

Winston Well Hits Third Oil Showing

Third drillstem test of the Pennsylvania to recover oil was reported first of the week for Magnolia Petroleum Company's No. 1 Winston Brothers oil test, four miles south-west of Snyder.

Open for 75 minutes on test from 7,428 to 7,445 feet, it showed gas at the surface in three minutes. Recovery was 430 feet of clean oil, 280 feet of oil and gas-cut drilling mud and 340 feet of salt water.

Previous test from 7,877 to 7,410 feet, with tool open 90 minutes, showed gas at the surface in 30 minutes. Recovery was 590 feet of oil and gas-cut drilling mud.

A two and one-half hour test from 7,163 to 7,200 feet three weeks ago recovered 310 feet of oil, 93 feet of oil cut with mud, and five feet of salt water. Gas was at the surface in 21 minutes.

The Winston well is located in Tract 72, Survey 27 of the Kirklind & Fields Survey.

Top of the Mississippi chert was called Tuesday at 7,690 feet on an elevation of 2,290 feet in the Cities Service No. 1 W. F. Burney, wildcat 12 miles southwest of Snyder.

The test is drilling ahead below 7,734 feet in line. It is located 1,960 feet from the north, 2,130 feet from the west lines of Section 143, Block 97, Houston & Texas Central Railway Survey.

Standard of Texas No. 1 Jessie Brown, wildcat 1,890 feet from north, 1,980 feet from the west lines of Section 440, Block 97, H. & T. C. Survey, eight and one-half miles north of Snyder, was waiting on cement after setting 9 1/2-inch casing at total depth of 1,730 feet with 1,016 sacks of cement.

Sun No. 2 Emil Schattel, in the northwest quarter of Section 186, Block 97, H. & T. C. Survey, drilled pas 4,285 feet in line. Emil Schattel, quarter-mile east offset to its No. 1 Schattel, Canyon, line open in Southwestern Scurry County, was making hole below 1,410 feet in shale and shells first of the week.

Alec Parker Dies 24 Days Short of 100th Birthday

Scurry County's oldest resident, Alec Parker, died early Saturday at his home at Hermleigh at the age of 99 years, 11 months and six days of natural causes. He had been ill for about six weeks.

Uncle Alec failed to realize his oft-repeated ambition to live to be 100 years old by just 24 days. He was born September 15, 1848 in Coventon County, Alabama.

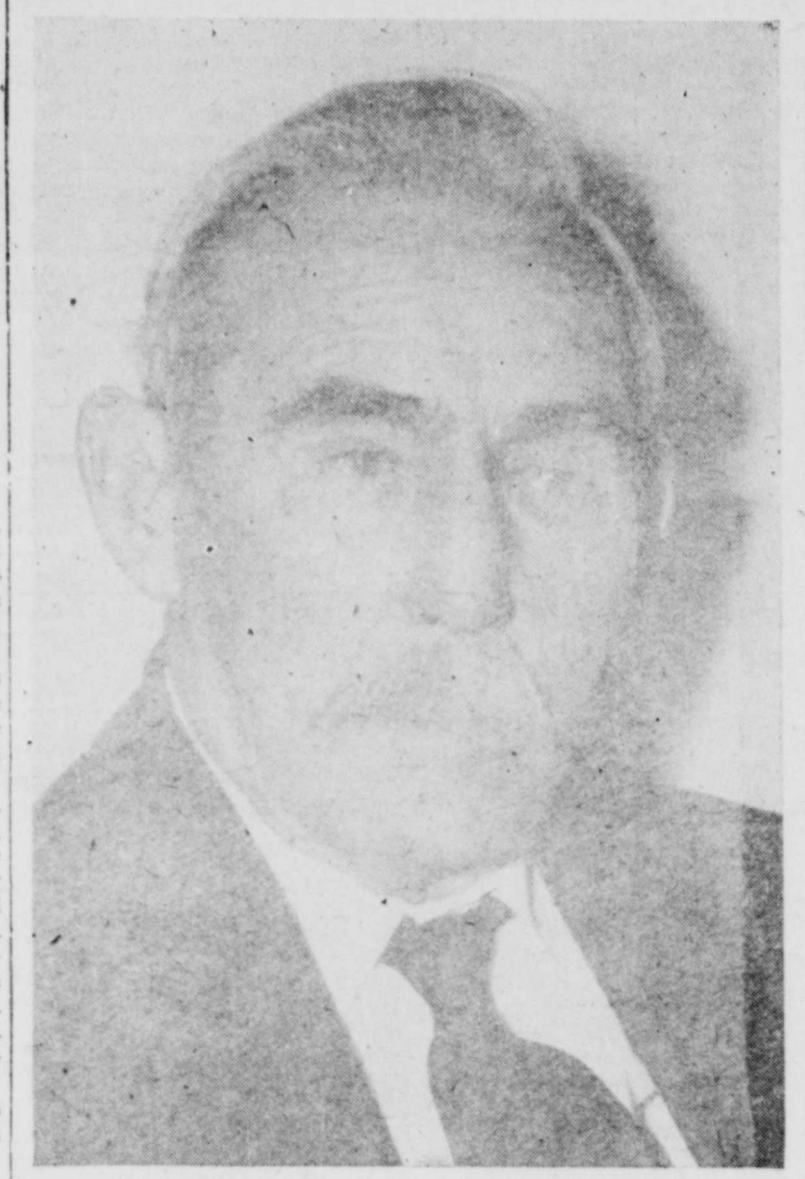

Uncle Alec came to Texas in 1877, settling in Milan County, near Cameron. He later moved to Bogus County, and came to Scurry County 59 years ago, where he farmed until some 17 years ago when he retired.

Funeral services were held Sunday afternoon at the Hermleigh High School gymnasium, Rev. G. W. Parks of Roscoe, assisted by Rev. W. D. Green of Hermleigh, officiated.

Interment was in the Hermleigh Cemetery under direction of Odum Funeral Home.

Pallbearers were H. M. Murphy, Joe Hairston, Floyd Market, Frank Wilson, N. A. Billingsley and Martin Murphy. In charge of flowers were Mrs. H. M. Murphy, Mrs. Joe Hairston, Mrs. Frank Wilson and Mrs. N. A. Billingsley.

Surviving the pioneer resident is his wife, Mrs. Mattie Parker. Five children had preceded Mr. Parker in death.

NEARLY MADE IT—Boast of Alec Parker of Hermleigh that he would live to be 100 years of age lacked only 24 days of becoming a reality. The long-time Scurry County resident died last Saturday. He would have been 100 years old on September 15. Funeral was held Sunday afternoon at Hermleigh School gymnasium, attended by scores of friends of the pioneer.

Loving Cups Go To Club Boys for Work in Projects

About 60 Scurry County Future Farmer of America members and 4-H Club boys and their parents were guests of the Scurry County Farm Bureau Friday evening at 6:00 o'clock at the VFW park, when a winner roast was enjoyed. Fathers of the boys and several officials of the Farm Bureau also attended.

Loving cups were presented by M. W. Bavoisset on behalf of the farm organization to three outstanding club boys for their project work during 1947 and 1948.

John A. Smith, Snyder FFA boy, Herma Lee Clements of Canyon, Ira 4-H Club boy, and Carl Williams, Hermleigh FFA boy, received the awards.

Awards were loving cups, inscribed to show outstanding achievement in past club work and unusual records in their club projects.

Ross Williams, president of the Scurry County Farm Bureau, was master of ceremonies at the Friday evening affair.

It was voted by officials of the Farm Bureau to make the awarding of loving cups to outstanding club boys, and an entertainment for them an annual affair.

Revival at North Side Church Will Open Friday Eve

Ten-day series of revival services will begin tomorrow (Friday) evening at the Snyder North Side Baptist Church, it was announced this week by Rev. Earl Creswell, pastor of the church.

Rev. Earl Creswell, pastor of the First Baptist Church at Hermleigh, will preach alternately during the services. The other will direct the song services.

Services during the meeting are slated at 10:00 a. m. and 8:00 p. m. and will continue through Sunday, September 5. Prayer groups will meet in age units at 7:30 each evening preceding the regular preaching hour.

Pastor Creswell says that new air conditioning equipment has recently been installed at the church to make the building comfortable. He and his congregation invite people of the community to attend the series of meetings.

115 County Boys Anticipated to Be Eligible in Draft

Of the estimated 923 Scurry County youths who will register under selective service beginning Monday, about 115 are expected to be eligible for training after deferments are considered, according to estimates made by The Times on basis of state-wide calculations released this week from Austin.

And of the 115, it is estimated that about 102 will be under 21 years of age. The figures were arrived at by working out a percentage table on state averages.

From the 560,000 Texas youths who will register under the draft act, about 70,000 are expected to be eligible for training after deferments, Major General K. L. Berry, state director, announced Thursday.

Of the 70,000 Berry estimated that more than 66,000 will be under 21 years of age.

Estimates for all the age groups follow: 25-year-olds, 400; 24-year-olds, 750; 23-year-olds, 950; 22-year-olds, 1,100; 21-year-olds, 11,100; 20-year-olds, 23,750; 19-year-olds, 31,750; total, 69,800.

The state selective service head said that "under presently anticipated calls Texas probably will dip into the 23-year-olds on the first call for induction."

The first call for 15,000 men is expected, he said, to come in November. If the first call for the nation is 15,000 men, Berry estimated that Texas will be called on for about 750 of them.

The Times estimates that probably one, maybe two, would be called from Scurry County under the first call.

Man Returned Here On 1946 Theft Charge

Willard Moudry of El Reno, Oklahoma, was brought to Snyder last week-end from Oklahoma to stand trial for theft of a car from Charlie May of Camp Springs in 1946.

Moudry was released from the state penitentiary August 15 after serving a sentence for violation of the curfew act. He is being held in Scurry County jail. Sheriff Lloyd Merritt brought the prisoner to Snyder.

Fair Vote Is Seen In Saturday Run-Off

Tiger Grid Unit Shapes Up With Early Work-Outs

The 1948 edition of the Snyder High School Tigers began to take shape this week as the second week of pre-school training began to get the football boys down to fundamentals and work-outs, according to Coach Tommy Beene.

In a scrimmage against a delegation from Roby Monday night the boys showed fair form. The Roby crew came to Snyder after an announced game with Lorraine fell through.

Playing positions for the scrimmage looked like this Monday night: Glen Holmes, left end; Richard Hardin, left tackle; Lowell Bearden, left guard; Rusty Harris, center; Com Ezell, right guard; Don Keller, right tackle; Billy Joe Middleton, right end; Max Coffee, left halfback; C. W. Dorman, right halfback; Willie Martin, fullback; and Billy Sims, quarterback.

Beene said Tuesday that other boys who are looking good and will put up a fight for places on the squad are: Bob McCormick, S. R. Hambrick, Robert Minton, Keith Allen, guards; Grant Teaff, W. C. Thornton, tackle; Donald Smith, center; Darrel Black, left halfback; Donald Jack Jones and Junk Bowers, right halfback; and several others who have been making the pre-season training.

Beene says that probably several others will come out for football as soon as school starts.

Merkel Women to Direct Church of Nazarene Revival

Mrs. Betty Wagner, evangelist, and Helen Lavelly, musician, will be leaders in a two-week revival meeting at the Church of the Nazarene, corner of Avenue M and 26th Street, beginning Sunday, August 29, it was announced this week by Rev. R. L. Dillard, pastor. The two women are from Merkel.

Members of the Nazarene congregation say their church is making good progress under the leadership of the new pastor. Rev. Dillard came here recently from Tahoka.

"We are looking forward and trusting God for a great revival," Mrs. R. A. Sample, secretary-treasurer of the church, said. "Everyone is invited to attend the series of services that will continue through Sunday, September 12."

Mrs. Wagner is an evangelist of considerable note in the Church of the Nazarene. Miss Lavelly, who plays the accordion, is a singer of reputation.

Three More Practice Games on Tiger List

Three more scrimmage games are on tap for the Snyder High School Tigers before school starts, according to Coach Tommy Beene. The local crew played a short scrimmage with Roby Monday evening.

Lorraine will come to Snyder this (Thursday) evening at 6:30 for a game work-out. Hermleigh will bring its crew next Tuesday evening, and the Tigers will go to Roby next Thursday.

Coach Beene points out that the attendance of local fans at these pre-season games will encourage his charges considerably.

Marvin Maples Stars On Air Force Team

Private First Class Marvin Maples, Dermott community youth who is stationed at the Lowry Army Air Force Base in California, was a member of the championship baseball team of Lowry Air Force Base.

The Lowry team won six straight games in a tournament participated in by 13 air force teams.

At the conclusion of the tournament Lowry made a clean sweep of the outstanding player awards, according to a release to The Times from the base.

The tournament committee commended Lowry's catcher, Private First Class Marvin Maples, for his fine efforts behind the plate. His enthusiasm and hustling won the backing of most of the spectators, says the release.

DRAFT DIRECTOR for Scurry County on the three-county selective service board is John A. Stavely of Fluvanna, who accepted the post last week after his appointment by Major General K. L. Berry of Austin, state director. Stavely was a member of the Scurry County draft board when it was dissolved in 1946. Other members of the three-county board are from Rotan and Sweetwater.

John A. Stavely Accepts County's Draft Board Post

John A. Stavely of Fluvanna last week accepted appointment as Scurry County's member of the three-county Selective Service draft board following his appointment by Major General K. L. Berry of Austin, state director.

Stavely will be a member of a three-man board with headquarters at Sweetwater. On the board with him are W. E. Forester of Sweetwater and Joe L. McCombs of Rotan. He takes the post made vacant by the recent resignation of W. A. Griffin, who was chairman of the Scurry County draft board when it was dissolved in 1946. Stavely was a member of the board at that time. Griffin had been appointed earlier this month.

The three-county draft board is one of a condensation of over 200 draft boards used during World War II. Records of the registration that begins next Monday will be maintained at Sweetwater.

Stavely was this week setting up registration arrangements for the more than 900 young men between the ages of 19 and 25 that are slated to register for possible military training. A schedule of registration will be found in another column of today's Times.

Snyder Guard Unit's Cook Complimented

A Hermleigh lad has earned the honor of being a cook. He is Staff Sergeant Hugh L. Fargason, a member of the 124th Cavalry Reconnaissance Squadron of the 56th Cavalry Group, now on two weeks of summer camp at Camp Hood.

Fargason is a member of Troop A, the Snyder outfit commanded by Captain William Schiebel, and is serving as chief cook for the 124th Squadron headquarters.

When Colonel G. H. Wilson, a regular Army instructor for Combat B of the 49th Armored Division of Dallas, inspected the mess hall and tasted the food Fargason and his boys prepared, the colonel said, "This is the best mess hall I've inspected in the National Guard camp this year."

Revival Starts Sunday With Canyon Church

Rev. William T. Barrett, evangelist, and R. E. Barrett, song leader, both of Texas City, will lead in a revival meeting beginning Sunday, August 29, at Bison school house, according to community leaders.

Services will be held each evening at 8:00 o'clock, to which the people of the community are invited to attend.

Times Will Assemble Returns on Election

Election returns from the run-off primary Saturday will be gathered by The Times as usual as soon as polls are closed Saturday night. No bulletin board will be erected to show the returns, but the results will be available at The Times office as they are received.

Election judges are urged to bring or phone the results in their boxes to The Times as soon as possible.

Rollins Opens Grain Elevator on R. S. & P.

I. M. Rollins has opened up the Snyder Grain Company elevator just north of the Ely, Arnold & Ely Gin on the R. S. & P. tracks, where he is buying grain.

Three Precinct Races Second in Interest in Area

Scurry County voters, who failed to show much interest in the first primary election on July 24, will have opportunity Saturday to cast their "ratbers" in five races that were undecided in the first counting of votes.

Fair interest has been manifested in the one state race, one district race and three county commissioner races during the last few days, a check-up by The Times this week reveals.

In contrast to the voting over the rest of the state, Scurry County made a poor showing at the polls in July when only 2,817 votes were cast out of a potential strength of about 3,500.

Record votes were cast over most of Texas in July, and a state record vote of 1,214,000 tallies was counted in all.

Coke R. Stevenson and Lyndon B. Johnson have held the spotlight of the run-off election—in fact, they held the spotlight in the first primary, but the race was undecided. Stevenson carried 167 counties to Johnson's 67 counties.

For associate justice of the Court of Civil Appeals of the 11th Supreme Judicial District, Allen D. Dabney of Eastland County and Cecil C. Collings of Howard County are opposing each other.

All county-wide races were decided in the July election.

Run-offs were necessary in three county commissioner precincts. T. B. Knight, incumbent, is being opposed by John C. (Lum) Day in Precinct No. 1.

Jones Chapman, incumbent, is being opposed by Guy Glenn in Precinct No. 4 for commissioner.

In Precinct No. 4 Henry Ellerd and Marvin Hanson are seeking the place being vacated by Schley Adams as commissioner.

The Times will gather returns from the run-off election, but will not erect a bulletin board. Results will be gladly given from the office as they are received.

WHO'S NEW

New arrivals at Snyder General Hospital since the last report in The Times have included: A daughter for Mr. and Mrs. R. H. Phillips of Snyder, who arrived August 18. Weighing seven pounds 15 ounces, the little lady has been named Ardis Carol.

A son for Mr. and Mrs. Dean Smith of Hermleigh, who discovered America August 18. James Michael will be the calling name of the seven pound one ounce youngster.

A son for Mr. and Mrs. Austin Varner. Paul Stanley was born August 20, tipping the scales at eight pounds 10 ounces.

A daughter for Mr. and Mrs. Kenneth O. Pitzer, who arrived August 22. Weighing in at seven pounds one ounce, the young Miss has been named Linda Kay.

Snyder Men Attend Brotherhood Session

H. L. Wren of Snyder, prominent in men's Brotherhood work of the Baptist Church, is scheduled to head a delegation of 10 or 12 Snyder men who will attend a two-day District 8 Brotherhood camp at the district camp site at Big Spring opening this afternoon at 8:00 o'clock. Dis. President Stansell Clement of Lamesa will preside over the meeting.

Among speakers at the conference will be Congressman George Mahon, L. H. Tapscott of Dallas and Thomas J. Pitts of Odessa.

All men and boys attending the camp will be fed at the camp dining hall, it is announced. Camping bed-rolls will be taken by the men for staying at camp over Thursday night.

Jones County Stretch On Route 180 Starts

Scurry County citizens are interested in work that got underway on another stretch of Highway 180 that runs through the county.

Rebuilding of U. S. Highway 180 for 16.59 miles east of Anson began last week with workmen clearing right-of-way, and putting in new drainage structures.

Contract was let June 23 by the Texas Highway Department to M. E. Ruby of San Marcos and N. L. Larson of Austin for \$413,027.

Crowder Citizens to Vote at Other Boxes

Crowder voters may vote at the Southwest Snyder box, or any other voting box in Precinct No. 3. A. C. Preuit, Scurry County Democratic chairman, said Wednesday. School house at Crowder, where voting has been done heretofore, has been moved to Snyder following consolidation of the Crowder district with Snyder.

Voters at Turner, where the school house also has been moved, will cast their ballots at the teacher-age, Preuit says.

No Trace Found Of Car Stolen at Courts Monday

No trace had been found of the men who stole the 1946 black two-door Ford sedan of D. M. Cranfill of Abilene from the Boardway Tourist Courts Tuesday night, according to Sheriff Lloyd Merritt, who is working on the case.

Theft of the car was discovered about 7:30 o'clock Wednesday when the Abilene salesman arose and prepared to check out. The theft was believed to have occurred about 5:00 o'clock, when another occupant of the tourist court saw the car being moved out of the camp without lights—which was no thought to have been unusual at the time.

Cabin occupied by Cranfill was entered through a back window, and some money and the car key removed from his trousers without waking the salesman.

An area alarm was sounded by Sheriff Merritt, but no trace of the prowlers had been reported Wednesday night, he said.

The woman who saw the car being pushed from near Cranfill's cabin said two and possibly three men were involved.

AREA MEN BEGIN REGISTERING MONDAY FOR DRAFT PROGRAM

Registration of Scurry County young men between the ages of 18 and 25 years is scheduled to begin at seven designated points Monday, according to John A. Stavely, Scurry County's member of the three-county selective service draft board.

Twenty-five year olds will begin signing up Monday, August 30, and these will be followed by the registration of younger men through September 19.

Stavely explains that Scurry County men may register at any of the seven points, where assistants will be on hand to handle the forms.

Those born in 1922 after August 30 will register on Monday, August 30. Those born in 1923 will register on August 31 or September 1. Those born in 1924 will register on September 2 or September 3. Those born in 1925 will register on September 4 or September 7. Those born in 1926 will register on September 7 or September 9. Those born in 1927 will register on September 10 or September 11. Those born in 1928 will register on September 13 or September 14. Those born in 1929 will register on September 15 or September 16. Those born in 1930 before September 19 will register on September 17 or September 18. Those born on or after September 19, 1930, will register within five days after their eighteenth birthday.

Faculty Completed For Fluvanna School

Faculty for the Fluvanna Schools was completed this week, according to announcement made Wednesday by J. M. Glass, superintendent.

Staff of the Northwest Scurry County school for the ensuing term follows: Oma Tomlinson, Mrs. Rex Millhollon and M. H. Curb, grades; Lucy Turner, Mary Belle Weather-ber and Mrs. and Mrs. J. M. Glass, high school.

New term of school at Fluvanna will open Monday, September 6, and enrollment is expected to be about normal, Glass said.

Leon Andress Shows Further Improvement

Condition of Leon Andress, whose right leg was amputated 10 days ago in the veterans hospital at McKinney, continues to improve, according to a letter from Mrs. Andress to The Times received Tuesday. Leon was injured on June 26 when he became entangled in the belt of a feed mill.

Mrs. Andress says visitors are being received by the Bethel community young farmer. He is located in Veterans Administration, Hospital Ward 105, McKinney, in case his friends want to visit or write him, Mrs. Andress says.

Good Luck on Devil's River. Loyce Jones and W. H. Tadlock returned last week from a several-day fishing trip on Devil's River near Del Rio. They reported good catches of fish on the Southwest Texas stream. Plenty of signs of the June flood on the river were still in evidence, they said.

Maneuvers at Camp Hood. They are, left to right: Private First Class Johnny Pitzer, Private M. J. Bates, Private First Class William D. Isbell and Private Carl Lloyd. They will fire later during the range trials.

AT HOME ON THE RANGE are these four Texas National Guard cavalrymen of Troop A, 124th Cavalry Squadron from Snyder, who are shown getting ready to pass the ammunition to men on the firing points during maneuvers at Camp Hood. They are, left to right: Private First Class Johnny Pitzer, Private M. J. Bates, Private First Class William D. Isbell and Private Carl Lloyd. They will fire later during the range trials.

SNYDER GUARDSMEN pictured above are members of Troop A, 124th Cavalry Reconnaissance Squadron shown as they clean carbines after firing on the range at Camp Hood in the annual maneuvers. Thirty-six men under the command of Captain William J. Schiebel went from Snyder to Camp Hood for the two-week training that will be concluded this week-end.

## FRANCES SENTELL, BRIDE-TO-BE, HONORED AT FRIDAY GIFT TEA

Frances Sentell, bride-elect of John Rator Jr., was honored at a gift tea Friday, August 26, in the home of her aunt, Mrs. John Sentell. Co-hostesses were Mrs. C. I. Nichols, Mrs. R. D. English, Mrs. F. E. Bayouth and Mrs. C. L. Noss.

Guests were welcomed by Mrs. John Sentell, who presented them to Mrs. Frances Sentell, mother of the bride-to-be. Mrs. Sentell, Mrs. John Rator Sr., mother of the groom-to-be, and Della Marie Mason.

Mrs. Ophelia Blackard furnished miscellaneous meats during the tea, and Mrs. Rose Marie Lemons read from Robert Browning's "The Love-Letters" three love sonnets.

The tea table was laid in pink and white, and with several appointments. The basket arrangements were dressed from pink lilies and white roses, complemented by spray of ferns and ivy.

Frosted punch, coral shaped cookies and sweetmeats were served to guests. Misses Betty Ferguson and Jeanie Nichols and Mrs. Charles Longbottom presided over the tea.

## Women now find 2-way help for old problem

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in Casert's 2-way help. You see, Casert may make things less easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus your build, and resistance for the trying days to come. Casert is scientifically prepared and scientifically tested. If you suffer "at those certain times," get Casert today.

## Woolever Family In Annual Reunion

Home and friends gathered at the home of Mr. and Mrs. M. E. Bishop Saturday and Sunday to help celebrate the eighty-third birthday of Mrs. O. C. Woolever of Snyder. The gathering of the twenty-fourth consecutive year for the family to be conducted for the occasion.

Barbecued goat and beef, with all the trimmings, were enjoyed by all, served on long tables in the yard.

Moving pictures were shown to the group by Elvis Bishop Saturday night. Sunday was spent making pictures and visiting by all.

Grandmother Woolever has 10 children, 43 grandchildren and 51 great-grandchildren.

Attending the reunion were: The honoree, Mrs. O. C. Woolever; Mr. and Mrs. Ernest Woolever of Leveland; Mr. and Mrs. Lee Myers of Snyder; Mr. and Mrs. Edgar Woolever of Claude, New Mexico; Mr. and Mrs. Claude Woodcock; Mr. and Mrs. E. V. Woolever of San Angelo; Mr. and Mrs. Jack Woolever of Slaton; Mr. and Mrs. Bill Woolever, Mr. and Mrs. Weldon Bills, Mr. and Mrs. Jack Davis, Mr. and Mrs. Bill Backoff of Snyder; Mr. and Mrs. Mattie Dixon and Bill and Mrs. Alton Warren of Post; Mr. and Mrs. James Cole and Mr. and Mrs. Roy Hodges of Slaton; Mr. and Mrs. Ben Posty of Leuders; Mr. and Mrs. O. M. Miller, Mr. and Mrs. P. M. Davis, Mr. and Mrs. Buddy Davis, Mr. and Mrs. Albert Miller, Mrs. I. O. Fannin of Snyder; Mr. and Mrs. Truman Davis of Lovington, New Mexico; Mr. and Mrs. Elbie Miller of Jal, New Mexico; Mr. and Mrs. T. J. Sterling of Knapp; Mr. and Mrs. Claude Bishop, Mr. and Mrs. Elvis Bishop, Mr. and Mrs. Earl Smith, Mr. and Mrs. M. E. Bishop, Mr. and Mrs. Charles Clanton, Mr. and Mrs. Aubrey Alsup, Mr. and Mrs. Wilbert Leslie of Ralls; Mr. and Mrs. Morris Clanton of Big Spring; Mr. and Mrs. Marcell Bishop of Portales, New Mexico; Mr. and Mrs. Woodrow Wilson of Ira; Mrs. Verna Knight of Snyder; Freddie Leslie, Bobby Jack Alsup, Mr. and Mrs. Leland Caddell, Mr. and Mrs. Delton Caddell of Ralls; Mr. and Mrs. Ed Murphy of Knapp; Mr. and Mrs. James Roberts, Mr. and Mrs. Robert Smith, Mr. and Mrs. W. K. Grant, Mr. and Mrs. Garner Allsup and Mr. and Mrs. Robert Gregory.

Mrs. Neal Gross of Sweetwater, Mrs. Lois Wildford and Mrs. E. C. Slovacek and daughter, Cassie, and Jack Wildford of San Diego California, attended the funeral of Mrs. Ella Groves here last Wednesday and visited with relatives and friends for several days.

Boron, Mrs. Leighton Griffin, Mrs. Mabro Brock, Jonnie Dell Brock, Mrs. Edgar Taylor, Mrs. Elmer Taylor, Mrs. Walla Jordan, Mrs. J. H. Birdwell, Alice Birdwell, Mrs. N. M. Harpole, Polly Harpole, Mrs. A. G. Leslie, Thelma Leslie, Mrs. John Irwin, Mrs. C. T. McLaughlin, Mrs. Sam Williams, Mrs. O. M. Gentry, Mrs. Charles Lockwood, Mrs. John Mills, Wanda Mills, Mrs. Bess Fish, Mrs. Edgar Josephson, Mary Belle Weathersbee, Mrs. A. C. Alexander, Mrs. Lee Stinson, Mrs. W. P. King, Mrs. Ralph Odum, Mrs. Barber Martin, Mrs. D. M. Cogdell, Mrs. Jack Bowden, Mrs. John Keller, Ramona Keller, Della Mason, Mrs. Wilson Connell, Mrs. Al Simpson.

PARS THE COURSE—Some gentlemen golfers may not be able to keep their eyes on the ball when this attractive young lady tees off. The striking brunette wears a golf dress done by Mayflower in cotton chambray. She's equally at home on the links or on a shopping spree downtown in the versatile short-waist style cotton.

## Housewives Prefer Quality in Potatoes

A recent U. S. Department of Agriculture survey shows that with housewives who know potatoes best, it is quality 12 to one, says Mary Louise Piehl, Scurry County home demonstration agent.

The survey, conducted by the Bureau of Agricultural Economics under the research and marketing act, took a cross-section sample of housewives in towns of 2,500 population and over. Texas was one of the 26 states covered in this survey, and 26 women from Shamrock, San Antonio, Lubbock and Galveston made up part of the 3,500 women in the nation who were interviewed.

These homemakers were asked about their preference in potatoes. Their answers showed that, 12 to one they considered quality more important than either size or price. And when it came to size and price, they placed size above price three to one. Southern housewives were just a little more interested in price than those in the North.

No matter what the income level, the women thought quality and size were more important than the price. As the income level went up, however, interest in quality and size increased, while in price decreased, says Miss Piehl.

Mr. and Mrs. Bill Thompson and son made up part of the 3,500 women in the nation who were interviewed. Their preference in potatoes. Their answers showed that, 12 to one they considered quality more important than either size or price.

## Mariwyn Wren Takes Social Security Place

Mariwyn Wren, formerly of Snyder, recently accepted a position in the Abilene office of the Social Security Administration. This is the federal agency that administers the old age and survivors' insurance plan, and the Social Security Act.

Miss Wren's principal responsibility is that of issuing social security numbers to workers in the 16 counties comprising the Abilene district, including Scurry County.

After graduating from Snyder High School in June 1947, Mariwyn attended business college in Abilene. For a short time before accepting her present position she was employed at the West Texas Utilities Company's office in Abilene.

## To Reunion at Abilene

Several Scurry County people attended a family reunion of the Leech family Sunday at Cobb Park near Abilene. A bountiful meal was served picnic style at the noon hour, and games and conversation furnished an afternoon of pleasure.

This was the first reunion of the family, and it was decided to make it an annual affair. Sixty-four relatives gathered at the reunion. Mrs. A. J. Leech of Snyder, 79-year-old West Texas pioneer, was the oldest attendant. Mr. and Mrs. J. A. Leech of Abilene were hosts Sunday.

From Snyder attendants were Mrs. A. J. Leech, Mr. and Mrs. J. W. Clawson, Mr. and Mrs. Jesse Lemons and daughter, Rose Ann.

Mr. and Mrs. Ed Miller and Margaret Miller visited in Fort Worth last week.

Mrs. Ida Baker of Colton, California, has been visiting her family. Mrs. W. D. Roberts, and sister.

## J. L. Vineyard Feted Sunday on Birthday

J. L. Vineyard of the Hermleigh community was honored Sunday on his birthday by having all his children home.

Those present were Mrs. and Mrs. M. C. Vineyard and Mr. and Mrs. E. O. Bass Jr., Jerry Dwyer and Marcia of Kress; Mr. and Mrs. L. E. Vineyard and Evelyn of Kress; Mr. and Mrs. J. E. Andrews, Charles, Emery and Marlin of Kress; Mr. and Mrs. R. A. Vineyard, Leon, Melvin and Ben of Kress; Mr. and Mrs. V. L. Alexander and Keith of Kress; Mr. and Mrs. Bishop Vineyard, Douglas, Nelda Pearl and Gus of Hermleigh; Otis and Bertha Vineyard of Hermleigh; Mr. and Mrs. J. A. Burris and Gne and David of Vincent; Mrs. Buel Lewis and Clara of Hermleigh; and the honoree, J. L. Vineyard, of Hermleigh.

Pre-war quality rubber bands now available at The Times office.

## Edith Harris Marries Jerry Donald Goswick

Mr. and Mrs. Joe Dee Harris are this week announcing the marriage of their daughter, Edith Armilda, to Jerry Donald Goswick.

The ceremony was performed August 23 at 3:00 o'clock p. m. by Justice of the Peace W. C. Davidson at Snyder.

Mr. and Mrs. H. F. (Abe) Rogers and daughter, Jane, have been to Waaco for a several day visit with their daughter, Mrs. Fred Jones, and family.

### Pointers Given On Grain Storage By County Agent

"With the shortage of grain storage space, there probably will be a lot of corn and grain sorghum stored on farms in Texas this year," Oscar Fowler, county agent, points out. "The wise Scurry County farmer will start early to protect his grains against weevils."

The first thing is to be sure that storage bins are weather and fumigant tight, Fowler says. If the grain is not in storage yet, clean the bins and spray thoroughly with a five per cent DDT spray.

Fowler recommends two mixtures for the fumigation process. The first is three parts of ethylene dichloride and one part carbon tetrachloride. One thousand bushels of grain will use six gallons of the fumigant. Sprinkle with ordinary sprinkling cans over the top of the grain.

The second mixture recommended

Mrs. J. NANCE GARNER (above) died at her home in Uvalde, at the age of 78. Often referred to by Garner as his "right hand," she served as his personal secretary throughout his public life.

#### Waiting His Turn.

"When are you going on your vacation?" "I don't know. I've got to wait until the neighbors get through using my suitcase."

is one part carbon disulfide (high-life) and four parts of carbon tetrachloride. Again, six gallons of the mixture will fumigate 1,000 bushels of grain. Pour it in shallow pans and place around the bin—it will evaporate and the fumes soak through the grain.

"Weevil control is important," Fowler concludes, "not only from a grain saving standpoint, but to protect your stored grain if it is under government loan. August is a good month to get started on this important job."

### Holomon Family Reunion Held at Lake Cisco Site

Several Scurry County people attended the Holomon family reunion held at Lake Cisco August 8. All six of the Holomon brothers and three sisters were present, as well as their children, grandchildren and great-grandchildren.

A big picnic style dinner was enjoyed Sunday at noon by attendants, and the afternoon was spent swimming, boating, picture taking and visiting. Plenty of watermelons, cantaloupes and peaches were on hand all day.

Present at the happy get-together were Mr. and Mrs. G. M. Roe, Cecil Roe, Clifford Towater, Mr. and Mrs. Norman Bittle of Dallas; Mr. and Mrs. Tom Holomon, Mr. and Mrs. Hollis Holomon and Sheila Holomon of Stephenville; Mr. and Mrs. Johnny Hobbs, Wayne Holomon, Otis Holomon, Sammie Holomon and Mr. and Mrs. Myron Holomon of Fort Worth; Mr. and Mrs. G. B. Williams, Mr. and Mrs. Aubrey Williams, Aubrey Gene Williams, Virginia Williams, Janey Williams, Betty Williams, Mr. and Mrs. Faxon Williams, Mr. and Mrs. J. G. Reed and Lem Holomon of Hermleigh; Mrs. Roy Holomon, Billie Holomon Bobby Joyce Walker and Royce Walker of Inadale; Mr. and Mrs. Ellis Holomon, Mr. and Mrs. Irvin Holomon and two children, Mr. and Mrs. James Willett, Jimmy Willett, Mr. and Mrs. Leeland Holomon and four children, Mr. and Mrs. Voyt Willett, Mr. and Mrs. Gresham Holomon and two children, Mr. and Mrs. Marvin Crump and baby of Brownwood;

Mr. and Mrs. Roscie Williams Jr. of Seagraves; Mr. and Mrs. Ross Williams Sr., Tommy Williams, Bob Williams, Fred William and Ted Williams of Snyder; Mr. and Mrs. George Scraggs, Mr. and Mrs. Lurie Holomon and two children of Eastland; Mr. and Mrs. Myrt Holomon, Mrs. and Mrs. Idus Holomon, Mr. and Mrs. Ervo Holomon, Mr. and Mrs. Herbert Holomon and David Holomon of Rising Star; Mr. and Mrs. Deo Willett, Mr. and Mrs. Arlie Ansel, Mr. and Mrs. Arnold Turpin of May; and Mrs. J. G. Reed of Hermleigh.

#### Already Arranged for.

"There you are, my dear," the bride announced, "my first Christmas turkey." She proudly placed the steaming bird on the dinner table.

"It looks wonderful, darling!" her husband responded. "What did you stuff it with?" "Stuff it!" exclaimed the bride. "Why, dear, this one wasn't hollow!"

#### Started It 'Way Back When.

Teacher—"Do you know who Patrick Henry was and what he did?" Scholar—"Sure, he's the fellow who started the gimmies."

Teacher—"The gimmies?" Scholar—"Yes—gimme liberty or gimme death."

SUMMERTIME turns every homemaker's mind toward the thoughts of how she can make her home cool and inviting while still keeping work at a minimum. One way to achieve this cool, comfortable look and eliminate extra work is to take down heavy

curtains and winter draperies. To keep the room cool, draw the window shades to the sill during the hot part of the day. Cloth shades insulate against excessive heat and will make the room as much as 10 degrees cooler—a welcome relief on sultry days.

### Out-of-Town People Attend Funeral for Mrs. Fannie Scrivner

Friends and relatives from out-of-town attending the funeral of Mrs. Mary Frances Scrivner last week included: Mr. and Mrs. J. E. Mitchell of Earth, Mr. and Mrs. Lee Scrivner of Plainview, Mr. and Mrs. Gene Harris of Plainview, Joe and Frank Hudson of Novice, Mrs. Roy Davis, Mancel Scrivner of Denver, Colorado, Frances Scrivner of Albuquerque, New Mexico, W. C. Scrivner of Albuquerque, New Mexico, Mr. and Mrs. M. J. Greenfield of Slaton, Mr. and Mrs. J. M. Greenfield and girls of Sweetwater, Mr. and Mrs. Lewis Greenfield of Sweetwater;

Mr. and Mrs. Herman Elkins of Ozona, Mr. and Mrs. E. C. Greenfield of Oil Center, New Mexico, Mr. and Mrs. W. C. Scrivner of Crane, Mr. and Mrs. H. B. Patterson Jr. of Seminole, Mr. and Mrs. E. C. Scrivner of Crane, Mr. and Mrs. L. L. Greenfield of Andrews, L. B. Jones of Tahoka, Mr. and Mrs. Robert Odum of Coahoma, Mr. and Mrs. Cecil Scrivner of Midland.

Some people are so pig-headed that they won't take advice even when they are paying for it.

### Final Rites for Bud Shuler Held Wednesday Eve

Reburial rites for First Lieutenant William H. (Bud) Shuler, son of Postmaster and Mrs. Harvey Shuler of Snyder, were conducted at the First Baptist Church Wednesday afternoon, 5:00 o'clock. Rev. E. K. Shepherd, assisted by Rev. W. P. Ferguson of Slaton and Rev. Leslie Kelley, officiated.

Believed to be the first officer from Snyder to lose his life in the World War II, Shuler was killed in action on February 29, 1944, on Anzio beach in Italy with the invading armies that started the European campaign against Italy and Germany. He was attached to the Company I, 180th Infantry of the 45th Division in a supply detachment.

Earlier in the Italian campaign Lieutenant Shuler was wounded in action, receiving a shrapnel injury in the leg September 22. He was 25 years of age when he was killed.

Interment was in Snyder Cemetery under direction of Odum Funeral Home, Veterans of Foreign Wars were in charge of graveside rites at the cemetery.

Pallbearers were J. C. Williamson, Dawson Moreland, K. O. Pitner, Jeff Brown, Brud Boren and Bob McKinney. In charge of flowers were Mrs. Joe Graham, Mrs. Scott Casey, Mrs. Gartha Austin and Mrs. Richard Brice.

A graduate of Snyder High School and later Texas A. & M. College, Lieutenant Shuler held a reserve commission and entered the service on March 5, 1942, reporting to Camp Barkeley in Abilene.

Surviving are his parents, Mr. and Mrs. Harvey Shuler; his former wife, Mrs. Buster York; and a sister, Mrs. Jack Wright of Snyder.

### Jones Chapman Asks For Support Saturday

To the Voters of Precinct No. 2: As the campaign for commissioner of your precinct draws to a close I would like to take this opportunity to thank each of you for your past support and for all courtesies shown me in my association with you, both in the past and present.

I believe that you all know me and understand what I advocate as commissioner, so I submit this as an earnest solicitation of your vote and influence in Saturday's election. And if elected I will work for all interests of our county to the best of my ability. Thank you—Jones Chapman. 1c

### Polar Woman Pens Poem for Publication In Her Home Paper

Mrs. Bessie Randolph of Polar has submitted the following original poem, entitled "Just Around the Corner":

Just around the corner— As I can only guess; Just around the corner . . . Oh, yes, yes, yes. I can vision a lot of things That I would like to see: Things that I can't unfold, That would mean a lot to me.

Just around the corner Are things I cannot see. Just around the corner, Where anything can be. If I could foretell the future, And it had a rosy cast, I would not be worried As I have been in the past.

Just around the corner Are things to behold; Just around the corner It's glittering with gold. There is a ship a-sailing In the misty sea. If I could only tell What it would mean to me.

Just around the corner— It's not a sure bet. Just around the corner It's best to forget. You may find some things You may not care to see. After all you'll find it best To let the corner be!

### Sidney Galyean Buys First Bale at 34 Cents

Sidney Galyean paid 34 cents per pound for the first bale of 1948 cotton when it sold Tuesday morning at auction on the north side of the square. Arthur (Bogger Red) Townsend auctioned the bale. It weighed 490 pounds.

Ginned August 13 at Duro, the first bale was raised by Sam Williams of the southern part of the county.

Premium of \$104.75 in cash was presented to Williams for the initial cotton brought to town. It was raised through the Chamber of Commerce.

### New Plumbing Rules Go Into Effect Sept. 1

New plumbing regulations governing connection with City of Snyder sewer lines will become effective on September 1. The Times was informed this week.

In compliance with the new ordinance, permits must be secured by property owners or others intending to connect with the city sewer lines before work may be started by the plumber. Permits will be issued by the city office on payment of \$1.

We're getting closer to the time when America will be famous for articles made in America.

### Political Office Announcements

The Times is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary Saturday, August 28:

- For Associate Justice, Court of Civil Appeals, 11th Judicial District:**  
ALLEN D. DABNEY  
CECIL C. COLLINGS
- For Commissioner, Precinct No. 1:**  
T. B. KNIGHT  
J. C. LUMM DAY
- For Commissioner Precinct No. 2:**  
GUY GLENN  
JONES CHAPMAN
- For Commissioner, Precinct No. 4:**  
MARVIN H. HANSON  
HENRY C. ELLERD

### Knight Says Policies Will Be Carried Out

To the Voters of Scurry County Precinct No. 1: As it will be impossible for me to contact each and every one of you personally between now and next Saturday, I want to use this method of earnestly soliciting your vote and influence in my behalf as your next county commissioner.

If I am elected, all I can promise is to do my very best; to do what is right; and to make you a commissioner who will be a credit to Scurry County throughout the years to come. I believe that our school bus and mail routes should be fixed where they can be traveled in any and all kinds of weather. I know that I have a cache program started, and if the business is managed and handled correctly, it can be continued and within a few years can be done and paid for.

Best regards to one and all, and thanks for your vote in my behalf as your next county commissioner of Precinct No. 1.

I am, as ever—Yours for true service—T. B. Knight.

### Ellerd Bids for Vote Of Precinct 4 People

To the People of Precinct No. 4: I have tried to see everyone and solicit your vote personally. If I have failed to see you I want to take this means of asking you to elect me as your commissioner on August 28.

If I am chosen as your commissioner I shall devote my best efforts toward better roads. I will cooperate with the Commissioners Court; will be fair to all and partial to none.—Henry C. Ellerd.

### Patrons Urged to Help Keep Eating Places Sanitary

Scurry County residents are reminded that the Texas State Department of Health cannot maintain daily inspection of all eating places, and the public is urged by Dr. George W. Cox, state health officer, to insist on the proper sanitation of the establishments where they eat. If the public is careless in this respect the incentive to maintain clean food service will be lessened and operators will only maintain the level the public is willing to accept. He urged that the public patronize "eating establishments which measure up to a high standard of cleanliness."

State Department of Health is making every effort to improve sanitation of eating places. Dr. Cox said, and there is "no excuse for cafe owners not taking advantage of the food handlers' schools which are being offered all over the state." He added that there are laws, rules and regulations which require the use of approved equipment and methods in such establishments.

"The public should be aware of these sanitary rules and regulations and insist that restaurants observe them. Patrons should realize that tables and counters will be many times cleaner than the kitchen and other places out of sight," he warned in the release to The Times.

He urged milk appraisal by the patrons also. Texas law requires that a milk bottle cap state the grade of milk, and whether it is raw or pasteurized. "Insist on having the milk served in its original container, with a covered cap and a legal label," Dr. Cox advised.

"Obviously," he said, "the best in sanitation can be had only by close cooperation between the public and the investigators of the State Department of Health."

### Tucumcari Man Will Preach in Meetings

Leroy C. Nelson of Tucumcari, New Mexico, will do the preaching and Walter Cypert of Hamlin will direct the song services in a gospel meeting at the Snyder Church of Christ, Avenue R and 18th Street, seven blocks north of the square, beginning Friday evening, September 3, according to congregation leaders.

The public of the community is invited to attend the 10-day meeting, services for which will be held each evening at 7:30 o'clock, officials of the church state.

**TRY FOR BULLS-EYE** is being made by Private Basil M. Boatright (right) on the range with the carbine during sighting and aiming exercises, while Private W. H. Coonrod (left) coaches, paying particular attention to Boatright's foot. Both

National Guardsmen are members of Troop A, 124th Cavalry Reconnaissance Squadron from Snyder. They are going to be well versed in military techniques when they finish the two-week camp at CCamp Hood this week-end.

### GEN. DEVERS PRAISES CAV ALRY UNIT IN CAMP HOOD INSPECTION

General Jacob L. Devers, chief of the Army Field Forces, Saturday praised the Texas National Guard following an inspection at Camp Hood, where the National Guard is in summer encampment for the first time since World War II.

Snyder's Troop A of the 124th Reconnaissance Squadron, is among the guardsmen attending the annual camp.

With Devers during his inspection was General Thomas T. Handy, Fourth Army commander, and a host of staff officers. General J. Lawton Collins, deputy U. S. Army chief of staff, had inspected the Texans a day earlier.

"I am well satisfied. Devers said. "The training is laid out right. Everyone seems satisfied, from top officers all the way down and through the newest privates."

"In an inspection like this we usually find someone who has a gripe, but on this one nobody has complained to any of the inspecting party. I haven't found a man who has not been pleased with his officers," Devers remarked.

"The conduct of training has been fine. We are well pleased with the enthusiasm and the accomplishments. Organization has been good. Among other things, the food has been well cooked. A lot of credit is due General Handy and the food service school at Fort Sam Houston in San Antonio. The food service school sets the standard," he added.

Devers, who with the late General George S. Patton Jr. is considered the developer of the armored force, said "National Guard armor is in fine shape. However, we have a long way to go. We have a lot of skilled officers in the National Guard. We need mechanics."

In an address he said the U. S. Army was the "best the world has ever known." He called it the best fed, best equipped and best trained in the world. He said it could be the finest fighting Army in the world.

Effective last week, draft eligible 18-year-olds may take advantage of one of the provisions of the draft law covering their age group and enlist in the Army of the U. S. or Air Force of the U. S. for a one-year period. At present no extension of the 12-month enlistment period is authorized.

### Draft Eligibles May Enlist for Year for Service with Army

Applicants must be between 13 and 19 years of age and be able to furnish written proof of such age. Captain O. T. Ham, commander of the U. S. Army and U. S. Air Force recruiting station at Big Spring said. Applicants cannot have served more than 12 months active duty in any of the armed forces prior to June 24, 1948, and must be otherwise qualified for enlistment.

Eighteen-year-old applicants will be enlisted in the order in which they apply at recruiting stations and will then be directed to report to recruiting main stations on a schedule for examination and enlistment.

White applicants for the Army of the U. S. from New Mexico and Texas will be sent to Camp Hood. All applicants for the Air Force of the U. S. from New Mexico and Texas will be ordered to Lackland Air Force base at San Antonio.

Margaret Miller will leave Sunday for Wellman, where she will teach English in the Wellman High School.

### Selective Service Question Box

*(Editor's Note—Below is one installment of a series of questions and answers on the second peace-time military training program. It has been prepared under the direction of the Texas Director of Selective Service, Major General K. L. Berry.)*

Q.—What is the purpose of the new Selective Service law?

A.—To train a body of men capable of defending the nation and to select the men for this duty by the fairest method possible—registration of every man 18 through 25 years old, regardless of wealth, influence or social position. From this registration will be chosen those men 19 to 25 years of age who are deemed best fitted to receive 21 months of training.

Q.—How many men will be affected by the Selective Service law?

A.—Military authorities estimate 9,600,000 men will be registered in the United States and its possessions. In Texas between 550,000 and 575,000 men are expected to register.

Q.—Who administers the program?

A.—President Truman has named Major General Lewis B. Hershey as national director of the Selective Service System. In each state the governor acts as coordinating head and names a state director. Governor Beauford H. Jester has named Major General K. L. Berry, state adjutant general, to hold this position in Texas.

Q.—When will the Selective Service law go into effect?

A.—President Truman has issued a call for the registration of all men 18 to 25 years of age who are living in the U. S. and its possessions. Registration in Texas will take place on the following days: On August 30 persons born in 1922 after August 30, 1922, will register; on August 31 or September 1 persons born in 1923 will register; on September 2 and 3 persons born in 1924 will register; on September 4 or 7 persons born in 1925 will register; on September 8 and 9 persons born in 1926 will register; on September 10 and 11 persons born in 1927 will register; on September 13 and 14 persons born in 1928 will register; on September 15 and 16 persons born in 1929 will register; on September 17 and 18 persons born in 1930 before September, 1930 will register. Persons born on or after September 19, 1930, will register on the day they are 18 years old or within five days after they are 18.

Q.—How long will the law be in effect?

A.—Until June 24, 1950, unless sooner terminated by the two houses of Congress.

## BABSON DISCUSSES PLIGHT OF WHITE COLLAR WORKER IN U. S.

Gloucester, Mass.—I have been concerned recently, while vacationing here on Cape Ann, about the plight of the white collar worker. Of course I sometimes wear a white collar myself, but the man for whom I am concerned is the man who is neither labor nor management. He works for somebody and he wears a white collar. That is expected of him—he has to maintain the dignity of his position and besides, working in an office, he can wear it. Lately, it begins to look as if wearing a white collar, like virtue, would have to be its own reward. While labor's wages have been mounting hand over fist and while costs of living have been going up as fast or faster, salaries have remained stationary or inched up by imperceptible degrees.

It is true that the poorest paid office worker at present gets a weekly stipend which would have looked like a mountain of wealth to his grandfather. This means nothing, however, except that there has been a slow, persistent inflation for the past 50 years. The \$40 per week which this year's college graduates hope to get will not go much further than the \$10 per week which I got when graduating from Massachusetts Institute of Technology in 1898. Moreover, his generation wants a good deal more than I ever dreamed of.

But should we cut back our standard of living to that of my youth? It would be fantastic to think of taking away from the white collar families their automobiles, their washing machines or their children's chance to finish school. But a reduction of the living standard will follow unless salaries and prices are brought into line one way or the other.

We cannot afford to let down the standards of any group of people in this country. For our own good, for our country's good, and for the good of the world, we need to keep moving forward. The white collar group is comparatively small. When I say "white collar man," you probably think of a mild little man who looks like a cartoonist's idea of John

Public and who works in an office, turning over papers, dictating an occasional letter or entering figures in a big ledger.

You're right; he's the man I have in mind. But he is important. In the first place, business couldn't run without him any more than a steel mill could run without coal. An express company doesn't get very big before it needs a bookkeeper as well as some truck drivers. A railroad needs cost accountants as well as engineers.

In the second place, from this group come many of our leaders. These are the men who are qualified, by natural ability and by training in high school and college, to work with their hands instead of their heads. We need more and better executives, men with both wisdom and knowledge. These leaders ordinarily come up from the offices rather than from the pick and shovel jobs. It is imperative that the very best be encouraged to get the necessary training and to make their way through the white collar ranks to the top. Remember, from the white collar families come the ministers, teachers, scientists, artists, physicians, lawyers and newspaper man upon whom we depend for leadership everywhere.

It is vital that there should be greater incentive for well trained and able men to become important executives. If our economic set-up does not make it possible for the men behind the desks to compete as to pay with the men behind the machines, what will be the incentive for qualified men to spend years and money on their executive training? Labor, through the unions, has been doing pretty well for its own.

### Varner Returns from Series of Meetings

Austin Varner, minister of the Snyder Church of Christ, returned first of the week from Tarzan, where he concluded Sunday night a two-week gospel meeting. Bro. Varner has spent most of the summer in meetings at various points in Texas. The Tarzan meeting was his final engagement for the summer, he says, and he will be in this study and pulpit regularly now.

## Notice to Long Distance Telephone Users

Certain changes in charges and practices pertaining to long distance calls within the State of Texas will be made effective September 1.

### Report Charges

Report charges, applied to person-to-person calls under certain conditions since 1919, will be discontinued beginning September 1.

### Basic Station-to-Station Day Rates

In 74 of the 800 air line mileage distances, rates will be increased 5 cents. These involve about half of the distances up to 146 miles. Basic rates for longer distances are not affected.

### Person-to-Person Day Rates

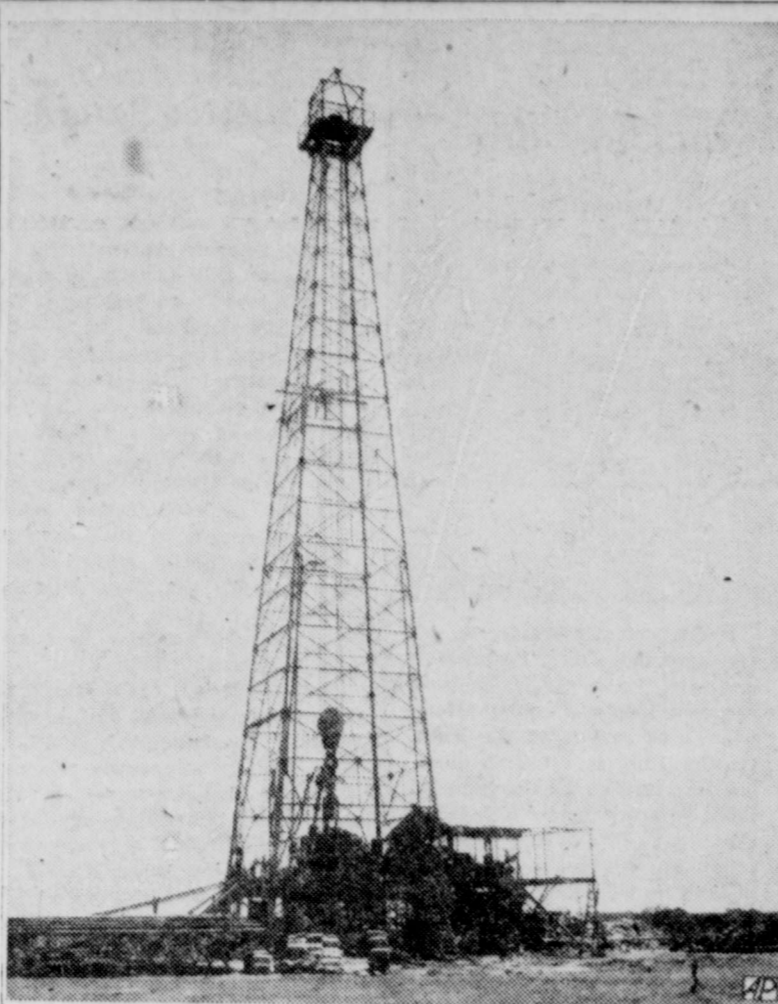

Person-to-person rates are based on the station-to-station rates. The differential between rates for station-to-station service and for person-to-person service has varied from a minimum of 10 cents per call under 31 miles to an average of over 43 per cent on calls between 31 miles and 150 miles and an average of 35 per cent on calls over 150 miles. The differential will be established with a minimum of 15 cents per call under 45 miles and a uniform differential of about 40 per cent on all other calls. Report charges will be discontinued.

### Night and Sunday Rates

A discount of approximately 20 per cent from the station-to-station day rate will apply on all station-to-station calls costing over 40 cents completed during night hours and all day Sunday. The night and Sunday discount on person-to-person calls generally will equal in amount the discount on station-to-station calls between the same points.

The principal changes to be made are described above. More detailed information may be obtained at any company business office.

## ABOUT FOLKS YOU KNOW

Mrs. Bertha Roberson of Slaton was in Snyder Saturday attending to business.

Mr. and Mrs. D. M. Denson and daughter, Patsy, returned Friday after a several-day visit at Paris and Dallas.

Mr. and Mrs. O. S. Will and Mr. and Mrs. Dud Arnett and son are visiting at Temple and San Antonio this week.

Mrs. Helen Carrell of Peoria, Illinois, is visiting with her daughter, Mrs. Chuck Burney, and husband for several weeks.

Private Robert Garner of Shepard Field, Wichita Falls, visited over the week-end with his grandparents, Mr. and Mrs. G. W. Garner, and friends.

Jack Caffey and Mrs. Rosie Minor, sister of Jack, of Dover, Arkansas, arrived in Snyder Thursday night for a visit with their parents, Mr. and Mrs. Will Caffey. Jack returned to his home Friday.

visiting in the W. L. Hayley and Frank Strom homes were Mr. and Mrs. Lelton Hilton and children, Beverly and Rundy, and H. B. Bassett of Lubbock, Mrs. Lula Peeler of Midland and Larry Corn of Baird.

Visiting in the home of Mr. and Mrs. Charlie Glen last week were their daughter, Mrs. Bill Hamlin, and husband of Amarillo, Mr. and Mrs. Dick Leeson of Abilene, Mrs. A. D. Murphy and son of Keeneville, Washington, and Mrs. Glen's sister, Mrs. Emma Hamilton.

Mr. and Mrs. W. A. Hinkle of Tulsa visited over the week-end with their daughter, Mrs. T. Jay Rogers, and family.

Mr. and Mrs. Richard von Roeder of Kerrville, former Snyder residents, have been visiting relatives and friends in and around Snyder.

Week-end guests enjoying a fish fry and camping party at the Frank Strom ranch included Mr. and Mrs. E. G. White and Mr. and Mrs. Douglas Parker and son, Billy, of Lubbock.

overseas pay...  
travel...  
sports...  
go with an Army job in Japan!

How times have changed. Three years ago, when our first victorious combat men left Japan, much of it was a shambles. The Japanese people were so dazed by defeat they didn't know which way to turn. The life of an Army man often had its discomforts. But look at him today! He's helped to start the rebuilding of Japan, to restore roads and railways, to inspire a tired and hungry people with the hope of Democracy. Under his guiding hand, courts of justice, woman suffrage and freedom of worship have been brought about. In Japan there is only one soldier for every 400 Japanese—the smallest per capita occupation army in the world. The pay of a Private is 50% higher than three years ago, then another 20% higher overseas. And almost every cent can be banked. None of it goes for food, housing, medical or dental care, clothing, retirement annuity, or the opportunity to continue his education. The Army furnishes him equipment for organized sports. While on leave, he can ski in winter or visit summer resorts at a fraction of what these activities would cost him in the U. S. An Army career in Japan is full of advantages such as these. Compare it with any job across the board—you'll find it hard to beat! Ask at your nearest Army and Air Force Recruiting Station for full details.

## Cancer Deaths in Texas Show Need For Early Care

An increase of more than 18 per cent in Texas cancer deaths during the five years between 1943 and 1947 has been announced by Dr. George W. Cox, state health officer, in a release this week to The Times.

Texas mortality tables compiled by the Texas State Department of Health show 1943 cancer deaths at 5,557 as compared to 6,770 for 1947. "The greater part of this tremendous increase in cancer deaths is attributable to needless delay in seeking treatment, once a person has reason to suspect he has a cancerous growth," Dr. Cox said. He added his belief that advertising of patent medicines and so-called cancer quacks puts dangerous and misleading information before the public, thereby adding to the cancer mortality rate. "This is because people are lulled by such propaganda, and do not receive proper diagnosis and treatment until too late.

Dr. Cox said that almost two-thirds of all cancer cases rely on surgery to remove the cancerous tissue, while the other third may respond to X-ray or radium treatment.

"These three methods are the only means by which the disease can be treated," he said. Self medications, serums, colored lights, pastes and diets are absolutely useless."

The health officer pointed out that the greatest defense against cancer is an early diagnosis and competent treatment by a reputable physician. He urged especial attention to any unnatural bleeding from

### Funeral for Mrs. Tom McDonnell Conducted Friday

Funeral services for Mrs. Tommy McDonnell, 66-year-old wife of a long-time rancher, were held last Friday afternoon at the Snyder First Methodist Church.

Mrs. McDonnell, a native of Gainesville, came with her husband to Scurry County more than 30 years ago. She had been ill some time.

Officiating at the rites Friday were Rev. Charles Jameson of Odessa and Rev. H. W. Hanks, pastor of the Snyder church.

Interment was in Snyder Cemetery under direction of Odem Funeral Home.

Palbearers were Billy Mitchell, E. J. Richardson, W. T. Falls, J. E. LeMond, John Irwin and Marcel Josephson. In charge of flowers were Mrs. Eleanor Erwin, Mrs. Lee Smith, Mrs. John Spears and Oletha Mitchell.

Surviving Mrs. McDonnell are her husband, Tommy McDonnell of Snyder; a daughter, Mrs. S. D. Hays Jr.; and two brothers, W. F. Chamberlain and George S. Chamberlain, both of Dallas.

Full in love with yourself and you won't have any rivals.

well, pastor of the First Baptist Church at Hermleigh, will alternate at the preaching and song leading duties. Services will be held at 10:00 a. m. and 8:00 p. m. in the meeting that will continue through September 5.

## LOAN ON HEAD GRAINS SET AT \$2.28 PER 100 POUNDS FOR AREA

Floyd M. Smith, administrative officer of the Scurry County Agricultural Conservation Administration at Snyder, and James M. Boothe Sr. and J. J. Henry, members of the county ACA committee, were in Lubbock Monday attending a conference of area administrative officers, county committeemen and others interested in the government program of price supports for grain sorghums in this area.

Under the government program of price supports the grain sorghum

producer will gain at least eight cents per 100 pounds by storing his grain on the farm in acceptable manner as compared with local elevator or warehouse storage, according to John Gamble, fields representative of the Production and Marketing Administration.

An interested observer who was "seeking ways to be of help in connection with an expected bumper grain harvest in this area" was Congressman George Mahon. He asked questions at stages during the explanation, and spoke briefly later in the meeting.

Gamble said the grain loan program is based on guarantee of 77 per cent of parity, and sets up a price of \$2.31 per 100 pounds on grain sorghums on a national average on grain that grades No. 2 or better.

Price in this area is pegged under the program at approximately \$2.28 per 100, farm storage basis. He said the only deduction for acceptable storage on the farm is two cents per 100 to care for fees involved in testing and grading. Thus the producer would net \$2.26 per 100 for farm storage.

In the public storage the program sets up nine cents per 100 for storage and one cent for testing and grading fees. Thus the net in public storage would be \$2.18.

This is all on the basis of No. 2 or better grain, and grade and moisture content must be checked by an approved laboratory. Moisture content cannot exceed 14 per cent for warehouse or elevator storage, or 13 per cent for farm storage.

Maturity date of the loan is set as April 30, and it is up to the producer, if stored on the farm, or to the warehouse or elevator if the grain is stored there, to deliver to the Commodity Credit Corporation, the lending agency, the same kind

## Selective Service Trims Boards in Economy Move

John A. Stavely of Fluvanna has accepted the appointment of Scurry County's representative on the three-county selective service local draft board composed of Scurry, Nolan and Fisher County. The three-county board is an economy move.

Economy in government—that is the reason Texas Selective Service local boards have been reduced from the World War II total of 351 to the present total of 137. Selective Service does not have as much money to operate as it did under war-time conditions, according to a release from the state headquarters in Austin to The Times.

That is the reason many counties in Texas have been combined into inter-county local board areas, Major General K. L. Berry, state Selective Service director, says.

"We are practicing a much more rigid economy this time than we did under the 1940 Selective Service Act," General Berry said in explaining reduction in the number of local boards.

General Berry said that the state Selective Service set-up is based upon the idea that one local board should be established for each 100,000 population, regardless of county lines, but that no more than five counties should be combined in any local board.

"Keeping costs in mind as well as areas to be covered," said General Berry, "we have attempted to establish local board areas according to these ideas. We have done everything humanly possible under the circumstances to put the system on an equitable basis for everybody."

In establishing local boards, General Berry said, it was necessary to consider several other factors, such as highway and railroad facilities.

"Under these circumstances," General Berry said, "Selective Service state headquarters says every citizen's cooperation with local board members in this effort to operate the system at a saving to the people."

## Snyder General Hospital

Patients at Snyder General Hospital since last report in The Times have included:

Medical Patients—Jerry Springer, son of Mr. and Mrs. Marsh Springer of Route 1, Snyder; H. D. Moreland of Snyder; Keith and Sharlott Moreland, son and daughter of Mr. and Mrs. H. D. Moreland of Snyder; Mrs. Ora Strickland of Snyder; Mrs. A. G. Reynolds of Snyder; James A. Cooper of San Francisco, California; Carl Wayne and Ronnie Lee Ford, sons of Mr. and Mrs. Carlos Ford of Polar; R. G. McFarland of Route 3, Snyder; Barbara Wall, daughter of Mr. and Mrs. L. T. Wall of Dunn; Mrs. Sam Floyd of Snyder; Lura A. Masley of Colorado City; Reuben Estrada, son of Mr. and Mrs. Jesse Estrada (Mexican), of Snyder; Mark McLaughlin of Snyder.

Surgery Patients—Elmer Martin of Snyder; Linda Kay Jones, daughter of Mr. and Mrs. Morris Jones of Aspermont; Mrs. Sam Morris (colored) of Sweetwater.

Accident Patients—Mrs. W. R. Johnson of Snyder; W. T. Jordan of Snyder.

Remaining Patients—Mrs. Olive Holt of Route 1, Snyder; Celia Barrantes (Mexican) of Snyder.

### Really Meant It.

As a fine example of hospitality there is the tired host who insisted on accompanying his guest downstairs.

"Please don't bother," said his guest. "Don't bother to see me to the door."

"It's no trouble," said his host. "It is a pleasure."

and grade of grain on which the loan was completed.

The law sets December 31 this year as deadline for loans on 1948 grain, but Gamble said an extension of time to January 31, or probably February 28, has been recommended with good hope the extension will be granted.

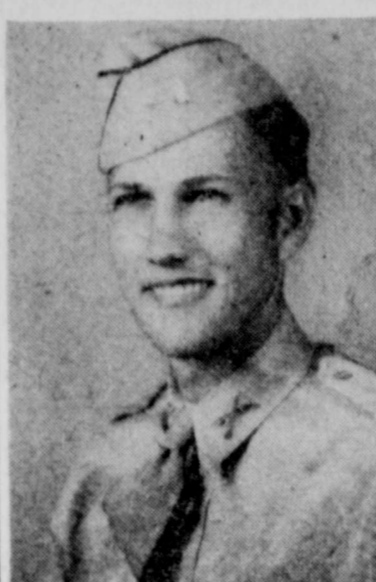

They set out that much grain is not harvested in this area until up in December, and since the grain must "cure" for a minimum of 30 days before storage, much of it would be too late for the loan.

## HENS RESPOND TO AVI-TAB

You'll marvel at the improvement in your flock when you make regular use of Dr. Salsbery's AVI-TAB. This tonic-appetizer, containing many stomachic drugs and mineral elements, tones up a bird's digestive processes thereby encouraging greater feeding efficiency. It is especially helpful for loggards and convalescent birds. Mix it in the mash. Administer for 10 days each month.

Stinson Drug Co. North Side Square

REBURIAL RITES for W. H. (Bud) Shuler, son of Postmaster and Mrs. Harvey Shuler of Snyder, were held Wednesday afternoon, 5:00 o'clock, at the First Baptist Church. A first lieutenant attached to Company I, 180th Infantry of the 45th Division, young Shuler was killed in action on the Anzio beachhead in Italy on February 29, 1944.

### Got One in the Making.

Mrs. Jones—"Tobe, I'm sorry to hear your wife got a divorce."

Tobe—"Yessum, she gone back to Alabama."

Mrs. Jones—"Who will do your washing now?"

Tobe—"Well, ma'am, is cou'tin' an' I cou'ts rapid."

It is not the incense or the offering which is acceptable to God, but the purity and devotion of the worshiper.—Seneca.

## Lum Day Promises Best Efforts in Office If Elected Saturday

To the Voters of Scurry County Precinct No. 1: Due to my trucking business, I will not be able to see each voter in Precinct No. 1. I am taking this method to solicit your vote and to let you know the few things I stand for.

I believe the farm-to-market roads are our answer to the school transportation problems as well as the mail routes of Scurry County. I believe the school bus routes of Scurry County should be worked and maintained to offer better educational opportunity to the generation to follow us, and if elected I will cooperate with the State Highway Department in every respect to get our share of the farm-to-market roads in Scurry County.

I believe all dirt roads should be built in a modern way with sloping ditches, and caliche put where necessary to make all-weather roads.

I believe the salaries of all the employees of this county should be paralleled and raised only according to the pace of industry and labor.

I am for good churches and schools and everything that is upbuilding to our county.

I solicit your vote in Precinct No. 1 and urge everyone to go to the polls and vote in the second primary.

Yours for a progressive as well as economical administration.—John C. (Lum) Day. 1c

## Please Examine The FACTS

### About Your Civil Appeals Court

- Appeals have been made for the "Eastern" end of the District to have representation on the 11th Court of Civil Appeals.
- A misleading question has been put to you: "Why have all the Judges from the West?"

JUDGE CECIL COLLINGS IS FROM HOWARD COUNTY. HE WAS BORN IN ERATH COUNTY. HE PLEDGES TO SERVE ALL THE 11TH JUDICIAL DISTRICT. HE MAKES NO APPEAL TO SECTONALISM, BELIEVES IT HAS NO BEARING IN THE REAL TEST OF A JUDGE — THAT OF EXPERIENCE AND PROVEN ABILITY.

OF THREE JUSTICES ON THE COURT NOW, ONE IS FROM EASTLAND COUNTY, ONE FROM BROWN COUNTY, ONE FROM TAYLOR COUNTY. NONE OF THESE IS A "WESTERN" COUNTY. ELECTION OF JUDGE COLLINGS' OPPONENT WOULD MEAN TWO JUSTICES FROM EASTLAND COUNTY ALONE. LOOK AT THE FORMER JUSTICES: JUDGE PANNILL FROM STEPHENVILLE, JUDGE RIDGELL FROM BRECKENRIDGE, JUDGE HICKMAN FROM BRECKENRIDGE AND DUBLIN, JUDGE LITTLER FROM BIG SPRING, JUDGE LESLIE FROM COLORADO CITY, JUDGE FUNDERBURK FROM EASTLAND. OUT OF NINE PRESENT AND FORMER JUSTICES, ONLY TWO HAVE BEEN FROM A "WESTERN" COUNTY.

**CECIL COLLINGS**

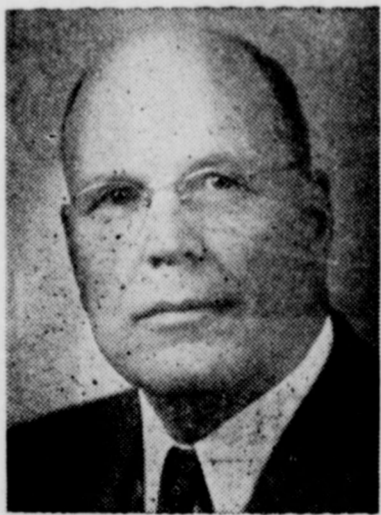

Is the ONLY JUDGE in the 11th Civil Appeals Court race. He has served with distinction for 10 years as a District Judge. He asks your vote on August 28 on the basis of his ability to serve ALL the 11th Supreme Judicial District.

(Pd. Pol. Adv.)

# Dabney Answers Opponent's Charges

## Qualifications Needed:

- 1.—Knowledge of the Law
- 2.—Experience in Appellate Practice
- 3.—Wisdom and Mature Judgment

ALLEN D. DABNEY

## COMPARE

	Dabney	Opponent
1.—Actual Court Appeals Practice.....	25 Years	None
2.—Actual Law Practice Experience.....	35 Years	7 Years

Judge Dabney carried his home county of Eastland by a substantial majority, although Judge Gray, the third man in the race, also was living in Eastland and holding court, where he received a nice vote.

My opponent, living in Big Spring, is District Judge of that 70th District Court, which is composed of five counties, but only one of these counties is in the 11 Appellate District where he is now seeking office. In other words, four-fifths of his judicial service is spent in the El Paso Appellate District. Why elect him to the Eastland Court when he renders only one-fifth of his service in OUR district?

My opponent is charging there will be two members from Eastland County if I am elected. The fact is that two members now LIVE at Eastland and the third stays there much of the time. In fact, since creation of this court ONLY ONE member lived in Eastland County WHEN ELECTED OR APPOINTED, but almost everyone MOVED THERE after he became a member. When they joined the court one present member was of Brown County, one of Taylor County and one of Haskell County. The Brown County member is retiring, the Haskell County member lives in Eastland and votes there, but his address is listed as Haskell as late as 1945 (Southwestern Reporter 187-88 2nd). The Taylor County member lives in Eastland but votes in Abilene.

My opponent ERRONEOUSLY bases his qualifications to the Civil Appeals Court on the fact that he is a District Judge. Chief Justice Hickman of the Texas Supreme Court was not a district judge before being elected to the Eastland Court, but was an active practicing lawyer (as is Judge Dabney) and as were many others.

## VOTE FOR ALLEN D. DABNEY For Eastland Court of Civil Appeals

## OWNERS OF SMALL HOMES: JOIN THE RUSH FOR AUTOMATIC FLUE-VENTED FLOOR FURNACES

SMALL DOWN PAYMENT CONVENIENT TERMS

Flue-vented floor furnaces give you the comforts that should be yours when days are cold and wet. No sweating walls or stuffy air. No frigid floors or chilly corners. You enjoy carefree comfort, no matter how cold the weather.

Floor furnaces are available with automatic control—another exclusive feature of modern flue-vented heating appliances.

You'd like to know the cost installed...size...location of flue-vented floor furnaces in your home?

That's easy. Simply ask for heating survey of your home today.

House heating specialist calls at your home. After complete, scientific survey he answers all your questions about flue-vented floor furnaces for your home.

But ask for house heating survey today. Service of heating specialists is in great demand by early fall. To put off your request is to invite delay.

House heating surveys are furnished without cost or obligation.

### Keith Says City Needs Capital for Growth in Future

Dr. O. A. Keith, reporting to the Snyder Lions Club on a recent meeting of the citizens' committee with the Snyder City Council, declared that new revenues must be raised for our city if we expect the town to keep up with progress and provide needed expansion of city facilities. He spoke at the weekly luncheon of the civic group Tuesday at noon in the Manhattan dining room.

"We all want our city to grow, but some of us probably do not realize that new revenues must be supplied to our city officials if they keep pace with the town's growth," Keith said. He pointed to the need of increased valuations in Snyder as a solution for raising more revenues. Valuations, he said, decreased from \$2,280,000 in 1927 to \$1,291,000 in 1937. Valuations for all property in Snyder will have to be raised to around \$3,000,000 total if the city government operates on a cash basis. He urged citizens to accept present increases in valuations with consideration of the town's requirements for progress.

**SHOE NEWS**—What the well dressed young girl about town is wearing these days is illustrated by this charming little brunette. She's particularly proud of her new shoes—they're made of ray striped cotton and have practical rubber soles. The cotton shoes are washable, too!

### Simmons Family Helps Celebrate Golden Wedding

Home of Mr. and Mrs. T. E. Simmons, seven miles northwest of Snyder, was the scene last Friday of the couple's golden wedding anniversary dinner, which was attended by all their six children and their families, 26 grandchildren and one great-grandchild.

Mr. and Mrs. Simmons, pioneer Scurry County couple, were married August 20, 1898, at Cisco, when Rev. Collier performed the wedding ceremony. There has not been a death in the family during the half century.

Following a bountiful dinner at noon spread at the home for the relatives, the afternoon was spent viewing the gifts brought to the aged couple, taking pictures and visiting.

The six children of Mr. and Mrs. Simmons are Mrs. Claude Collier, Norman Simmons, Mrs. George Musick, Mrs. Fred Carter, Mrs. Eurdist Rinehart and Elvis Simmons.

Attending the happy family get-together last Friday were Mr. and Mrs. Claude Collier and daughter and grandson, Claude Collier II, all of Atoka, Oklahoma; Norman Simmons of Hemphill; Mr. and Mrs. George Musick of Colorado City; Master Sergeant and Mrs. Fred Carter of Randolph Field, San Antonio; Mr. and Mrs. Eurdist Rinehart and children of Snyder; Eileen and Burdette Smith, Mr. and Mrs. Alvis Simmons and children of Snyder; Mr. and Mrs. Travis Rinehart of Turner; Mr. and Mrs. H. J. Schulze and grandson, James Moss II, Mr. and Mrs. Bill Smith, Mr. and Mrs. Jack Wright.

At a mock wedding ceremony staged as a climax to the gathering Mrs. Simmons wore a black crepe dress and a corsage of white carnations, a gift from Mrs. H. J. Schulze. Mr. Simmons wore a gray suit and a boutonniere of white carnations. The bridegroom presented his bride of 50 years a gold band wedding ring. Master Sergeant Fred Carter was the officiating minister. Mrs. H. J. Schulze was the bridesmaid, and Claude Collier of Atoka was best man.

### Edith Blakey Attends Methodist Conference

Edith Blakey of Snyder, daughter of Mr. and Mrs. J. E. Blakey, was among the 270 officers of the Methodist Youth Fellowship of the South Central Jurisdiction of the Methodist Church who attended the young people's conference at Mount Sequoia, near Fayetteville, Arkansas, August 3 to 12.

Meeting for 10 days in small groups for discussion and study under adult guidance, the young people were seeking to develop their personal Christian living and to learn their responsibilities as elected officers of district, sub-district or annual conference groups of Methodist youth.

**Counting on It.**  
Stern Mother—"Now, young man, when you marry our daughter I hope you realize that you are getting a big-hearted, generous girl."  
Young Man—"I sure do, mother, and I sure hope she inherited those virtues from her parents."

After a brief discussion of the Mexican labor situation, President R. E. Patterson appointed a committee from the Lions Club to attend a conference at the Chamber of Commerce Tuesday night. On the committee were named Fred Davis, Don Robinson, A. C. Kincaid and Oscar Fowler.

Retiring President Don Robinson presented a meeting song as a gift of his appreciation of cooperation given him during his tenure as president of the club.

W. A. Herral was recognized as a new member of the club.

Billy Bryant, a new Snyder resident who moved here from Carlsbad, New Mexico, was a guest.

**That's What Started It.**  
"You say this woman shot her husband with this pistol and at close range?" asked the corner of the eye witness to the tragedy.  
"Yassuh!"  
"Are there powder marks on his body?"  
"Yassuh. Dass why she shot him."

Champagne has been defined by one familiar with it as "a beverage that makes you see double and feel single."

### Pedestrians Walk to Automobile Deaths

Total of 10,300 pedestrians literally walked themselves to death in America in 1947.

This is shown in the 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council, according to a release to The Times.

Pedestrians killed in traffic accidents last year accounted for almost

one-third of the 32,300 total traffic deaths. And the council estimates that approximately 220,000 more pedestrians suffered non-fatal injuries.

### Making Good Progress.

"How far you got in your Sunday School?" asked the first little girl of another youngster in the same class.

"I'm past original sin," said the second little girl.

"Humph," said the first girl. "I'm past redemption!"

### William Keefe Gets Degree at San Marcos

William L. Keefe Jr. of Snyder was among 217 students who received degrees in the summer graduation ceremonies at Southwest Texas State College August 20 at San Marcos.

Graduation address was delivered by Rev. Edward Heinsohn, pastor of the University Methodist Church at Austin. Degrees were conferred by

### Dr. John G. Flowers, president of the college.

The College Chorus, under direction of Ira Renay Bowles, sang "My God and I" and "Bless the Lord, O My Soul."

Keefe received his bachelor of science degree with a major in biology.

Labor to keep alive in your breast that little spark of celestial fire called conscience.—George Washington.

### Uncertain Womankind.

"Who was that peach I saw you with last night?"

"That was no peach! That was a fruit salad."

"What?"

"Yeh; she was sour as a lemon; she was slippery as a banana; and when I squeezed her she hit me in the eye like a grapefruit."

People aren't easily fooled—only women are fooled.

### Poles for New Street Lights Being Erected

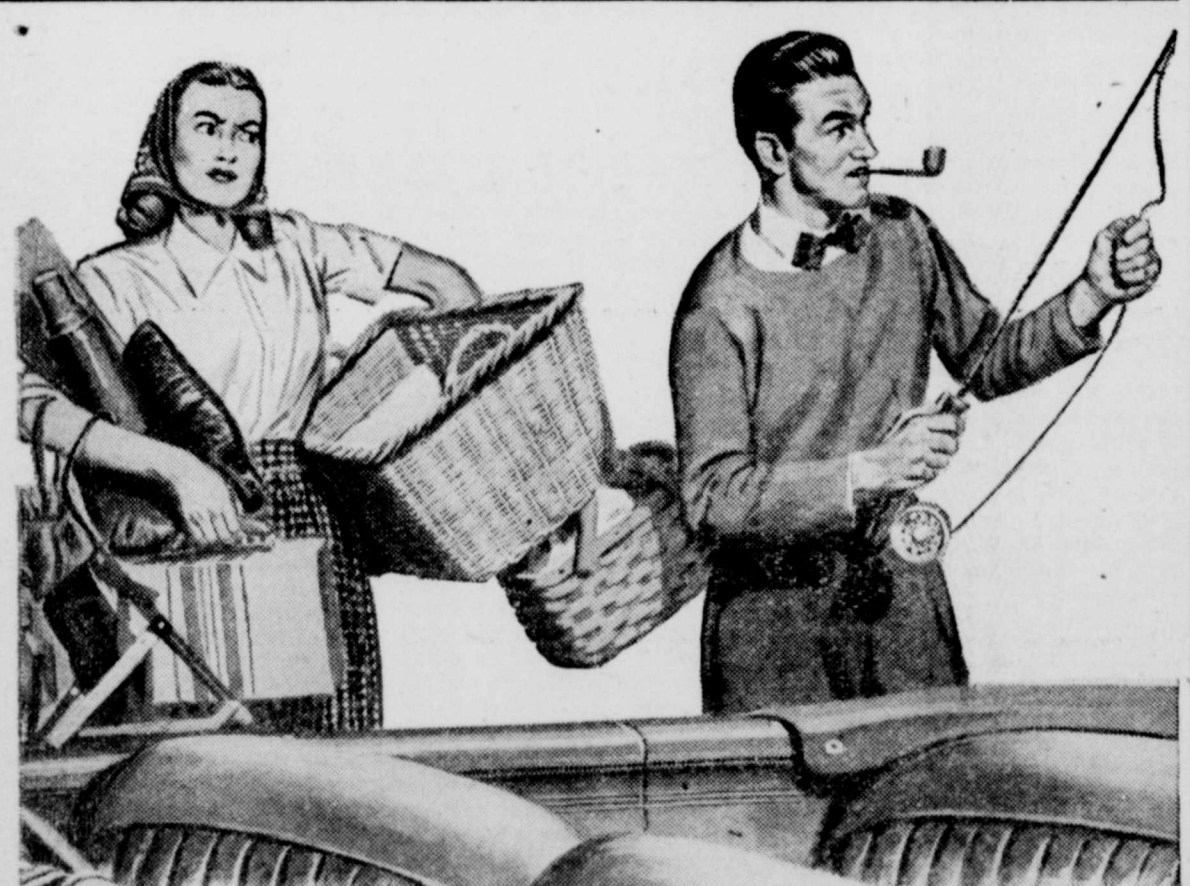

Workmen for Southwestern Bell Telephone Company have been installing new 40-foot poles to which their cables along 25th Street and in the alley west of the square are being attached. The same poles will be utilized for new mercury vapor street lights to be installed by Texas Electric Service Company along 25th Street.

Forty steel angle iron standards to carry other lights in the business section were being assembled by the electric firm this week. Work of installing the street lights is scheduled to begin within a week or so. The Times was informed.

### Personal Clothes Guard.

Bill—"My wife is scared to death that someone will steal her clothes."  
Phil—"Doesn't she have them insured?"

Bill—"She has a better idea than that. She has someone stay in the closet and watch them. I found him in there last night."

## Going away for the holiday?

To make sure yours will be a carefree holiday, let your Conoco Mileage Merchant check and service your car. Above all, be sure he drains out contaminated old oil and refills with fresh, clean Conoco N<sup>th</sup> Motor Oil.

That's the surest way we know to leave worry behind. Because the moment N<sup>th</sup> Oil (Patented) enters your engine, an extra added film of lubricant fastens itself so closely to metal that cylinder walls are actually OIL-PLATED! Because OIL-PLATING stays up... won't all drain down, even overnight, you're extra-protected against destructive "dry" friction; against metal-eating combustion acids, against power-choking sludge and carbon due to wear.

For an extra-happy holiday...

Make a date to OIL-PLATE!

**Dollinger Warns Communism Is at Work Over U. S.**

"Isn't it a lot later than we think?" was the challenging question thrown last Thursday noon at more than 50 Snyder business and professional men who assembled in a joint session of the Rotary Club and Lions Club by H. J. Dollinger of Dallas, assistant manager of the southwestern division of the United States Chamber of Commerce. He was referring to this country's apparent unconcern about the inroads of communism in America.

"Communism," Dollinger declared, "is making our free enterprise and free speech the scape-goat of its inventives by making an offensive against Wall Streeters, imperialists and capitalists, who after all are as much a part of America as you Scurry Countians.

"Let's not shrug our shoulders at what is being done to undermine our way of living by saying that we in this part of the country are not affected," the economist cautioned his hearers. "If we are to stand as a nation and grow if we save ourselves and the democratic people of Europe, we must preserve our freedoms and assume the responsibilities that go with them."

Dollinger declared that this disturbed world needs clear thinking people. We must in our own individual ways help to solve our problems. We must work together, being tolerant of the opinions of others, and cooperate with an intelligent approach to solving our problems. He pointed to the work of civic groups such as service clubs and the Chamber of Commerce as the means for teamwork.

Dollinger was introduced by M. H. Roe, president of the Scurry County Chamber of Commerce, who declared that "We must keep alert to our community's needs and opportunities."

Besides Dollinger, other guests at the joint gathering at the Snyder County Club were Rudolph Hess of Amarillo, Roy Cloud of Sweetwater, Rev. H. W. Hanks, Rev. A. A. Brian of Brownfield, and James Vermillion of Buffalo.

**Farm Accident Rates Show Steady Climb**

"How are you going to keep 'em down on the farm?" is as good a question today as it was following the first World War. Only now it is accident rates instead of the gay young blades who saw Paree.

According to the 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council, the accidental death toll among farm residents was approximately 19,500 in both 1946 and 1947. The slight decrease in farm work deaths in 1947 was offset by an identical increase in other accidents to farm people.

Beware of women who pretend to be timid.

LEADERS in a revival meeting that will open Sunday at the Church of the Nazarene, corner of Avenue M and 26th Street, are Helen Lavelly, musician (left) and Mrs. Betty Wagner, evangelist, both of Merkel.

Rev. R. L. Dillard, pastor of the church, says services will be held each evening at 7:45 o'clock, and the revival will continue through Sunday, September 12. The public is invited to attend the series of services.

**PERMITS FOR NEW WELLS ISSUED COUNTY LEAD AREA LAST WEEK**

Reflecting the accelerated pace of oil activity in Scurry County, permits for nine field locations were issued last week by the Texas Railroad Commission, according to a release to The Times. This number led the 23 West Texas counties listed in the report.

Twenty-three West Texas counties, the largest number participating in one week's permits this year, accounted for locations for 74 tests for oil last week. Five of the locations were for wildcats, being outposts to discoveries.

The number of wildcats was seven less, but field starters were 17 more than during the preceding week when a dozen wildcats and 52 proven area locations were recorded in 23 counties.

Totals for the first 32 weeks in 1948 became 244 locations for wildcats and 1,994 in fields, a grand total of 2,238. This is a weekly average of 69.94, down from 70 through the preceding week.

The wildcat locations last week were one each in Coke, Crane, Pecos, Reagan and Sterling Counties. Scurry County led in field locations with nine. Garza gained eight, Ector, Hookley and Pecos seven each, Andrews six, Gaines five, Crane and Hale Counties three each, Crockett and Schleicher two each, and Borden, Cochran, Coke, Dawson, Irion, Martin, Mitchell, Reeves, Winkler and Yoakum Counties one each.

Locations in Scurry County were: Beall, Doscher & Dorbandt No. 6 W. E. Sorrells estate, 990 feet from the north, 330 feet from the east lines of the lease in Section 101, Block 97, H. & T. C. Railway Survey. Permitted for 1,800 feet, the well will be drilled with cable tool.

Beall, Doscher & Dorbandt No. 7 W. E. Sorrells estate, 1,650 feet from the north, 330 feet from the east lines of the lease in Section 101, Block 97, H. & T. C. Railway Survey. Cable tools will be used in the 1,800-foot well.

Beall, Doscher & Dorbandt No. 8 W. E. Sorrells estate, 2,310 feet from the north, 330 feet from the east lines of the lease in Section 101, Block 97, H. & T. C. Railway Survey. Rotary tools will be used in the 1,800-foot project.

Creslenn No. 4 Chapman-Polson, 330 feet from the south and east lines of Section 100, Block 97, H. & T. C. Railway Survey. Permitted for 1,700 feet, cable tools will be used in the Sharon Ridge well.

Magnolia No. 20 Lee Strain, 330 feet from the south, 3,087 feet from the west lines of Section 5, Block 1.

Kirkland & Fields Survey. Rotary rig will be used on the 1,900-foot well.

Magnolia No. 33 Lee Strain, 330 feet from the north and east lines of the west half of the lease in Block 1, Kirkland & Fields Survey. Permitted for 1,900 feet, rotary tools will be used.

Prater & Shelton No. 7 E. B. Boldt, 330 feet from the north and west lines of the southwest quarter of Section 193, Block 3, H. & G. N. Survey. Cable tools will be used on the 1,800-foot well.

Prater & Shelton No. 9 E. B. Boldt, 330 feet from the south, 990 feet from the west lines of the southwest quarter of Section 193, Block 3, H. & G. N. Survey. Cable tools will be used on the 1,800-foot project.

R. F. Townsend trustee No. 5 Pat Moran, 330 feet from the south and 990 feet from the west line of subdivision 4, Kirkland & Fields Survey. Cable tools will be used to the 1,800-foot project in the Sharon Ridge field.

The Borden County permit was for Seaboard No. 1 Mayme Clanton

**Reburial for Only Woman War Hero Held at Fluvanna**

Final rites for Lieutenant Lilla Laverne Farquhar, Scurry County's only woman casualty of World War II, were held Saturday afternoon at the Fluvanna Methodist Church, Rev. J. P. Ready, assisted by Johnny Richter of Cleburne, officiated.

Miss Farquhar, a nurse with the U. S. Army, was killed near Anzio, Italy, as she was serving with an advance hospital with invading U. S. forces that spearheaded the European campaign against Italy and Germany. She and two other nurses were killed in a hospital when it was bombed on February 10, 1944.

A native of Harlingen, the 35-year-old nurse had been connected with the Snow Clinic in Abilene before entering the armed forces.

Pallbearers at the funeral were Jesse Lemons, Perry Rodman, Joe Landrum, George Miller, Alfred Beavers and Alfred E. Vernon. In charge of flowers were Mrs. Jesse Lemons, Mrs. W. A. Griffin, Mrs. Pearl Reeder and Mrs. Rosa McDonald.

Veterans of foreign wars conducted military rites at the graveside at the Fluvanna Cemetery.

Surviving the war casualty are her parents, Mr. and Mrs. Frank Farquhar; four brothers, Tommy Farquhar of Big Spring, Bill Farquhar and Bob Farquhar, who are in the U. S. Navy stationed in California, and Truss Farquhar of Fluvanna; and a sister, Mrs. Jesse Browning of Dermott.

Golden hours of vision come to us in this present life, when we are at our best, and our faculties work together in harmony.—Charles F. Dole.

660 feet from the north and west lines of Section 20, Block 32-3n of the T. & P. Railway Survey. Permitted for 3,000 feet, the Vealmoor field project will be drilled with rotary equipment.

### As PEGLER Sees It

By Westbrook Pegler

IT WAS, in President Truman's own cultured, political expression, "rotten" of him to wave the bloody shirt of religious hatred in charging that the 80th congress had been guilty of religious discrimination in the present displaced persons act.

The 80th congress represented the people of the United States. This law was a further act of self-sacrifice, hospitality and great national compassion. Perhaps it was not truly expressive of the popular will because, for all we know, the people, in a referendum, would close the doors abso-

lutely. I direct attention to the fact that politicians, wailing in fear of minorities holding the balance of power, always have prevented the referral of such questions to the people.

When did you ever vote on help for some warring foreign country or on help to some persecuted foreign minority?

YOU VOTE ON AN ISSUE OF HOT LUNCHES OR A PLAYGROUND.

President Truman may share the error of others who think there is some constitutional provision which compels us to admit without discrimination the members of all religious communions and all races.

On religion our Constitution says only that congress shall make no law "RESPECTING THE ESTABLISHMENT OF RELIGION," whatever that means, or "PROHIBITING THE FREE EXERCISE THEREOF."

**Control of Cuts**

The most that the first part of that clause can mean is that congress can't set up any faith as the official religion of the U. S. But if some cult tried to practice cannibalism or manum as a religious rite we would interfere quickly with the free exercise thereof. We would refuse absolutely to admit members of any such cult as immigrants and that exclusion would be based on religious grounds alone.

Our exclusion of "Asiaties" for many years was based on religious objections among others. Our white Californians couldn't compete with them, because they could outwork the white man on one-fifth the food.

We had a case of a native American son of Japanese parents during the recent war which has a strange bearing on a large element of very impudent and brazen Communists concentrated in the city of New York and scattered in large lumps in other cities of the East.

Fred Korematsu, a Nisei, or native American Jap, was a citizen of absolutely unquestioned loyalty. But we rounded up all the Japs on the west coast and slammed them into concentration camps and Korematsu got his back up and resisted. He was convicted of disobedience to the curfew and deportation orders of General De Witt, who was in command of the area, and the case went to the supreme court.

Somehow, the boys ruled that it was all right to do this to Korematsu and somehow they reasoned that his racial descent had nothing to do with the case.

**Crime of Birth**

Justice Jackson, in a dissent, kicked the majority right in the teeth when he wrote, "I am sure that this citizen's conduct was made a crime only if his parents were of Japanese birth. The majority mumbled stupidly to the effect that he was excluded because we were at war with Japan."

That decision now means that, in view of our trouble with Russia we can throw into concentration camps all persons who came from Russia and her satellites, and all their sons and daughters.

If they should happen to be preponderantly of that particular race or religious faith that would be immaterial. The court says that such drastic protection is justified if the military authority feels that the occasion demands the segregation of persons coming from a country with which we are at war, and their sons and daughters.

The 15th amendment says the rights of citizens shall not be abridged on account of race or color. But European displaced persons aren't citizens and so they have no rights to be abridged. And we do not find any forbiddance against such abridgment on religious grounds. Only race or color.

We can exclude immigrants for any reason that seems sufficient. AND WHEN THE F. B. I. TELLS US THAT ABOUT ONE-HALF OF OUR COMMUNIST TRAITORS TRACE THEIR ORIGIN TO RUSSIA OR HER SATELLITES, WE HAVE A RIGHT TO CLOSE THE DOOR ABSOLUTELY TO PEOPLE FROM THOSE PLACES.

The truth is that the people of the United States deserve the everlasting gratitude of Hitler's refugees for the very reason that we did exercise discrimination.

What it comes down to is this: WE HAVE BEEN MORE THAN GENEROUS, MORE THAN HUMANE AND YET WE RESERVE THE RIGHT TO JUDGE THE FITNESS BY ANY TEST, EVEN RACIAL OR RELIGIOUS, OF APPLICANTS FOR THE GREAT PRIVILEGE OF ADMITTANCE TO OUR COUNTRY. After all, it is our country.

## Women's World Professional Cutting Tricks Permit Ultimate in Sewing

By Ertla Haley

TAKE a critical look at some of the clothing or other items you have sewed in the past. Do they look as though they had been bought or does something label them as homemade?

True, clothing made at home frequently has better sewing in it, but if it does not have styling or flair or effect, as some people call it, it hasn't achieved the ultimate in sewing.

It's a real art to cut properly before you actually embark on the sewing itself, and much can be achieved when a garment is cut properly and marked explicitly. Alterations on a pattern must be made before cutting or the garment will not have the styling which your figure problem may dictate.

Before buying a pattern, study your figure type and select the lines most becoming to you. Buy the fabric to fit the pattern as well as to fit yourself.

Even though you buy a pattern closest to your size, there may be a few adjustments necessary before it really fits well. Taking measurements will help, pinning the pattern together and trying it on is also

draw out a cross thread and cut along this line so the fabric will be straight. If you cannot draw out a thread, mark the fabric with chalk and ruler, then cut along the line. If the fabric is a second or has flaws and imperfections in it, mark these with pins, basting or chalk, so you'll notice them during cutting and can piece the pattern properly to avoid them.

Check the fabric for right and wrong side, marking the right side with pins so that it can be seen easily when you lay the pattern on it.

**Study Fabrics Before Cutting**

When you plan to cut napped fabrics, lay the pattern pieces on it so that all pieces point the same way. This is done so that the nap will all run the same way when the garment is finished. Velveteen, corduroy and velvet are some of the more common napped fabrics, and they should be studied so that you will know how to cut them.

If you are in doubt as to whether the fabric is napped, feel it. If it has the feeling of fur, you will know it is napped.

Sheen fabrics also must be studied before cutting, and here again, it is important to place all pieces of the pattern running the same way before cutting. Sheen fabrics, such as satin, catch the light in different ways, and cutting this way is a necessity or it will look as though you had used different pieces of material.

Both sheen and napped fabrics are best cut on a rough surface such as the floor so they won't slip. If you are using a table, lay a sheet or other piece of material on it so that the materials do not slip as you cut.

Take care to fold the material on the straight of the goods or along the lengthwise threads if you want the garment to hang properly. If you do not check this little matter of the fold, your are apt to have a crooked dress.

The fold is particularly important when you cut sleeves, for if the pattern is not placed on the grain of the fabric, the sleeve always will twist no matter how much you try to remedy the fault in sewing.

**Follow the Guide in Cutting Patterns**

A guide usually is given with a pattern which you purchase. It's wise to study this and lay the fabric with the pieces as directed because, as you study, you will see there's always a reason, and a good one for doing it a certain way.

The pieces should be pinned before you cut. Insert the pins from the top, without slipping your hand underneath the fabric. Wherever the pieces are curved, use a lot of pins so there is no chance of slipping.

A good seam allowance is made in most patterns, but it's a good idea to allow more of a seam if you are using material that ravel easily. It's especially important to make an extra seam allowance on the underarm seams of such material.

Cut with a long steady motion, sliding the scissors along in a gliding motion so that the cut will not be uneven or ragged. The thick blade of the shears is placed over the material and the pointed one underneath. Use the middle of the blades for cutting as this will give the smoothest edge.

If the pattern advises the sleeves to be cut double, this means that they are reversed. As you remove the pins from the pieces, fold one sleeve one way, and the other in another way.

When the sleeve is cut single, place on fabric and cut. To cut the second sleeve, the pattern must be turned and reversed as it is placed on the material.

Mark with chalk all notches and other notations after cutting to help guide your sewing.

**Be Smart!**

The combination of exquisite handwork and exceptional design is setting a new trend in costume dresses that can be a major part of a costume for virtually any occasion. In the typical interpretation sketched, the Victorian yoke is adapted in a flattering shape and depth. Then it again is reflected in the cuffs. Note the restraint in treatment that makes for true smartness.

**Fashion Forecast**

Long, almost full length aprons are being featured on some of the new dresses. In sheers, decorated with lace, the aprons frequently are used over slim rayon and silk crepes in the darker dresses.

It's still not too late to give yourself a new hair style that will last you nicely into the fall. The new effect favors a casual air. For it's short, carefree and has a nest sweep up look. And you'll particularly like it for the coolness and comfort.

Ronald Reagan and Eleanor Parker, who were co-starred in "The Voice of the Turtle," will be seen together again in "Charge It, My Love," a comedy about a young married couple and their battle to balance their budget.

You will see a quartet of top army pilots in "Fighter Squadron," saga of the army air forces. Appearing as pals of Edmund O'Brien and Robert Stack, they will also do some stunt flying in Thunderbolts.

## Star Dust

By INEZ GERHARD

ALAN LADD estimates that if all the fist fights he has had in his screen career were lumped together they would take 90 minutes, the equivalent of 30-round professional bout. Paramount's "Beyond Glory" is the first film in which he doesn't have a fight with

ALAN LADD

some other character. Incidentally, the Distinguished Service Cross he wears in that picture was loaned to him by Audie Murphy, World War II's most decorated soldier, who makes his screen debut in a featured role in "Beyond Glory."

Speculation concerning James Mason's first film in this country, ended when Enterprise studios snatched him for the movie version of "Wild Calendar," co-starring Barbara Bel Geddes and Robert Ryan. Mason studied a number of scripts before deciding on this one, in which he will have a sympathetic role, that of the other man in the "inevitable triangle."

There's one advantage in driving a bus exclusively for musicians: You get music lessons free. Says the lad who is chauffeur for the Vaughn Monroe orchestra (CBS Mondays). He claims he has picked up the trumpet from Monroe's boys; now he wants to take singing lessons from the boss!

Just about the time his new fall radio series for a new sponsor gets started, Jimmy Durante also will be seen on the screen in an M-G-M film entitled "This Time for Keeps."

That title might apply to his sponsor, as the cigarette company formerly had him under contract gave him up to another sponsor, but now has signed him up again.

The new March of Time deals with the "career girls," tells how these young working women get their start, what sort of jobs they hold, how they manage their finances and their social lives, their attitude toward marriage.

The tale is that a talented little pig was signed for a comedy role opposite Bette Davis and Robert Montgomery in "June Bride." But Director Breington Windust of New York Theater Guild noticed the pig's tail didn't curl. Fearing audiences would think it a dog disguised as a pig, he had the make-up department take over, tape the pig's tail to a curly wire.

Since making his screen debut in "The Big Punch," Gordon McCrea, young radio singer, has signed to continue his air show, tripled his production of recordings, bought a new car and a new house. Joined the Lakeside Golf Club, got a starring role in "Look for the Silver Lining." He says as a radio singer he collected only travel sores and a bank account.

Jay Seymour, official photographer for more than half a dozen quiz shows, stands by to snap the winners, then rushes to his studio to work all night, developing and printing pictures for newspapers, magazines and wire services. He'll never forget the week when contestants hit the jackpot on "Break the Bank." "Hit the Jackpot," "What's My Name?" and "The Bob Hawk Show."

ODDS AND ENDS—It's may see two, Cesare Borgia on the screen—John Lund in "A Mask for Lucretia" and Orson Welles in "Prince of Foxes," made in Italy. "I'll Take Lund...," "The Lassie Show" has been renewed for 52 weeks on NBC, and three new film scripts are being prepared for the most popular animal in moviedom since Rin Tin Tin... When Randy Scott and Ella Raines made "The Walking Hills" for Columbia they spent 11 days in the sand dunes of Death Valley, with windstorms up to 80 miles an hour and temperatures which sometimes varied 60 degrees in a single day.

Ronald Reagan and Eleanor Parker, who were co-starred in "The Voice of the Turtle," will be seen together again in "Charge It, My Love," a comedy about a young married couple and their battle to balance their budget.

You will see a quartet of top army pilots in "Fighter Squadron," saga of the army air forces. Appearing as pals of Edmund O'Brien and Robert Stack, they will also do some stunt flying in Thunderbolts.

LINCOLN, NEB.—Farm families are smaller than they used to be. Everybody knows that. But Dr. H. C. Filley thinks he knows why they are.

Just 38 years ago, the average farm boy had 4.2 brothers and sisters. In 1940 he had 2.6.

Filley, chairman of the University of Nebraska rural economics department, said farmers are bringing up fewer children than they did 20 years ago because they are trying

## Kathleen Norris Says: Peace of Mind Is a Valuable Asset

By Kathleen Norris

"My mother died when I was eight. My father, a gambler and adventurer, brought me up."

THE problem of Leona Matson is unusual. That is, it is unusual to find a happy successful professional woman, a wife and mother, with so serious a burden of compunction and remorse to carry.

This is a part of her letter: "At 20, and until I was 26, I was fortunate enough to be a secretary to an elderly Hollywood writer. He employed me to write scenarios, radio scripts and magazine sketches and acted occasionally in his own plays. Although never in the least famous, she was extremely prosperous. It was part of my job to deposit her checks in the bank. Sometimes one day would bring in several checks of different sizes.

"One morning a large check came in. Annie to call her that, had told me it would be for \$2,000 but it was for more than twice that much. Without calling her attention to it, I placed it face down for her to endorse in blank. She did not turn it over and I deposited it in my account, transferring to hers only the \$2,000 she had expected.

"My mother died when I was eight, my father, a gambler and adventurer, brought me up. I always had resented the advantages other girls had and always had felt myself underprivileged.

"This is no excuse for what I did, but the fact is that I did it. I told myself that I was only borrowing the money, that Annie would have let me have it if I had asked her for it.

"I know now that she really would have loaned it, but I was young and bitter and demoralized by talk of trips, pearls, salaries, luxuries enjoyed by girls no older than myself. A few months after my theft, to call it that, I left Annie to her regret, and went east to study for my own work.

**Success and Happiness.**

"It was three years later and I was close to 30 when success came. With it came love and a happy marriage. For two years Tony and I had a Boston studio and then we came back to Hollywood. We were joined a few years later by two wonderful children. We work separately and together. Mine is a happy story, except for this haunting thought of what I did 10 years ago.

"Annie is still here, but old and impoverished now. She resents my having left her and when I went to see her, in a home, she was still hurt and unfriendly. I know she could use the money that is rightfully hers, but I cannot face—I cannot even consider—telling the truth, facing Tony's horror and disillusionment and Annie's anger, even if no one else in the world ever knew. It occurred to me that if I had my old account books I could pretend that I had discovered an old error, but they are long destroyed. Do you know of any way in which I can safely make this old wrong right?"

No easy answer. The law would say to Leona must face the result of her crime, for theft is a serious crime. Many a good but weak man is spending long years in prison for a moment's weakness less grave than this.

**Renew Her Friendship.**

But since I am not the law, I am going to recommend an easier way. My advice to Leona would be that she establish the old friendship with the woman she calls Annie. Wear down her resentment and coldness with affectionate visits and little presents. Annie is old, lonely, defeated and dependent, remember-

ing the happy, busy, successful years that are gone forever.

Perhaps you can place her in some quiet hotel where she will feel her pride and independence still preserved. Then some day make a full confession of your old sin. I don't know Annie, but I know her type, and I believe she will be as generous in this as she always has been generous in everything.

In doing this you have the chance for which so many of us long, when years have brought us a better sense of values and of our own personal moral responsibility in the big scheme of things. It doesn't come to everyone, so make the most of it.

If some day Annie is happy with her own pleasant room and bath, a scrap of garden and a little money on which to draw, it will be your privilege to make that happiness complete by telling her honestly that everything you do for her is only interest upon the old and shameful debt.

Leona may have to sacrifice some of her self-pride when she makes the confession to Annie but the inherent glow of righteous satisfaction she will receive as the result of clearing her conscience will more than compensate for her discomfiture.

One of the things we learn with years is that moral law is not constructed by grim-faced old puritans, merely to annoy and hamper us. Peace of mind is the most valuable thing in the world and obedience to the law when one is young, restless, unsatisfied and ambitious is the only road to peace of mind later on.

**Voice Shatters Crockery**

BRISBANE AUSTRALIA.—Muslims who shatter wine glasses with high notes are mere pikers alongside New York's Ethel Merman, well-known singer.

Take it from Mrs. Robert Willis of Monto, Queensland. She says Ethel's recording of "Anything You Can Do I Can Do Better" broke a 12-inch mixing bowl in two pieces.

Mrs. Willis is not too happy about the singer's unusual achievement, however.

It was a brand new bowl.

**Higher Living Reduces Farm Birth Rate**

LINCOLN, NEB.—Farm families are smaller than they used to be. Everybody knows that. But Dr. H. C. Filley thinks he knows why they are.

Just 38 years ago, the average farm boy had 4.2 brothers and sisters. In 1940 he had 2.6.

Filley, chairman of the University of Nebraska rural economics department, said farmers are bringing up fewer children than they did 20 years ago because they are trying

## Sportlight

By Grantland Rice

IN WHAT competition does the competitor or contestant take the roughest punishment? Is it football or boxing? Steeplechase riding or water polo? Long-distance running, such as the 5,000 meters, the 10,000 meters or the marathon? Rowing, baseball, tennis or basketball?

We put this question up to Tommy Armour, the able golfing Scot who, in his day and time, won the U.S. Open, the British Open, the P.G.A. and more tournaments than you can mention.

"Just what form of punishment do you mean?" Armour asked. "Physical punishment, mental punishment or nerve punishment? They are all entirely different."

"What form of punishment is the hardest to handle?" I asked.

"Physical punishment, such as you get in football or boxing, is the softest punishment," Armour said. "The toughest to handle is mental or nerve. Ever have a live nerve in a tooth extracted?"

"I think I can see just what you are leading up to," I said. "I think it is a game called golf."

"For a change you are correct," was the silver-haired Scot's answer. "It is golf. Ask Bobby Cruickshank, who before he came over here, was the best lightweight fighter in the British Isles, the best soccer player and one of the best golfers. Not overlooking four years in the Black Watch from 1914 to 1918."

**Bobby Has a Reputation**

No one can pay a tribute to Cruickshank, now pro at the Richmond Country club, that we don't double and redouble, no matter what the game.

"A knockout punch doesn't hurt," Armour said. "You can take a hammering now and then that won't help you, but it is only physical. Soon over, football is the same. Few football players even feel pain when in play. They don't know they are hurt until later. I'll bet most of them suffer more from nerves—and I don't mean nerve—from getting hurt physically.

"But football isn't as tough as golf and I think Joe Louis will tell you the same about the fight game. I'll bet Louis has suffered more in a number of golf matches than he ever suffered in the ring. Why? Nerves.

"I don't think Louis ever suffered anything from nerves in a fight in his life. But I can promise plenty that he's taken quite a beating in nerves at golf. Louis doesn't mind a pretty fair bat. And he's quite a good golfer. But some of these boys in golf are hard to take."

"The punishment you take in golf on an off day or through a tournament is the worst you get in any game. Did you ever get the yips? The yips are nerves that blow up in your wrists when you are playing chip shots or putting. The nerves simply explode and you can do nothing about it. You can ask Walter Hagen or Bobby Jones, two great putters.

"I recall a \$10,000 tournament I played in. I had a good lead through the first three rounds. Then I got the yips. I three-putted eight greens. I missed seven putts from two to three feet out. I figured each one of these putts cost me \$300.

"I would rather have been knocked down six times by Dempsey or Louis. I would rather have been run over by Bronko Nagurski. I took more punishment in the last round than any fighter ever took in a ring.

**Nerves Prevent Sleep**

"Bobby Jones won 13 national titles. But I'd like to bet no one ever took more nerve punishment. It took him seven years to win his first championship. He couldn't sleep at night or eat food on his stomach on numerous occasions. Jock Hutchison couldn't eat or sleep through an open. Neither could I. I don't think Hagen ever bothered too much about anything."

I recall one occasion in an amateur golf championship, one of the entries was an all-star college tackle—around 220 pounds. He was a good golfer and he lasted through Thursday and just missed the hospital. His nervous system blew up. He was in a bad way. He never played in another tournament.

The roughest part of golf is that every mistake you make is your own. No opponent has anything directly to do with it. He can't hit one by you, block you, tackle you or knock you out. You inflict your own punishment.

Golf was first called "an umblin' game" by George Low over 30 years ago. It is also an infuriating game at times. When Jerry Travers, a great competitor, won his U.S. Open at Inverness in 1915, he was a nervous wreck for over two weeks afterwards. And Travers had just as fine a set of nerves as I've ever seen.

How rough a game is golf? Jones retired at his peak at the age of 28. Byron Nelson abandoned tournament punishment when he was riding the crest. Ben Hogan is ducking one tournament after another with \$2,500 to shoot at.

I talked with one of Joe Louis' golf partners. "Joe's playing good," he said. "But he worries and frets a lot over missed shots. Joe worries a lot more about golf than he ever did about any fight."

Or, as Armour puts it: "Get the yips" and find out what real punishment is."

Exploring New York

The world's busiest corner is not 42nd street and Times Square—it's the 54th street and E. 4th street...

Most of the Main Stem's maza-da inferno is not generated by legit theaters or film palaces.

Assessed valuation of Broadway's real estate is a mere three billion bux... City hall still has the mahogany desk that Washington used to pen his Inaugural Address...

Parts of the Statue of Liberty were exhibited in various sections of the city before they were assembled.

One of the most striking illustrations of the city's cosmopolitan reputation is a church on 2nd avenue. Services are conducted in English, Chinese and Italian...

Crooked diplomatic deals are not cooked up at No. 10 Downing street in the Big Burg—just dimmers.

Central park is the result of a work relief project. By the way, this park isn't the city's largest. Pelham Bay park has the biggest patch of greenery...

Why New York's skyscrapers pop the ribs of hinterlands? Our town has 40 buildings that are 36 stories high or higher.

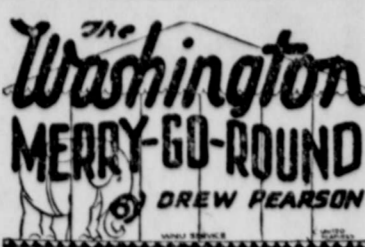

It's mammoth port is what made New York City a world city. Several hundred Indians still make N. Y. their home...

A century ago you could purchase a lot on Madison avenue for \$480. Now you can buy a house there that cost more.

This city's budget is larger than any state's... New York City's borough presidents earn higher salaries than U. S. senators...

The following explains why Big Towns never view every sector of the city: New York has 5,000 miles of streets.

Diamonds worth millions are bought and sold on the sidewalks of Canal street... Two stories beneath the Music hall there is a huge sub-basement that is used as a warehouse...

The Washington Merry-go-round

DREW PEARSON

Trouble in Red Army

REPORTS have leaked out through the iron curtain that an anti-Communist movement may have sprung up inside the Red army.

According to uncensored reports, anti-government tracts have been circulated among Russian soldiers and have even shown up on the streets of Leningrad.

Meanwhile, Lt. Gen. Kuzma Romanovich went so far as to complain in an article in the Soviet Army Journal recently that discipline has sunk to a new low.

After three years of systematic exploitation," a report from Saxony says, "conditions in the eastern zone have reached their lowest standard yet."

The Hobo Basket

Rough-and-tumble railroad men have been passing a collection basket from freight train to freight train across the country to raise money for crippled kids.

Dubbed the "Hobo Basket," it was started on its journey six months ago by three southern railway yard clerks in Birmingham, Ala.

Immediate result of this sudden condition of oversupply probably will be the government's starting to support corn prices as soon as the crop starts moving.

Grain exports will be pushed, of course, but the export market is almost certain to fall off in a year or so because other nations also are intensifying their farm production with considerable success.

Potential Air Lift

The vitriolic battle over the 70-group air force has been pretty well forgotten. However, biggest proof that Secretary for Air Symington was right and Secretary of Defense Forrestal wrong about the importance of air power is being demonstrated around the clock in Berlin today.

Brighter side of the crop situation is the fact that it promises the consumer almost certain relief from inflated food prices sooner or later, since grain supplies and prices are basic in determining cost of living at the household level.

North-South Football

Champ Pickens of Montgomery, Ala., the man who is trying to build up North-South understanding through sports, once had to solve a complicated problem involving President Truman's home state.

Pickens stages a football game every December between an all-star team from the North and an all-star team of the South.

A hot debate followed, partly because the star Missouri player was named Jefferson Davis and the South wanted him on its team.

### SCHOOL LEADERS CONCERNED OVER NEEDS OF TEXAS SCHOOLS

Scurry County school supervisors, trustees and teachers are concerned over the increased enrollments expected for the terms soon to open, because housing and teacher demands will tax the county's facilities. Likewise, the problem is a statewide one that has elicited the attention of the Texas State Teachers Association.

Some of the problems and suggested solutions as submitted by the state association are presented in the article below:

Texas must adequately prepare for 150,000 more children in its schools in the next decade or lower its educational standards.

Charles H. Tennyson, director of public relations for the Texas State Teachers Association, sounded that note last week.

The huge increase in the birth rate during the last few years will add to the enrollment in Texas schools by nearly 82,000 pupils four years from now and by 152,000 in 1957, Tennyson said.

"The vastly accelerated birth rate throughout the United States since 1941 has cheered business men, but it is causing great concern among educators," the TSTA official declared.

"Texas is no exception. From figures on the annual birth rate provided by the United States Bureau of Vital Statistics, we know that births increased 1,549,601 throughout the United States from 2,350,399 in 1940 to 3,910,000 in 1947.

"Enrollment started increasing throughout the country last year. In Texas it was up more than 7,000 pupils. The State Department of Education this week estimated an

additional 8,000 students would enroll this fall.

"That is just the beginning. Enrollment will snowball from then on. The situation will become acute in 1953. An accurate estimate places the hike in enrollment in Texas that year at 81,568 pupils. Nine years from now we will have 152,004 additional students in our schools, or a total of 1,660,004."

Federal and state bureau and insurance company statistics show that nearly 80 per cent of the children born each year reach school age. Those experience figures make accurate estimates of future enrollment possible, Tennyson explained.

"An increase of 80,000 pupils in the short time of four years and 150,000 in nine years does not seem so tremendous until it is realized that we will need 2,719 more teachers by 1952 and 5,066 more classroom instructors by 1957," Tennyson declared.

"It stands to reason we will have to have that many more classrooms."

"Leaders in school districts and state government should take careful note. The situation calls for planning along practical lines in order that adequate provisions be made for education of these children."

"That is particularly necessary in more than half of the Texas schools in which children are already overcrowded."

"It will call for expenditures of large sums of money. If each of the 5,066 additional teachers was paid only the present minimum salary of \$2,000 annually, that would increase expenditures by \$10,132,000.

"No one can hazard a guess as to how much additional money must be spent on classrooms and equipment."

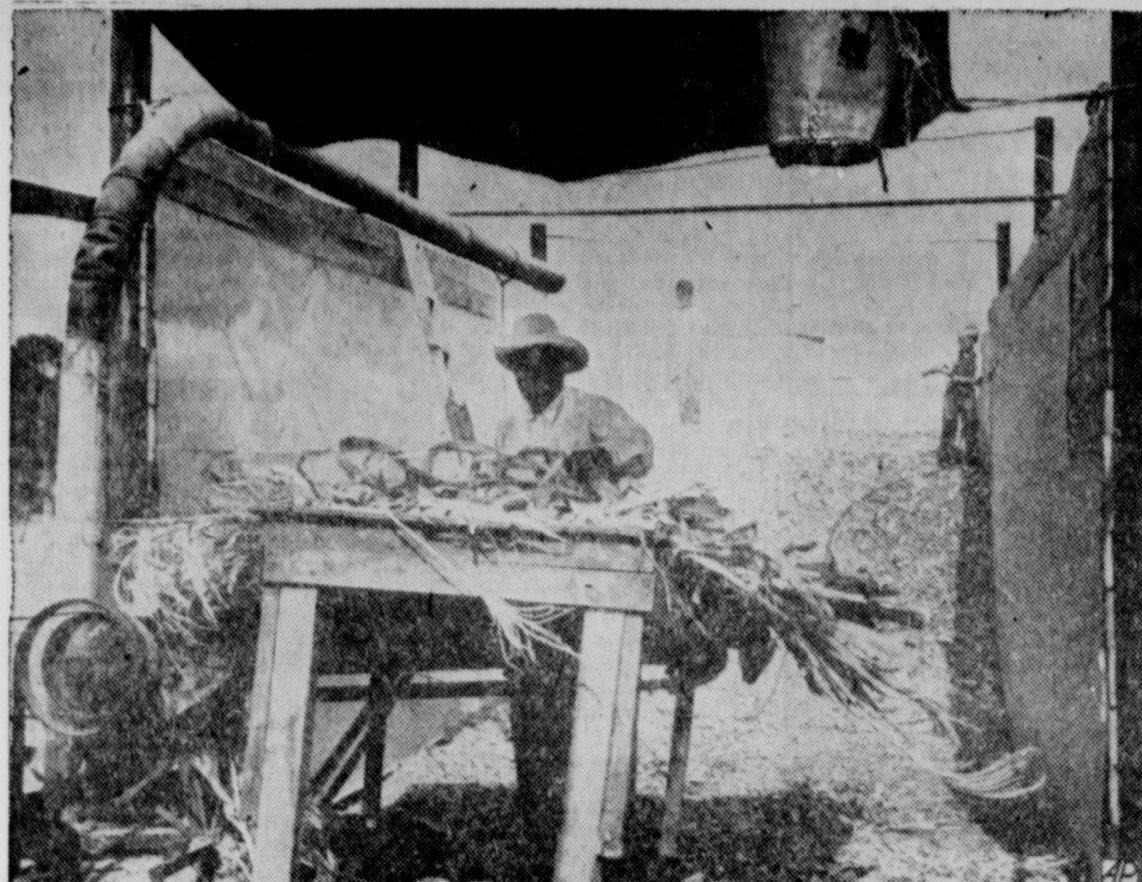

A recent survey disclosed that about 50 per cent of students in Texas schools are in over-crowded classes. Educators agree that pupils cannot be given adequate instruction when there are more than 30 or 32 pupils in a class.

Some Texas cities have already recognized the impending situation. A recent survey made by Fort Worth school officials disclosed that by 1953 the district will need 367 more teachers and additional classrooms, according to B. C. Schulkey, assistant superintendent.

**PASTURE SUBSTITUTE**—The first box-type silo in Gregg County (above), was placed in operation recently at the J. B. Evans dairy farm near Kilgore. The new silo is shown as it was

being filled with 100 tons of green corn. County Agent O. D. Taylor says this silo will provide "the best substitute for pasture during the winter months." Costing a little over \$100 to build,

Gregg County farmers are looking to the Evans silo as a new economical method of providing year-round feed for their cattle. Practicability of such a silo in Scurry County is obvious.

### Hunters Urged to Be Careful Near Telephone Lines

Hunters not only shot birds last year, but also managed to knock down 2,600 telephone wires in Southwestern Bell Telephone territory, R. B. Peterson, district manager for the company told The Times Monday. "With the 1948 hunting season about to open, the company urges hunters to use care in shooting at or near its pole lines," he said.

"What we probably need," Peterson said, "is telephone lines that can duck bird-shot. But, what we have is pole lines and wires that cannot dodge. The problem is pretty serious. Last year, about one-fourth of all cases of trouble on our open wire long distance telephone lines was traced to gun-shot damage."

Even good shots miss occasionally, Peterson said, and a shot at a bird on a telephone line, or flying in front of it, may cut a wire and interrupt telephone service. Until the company can get men out to repair the damage, important messages may be delayed.

In asking that hunters think twice and pass up "fat" shots around telephone lines, Peterson said, "care and thoughtfulness on the part of hunters now will go a long way toward protecting the community's vital long distance telephone service."

Showcard colors at The Times.

### VETERAN'S QUESTIONS

The questions and answers below about veteran problems are carried as a service to former service connected personnel by The Times. Material for the column is supplied by the area office of the Veterans Administration at Lubbock.

Q.—If I apply for hospitalization, how long will I have to wait before I am admitted to a VA hospital?

A.—If you have a service connected disability you do not have to wait to receive hospitalization. If your disability is non-service connected but is an emergency, you are admitted immediately. Non-service connected ailments that do not require emergency treatment have to wait until a bed is available, and the time varies at each hospital. Non-service connected veterans also must sign statements that they cannot afford to pay for treatment elsewhere.

Q.—May I go to my own doctor for treatment of my disability and have Veterans Administration pay the bill?

A.—Only if you receive prior VA approval for such treatment or cure. Approval is based on the following conditions: (1) You must have a service connected disability; (2) VA must not be able to provide the treatment in its own hospitals or clinics; (3) travel to a VA station would work a hardship on you. In

emergency cases, a veteran may apply to the nearest physician and have the physician notify the VA regional office having jurisdiction over the area.

### Teen Agers Account For Most Accidents

Are teen-age drivers as reckless as older folks say they are? The National Safety Council says the answer is "yes."

The 1948 edition of "Accident Facts," the council's statistical yearbook, includes studies made of accident rates of drivers in various age groups. These studies show that the fatal accident rate in terms of miles driven by youngsters under 20 was 89 per cent higher than the average rate for all drivers.

The council believes driver training courses in high schools and colleges are a big part of the answer to the problem. Better examples by parents and other older drivers would help a lot too, it says in a release to The Times.

**Program for the Week:**  
**PALACE THEATER**  
Friday and Saturday, August 27-28—

Wednesday and Thursday, September 1-2—  
"BELLE STAR"  
featuring Randolph Scott and Gene Tierney. Novelty.

### Final Report on Cotton Damage By Insects Given

In its final report on the progress of insect damage in Texas, released to The Times this week, indicates that the cotton has reached a mature stage in most areas, according to R. D. Lewis, director of A. & M. College of Texas, Agricultural Experiment Station, in cooperation with the U. S. Department of Agriculture's Bureau of Entomology and Plant Quarantine.

Continued hot, dry weather has reduced boll weevil injury in the early maturing cotton in Central and North Texas, the reports states. In the late fruiting cotton, heavy damage from both weevils and boll worms has been recorded and such fields need protection from these pests.

In northwestern areas, of which Scurry County is a part, the report says it is important to continue to inspect cotton for insect damage and to apply control measures when necessary.

Early fall destruction of cotton stalks is one of the best and cheapest means of reducing damage from the boll weevil, County Agent Oscar Fowler declared. A new two-page circular entitled "Plowing Under Cotton Stalks Kills Cotton Insects . . . And Enriches the Soil" has just been published and is available through your county agent or the Texas Extension Service at College Station.

LET'S ELECT . . .

# Coke Stevenson

As Our Next

# U. S. Senator

Coke Stevenson of Junction

As Governor of Texas Coke Stevenson led the state back to a pay-as-you-go basis. A multi-million dollar deficit was wiped out during his administration and a thirty-five million dollar cash surplus built up.

Appropriations for old age assistance were more than doubled.

School teachers' salaries were raised.

Farm-to-market roads were built.

The State Highway System was extended.

All this was done without taxes being increased one penny.

**He Made Us a Good Governor . . . He'll Make Us a Good Senator**

In the first primary election Coke Stevenson carried 167 of Texas' 254 counties, the second man carried 73 counties, and in 13 of the 14 remaining, which the third man carried, Stevenson was second choice.

## VITAMIN A DEFICIENCY CAUSES BLINDNESS IN CATTLE IN TESTS

Strange as it may seem, the lack of Vitamin A in rations will cause night blindness in cattle—just as it will in humans.

Numbers of Scurry County cattle raisers have reported this trouble to County Agent Oscar Fowler and previous agents from time to time.

Results of experiments conducted by the Spur sub-station of the Agricultural Experiment Station of Texas A. & M. College prove that statement, and the results were even more convincing this year.

Paul T. Marion of the Spur sub-station, says that a group of five yearling steers, made up of five Herefords, five Jerseys and four crosses, ranging in weight from 700 to 1,000 pounds, were fed a ration of cottonseed meal and hulls (a ration that is deficient in vitamin A) for 84 days. They developed advanced symptoms of vitamin A deficiency within that time. They are night blind, have poor appetites, and their averaged daily gain of 2.25 pounds per animal for the first 56 days dropped to 1.10 pounds the last 28 days.

When green grass, wheat pasture, alfalfa or other green feeds are available, yearling steers are able to store carotene—a form of vitamin A—to supply their body requirements for as long as 100 to 180 days. This particular group developed the symptoms in less time because they had no green grass from the middle

of July through October, due to the late summer and fall drought.

Fifteen similar steers grazed side by side with the first group all summer, Marion says. In the feed lot, these 15 were fed a ration of alfalfa hay and silage, both of which contain carotene. None of these steers have developed vitamin A deficiency symptoms.

Marion warns that the recent drought may have left many cattle throughout the mid-west without a reserve of vitamin A. This is particularly true of cows and calves wintering on dry grass.

"It's easy to check your cattle for night blindness," he says. "Drive them around in the pen after dark. The blind ones are usually slow to move and will run into feed troughs or other obstacles. If they are night blind, two to four pounds per day per animal of good quality green alfalfa hay will correct the condition within a short time."

### Extended Usefulness.

"How about two of them?" asked the druggist of the man who was buying a toothbrush. "One for your wife?"

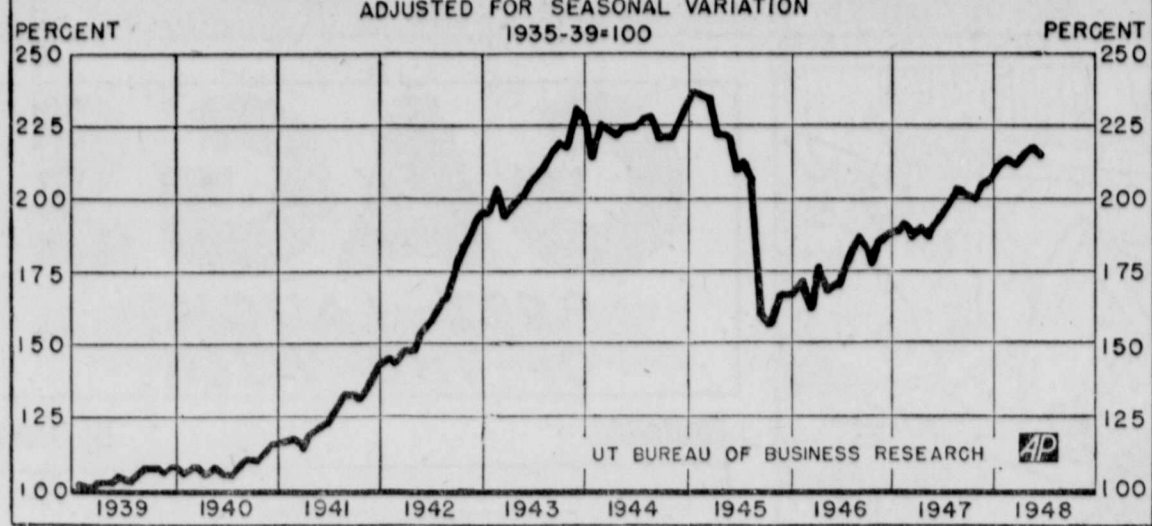

"No, thanks. When I buy a new one, I give her the old one."

Several other customers in the store gasped, and then he added:

"She uses it to clean her shoes."

If you're having typewriter troubles, phone The Times, No. 47.

## INDEX OF TEXAS BUSINESS

JUNE BUSINESS in Texas was still in the peak of the post-war boom, although the composite index of business activity, compiled by the University of Texas Bureau of Business Research, edged slightly below its May level. The bureau's seasonally adjusted index of Texas business was 216 per cent

of the pre-war (1935-39) level, 217 in May, 1948, and 190 in June, 1947. Business in Texas continued among the high states of the nation.

of the pre-war (1935-39) level, 217 in May, 1948, and 190 in June, 1947. Business in Texas continued among the high states of the nation.

## Doughnut Machine at Piggly Wiggly Busy

Business has been good with the automatic doughnut making machine recently installed at Piggly Wiggly, according to O. L. Nichols, operator.

After specially mixed dough has been added to the machine, the doughnuts, cooked to a turn, come from the machine under automatic forming, turning and delivering mechanism—fresh and hot—and iced or sugared to customer orders.

## COTTON, GRAIN AND LIVESTOCK REFLECT DECLINES ON MARKET

Cotton, grains and livestock showed lower trends this week at South-west markets, according to the Production and Marketing Administration, U. S. Department of Agriculture's report to The Times.

Wheat and corn dropped sharply over the week-end after showing some strength last week. Yellow corn closed Monday 25 cents a bushel lower than a week earlier at \$1.75 to \$1.80 at Texas common points. White corn lost 12 cents, barley six to seven cents, oats around three and wheat four cents for the week. Milo fell 10 to 15 cents per 100 pounds.

Some new crop rough rice went to market last week, but prices remained unsettled. Most feedstuffs sold unchanged to lower, although wheat millfeeds showed further strength. Top grades of hay were in good demand, but wet weather lowered quality in many areas. Harvest of early peanuts ended in South Texas.

Cotton netted losses of around \$3 a bale for the seven-day period. Spots middling 15-16 inch closed Monday at 30.50 cents a pound at Dallas, 30.50 at New Orleans, and 30.55 at Houston.

Cattle sold around 50 cents to \$1 lower for the week at most South-west markets. Common and medium cows ranged from \$20 down at Houston, San Antonio, Fort Worth, Oklahoma City and Wichita Monday, and up to \$21 at Kansas City. Denver paid as high as \$24 for good cows, which spread from \$21 to \$23 at Kansas City, Wichita and Fort Worth, and \$20.50 to \$21 at San Antonio.

Sheep markets tended toward lower levels during the past week. San Antonio turned medium spring lambs at \$21.50 Monday, while Fort Worth took medium and good grades at \$25 to \$26. Good and choice lots cashed at \$25 to \$26 at Oklahoma City and Wichita and \$28.50 to \$29.25 at Denver.

Angora goat raisers asked 40 cents a pound for adult mohair and 60 cents for kid.

Hog prices broke all records at many markets last week but declined later to net only slight changes up or down. Top butcher hogs reached \$28 at San Antonio at the high time, and \$30 at Fort Worth. Oklahoma City and Wichita paid as high as \$31, Kansas City \$31.75, and Denver \$32.25. Sows and pigs showed similar trends.

Better grades of eggs sold a little higher during the past week at some markets. Top quality white eggs brought 45 to 50 cents a dozen at Dallas, with best mixed lots from 42 to 43 cents. Fort Worth paid 47 to 48 cents for large whites and 40 to 44 for select mixed colors. Ungraded white eggs ranged from 46 to 48 cents at Denver. New Orleans bought white extras of 60 per

cent A quality at 56 cents. Poultry held large steady, although spring chickens lagged in Northwest Arkansas.

Demand for peas exceeded supply at firm prices in Colorado's San Luis Valley during the past week. Cauliflower sold about steady during the week and strengthened over the week-end. Potatoes moved in dull trade from the Gilcrest section in light demand. Sweet potatoes found light to moderate demand in Southern Louisiana.

## Costs of Accidents Go Up With Other Rises

Cost of an accident has gone up, along with beefsteak and butter.

The 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council, shows that the total cost of accidents in America in 1947 was \$7,100,000,000, as against \$6,400,000,000 in 1946.

This includes accidental injuries that cost \$4,100,000,000 in lost wages, medical expenses and insurance; property damage in motor vehicle accidents of \$1,100,000,000; fire losses of \$648,000,000; and other costs of occupational accidents that totaled \$1,300,000,000.

Average cost per injury in the United States last year was \$663.55. This is \$54.04 more than the average injury cost the year before.

### Sweet Potato Leading Crop.

The sweet potato crop has been, and still is, the most important truck crop in the South.

## Mrs. C. E. Trussell Dies Monday and Rites at Fluvanna

Mrs. C. E. Trussell, 55-year-old wife of a retired Snyder farmer, who died Monday, was buried in the Fluvanna Cemetery after funeral services were held Tuesday afternoon at the First Baptist Church in Snyder. She had been ill only a short time.

A resident of Scurry County for about 40 years, Mrs. Trussell was a native of Center City, Mills County, Texas.

Rev. E. K. Shepherd, pastor, assisted by Rev. Leslie Kelley, officiated at the final rites Tuesday afternoon at 4:00 o'clock. Odom Funeral Home was in charge of funeral arrangements.

Burialbearers were George Hanback, Bill Gillum, Bill Vaughan, Wray Huckabee, Alvin Elkins and Frank Arnett. In charge of flowers were LuJean Maddox, Mrs. Dee Myers, Laverne Edmonson and Mrs. Earl McDow.

Surviving Mrs. Trussell are her husband, C. E. Trussell of Snyder; her mother, Mrs. Cora Squires of Fluvanna; two sons, John Henry Trussell of Snyder and A. E. Trussell of Clifton, New Jersey; a daughter, Mrs. A. W. Scriver of Dermott; three brothers, A. J. Squires of Lincoln, Nebraska, T. L. Squires of Lubbock and Roland Squires of Faith, South Dakota; and five sisters, Mrs. Ed Bolas of Oden, Arkansas, Mrs. W. A. Large of Eloy, Arizona, Mrs. Nancy Squires of Fluvanna, Mrs. Gene Pylant of Fluvanna and Mrs. Mammie Johnson of California; and five grandchildren.

**More Money Spent During 1918**

Americans during 1918 are buying houses and automobiles faster than they can be produced and indebtedness is increasing, according to the Federal Reserve Board's 1918 survey of consumer finance.

Fewer folk are saving in 1918 than the year previous. Some 3 million consumers who had savings bonds in 1917 didn't have them the first of 1918. Consumers are doing more of their paying on a credit basis than a year ago. Because buying has increased, they're using more of their savings than before.

It is expected that about one-fourth of the consumers will spend beyond their income in 1918 as they did in 1917.

**ASK ME ANOTHER?**

A General Quiz

- How many bones are there in the body?
- What state occupies the geographic center of the U. S.?
- Is it true that the hairs of the head are similar to fingernails?
- How much ice is there at the South Pole?
- When were red and green lights first used as traffic signals?
- Will moths attack nylon?

**THE ANSWERS**

200. Some anatomists name 206 by including the ossicles of the ear.
- Kansas.
- Yes. There's a likeness of material between hair, scales, feathers, the beaks of birds and the horns of cattle.
- Antarctic region has enough to cover world with a layer 120 feet thick.
- In 1868 in London, England.
- Nylon is moth-proof.

**don't use Harsh Laxatives**

Keep regular this healthful way—

The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination.

No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you! Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C, supply valuable amounts of B<sub>1</sub> and P. They alkalize, aid digestion.

Not too sharp or sour, lemon in water has a refreshing tang—clears the mouth, wakes you up. It's not a purgative—simply helps your system regulate itself. Try it 10 days.

**USE CALIFORNIA SUNKIST LEMONS**

A lot of people care more about who writes their songs than their laws.

Strange as it may seem, conditions in Europe will never seem so long as they are predominantly red.

### New Way to Construct An Old-Fashioned Swing

DO YOU want to bring back happy moments you've long since forgotten? For fun in the sun or a pleasant place to spend a quiet period of relaxation under the stars, we recommend this modernized version of an old-fashioned lawn swing. It's a hit with grownups as well as children. There's room for four in the form-fitting seats.

The lawn swing is easy to build. No special tools or skills are required. The full size pattern enclosed below provides all the information needed to buy the materials, cut and assemble the swing. All materials specified are stock size and are readily available at most lumber yards.

It's as easy as that. The pattern provides a full size, printed paper outline of each component part of the swing. Trace each piece on the lumber specified, saw and assemble. Whenever two pieces are joined, their exact location is shown on the pattern. All bolt and screw sizes are also shown. You'll have fun building this swing and lots more fun using it.

Send 50c for lumber and pattern No. 153 to East-Old Pattern Co., Dept. W., Pleasantville, N. Y.

### HOME-PLANNERS!

Get SCALE MODEL of "Blandings Dream House"

Helpful! Fun to put together! Full-color 3-dimensional model of house featured in RKO movie hit. PLUS Steteb Plans Book with floor plans, outside elevations, decorating hints. Also colored landscape plan. Helpful guide to all who plan to build or buy.

Send 35c with box top from Kellogg's ALL-BRAN, Mail to Kellogg Co., Dept. 514, Battle Creek, Mich.

### Yodora checks perspiration odor

THE SMOOTHINGEST WAY

Made with a face cream base, Yodora is actually soothing to normal skins. No harsh chemicals or irritating salts. Won't harm skin or clothing. Stays soft and creamy, never gets grainy.

Also Helps Build Up Red Blood!

Do female functional periodic disturbances make you suffer pain, feel so nervous, irritable—at such times? Try Lydia E. Pinkham's TABLETS to relieve such symptoms. Pinkham's Tablets are also very effective to help build up red blood in simple anemia.

Lydia E. Pinkham's TABLETS

### Kidneys Must Work Well—For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Hurting, aching or too frequent urination sometimes warns that something is wrong. You may suffer from backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the body. They contain soothing barium, Get Doan's today. Use with confidence. At all drug stores.

### DOAN'S PILLS

### THE FICTION CORNER

#### THE RIFLE

By DANIEL F. LINDSAY

ONLY \$30." The clerk smiled down at Jud as he handed him the rifle.

"Uh," Jud hesitated for a moment as his trembling fingers ran along the dull barrel. "I haven't got that much."

"Sorry son." He took it back. Jud's wistful eyes followed him as he sat it in the rack and hurried down the counter. Thirty dollars! He had a sick feeling as he stumbled out of the store. Why, he'd never even had his hands on that much money. As he walked down the street he swung the bag of salt from hand to hand. If a rifle cost that much, think how much that house must have cost. Enough to buy all the rifles in the world.

Reaching the edge of town he started up the twisted mountain road. Unconsciously his bare calloused feet avoided the blistering hot rocks. Any other day he would have walked close to the jagged edge formed by the road. Today he didn't care about the cool shade. His mind was still back at the little store. Maybe his Pa would get it anyway. The thought made him half run. As he rounded the curve he could see his mother waiting for him in the doorway.

"You sure made a quick trip Jud. What you so excited about?"

"I got to talk to Pa." He handed her the bag of salt and went inside for a drink of water. She followed him with amused eyes.

"What about son?" He hung the cup back on his hook and shook his head. "Man talk, mom."

"Oh, I see," she ducked her head. "Well, he's out in the upper pasture." He rushed outside again.

"Pa," he shouted as he reached the edge of the tree ringed field. "It's down at the store."

"What's down at the store, son?" His eyes were affectionate as he watched Jud gallop toward him. "The end of the world gone up in pink ribbons?"

"No, Pa." His young face was serious as he slid to a stop. "My rifle. The one I want."

"Oh!" Pa looked away uncomfortably. "You sure it's the one you want?" How he had dreaded this day. All winter long they had talked of guns, particularly the one Jud would get some day. Each time they went to the store Jud would rush eagerly over to the shiny gun case, but they never suited him. Gradually it had reached the "maybe, someday" stage. Pa had been glad.

"Sure Pa, I went down for a bag of salt and there it was." His eyes were shining. "You ought to see it."

"How much did they say it was, son?" Mentally he braced himself.

"Well," his face fell a trifle. "It was \$30."

"I see," Pa took his hand. "We'll have to talk about it later. Right now I want you to help me mend some fences."

Slowly the afternoon passed for Jud. Every minute seemed a year. He watched his father's set face out of the corner of his eye. By the time they started back down the path toward the house his heart was heavy. Whenever Pa acted like this it meant they didn't have the money. Silently he ate his supper and went to bed.

It was several hours before he fell asleep. He listened closely to the rise and fall of his father's voice, straining to make out the muffled words. It was useless. The

walls of the old log cabin weren't built for eavesdropping. After a while he heard the sounds of their going to bed and the house was silent. He lay there staring miserably at the ceiling, his mind filled with the deep aching and despair that goes with wanting the unattainable. Finally his tired little brain could stand no more and he fell into a restless sleep.

The early morning sunlight streaming across his face woke him. He started to jump up, then remembered the rifle and sank back. The sounds of hungry animals edging around his consciousness. He could hear Pete, Blackie and Joe, his lame sheep, bleating for him. At least, he shrugged his shoulders. I've got them.

"Son," his mother came in from the kitchen, "As soon as you're

"Sure Pa, I went down for a bag of salt and there it was." His eyes were shining. "You ought to see it."

dressed your Pa wants to talk to you."

"All right," He hurried into his pants and shirt. At least he would know for sure. His father smiled as he entered.

"Good morning Jud."

"Morning Pa." His eyes searched his father's face for a sign.

"Your mom and I talked about the rifle last night, son." Jud just stood there. "And we don't think we can spare the money right now."

"Okay, Pa," his face fell. "\$30 is a lot of money."

"But," his father continued, "we did think of a way you could get the rifle if you wanted it bad enough."

"Oh, I do, Pa." His face was one broad smile. "I want it more than anything in the world."

"Enough to sell your sheep?"

JUD pushed open the screen door and walked outside without answering. His mother and father exchanged glances and went on with their breakfast.

Once away from the house Jud hurried to the little pen. The sheep hobbled over to his side. He slipped one arm around Pete's neck and his mind went back to the day he had crawled down into the ravine in search of him. He stood there a long time while a chain of memories passed over him. Finally he wiped a tear on his shirt sleeve and went back inside the house.

"I want the rifle, Pa." He held his sturdy little body stiff.

"All right son. It's up to you." His father got to his feet and went

### HOUSEHOLD MEMOS

by Lynn Chambers

Simple Enough for Youngsters to Make (See recipes below)

For Amateurs Only

ARE YOUR CHILDREN shy and awkward in the kitchen or can they do an apron and turn in a creditable performance as a cook? Mothers who give their children the run of the kitchen occasionally deserve a bouquet of orchids because they are helping to turn out well-baked, healthy children. And it does mother good, too, if son or daughter occasionally can whip up a batch of good cookies or cake, or prepare a tasty salad.

There are days when youngsters just simply are bored with their usual pursuits and then they tend to wander around the house without anything to do. Perhaps it's too stormy to play outside or maybe all their friends are on vacation. This is the psychological moment to suggest they try their hand at being an amateur chef.

Give them a few pointers beforehand if they need it so food will not be wasted, and help only if it's requested once they start their culinary adventure so you won't spoil it by being the "extra cook in the broom." Have it understood, too, that the kitchen is to be cleaned after they finish.

I'VE OFTEN SAID that anyone who can read, can cook. But here are simple recipes that involve no complicated procedures. Let the children try these recipes so especially designed for them that they will really have a wonderful adventure on their day in the kitchen.

Boys and girls alike will enjoy making these hamburgers, and they are so easy, you simply won't have any failures:

**Hamburgers De Luxe (Serves 6)**

- 1 pound ground beef
- 2 eggs, unbeaten
- 1 tablespoon flour
- 1/2 onion, grated
- 1 teaspoon salt
- 1/4 cup catsup

**Bacon Fried onions**

- Mix the meat with eggs, flour, onion, salt and catsup. Beat the mixture thoroughly with a large fork or spoon. The longer the mixture is beaten the better. Form into thin cakes. Spread a layer of fried onions between two cakes and press the edges of the meat together. Place a strip of bacon around the hamburger, fasten with a toothpick and fry in hot fat or place in the broiler. If using broiler allow cakes to brown six to eight minutes on each side. If frying, allow a little more time for hamburgers to cook.

**BOYS AND GIRLS** alike will enjoy making a salad and tossing it together with a fork and spoon the way real chefs do:

**Tossed Green Salad (Serves 6)**

- 1 head of lettuce, cut in quarters
- 4 tomatoes, quartered
- 1 bunch watercress, if desired
- 1 cucumber, peeled and diced
- 1 bunch green onions, cleaned
- 1 green pepper, sliced thin
- 1 bunch celery, diced
- 1 bunch radishes, sliced
- Lettuce cups
- French dressing

Chill the vegetables thoroughly after preparing. Place all in a large bowl. Add French dressing and toss.

**LYNN SAYS:**

**Use Proper Methods When You Cook**

Do you use neat methods when you cook or is everything a jumble when you get into the kitchen? First check the recipes you use and see if you have all ingredients on hand.

While the food cooks, wash all the dishes you have soiled. In this way, you never will have an accumulation of dishes in the sink when you get ready to eat.

Read the recipe over carefully before you work and try to picture the procedure.

Measure out ingredients before you begin working and you won't forget any of them as you cook.

After measuring ingredients, grease pans or get out any utensils which you will need.

After mixing a recipe, check over the directions to see that all steps have been carried out.

You can save wiping dishes if you have a rack on the sink. Rinse dishes with very hot water and they will dry by themselves.

**Use Proper Methods When You Cook**

Do you use neat methods when you cook or is everything a jumble when you get into the kitchen? First check the recipes you use and see if you have all ingredients on hand.

While the food cooks, wash all the dishes you have soiled. In this way, you never will have an accumulation of dishes in the sink when you get ready to eat.

Read the recipe over carefully before you work and try to picture the procedure.

Measure out ingredients before you begin working and you won't forget any of them as you cook.

After measuring ingredients, grease pans or get out any utensils which you will need.

After mixing a recipe, check over the directions to see that all steps have been carried out.

You can save wiping dishes if you have a rack on the sink. Rinse dishes with very hot water and they will dry by themselves.

### LYNN CHAMBERS' MENU

\*Recipe Given.

lightly with fork and spoon. Serve in lettuce cups or from a bowl.

**YOUNGSTERS LIKE** to make cooling beverages. Let them do these simple things on hot afternoons:

**Chocolate Milk Shake (Serves 2)**

- 2 cups milk
- 1 teaspoon vanilla
- 4 tablespoons chocolate syrup
- 2 ice cubes

Place all ingredients in a quart sized glass jar or shaker with cover. Shake until fluffy. If desired, 2 tablespoons of chocolate or vanilla ice cream may be added before shaking.

**Root Beer Shake (Serves 2)**

- 2 scoops vanilla ice cream
- 2 cups root beer

Place together in a glass and stir. Serve at once.

**Lemonade**

- 6 lemons
- 1 quart water
- 1 cup sugar syrup
- 1/2 cup maraschino cherry juice

Squeeze lemons and strain juice. Mix with sugar syrup and water. Add cherry juice. Chill thoroughly.

**SIMPLE TYPES** of cookies may be made by the youngsters. Neither of these types requires tedious creaming of ingredients.

**Brownies**

- 1/2 cup flour
- 1/2 teaspoon salt
- 1/4 cup lard
- 1/2 cup chopped nuts
- 2 squares chocolate
- 2 eggs
- 1 cup sugar
- 1 teaspoon vanilla

Sift flour, then measure. Add salt and sift again. Melt lard with chocolate in saucepan. Beat the eggs until fluffy, then add sugar and beat again. Mix eggs and sugar with chocolate and lard. Add flour, nuts and vanilla.

Bake in a shallow pan which is greased, in a moderate (350 degree) oven for 25 to 30 minutes. Cool. Cut into squares.

**Drop Cookies**

- 1 cup brown sugar
- 1/2 cup white sugar
- 1/2 cup lard, melted
- 1 teaspoon nutmeg
- 1 teaspoon cinnamon
- 1/2 teaspoon cloves
- 1 teaspoon soda in 1 tablespoon hot water
- 1/2 cup raisins
- 3 cups flour or enough to hold shape when dropped

Combine ingredients in order given. Drop by teaspoons on greased baking sheet. Bake in a moderate (350 degree) oven for 10 to 15 minutes.

Released by WNU Features.

### SEWING CIRCLE PATTERNS

#### Two-Piece Has Youthful Lines A Flattering Style for Women

HERE is a graceful afternoon style for the woman of slightly larger figure. Note the soft yoke treatment, the flattering gorge skirt. You can have brief sleeves, or a longer length, if you wish.

Pattern No. 8293 is for sizes 24, 26, 28, 40, 42, 44, 46 and 48. Size 26, short sleeves, 4 1/2 yards of 20-inch fabric.

SEWING CIRCLE PATTERN DEPT. 330 South Wells St. - Chicago 7, Ill. Enclose 25 cents in coins for each pattern desired.

Pattern No. \_\_\_\_\_ Size \_\_\_\_\_ Name \_\_\_\_\_ Address \_\_\_\_\_

**Popular Frock**

THE ever-popular two piece frock shown here is a fresh, youthful version. The slanted closing on the blouse is accented with a bright novelty button and the peplum flares out neatly above a slim skirt.

Pattern No. 8293 comes in sizes 12, 14, 16, 18 and 20. Size 14, 4 yards of 39-inch fabric.

### AROUND THE HOUSE

To make plate rails so that dishes will stand safely, nail a flat-type curtain rod along the back of the shelf and stand the plates behind it.

The patent-leather covering on heels can be prevented from cracking if you coat it with colorless nail polish.

This helps keep mosquitoes away from your bed: five drops of spirals of camphor on a lump of sugar placed on your nightstand.

When you run out of hair curlers use the little wires from around the tops of milk bottles.

If the ticking of your alarm clock is too noisy, set it on a blotter or piece of felt.

When you hang slacks out to dry turn them inside out and pin them to the line by the pockets. It will avoid getting them out of shape.

### FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: I have bronze screens that have been discolored because someone rubbed yellow soap all over them. This has made them green. I have tried to clean them by washing them and also used kerosene, but this has not helped. I would appreciate any suggestions.

ANSWER: I believe wiping the screens with a cloth dampened with ammonia would take off the green discoloration. Be careful of ammonia fumes. If this fails, try a good metal polish. An alternative would be to wash with ordinary vinegar, in which has been dissolved as much salt as will be taken up; then rinse well with clear water. The solution can be made into a paste by the addition of flour.

### Grapes in the Sun

Grace Noll Crowell

"The sun, which has all those planets revolving around it and dependent upon it, can ripen a cluster of grapes as if it had nothing else in the world so do."

—GALILEO

THE purple cluster at my fingertips, Sweet with the essence of the sun and rain, Holds all its honeyed nectar for my lips, Holds all of life within its crimson stain.

The sun's long concentration brought to bear Upon the rippling vine, the ripening fruit, Is evidence of the great miraculous care Back of the sod, and deep within the root.

So I today in this strange wilderness, This baffling, bewildering earthly hour, Cling staunchly to the faith that God will bless The humblest child who seeks the central power That is his love, and, facing toward the sun, Wait for fulfillment as this fruit has done.

### New Chemical Enables Blood to Carry More Oxygen

Increased supplies of oxygen to meet emergency needs can be transported through the bloodstream by a new stable preparation of hemoglobin, the coloring matter of blood, according to a report of the American Chemical Society.

The new form of hemoglobin, extracted from red blood corpuscles, can be stored without refrigeration for as long as a year without losing its ability to carry oxygen, the report asserted, pointing out that the natural instability of other hemoglobin preparations has discouraged scientists in the past from exploring hemoglobin's potentially great value in treating a variety of ailments.

"Many types of illness require an increased supply of oxygen to the tissues," chemists reported to the society. "A stable preparation of oxygen-carrying hemoglobin might be extremely advantageous in those instances."

Emphasizing that the suggested

uses of hemoglobin are potential and not yet proved, a report said: "The primary potential use of hemoglobin solutions might be in cases of massive hemorrhage, where the oxygen-carrying capacity of the bloodstream is greatly deficient. Whole blood now is used in these instances. These solutions would have the advantage not only of greater stability than whole blood during storage, but also of not requiring typing before use and in being available where blood banks are not maintained."

COUNTY CLUB BOYS AND GIRLS TO ATTEND STATE FAIR EVENTS

Probably 30 to 40 Scurry County boys will be among the 60,000 4-H Club members, Future Farmers and Future Homemakers who long will remember Saturday, October 16, at the State Fair of Texas in Dallas, October 9 through 24, according to County Agent Oscar Fowler and the vocational teachers at Hermleigh and Snyder, and homemaking teachers and county home demonstration agent, Mary Louie Plehl.

That will be a day dedicated to their honor. It will be a day set aside for their activities and the awarding of honor medals, the fair's rural youth committee has announced.

Headed by James Aston, vice president of the Republic National Bank of Dallas, the committee already has started preparations to make October 16 the greatest rural youth day in the history of state fair. Last year the day drew 25,000 4-H Club boys and girls, 10,000 Future Farmers and 10,000 Future Homemakers to Dallas.

"We are going to increase that attendance by 50 per cent this year," Aston announced. "We've set a goal of 32,000 4-H Club members, 14,000 Future Farmers and 14,000 Future Homemakers. Every county extension agent, vocational agriculture teacher and homemaking teacher in the state will be urged to give his support in making the day a success."

Each county 4-H Club and each Future Farmer and Future Homemaker chapter that brings the largest group the most miles to the state fair on October 16 will receive an attendance prize of \$100.

Dallas business organizations will be host to the boys and girls at a noon luncheon. Another feature of the day will be the State 4-H Club dress revue. One hundred club girls will compete for honors in the revue at the Hall of State from 10:00 until 12:00 a. m. Jewel Pieper of Pylon, who placed first in Scurry County dress revue at Snyder on June 22, will enter the contests.

D. A. Hulcy, president of the Dallas Chamber of Commerce, will

For Girls Only

From the Western Recorder we pick up the kind of advice we believe is good for all our growing girls. It follows:

If you desire not to grow old and haggard long before your time—don't smoke cigarettes.

If you do not want to drop in the estimation of the boys of better judgment of your community—don't smoke cigarettes.

If you desire not to have your future home a house of mourning, because of the death of your babies—don't smoke cigarettes.

If you desire not to lose, while you are yet young, that girlish charm that most older women would give anything to regain—don't smoke cigarettes.

If you desire not to become excessively nervous, irritable and unpleasant—don't smoke cigarettes.

If you desire not to be tied to a habit which you would give all you have to get rid of but cannot, as it is your boss—don't smoke cigarettes.

If you desire to be as pretty as possible, beautiful in expression, charming in manners, courageous and brave, strong in athletics, forceful intellectually, kind, healthy, admired by both old and young—don't smoke cigarettes.

Current Comment

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times. Current Comment is merely carried as a feature column by The Times.

By LEON GUINN.

It is rather embarrassing, as pointed out in this column three weeks ago, for the Democratic party to be low on funds in a crucial campaign year; and word from the capitol this week reveals campaign funds are still a top and unsolved item in President Truman's file. . . . The Southern states, which gave almost half of the party's campaign funds in 1944, have not kicked in anything to date for this year, and prospects look a little gloomy for quick help from any part of the South. . . . Financiers of the Democratic national committee may be able to make up some of the deficit from consumer and labor groups, but rest assured they will not take on the Wallace policy of passing the bat. . . . Dewey, in shaping his campaign, will doubtless take up the cry of "Democratic misrule" during the past 16 years, and any defense of the 80th Congress record will likely fall to second place.

Housing continues to be a critical problem for the nation as a whole. . . . The new housing act, as seen by observers, is only a half loaf but at least will help during the next 12 months. . . . Great efforts will be made to "prod up" the building of homes running from \$6,000 to \$9,000; rental housing will be widely advocated and an attempt will be made to provide insurance assistance (for the first time) to large scale builders who stress on-site constructions. . . . Rather than repuke the rafters of the existing homes, the nation sees now the urgent need for thousands of new and low priced homes to care for just even a normal development of new families over the land.

One of the sanest announcements regarding youthful car drivers in many moons is announced through the American Legion, officials of which are working on blue prints to keep school children without drivers' licenses from behind the steering wheel unless they pass the state drivers' license examination during the coming months. . . . The Legion, a spokesman states, is planning a survey through school superintendents of Texas to locate school children who have no valid driving licenses. . . . Parents, in turn, will be asked to keep the youngsters out of the driver's seat until they get proper driving licenses. . . . This move will tie in nicely with intensive traffic safety instruction in Texas schools during the 1948-49 school year.

Despite the fact the 34,000 oil companies serving our nation are breaking previous production records, the acute need for more oil is spurring operators to renewed drilling programs and plans for more wells in 1949 than ever before. . . . Never in our history have we consumed so much oil; not even when World War II was at a gory peak, yet the demand for petroleum seems to know at this time no limit. . . . It is interesting to note that in 1947, for instance, in the production field 33,098 new wells have been drilled, with total footage reaching an almost unbelievable level. . . . Last year we produced over 77,000,000,000 gallons of oil and when the production runs are all in for 1948 officials know we can look back on 1948 as another banner production period. . . . Can we keep up this pace? . . . The oil industry says we can and those who think we may be running out of petroleum should read the latest revised information that America right now has a proven reserve of a trillion gallons of oil in the ground for future utilization.

Any who want new frontiers to explore may find an intriguing bit of information in the announcement that we may have another lockless, fresh water canal south of the Panama Canal. . . . It will not be many weeks now until U. S. and Colombian engineers begin a survey on a proposed canal across Colombia. . . . The canal, as outlined recently, would be something like a 500-mile affair, going from the Gulf of Uraba in the Caribbean to Humboldt Bay in the Pacific. . . . The new survey will be made through an area populated by scattering Indians and a few Negroes, and is one of 30 such projects that have been on conference tables for at least two years.

Fluoride is a compound so strong it can, as hydrogen fluoride, eat through glass, but plain old fluoride is getting some good backing as a tooth decay preventive. . . . The Department of Health at Evanston, Illinois, for example, has for the past 15 years been putting tiny bits of sodium fluoride in the Evanston water supply. . . . The noticeable effect on school children's teeth has been carefully charted, and after selected age groups have had their dental cares counted, the city will embark on another 15-year program of putting sodium fluoride in drinking water. . . . Atom project employees, for instance, who were producing hydrogen fluoride, were found (despite exposure to fumes) to have half as many dental fillings as office workers in the same plant. . . . Because the majority of people will not visit their dentists regularly, addition of fluoride in drinking water has become accepted as the best way to arrest tooth decay in a community from an over-all point of view.

Whyfore of Meat Prices

Every now and then consumer groups draw an unflattering comparison between the price of beef on the hoof, at wholesale and the price charged for table cuts at retail. The difference is large, and that leads many people to a totally erroneous idea of the costs involved in processing and marketing.

Some time ago one of the meat packing companies explained in full detail where the money goes to. At that time choice cattle were selling on the Chicago market at an average of 32.5 cents per pound—yet steaks were selling in New York for as high as \$1 per pound. And here are the reasons why:

For a 1,000-pound steer the farmer received \$325. By the time it was dressed and chilled that steer weighed only 625 pounds. After adding plant expenses, and deducting the value of by-products, the packer had little more than \$307 invested in 625 pounds of beef—which works out 49 1/2 cents a pound.

By the time the beef reached New York the packer's cost per pound had risen to 51.9 cents. It was sold to the retailer at around 52 cents, leaving but a fraction of a cent per pound for the packer.

By the time the retailer prepared the beef for sale his investment was over 60 cents a pound. His selling cost, plus a small profit, averaged about 12 cents. Consequently, all the cuts had to move at an average price of 73 cents for each and every pound. Some of the less desirable cuts had to be sold for as little as 40 cents a pound. And that simply means that the price of the choicest cuts, such as fine steaks, had to approach a dollar.

Editorial of the Week

COST OF GOVERNMENT

How high the cost of government is in Texas was answered recently by State Comptroller George H. Sheppard. It was that all items of expense in the state government for the fiscal year ending next August 31 total approximately \$445,000,000.

This is \$125,000,000 above the record-breaking \$319,980,000 in the fiscal year ended last August 31.

On the question of how much higher it will go in the next biennium, starting September 1, 1949, Chairman Hall H. Logan of the State Board of Control and his colleagues are now having their biennial struggle. They are trying to hold down the ever-growing governmental costs to meet the taxpayer's ability to pay.

The board is engaged in the preliminaries of building the budgets for the next biennium which will be the basis of legislative appropriations next January. Budget experts in the Board of Control disclose that some appropriation requests are as much as 25 to 30 per cent more than present figures.

An explanation of the heavy increases in money requests is expanded departmental and institutional services as well as requests for salary raises.

There will be few salary increases and none on a horizontal scale, the control board has announced to all units of state government. The communication, optimistic in forecasting a reduction in the high cost of living, said:

"In the last appropriations bill there was a blanket increase on the majority of salaries of 10 and 15 per cent, and in some instances more. However, at this time there is a strong indication that the general price level has not only reached the peak, but has begun to recede."

Two large demands already face the next Legislature. One is for \$3,200,000 to remodel and modernize the state prison system, and the other is for \$2,500,000 to supplement this year's \$18,000,000 of rural aid funds with probably a like amount or more for the next fiscal year. The \$36,000,000 rural aid appropriation for this biennium is the largest in the history of Texas. It has this soon run into a \$2,250,000 deficit, which makes the total demand the first year go to \$20,250,000, or a prospective \$40,500,000 total for the two years instead of \$36,000,000.
