Barbara Chandler, Oliver Clark, Larry Farley, LaDonna Matthews, Jo Beth Merrell and Sherry Stark.

SOPHOMORES

A Honor Roll -
None A or B

FRESHMEN

A Honor Roll -
None

B Honor Roll -
Johnny Griffin, Max Ham, Danny Jones, Larry King, Eddie Owens and Neva Dale Morrison.

BROTHER OF GRADY TYLER PASSES AWAY IN CALIFORNIA

Word was received here about noon Tuesday that H. B. Tyler, 55, brother of Grady Tyler, had died in the Naval Hospital in San Diego, Calif. He had been ill for several months. Grady had flown out to San Diego Monday and was at his brother's bedside when he passed away.

Funeral services will be conducted Friday at 10 a. m. in El Cajon with burial there. Grady will remain for the funeral service and then fly home. This is the first death in a family of six brothers and six sisters.

Mr. and Mrs. Jimmy Zumwalt of Kermit visited her sister, Mrs. Preston Woods and her family on Tuesday of this week. Terry Woods was home from WTSU.

MASONIC LODGES TO BE HONORED

Two Masonic Lodges in this area will be honored during a Workshop to be held Monday, October 23, at 8:00 p. m. in the Quitaque Masonic Lodge Hall.

Floydada Lodge 712 and Quitaque Lodge 1248 will receive Honor Roll Awards, which are given by The Grand Lodge of Texas in recognition of outstanding attendance during the Spring series of Masonic Workshop programs. Turkey and Silverton Lodges are also invited to attend.

Jimmy M. Willson, Jr., of Floydada, chairman of the ten-county Masonic Workshop Area E-3, will present the awards and conduct the meeting.

He said the workshop is part of a semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. The Masonic Fraternity is noted for its activities in the field of charity and in the self-improvement of its members.

Basketball Season To Start Here Tuesday

Plans Set For Annual Carnival

Plans are complete for the Annual School Halloween Carnival, and the date will be Saturday night, October 28.

Each class in school from grade 1 through 12 will have booths for the carnival and the class earning the most money will see their candidate crowned as Queen of the Carnival. There will be a high school and a grade school Queen.

After all expenses are paid, the balance of the money will be divided equally between all 12 grades. The classes may spend the money for something for the benefit of the school or for their own home room. All funds spent from the classes will be spent by checks signed by the class treasurer and sponsor. No one class will receive more money than the other from the carnival. There will be no fund raising projects such as car wash or other events except for the jars placed in the stores in town.

It is hoped that there will be a good-sized crowd at the carnival and that everyone will support the candidate of his or her choice for Queen, for it is quite an honor for a girl to be chosen as Queen of her school.

KING'S DAUGHTER AND FAMILY HOME FROM GERMANY
Mr. and Mrs. J. W. King were very pleased when their daughter and her family, Mr. and Mrs. Jerry Don Penrod, and Michelle, arrived last Thursday for a visit. The Penrods, who have been with the Seabees in Germany for the past two years, remained here until Saturday, then drove to Aspermont, where they visited his parents.

O.E.S. Presents Talent Show
The Eastern Star Talent Show was reported to have been a good show, performed before a good turnout.

The first number on the program was Donna and Cherril Brown, singing "Skinny Marinky, Dinky Dink, accompanied on the guitar by their father Benny Brown. The second number was a song "My Favorite Things" presented by Lex and Lisa Herrington, accompanied by their mother, Patsy Herrington. The third number was "The Crusaders," Vanessa Robison, Gail Tyler, Stephanie Chadwick, Jolene Hall, Debbie Farley, and Ann Rucker. They were accompanied by Anna Jean Taylor. Next number on the program was Kim Ham and Randy Stark doing a skit, "Fishing." The fifth act was DarLee McPherson and D'Lynn Mathis of Lockney, who presented a song and tap dance number. Donald Ramsey was next with two piano numbers, "How Great Thou Art," and "Alley Cat." The seventh number was Jackie Tate of Silverton who sang two songs, "What Ever Will Be, Will Be," and "When We See Christ," accompanied by Mrs. Cora Grayson. The last act on the program was a song by Rhonda Rogers, who sang "Matchmaker, Matchmaker," accompanied at the piano by Sherry Stark.

First prize went to Donna and Sherry Brown, who were given \$5.00; Second Prize of \$3.00 went to Donald Ramsey; the third prize of \$2.00 went to Lex and Lisa Herrington. The judges were from out of town.

Mr. and Mrs. Sid McFall and Mrs. Ava Hawkins drove to Clairemont Saturday to visit a sister, Mrs. Ione Rogers, and her family.

Basketball comes to Quitaque Tuesday night of next week, as the Fighting Panthers and Pantherettes pull the curtain on the new season by hosting the teams from Girard High School.

Tuesday night's games will also mark the first games under new coach Travis Gilliland, who was head basketball coach at Memphis High School last year.

Coach Gilliland said he does not know what to expect from Tuesday night's opposition except that the boy's team is reported to have a real tall boy at center.

Both Quitaque teams experienced successful seasons last year and both are again hopeful of launching another winning season Tuesday night.

The Panthers, who won their seventh district championship in succession last spring and their sixth consecutive bi-district title, are hopeful of continuing their domination of Class B basketball in these parts, although they were hard

LELA MAE BARRETT HAS SURGERY

Mrs. Lela Mae Barrett underwent surgery in St. Anthony's Hospital in Amarillo Tuesday morning. Her daughter, Marilyn, called Mrs. Gladys Wise as soon as the surgery was over and reported that her mother came through in good condition. The doctor said as far as he could tell at that time, that the stitches could be removed in a week and that she could then return home.

Miss Frankie Hawkins of Tulia underwent surgery at Northwest Texas Hospital in Amarillo on Friday of last week. Rev. and Mrs. Bill Curry, Mrs. J. W. Lyon and Mrs. S. C. Brown were in Amarillo Monday and they stopped to visit Frankie. They report her as improving, although she has been very ill following surgery. Her room is No. 441, and she will be glad to receive cards and letters from friends.

Mrs. J. C. Sims of Childress visited at the H. S. Foster home one day last week.

Mr. and Mrs. Buster Chadwick, Stephanie and Laqueta spent Sunday in Lubbock visiting his sister and husband, Mr. and Mrs. Larry Clark. The occasion was Buster's birthday and his sister had prepared a dinner in his honor.

hit by graduation, losing three starters. Returning from last year's starters are Roland Hamilton at center and Lyn Payne, the ball-of-fire guard. Coach Gilliland also has lettermen Jimmy and Johnny Pointer, Pablo Leal, Jimmy Monk, David Brunson, and Billy Jack Loudermilk plus freshmen candidates Perry Brunson and Stanley Price. The coach reports that competition among these ten boys is quite spirited as each one of them would like to earn a starting position for next Tuesday's contest. As late as one day this week he stated that he could not name the five who would start the first game.

For the Pantherettes, whose feats of last season are well-known throughout the area, having almost completely rewritten the record books here for a girl's team, improving on last season's record will be a tough one, for that team won its first district, bi-district and regional championship, then went all the way to the championship game at state before being nosed out.

However, all but three of that squad are back to try again and

Mr. and Mrs. Ben Parnell and Mrs. Morris Parker of Monroe, Louisiana arrived here on Thursday of last week to visit relatives here. Mr. and Mrs. Parnell visited at the home of her sister and husband, Mr. and Mrs. Jim Stroup and Mrs. Parker and children visited her mother, Mrs. Novelle Wise. The Stroups had a family dinner Friday in honor of the visitors. Present were Mr. and Mrs. Parnell, Mrs. Parker and two daughters, Gwendolyn and Cheryl, Miss Gladys Stroup and Murray Wise and son, Brent.

Mrs. Novelle Wise had as dinner guests Sunday, her daughter, Mrs. Parker and children, and her son, Murray Wise and his wife and children.

N. V. Hamilton visited his mother, Mrs. J. N. Hamilton at the Heritage Home in Plainview one day last week.

Mrs. Joe Woodruff and Mrs. Scott Bolton were in Plainview Thursday of last week where Mrs. Woodruff had a checkup by her doctor. The ladies visited Mrs. Cecil Rice at Heritage Home, and Mrs. Kate Chandler and Ed Chandler in the hospital there in Plainview.

they would dearly love to add the first place trophy from Austin to the second place trophy now occupying a prominent place in the trophy case.

Three members are gone from last year's squad. Patricia Brunson and Jill Johnson, both all-state selections, and Shirley Dowd, one of the quartet of Quitaque guards who were the finest in the district. Shirley ran out of semesters and cannot compete this year. Returning is all-regional Carol Myers, Lynette Taylor, all-district Billie Cheatham, and Sherry Stark, one of the better all-around basketball players in this area. Also returning is Jo Beth Merrell, who proved her worth in the playoffs and who can play any position, and lettermen Jackie Cheatham, Kay Cochran, Barbara Chandler and Glenna Ramsey. Three freshmen prospects complete the squad. They are Beverly Rogers, Pam Loudermilk and Neva Dale Morrison.

This year's team will not have the height of last year's team, but it will be faster and could be a higher scoring aggregation.

Fans here are eager for a new season to get under way and Tuesday night is the night for the dribble derby to start. See you then!

J. W. HARVEY OUT OF HOSPITAL.

A letter came to The Tribune Sunday from the Rev. Graham Harvey of Dumas stating that his father, J. W. Harvey, is out of the hospital and says he is feeling fine. A later report was that the Harveys spent the weekend here at their home.

Graham sent a clipping in his letter from the Dumas newspaper telling of the new church building of which he is pastor. Graham is pastor of the Latin - American Church in Dumas. The new building was constructed of concrete blocks with 400 sq. feet of floor space, and was constructed for \$30,000 through the joint efforts of Dumas First Baptist Church and the membership of the mission.

Dedication services were held on Sunday, Oct. 8 with 48 attending Sunday School, and seven additions to the church came that morning. The church was founded by the Dumas First Baptist Church in 1958.

JOE LUCERO COMPLETES MARINE COMBAT TRAINING

CAMP PENDLETON, CALIF. (FHTNC) Oct. 5 - Marine Pvt. Joe A. Lucero, son of Lucas Lucero of Quitaque, Texas, completed two weeks of training under simulated combat conditions in the fundamentals of day and night patrolling, employment of infantry weapons, survival methods and assault tactics at this Marine Corps base.

This individual combat training is given every Marine after his graduation from recruit training. Taught by combat experienced non-commissioned officers of the infantry training regiment here, it prepares the young Leatherneck to become part of the Marine air-ground combat team.

While in the field he was taught how to use hand grenades, a compass and the principles of map reading and land navigation. He learned how to detect and disarm mines and booby traps and, while being exposed to live machine gun fire, he learned to advance safely from one point to another.

From this course, he is scheduled to go on to more advanced training before being assigned to his permanent unit.

Joe is here in Quitaque visiting his father, brothers and sisters.

Area Sends Truckload Of Gifts to the Valley

By Mrs. Jack Pigg
A truck load of clothing, food and furniture left Flomot on Wednesday of last week, bound for the hurricane stricken valley of Texas.

Churches, individuals and organizations from Turkey, Quitaque, Silverton, Afton, Flomot, Matador and Floydada took part in the event. The truck that hauled the items to the Valley was driven by Jack Pigg of Flomot. The truck was sent to McAllen to the Baptist Relief Camp but the ware-

house there was already full and the load was sent to Harlingen. Eight trucks from all parts of Texas as unloaded at this particular warehouse Thursday and more trucks were arriving the next day.

At that time nothing was being allowed to be taken across the border except by automobile, but they hope to be able to work through the mission in Old Mexico and eventually be able to get clothing and other needed items to hurricane victims there.

There is a big job ahead in distributing these items but with the great effort being put forth, the job will be done. And, I believe everything that was sent will be used.

A great many of the highways were still underwater. Homes and businesses were still under water, also. The fruit was all lying on the ground. It was a grim sight, but it renewed a persons faith in his fellow man to see so much concern as was evidenced.

Mrs. W. C. Roberson and Mrs. Terry of Wellington spent Tuesday night with Minnie Mae Roberson.

Mr. and Mrs. Rayburn White and Kara of Muleshoe spent the weekend with his parents, Mr. and Mrs. J. P. White.

Visitors in the home of Mrs. Willie Lou Boyles over the weekend were Mrs. Am Rorie of Fort Worth who was there Friday, and Mrs. J. J. McKay of Amarillo and Mrs. Dud Waters of Silverton who came Sunday.

Mrs. Mae Whitaker and son, Delbert of Wills Point, spent from Sunday afternoon until Tuesday morning at the home of Mr. and Mrs. P. John Monk, Mrs. Whitaker is P. John's sister and Delbert is his nephew. The Whitakers drove to Mountainair, N. M. to visit another brother Ernest.

Mr. and Mrs. Bob Young and his mother, Mrs. Tom Young of Tulia visited Mrs. Daisy Bedwell, Levi Bedwell, and Mr. and Mrs. John King, Sunday.

FLOMOT BASKETBALL TEAMS WIN TWO SEASON OPENING GAMES

Flomot High School opened a new basketball season Tuesday night at Flomot on a winning note as both boys and girls teams defeated Quail.

Led by Pam Morris' 29 points, the Longhornettes won 46-34. The Longhorns' George Calvert sparked the boys 63-57 win. Pat Langley had 14 and Mike Fielding 21 for the losers.

The same two teams play at Quail Friday night.

Mr. and Mrs. Sid Bogan and J. G. Gowin attended the Association Workers Conference at Silverton Tuesday of this week.

CONGRATULATIONS!

It's a boy for the Bruce Prices! The new arrival was born last Thursday, October 12, at 1:02 a. m. at Lockney General Hospital. He weighed 9 lbs. and 3 oz., and has been named Steve Wesley, and he has a brother Stan, 14, and a sister, Connie, who is 8 years old. Needless to say, the young man is getting plenty of attention. Mother and baby returned home Sunday and both are doing fine.

MRS. GRAHAM HONORED ON 80th BIRTHDAY

Mrs. Pierce White honored her mother, Mrs. L. E. Graham with a birthday party Tuesday afternoon on her 80th birthday.

Guests were served cake squares and cookies, spiced tea and coffee.

Those present to enjoy the visit with Mrs. Graham and to wish her well were Meses. Elmore Pointer, A. L. Morris, W. J. Carter, Orlin Stark, J. A. Taylor, J. L. Tunnell, John Rogers, Ava Hawkins, J. E. Chandler, H. B. Finney, Leon McCracken, Sid Bogan, Gladys Wise, Johnny Brummett, John Garner, J. T. Persons, Bud Morris, Sallie Seay, ad Miss Minnie Mae Roberson.

Dear Readers,

Due to the fact that the editor, who also sets the type for this newspaper, has been one-eyed for the past week, a number of items had to be left undone and several articles had to be left out of the news this week. We hope the eye

heals sufficiently so that we will be able to see a little better next week.

The newspaper and printing business requires pretty good eyesight at best and when one is taken away

it slows down the process considerably. As this is written it appears your newspaper may be late getting mailed, and if you do not get your paper on time, this is the reason.

Mr. and Mrs. N. V. Hamilton and Mr. and Mrs. W. N. Weatherwax of Amarillo recently visited Mr. and Mrs. P. C. Hamilton in Pierre, S. D. They found both of the P. C. Hamiltons recovering in good condition from the automobile accident they suffered while enroute here to attend the funeral service of her mother, Mrs. A. V. Tipps. The N. V. Hamiltons and the Weatherwaxes found the countryside resplendent with fall colors and enjoyed their visit in South Dakota, although it was raining while they were there.

Mrs. Curtis Tunnell of Turkey visited Gladys Stroup Monday and she reported that her mother-in-law, Mrs. Judd Tunnell, is very ill. She has been making her home at Nichols Manor at Tulia.

Mr. and Mrs. Sid McFall visited their son and his family. Mr. and Mrs. Jack McFall and children Sunday. They have moved from Snyder to the Tule Ranch about two weeks ago.

— Go To Church Sunday —

ATTENDS TRADE SHOW

Mr. and Mrs. R. J. Harmon were in Lubbock Sunday where Mrs. Harmon attended a Trade Show at the KoKo Palace from 10 a. m. until 4 p. m. Mr. Otto from Vienna, Austria, was guest artist and he gave a number of pointers on hair styling, shaping, waving and coloring. The group enjoyed a luncheon in the dining room at the noon hour. The last hour was spent watching a film of the International Championship Show in Milan, Italy. Mr. Otto has won first place twice in this show.

publishers.

Mr. and Mrs. P. T. Clark and family of Levelland spent the week-end with her parents, Mr. and Mrs. R. L. Patrick.

Mr. and Mrs. J. W. Kimbell visited her mother, Mrs. N. G. Smith at the Groom Hospital last Sunday.

Homer Hulsey of Hereford and Mrs. James Brooks and daughter, Sylvia, also of Hereford, visited Mrs. Jack Hulsey Sunday.

Mr. and Mrs. Vance Robison and girls spent Sunday with Mr. and Mrs. Guy Smith at Turkey. Others present at the Smith home were Mr. and Mrs. P. T. Clark and family of Levelland and Mr. and Mrs. Guy Paul Smith and family of Plainview.

Mr. and Mrs. Bobby Brunson and children of Amarillo spent Friday night and Saturday visiting in Quitaque. They visited Mr. and Mrs. J. W. Kimbell and Mr. and Mrs. David Setliff and children.

Mr. and Mrs. Jim Mayfield spent last Friday night in Abilene.

They met some friends from Brady there and together they attended the football game between Odessa Permian High, which is coached by Gene Mayfield, and Abilene Cooper High. Abilene Cooper, rated by the experts as the best football team in Texas, lived up to its high rating by beating Odessa 28-0.

The Mayfields came back to Anson on Saturday and visited at the home of their daughter and family, Mr. and Mrs. Ronnie Richmond and baby before returning home.

Mr. and Mrs. Lon McKay visited their daughter and her family, Mr. and Mrs. Bill Lane in Turkey Sunday afternoon. Mrs. Lane was admitted to Painview Hospital & Clinic Tuesday and underwent surgery Wednesday.

Mr. and Mrs. Clyde Dudley are visiting in Amarillo, where he is seeking employment, following his discharge from the Army.

Mrs. Buster Chadwick took her daughter, Laqueta, to Memphis for medical attention on Tuesday of last week. Laqueta had sprained her foot and tore ligaments loose in the foot that was broken at Canyon at the regional meet last spring.

Mr. and Mrs. Buster Chadwick and Stachia were in Memphis on Monday of this week where Mrs. Chadwick had a checkup by her doctor, who gave her a good report and dismissed her for a month. She had a recent heart condition.

Mrs. Jack Cheatham and Mrs. Gladys Wiley were in Memphis Tuesday for medical attention.

Mr. and Mrs. Ray Don King and children of Hereford spent from Saturday noon until Sunday afternoon with his grandparents, Mr. and Mrs. Buddy Morris.

Mrs. Johnnie Franz of Turkey was in Quitaque shopping and visiting Tuesday of this week.

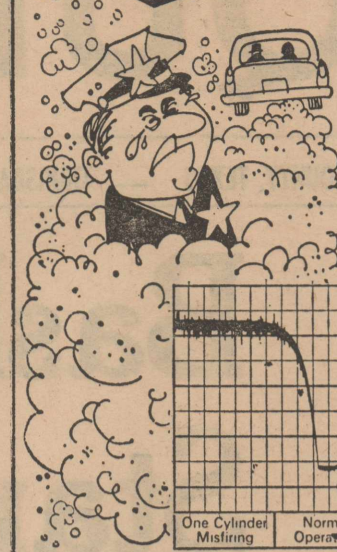

Mr. and Mrs. H. S. Foster and Mrs. Cleo Smith visited Mrs. Johnnie Franz and Mrs. Curtis Tunnell in Turkey one day last week.

School Notes -

The first basketball game of the season will be in the Quitaque gym next Tuesday night, October 24 and the opponents will be Girard High.

Gatekeepers will be in their regular place in the front hall and this season there will be a gate keeper at the back door on the west side of the gym. Two trees at the back of the school house are being removed by Mr. Orval Cobb so that the parking area at the rear of the building may be used more effectively.

HELP CONTROL SMOG
A CAR OUT OF TUNE IS A MAJOR CULPRIT IN SMOG CREATION

The smog choking our country is caused, in large part, by hydrocarbon (unburned gasoline) emissions from automobile exhausts. Marquette Corporation, Minneapolis, has shown in test after test on car engines, that a single misfiring cylinder can send up to 500% more hydrocarbon emissions spewing into the atmosphere than a car properly tuned.

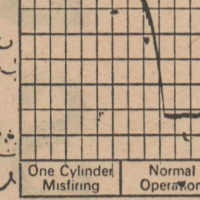

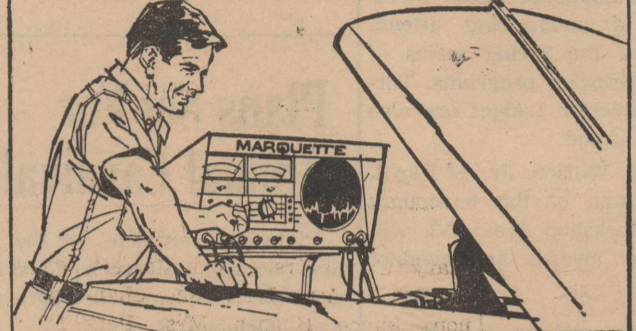

CHART AT LEFT from Marquette's testing laboratories demonstrates how hydrocarbon emissions are increased when a cylinder misfires, and how emissions drop when this is corrected.

KEEP YOUR CAR TUNED... HELP REDUCE SMOG

It is hoped that a good crowd will be on hand for the first game of the season. It is felt that the boys and girls will do honor to their school again this year in regard to bringing home championship trophies.

The Freshmen boys are shaping up real well in basketball and if this group stays together during their four years of high school they should make a lot of teams sit up and take notice by the time they are juniors in school.

The Junior Class will have the responsibility of sponsoring the Junior-Senior Banquet. The Juniors have been selling subscriptions to magazines and they plan to sell a special packaged box of chocolate covered almonds to raise funds for the expenses of the banquet.

The Juniors hope that everyone will support their work projects for this program. We want the seniors to have the best banquet possible.

The First Six Week's grades are now on the record books and some of them are not good. Many of them are very good, but most of them need to be improved.

The main purpose of school is to pass along information, to improve skills, and to impart knowledge in the various subjects covered in the schools. The teacher is charged with the duty of imparting the knowledge to the student in such a manner that the student may with effort and study comprehend the information contained in each subject. Many activities make it difficult to keep teaching the number one duty of the school.

BANK NOTES by Malcolm

ANGERED BY A PLUNGING CREDITOR, AN IOWAN REMOVED A DOOR FROM ITS HINGES AND SENT IT OFF AS A \$30 CHECK BY PAINTING "PAY TO THE ORDER OF..." ON ITS FACE.

THERE ARE ABOUT 140,000 BANK OFFICERS IN THE U.S. OF WHOM 10 PER CENT ARE WOMEN.

THE FUGIO CENT OF 1787 HAS AS ITS MOTTO "MIND YOUR BUSINESS" ON ONE SIDE AND "WE ARE ONE" ON THE OTHER.

F.F.A. NOTES

AGRICULTURE
By Ysidro Leal

Agriculture is the world's most important industry. The main branches of agriculture include crop farming, dairying, ranching, poultry raising. But not all work related to agriculture takes place on farms.

Agriculture has influenced the way man lives throughout history. Without agriculture, man could live only by hunting and fishing. When man learned to raise plants and animals, he could settle in one place instead of wandering about in search of good food. In the past years nations have fought wars to win good farmland.

Agriculture is a way of life for most farmers. The farmer gets up at dawn, feeds his livestock and cultivates his crops. The seasons and the weather tell him when to plant and when to harvest his crops.

AGRICULTURE
By Jimmy Monk

The past few days people have been cutting their grain. Most everyone has a fairly good dryland crop this time. Some of the rain we got a few days ago did not help the grain and cotton much

but it helped the winter wheat. There has been a few bales of cotton ginned the past week, but the biggest part of the cotton is yet to open.

Last month the weather rooled everyone. September 18 our town received a good rain. The biggest amount was recorded at 4.6 inches. But September 18 wasn't the last time we got a rain. We got a small one last week. Again this helped the wheat to push a little bit further out of the ground.

THE WITCHES and GOBLINS

have visited our store and have left their wares. Shop early to get your selection.

JUST ARRIVED . . .

NEWS from the High Plains
Research Foundation

Efficient irrigation, or practical utilization of irrigation water,

FOR SALE: 2-row Allis Chalmers combine. See Glenn Ramsey, Phone 3481. 18-ttc

ARROW
ROBERSON DRY GOODS

should be a major concern of all High Plains farmers. For this reason, an irrigation-fertilizer test on winter wheat has been conducted at the High Plains Research Foundation for the past three years, under the direction of James Valiant, Soil Scientist, and Loyd Langford, Associate Agronomist.

Research has shown that a winter irrigation on non-grazed wheat is neither practical nor profitable. If the winter wheat is to be grazed, an irrigation in January is probably necessary.

The Tascosa variety of wheat was used in the study, and two irrigation methods were utilized, with twelve different fertilizer levels. The irrigation method which proved most economical on non-grazed wheat included an application at germination, jointing, early

boot, and head.

It was interesting to note in the same test that the fertilizer levels of 120-60-0, 120-90-0, and 120-0-0 plus 30 pounds of sulphur produced yields with no significant differences. (Figures refer to pounds of Nitrogen, Phosphate, and Potash per acre). However, the level of 120-0-0 plus 30 pounds of sulphur produced the greatest return because of the lower cost of fertilizer. It is believed that the sulphur increased the yield by making soil phosphate more available to the plant, rather than as a plant nutrient for the wheat.

On non-grazed wheat, the combination of eliminating a winter irrigation plus the increased fertilizer costs, should result in more net profit for the wheat farmer.

PEGGY STEVENS-CLAYTON SMITH EXCHANGE WEDDING VOWS

Peggy Stevens and Clayton Smith were united in marriage Thursday, October 12, at 2:00 p. m. at the First Baptist Church parsonage here. The Rev. Bill Curry, pastor officiated at the ceremony.

The couple left immediately following the ceremony to visit with friends at Seymour.

Mr. and Mrs. Smith are at home in Quitaque in the Pearl Allen home.

Flomot News
(By Roye Pigg)

A birthday party was held for Mrs. Annie Shannon in her home

Tuesday. The following ladies were present: Mrs. Veazy, Mrs. Joe Degan, Mrs. Silvee Martin, Mrs. Mary Clay, Mrs. Viola Calvert, Susie Shannon, Mrs. Sue Shannon, Janice Hughes, Mrs. Pete Myers, Mrs. James Norris, and Mary Ann Browning.

Refreshments were served.

put on a pretty face
BY
Aubrey McDonald

Rouge is the most misused of all the cosmetic glamour products. Consequently, many women are afraid to use this most important beauty aid.

But every woman should use rouge in her daily make-up routine. Rouge counteracts the natural droop of the facial muscles by drawing attention up toward the cheekbones, brightens eyes and gives a healthy glow to dull complexions.

In keeping with today's natural, unmade-up look, Fashion Two Twenty has created the ideal rouge. This delicate peach-and-cream cosmetic goes on easily, and blends beautifully with all skin tones or lipstick shades.

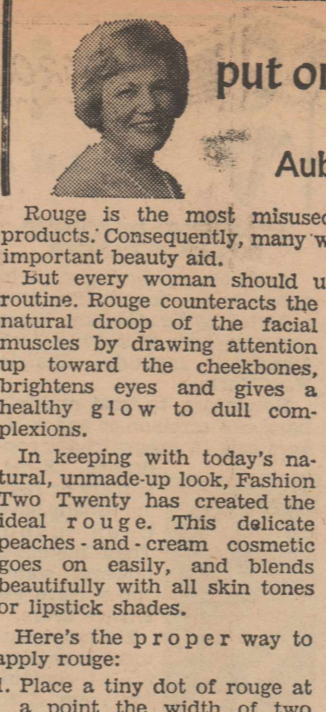

Here's the proper way to apply rouge:

1. Place a tiny dot of rouge at a point the width of two fingers away from your nose.
2. Tenderly blend the rouge upward along the cheekbone to the hairline until your cheeks shily flush with color.
3. Lightly press translucent powder over your face.
4. After make-up is completed, gently pat a moist sponge over your entire face.

Notice how your eyes suddenly appear larger. That tired look has disappeared.

Today's lively, colorful fashions call for make-up that's just as vivacious as a gal's wardrobe. So, don't let a pale, wan complexion detract from your good looks.

Remember, a subtle blush of rouge will give your "pretty face" the bright, lively look of now.

French Souffle for Dieters

This tempting French Chiffon Souffle may be an "eye full", but here's one gourmet's delight that's amazingly low in calories.

Weight watching needn't be a bore. In fact, it can be downright continental.

This French Chiffon treat lends itself to an elegant table setting and offers the ideal answer for an easy to prepare change of pace to combat the dieting doldrums. And because it uses a dietary liquid for its main ingredient it's also a nutritionally balanced meal that goes a long way toward stemming a rampant appetite.

FRENCH CHIFFON SOUFFLE
(278 calories per serving)

calories	
225	1 can French Vanilla Metrecal
0	1 tablespoon water
18	½ tablespoon unflavored gelatin
15	1 egg white
0	1 teaspoon grated orange rind
20	1 tablespoon toasted coconut

Heat one can French Vanilla Metrecal just below boiling in small pan. Remove from heat. Soften gelatin in water and add to Metrecal, mixing thoroughly to dissolve gelatin. Pour mixture into a small bowl and chill until it thickens. Beat egg whites until stiff. Fold egg white and orange rind into china souffle cup. Chill thoroughly. Serve with a topping of toasted coconut. Serves 1.

**AUTOMATIC TRANSMISSION
REPAIR**

Bob Young, a former resident of this community and a 1938 graduate of QHS, is now operating an automatic transmission repair shop in Tulia. For the past six years Bob has been factory rebuilding automatic transmissions in Fresno, Calif. and is well qualified to take care of your transmission problems.

Bob invites old friends and acquaintances, and anyone who needs transmission repair to call on him and he will have your vehicle in good repair in short order.

The Rev. and Mrs. J. W. Wells, Mrs. L. D. Gilbert, Mr. and Mrs. Junior Crowell and Mrs. James Monk attended the Baptist Association meeting in Levelland last Friday. They came back by Lubbock and visited with Miss Darlene Gilbert and Lynn Crowell.

Lynn Crowell, Stanley Degan, Terry Sperry, and Wayne Gourdon came in Tuesday night from Lubbock to see the Longhorns play their first game of the season against Quail. The boys are all attending Draughtons.

The Flomot Longhorns played their first game of the season with Quail Tuesday night. It was Coach Scott's first game with the Longhorns and was a good victory for the coach and both teams. A good turnout was on hand to see the games and coach and teams appreciate the interest shown from the Flomot fans and those from surrounding communities.

Pimientos and Cheese Team For Taste

Those team-mates, pimientos and cheese, join with shrimp, mushrooms and other seasonings to make a tasty and stylish quiche. This non-sweet custard or tart makes a handy lunch or supper dish. Serve with side dishes of whole shrimp, olives and pimientos.

Pimientos and Cheese Quiche

- 1/2 pound shelled raw shrimp
 - 1 small can mushroom pieces, drained
 - 1 large onion, sliced thin
 - 3 tablespoons salad oil
 - 1 unbaked 9" pastry shell, chilled
 - 1 jar or can (7 oz.) pimientos, drained
 - 5 eggs
 - 1 cup milk
 - 1 cup cream
 - 1 teaspoon salt
 - 1/2 teaspoon coarse grind black pepper
 - Dash cayenne
 - Dash nutmeg
 - 1 cup grated sharp cheese, or Swiss
 - 1/2 cup sour cream
- Saute shrimp (whole or cut up), mushroom pieces and sliced onion in hot oil. Spread mixture in unbaked pastry shell; top with about 2/3 of the pimientos, diced, reserving remainder for garnish.
Beat eggs with milk, cream and seasonings; pour into pie shell. Bake in a hot oven, 400°, 10 minutes. Reduce heat to moderately low, 325°, and continue baking until custard sets, about 30 minutes.
Combine grated cheese with sour cream and spread mixture over top of quiche. Place under broiler for a minute or so until top browns. Garnish with reserved pimiento and serve hot. 6-8 servings.

OUR HEALTH

By J. M. Amberson, M.D.

PROMISING OINTMENT FOR SKIN CANCER

A promising development in fighting skin cancer has been reported by Dr. Edmund Klein and associates at Roswell Park Memorial Institute, Buffalo, New York.

Heretofore, to treat multiple basal-cell carcinomas and solar keratosis (a premalignant condition), X-ray, surgery or radium usually have been used. These methods, however, sometimes leave extensive scars.

The new treatment is an ointment containing from 5 to 20 percent 5-Dr. Amberson, Fluoro-urocil.

Over a four-year period, in more than 100 patients receiving this medication, nearly 95 percent of basal-cell cancers and an even higher percentage of solar keratoses have disappeared with little or no scarring.

Furthermore, when applied to a large area other than the obvious trouble site, the ointment leaves normal skin virtually unaffected, while early hidden tumors swell up so they can be seen and treated.

About 18 percent of all cancers involve the skin. These skin cancers are not contagious, and cannot be "caught" from another person.

Because skin cancer can be seen and diagnosed readily it is simpler to cure than other types of cancer. Cancer of the inner organs, on the other hand, may remain undetected until it has progressed to a considerable extent.

How can you recognize skin cancer? Any skin blemish, sore, or lump which fails to heal, may bleed or look irritated, increases in size, or changes

color would be suspect. If you have a skin lesion with any of these characteristics, consult a physician without delay.

WHAT IS LEUKOPLAKIA?

When white patches develop on the tongue cheek and gums, separated by little fissures or paths, the condition is called leukoplakia. It is generally thought to be related to smoking. Your physician will probably advise you to give up smoking. If there is minor discomfort or pain of the cheek or gums associated with leukoplakia, he may recommend an anesthetic oral solution called Chloraseptic that has been found to provide temporary relief of pain involving the gums, cheeks or tongue within seconds.

Leukoplakia should be followed by your physician, since constant irritation may result in cancer.

WHY IS GOUT CALLED THE 'RICH MAN'S DISEASE'?

Probably because an attack of gouty arthritis may be brought on by eating beef, pheasant or other foods high in purines — and in years past, these could be bought only by the rich.

Gout, however, knows no economic barriers . . . nor is it the 'playboy's disease.' Gout tends to be inherited (rarely by women) and an attack, characterized by swelling and intense pain in a joint like the big toe, may be brought on by emotional stress, excessive chilling or alcohol intake — as well as by eating the wrong things.

Recent studies indicate that, rather than being the rich man's disease, gout may be more accurately termed the 'wise man's disease.' Statistical studies of gout sufferers show they usually have high IQs and more creative flair than the average.

CARD OF THANKS

Thanks to all you good people who remembered me with beautiful flowers, cards, letters and the lively gifts. All of it helped to make my stay in the hospital seem a bit shorter. Your visits were appreciated more than you can know. Thanks again for everything.
