Two Local Stores Hit By Burglars

Burglars hit two firms here in Quitaque last Thursday night, apparently between 11 p. m. and midnight.

Bedwell Hardware and Roberson Dry Goods were the two firms robbed. Around \$150 in cash was taken from the safe at Bedwell's and about \$500 was taken from the safe at Roberson Dry Goods. Apparently the thief or thieves were interested only in money for as far as can be determined, only money was taken. The break-ins were discovered by nightwatchman Grady Cunningham around 12:30.

The safe at Bedwell's was not locked, but the safe at Robersons was locked and was broken open, apparently with a hammer and chisel of some sort. In addition to the money in the safe, the cash registers were emptied, and at Robersons' an estimated \$80 in

old coins and some paper money was taken. M. L. said he had a lot of Indian Head pennies, Liberty Head nickels and Mercury dimes, one of the old big dollar bills, two \$2 bills and a gold coin. The checks were not taken.

Entrance to Bedwell Hardware was gained through a side door. A window was tried open at Robersons' for entrance at that place.

Nightwatchman Grady Cunningham stated that he always touches the door at Bedwell's as he goes by to see that it is locked and when he made his midnight rounds the door opened at his touch. He immediately notified the owner, Joe Bedwell and officers, and the other break-in was discovered a little later.

One firm in Silvertown was reported to have been burglarized that same night.

Tuesday night of this week the concessions stand at Midway Drive in was broken into, but it has not

Flomot Teams Win 2, Lose 2

Flomot High School's basketball teams split games with Estelline last Friday night in games played at Flomot.

In the first game of the evening the Bearettes' Cheri Rapp scored 30 points to spark the win over Flomot as Estelline won that one 64-30. Susie Gilbert hit for 18 points to win scoring honors for the Flomot team. Estelline led all the way, being ahead 20-6 at the end of the first period of play, 33-14 at half-time and 46-20 at the end of the third quarter.

In the second game of the double-header the Longhorns spanked the Bears 59-33 behind Johnny Turners 23 point scoring spree, which was high for both teams. Ted Jones with 11 was high for the bears.

Tuesday night the Flomot teams drove over to Lakeview for a pair of district games and once again the Flomot teams had to settle for a split, the girls losing a very close one and the Longhorns win-

ning over the Eagles.

The Longhornettes, trailing 29-40 at the end of the third quarter, almost pulled the game out of the fire before time ran out, with the Eaglettes hanging on to win 48-45. Tonda Hatley's 34 points was high for the winners, while Pam Morris led Flomot with 20 points.

Flomot trailed 8-12 at the end of the first period, 17-25 at half time, 29-40 at the end of three periods, then outscored the Eaglettes 15-8 in the fourth period before running out of time.

The Longhorns, on the other hand, coasted in the fourth period to a 76-64 win over the Eagles.

The Flomot lads led 15-7, 37-19 and 60-34 going into the fourth period.

George Calvert led the Longhorns in the pointmaking department with 21. Norm Miller was high for Lakeview with 20.

Flomot hosts Matador Friday and next Tuesday night will drive to Turkey for a pair.

Dave Patrick suffered a broken arm at school last Thursday when he fell from a swing. He was carried to Lockney General Hospital where he received medical attention.

MRS. HELMS ATTENDS FUNERAL FOR SISTER-IN-LAW'S MOTHER
Mrs. Bill Helms received word last week of the death of her sister-in-law's mother, Mrs. Martha Landis, 83, in Albuquerque, N. M. Mrs. Helms' sister-in-law is Mrs. Arnold Johnson.

Mr. Helms took his wife to Lubbock Friday from where she flew to Albuquerque.

Funeral services were held at 2 p. m. Saturday. Mrs. Helms returned to Lubbock Sunday night, her husband meeting the plane there and driving her home.

Pantherettes Stopped By Estelline Tuesday

A 22-game winning streak came to a halt at Estelline Tuesday night as Cheri Rapp and Company stopped the Pantherettes by a 6-point 52-46 margin. The Pantherettes were undefeated this season up until that time. Cheri Rapp was held well in check for 7 and a half minutes Tuesday night, but once started, she was not to be stopped. She was held to a single free shot in the first 7 1/2 minutes of the game but then hit two field goals in the last 30 seconds of the quarter and went on to score 38 points in leading her teammates to the upset win.

The Panthers dumped the Bears by a 118-46 margin in a game that was no contest at any time.

The Pantherettes got off to a pretty good start. The Bearettes drew first blood, the Pantherettes quickly tied the score at 2-2, then went ahead to stay the remainder of the first quarter. The count was 12-8 at the end of the period. That lead was short lived, however, for before the Pantherettes could score another point they were behind 16-12. A rally by the Quitaque team tied the score at 16-16 but Estelline led 25-23 at half-time.

Estelline widened the gap to 7 points before the Pantherettes scored again, then the visitors rallied again and trailed the Bearettes by only 2 points, 34-36 at the end of three periods. Once again

Estelline shot themselves to an 8 point, 42-34 lead and the visitors were not able to pull closer than 5 points from there. The Pantherettes were not hitting as well as usual. They took the shots to win but it was one of those nights when the ball just wouldn't drop.

The game statistics were just about as close as the score indicated. The Pantherettes drew 21 fouls, The Bearettes 18. The Pantherettes made 16 free throws, the Bearettes also made 16. It was that kind of a ball game. The Estelline crew is hard to beat at home. The last time the Bearettes beat the Pantherettes was last year when they played at Estelline. This reporter believes that will be the only game Estelline will win from the Pantherettes this season.

Carol Myers led the scoring for the Pantherettes with 23 points, Sherry Stark made 13 points, Jackie Cheatham, made 8 and Barbara Chandler 2.

Roland Hamilton made 24 points to win scoring honors for the Panthers and David Brunson had one of his better nights with 21. David is improving all the time and is getting to be very deceptive with his passing and moving around to get the good shot. Lyn Payne and Johnny Pointer each tossed in 17 points and Jimmy Pointer and Pab-

lo Leal each collected 16 points;

Stan Price added 6 points and Jimmy Monk tallied 2.

Last Friday night at Turkey the Pantherettes had all they could handle for one half but went on to top the Turkettes by a 58-39 margin. The Quitaque girls led only 15-13 at the end of the first period and by the same margin, 25-23 at half-time. The Pantherettes pulled gradually away from the Turkettes during the last half of the contest. The Turkettes' Kathy Wedge captured scoring honors for the night however, canning 27 points.

Sherry Stark hit for 24 points and Carol Myers was close behind with 21. Jackie Cheatham made 11 and Glenna Ramsey 2.

The Panthers beat the Turks 85-61. Jimmy Pointer topped the scoring parade in that one with 26. Other scoring was as follows: Hamilton 20; Johnny Pointer 14; Payne 11; D. Brunson 10; and Leal made 2 points.

Johnny King with 19 points and David Majors with 15 points were high for the Turks.

Friday night the local teams entertain the Lakeview team in what should be a pair of good games. The Estelline girls were only able to beat the Lakeview girls by twelve or 13 points last week and the Eagles have a fair team. Next Tuesday night the QHS teams will go to Matador for two games.

Wife's Work Day

One-Third For Food, Meals & Dishes

Between one-third and one-half of a homemaker's work day is devoted to food preparation and food-related activity. The exact ratio will vary from home to home, but this statement seems a fair assumption according to figures presented at a recent Newspaper Food Editors Conference.

As illustrated in the chart, one study of a housewife's day showed this breakdown of working time:

- 22% care of clothing,
- 6% record keeping and marketing,
- 22% food preparation,
- 15% care of family members,
- 13% dishwashing,
- 22% care of the home.

Adding food preparation time to dishwashing time brings the total of food-related activity to 35 percent.

If portions of the shopping time and the home care segment are considered to be food-related — and they certainly could be — then the total work time devoted to food, meals and dining areas approaches 50 percent.

The breakdown was offered by 3M Company, in connection with the national introduction of no-rust "Rescue" soap pads, designed to share minutes from the dishwashing slice of the work day

"These figures aren't put forward as ideal or even average," said Donald J. Davis, 3M grocery trades sales manager. He said his company's research with more than 4,000 selected homemakers confirmed the need for a kitchen soap pad that won't rust, shred, stain or splinter.

The result is a pad that combines the comfort and convenience of a sponge with tough nylon scouring power. Time is saved because the new pad will not leave a residue of splinters in a dishpan nor a rusty puddle at sinkside.

One way to cut down on the food-related work load, of course, is to eat out more often. But this creates budget problems in most homes, and it also deprives a homemaker of one great outlet for her creative talents.

Combination packs of ingredients and quick-cooking "boil-in-bag" foods were among the other time-saving new kitchen products described at the food editors conference.

BAPTIST W.M.S. NOTES

Mission Study was the topic of discussion for the W.M.S. ladies of Quitaque First Baptist Church Tuesday morning at 10 o'clock. There were ten present.

The meeting was opened with the singing of "From Greenland's Icy Mountains" by the group. Mrs. A. C. Barrett led the call to prayer. The Scripture was taken from II Thess. 1:1-10 and it concerned John's vision. Mrs. Barrett led the prayer for missionaries who had birthdays that day.

Mrs. R. J. Harmon, president, conducted a short business session. Mrs. J. W. King taught the Mission Study book, entitled, "Trumpets in Dixie," by W. C. Fields, the study in the South being the lesson. The closing prayer was led by Mrs. Leon McCracken.

There is no
"seniority" in
the Texas House
of
Representatives

Each new Speaker of the House appoints his own committee chairman and committees. There will be a new Speaker in 1969 since Speaker of the House Ben Barnes is a candidate for Lieutenant Governor. In the Congress of the United States, "seniority" — or staying in office — counts because a man can move up in a committee to becoming Chairman if he stays long enough. Not so in the Texas House.

HEMISFAIR '68 Notes

HemisFair '68 off the ground in a big way. The five-story top of the Tower of the Americas is being lifted to the dome of the 622-foot structure, and the Swiss Skyride is in operation.

Both events point to the thing that everyone has begun to believe, The World's Fair is not far away.

With the turn of the New Year, the realization that the April 6 opening was just around the corner became evident. That was when people stopped referring to the \$156 million spectacular as the World's Fair that "will be held next year."

The Swiss Skyride began operation Dec. 23, and met immediate success. A total of 5,700 persons took the 10 - minute aerial tour across the grounds during the Christmas weekend alone.

There's less than 100 days to go for the big extravaganza, and it's obvious to see why everyone connected with it is acting like a proud father. Just a short time ago the area in downtown San Antonio was ticketed for Urban Renewal.

HemisFair came along and turned it into a \$156 million jewel-box which really defies description.

It has gone up like clockwork. And, when it is ready for the curtain call April 6, it truly will be something to see.

The focal point, of course, will be the Tower of the Americas, tallest in the western hemisphere. It will have a revolving restaurant at the top, a view of 100 miles around, and has been set up to handle 1,750 people per hour on the two observation decks.

But no matter how awesome it is, the Tower is only one small part of HemisFair. There will be more than a score of foreign countries showing off their products and culture, a host of private exhibitors, the United States exhibit, and at least two state pavilions.

What really makes those pavilions good to the budget minded traveler is they are all FREE after admission to the grounds.

Of course, there is plenty more, and it won't be all culture and business. Fiesta Island, HemisFair's answer to Coney Island, will have a multitude of rides for all ages, including many that have never before been available in this country.

There will be plenty of room for visitors to the big event. There are already 6,000 hotel-motel rooms in Bexar County and another 5,000 units within 90 minutes driving time from San Antonio.

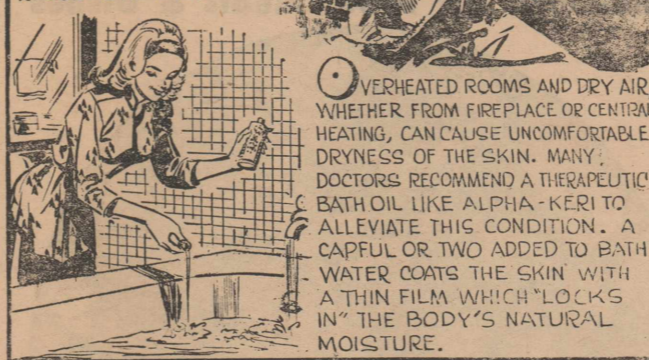

On top of that, 2,000 more are being built in San Antonio, and the building boom extends along all

THE FIREPLACE
PRIOR TO 1490 WHEN CLOSED STOVES BEGAN TO HEAT HOMES, EUROPEANS USED OPEN-HEARTH FIREPLACES TO KEEP THE HOMEFIRE BURNING. DUTCH DOORS WERE ESSENTIAL SO THAT THE CLOSED BOTTOM KEPT OUT FARM ANIMALS AND THE OPEN TOP COULD LET OUT THE EXCESSIVE HEAT AND FIRE SMOKE. STILL, PEOPLE HAD VERY SOOTY SKINS!

THE FIREPLACE AS WE KNOW IT WAS INVENTED BY BENJAMIN THOMPSON (1753-1814) WHO BUILT A SPECIAL FLUE AND SMOKE SHELF WHICH KEPT DOWN DRAFTS FROM PUFFING SMOKE INTO THE ROOM. THOUGH SMOKE ISN'T A PROBLEM WITH TODAY'S FIREPLACES, THE ALMOST-IMPOSSIBLE-TO REGULATE HEAT IS.

OVERHEATED ROOMS AND DRY AIR, WHETHER FROM FIREPLACE OR CENTRAL HEATING, CAN CAUSE UNCOMFORTABLE DRYNESS OF THE SKIN. MANY DOCTORS RECOMMEND A THERAPEUTIC BATH OIL LIKE ALPHA-KERI TO ALLEVIATE THIS CONDITION. A CAPFUL OR TWO ADDED TO BATH WATER COATS THE SKIN WITH A THIN FILM WHICH 'LOCKS IN' THE BODY'S NATURAL MOISTURE.

FARMERS HOME ADMINISTRATION MAKES 183 LOANS IN SWISHER AND BRISCOE COUNTIES

Donald Cruce, Farmers Home Administration County Supervisor of Swisher and Briscoe Counties, reports that during the year of 1967, his offices assisted one hundred eighty-three (183) rural families through the various loans now available, with a total amount loaned of \$1,664,490.00.

Farmers Home Administration helped twelve young farmers become established, and provided emergency and operating funds in the amount of \$880,770.00 to eligible farmers who were unable to obtain credit from other sources.

Twelve families received \$128,480.00 to purchase or build new homes and for home improvement. A total of 52 rural families in both

counties now enjoy comfortable and modern living through the assistance of Farmers Home Administration.

Through the Economic Opportunity program, \$19,640.00 was loaned in 1967 enabling eight families to establish or expand a small business. Since this program began in 1964, twenty - one loans have been made totaling \$67,450.00. This includes one EO-Coop loan.

Farmers Home Administration is placing special emphasis on assisting low income rural families. A rural family is defined as anyone living on a farm or in a rural town of less than 5500 population. All towns in Swisher and Briscoe Counties qualify as rural towns.

Anyone in need of assistance through the Farmers Home Administration should contact County Supervisor, Donald B. Cruce at 22 West Broadway, Tulla or the Courthouse on Tuesday mornings in Silvertown.
