

Legion And Auxiliary To Install Officers

Newly elected officers of the Howard Norvell Green Post 262 of the American Legion and the Auxiliary will be installed in ceremonies to be held in the American Legion Hall at 8:00 P. M. Thursday, October 4.

Department Commander Charlie Gibson will install the post officers. The District Auxiliary President, Mrs. L. A. Pitt, will officiate at the installation of the Auxiliary officers. Mrs. Gibson and Mr. Pitt will also attend the installation ceremonies in Stratford.

The evening's entertainment will be commenced with a buffet supper at 8:00 o'clock. This will be followed by the installation of officers.

Following a short program of entertaining numbers, the remainder of the evening will be turned over to entertainment which may be chosen by the crowd. Those who dance will have an opportunity to enjoy this pass-time with recorded music. Various games will offer entertainment for others who attend.

Members of every Post and Auxiliary unit in the 18th district have been invited to attend. It is the hope of officers of the two organizations that at least as many local members will be present as there are guests from adjoining cities.

Cancer Society Meeting In Amarillo

The second annual meeting of District 3-North of the American Cancer Society, Texas Division, will be held Monday, October 1, at the American Legion Hall in Amarillo, Dr. H. H. Latson, Amarillo district medical director of the Society, has announced.

Representatives of twenty Texas Panhandle counties will participate in the one-day meeting. An informative program on cancer, from 10:00 A. M. to 12 noon, has been arranged, with the public invited. A discussion of county cancer control programs and a business session will occupy the afternoon session. State leaders of the Society are expected.

The meeting will precede a special cancer teaching conference for physicians of the district, to be conducted by staff members of the Nix Tumor Clinic of San Antonio. This cancer conference will attract many of the Cancer Society's medical leaders in the district Monday evening.

Counties in District 3-North are: Armstrong, Carson, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Potter, Randall, Roberts, Sherman and Wheeler.

22 Services Exempt From OPS Regulation

Twenty-two different types of services, which have little effect on the cost of living or which cannot practically be controlled, have been removed from price control the Lubbock district Office of Price Stabilization announced this week.

Among services exempted are those of real estate brokers, agents and appraisers, labor relations and public relations counsellors and advertising agencies, according to the district price executive, Ted Gehring.

Gehring estimated several hundred such firms are in operation in the Lubbock district which includes Sherman County, along with 68 other Far West Texas counties.

The new regulation, however, points out specifically that watch and clock repair services remain under price control.

Barbers and beauticians, which already had been exempted by Congressional action, are included in the new regulation listing the exemptions. Among other exemptions are claims adjusters; dues and assessments of clubs and associations organized and operated exclusively for social, recreational and other non-profit purposes; justices of the peace; services of mortgage brokers or mortgagees in connection with negotiation, placement and securing of mortgages; newspaper carrier hand delivery services; notaries public; commissions paid to distributors of petroleum products on consignment; process servers; services supplied directly by federal, state, territorial or municipal governments or their agents; ticker services; and tree surgery services.

The exemption concerning municipal services does not apply to sales or services supplied in a private capacity by subcontractors, lessees, licensees or concessionaires.

District price executives also reminded sellers of toys, games, Christmas decorations, lace and yarns they must file supplementary pricing charts by September 29 if they otherwise are operating under Ceiling Price Regulation 7 or if these are new categories to their business. This supplementary chart must be filed with the Lubbock District Office of Price Stabilization, 1202 Texas Avenue, Lubbock, Texas.

Basket Ball Districts Are Organized

Boys and girls basket ball districts were organized in a recent meeting of coaches of the schools held in Stratford last week.

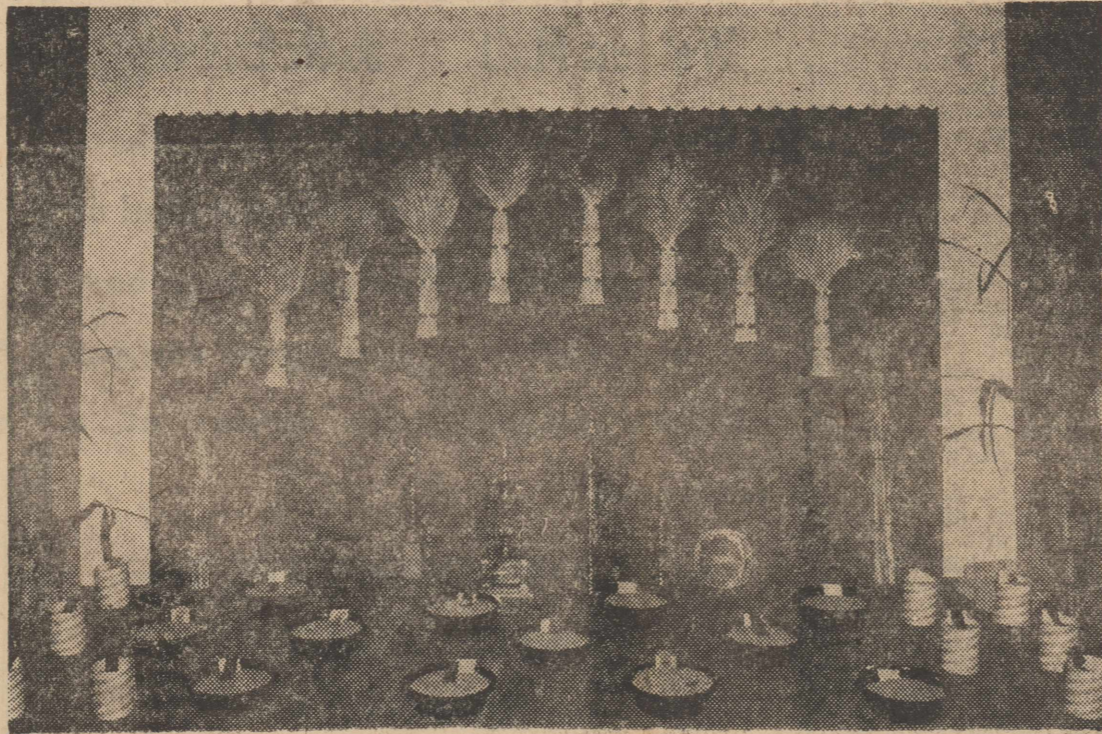

R. W. Stewart was elected chairman of boys District 1-B. Texline was selected as the place for the district tournament. It was decided to play a double elimination tournament.

Teams from Stratford, Texline, Hartley, Channing and Sunray compose the 18th District of the girls Basket Ball League of Texas. They will play a double elimination district tournament at Channing, Coach Standefur of Channing is the district chairman.

Stratford Church To Have Gospel Meetings

Leroy Carver, Whitharral, Texas, Church of Christ Minister will lead the gospel meeting at the Church of Christ. A personal visitation program is being conducted this week by members of the Church of Christ with the hope of having many visitors in attendance for the series of gospel meetings beginning Monday, October 1. There will be an old-fashioned "singing" Sunday afternoon, September 30, at the Church of Christ building. The building was filled for the last "singing" held in Stratford and it is the hope of the congregation to have another large audience for this "song feast," said Nolon N. Wallace, minister of the church.

Mr. and Mrs. Buddy Murrell, Gruver, are the parents of a ten pound thirteen ounce daughter, Miranda Lee, born September 13 in Guymon, Oklahoma. Grandparents are Mr. and Mrs. Richard Murrell, Vernon, Texas, and Mr. and Mrs. Harley Alexander, Gruver. The great grandparents are Mr. and Mrs. A. W. Allen of Stratford.

Intensified Scrap Metal Collection Drive Is Urged

Scrap mobilization committees organized by the National Chamber of Commerce and local Chambers throughout the country were told this week by Defense Mobilizer Charles E. Wilson to "use ways you never used before" to collect 3,000,000 tons of scrap metal monthly. "I don't care how you get it, but get it," Wilson declared, adding that 1,000,000 to 3,000,000

Mrs. Smith Honored With Shower

In the home of Mrs. W. H. Gaylord Tuesday afternoon a pink and blue shower was the event honoring Mrs. E. H. Smith. Pink and blue colors were carried out throughout the house with pink and blue carnations forming the centerpiece on the coffee table which included a stork placing a baby in a basket.

After the many lovely gifts were opened, refreshments of pink and blue cake, and coffee were served to about 25 guests. Many who were unable to attend, sent gifts.

1951 Grain Sorghum Loans And Agreements

Grain sorghums grading No. 2 or better produced and stored in Sherman County will be eligible for CC loans or purchase agreements at the rate of \$2.05 per hundred pounds less the storage charges from the date the grain is deposited in an approved warehouse for storage. Storage will be deducted irrespective of whether or not such charges may have previously been paid to the warehouseman by the producer.

To be eligible for loan or delivery under a purchase agreement, grain sorghums must contain not in excess of 13 percent moisture and if offered for security for a farm-storage loan, grain sorghums must have been stored in the granary at least 30 days prior to the inspection for measuring, sampling and sealing.

In the event the 1951-crop grain sorghum is shared by both tenant and landlord, it will be necessary for the tenant to secure a lien waiver from the landlord before the loan can be approved. This is necessary regardless of whether or not any grain belonging to the landlord is included in the tenant's warehouse receipt.

Loans and purchase agreements will be available from the time of harvest through January 31, 1952, and mature on demand but not later than March 31, 1952.

tons of steel more than projected tonnage in the fourth quarter of 1951 must be produced.

Administrator Manly Fleischmann of National Production Authority said the shortage of scrap "is no longer a shortage, it is an emergency." Fleischmann said the problem is essentially one for industry to solve, but government wants to assist in any way possible. Wilson said desired steel production for 1951 is 110,000,000 tons while for 1952 it is 118,000,000 tons.

Jimmy Forester Succumbs To Lingering Illness

Jimmy Forester, age 4 years 4 months and 10 days, passed away at 3:00 P.M. Wednesday in an Alameda, California hospital after an illness of about one year. Mr. and Mrs. A. L. Sutton left Tuesday night for California when they were notified of his serious illness but did not reach Alameda until after his death.

Jimmy Forester, son of Mr. and Mrs. C. W. Forester, became seriously ill with Brights Disease as he arrived here with his mother for a visit with his grandparents in the latter part of August of last year. He was hospitalized in Dumas Memorial Hospital for several weeks and then flown to Alameda, California for further medical care.

Tusha Stresses Importance Of Italy To Allies

Don Tusha traced the importance of Italian support to the Allied cause as the principal speaker at the Stratford Lions Club Monday night. He pointed to the importance of the seaport city of Trieste, which might be overrun by the Russian forces within a few hours. This would enable the Russian fleet to dominate the Adriatic and Mediterranean seas. History shows that the power governing these two bodies of water practically controls Europe. In consideration of these facts Tusha advocated a more favorable peace treaty for Italy in order to place that government in the Western defense hemisphere against Russian aggression.

Devotional Gems

(By N. D. Carter)

Often is the time that man becomes dissatisfied and wants more than he can reasonably obtain. This is only natural with man, but the word of God plainly states that this should not be. Hebrews 13:5 "and be content with such things as ye have: for he hath said, I will never leave thee, nor forsake thee."

Yes, be content with what you already have. You may not have very much, you may not have what a friend has, but if you have the necessities then you have enough to be thankful for. Let it be known that God will give his children all that they need and in trusting and proving yourselves, he will increase that. Many people will forget God and cease to be thankful when they prosper. God knows who these people are and will not bless them with as much as he would bless another who would remain thankful and humble after the increase. He blessed Abraham and Abraham never forgot that God gave him all that he had. He blessed Lot and Lot forgot God; his blessings were removed and he never received them again. Be content with what you have for God has given you all that you need and, may I say, deserve.

Then let us look at the situation from this angle. God promised that he would neither leave nor forsake us, so if we have his presence what more should we have want for? The greatest blessing and the richest treasure is the presence of God our Father. For when He is with us, we have nothing to fear of this world and its evils. Let us look to God for what we have and never cease to thank him and express our gratitude for His presence in our lives for this is our security of a more abundant life of service to ourselves, our community, and to God.

Band Selects New Officers

Gene Glazier was elected Captain of the Stratford Senior band in an organization meeting held recently. Tommie Wakefield is First Lieutenant, Buddy Palmer is Second Lieutenant, and Dorothy Nell Harding is the band reporter.

A band senate composed of one from each class was named. It will be the responsibility of the senate to pass laws governing the band and care for discipline problems. They are forming a constitution for the organization at the present time. Kenneth Wilson is the Senior Senator, Nell Foreman is the Junior Senator, Cynthia Gamble is the Sophomore Senator, Jimmy Ingram is the Freshman Senator, and Jean Cummings is the Eighth Grade Senator. It was decided Wednesday that Seventh grade students will be included in the Senior band. This will increase the senior band membership from 33 to 57. Only the best marchers will be used during the

Walter Shaller District March Of Dimes Advisor

Walter Shaller, Amarillo insurance and legal man, has been appointed District Campaign Advisor for 20 Northwest Texas counties surrounding Amarillo in the 1952 March of Dimes Campaign, Lloyd Gregory of Houston, State Chairman, announces.

As campaign coordinator for these National Foundation Infantile Paralysis county chapters, Shaller will work with Armstrong, Carson, Collingsworth, Dallam, Hartley, Deaf Smith, Donley, Gray, Hansford, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Potter, Randall, Roberts, Sherman and Wheeler counties in their January 2 to 31, 1952 fund raising activities.

The objective of the campaign, which is the National Foundation's only fund raising activity, is to enable Texas to provide care for its own polio patients and to pay its share of the national research, epidemic aid, and professional education of medical personnel programs.

Accepting the appointment, Shaller noted the high cost of continuing treatment for previous years' patients. Almost half of the patients receiving financial assistance from the March of Dimes organization this year will be persons who contracted polio before 1951, Shaller said.

Shaller has long been active in civic affairs as well as in the fight against infantile paralysis. He served as Potter County Campaign Director during the 1951 March of Dimes, and is at present a member of the Potter County Chapter of the National Foundation.

Minute Meditation

(By Ferguson C. Pollycutt)

Jesus — A Happy Man How often is the fact overlooked that Jesus was a man like you and me! Of course, He was, and still is, the Christ, the Son of the Living God. But yet, He was a man who walked our human way! He knew what it was to be hungry and thirsty, He felt the pinch of poverty and He suffered and died like a man.

Yes, our Lord was a man; but He was a man among men! Never in the history of mankind has the life of one individual made such an impact upon civilization. In Jesus, we see all the characteristics of perfect manhood. As a man, He represents perfect humanity. And I am sure today, if we follow in His Way, He will reveal and help us develop the best of humanity that is within us.

And not only that, we will live happy lives! Jesus was a happy man a radiant man! I am certain, He knew how to laugh, and to sing and to enjoy life to the fullest. We know He must have been a good "mixer." He attended weddings; and He went out to dinner. He even enjoyed fishing! We are not forgetting, however, that He was also "a man of sorrows and acquainted with grief." But, if we remember only that side of His nature, we will miss the joy and sunny-side of His happy way of life!

I think there is something here worthy of our most sincere consideration today. Just look into His happy, joyous face! Listen to the cheery music of His voice! Respond to His century-old invitation! Rise up and follow Him! And I know you will discover that Jesus' Way of life is a human and happy way!

Choose His Way today! (Editor's Note: If you wish Mr. Pollycutt to discuss any particular topic, just mail your request to the Stratford Star, care of Minute Meditation. All names and correspondence will be held strictly confidential. However, you need not sign your letter.)

For Accurate Seeding at Tractor Speeds...

Use a McCORMICK-DEERING GRAIN DRILL

The work a grain drill does is largely hidden. Not until the crop is up can you really see if the seed has been distributed evenly and without skipping. That's why it's so important to use a thoroughly reliable drill... a McCormick-Deering. These drills are real precision-working machines. They meter the seed accurately and deposit it at the depth you want. You'll like their sturdy non-sag construction, the all-steel hoppers that never warp or rot, the ease and simplicity of adjustments.

Come in and see us the next time you're in town. Get all the facts about McCormick-Deering Grain Drills. Remember, they're made in a great variety of types and sizes and with equipment to suit all needs.

War Versus Peace

(By Barbara E. Wilcox)
How many lessons must be taught?
How many men must die,
Before the calm of peace is sought
Beneath a war torn sky?

How many times must death march on,
In the track of a dictator's heel?
How many times need a peaceful dawn
Be shattered with a cannon's peal?

How much longer I ask once more,
Before peace is returned again,
Before peace is brought from a heavenly store
To freedom loving men?

Baptist WMU Ladies Met Wednesday

The Baptist Ladies Woman's Missionary Union met at the church at 3:30 Wednesday afternoon.

Mrs. Mac Carter discussed the topic, "Parallel Progress in Stewardship."

"Make Me A Channel of Blessing" was the opening hymn. Devotional thoughts, "She Hath Done What She Could," were expressed by Mrs. E. B. McQueen. Mrs. W. D. Ellis offered prayer. "Purses Must Match," was the subject of Mrs. M. E. Upchurch. "Can We Appoint More Missionaries," was the topic of Mrs. J. S. Johnson. Mrs. Mac Carter led the responsive reading. "The Family Council," was discussed by Mrs. Carter. "Worthy Gifts," by Mrs. V. M. King, and "Checking on Ourselves," by Mrs. Ivan Bammes. Mrs. O. H. Ingham spoke on "Selfishness Stifles Stewardship," and "Enter Faith," "Take My Life and Let It Be," was the closing hymn.

Mrs. Mac Carter and Mrs. J. S. Johnson discussed plans for the next year's work.

Ladies attending who did not take part on the program were: Mrs. A. H. Ellison, Mrs. E. E. Riggs, Mrs. H. B. Norris, and a visitor, Mrs. Ralph Odell.

Mrs. V. M. King dismissed the meeting with prayer.

YOU'LL CHOOSE THE JOHN DEERE NO. 55

Just watch the John Deere No. 55 eat up the acres of wheat, flax, barley, rice, maize, beans or any other combineable crop. Then compare it, feature for feature, with other self-propelled combines and you'll agree . . . it's the choice of the field.

The No. 55 is a dependable combine that saves on every job . . . in grain, in man-hours, in tractor power. It's fast and economical . . . cleans up the harvest fields in a hurry.

Such features as the big-capacity, hydraulically-controlled 12-foot platform; variable-speed V-belt drive; heavy-duty, 30-inch rasp-bar cylinder; efficient separating cylinder; all-steel straw walkers; auger unloading grain tank; powerful Hercules engine; convenient controls; high, roomy platform, and many others assure a profitable harvest for you. See us for details.

YOU CAN OWN AMERICA'S FINEST AUTOMATIC WASHER for only \$3.75 weekly

THE NEW ABC-O-Matic AUTOMATIC WASHER

Entirely new in conception . . . new in washing action . . . new in rinsing principles . . . the ABC-O-Matic outperforms them all. It's backed by 40 years of washer experience and production. It was developed by industry men who helped pioneer the first power-driven washer, the first swinging wringer and other important washing advancements.

10 DAYS FREE HOME TRIAL

Cleaner Washings

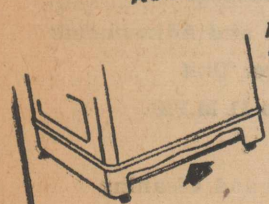

ABC-O-Matic brings you a sensational new washing action! Instead of two-way start and reverse action, ABC's new "centric" agitation is a continuous washing action, easier on the clothes, more effective.

Overflowing Rinse

The second of three rinses is the ABC-O-Matic overflow rinse, illustrated, in which water-laden dirt and soap scum are carried out over the top of the tub for cleaner rinsing.

AUTOMATIC FLOOR LEVELING

A self-leveling device that compensates for the difference in floor level. Designed to eliminate excessive vibration even during the spin cycle of the washer.

SPINNER DRYING

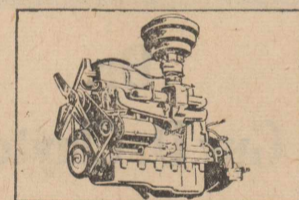

Wide tub allows greater centrifugal force to get clothes dry faster. Clothes are dry in a minimum of time, wrinkle-free, easy to iron.

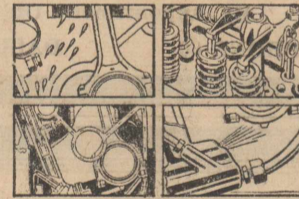

LESS VIBRATION—NO BOLTING DOWN

Because "centric" agitation distributes clothes evenly, no additional mechanism is required to eliminate vibration, therefore, no bolting down is required. This feature alone adds years of life to your washer.

"AN ORDER CALLING AN ELECTION ON THE PROPOSITION OF THE ISSUANCE OF \$125,000.00 OF BONDS OF SHERMAN COUNTY ROAD DISTRICT NO. 3. WHEREAS, there has been presented to this Court the petition of Ernest Cummings and 41 other persons, representing themselves to be resident, qualified electors of Sherman County Road District No. 3, who own taxable property in said district and who have duly rendered the same for taxation, praying that this Court order an election in Sherman County Road District No. 3, on the question of the issuance of \$125,000.00 of Road Bonds, which said petition was heretofore filed in this Court; and

WHEREAS, heretofore on the 10th day of September, 1951, the Commissioners' Court passed an order fixing a time and place for a hearing on said petition, to-wit: September 26, 1951, and directed the County Clerk to issue a notice of such time and place of hearing to inform all persons concerned of their rights to appear at such hearing and to contend for or protest against the order of such election; and

WHEREAS, the County Clerk has heretofore duly executed said notice by posting true copies of said order of hearing in three public places within said Sherman County Road District No. 3, and another copy thereof at the Courthouse door of said County for ten days prior to the date fixed for the hearing, and said notice has also been published in a newspaper of general circulation in said Sherman County Road District No. 3, namely "The Stratford Star", one time on the 13th day of September, 1951, which was at least five days prior to the date fixed for said hearing; and

WHEREAS, this Court, having met at the time and place set for the hearing of said petition, proceeded to hear such petition and all matters in respect to the proposed election, to hear the contentions for and protest against the calling of such election, and it is found by the Court that the said petition is signed by a majority of the qualified electors who own taxable property in Sherman County Road District No. 3, and who have duly rendered the same for taxation, and that the notice required by law to be given of said hearing has been given; and

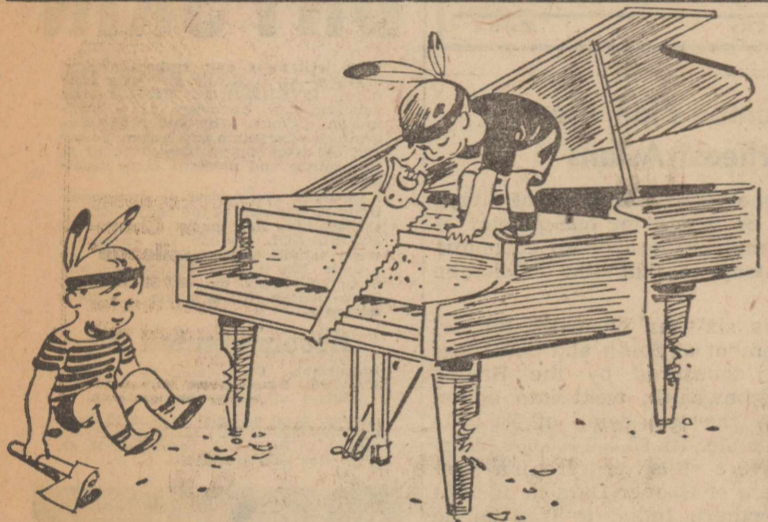

WHEREAS, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in such Sherman County Road District No. 3, and that it is desirable and necessary to issue the bonds of said Sherman County Road District No. 3 in the amount of \$125,000.00, to construct said improvements and that said election should be ordered; and

WHEREAS, the Commissioners' Court further finds that the amount of said proposed bond issue, together with all outstanding bonds heretofore issued on the faith and credit of Sherman County Road District No. 3 will not exceed one-fourth of the assessed valuation of the real property of said District; and

WHEREAS, said Sherman County Road District No. 3 has heretofore been legally created by order of the Commissioners' Court passed on September 2, 1949;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF SHERMAN COUNTY, TEXAS:

1. That an election be held in said Sherman County Road District No. 3 on the 27 day of October,

DESTRUCTION?

Here is destruction you can see. And it is likely that these two "Indians" will be called to task for their saw and hammer artistry. But, even so, this destruction is not as serious as the destruction you can't see that goes on within your costly farm machinery motors when you trust your lubrication to "just any" oil.

Several years ago, a group of farmers realized the need for a refinery that would make oil especially for use in Op Refinery, is the product of their vision. This Oil is the farmer's assurance of maximum service and minimum wear.

HOUSEHOLD HINTS

Tomato Use
When tomatoes have been purchased, sort them and use the ripest ones first—then store the rest in the refrigerator until you are ready for them.

Chicken Roasting Time
Chickens weighing 3 to 4 pounds dressed weight usually require a roasting time of 1½ to 2 hours in a 350-degree oven.

Removing Spots
Water used in cleaning spots on clothes should have a temperature of between 120 and 125 degrees Fahrenheit.

Thrifty Breakfast
A thrifty, yet nutritious breakfast, would include fruit or juice, cereal, milk, bread and butter.

Lemon Flavoring
Lemon juice can be used as a flavoring for fish, seafood, tomato juice, sweet fruit juices, cooked greens, and other vegetables.

Leftovers
Save left-over cooked meats, poultry, and fish for use in casserole dishes, hash, or in stuffings for vegetables.

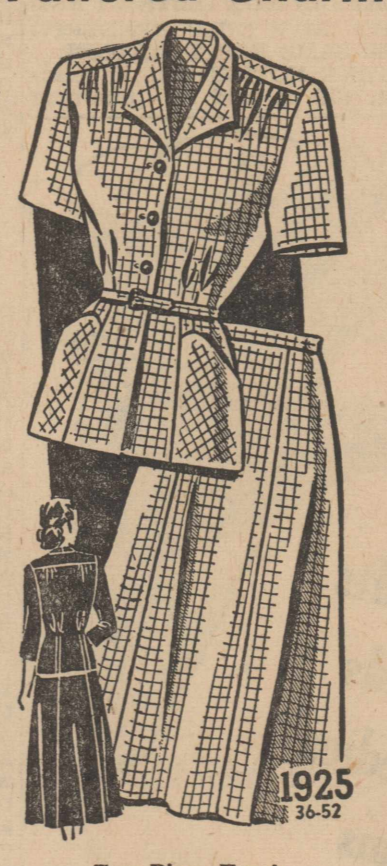

Ironing Board
When traveling, you can improvise an ironing board by inverting a dresser drawer and covering it with a bath towel.

Family Picnic
Summertime is a good time for the family to get together at an outdoor grill or barbecue pit. Also occasional buffet and picnic meals give everyone a chance to relax occasionally from indoor mealtime.

Sharpening Scissors
You can sharpen your scissors by cutting through fine sandpaper several times.

Slicing Cake
To slice a freshly baked cake without crumbling it, dip a sharp knife in hot water, dry carefully and cut.

Not So Sure
A man in North Carolina, accused of horse-stealing, was saved from conviction by the powerful plea of his lawyer. After his acquittal by the jury, the lawyer took him aside, and asked smilingly, "Honor bright, now, Bill, you did steal that horse, didn't you?"
"Now, look a-here, Judge," was the reply, "I allers did think I stole that horse. But since I hearn yore speech to the jury, I'll be doggoned if I ain't got my doubts about it."

"I want a present for an old gentleman for Christmas," she said.
"Yes, ma'am," replied the clerk. "Something nice in ties?"
"No; he has a beard," the girl explained.
"H'm," the clerk murmured thoughtfully. "Perhaps a fancy vest might be suitable?"
"No; it's a long beard," came back the answer.
The clerk sighed wearily.
"Well, how about carpet slippers?"

"Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests! • Chances are you're putting up—unnecessarily—with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases! Lydia Pinkham's is modern in its action! So get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron. See it—taken through the month—it doesn't give relief from those backaches, listers—help you feel better before and during your period! Or—if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too!

It has a soothing effect on uterine contractions that often cause menstrual pain.

THE WASHINGTON Merry-Go-Round BY DREW PEARSON

(Ed. Note—While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by several distinguished guest columnists; today's being by Corporal Charles Francisco, with the U.S. Army's Seventh Division in Korea. Corporal Francisco, a native of Urbana, Illinois, was inducted in September 1950, and sent to Korea as a machine gunner shortly thereafter.)

Loneliness and Death

WHAT is it like in Korea? What is it like to the men who are here? I think of three things around me—mountains, loneliness and death. I think of rotation and home and the future. And I know that those things are in the minds and bones of most infantrymen in Korea.

As a soldier lies in his foxhole and tries to peer through the mist that covers the top of a mountain he thinks of many things. This is the war in Korea as I see it.

It seems to me that civilian writers covering the war have not made enough mention of the hills. At any rate, the hills have a major bearing on the job of the individual soldier and the entire tactical situation.

A Strange Enemy

Mountains and weather . . . enemies which have proved as effective against the U.N. forces as the Reds themselves. Last winter it was cold and snow. You've heard about that. So far this summer the temperature has averaged in the humid eighties. When it isn't hot, it's raining . . . steady downpours for two and three days straight.

It's a strange war here in Korea. It's a strange soldier we fight. Reports from intelligence speak of such things as "the Chinese may be waiting for a full moon" or "expect an attack if we get three straight days of rain." The Chinese are superstitious. They frighten easily and they fight fanatically.

Every soldier dreads nightfall. The Reds love to infiltrate at night and launch wild whistle-blowing banzai attacks. The enemy uses his artillery most at night. Unlike most wars there are no clear cut front lines in Korea. The enemy can be any place at any time.

Casualties Are Friends

I remember the first man I saw killed. We had been joking about how easy we had it. Then the artillery came in. He was dead. The same shell was close enough to have gotten me but it didn't. Incidents like these encourage the foxhole faith you read about in civilian life.

When you're a part of a war the casualty list isn't just a row of numbers. Every figure is a man you wanted to live and do something with his life just as you do. The next digit could be you.

Then there's the matter of heroes. Before I entered combat I thought heroism was a rare and individual thing. Long ago that was true. But today any man who performs his duties well under fire is a hero for my money. A knight of old may have singlehandedly slain dragons but a modern soldier cannot do hand-to-hand battle with shrapnel.

At least one good thing comes of war . . . teamwork. I don't mean the military teamwork of infantry, artillery, air, etc. Even more significant is the comradeship of men in battle. In my own regiment (17th Infantry) racial or religious prejudice is unheard of. A man soon learns to appraise the guy beside him by his courage under fire. That's where men are made.

A Personal Fight

I sometimes wonder if war isn't more of a personal fight than it seems. A man seldom has time to consider world ideals. It usually narrows down to kill or be killed.

Korea today is not only a deadly place but also a lonely one. There are no cities, as we know them, in the battle zone. Only hills and wilderness. The infantry would thrill to see such simple things as telephone poles, paved streets, brick buildings and stores.

Many men now in the front lines were only recently removed from civilian life by the draft. They dream about getting back to the work they love.

The Men Wonder

Soldiers, as always, have their gripes. Rotation is wonderful, but sometimes it seems awfully slow in coming around. When they see state-side papers with Korean news mentioned briefly they wonder if the people back home care.

The men here know why they're fighting. You hear "Why not give them the place." But when you talk seriously with these same men, most of them will admit they were only letting off steam.

THE Once Over BY H.L. PHILLIPS WNU Features

DAGMAR AND THE CRISIS

GOVERNMENT controls have reached a point where panels are passing on the salaries of Hollywood stars, video performers, stage notables, baseball players. Hearings are scheduled and should at least provide Washington with more circuses, plenty of good clean fun, the usual confusion and an influx of press agents determined to see that their clients get into the act for publicity purposes. Even the wages of Dagmar are reported up for review. Dagmar, take the stand please:

Q.—We wish to look into your salary, Miss Dagmar. What are you down for in your new contracts? A.—I'll show you clippings . . . Q.—No; let's start right. You know about the Stabilization Program, do you not? A.—What channel is it on? Q.—It's a government program, one of the biggest and most important programs now running. A.—It must be on the regular radio. If it was on video I would have heard about it.

Q.—Stabilization is important. Things have got to be kept in balance. The economic system must be kept on an even keel. You are aware, are you not, of the grave threat to America? A.—I think you're questioning the wrong party. I'm Dagmar not Meet the Press or The American Forum of the Air.

Q.—We must gird ourselves for any emergency and any test. You understand, don't you? A.—I've met every test so far and there have been no complaints about the girdles.

Q.—Miss Dagmar, you don't seem to understand. The world is in ferment . . . America is passing through its gravest hour . . . the nation is in peril. It must be strong and it looks to you to help. A.—Gee, I knew I was raged, but not rugged enough to save a world in ferment. Why didn't my agent tell me? Okay, what do you want, a transfusion?

Q.—Dagmar, what were you getting a couple of years ago? A.—About seventy-five dollars a week. Q.—What do you get today? A.—Maybe \$5,000. Q.—This board is surprised that a little girl out of Huntington, West Virginia, gets that much money. A.—You're not more surprised than she is, mister!

Q.—That's more money than the President of the United States, the Secretary of State, the Secretary of War and the Chiefs of Staff get. A.—Can I help it if they lack my statuesque figure and get no fan mail? Q.—Are you aware only a few men in the industrial world get the money you get? A.—Oh, I read about a dozen Texans who got much more. Q.—They suddenly struck oil, did they not? A.—Not any more suddenly than I struck it!

At this point Dagmar had to hurry to another video show and the Wage Stabilization Panel excused her while it debated whether to look next into the economic setup of Doodles Weaver, Sharkey the Seal, Dixie Dean, Frank Sinatra, Uncle Miltie, Flicka, Musial, Jimmy Durante, Leo Durocher and Francis, the Talking Mule. There was much difference of opinion. (On a compromise it was decided to cross-examine Kukla, Fran and Ollie. It seems there may be a serious threat to the economic future of America in the money dragons and alligators are making these days.)

THE REAL NEWS NEWSREEL

"Bootlegger" won a race at \$47 the other day and Shudda Haddim missed him. Says he was told he didn't have "the stuff" . . . The Government is appealing for pennies in the copper shortage. We threw all ours away, not thinking there would ever be anybody who would accept one again . . . Walter Kiernan, one of the most versatile men on radio, has taken the leap into video with "What's the Story?" . . . New autos, even in the most expensive makes, are coming through with metal finishes which won't take any hard polishing. Owners are warned to use water only on the "cheese-cake."

The Government spent \$3,617,513,237 for educational programs last year, with the result that ignorance is at a new high for the movement . . . Sam Levenson will bat for Abe Burrows on "This Is Show Biz," ABe being so prosperous and busy he has to slow up for his doctor's health . . . "Happy" Chandler is to be master of ceremonies of a new television program. Under sponsorship of a mint julep house . . . Irene Dunne and Fred MacMurray will do a new radio series "Bright Star." Irene will do some singing.

Into All the World

Lesson for September 30, 1951

SO YOU don't believe in missions? That's a position not easy to defend, if you make any show at all of being a Christian. Can you be a business man and not believe in customers? Can you be successful and not want to expand your business? "Missions" is a name given to the growing edge of Christianity, a name for its expanding program. It is a name that stands for everything we believe in as Christians. It stands for the proposition that Christ is the answer to all the world's needs, not yours and mine alone. Christ died for the world, not for the western hemisphere or the democracies alone.

Greatest Missionary Religion THERE ARE religions you cannot "crash," no matter what you do, unless you are born in them. For example, either you were born the child of a Parsee, or you can't ever be a Parsee.

Again, there are religions which you can join if you insist, but nobody is going to try to talk you into it. Take it or leave it. Hinduism is one such religion.

But there are three missionary religions, religions that set out to claim all the world for their territory; besides Christianity these are Buddhism and Mohammedanism.

Buddhism is 600 years older than Christianity, Mohammedanism some 600 years younger; but neither has spread into so many corners of the world as our religion has; neither has won anything like Christianity's number of converts.

Pessimists Are Always With Us IF THE first Christians had not believed in missions, where would we be? Where were our ancestors when Christ was living on earth? If you are descended from any of the nations of Europe north of the Alps mountains, or from Africa, then at the time of Christ your ancestors were a barbarous lot. Using paint about as much as clothing, their favorite sports getting drunk and savage fighting, they had contributed nothing whatever to civilization.

Or, if you are descended from the peoples of western Asia or around the Mediterranean, then at the time of Christ they were civilized, but time was running out. The Roman Empire, which looked as if it might endure forever, was doomed, even though its final death-knell was still 300 years away. But decay had set in.

If you had been a church member in Antioch when Paul was the foreign missionary pastor sent out by that congregation, you could have thought of all sorts of good excuses for not supporting him or his work.

"Why bother with those heathen?" you might have said. "As for the nations around the Mediterranean, they are on the way out. Even if they take to Christianity, it will be only a shot in the arm. It won't save them from the crash.

As for those savages up north and out west (you would mean, in the countries now known as France and Spain), what have they ever amounted to? They haven't asked for missionaries; they will probably kill them if we send them. Sending missionaries or spending church money on those people is just throwing it down a rat-hole."

Without missions the Christian church would never have lived; if it ceases to believe in missions it can still die.

The secret? There is nothing mysterious about it. Read what Paul said and see how simple it all is, at heart. The preaching of the good news of God; the enthusiasm and heroism and determination of the missionary; the inspired ambition to do something for God that was never done before; the two-way contributions, of older churches to new and new ones to old; and the circle of prayer uniting Christians everywhere, old and new. That is what made missions work then; it is what keeps missions going on now.

FIRST AID TO THE RING HOUSE BY ROGER C. WHITMAN

Painting Over Shingle Stain

QUESTION: The upper half of our house is brown stained shingles. We want to paint them white. How can we do it? Is there any way we can prevent the stain from "bleeding thru?"

ANSWER: If the stain is very old and weathered it may be safe to apply a first coat of aluminum paint and then put on the house paint. But if the stain is fairly recent, it would be well to apply a stain-seal to prevent any possible bleeding through. Consult your paint dealer, and buy top quality products.

It's Wonderful the Way Chewing-Gum Laxative

Acts Chiefly to REMOVE WASTE -NOT GOOD FOOD

Here's the secret millions of folks have discovered about FEEN-A-MINT, the modern chewing-gum laxative. Yes, here is why FEEN-A-MINT's action is so wonderfully different!

Doctors say that many other laxatives start their "flushing" action too soon . . . right in the stomach where food is being digested. Large doses of such laxatives upset digestion, flush away nourishing food you need for health and energy. You feel weak, work out.

But gentle FEEN-A-MINT, taken as recommended, works chiefly in the lower bowel where it removes only waste, not good food! You avoid that typical weakness, worn-out feeling. Use FEEN-A-MINT and feel your "peppy," energetic self! Get FEEN-A-MINT! No increase in price—still 25¢, 50¢ or only 10¢.
