CORRECTION, PLEASE!

Supt. Johnny Mason reports that a correction needs to be made concerning an announcement that appeared in last week's Tribune. He allows that he fears for his life as it is.

Seems Mr. Mason had the new English teacher, Mr. Burris engaged to the wrong girl! In last week's story in the Tribune the statement was that Mr. Burris' bride-to-be is Miss Marian Rhodes, Miss Rhodes, as it happens, is engaged to a young fellow named Davis and the reason for the mix-up is due to the fact that Mr. Mason has interviewed all of the young people concerned about teaching jobs in the local school system. We trust that Mr. Mason will not be in too much hot water and hope that this clears up everything.

Supt. and Mrs. Johnny Mason and family were in Austin last week where Cheryl played in the State Junior Tennis Tournament. She was eliminated in the first round of play by Judy Knight of Dallas.

Mrs. Dan Ray Duncan and Dan Ray, Jr. and Mrs. Bill Adley and Debbie of Amarillo visited Mrs. Duncan's parents, Mr. and Mrs. Dick Taylor Thursday of last week. Dan Ray Jr. remained with his grandparents for a week's visit.

Mr. and Mrs. Bobby Brunson spent Saturday night in Groom with James Kimbell, who is in the hospital there following a recent heart attack. At the latest report, Mr. Kimbell is improving.

Mrs. Jim Stell of Friona brought her grandsons, Gary and Kenny home last Friday from a week's visit with their grandparents at Friona.

Mr. and Mrs. C. A. Cassidy of Texico, N. M. spent the week-end with her sister, Mrs. James Barefield and her family.

ATTENDING HOUSTON SEMINAR

J. T. Persons is attending a Federal Land Bank Seminar at Houston this week. His daughter, Mrs. Rayford Hewett and Jonathan of Lubbock are spending this week with Mrs. Persons.

HOME FROM HOSPITAL

Mrs. Eldon Lyles returned home Monday morning from Hall County Hospital at Memphis where she underwent surgery last week. She reports that she is feeling pretty good following the surgery.

Population Explosion!

If ever there was an expression on an animal's face to fit the occasion, the above example would certainly have to rate among the best. Blue, a greyhound mama had just presented the world and the Carl Browns (her owner) with fourteen (14) hungry puppies, and from the surprised expression on her face, must be wondering what in the world she would do with such a brood since she does not have accommodations for that many. At last report Carl was bottle feeding some of the puppies and three of them had died, thus taking some of the pressure off Blue.

SOCIAL FOR FARMERS UNION YOUNG PEOPLE

A Farmers Union Social for Young people was held in the S. C. Brown home on June 15. (Since the editors were gone a week, they are still trying to catch up).

Guest speaker for the evening was Mrs. Juanita Wooten of Crosbyton. Mrs. Wooten showed colored slides of the Farmers Union camp near Denver last year. Her address was to promote interest in the camp to be held in August of this year. This was of great interest to all present. A musical was enjoyed after Mrs. Wooten's address.

Refreshments of cake, ice cream and Cokes were served to 22 members and 5 guests. Present were Mrs. Wooten and her children, Mrs. Ola Lisenby and Mr. and Mrs. R. C. Brown and Roger, Jr. of Turkey; A. W. Jones, Portales, N. M.; Mr. and Mrs. E. G. Reed and children; Mrs. Juanita Gowin and children; Sue Tiffin, Dale Tiffin, and Mrs. Lizzie Pyron, all of Flomot; Patsy McDonald of Quitaque; and the hosts, Mr. and Mrs. Brown and Robert.

FLOMOT FOLKS ENJOY COOKOUT SATURDAY NIGHT

Mr. and Mrs. Alfred Martin of Flomot were hosts for a cookout at their home Saturday night at 8 o'clock. Guests present were Mr. and Mrs. Howard Rogers and children, Mr. and Mrs. Ray Cruse and children, Mr. and Mrs. Joe Degan and family, Malcolm Turner and boys, Mr. and Mrs. Roy Martin, Mrs. Bill Isbell, Glenda and Lynn Crowell, Mr. and Mrs. Lejeune Turner, all of Flomot; and Mr. and Mrs. Dean Turner of Matador.

A very good meal and an evening of fellowship was enjoyed by all present.

Week-end guests of Mrs. Estelle Davidson during the July 4th holidays were Mr. and Mrs. Robert Hay of Fort Worth and Mrs. Billie Tolleson and Rita of Joshua, Mr. and Mrs. Stewart McCracken, Jo Beth and Ronnie of Tulsa and Mr. and Mrs. Freddie Davidson of Amarillo. The group also visited at the Jimmy Davidson home.

Mr. and Mrs. W. A. Reeves and Freddie Tolleson of Joshua were weekend visitors.

Mr. and Mrs. Fred Craig and family of Gallup, N. M. visited from Monday night until Thursday (today) with his mother, Mrs. Bert Hawkins and Mr. Hawkins.

Bob Saul To Have A Busy Summer

Bob Saul, son of Mr. and Mrs. Clyde Saul, a ministerial student at Baylor University, is a young man with a mission in life and is not waiting around to get started with accomplishing that mission.

Although he has only just finished his second year at Baylor, he is making an impression on Southern Baptist Leaders. The young preacher is pastor of the Otto Baptist Church, which is 29 miles southeast of Waco and he is doing an outstanding job of pastoring that church.

Bob will go to Glorietta, N. M. July 30, where he will accept an award on Aug. 1, for the work his church has accomplished.

August 3 will mark the beginning of a revival at Pueblo, Colo., where Bob will do the preaching, that revival to run through August 9.

He will fly to Ridgecrest, N. C. August 10. Home Mission Week starts at Ridgecrest August 13, and Bob will be the main speaker there on August 17. He leaves Ridgecrest following his address there for a speaking engagement in Denver, Colo., and on August 18 begins a revival at Arvada, Colo. That revival will continue through August 23 and he will leave for home the next day.

Bob is to be married September 5. He will continue as pastor of the Otto church. One of his deacons and his wife spent a few days recently with the Clyde Saul family and they speak very well of Bob and his work.

Being asked to speak at the Ridgecrest gathering is a very fine accomplishment. This community can well be proud to point with pride to this fine young minister, "one of our own."

Mr. and Mrs. Lejeune Turner visited his mother, Mrs. Estelle Turner at Amarillo Sunday. Their daughter Janet, who had accompanied Mrs. Malcolm Turner, spending the night with her grandmother, returned home Sunday with her parents.

Mr. and Mrs. Lee M. Robertson and Charlotte of Lakeview spent Sunday with Mr. and Mrs. Bob Cochran and family.

Mr. and Mrs. Bud Bailey and girls visited her parents, Mr. and Mrs. T. J. Reeves in Plainview Monday. They helped to move Mrs. Reeves home from the hospital. They report that Mrs. Reeves is recovering satisfactorily from recent surgery following a fall causing a broken hip.

Mrs. Jimmy Pointer and Mrs. Jerald Hamilton took Johnny Pointer and Roland Hamilton to Plainview to attend the basketball camp, held each year at Wayland Baptist College. The camp runs through July 24.

Mr. and Mrs. S. C. Brown visited their daughter, Mrs. D. W. Farley and her family at Stamford over the weekend.

AG TEACHER AND STUDENTS ATTENDING STATE F.F.A. MEAT

Elmer Berryhill, Vocational Agriculture Teacher, left Tuesday morning with a group of boys to attend the State F.F.A. Convention in San Antonio.

Two local boys, Clyde Dudley and Phil Barefield, will receive their Lone Star Farmer Degree. Phil was unable to attend the Convention, however.

Those accompanying Mr. Berryhill were Clyde Dudley, Bobo Morrison, Don Brummett and Darrell Pavne. They will return home Friday.

HIGHWAY PATROL REPORT FOR MONTH OF JUNE

The Highway Patrol investigated five rural traffic accidents in Briscoe County during the month of June, according to Sergeant W. E. Wells, Patrol Supervisor of this area.

These wrecks accounted for three persons injured and an estimated property damage of \$4,475.00.

The rural traffic accident summary in Briscoe County for the first six months of 1964 shows a total of 13 crashes resulting in no persons killed, seven persons injured, and an estimated property damage of \$10,870.

As of July 3, there had been a total of 1,060 fatal crashes in Texas taking the lives of 1,288 persons," the Sergeant stated. This is 174 more traffic deaths than for the same period of 1963. If traffic deaths continue at the present rate, 1964 will be the most deadly year in Texas history for traffic fatalities, not only exceeding the 1963 all time high of 2,729 deaths but going over the 3,000 fatality mark.

The veteran Patrol Supervisor stated, "This is not just a probability, but a possible reality, unless the motoring public becomes more thoughtful in regard to complying with traffic laws which would break the rising trend."

Guests in the home of Mrs. W. E. Morrison for dinner Sunday were Mr. and Mrs. Hubert Setliff and Myra, Louis Senter and Joyce Hudgins, Plainview; Mr. and Mrs. Murry Wayne Morrison and Neva Dale Morrison, Myra Setliff and Neva Dale Morrison are spending the week with Mrs. Morrison.

Last Rites For Cecil Payne Are Held Thursday

Funeral services were held at 3 o'clock Thursday afternoon in the First Baptist Church for Cecil Payne, 81, who died near 9 o'clock Wednesday morning. Officiating at the service was Rev. Roy Davidson, assisted by the Rev. E. G. Johnson of Estelline.

Burial was in Rest Haven Cemetery under the direction of Rogers Funeral Home.

Active pallbearers were Willie Gragson, Dick Taylor, Elmer Lanham, James Brunson, Orval Cobb and Doyle Ramsey.

Honorary pallbearers were Pete Rice, Orlin Stark, Willie Woods, Jake Merrell, A. D. Monk and Seburn Neatherlin.

Mr. Payne was born Dec. 13, 1882 in Hunt County and was married to Susan Orr of Roanoke on August 5, 1905. They came to this area in 1912, where he farmed in the Edgin community until he retired several years ago and moved to town.

Mrs. Payne died only last month, on Thursday, June 11.

Survivors include seven sons, E. F., Orb, Warren, Ray and Bill, all of Quitaque, Archie of Lockney and Buck of Silverton; four daughters, Mrs. G. F. Stockton and Mrs. Cecil Reagan of Quitaque, Mrs. Francis Martin of Portales, N. M. and Mrs. W. R. Weems of Carlsbad, N. M.; one brother, Lockett Payne of Quitaque; one sister, Mrs. Ivy Fowler of Roanoke; 26 grandchildren; 22 great-grandchildren; and one great-great-grandchild.

Priss Chandler, Evelyn Bell and Janis Nation of Dallas arrived Friday night for a visit with Mrs. J. E. Chandler, Mrs. Chandler returned to Dallas with her granddaughter for a visit.

Mrs. A. C. Barrert visited Mr. and Mrs. George Seaney in Silverton Wednesday of last week and her grandchildren, Susie and Jim Seaney of McLean returned home with her. Mrs. Seaney had spent a few days in McLean with the children and their father, Cecil Seaney, and the children returned home with her on Wednesday. They spent Wednesday night with Mr. and Mrs. Barrett, Debbie and Patty McNabb and Jana Hill of Amarillo had spent a week with the Barretts. Mrs. Clovis Hill came for them Thursday and Susie and Jim Seaney accompanied her and the girls to Silverton as they returned home.

Six Sisters Vacation Together In California

The six daughters of the late Mr. and Mrs. Charlie Eddleman, together with a brother, W. C. Eddleman, spent a vacation together recently in California. Shown above: the sisters are left to right, top row: Mrs. Murry Morrison, Quitaque, Mrs. Wayne Heckerson of Merced, Calif., and Mrs. Brigham Young of Memphis. Bottom row left to right, Mrs. Reg Cushenberry, Quitaque; Mrs. George Grim, Sun Valley, and Mrs. Claude Hickey of Memphis.

Mrs. Brigham Young and Mrs. Claude Hickey of Memphis, Janet Hickey of Amarillo, Mrs. Murry Morrison and Neva Dale and Mrs. Reg Cushenberry have just returned from a two weeks vacation trip to California where they visited two sisters, Mrs. Wayne Heckerson of Merced, Mrs. George Grim of Sun Valley, and with their brother, W. C. Eddleman in Eureka.

They were met in Sun Valley by Era Heckerson. While they were in Los Angeles they visited the famous Farmers Market and had lunch at the Sidewalk Cafe. In Hollywood they visited Grauman's Chinese Theatre along Hollywood and Vine Streets, saw the movie, "How The West Was Won", in Cinema, and visited Disneyland.

From Los Angeles, the group drove to Merced, where they went swimming and picnicking at beautiful Merced Lake, then went on to Eureka, which was the highlight of their trip. The trip to Eureka was by way of Sacramento, where they visited the state capital, then up to Clear Lake where they had lunch, then drove over the Redwood Highway. While in Eureka they went swimming in a heated, indoor pool, visited the Carson Mansion which was built in 1885, beautiful Redwood Park and the zoo.

They had a guided tour through a Navy destroyer and a Coast Guard cutter. The destroyer was built in Charleston, S. C. in 1944 and operated in the Western Pacific during WW II, towing and mine sweeping

and also occupation service in Japan. It was brought to the Northern coast of California for a Fourth of July celebration by the Eureka Chamber of Commerce. The Coast Guard cutter is stationed there at all times. In case of emergencies at sea, the cutter is called out for duty. The Coast Guard station is across the Humboldt Bay, north of Eureka. They crossed this bay on a ferry. The fishermen of that area were on strike at that time and all the salmon boats were in the bay, creating quite a pretty sight.

The return trip was made through a scenic drive. The Avenue of Giants, to Confusion Hill and the Tree House, then back through San Francisco to Merced, from where the Texas group left for home.

LOOK AT THE LABEL

Perhaps you have received a prescription for a drug dispensed in tablet form. And on the label it said "5 mg." or perhaps "2 mg." Exactly how much is 5 milligrams or 2 milligrams? It's 5/1000th or 2/1000 of a gram. And there are 28.35 grams to an ounce.

You'll agree, then, that 5 mg. or 2 mg. is a very tiny pinch of medicine. And that tiny speck must be very powerful, something to be respected, and taken exactly as directed.

That's one vital reason to rely on the special knowledge and professional care of your prescription pharmacist. Dealing in exact dosages is our business. Prompt precision is always yours at our pharmacy.

TEENAGER'S TRIP TO WORLD'S FAIR (Continued)
(By Becky Berryhill)

In Ohio the Capital University was chartered in 1850 by Congress and many of the original buildings still stand. Zanesville is the location of the only Y shaped bridge in the United States. Cambridge is the home of John Glenn and little souvenir shops boast his fact. Also in Cambridge is the home of Champion Spark Plug Company. Cambridge is the site of the first bridge authorized in the Northeast Passage. In all of the towns you see the locally owned coal mines, which are very small. Much of the highway in Ohio is on the original bed of the Cumberland Trail. One of the markers dates the early 1700's.

The farm land in Pennsylvania is done in strip cropping instead of terraces. Flowers grow along the roadside, most of them being wild honeysuckle. In the flower gardens at the farm houses iris were just beginning to bloom. The area surrounding Gettysburg is a fruit growing area, large apple orchards being the most common.

One of the biggest battles in the Civil War took place in and around the city of Gettysburg. All around the town are monuments to the armies that were there. In the cemeteries, none of the graves have markers on them. The graves are arranged in semicircles and only numbers

on the white lines of stine mark the graves.

York claims to be the first capital of the United States. The town was laid out in 1741 and contains the Golden Plough Tavern, the last remaining half timber structure in the United States. Next door to the tavern is the General Gates House of the Revolutionary War. On the outskirts of York is the Little Red School House, used until 1958. In its book cases are the old McGuffey readers. The maps and books date the 1800's and they were still being used when the school closed. Horses that the students had ridden to school and tied to the shutters had eaten part of the window frames.

Lancaster is the home of Armstrong Cork and Research Center and also of Hamilton Watches.

The Amish people don't believe in using modern conveniences so they drive horse and buggies to church and wherever they go. An amazing sight is to see a horse and buggy on a several lane highway. The women wear long black dresses and a black bonnet. The men wear black also, their hats being flat-brimmed, appearing much like a Spanish hat.

In New Jersey some of the land was covered with chicken farms, but they are not as modern as ours. Atlantic City is well known for its beaches of white sand. Several times we went swimming in the Atlantic Ocean. The homes are very well landscaped and they are in perfect balance.

Downtown New York City is well known around the world over. We went shopping in Macy's Saks, and other shops along Fifth Avenue while we were there. The subway takes you practically to every point in New York City. There are two ways you can get to Staten Island—by ferry or bridge, but I think going by ferry is more

fun. The house we stayed in on Staten Island is over a hundred years old.

(Next week Becky describes their visit to the World's Fair and the many sights and exhibits that impressed her).

Mr. and Mrs. Hayden Boggs visited their daughter, Mrs. Robert Hancock and family in Tulsa Sunday, then drove to Hereford to visit another daughter, Mrs. Roman Friemel and family, Ricky Boggs, who had been working at Hereford, returned home with his parents.

Ricky's cousin, Donnie Markham of Springfield, Ore., arrived by bus in Tulsa Wednesday of last week, and Mrs. Boggs met him there. He plans to visit at the Boggs home for a month.

MRS. JAMES GATLIN HONORED WITH MISCELLANEOUS SHOWER

Mrs. James Gatlin, the former Miss Yvonne Matthews, was honored with a miscellaneous shower Saturday, July 11, in the Community Room of the First National Bank, between the hours of 3 and 5 o'clock.

The register table was draped with a white cloth covered with red net and the registry book was covered with white satin and featured a big red rose. A large white bell completed the setting.

The gift table was arrayed with an assortment of beautiful and useful gifts, including all weather blankets, bath sets, an iron and ironing board, a nice selection of Frankoma Pottery and the hostesses gift, a set of Club Aluminum.

The guests were directed to the serving table for refreshments.

The table was covered with a white net cloth over white and centered with an arrangement of red carnations on white styrofoam and a bride doll wearing a red dress and a white veil, the chosen colors of the bride. Red punch and white cake squares decorated with red roses were served with milk glass and silver appointments, nuts and mints.

Hostesses for the occasion were Misses James Barefield, S. C. Brown, Euel Dudley, Joe Edd Price, Murray Morrison, Leroy Hamilton, Wayne Whittington, Alton Johnson, Perry Vines, Preston Woods, Odie Reagan, Bill Smith, Truman Merrell, M. E. Loving, Cecil Purcell, Cecil Reagan, Ford Johnson, Hayden Boggs, Pete Clark, Oliver Clark, Lloyd Hulsey, Jack Pigg, Joe Edd Smith, Lottie Gilbert, Clyde Saul, Ben Cogdill, and Miss Darlene Cagle.

NEWS from the High Plains Research Foundation

Flame cultivation, as an economical means of weed control, is one of the last steps to fully mechanize our agricultural process of raising food and fiber. The necessity of mechanical cultivation of weeds by the use of heat has been brought about by two major factors: (1) weeds, and (2) scarcity and expense of labor.

Farmers have fought weeds in one form or another since they first planted crops. One of the best ways of eliminating the weed problem is to pull it by hand. In this day and time, this type of labor is neither economical nor practical. The use of heat in agriculture has proven to be both economical and practical.

Jack H. Parks, agricultural engineer for the High Plains Research Foundation in charge of flame cultivation, reports that conditions are good at this time.

following an irrigation or rain, to control weeds by using heat. Parks states that the size of the crop that is to be flamed is one of the most important items to consider. Grain sorghum should be from 8 to 10 inches tall, cotton needs to be around 6 to 8 inches in height, while castorbeans and soybeans should be 10 inches.

Convention cultivation by the use of sweeps did a good job for many years, but each time a crop of weeds was plowed, in effect, a new crop of weeds was started by turning new seeds up so they could germinate. The use of sweeps also cut back the yield by pruning the roots of the planted crops. This can be avoided by the use of heat.

The use of herbicides is currently gaining much favor and popularity, and some do a very good job. It is important to remember that residues remain for a period of time so that proper crop sequence should be followed as specified by the manufacturer. A good combination of herbicides and flame cultivation can be found by using herbicides at an early stage in the growth of crops to control the weeds before the crop gets to flaming size.

Flame cultivation may not be the total answer, but at this time, it is apparent that by following recommended practices and procedures, it can be an effective and economical means of weed control.

A cost production survey done by the High Plains Research Foundation shows the spiraling cost to produce a dollar on the farm. In 1940, to produce \$1 on the farm cost 46c. In 1959, the cost of production of \$1 rose to 63c. In 1962-63, the cost had jumped to 79.8c to produce \$1 on the farm. This ever increasing high cost of production is what the Texas farmer, as well as farmers everywhere, must face. The cost of production is what is causing farmers to move off the farm. The economy of the use of heat through flame cultivation is one of the important steps in any farming operation that can

mean the difference between a profit or loss in farming. Instructions on the use of flame cultivation have been forwarded to all farmers and businessmen who support the Foundation's private enterprise research work.

Clarendon Junior College A Part Of Expanding National Program

Post-high school education can take many forms. Parents usually hope that their children will be able to go on to a four-year college, but, for a variety of reasons, this often is not possible. Now, the phenomenal growth of the two-year or junior college is providing an excellent way for hundreds of thousands of students to receive advanced training that might otherwise elude them. Almost a million students are enrolled in more than 700 junior colleges—and these numbers, both students and schools, are rapidly increasing each year.

The two-year college is filling two main educational needs: It offers a wide variety of job-training programs for those desiring pre-professional or vocational careers; and it provides two years of college-level work for students who then can transfer to four-year schools as fully-accredited juniors. Junior colleges are also playing an increasing role in adult education. Many adults who are trying to upgrade themselves in the jobs or who simply want further education for personal enrichment have found junior colleges well-equipped to help them.

As such a two-year college, Clarendon Junior College has obvious appeals for both students and their families. The college is within easy commuting distance for many students. Thus room and board charges are eliminated. Entrance fees are

much less expensive than those of four-year colleges in the area. The instruction offered is comparable to that in the first two years of most four-year colleges or universities. High school graduates and their parents should carefully examine goals and abilities before considering specific forms of higher education. Educators say that junior colleges are the solutions for those students:

- Who cannot afford college away from home;
- Who are not yet ready to leave home, although prepared for college;
- Who have college level ability, but must make up entrance requirements;
- Who want to prepare for a vocational or pre-professional career;
- Who want no more than two

years of general education. In view of the tremendous demands being made upon colleges today, Clarendon Junior College is attempting to do everything possible to meet those needs.

"LET'S GO!" ... see centuries of change in General Telephone Country

Palo Duro Canyon State Park

Etched deeply in the high plains of the Panhandle, just south of Amarillo, lies a spectacular gorge, widely renowned for its scenic beauty. This is Palo Duro Canyon, a great 15,000 acre state park of Texas. You enter it on a road which winds for miles along the bottom of the vast gorge. You see many remarkable formations such as the "Lighthouse" and "Balanced Rock" which have been formed by centuries of erosion which created the Canyon. As you drive slowly along the Canyon's beauty is enhanced by constant changes in delicate coloring. Coronado explored the Canyon in 1541, and in 1876 Col. Goodnight drove the first wagon train down a huge rock slide into its great gulf. Palo Duro Canyon is easily reached on major highways through many of our towns, and is a high spot in places to go and things to see in General Telephone Country.
