## Jr. High Boys Capture First, Girls Second At Bronte Tournery

The Robert Lee Dogie basketball teams had only wins in last week's games, but the RL girls took one loss when the Bronte girls won their own tournery last Saturday night by two points, 23-25.

### BOYS GAMES

In the Bronte tournery last Thursday's action had the Dogies matched with the Bronte "B" team in the first go around of play. The Dogies downed the Shorthorns B boys, 45-11, with alot of scoring by alot of players. Isaias Rodriguez lead with 7; James Paul Skipworth, Scott Robertson and Stevie Ebestein each with 6; Wes Hood, Randy Gartman and Robert Runnion, 4 each; Rick Drennen, Tim Garringer, Jason Herring and Brian Hester, 2 each.

Friday's activity against the boys from Wingate added ano-

ther win for the Dogies and a trip to the finals. Skipworth had 9 points; Robertson, 6; Garringer, 5; Hood and Runnion, 4 each; Herring and Drennen, 2 each.

Saturday night's championship game paired the RL Dogies with the Sterling City Eaglets and the Dogies took home the big trophy as winners, 31-22. Scoring were Robertson, 10; Skipworth, 9; Garringer, 6; Drennen, 6; Ebestein, 2; and Herring, 1.

Monday night, Jan. 17, a trip to Sterling City gave the Dogies two more wins to add to their winning record. The "B" team played the SC "B" team and took an easy win, 28-8. Mitchael Reese hit for 16 points; Kelly Tomlinson, 6; Michael Torres, 4; and Shane Smith, 2.

The "A" boys downed the SC "A" boys 22-14. Scoring were: Garringer, 9; Drennen, 3; Robertson, Skipworth, Rodriguez, Hood, and Herring, all had 2 points each.

### GIRLS GAMES

Action in the Bronte tournery Thursday, January 13, had Robert Lee girls playing against Bronte "b" girls which didn't give them alot of competition as Robert Lee won 36-12. Missy Grim was high pointmaker with 11; Lee Ann Molinar, 8; Rachel Metcalf and Debbie Flowers, 6 each; Lin Long and Teresa Harlin, 2 each; and Kristi Wrinkle, 1.

A game with Wingate on Friday saw the RL girls take another win, 27-19. Again Grim was top pointmaker with 12; Metcalf, 6; Long, 4; Flowers, 4; and Becky Clendennen, 1.

Going into the championship contest Saturday night the local girls knew it was going to be tough and they played a tight game, but lost 23-25 to Bronte "A" team. Grim had 10; Molinar, 4; Metcalf, 4; Clendennen, 3; and Long, 2.

The Robert Lee varsity team gave the Sterling City girls a sound beating Monday night at S.C., winning 26-8. Metcalf was top scorer with 7 points, Molinar, 6; Grim, 6; Harlin, 3; Flowers and Clendennen, 2 each.

Live action can be seen at the local gym this weekend with the Robert Lee Jr. High boys and girls hosting a tournery.

## ROBERT LEE HONOR ROLL

Third Grade: Eli Arrelano, Carrie Davis, Mary Jo Naico, Christie Payne and Audra Pitcock.

Fourth Grade: Sheree Burns, Emily King and Janet Pentecost.

Fifth Grade: Tiffany Jameson.

Sixth Grade: Cody Anthony, Lisa Bower, Ericka Clendennen, Joel Herring, Michael Lee and Scott Ray.

Mrs. Turney Casey remains a patient in St. John's Hospital this week after doctors there replaced her hip joint. She is reported to be progressing well, but will probably have to stay another week in the hospital.

## Eight Teams Entered In Jr. High Tournament

### EMT Classes to Begin Feb. 7 At Robert Lee

The West Coke County E.M.S. announces the start of an EMT-Basic course. The Emergency Medical Technician class will register at 6:30 p.m. on Monday, February 7, 1983 at the Robert Lee High School. The class is open to all interested persons age 18 and over. The course is approved by Texas State Technical Institute and students who satisfactorily complete the course will receive college credit from TSTI. They will also be eligible to take the state examination for certification.

Classes will meet Mondays and Thursdays from 7:00 - 10:00 p.m. A minimum of ten students is required to start the class. For more information, please call 453-2241. We NEED you to help provide our area with quality ambulance service. Please call now! Don't delay... registration is on February 7th.

The ambulance service volunteers are particularly interested in persons who can be available for ambulance call during the day Monday through Friday. Even if you don't think you will want to work on the ambulance, please call and let us talk with you about what EMT training can mean to you.

## Steer Teams Take District Wins Over Bronte, Forsan Past Week

High school basketball games have been both dull and exciting the past week. Last Friday night's contest with the Bronte Horns was won easily by both boys and girls teams. But Tuesday night's games against the Forsan Buffs was a different story, as the competition was very stiff in the girls games and in the boys JV game. But the Steer teams took wins in the three games.

### GIRLS GAMES

The girls from the west side of the county soundly defeated their guests from the east side of the county, 68-38. Leigh Ann Runnion was hitting good and had 28 points for the night; Martha Bickley had 13 with Debbie Cummins right behind with 12 points. Amy Percifull shot 7; Sara DeLa Pena, 6; and Jana Gartman, 2.

Handling the Lady Buffs was a different manner and proved to be a handful for the RL girls, but all the practice sessions and knowledge pulled out a win for the Coke County girls.

Top scorer was DeLa Pena with 12; Runnion had 11, Bickley, 11; Percifull, 10; Tracy Fulkerson, 6; and Cummins, 2.

The JV girls also had a tough time with the Lady Buff JVs, but won with a 33-28 score. Elizabeth Rodriguez had 14 points; Dana

No one puts as much energy and emotions in ballgames as do junior high school athletes and the basketball tournery in progress at the Robert Lee gymnasium is no exception. Eight schools, eight girls teams and eight boys teams, will be represented by young players who are all trying to be the best and win the tournery championship title

### Mrs. Bruckner Is Selected To "Who's Who"

Jane Austin Bruckner, R.N., of Chatham, New Jersey, was recently elected to "Who's Who in American Universities" at Rutgers University in New Jersey. Selections for this highly coveted award are based on academic excellence, community service, leadership ability and future potential. Jane, who graduated from Robert Lee High in 1959 is a Registered Nurse and will receive the Bachelor of Science degree in Nursing from Rutgers University in May. She was inducted last year into Sigma Theta Tau, the National Honor Society of Nursing, and is on the Dean's List. Jane is the mother of Pam, and Ted, and the wife of Howard C. Bruckner, M.D. She is the daughter of Lila Austin Cope of Robert Lee and the late I.M. Austin. Her brother, Isham Austin, also lives in Robert Lee.

Anthony, 7; Tracie Pearson, 5; Patti Bloodworth, 4; and Tancie Bell, 3.

### BOYS GAMES

The Steers took the Horns to task on the home court and sent their guests back to the east side of the county with a defeat, 76-50.

Kyle Gibbs had 19 big ones with Kirby Rasco following with 16 points; Lupe Torres, 12; Jimmy Skinner, 12; Quint Anthony, 6; Scott Stephens, 4; Terry Joe Millican, 4; Darryl Mulkey, 2; and Eddie Hood, 1.

Another easy win for the Steer varsity was against the Forsan Buffs Tuesday night with the Steers 43, Forsan 25. Skinner had 11; Rasco, 8; Gibbs, 8; Anthony, 6; Stephens, 2; Torres, 2; Millican, 2; Mulkey, 2; and Bobby Boone, 2.

The JV game proved to be a good, tight basketball game with the Steers coming out on top by 32-28. David Rodriguez had 9; Larry Palmer, 7; Greg Grim, 6; Caesar DeLa Pena, 5; Garry Palmer, 4; and Trampas Cox, 1.

Garden City is due in town Friday (tonight) to try their luck at beating the Steers in boys and girls varsity games and boys junior varsity game. A trip to Colorado City Tues., Jan. 25 for a non-district game is planned for four games.

and big trophy.

Basketball season has been open for several weeks and each team has had a chance to play each of the other teams during the season. Records are being made and everyone wants to win-- that's what makes good basketball. Even the spectators can get involved with the teams and enjoy watching good, young athletes performing on the court.

Teams from Bronte, Miles, Irion County, Sterling City, Water Valley, Christoval, Garden City, and Robert Lee will be participating in the invitational tournery Thursday (yesterday), Friday and Saturday.

Winners of the girls Bronte-Miles game and Irion Co.-Sterling City game will play Friday morning at 10 o'clock to start the second round of tournery play and live action will continue throughout the day until the completion of the game between the winners of the boys Water Valley-Christoval game and Garden City-Robert Lee game.

Saturday's action starts at one o'clock in the afternoon when the girls consolation game is played followed by the boys consolation game. Third place winners will be decided after the 3:30 p.m. game for girls and 4:45 p.m. game for boys. The championship titles will be decided starting at 6:00 p.m. when the two girls teams jump-off. The boys final game for the championship title will tip-off at 7:15 p.m.

Robert Lee school officials and coaches invite everyone to come out and watch the young athletes show their abilities on the basketball court.

A concession stand is open with good food and drinks to make your attendance at the games more enjoyable.

## Mexican Dinner Being Planned

The congregation of Our Lady of Guadalupe Mission in Robert Lee will hold its annual Mexican dinner for the citizens of Robert Lee on Sunday, Feb. 7, at the New Rec Hall in the City Park.

The tasty Mexican meal will be served from 11:00 a.m. to 2:00 p.m. and will cost \$3.75 for adults, \$2.50 for children.

The meal will be prepared by Mr. Ygnacio Castillo of San Angelo. Mr. Castillo heads the crew of men who are experts in the preparation of these popular meals. He was in charge of last year's meal as well.

Members of the congregation will serve the meal as well as cook the beans, tamales and desserts.

Tamales will also be on sale during the dinner for take-home.

A hand-made quilt and a hand-made afghan will be raffled off at the end of the meal.

Tickets to the dinner will be available at the door or from members of the congregation.

## 50 YEARS AGO

Everyone should come to see the play "George in a Jam" at the Paint Creek School House on Friday night, March 17. It's going to be a laugh from start to finish. The cast will include: Jim Gray, a youthful guardian, William Jones; Missy Brown, his ward, Golda Smith; George Forbes, another ward, Earl Childress; Odessa, the colored cook, Opal Reaves; George's Bosom friend, Artell Roberts; Nellie Morrow, a school teacher, Bert Page; Sara Jane Larkins, an heiress, Lola Roberts; Ma Larkins, her mother, Verna McDorman; Pop Larkins, her father, Finis Harmon; and Zeke Stebens, a rural detective, Linzy McDorman. Admission is 10c and 15c.

A two page typewritten program of the interscholastic meet on the school grounds at Bronte March 24 & 25 was handed in late Wednesday. It would take 24 hours to set it with-out taking my shoes off. We want your news but for God's sake, get it in here on Monday, Tuesday, or Wed. mornings.

Saturday, April 1, will be our school trustee elections. Four good men are running for two places. Candidates are W.B. Clift, J.C. Snead, J.D. Wrinkle, and W.F. Fikes. Let's turn out & vote. Scratch two and leave two.

Grocery prices good for Friday & Saturday-- Four, Yukon's Best or Cherry Bell, 48 lb. sack, 99c--oranges & apples, 1c each--peanut butter cookies, oven fresh, 17c lb.- mouse traps, 2 for 5c- flyswatters, 8c each- potatoes, 10 lbs., 18c- Burkhart Cherries, gal. 46c- Red & White Stores, W.M. Simpson and Cumbe Brothers.

Opal Waldee Jackson who lives in Cuba, New Mexico now has a big girl born March 31. That makes Mrs. Day a grandma now.

Mr. Bud Jones and Miss Yvonne Kerby were happily married Saturday night. Bro. D.K. Smith spoke the words which made them Man & Wife.

A crowd of Sanco boys and men gathered at Bryan Gartman's home on Monday & chopped out his cotton. His little daughter, Winifred, has been sick & he's got behind.

**EXCITING TIMES FOR AG RESEARCH--** Agricultural research is in for exciting times, said Dr. Neville Clarke, director of the Texas Agricultural Experiment Station, Texas A&M University System, at the annual TAES conference Jan. 10-13. "We face exciting opportunities as we move toward the year 2000. The problems facing agriculture are substantial, putting pressure on us to achieve and deliver the goods (new agricultural technology). Because of this, we face good and challenging times ahead. We're looking at a substantial amount of total change in the years ahead. However, we want to create and direct change rather than just react to it."

Accessories are an easy way to update a wardrobe, and a creative way to express your personality. They can also become expensive, but careful planning can enable a person to gain multi-purpose use from accessories, suggests Becky Saunders, a clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System. Today's clothing guidelines are more relaxed than those of the past. This provides us with a wider range of fashion options to fit any lifestyle," Saunders adds. When choosing accessories, consider color, texture and shape that can add variety and interest, and work around a central focal point with closely related items to create a pleasing "together" look.

Our only bachelor President was James Buchanan.

**Girl Scout Council To Meet Feb. 5**

The annual business meeting of the West Texas Girl Scout Council will be held Saturday, February 5, at Briarstone Manor in Abilene.

The meeting starts at 10:30 a.m. and a slate of nominees for officers and members-at-large will be presented the board of directors for election.

In addition, a long range planning committee will be established to enable the West Texas Council to effectively meet future needs. Year end reports from camps, finance, program and personnel committees will be presented for acceptance.

Delegates that will represent the local area are: Hazel Abbott, Robert Lee; Jerita Taylor, Bronte and Leva Self, Blackwell.

Following the meeting an awards luncheon will be served. Presentation of awards, recognitions and tenure pins will occur during the luncheon.

The public is invited to attend the awards luncheon. Reservations may be made by calling or writing West Texas Girl Scout Council, P.O. Box 5586, Abilene, TX. 79608, 915/698-1738.

Good health habits are easy to establish and should be practiced all year long, reminds Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System. The goals of good health habits are to improve the quality of life and increase its length. Health experts suggest these practices as a way to stay healthy: learn to manage stress and enjoy life more, study and practice good nutrition, get regular exercise and proper rest, be sure immunizations are current, use seat belts when traveling, avoid substance abuse like smoking and drinking.

**Goat, Mohair Producers To Meet Jan. 27**

Angora goat producers and mohair growers are invited to the Mohair Council of America's annual meeting which will be held on Thursday, January 27, 1983, at the River Club in San Angelo, Texas, beginning at 10:00 a.m.

Mr. Alan Clough, Chairman and Managing Director of British Mohair Spinners in Bradford, England, will be the featured speaker. Mr. Clough will talk to the group about the outlook of the mohair industry and what producers can possibly do to improve their mohair for export to England. British Mohair Spinners is one of the largest spinning firms in the world.

A presentation will also be made to Congressman Tom Loeffler in appreciation of his help in Washington, D.C., with the mohair industry. Among other speakers, President Herman Moore will cover the Council's past year's activities; also, Ms. Madeline Daddiego, Director of Marketing and Promotion, will report on activities planned to promote mohair in the New York City fashion market.

**NURSERYMEN'S SHORT-COURSE PLANNED--**

Marketing, care and handling of a wide range of nursery plants will receive major emphasis at the 1983 Texas Nurserymen's Short-course at the Quality Inn South in Austin Jan. 20-21. A panel of seven nurseryman will discuss the marketing of green plants, says a landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. Concurrent sessions will focus on turf care and maintenance and on care and selection of landscape plants, including use of dwarf and native plants. Other discussions will center on bedding plants, foliage and flowering pot plants, identifying and controlling damaging insects in home landscapes, and redesigning and personalizing landscapes.

Iris take their name from Iris, the Greek goddess of the rainbow.

**UNSUNG HEROES OF AMERICA**

Little Known Facts About People Who Help Us

**Our Small-Business People**

Whatever happened to the independent small-business person? You know the ones—they were their own bosses, made their own hours, kept their own records, bought and maintained inventories, paid all expenses on their own and earned what they deserved because their reward was directly related to their effort.

They were the tradesmen, drovers, lumberjacks and Yankee peddlers of the 18th century, around the time our country was founded. Ever wonder if such independent, self-directed spirits exist today?

They do, indeed—some nine million strong at the latest estimate.

Today's independent business people show the same spirit of self-determination and self-sufficiency exhibited by their predecessors in Revolutionary times. We find them in trucking, owning and operating their own rigs; in construction, erecting America's buildings; in real estate, showing and selling America's homes; in logging, cutting and hauling timber from our nation's forests; in insurance, helping others protect their property, and in direct selling, selling products on commission or purchasing products at wholesale and marketing

them to others at retail in homes across the nation.

These independent, self-employed individuals, known as independent contractors, willingly forgo the so-called security of being someone else's employee in exchange for the opportunity to go out and build a business on their own—taking the risks, certainly, but with confidence and determination that they will succeed and reap the rewards as well. They like their freedom and know that they can achieve success, both financial and personal, based on their own talent and hard work.

Look around. Today's independent contractors might well be your best friends or next-door neighbors. Congratulate them—they're contributing to our society in the finest tradition of American free enterprise.

DEAN & CHARLOTTE COPPEDGE AND FAMILY

### '64 Study Club Has Meeting In Dunklin Home

The '64 Study Club met Tuesday night, January 11, in the home of Lois Dunklin with twenty-two members present.

President Irene Newell presided over the business session which had several items of business on the agenda. It was voted to have a Spaghetti Dinner in the Rec Hall, February 27.

Alice Beaty presented the program on "Nuclear War and What It Might Mean to Coke County." Also, a short skit was given by Grace Ditmore on painting.

Hostesses served sandwiches and punch to Mmes. Nancy Allen, Pauline Barron, Alice Beaty, Lucile Bryan, Grace Ditmore, Thelma Jo Hinnard, Mary Ivey, Vivian Jacobs, Opal Jacoby, Ruby Jones, Lois McClesky, Virginia Milliff, Mavis Newby, Irene Newell, Christine Roach, Olene Sims, Reba Tabor, Pauline Vaughn, and Frances Cox.

Hostesses were Pattie Ivey, Jessie Faye Russell and Lois Dunklin.

### Area Students Named To ASU Honor Roll

Area students attending Angelo State University in San Angelo, were recently named to the Dean's Honor Roll for the fall semester at the university.

Those listed on the 3.00 to 3.49 honor roll include Aubrey Lynn Gulley, an undecided major; Frankie Ann Gartman, a business major; Mitchell Don Gibbs, a journalism major; Christopher Wayne Cherry, a history major; Susan Elizabeth Ash, an undecided major; Lisa Devoll Pearson, a health & physical ed major; and Rebecca Lynn Ross, a business major.

Those listed on the 3.50 to 4.00 honor roll include Pamala Jan Walker, a computer science major; Betty Ann Williams, an undecided major; Willard Dean Reber, a computer science major; and Glenn Allen Davis, a health & physical ed major.

**ANOTHER POOR YEAR FACING FARMERS--** Agriculture is at a crossroads due to large supplies and low prices, and farmers have few options to improve their situations in 1983, says an economist with the Texas Agricultural Extension Service, Texas A&M University System. Among options for farmers and farm policymakers are mandatory production control and possibly marketing quotas to bring supplies in line with effective demand. Strong supply management likely will improve current low farm income in a couple of years. With voluntary programs, it will take much longer.

Monday, Jan. 24: Corndogs with mustard, Ranch Style Beans, tator tots with catsup, milk and peanut butter brownies.

Tuesday, Jan. 25: Chili, cheese stick, corn, chopped onion, crackers, milk and apple.

Wednesday, Jan. 26: Pinto beans, spinach, pickled beets, cornbread with butter, milk and peach cobbler.

Thursday, Jan. 27: Sloppy Joes, lettuce wedge with dressing French fries with catsup, milk and cookies.

Friday, Jan. 28: Chicken patty with cream gravy, English peas, cream potatoes, hot rolls with butter, milk and applesauce.

### RL Receives Tax Rebate

Robert Lee's share of the 1 percent sales tax rebate received this month showed an increase of 13.71% over the January 1982 check, figures released by State Comptroller Bob Bullock's office revealed.

Robert Lee received \$1,553.98 this month compared to \$1,366.60 received in January 1982.

State Comptroller Bob Bullock Thursday sent \$32 million to nearly 1,000 Texas cities as their share of the one percent city sales tax for January.

"These payments are down 7.7 percent from last January's checks," Bullock pointed out. "Collections are down in every major city in the state except Austin. It is this trend that led me to reduce my estimate of available state revenue and it's affecting the finances of Texas cities even more drastically than the finances of the state," Bullock said.

Citing depression in the Texas oil industry and the repeated devaluation of the Mexican peso, Bullock dropped his estimate of available state revenues by \$1.5 billion dollars this week.

### Services Held For Mrs. Leath

Funeral services were held on Monday, Jan. 17, in Houston for Mrs. Lillian Guthrie Leath.

Mrs. Leath, 88, a resident of West Coke County Nursing Home, died suddenly on January 12.

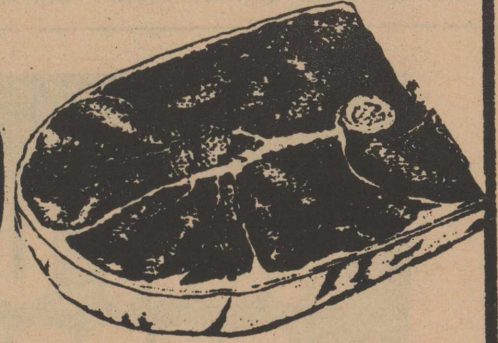

She was born near Anna, Texas on Dec. 8, 1894 and spent most of her life in Houston. Mrs. Leath came to Robert Lee in August of 1981 to be near her son and daughter-in-law, Mr. and Mrs. Jay Leath.

Survivors include one son, Jay Leath of Robert Lee; two daughters, Reva Leath Hankins and Sue Leath Birkman, both of Houston; five grandchildren; two great-granddaughters; two sisters, Mrs. H.B. Bennett, Dallas, and Mrs. John Love of Durango, Colorado; and two brothers, C.B. Guthrie, Durango, Colorado and Buster Guthrie of Rosemead, California.

Getting enough restful sleep is important if a person is to feel good and function properly. Many sleep disorders have been associated with poor lifestyle habits, according to Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas

A&M University System. These poor lifestyle habits include lack of exercise, inadequate meals and ineffective handling of stress. "Positive changes in these habits will improve sleep, and many even completely alleviate the problems associated with sleep," says Shirer.

**PEANUT FARMING LESS "TYPICAL"**--With changing economic conditions, peanut production is likely to become less "typical" as "belt-tightening" continues for farmers. Peanut producers, in striving to realize profits, will identify and adopt new least-cost production systems which will probably include various crop rotations, says an

economist with the Texas Agricultural Extension Service, Texas A&M University System. Farmers must work to keep yields up at less cost. This means selecting cost-efficient combinations of labor, machinery, fertilizer and pesticides. Production costs for the 1983 peanut crop should change little from last year so that the 1983 breakeven price per

pound to cover all costs could be below the 1982 actual breakeven price.

Mrs. Edna Havins spent the weekend in Comanche as a guest in the home of the George Strickland family. Strickland is a former band teacher in the local high school.

# NOW U.S. SAVINGS BONDS OFFER OPPORTUNITY WITHOUT RISK.

## The biggest improvement in 40 years.

A message from Donald T. Regan, Secretary of the Treasury.

### New Variable Interest Rate.

Finding the ideal investment is something everyone dreams about. For most, that might be one with a variable interest rate. One that lets you share in the rates offered in today's securities market.

But it must be safe. A plan where you can never lose principal and where rates can't drop below a certain level.

That kind of opportunity may sound too good to be true. But it is available now to everyone, even the saver with as little as \$25 to invest.

It's the United States Savings Bond. A vastly *improved* Bond that has become one of the most unique savings instruments you can buy today.

On November 1, 1982, the Savings Bond interest rate changed from fixed to variable. And there is no limit on how high the rate can go. Now virtually every Bond holder, present and future, has a chance to enjoy a return previously available only to those with much more money to invest.

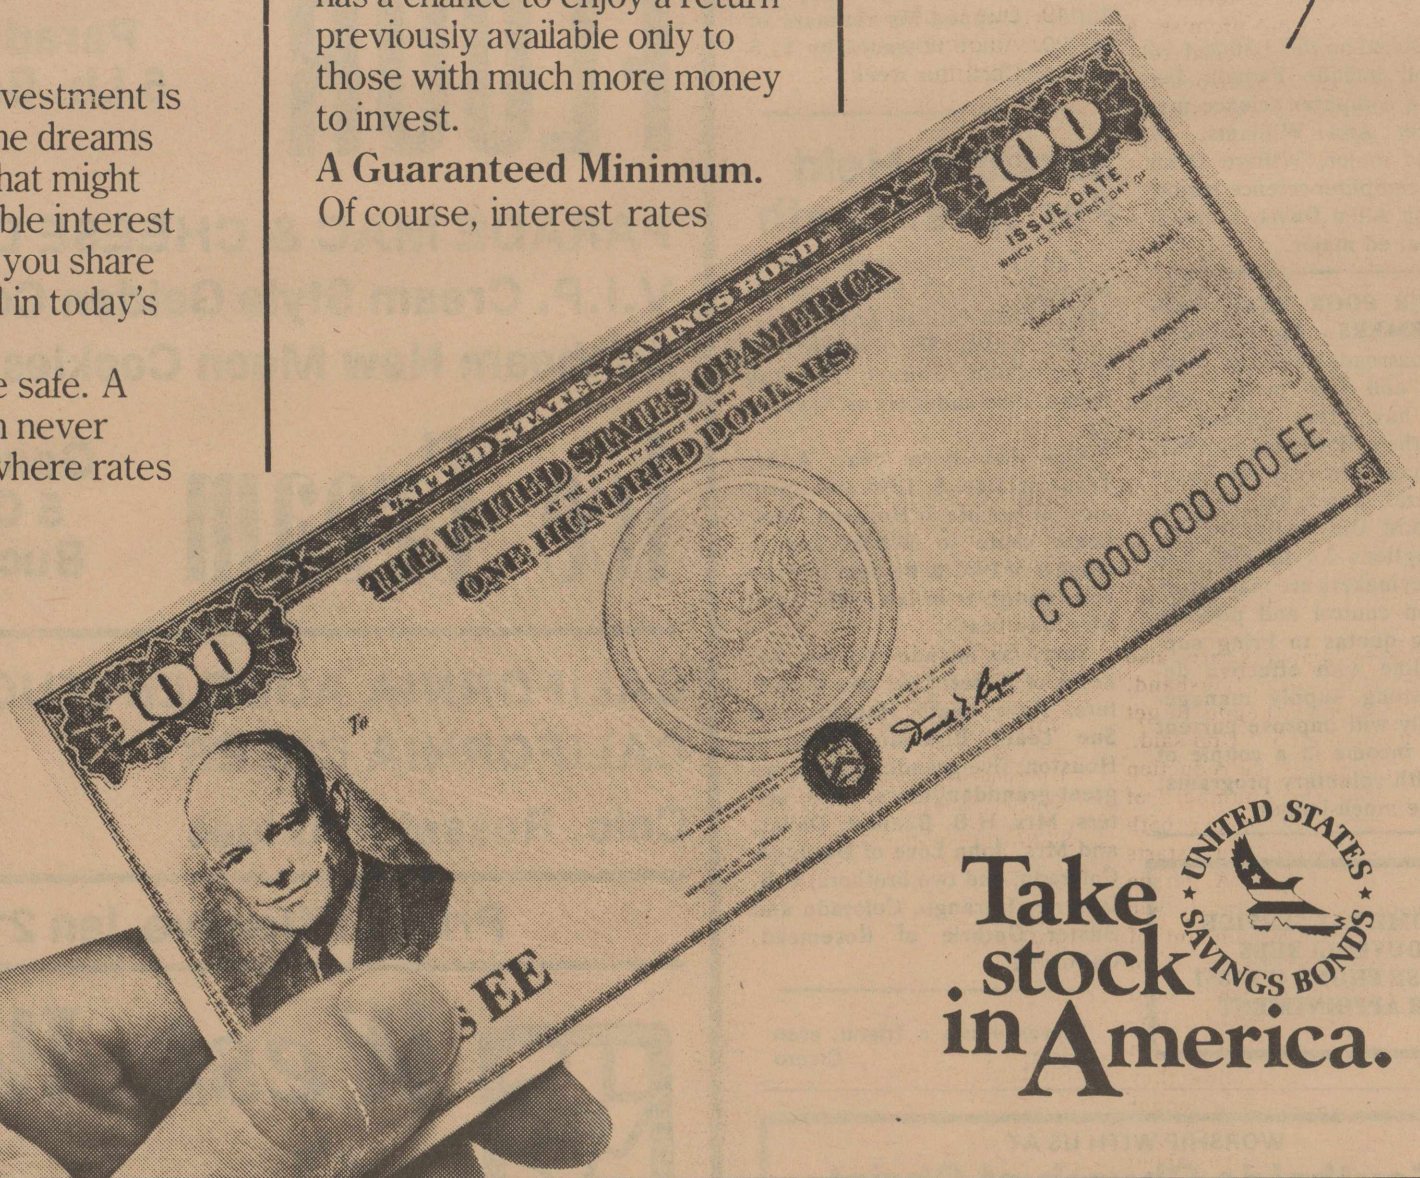

**A Guaranteed Minimum.**  
Of course, interest rates

will fluctuate. But the new variable rate guarantees you'll "never lose."

Because, no matter how low rates may go, you're protected by a guaranteed minimum.\* If you hold your Bonds to maturity, you'll absolutely double your money. And you may even do better!

So take another look at Savings Bonds—through the Payroll Savings Plan, for gifts, or for yourself and family. There's never been a better time.

*Donald T. Regan*

Take stock in America.

\*Series EE Bonds purchased on and after 11/1/82 and held 5 years or more will earn 85% of the average yield on the 5-year Treasury securities rate. Bonds held less than 5 years will earn interest on a fixed, graduated scale—5.5% after 1 year to 7.5% at 5 years. Bonds held at least 5 years will earn a minimum guaranteed rate of 7.5% per annum, compounded semiannually, to the 10-year maturity.

## Brucellosis Changes Given

The Texas brucellosis control program changes that were originally scheduled to go into effect in January 1982 have finally come about. Effective January 12, 1983, the two area program for Texas will include a class B area (used to be Class A area) comprising 140 counties in the Western half of the state and a Class C area comprising 114 counties in the Eastern half of the state.

The major change, as I understand the regulations, deals with vaccination of heifers. Heifer vaccination (if she is kept or sold for breeding stock) will become increasingly more important. We would encourage all producers to vaccinate their heifer calves.

There are other changes, but they deal with movement across area lines and/or state lines.

Coke County, as of the last reporting date, October 19, 1982, had no known cases of brucellosis.

## Choice Of Tax Preparer Is Important

If you choose to have someone do your federal tax return for you, the Internal Revenue Service advises that you take the same pains in making a wise choice as you would in choosing a doctor, lawyer, or any other professional, since the only person who is ultimately responsible for your tax return is you.

The IRS offers these suggestions on how to select and what to expect from a preparer.

\* Taxpayers should not sign a blank return, nor one which is partially completed, nor one prepared in pencil.

\* Preparers should be asked to sign the return in the taxpayer's presence and to give his or her identification number, as required by law.

\* The taxpayer must be given a copy of the completed return.

\* Preparers who promise a refund, or claim a special relationship with the IRS, or boast of ways to beat the tax system should be avoided.

## Social Security News Items

A person who has worked long enough in social security-covered employment may choose to retire as early as age 62, Frank Upp, Social Security District Manager in San Angelo, said recently. However, early retirement means that the amount of the monthly checks will be permanently reduced.

"Payment amounts are also reduced if a wife, husband, widow, or widower begins to get payments before 65," Upp said.

"The amount of the reduction depends on the number of months before his or her 65th birthday that the individual starts receiving the checks. A person who chooses to retire early will get about the same amount of total benefits over the course of the years as he or she would receive if retirement were delayed; however, the amount of each check will be smaller since they will be receiving over a longer period of time."

Additional information about retirement benefits may be obtained from the San Angelo Social Security Office, located at 2214 Sherwood Way. The telephone number is 949-4608.

## HOME FOOD PRODUCTION UP

--More and more Americans are growing their own groceries. More than half the households in America-- and in Texas-- grew food for their tables last year, says a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. Some 2 million acres are devoted to home and community gardens across the U.S. Rising food prices the past few years triggered the increase in gardening, and home vegetable production has remained steady because folks have found it enjoyable and healthful as well as profitable. A recent survey by the Gallup Poll and Gardens for ALL, the national association for gardening, found vegetable gardening to be the nation's number one outdoor leisure-time activity.

Many working women with families find the responsibilities of job and family leave them very little time to relax. Studies show that women working outside the home sacrifice about 14 hours of leisure time each week, says Diane Welch, family life education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Dr. Ellen Ritter has joined the staff of the Department of Agricultural Communications as communication specialist and will provide consumer information for mass media. She also will serve as a member of the Department's training team and will provide communications support to specialists and county Extension agents. Before joining the Extension Service in Texas, Ritter was a member of the Extension division at the University of Missouri, Columbia, as communication specialist and assistant professor in the Department of Speech and Dramatic Arts from 1979 to 1982.

*Sell What You Don't Need  
 With a Want Ad*

# Capital Gain.

Time and again, you've heard it said, "To make money, you have to have money."

The truth is, you have to know how to save money before you can think about making more.

That's why more and more people are joining the Payroll Savings Plan to buy U.S. Savings Bonds. That way, a little is taken out of each paycheck automatically.

In no time, you'll have enough Bonds for a new car, your child's education, even a dream vacation.

Whatever you save for, Bonds are the safest, surest way to gain capital.

Take stock in America.

*When you put part of your savings into U.S. Savings Bonds you're helping to build a brighter future for your country and for yourself.*

For years cattlemen have made their morning feed rounds, called up cattle at the same spot and threw our cottonseed cake and gone on to the next stop. After a winter season of feeding, the packed earth at the feeding grounds would leave bare ground come spring... and for the next year, too.

Bill Freitag of Eldorado has solved the problem! He has invented a feed trough on wheels. He pulls the 42-foot trailer behind his pickup, stops at different spots in the pasture each day and feeds the hungry mothers. He has no waste of expensive cake and no packed earth in the pastures. Come spring, grass grows in all his pastures and roads.

This editor spent a half day with Bill and wife Mabel on their Schleicher County ranch last week. We went on the feed rounds and I observed first hand this unique contraption.

With half barrels and some 2 3/8" tubing and wheels from an old trailer, Bill has constructed a tool for his operations which saves considerable loss of feed... feed formerly trampled underground by cattle or buried under rocks and packed ground which looked like Patton's army had been there.

Speaking of supplemental feeding, some ranchmen have been able to cut back on daily runs to the back pasture. Good moisture falling generally in West Texas back in December and early January has put the terrain in good shape. Also, a not so cold winter has allowed some green weeds and grass to spring forth.

Buck Owens of Barnhart says, "The year has a good start out our way. There is some green stuff coming up in the pastures."

Herbert Brown of Sanderson adds that big country is in pretty good shape again. With deer hunting season just over, Herbert was telling me about a 20-point buck killed on his place this year.

"It was the largest rack seen in our country in many years."

Well, the county is in pretty good shape over most of the state. In Abilene last week while working at the West Texas Rehab Telethon, I had the opportunity to visit with a number of ranchmen backstage.

Generally, folks are looking forward to a good year. For me that is the best part of January... the opportunity to start a new slate.

## Lunch Time Program Held

The first in a series of lunch-time learning programs was held Tuesday at noon in the Coke County Courthouse.

Debbie Stelter, innovative new Coke County Extension Agent-Home Economics, has initiated the programs to spice up home-making with some new ideas.

Plans are for the series to run as monthly presentations on various topics of interest during the noon hour from 12:15 until 12:45. Tuesday's topic concerned tips and tricks with edible garnishes for decorating foods to please the eye as well as the palate. The presentation was well attended by a large group of ladies, many of whom brought their lunches along.

Jan. 17: No admissions. Dora Gutierrez, Daisy Watson and Annie Cope dismissed.

## Coke County 4-H Rifle Club

On January 16, the junior shooters fired targets for State Postal Match. There were three targets in the prone position. Total scores for the three targets were: Claudette Walker, 251; Kerri Bilbrey, 238; Becky Padgett, 193; Tina Hines, 192; Luke Robbins, 175; Jeff Cole, 169; Jennifer Robinson, 161; Justin Phillips, 159; Angela Reyes, 153; Brent McPeck, 153; and Adam Minjarez, 123.

Senior shooters completed their Postal targets for January. Phillip Stephens shot 249 on the three position course, John Walker shot 244, and Mike Cervenka shot 193. These Postal targets will be mailed to Texas A&M to be recorded and at the end of March the results will be sent out to each club. Last year Coke County had six shooters who placed in the top 50 in the state in the Postal matches. Postal matches are fired on the shooters home range under match conditions.

Most Americans prefer textile products manufactured in the United States because they are better made. According to a recent study, reports Becky Saunders, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System, low price and mislabeling are the main reasons for buying imported items.

Some 20 million Americans--two-thirds of them women--seek medical help on a regular basis for headaches. Despite being so common, headaches are often difficult to sort out in terms of a specific diagnosis and treatment program. The majority of headaches are not related to a serious underlying disease, reports Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

The five major types of headaches, she says, include migraines, tension-type, post-injury related headaches, and those resulting from sinus and high blood pressure. Two areas of prevention and treatment--identifying and minimizing "trigger" factors and careful drug therapy--are effective for many patients. Your physician should be able to pinpoint the exact cause of the headache and establish an individual treatment program.

## YOU MAY BE LOSING ENERGY DOLLARS UP YOUR CHIMNEY!

How many times a year do you open and close your Fireplace damper?

Many people leave it open all the time -- so it's always ready when they build a fire in the fireplace. A fireplace damper that's always open is allowing winter heat and summer air conditioning to leave through the chimney in a continuous flowing stream. And with that loss of conditioned air goes higher electric bills. Be sure to close your fireplace damper when not in use.

A fireplace screen can help to save a lot of Energy too! With your damper closed, when not in use, and with an air-tight glass screen in front of your fireplace you can keep ENERGY DOLLARS from escaping up the chimney.

Remember REDDY Supplies the energy-- but only YOU can use it wisely!

**LOOK WHO'S NEW**

Mr. and Mrs. Dale Dykes of Elkhart, Texas, are the proud parents of a red headed boy. William Dale was born Thursday, January 13 at 6:34 p.m., at Mother Francis Hospital in Tyler, Texas. He weighed 8 pounds, 6 1/2 ounces and measures 21 inches long.

Mr. and Mrs. Sterling Lindsey, of Robert Lee, are the proud maternal grandparents. Paternal grandparents are Mr. and Mrs. G.D. Dykes of Port Lavaca, Texas.

**Mindi McCabe Participates In Judging Contest**

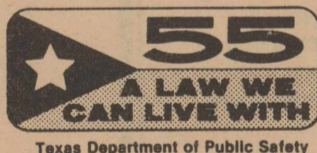

Mindi McCabe returned home on Monday from Denver, Colorado where she participated in the National Northwestern Wool & Livestock Judging Contest. An Angelo State University junior majoring in business, she is an active member of the ASU wool judging team.

The contest was held in conjunction with the Denver rodeo and was entered by 28 teams. The team left San Angelo on January 10. Making the trip were two professors, including Dr. Gil Engdahl who heads up the wool judging, eleven male ASU students and Mindi. Another area student, Jimmy Fontenot, a classmate of Mindi's from Water Valley, is also on the team. The group finished in the top ten teams.

The ASU students toured the University of Wyoming campus at Laramie Wyo. and the Air Force Academy in Colorado Springs, Colo. They also enjoyed a day of snow skiing in the area. The team attended the breakfast banquet in the contestant's honor last weekend where awards were presented.

Mindi is no newcomer to ranch animals and agriculture. She was a member of the Water Valley FFA, exhibited sheep in various stock shows, and was a member of her high school wool judging team. She is from a pioneer ranching family.

Mindi is the daughter of Mr. and Mrs. Fred McCabe Jr. and the granddaughter of Mr. and Mrs. Fred McCabe Sr., all of whom ranch on the Divide west of Robert Lee.

**Lone Star Gas Ready For Cold**

Texas and Oklahoma residents have already gotten a taste of cold weather, but Lone Star Gas Company's residential customers can anticipate clean, reliable gas heat even on the coldest days of the winter season.

"We don't foresee an exceptionally long, cold winter this year," says Jack Cole, Lone Star's chief gas controller. "We anticipate a relatively normal winter, and we base that opinion on forecasts from the National Weather Service."

During the spring and fall when little gas heating or air conditioning is normally required, Lone Star injects large volumes of gas into the company's nine active storage facilities located near Athens, San Angelo, Denton, Hamilton, Cisco and Wichita Falls. On cold winter days when customer demand for natural gas is high, Lone Star supplements gas coming directly from wells with the stored gas.

During the coldest weather of the winter, gas service to certain large industrial and electric generation customers is expected to be curtailed according to contracts under which they receive service.

Cole explains, "This is because the Lone Star pipeline network is designed to carry less than a peak-day load. Designing the system to meet the maximum peak day load, which only occurs a few days per year, would be like building a church large enough to handle the Easter Sunday congregation. The cost would be too high and would cause rates to increase."

"Industrial gas users and electric generation plants sign a contract with Lone Star which states that their fuel may be cut back on a predetermined schedule during high customer demand periods," Cole says. "By cutting back gas to those customers, Lone Star's curtailment program protects our human-needs customers."

Many industrial and electric generation customers have an alternate fuel supply available for use during curtailment periods.

The utility's curtailment procedures were approved by the Railroad Commission of Texas in 1973, and are essentially the same as used to provide dependable service to high priority customers for well over 35 years.

A "good" diet means planning for and eating a variety of foods in moderation, rather than a few in abundance, since no single food has all the nutrients needed for good health, points out Dr. Dymple C. Cooksey, food and nutrition specialist with the Texas Agricultural Extension Service, Texas A&M University System. A well-balanced diet should include selections from the four major food groups. Use knowledge about nutritive content to combine foods into a sound, healthy diet.
