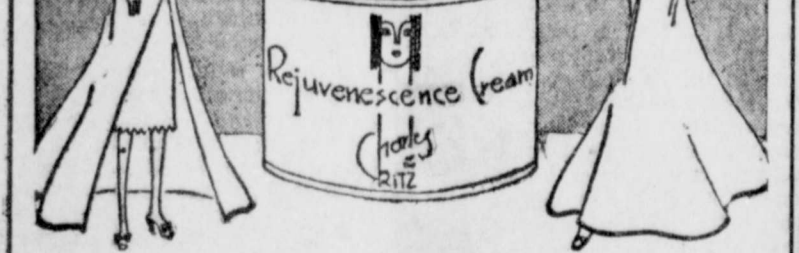

President's evening, Thursday, will be featured by addresses from Mrs. R. J. Turrentine, Denton, state president, and Mrs. J. W. Walker, Plainview, district president. Mrs. S. E. Fish, Amarillo, district federation radio chairman, will make responses from the district to Canyon's address of welcome.

When the session of awards is announced on Friday afternoon, clubs throughout the district will have in store for them a number of prizes and awards, as district chairmen in several departments are sponsoring this year many interesting contests, results of which will be given at this session, and prizes presented to the winners.

St. Patrick's Party Compliment to Club.

A delightful St. Patrick's Day party given by Miss Gertrude Herm Tuesday evening was a compliment to members of San Souci Club and guests. A touch of spring was added to entertaining rooms with bowls of lovely violets and clover leaves used as decorations.

Mrs. P. W. Cloud won the guest prize in bridge games, and Margaret Henderson took the high score prize for club members. Mrs. J. C. Dorward, a guest, received a St. Patrick's souvenir as a traveling prize.

The national symbol of St. Patrick's native country, Ireland, was given emphasis in the shamrock-shaped sandwiches and delicious salad course served by the hostess.

Guests were: Mmes. John E. Sennell, Wayne Williams, A. C. Preull, Hilton Lambert, Joe Stinson, J. G. Hicks, J. C. Smyth, W. W. Hamilton, Wraymond Sims, W. C. Hollis, Glen W. Berry, H. G. Towle, A. J. Towle, J. C. Dorward, P. W. Cloud, and J. D. Scott; Misses Lary Beth Waskom, Mattie Mae Tomlinson, Dorothy Strayhorn, Clara Bell Clark and Wanda Newman.

The following members were present: Misses Hattie Herm, Neuma Strayhorn, Mattie Ross Cunningham, Margaret Henderson, Lillian Abney, Margaret Williams, Vera Periman and Annie Fannie Sewell; Mmes. Marcel Josephson, E. J. Anderson, Herman Darby, Forest Sears and Wayne Boren.

Miss Hattie Herm will be next hostess to the club.

Club Meets With Mrs. Kate Cotten.
Progressive Study Club met last Thursday at the home of Mrs. Kate Cotten. Eleven members attended the regular meeting of the club.

Mrs. Giles Bowers directed the afternoon's program, which centered around a study of George Washington. Roll call was "A Tree and Its Uses." Mrs. C. E. Ross talked on "Our First President." "His Mount Vernon Home" was described by Mrs. W. R. McParland.

At the close of the program the hostess served delicious angel's food cake and ice cream to the following: Mmes. Giles Bowers, W. R. McParland, Lora Miller, A. P. Morris, C. E. Ross, Antonio White, Edgar Wilson, John Pierce, J. E. Shipp and J. W. W. Patterson.

Art Guild Meets in W. P. King Home.
Art Guild met Tuesday night at the home of Mrs. W. P. King for a program centering around Texas. Three guests, Mmes. E. J. King, R. W. Cunningham and J. P. Avery, were present for the enjoyable program.

Mrs. R. W. Cunningham gave a review of "Sure Enough, How Come?" by Mrs. Freda Emden, a book dealing with the peculiarities of speech common to Texans, which was the feature of the program. Mrs. Glen W. Berry gave a number of interesting facts about Texas, which should be reviewed often in the minds of native Texans.

Refreshments were passed at the close of the program to the three guests and the following members: Mary Ruth Spears, Alta Bowers, Dorothy Egerton, Omah Ryan, Annie Fannie Sewell, Bonnie Ruth Nance, Nelwyn Berry and Mary Bob Hale.

Robertta Ely Attends Dinner.
Robertta Ely, second year student at McMurry College, Abilene, was one of the hostesses at a dinner given Saturday evening, honoring members of the McMurry basketball team. Members of the Wah Wah-taysee Drum Corps of the school were hostesses on the occasion.

BRYANT-LINK CO.
"More Than 52 Years of Service to West Texas"

Local People Are Present at Dinner.

Mr. and Mrs. Nathan Reynolds of the 9-R Ranch were among the attendants at a birthday dinner last Tuesday honoring Reynolds' uncle, Judge J. A. Matthews of Albany, who was celebrating his 84th birthday.

Mrs. Matthews shared honors with her husband at the affair. Reynolds' mother, Mrs. W. D. Reynolds, of Port Worth, was also present.

A pioneer rancher of Shackelford County, Matthews is still actively engaged in ranching. He visits his ranches daily and still takes care of his own business interests.

Centering the dinner table Tuesday was a birthday cake in the shape of a Texas flag, surrounded by red, white and blue candles. At each end of the table were bowls of red tulips, white stock and blue sweet peas.

Mexican Life Is Studied by YWA.
"Mexican Life" was the theme subject for the program at a Monday evening meeting of the Y. W. A. of the First Baptist Church. Rev. E. P. Gonzales, district missionary, was guest speaker for the meeting.

Rev. Gonzales told interesting phases of his work, and three Mexican girls contributed interest to the program by singing a number of songs in their native tongue.

Vida Huffman, the hostess, passed refreshments consisting of Mexican food to the following: Mabel and Adelle Watkins, Minnie Frances Brunton, Melba Clark, Nadine Sumruld, Gertrude Ross, Erlene Coleman, Marjorie Reynolds, Mary Nell Morion, Laura Banks, Lola Mae Littlepage, Loraine Todd, Mrs. Willys Rodgers, Rev. Gonzales and the three Mexican girls.

Woodman Circle Officials in Snyder.
Mrs. Laura E. Krebs of Austin, state manager of central and northwestern Texas Woodman circles, and Mrs. Bessie Utterback of San Angelo, manager of this district Woodman circles, visited in Snyder with several local leaders Tuesday.

The two women visited in the homes of Mmes. C. L. Banks and H. V. Williams. They will return again before summer in the interest of Woodman circle work, they said.

Senior A's Have Picnic.
Senior A Class of the local high school, their sponsor, W. F. Cox, and a few guests enjoyed a picnic Tuesday afternoon. The group drove out near Dum to the Deep Creek concrete dip, and spread a picnic supper.

Religious Book Is Reviewed for Club.

"The Silver Trumpet," a religious book written by J. Wesley Ingles, was the subject for a delightful review given by Mrs. Alva Curtis before members of the Cresset Junior Club at a meeting Tuesday night at the home of Vernelle Bradbury.

Facts concerning the writer of the novel sold by Mrs. Curtis made the book review even more interesting. J. Wesley Ingles, now a teacher in Stonybrook School for Boys in New Jersey, wrote "The Silver Trumpet" during his school days at Princeton to enter a story contest sponsored by the American Sunday School Union, and his book won first prize. Setting for the story is laid on the campus of Wheaton College, Wheaton, Illinois.

Interesting to note in discussing Ingles is that he is known personally to Rev. James E. Spivey, local Presbyterian minister. The two were students at Princeton University at the same time.

During the business meeting, the club voted to take definite action on the federation question at its next meeting, which will be at Mrs. Curtis' home the fourth Tuesday of this month.

A lovely salad plate was passed by the hostess—the plate and napkins decorative to call attention to the approaching St. Patrick's Day—to the following: Mrs. Robert E. Gray Jr., sponsor, Mrs. Curtis, Mrs. Willard E. Lewis, Mrs. Buddy Martin, Mrs. Jack Martin, Frances Boren, Irene Wolcott and Allene Curry.

Texas Program Is Feature of Meeting.
An interesting Texas program was the feature of last Wednesday afternoon's meeting of Twentieth Century Daughters, who met at the home of Ernestine Morton. Members answered roll call with names of famous Texans.

Louise LeMond directed the program, the first part of which was a review of "Six Feet Six" given by the hostess. Interesting facts about Texas were named and discussed by Dorothy Winston. Piano solos, "Moonlight and Shadows" and "The Robin's Return," were played by Joanna Strayhorn, and a reading, "Texas," written by a New York man, given by Ruth Line completed the program.

The hostess served refreshments to Melba Ann Odum, Wilma Terry, Dorothy Pinkerton, Louise LeMond, Louise Bowers, Mary Helen Bollen, Joanna Strayhorn, Ruth Line, Irene Taylor, Dorothy Winston, Elizabeth McCarty, Johnnie Greene and Mrs. W. J. Ely, sponsor.

Senior A's Have Picnic.

Mrs. Herman Doak Is Hostess to Club.

Appointments in keeping with the approaching St. Patrick's Day decorated with the noted Irishman's national symbol, the shamrock, marked places for members of the Duce Bridge Club and guests, who met at the home of Mr. and Mrs. Herman Doak last Thursday evening for bridge.

Mrs. Doak, who is not a member of the Duce Club but who has frequently been guest at its alternate weekly meetings, was charming hostess to the group. Both prizes—high score and traveling—were awarded to Ruby Lee at the close of the evening's contract games.

Dainty refreshments were passed to the following: Misses Mavis Webb, Frances Boren, Alta Bowers, Janice Erwin, Dorothy Egerton, Vesta Green, Ruby Lee, Bonnie Miller, Gwen Gray, Mary Jane Beall, Johnnie Mathison and Allene Curry; Mmes. Buster Curtis, R. E. Boyer, and Billie Lee Jr.

Dorothy Egerton will be hostess to the club at its next meeting, March 18, at 7:30 o'clock.

Texas Day Program Proves Interesting.
A Texas Day program heard by members of the Twentieth Century Club at its meeting Tuesday afternoon was declared interesting by the members and one guest present. The meeting was held at the home of Mrs. I. W. Boren, and Mrs. H. J. Brice was director.

"Springtime in Texas," a poem, was given by Mrs. W. J. Ely; a discussion of "Palo Duro Canyon and Early Ranches" was by Mrs. P. C. Chenault; Mrs. B. M. West's description and history of Pioneer Hall at Canyon was interesting; and Mrs. Allen Warren told of "Texas Sources of Literature."

Refreshments were passed to Mrs. D. M. Cogdell, a guest, and the following club members: Mmes. Chenault, Ely, W. H. Ware, J. Nelson Dunn, West, Brice, Joe Strayhorn, Warren, C. J. Lewis, R. W. Cunningham and R. M. Blackard.

Senior A's Have Picnic.

Sine Cura Club in Tuesday Meeting.

Carrying out a pretty St. Patrick's Day motif in decorations, appointments and refreshments, Mrs. Hugh Boren entertained the Sine Cura Club members and guests Tuesday afternoon at her home.

High score prize was awarded to Mrs. W. D. Beggs, and the consolation low score prize went to Mrs. Joe Stinson. Mrs. H. G. Towle took the traveling prize.

The hostess passed a lovely salad plate at the close of the bridge games to the following: Mmes. A. C. Preull and J. C. Dorward, guests, and Mmes. T. L. Lollar, Marcel Josephson, O. H. Smith, H. G. Towle, W. D. Beggs, A. J. Towle, Wayne Boren, W. R. Johnson, Ernest Taylor and Joe Stinson, Sine Cura members.

Next meeting of the bridge club will be Tuesday afternoon, March 23, with Mrs. Marcel Josephson as hostess.

Dazzling Passing Attack Leads East Texans to Win Over Lueders Casers

The most dazzling passing attack ever seen by most local basketball fans featured a runaway staged by the Stephen F. Austin Lumberjacks over the Lueders Casers at the school gymnasium Wednesday night.

Lueders, which won in a Roscoe tournament recently from Slaton's Chamber of Commerce quintet, recently was completely outclassed in the first half, 26 to 5.

Clayton, snarling Lumberjack forward, led his mates with seven field goals, all except one of them from difficult angles.

J. R. Nance, Lueders business man, is the Casers' coach. Walker, one of the best men on his squad, was 1934 cage captain at A. C. C.

PALACE Theatre Program for Week

Thursday, Friday, March 11-12

"ONE IN A MILLION"

with Sonja Henie and Adolphe Menjou, Don Ameche, Ned Sparks, Jean Hersholt, Ritz Brothers, A. F. Hodge, Barral Minevitch and his harmonica gang.

Saturday, March 13

"ARIZONA MAHONEY"

A Zane Grey story, with Joe Cook, Robert Cummings, June Marry, Larry Crabbe. An outdoor thriller and comedy western.

Sat. Night Prevue, Sun. March 13-14

"DANCING LADY"

starring Joan Crawford and Clark Gable with Fred Astaire, Fannie Lightner, Ted Healy, Franchot Tone, May Robson, Robert Benchley.

Monday, March 15

"WOMAN WISE"

with Rochelle Hudson, Michael Whalen, Alan Dinehart and others. A riotous free-for-all of love, laughs and surprises.

Tuesday, Wednesday, March 16-17

"THAT GIRL FROM PARIS"

with Lily Pons, Jack Oakie, Gene Raymond and big cast. Swingtime rhythm and romance abundantly overflowing with the sheer joy of living.

Thursday, Friday, March 11-12

"PENROD AND SAM"

with Billy Mauch, Frank Craven, Spring Byington, Brag Reynolds and others. A Booth Tarkington story that is fresh, clean and modern.

Saturday, March 13

"ROARING LEAD"

featuring the Three Musketeers in an action filled drama of the old west. Chapter Two of "Robinson Crusoe" and comedy.

Sunday, Monday, March 14-15

"NIGHT WAITRESS"

with Margot Graham, Gordon Jones. There's excitement, romance and fast action.

Tuesday, Wednesday, March 16-17

"HERE COMES CARTER"

with Ross Alexander, Glenda Farrell, Hobart Cavanaugh and others. As last—the man who gets in the last word with a woman.

FINIS WRITTEN ON BLIND WORK BY LIONS CLUB

Service Club Hears Report on Two Children; Learns Scurry Is Best in Scouting.

A glowing "finis" was written on one Lions Club project Tuesday afternoon, and a hearty "well done" was said of another project to which the service group has given much financial and active support.

"Cricket" and Ralph Robinson, can see—thanks to expenditure of about \$525 in cash and a tremendous amount of time and work on the part of a number of persons.

Citing especially Dr. H. G. Towle for his tireless local efforts in examining and treating the children, and Dr. Otis R. Wolfe of Marshalltown, Iowa, for his operations and constant care, the report pointed out that more than \$3,000 in cash, time and service had actually been spent on the restoration of sight for the 13-year-old girl and the 15-year-old boy.

Rising Vote of Thanks. A rising vote of thanks, suggested by Lion Ralph Odum, was given at the conclusion of the report—a routine, spontaneous unanimous vote that reflected the interest of the club in the project that was begun in April, 1935, and which was completed last week with a final examination by Dr. Towle.

The two children, guests of the day, were dressed their prettiest. Beside them sat Elmer Louder of Harnleigh, who was chauffeur and general overseer of the group that went to Marshalltown almost two years ago.

Ralph allowed tears to come into his voice as he attempted to thank the club. "Cricket" just smiled at top speed.

Scourry Tops in Scouting. Alfred J. Stiles of Sweetwater, executive of the Buffalo Trail Council, Boy Scouts of America, here to push a financial drive for the support of scouting, cited Scurry County as the outstanding county in the 15-county council district.

Stiles said the program has been extended to four communities and that the local program, with two troops, is going at top speed. Rev. James E. Spivey, scoutmaster of Troop No. 36, which is sponsored by the Lions Club, was a guest and brief speaker.

J. R. Reeves, member of the club's scout committee, along with N. R. Clements and Hal A. Lattimore, thanked the club for its support of the program.

Concluding a full program, Lattimore presented Lion Earl Louder, who, in turn, presented a series of pictures, accompanied by speaking, on observance of safety laws—natural and man-made. The picture was under sponsorship of the American Legion and the Ford Motor Company.

team members are employees of a Lueders refinery. The game was arranged when it was learned that the quintet from the East Texas Teachers College would come through here en route to the national A. A. U. tournament at Denver.

SINGER COMING

Odie Echo's of Abilene is chief of the Echo's Singers, who will be principal performers at a singing to be held at the Fluvanna Baptist Church Sunday afternoon, 2:30 o'clock.

Letters from the People Our Readers Speak

"Hysteria Over Court Message."

Editors, The Times: I am enclosing an article on the present Supreme Court controversy that I would like to see in your good paper, because it appeals to me as being most logical and sensible.

C. H. VON ROEDER, Knapp.

By EARL GOODWIN, Washington Correspondent, In Big Spring Weekly News.

The hysteria over the president's Supreme Court message conceals the fact that the president makes very mild proposals, quite within the Constitution and within the scope of congressional duty toward the court.

The Constitution, which many people erroneously believe to be strained by the president's Supreme Court message, specifically directs that Congress shall regulate Supreme Court procedure and jurisdiction, and may ordain and establish any kind of an inferior court.

It can create new inferior courts never heard of before. It did, on one historic occasion, abolish the term of the Supreme Court and kept that body in a continuous vacuum for months. It could cut the size of the court to three members—and the president could retain any three he preferred—and with the advice of the senate, after the rest of the court had been retired by law.

Roosevelt's mild measure is to permit members of the high court to retire on full pay (something not legal now); or if the older ones (70 years) do not care to retire, he can appoint one other man for each older judge to help out with the heavy court duties.

Of course, the old question has been asked so many times it is stale: who is running the country? Congress—elected by the people—or the courts, appointed for life. So in the last analysis this argument over the court is not a row between the president and the court. Nor is it of any use to argue that the Constitution does not grant the court power to nullify a law of Congress.

We have become used to that and accept it as if it were in the Constitution. The same corporation lawyer leadership is leading this fight against the president's short cut to a liberalized United States that led the country uphill and then scurried down again, in all previous political anti-Roosevelt battles.

You recall the nation-wide telegrams, letters, editorials and ballyhoo over the president's holding company bill—the one to kill the useless and expensive and politically immoral groups of financiers who had their hands on every electric light and power company. The same staff is being pulled again today; and I predict the same results. At this writing the noise is great—but keen analysis shows the president will win his fight, easily in the house, less easily in the senate—but he will win it.

Heavy-browed corporation lawyers oppose the idea of a rejuvenated and liberalized Supreme Court, preferring constitutional amendment giving the federal government full control over wages, hours, commerce and everything else which the federal jurisdiction. They prefer, they say, such an amendment to the president's court plan—but actually they do not want any change in the situation at all. They really want the old horse- and -buggy and states' right situation to prevail. That's the situation which has prevented the federal government from using its full power for national crisis—and that's what the stand-patters like.

Actually, they would not endorse a proposed New Deal amendment to the Constitution at all. What they would do is to see one safely launched—and then you would see a dozen Liberty Leagues spring up fully armed and financed by millions of dollars.

The same lawyers and propagandists who now propose an amendment in place of the president's mild proposals, would be found to be in the fold of these wealthy associations, rallying their friends, giving expensive dinners, talking on the radio—and attacking such an amendment with the same vigor they have attacked everything else Roosevelt has proposed.

In time such an amendment would be adopted, but it would take possibly 20 years; and by that time anything could happen. This present administration of earnest liberals would have been retired—and there is great danger of tremendous social upheavals if something is not done now to relieve the situation presently by an inability to deal directly with the social problems of this era.

Offering the 9,000,000 unemployed a 20-year amendment would not make much of a hit. I doubt if we could get through the next few years without great trouble unless we have liberal courts, composed of men who see in the Constitution a grant of live power to meet all national crises with national resources and unified strength.

BORDEN COUNTY NEWS What's Happening to Our Neighbors

(Publishers' Note: Beginning in this issue, an effort will be made to have several items of news each week from Borden County. Folks in this neighboring county will be rendering us a distinct favor by mailing or bringing us news early each week. In order to present this news to a wider circle of readers, we shall be happy to send The Times a full month, without charge, to anyone in Borden County.)

General Rain Falls.

It was a general rain that visited Borden County last week. The moisture came so slowly that practically 100 per cent of it went into the ground, putting the entire county in probably the best shape, for mid-March, that it has been in several years. The rainfall was probably heaviest in the northwestern part of the county. The county as a whole received more than an inch of rain, the fall in Gall being almost exactly an inch.

Range Program Meeting.

Those who are interested in the new range program will meet in Gall Friday afternoon of this week, 2:30 o'clock, for the purpose of electing committeemen to serve on the county agricultural conservation committee to represent the county's range men. The county agent will discuss recent rulings and additional information that has been given out by the government since its previous range meetings. Approximately 45 ranchers of Borden County have already signed applications for determination of grazing capacity. This group represents fully 70 per cent of the county's total range acreage, since a number of the 45 signers have large acreage. Election of range committeemen at the Friday meeting is the first step toward actual formulation of plans for handling the program in the county.

Terraing in Northwest.

County road machinery is being used on various farms in the Berry Flat and Tredway communities, northwestern corner of the county, in construction of standard terraces. The Commissioners' Court has allowed use of this machinery in terraing work for some time. Two hundred acres of standard terraced land were completed during the first week of March. Terrace lines are being run in most cases under supervision of the county agent's office, and a large percentage of Borden County farm lands have already been terraced. Requests are still coming in to the county agent, however for additional lines to be run prior to construction of terraces with county machinery.

County Agent Welcomed.

E. B. McLeroy, formerly assistant county agent, returned last week to become agent to succeed Cline E. Morris, who has been transferred to Gaines County as agent. Mr. and Mrs. McLeroy have moved to Gall from Snyder, where he has been assistant agent for some months. McLeroy is plunging into an active

program that includes terraing, the new range program and the soil conservation program for 1937.

Soil Conservation Program.

The soil conservation program is advancing as additional information comes in. Election of all committeemen is being completed this week, and educational meetings are being held in the four commissioners' precincts, by County Agent McLeroy, at the time of the elections. Since Borden County has been designated in the wheat and grain sorghum area and in the wind erosion area, rulings for this county will differ slightly from the 1937 rulings for counties east of Borden.

Pair of Calves to Show.

Borden County Four-H Club boys will show two calves at the Plains Quality Meat Show, slated in Lubbock March 29-31. Bob Beal and Weldon Street are the exhibitors. They will show calves from the herds of their fathers, Newt Beal and B. B. Street. Young Beal exhibited his calf at the recent Odessa show and won fourth place in his class—milk-fed calves under 870 pounds.

OIL BELT MEET WILL ATTRACT COUNTY GROUP

Snyder and Fluvanna Students to Have Prominent Parts on Program at Ranger.

A large group of county teachers plans to attend the fifth annual convention of the Oil Belt Teachers Association to be held in Ranger, Friday and Saturday. Scurry County students will take part on the program, which promises to be outstanding.

Principal speaker on program will be Dr. George W. Frasier, president of the Colorado State Teachers' College, Greeley, Colorado. Snyder's contribution to the program will feature the speech arts department of the high school in a program of choral speech. A series of numbers will be given by a group of 25 high school girls under the direction of Miss Annie F. Sewell. A verse-speaking choir, which has been rehearsing for several weeks, will give a large part of the program.

Fluvanna on Program. From Fluvanna schools will also go part of the program to the Oil Belt Association meeting this week-end. Juanita and Jettie D. Elkins and Elmo Paver, trio, will sing "Gazing at a Blazing Fire." Frances E. Jones is to speak on the subject "School Spirit in a Small High School." The four students will be accompanied by Miss Margaret Miller, music teacher in the Fluvanna schools, and probably several other faculty members.

L. A. Woodriddle, superintendent of Highland High School, president of the association, will preside at business sessions during the two days, and new officers will be elected at Saturday afternoon sessions.

At the same time that Oil Belt teachers are meeting at Ranger, a few teachers from this section will

Welfare Workers to Meet Friday, 9:30

Everyone interested in work of the Child Welfare Association is urged by Mrs. Raymond Sims, president, to gather in the district court room Friday morning at 9:30 o'clock for an important meeting of the organization.

Mrs. Sims points out that the association's work is of importance to the entire community, and that every organization and every individual is invited to assist. Plans for carrying the work forward during the remainder of the school term and into the summer will be discussed.

TRAFFIC SIGNS MAY BE TABOO

Petitions signed by practically all business houses on both blocks have requested that the City Council rescind its recent action requiring parallel parking just north and just east of the highway on No. 7.

So far only a half block of the involved parking space has been marked for parallel parking—adjoining the Towle Building, on the east side of the street leading north. The City Council has not taken any further action on its ruling.

Extension by several feet of non-parking territory adjoining the square on both the blocks involved has been carried out, assuring a wider entrance to the square from both directions.

Typewriters and Supplies

Did you know that The Times is headquarters for typewriters and typewriter supplies in Snyder? Remington portable typewriters and the following supplies are carried in stock: Ribbons, paper (second sheets and regular white paper in a wide price range), eraser shields, carbon, special typewriter oil.

At a similar meeting of the Northwest Texas conference for education being held at Canyon. Among outstanding speakers on program at the Canyon meeting will be Dr. Carleton Washburne from the famous Winnetka School, Winnetka, Illinois, and Dr. Harold C. Hand, professor of education at Leland Stanford University, Palo Alto, California.

Up in the Morning Feeling Fine!

The refreshing relief so many folks say they get by taking Black-Draught for constipation makes them enthusiastic about this famous, purely vegetable laxative.

Black-Draught puts the digestive tract in better condition to act regularly, every day, without your continually having to take medicine to move the bowels. Next time, be sure to try

BLACK-DRAUGHT

A GOOD LAXATIVE

LOCALS

Raynell Lightfoot and Loraine Todd spent Sunday in Lamesa.

Misses Eunice and Rayolene Smith visited in Amarillo over the week-end.

Mrs. Walter W. Cork of San Angelo was a week-end guest of her mother, Mrs. Joe Strayhorn.

Mrs. J. T. Hays returned home last week after a visit with her daughter, Mrs. Ben Driver, in Midland.

Mrs. Robert H. Curmiste Jr. and small son, Miller Bob, of San Angelo were week-end guests of Mrs. J. A. Hood.

Mrs. A. B. Davis Jr. of Lubbock, the former Miss Ruby Dean, was a week-end guest of Mr. and Mrs. Hugh Birdwell.

Margaret Williams, teacher in the local junior high school, visited with her parents at Frederick, Oklahoma, during the week-end.

Irene Spears, student at Hardin-Simmons University, Abilene, was a week-end guest of her parents, Mr. and Mrs. John Spears.

Frances Stinson, student at Hardin-Simmons University, Abilene, was a week-end guest of her parents, Mr. and Mrs. Joe Stinson.

Miss Myrtle Woodfin, teacher in the Littlefield schools, was a week-end visitor here in the home of her parents, Mr. and Mrs. J. A. Woodfin.

Mrs. Eupha Shield and small daughter, Helen Kay, of Brownwood were week-end guests of Mr. and Mrs. M. Stacy and children here.

Margaret Henderson, teacher of commercial work in the local high school, spent the week-end with her parents, Mr. and Mrs. D. M. Henderson of Lubbock.

Rev. J. J. Strickland, Big Spring, district Baptist missionary, and Rev. P. D. O'Brien, pastor of the First Baptist Church, Colorado, were Snyder visitors Wednesday.

Mrs. Boss Baze and son, Roy Allen, spent the week-end with Mr. Baze in Carlsbad, New Mexico. They also visited with other relatives there, returning here Sunday night.

Clarence Walton, a ministerial student in McMurry College, Abilene, visited with friends here Friday and Saturday, en route to and from a young people's meeting at Amarillo.

Misses Willie Lock and Katie Potee attended the Sixth Annual San Angelo Fat Stock Show and Rodeo, held in San Angelo the past week-end. They returned here early Monday morning.

Evelyn Erwin, who was named one of the six most beautiful girls at Baylor University, Waco, was home on a between-terms visit with her parents, Mr. and Mrs. A. D. Erwin, here the past week-end.

Mr. and Mrs. W. T. Cook of Crosbyton visited with their daughter, Mrs. William A. DeBold, and Mr. DeBold here from Thursday until Sunday of last week. The Cooks formerly lived at Fluvanna.

Daughters of Mr. and Mrs. W. J. Ely were home for the week-end. Roberta Ely, a student at McMurry College, Abilene, and Charline Ely, teacher in the Water Valley school near San Angelo, were here.

Mr. and Mrs. H. H. Elland and son, Billy Jay, spent Sunday with Elland's mother, Mrs. W. W. Elland, in Stanton. The elder Mrs. Elland has been ill for several weeks and her condition remains unchanged.

Damon Worley, an employee of Southwestern Bell Telephone Company, spent the week-end with his parents, Mr. and Mrs. T. S. Worley, here. Worley, a graduate of the local high school, is stationed at Lubbock.

Weldon Alexander, senior student at Baylor University, Waco, was a week-end guest of his parents, Mr. and Mrs. A. C. Alexander, here. The local high school graduate is majoring in business administration at the Waco school.

Rev. and Mrs. Lawrence Hays and daughters left Tuesday to attend a workers' conference at Colorado, before going on to Goldthwaite to visit with Rev. Hays' parents. His mother is recovering from a severe heart attack. The local Baptist pastor and family will probably return Friday.

Mr. and Mrs. Cloyce Drinkard of Lubbock spent the week-end with their parents, Mr. and Mrs. J. G. Drinkard and Mr. and Mrs. J. S. Lewis. Mrs. Drinkard's sister, Miss Frances Lewis, returned home from a visit in Lubbock Saturday. She was a guest of her sister and Mr. Drinkard, a student at Texas Technological College, the latter part of last week.

J. T. Roper, 86, Retired Farmer, Passes At Home

J. T. Roper, 86-year-old retired farmer, died at his home here Friday morning at 5:30 o'clock. He had been in ill health for two years, and was bedfast two months before a heart attack claimed his life.

Born April 22, 1850, in Alabama, Mr. Roper had farmed most of his life. He retired from active farm work 29 years ago. He had resided in Texas 65 years, in Scurry County 17 years. He was a member of the First Methodist Church here and of the Masonic Lodge. His lodge brothers assisted with burial rites, and his pastor, Rev. H. C. Gordon, assisted Rev. Robert L. Butler of Texico, New Mexico, in officiating.

With the pioneer to the end was his wife, the former Miss Willie E. Butts, to whom he was married at Gatesville February 22, 1886. Many friends of the couple were at the First Methodist Church for final rites Saturday afternoon at 3:00 o'clock. Maples Funeral Home was in charge of arrangements. Burial was in Snyder cemetery.

Two children survive—Rev. Ernest Roper of the First Methodist Church, Pueblo, Colorado, and Hiram Roper, Snyder business man. Other survivors are two sisters, Mrs. Nanny Evans of Rush Springs, Oklahoma, and Mrs. Winnie Modlin of Globe, Arizona; three brothers, Elisha Roper of Plainview, Elijah Roper of Tulsa and John Roper of Eastland.

Active pallbearers were Ed Thompson, S. J. Casstevens, Sid Bruton, Will Donk, C. R. Burk and O. M. Belk. Mimes, A. J. Cody, H. L. Wren, E. J. Richardson and Ed Thompson were in charge of flowers.

Honorary pallbearers were H. L. Wren, John Maddling, A. T. Nix, Oscar Davis, H. L. Davis, E. J. Richardson, Elias Gable, Dad Sparks, J. C. Stinson, L. T. Stinson, Dean Cochran, Hugh Taylor, W. L. Keller, Mr. Lightfoot, Bud Rogers, Earl Bentley, Gay McLaughlin, R. B. Hester, N. M. Harpole, Jim Ikard, Edd W. Thompson, Marvin Boyd and W. R. West.

Out-of-town funeral attendants included L. M. L. R., M. W., Cecil, Lloyd and Mr. and Mrs. Oscar Butts, San Angelo; Elisha Roper, Fairy Roper and Roy Gough, Plainview; Elisha and B. C. Roper, Tulsa; John A. Roper, Mr. and Mrs. J. S. Van Glenn, daughter and niece, Eastland; Homer Roper, Lubbock; Mrs. H. A. Ferrell, Slaton; Rev. and Mrs. Ernest Roper and daughter, Pueblo, Colorado; Mr. and Mrs. C. C. Bran-

Re-Organization Of Patrols Tops Troop 35's Hike

Re-organization of patrols, plenty of games, a roaring campfire and presence of the district executive, Alfred J. Stiles of Sweetwater, featured the Tuesday afternoon and evening hike of Boy Scout Troop No. 35.

Twenty-eight boys and leaders made the jaunt to "the cliffs" above Thompson Dam. Leaders on the hike, in addition to Stiles, were Rev. James E. Spivey, scoutmaster, Jack Martin, assistant scoutmaster, Ardath Head, junior assistant scoutmaster, Eugene Pinkerton, senior patrol leader, and Leon Autry, scribe. Oris Bullock is also assisting the scoutmasters in troop leadership.

Four tenderfoot scouts were inducted into the troop at a special ceremony; Ray Helms, Jack Terry, John Hilburn Biggs and Donald Ray Scott. Ray and Jack will receive malted milk because they completed their tests ahead of other recent tenderfoot candidates.

A new troop constitution was adopted for the troop during the evening. It calls for tenderfoot candidates to complete their tests within three weeks, subject to being dropped. The troop is now comprised—34 boys.

The troop's four patrols were re-organized, with the following names and patrol leaders: Comanche, Vernon Moffett; wolf, Chalmers Watkins; bob white, L. M. Keith; flaming arrow, Gordon Rogers.

non and children, Inadale; Mr. and Mrs. Charles A. Kemp and daughter, Hyllon; Mr. and Mrs. Lynn McGlothlin and children, Pyron; Mr. and Mrs. J. R. Pickens, Mr. and Mrs. J. A. Pickens and Mrs. Milton Pickens, Colorado.

First Methodist Church

R. G. Boyer, dean of McMurry College, Abilene, will speak in a special service next Sunday at 11:00 o'clock.

You are cordially invited to hear him and to attend all other services of our church.—H. C. Gordon, pastor.

Cash in on your scrap iron. See Edgar Taylor at Winston & Clements coal yard. Itc

COUNTY FARM TENANT TOTAL IS 61 PER CENT

Resettlement Administration Survey Reveals Tenant Problem in All Parts of State.

Tenants constitute 61 per cent of the farmers of Scurry County, according to figures released today by Vernon Slocumb, county supervisor of the Resettlement Administration.

The Resettlement Administration survey shows that in many Texas counties more than 70 per cent of the farmers are tenants. The high per cent of tenancy is confined to no one part of the state, for in Terry County near the New Mexico line 72 per cent of all the farmers are tenants, while at the opposite corner of the state, in San Augustine County, the figure runs to 65 per cent.

In Haskell County and in Jones County, the heart of Central West Texas' most fertile cotton area, 70 per cent and 68 per cent, respectively, are tenants. In the famous black land belt where more than a million bales of cotton are normally raised within a 100-mile radius, Ellis County has 68 per cent tenancy, Navarro County 72 per cent, Hill County 67 per cent, and Williamson County 66 per cent.

The lowest per cent of tenancy is in the hill country, where the farmers grow their living first and make cash crops more of a secondary matter. Typical of this type of county are Gillespie County, Kerr County and Kendall County, where the percentage of tenancy ranges from 21 per cent to 27 per cent.

Some comparatively low tenancy areas are also found in Southeastern Texas, where there is another area of small live-at-home farms. In five counties just north of Beaumont, the percentage of tenancy runs from 32 per cent to 38 per cent, as compared with an average for the state of 57 per cent.

The Resettlement Administration is carrying out a three-point program to improve the conditions of tenant farmers and help them toward eventual ownership of the land. These activities are:

1—Rural rehabilitation which resulted last year in lending \$9,019,971 to 29,633 Texas farm families for the purchase of teams, tools and equipment which they would have been able to obtain in no other way. The central feature of this program is guidance in "live-at-home" methods, such as have kept certain sections of the state low in tenancy and high in per cent of owner operators.

2—Debt adjustment committees, organized by the Resettlement Administration and working under its supervision, are preventing hard-pressed land owners from losing their farms through foreclosure and thereby swelling the ranks of tenants still farther.

3—Construction is now in progress or authorized on 183 farms in Texas which have been bought for sale to farm tenants on 40-year terms at not more than three per cent interest. Eighty-five families already living on these farms are using the original buildings which are to be remodeled or replaced by new ones. All these activities being carried out by the Resettlement Administration are along lines suggested for more intensive prosecution by President Roosevelt in his recent message to Congress in regard to tenancy.

First Baptist Church

The pastor will preach Sunday morning on "The Shepherd Psalm." There will be special music.

The B. T. U. hour is 6:45. The extension work of the B. T. U. is building a great missionary spirit. Welcome to the training union.

The pastor will preach at 8:00 o'clock on "A Religion That Is Worse Than Infidelity," taken from the scripture, "He that provideth not for his own, has denied the faith and is worse than an infidel" (1 Timothy 5:8). There will be special music.

Last Sunday there were 344 in Sunday school, two fine services with five additions to the church, and a warm fellowship of helpfulness and love.

"Come this way and we will do thee good."—Lawrence Hays, pastor.

Plenty of 1937 "Ability," They Say

Designed to provide all five basic services to the American housewife, the 1937 super-duty Frigidaire with the meter-miser makes its bow here. Engineered and manufactured by the household refrigerator division of General

Motors, the new refrigerator has greater ice-ability, greater storage-ability, greater protect-ability, greater depend-ability and greater save-ability, according to King & Brown, local dealers for the Frigidaire corporation.

Pentecostal Church

We are glad to report that our Sunday school and regular service attendance has continued to increase, even during our absence of the past two weeks. The Almighty's blessings have rested upon each service.

We continue our services as announced: Cottage prayer meeting Wednesday and Friday nights; Sunday school, 10:00 o'clock, preaching services following; evangelistic services every Sunday night.

Our regular district fellowship meeting is with the church at Pioneer Saturday and Sunday, March 27 and 28—A. M. Fox, pastor.

Former Resident Dies.

Mrs. George McLeod of Portales, New Mexico, former local resident, died Friday morning in a Lubbock hospital. She is a sister of Mrs. Tull Taylor, Snyder. Mrs. Taylor was called to the bedside Thursday. She and Mr. Taylor, Sterling Taylor and the latter's daughter, Irene, attended final rites at Portales Saturday.

A kind old gentleman, seeing a small boy who was carrying a lot of newspapers under his arm, said: "Don't all those papers make you tired, my boy?" "Naw, I don't read 'em," replied the lad.

LEGAL NOTICES

CITATION BY PUBLICATION
The state of Texas, to the sheriff or any constable of Scurry County greeting:

You are hereby commanded to summon John Edward Brazell b making publications of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in the nearest county where a newspaper is published, to appear at the next regular term of the district court of Scurry County, to be held at the courthouse thereof, in Snyder, on the fourth Monday in March, A. D. 1937, the same being the 22nd day of March, A. D. 1937, then and there to answer a petition filed in said court on the 17th day of February, A. D. 1937, in a suit numbered on the docket of said court as No. 3028, wherein Anna Thelma Brazell is plaintiff, and John Edward Brazell is defendant, and said petition alleging that plaintiff is an actual bona fide inhabitant of the state of Texas for one year and of the county of Scurry for six months. That plaintiff and defendant were legally married on July 22, 1934, at Sierra Blanca, Texas, that they lived together as husband and wife until on or about the 25th day of July, 1936, that about one month after said marriage defendant began a course of cruel, harsh and inhuman treatment toward plaintiff, which continued to grow worse throughout the time they lived together as husband and wife. That on or about the 23rd day of July, 1936, defendant came home drunk, cursed, slapped and choked plaintiff, that because of said cruel treatment which rendered their further living together as husband and wife inhuman, plaintiff was forced to leave and did leave defendant on July 25, 1936, and they have not since lived together as husband and wife. That there were no children born of said marriage and there was no community property of said plaintiff and defendant. Plaintiff asks judgment of the court, dissolving the bonds of matrimony heretofore existing between plaintiff and defendant and that her maiden name of Anna Thelma Lov-Elise be restored to her, and for such other and further relief to which she may be entitled.

Herein fail not and have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Snyder, Texas, this 17th day of February, A. D. 1937.—J. P. BILLINGSLEY, Clerk, District Court, Scurry County, Texas. 37-4t

ADMINISTRATOR'S NOTICE
The state of Texas, county of Scurry. To those indebted to, or holding claims against the estate of A. C. Wilmeth, deceased:

The undersigned having been duly appointed administrator, De Bonis Non, of the estate of A. C. Wilmeth, deceased, by H. J. Brice, Judge of the county court of Scurry County, Texas, on the 28th day of January, 1937, during a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law, at his residence at the Manhattan Hotel, Snyder, Texas, or place of business in the Towle Building, care of J. W. Scott, Snyder, Texas, where he receives his mail.—WARREN S. COOK, Administrator, De Bonis Non, Estate of A. C. Wilmeth, Deceased. 38-4t

CITATION BY PUBLICATION
The state of Texas, to the sheriff or any constable of Scurry County greeting:

You are hereby commanded to summon Eulalia Robinson by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the district court of Scurry County, to be held at the courthouse thereof, in Snyder, on the fourth Monday in March, A. D. 1937, the same being the 22nd day of March, A. D. 1937, then and there to answer a petition filed in said court on the 14th day of October, A. D. 1936, in a suit, numbered on the docket of said court as No. 3004, wherein Raymond B. Robinson is plaintiff, and Eulalia Robinson is defendant, and said petition alleging that plaintiff has been an actual bona fide inhabitant of the state of Texas for 12 months, and has resided in Scurry County for six months next preceding the filing of such petition; that plaintiff and defendant were legally married April 10, 1935; that they have no children and no community property; that defendant, after their marriage, was harsh and unkind and tyrannical towards plaintiff and abused plaintiff by words and acts and failed and refused to administer and raise plaintiff in same of sickness, rendering their living together further as husband and wife insupportable. Plaintiff prays for judgment divorcing him from defendant.

Herein fail not, and have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Snyder, Texas, this 17th day of February, A. D. 1937.—J. P. BILLINGSLEY, Clerk, District Court, Scurry County, Texas. 37-4t

Highway Survey May Help County Get U. S. Funds

Texas is eligible to receive \$1,500,000 in 1938 as her share of the twenty-five million dollars appropriated to the Federal Bureau of Public Roads for secondary or feeder roads, and a like amount will be available for the same purpose in 1939.

The bill specifies that the projects must be constructed in at least 50 per cent of the counties and that designation of the secondary road system will be based upon the importance of various roads as revealed by the highway planning survey now in progress.

The highway planning survey is now collecting important information from car owners of Scurry County. Each car owner as he pays his 1937 registration fee at the office of the county tax assessor-collector will be handed a post card questionnaire upon which to note a few essential facts. These cards are self-addressed and require no postage. Vehicle owners should fill them in and mail them at once.

NOT MANY CAR TAGS ON MOVE

Less than 150 sets of car tags have been sold to Scurry County motorists, says Bernard Longbotham, tax assessor-collector. "If folks don't buy these license plates in a hurry during the next few days there will be plenty of standing in line before the month is over," he warns.

The tags were available in February, but they could not be placed on vehicles until March 1. They must be purchased and placed on cars, trucks and trailers not later than midnight, April 1.

Stamford Newlyweds Are Known in Snyder.

Marriage of Dorothy Baker and Johnny Bryant, both of Stamford, is of interest to local people, since the two are well known here. Miss Baker has visited in Snyder with Bonnie Miller on several occasions, and Bryant is known to the business people here. Wedding of the two took place last Thursday evening. Attending the couple were Margaret Helen Miller and Johnny Lyons, who formerly lived here.

Bryant, a grandson of J. C. Bryant, one of the founders of Bryant-Link Company in West Texas, has been a salesman for the Hamilton-Brown Shoe Company for the past three years. Following a trip to St. Louis the couple will be at home in Stamford.

Since Longbotham estimates that 2,000 to 2,100 sets of tags must be purchased before the deadline, the average for the remainder of the buying period will be about 100 per day.

Bell News

Mrs. Will Caffey, Correspondent

Miss Turlou Etheredge and her brother, Schooner, of Hobbs spent last week with their brother, Brian Etheredge, and family.

Mr. and Mrs. J. D. Chambers visited the Sheltons of Union Saturday.

J. D. Chambers and family, Mrs. Abernathy and the E. C. Tate children visited the J. T. Lipham of Hobbs Sunday.

Brian Etheredge has a new tractor and has decided to start farming.

Mr. and Mrs. Leland Rea of Hermleigh visited Mr. and Mrs. Walton McMillan Sunday afternoon.

Mr. and Mrs. Ted Pitner of Snyder called on the L. H. Beans Sunday evening.

W. O. Moore of Pasadena, California, and J. J. Henry of Pylon were dinner guests of Mr. and Mrs. Will Caffey Monday.

Misses Ruby Bassingame, Inez and Irene Barron of Snyder were guests of Miss Mary Brown Robertson Sunday, February 23.

Snyder General Hospital

C. Karnes, R. S. & P. Railway agent at Hermleigh, is receiving medical attention in the local hospital this week. J. E. Fargason, father of W. C. and J. L. Fargason, Hermleigh businessmen, was among the surgical patients this week.

Eldon Rosson, Snyder, and Mrs. O. V. Oden, Levelland, were the other patients entering since last report. Both underwent surgery early this week and were still in the hospital late Wednesday.

Jim Shepherd, Hugh Taylor Jr. and Mrs. E. R. Bibby of Colorado, patients of past weeks, were still in the hospital yesterday.

History lecturer—"Can any of you tell me what makes the Tower of Pisa lean?"

Compunct lady—"I don't know, or I'd take some myself."

Clark-Early Improve.
Clark & Early Cafe, formerly the Boss Baze Cafe, has been doing some spring improving. Additions during the last few days include a big Stewart-Warner electric refrigerator and an electric cold drink box. Clark Hudnall and Worley Early report constantly increasing business since they took over the cafe several weeks ago.

"Save the Surface."

From The Monitor (Boston), An International Newspaper

Visual education is effectively used in the recent report of the Great Plains Committee (available from the government printing office for 40 cents), entitled "The Future of the Great Plains." Along with the several thousand words of useful text are photographs which tell graphically what the beauty of the plains area once was, its distress today and some of the means which give promise of restoring of nature there.

One group of three photographs shows the luxuriant growth of grass which the Hayden expedition of 1870 found in parts of eastern Wyoming which now, after excessive cattle and sheep grazing, are covered mainly with sagebrush. Another present-day photo shows a stretch of Wyoming "range" where continued over-grazing has destroyed even the sagebrush. And beneath it a spread of overgrazed Nebraska sand hills, where the richness of the original grass cover is indicated by remaining tufts on the tops of a few wind-carved hummocks two feet or so above the surrounding desert.

If one cherishes the supposition that the human hand is always an improving influence, such comparisons compel a few reservations and some stocktaking. The western plains area is not the only one where such evidence could be gathered. The visitor to Yorktown, Virginia, finds acres of land grown over in slash pine and apparently unfit to support anything else, though that land—not then washed of its topsoil—was an expanse of flourishing plantations when Washington besieged Cornwallis. Across the Alleghenies in the upper valleys of Ohio River tributaries one finds gullying and sheet erosion of the soil a serious problem.

Paint manufacturers in the United States a few years ago popularized a slogan which ought to be applied with particular force to the preservation of America's soil: "Save the surface and you save all!" How true that is of the good earth that feeds the trampling millions whether in North America or elsewhere!

Fertility is only plow-deep. Sometimes it is not even that deep, as in the case of grasslands cut up for wheat only to blow away in dust storms. When it happens to be deeper, much depends on how the plowing is done as to whether fertility is conserved or lost. The Great Plains report also gives visual examples of how contour plowing, strip cropping, basin listing and terracing is being done to check the plant-food in soils that would otherwise become sterile.

And herein, along with other remedies discussed in the report, lies the hope for reversing the process of depletion and for actually building up the soil resources not only of that area from the foot of the Rockies down to the line of mid-Kansas but also other sections of the United States. In the Great Plains a revision of cropping and grazing practices to relieve the heavy overcrowding of the range is involved. In other sections state zoning of land for farm purposes may be advisable and often the federal purchase of land for reversion to timber. Many factors enter in, such as tax reforms and a revision of the idea that a person may do what he likes with his own property regardless of how it may affect his neighbors.

Thirty-five million acres of former crop land, Paul B. Sears estimates in his "Deserts on the March," are now unfit for that use. Probably not all of the abandonment is chargeable to neglect, but if a foreign nation attempted to take even a fraction of that much useful territory away from America sovereignty there would be an international crisis and a call to arms to repel the invader. The national resources would be mobilized. No one would think of leaving defense to those few who happen to be in the line of march.

A few more decades of normal population increase will tax, at present rates of food production, all the arable and grazing land of the United States. Every available means should be used to preserve and build up that vital cover between vegetation and barren subsoil. "Save the surface and you save all."

Rain.

By a West Texan.

My nostrils swell as the tincture of moisture pricks them. Rain! Rain! My nose almost curls, like a nigger's hair, in wet West Texas weather. Mist and fog. Drip. Drip. It is like East Texas weather. But East Texans hate it. Out here in West Texas we love it.

Showers and drizzles. Pitter. Patter. As the volume of moisture grows, sleeplessness grows. I awake with a start. Pitter. Patter. It's all soaking in. I think dreamily. And doze again.

Dollars and cents, success and failure, good business and bankruptcy are bound up in this West Texas moisture. But, in the land of semi-dreams, I remember a lyrical poem, far removed from such practical thoughts:

Rain is a silver broom,
Sweeping the brown
Off the hills, brushing
Gray webs down;
Leaving curved hills
Gold and green;
Tinted with grass
Newly clean;

Sweetening meadows
For cows and sheep.
Beds should be fresh
Where lambs may sleep!

Yes, rain is a silver broom. It sweeps everything away the poem implies. But it leaves many new things. It leaves hope and vision and satisfaction. It leaves better financial judgment, better family relationships, fewer problems to be solved.

Last week's rain was a beautiful thing. It dangled from mesquite limbs, so slowly did it fall from heaven. Then it dropped to the earth as plump and sparkling as a diamond.

Almost, literally, we received acres of diamonds in the rough. . . diamonds that shall be fashioned during this year 1937 into a diadem of prosperity for a people who have waited long for this liquid bonanza.

"To Sum It All Up."

Clarence Poe in The Progressive Farmer: "Our Southern people cannot maintain modern living standards without a more prosperous agriculture. And we shall not have a more prosperous agriculture until we add animal production—livestock, dairying and poultry—to plant production."

"Soggy Sentimentality."

Frank Kent: "In former days it was supposed to be a cardinal virtue in a public man to prevent waste of the public funds. Today he is treated as something reprehensible. . . That such a state of affairs can exist without public concern is the best evidence of the degree to which the popular mind has been anesthetized by . . . soggy sentimentality."

The Times Creed

For the cause that needs assistance;
For the wrongs that need resistance;
For the future in the distance,
And the good that we can do.

Current Comment.

By LEON GUINN.

In local FFA chapters in this territory, quite a few boys who are feeding out club calves as their particular project are having trouble with a straight "dry feed" ration. . . For this business of feeding club calves dry feed entirely from roughage to grain is causing blind staggers, botulism, bloat and other minor bovine diseases which are absolutely uncurable for.

Club calves, like other cattle, must have a balanced feed with a green content, or substitute vitamins in their daily roughage, else ailments caused by a vitamin deficient diet will ruin any calf for show purposes. . . And another calf killer, besides "dry feed" is cottonseed meal—unless fed sparingly, since this protein enriched food literally "burns up" calves unless fed in proportion to weight. . . Perhaps the most thorough rebuke to straight "dry feed" feeding occurred last year at Sweetwater, when the "winnah" who placed first with his calf, revealed the fact that his calf had been running in the sudan patch for two months, and had been allowed to "suck"—although a six-months-old show calf.

Personal: All thanks to these Times readers for their Current Comment bouquets: Rev. R. E. Deavers, Dr. C. E. Walker, veterinarian, and Mrs. Kate Cotten. . . Thanks also to the preachers in the territory who account Current Comment worthy to be quoted in the pulpit. . . Since Scurry County has been spotlighted in the Abilene Reporter-News of recent date, you might ask those to your neighbor and mine, who ought to know their home county better:

Did you know that field representatives of three national museums have catalogued the dinosaur beds of Scurry County? . . . That geologists are quite interested in the 10-acre bed of pumice ore located in the county? . . . That the four double doors of the courthouse were so placed as to divide the county into four "center line" precincts; incidentally, as radii points for the first county roads built back in the eighties? . . . That the Ira shallow oil field, with six wells on the pump, is the only oil field in the United States pumping its wells with the so-called pocket of "free air" found at the 1,200-foot level? . . . That George Mahon and the State Parks Board have promised Scurry County a state park for 1937, if enough local citizens cooperate with county sponsors of the project? . . . That most readers don't question these "did you know's"? . . . They are content to let them be, verified or not. . . They were checked three times.

That Automobile Horn.

J. L. Martin in McCamey News: "One lesson for the new driver to learn, and there are a lot of older drivers who do not seem to have learned it yet, is that the noisy, continued blowing of an auto horn is an abomination to the ears of most people and that he who uses the horn except in an emergency cannot be rated as a competent driver. It was put on the car for but one purpose, and that purpose is it's used only when danger lingers near and a warning signal is necessary."

Mrs. Franklin D. Roosevelt: "One cannot be a good citizen without education—that means more than the ability to read and write."

Song Convention In Spotlight for Area This Week

Claiming the singers' attention this week is the Four County Singing Convention, which convenes at Rotan Sunday, March 14, and a concert at Hobbs High School Saturday night, March 13, by the Stamps quartet.

The Hobbs quartet by V. O. Stamps and his radio concert is being given to take the place of the usual Saturday night session of the Four County Convention, composed of Scurry, Fisher, Mitchell and Nolan Counties.

Admission charges for the concert will be 15 and 25 cents. Starting at 8:00 o'clock rain or shine, the program offers an hour and a half of solid entertainment by V. O. Stamps, bass; Jim Gather, baritone; Walter Rippeote, first tenor; Bob Bacon, second tenor, and Marion Snyder, accompanist.

Eddie Williams, vice president of the Four County Convention, promises song lovers in the territory that Rotan will entertain visitors royally. The Stamps quartet will be at Rotan all day for the sing-song.

Says Eddie: "We are quite fortunate in rounding up so much singing talent for the Rotan convention, and invite every singer and song lover out for the song feast. It will be an all-day affair, so come prepared to do some good convention singing."

In the business session the next convention meeting place will be selected, and Scurry County delegates are invited to put in their bids.

A telegram from Stamps Tuesday stated that the quartet "will try to make up for lost time at Hobbs Saturday night, since sheet covered roads around Dallas prevented us from making the other concert."

First Presbyterian Church

A cordial invitation is extended to all who may wish to attend any service of this church. The regular hours of services on Sunday are as follows:

9:45 a. m.—Sunday school.
11:00 a. m.—morning worship.
6:30 p. m.—Christian Endeavor.
7:30 p. m.—evening worship.

The topic for the sermon next Sunday morning is "Things That Broke His Heart." The evening sermon will be on the subject "Christ Uplifted."

This is the season for renewing of vows to the crucified and risen Christ. Any person who thinks seriously of the meaning of the first Easter will determine to make his way to the church of his choice during this pre-Easter season and pay whole-hearted tribute to the One who "brought life and immortality to light through the Gospel."—James E. Spivey, pastor.

Morgans in Draughan's.

Mr. and Mrs. J. C. Morgan have entered Draughan's Business College, Lubbock, according to their parents, Mr. and Mrs. Sterling Taylor of Snyder and A. P. Morgan of Ennis Creek. Mrs. Morgan, the former Sterlene Taylor, and her husband are graduates of Snyder High School.

Savage to Aspermont.

M. E. Savage, former resident engineer in Snyder for the State Highway Department, was recently made resident engineer at Aspermont, where he and his wife are now making their home. He recently completed supervision of Abilene's double railroad underpass.

LEAGUE ENTRY DEADLINE SET

Monday of next week is the deadline for receiving Inter-scholastic League entries from the various schools of the county, Frank Farmer, director general, warns school leaders.

The majority of entries have already been received, but Farmer says a few are outstanding. He requests that all entries be made by Saturday if possible.

Reports from Hermleigh, where most of the events will be held March 26-27, indicate that the entire town—including tennis courts, athletic track and literary event rooms—is practically ready for the first Inter-scholastic League meet in the town's history.

Little Sulphur

Mrs. J. E. Coles, Correspondent

Travis and Bob Bedford of Buford visited in the O. S. Melton home Thursday night, when music was enjoyed.

Clyde Melton was one of the musicians who played at the play at Lowe Friday night.

Mr. and Mrs. W. G. Jones and children spent Sunday in the home of Dock Brinkley of Dunn.

Mr. and Mrs. J. T. Clay and children and Henry Guinn visited Sunday in the Cleveland Clay home at Dunn.

Mrs. P. N. Bolding gave a supper Saturday night for her daughter, Eril. Those who enjoyed the feast were: Mr. and Mrs. Luther Bolding and children of Stamford, Mr. and Mrs. Jack Byrd and children of Dunn, Mr. and Mrs. Elgin Ellis of Colorado, Mr. and Mrs. Jinks Jones and Leona, and Mr. and Mrs. J. E. Coles and Elcie Jane. Mr. and Mrs. Clyde Bolding and children were after supper guests.

The Luther Bolding family of Stamford spent the week-end with relatives here.

Ennis Creek News

Fae Floyd, Correspondent

Elizabeth Fowler of Colorado spent the week-end with homefolks here.

Lena Floyd spent the week-end with Mr. and Mrs. Edgar Galyean of Bethel.

Ruby Thomas of Snyder visited Elizabeth Fowler Saturday night and Sunday.

Treva and Helen Hart and Inez Floyd visited Mr. and Mrs. Lee Byrd of Post Wednesday. Treva spent the remainder of the week with Mrs. Byrd.

Betty Lynn Gatlin has been ill with scarlet fever, but is doing nicely at this writing.

Mr. and Mrs. Kenneth Pitner and son, Don Keith, of Snyder spent Sunday evening in the R. G. Horsley home.

H. P. Redwine, M.D.

County Fund of \$2,750 Is Given to All Scholastics

The balance of \$2,750 in the county available school fund is being distributed this month by Frank Farmer, county superintendent, to the 26 schools of the county. Permission to distribute the fund was granted Monday by the Commissioners Court.

The fund is being distributed on the basis of a scholastic population of 3,228. Last year the fund totaled \$3,750.

Following are fund allocations, including name of school, number of scholastics and amount from available school fund:

Dist. No.	School	Pupils	Amt.
4	Camp Springs	81	\$68.93
5	Cottonwood	25	21.27
6	Canyon	98	83.39
7	Bison	45	38.29
9	Triangle	4	3.40
10	Bethel	43	36.59
11	Independence	69	58.72
12	Plainview	74	62.97
14	Dermott	40	34.04

Hobbs Builder Has Bought Warehouse

The large warehouse on the highway just north of the square was purchased recently by Major James O. Corbett, builder from Hobbs, New Mexico. The entire structure was wrecked last week and this week, and hauled in trucks to Hobbs.

The material is being used at Hobbs for building of small houses. Sale of the building was through O. H. Smith, representing the defunct First State Bank & Trust Company, owners. The structure was most recently used by Bryant-Link Company as a warehouse for implements.

Customer—"Do you give a guarantee with this hair restorer?" Barber—"Guarantee, sir? Why, we give a comb."
