NEW ARRIVAL

Mr. and Mrs. Don Guest of Paris are the proud parents of a baby girl, Tamme Lynn, born June 6. She weighed 6 lbs. 12 ozs. She has a brother, Greg, who is two years old.

Grandparents are Mr. and Mrs. David Guest of Turkey and Mr. and Mrs. Leonard Lusk of Memphis.

Once again it was the Turkey area that seemed to be the hardest hit with rains of at least three inches, accompanied by hail of pea-size to golf ball size. The storm moved in from the northeast.

Quitaque proper was in the western edge of the storm and although the town was hit by high winds that did quite a bit of damage to trees and some buildings, only a light shower fell in town.

The rain started getting pretty heavy about a mile east of Quitaque and from the Donnie Brunson farm on east the rains were torrential. All the terraces and low places are under water in the Turkey area. Many of the homes in Turkey reported damage from the hail with damage to rooftops and windows knocked out.

Farmers all over the Valley were in the process of replanting their crops and for some it was the third time, when the storm hit, so this will mean the third and in some cases the fourth planting of crops and now they will be late for it will probably be another week before some will be able to get into the fields.

We received a long, good letter from Mrs. Ina Mae Baird, which we enjoyed very much. She and her family send regards to their friends in Quitaque. She says Mike is slowly improving. They are enjoying their new home, friends and church, although they miss Quitaque friends. She had received a letter from Mrs. J. W. Harvey and John Castleberry, both of Amarillo, and former residents of Quitaque. She appreciated their letters so much.

The Tribune received a letter and renewal from Mrs. Harvey which we appreciated so much. We never know when just a kind thought will help someone. No one can live alone, and a small community is blessed in that each one's joys and troubles belong to each of us.

The Tribune recently received a note and a newspaper from Mrs. Ruby Folley of Wellington, Colorado. She and a group of ladies print a newspaper for their town once a month. All the group work free of salary but the typist. They send it to Denver to be printed and it is printed at a very small cost. (If you haven't priced the cost of materials for printing a newspaper lately, you don't know what we mean.) The Briscoe County News at Silverton has been a friend to your Tribune staff and owners and without them, Quitaque and Turkey would not have a home-owned newspaper.

The home-owned newspaper is almost a thing of the past. Most of them have them printed where five or more papers are printed to help allay some of the cost.

We thought these items might be of interest to our readers. We appreciate your thoughtfulness when you write us a word of encouragement.

Mr. and Mrs. Thomas Tunnell and daughter, Nancy, and twin sons, Butch and Tommy of Fairbanks, Alaska, are visiting at the Curtis Tunnell home in Turkey. The Alaskan visitors came last Saturday in the dust storm and Mrs. Curtis Tunnell reported that they were about ready to head back to Alaska as soon as they arrived.

Valley High Faculty Is Now Complete

The faculty for Valley High School is now complete for the 1974-75 school year, retiring superintendent Loran Denton has announced.

Just recently hired to round out the faculty were Jerry Maupin, who will serve as full-time principal of both elementary and high school. Jerry has been teaching in the Petersburg school system. The Maupins are well known to residents of this district as he is a native of Turkey and his wife is the former Miss Patricia Brunson.

Also hired recently is Bill Stephens, formerly of Quanah, who will teach science.

David Sanders has announced that he is accepting the position as girls basketball coach at Valley High. Mr. Sanders has been coaching at Gould, Oklahoma, where he has had very successful tenure, taking both boys and girls teams to state on two occasions.

The Tribune will carry more details on the teachers as they are learned.

Mr. and Mrs. R. P. Feagans and daughter, Tommie Sue of Decatur, Mr. and Mrs. Arthur Gregg of Amarillo and their daughter and husband, Mr. and Mrs. Bill Lindeman of Plainview were dinner guests of the Buddy Morris' Sunday. Mrs. Feagans is a sister of Mrs. Arthur Gregg and Buddy Morris. Mrs. Feagans lived in Quitaque about fifty years ago. She and her family visited until Tuesday and renewed acquaintances here. The Arthur Greggs spent Saturday night here also.

Sunday afternoon visitors in the Morris home were Mrs. George Setfill of Turkey, who had attended school with Mrs. Feagans. Mrs. Jarrell Rice and Nadine visited them also.

The Gaston Owens visited the T. J. Reeves family at the hospital in Plainview Sunday afternoon. They visited Mrs. Olive Owens at the Heritage Home and they visited Eddie Owens and Marcia Hart while they ate supper Sunday evening, returning by Silverton on business.

Mr. and Mrs. Murry Morrison and Mr. and Mrs. W. C. Eddleman of Eureka, California visited their aunt, Mrs. Joe Tullas of Elk City, Oklahoma, Thursday of last week. They also visited another aunt, Mrs. Bill Anderson, there.

The Eddleman family met at Clarendon and had a basket lunch at the park on Sunday, June 2, with all the family from Quitaque, Silverton, Memphis, Clarendon and the guests from California present. Several cousins joined them. They report a very good time.

The W. C. Eddlemans left Sunday on their return trip home. They had visited relatives in the area for a week.

Mrs. D. J. Anderson and her two sisters, Mrs. Janelle Bourland of Canyon and Mrs. Bill Henshaw of Seymour, spent from Sunday until Friday last week visiting their brother, H. L. Standifer and wife, in Norwood, Minnesota. They report a nice drive and a very good visit.

Mrs. James Brunson and Mary and Mr. and Mrs. Perry Brunson of Silverton visited James Brunson in the Veterans Hospital in Amarillo Sunday. James had skin graft last week and his wife reports he is doing fine and may be able to return home Tuesday of this week.

SALT JONES MAKES DEAN'S HONOR ROLL

Millard D. (Salt) Jones made the Dean's Honor Roll both semesters this past year at East Texas Baptist College at Marshall. The college is graded on a 3.0 system and Salt made 3.0 the second semester. We didn't get his grade the first semester but you have to make 2.5 at least and he made it both semesters. Congratulations, Salt!

NOTICE

Those of you who need to pay your school taxes may do so at the Valley Schools five days each week. Mrs. Josie Johnston of Quitaque and Mrs. Willie Grace Majors of Turkey will be in the tax office each day for your convenience.

Mr. and Mrs. Morris Wilson, accompanied by Mr. and Mrs. Buddy Morris, drove to Colorado for a visit. The Morris' were met in Pueblo by their daughter, Mrs. Bill King of Colorado Springs, and she took them to her home. The Wilsons visited friends in Pueblo, then drove to Denver and visited her sister and husband, Mr. and Mrs. J. M. Clark.

The Bill Kings took the Morris' to their cabin in Trott Haven in the mountains for an outing Saturday. The Ray Don King family of Kress joined them Monday.

The Wilsons returned to Colorado Springs and picked up the Morris' and returned home Wednesday of last week, being gone a week.

Mr. and Mrs. Buster Chadwick and Stachia spent Sunday with his sister and family, Mr. and Mrs. Larry Clark and family, in Lubbock.

Mr. and Mrs. Johnny Lacy of Amarillo visited over the weekend with the Don Rickmans and the Dennis Dentons.

Mrs. Peggy Tholen (right), a graduate student at The University of Texas at San Antonio, lights a candle on the University's anniversary cake for Gov. and Mrs. Dolph Briscoe. Classes began at UTSA a year ago Wednesday, June 5.

We are having a tennis tournament at Valley June 28-30. We will have a Junior High and High School division. If we have enough entries for a freshman division, we will have that, too. Divisions are based on the grade each entrant will be in this coming year. One contestant may enter three events. We will have singles, doubles and mixed doubles in all divisions.

The entry fee is \$1.50 for each event a contestant enters. Send the entry fee with the entry blank. Make checks payable to Valley Tennis Tournament. The deadline for entries is June 22. Play will begin at 9:00 a.m. on June 28. Entries will meet at that time at Valley School.

All matches will be two out of three sets with the nine point tie breaker used at 6-all. Individual awards will be given to first and second place winners.

All interested Valley participants must contact Coach Hulsey before June 22.

Lex and Lisa Herrington returned last week after visiting for several days in Austin with their brother, Max Ham, who is a student at the University of Texas.

Lex and Lisa accompanied Miss Rosemary Ulmer of Lockney, a freshman at Lockney High, and the Lockney High School band on a chartered bus to Austin.

The youngsters enjoyed a fine vacation in Austin, canoeing, bowling, going to movies and taking all kinds of tours around the Capitol City. They returned last week just in time for Lex to leave on a trip to Post with the Boy Scouts.

Mr. and Mrs. L. C. Giesecke and daughter, Jan, of Houston and Mr. and Mrs. Buddy Holcomb and Gary of Amarillo visited over the weekend with Mrs. Reona Holcomb. Sunday they enjoyed a family get-together and dinner in the fellowship hall with Reona Holcomb, the Jack Lacys, Floyd Gilmores, Hubert Pricess, Billy Wheelers, Dennis Dentons and Pauline Gilmore.

Briscoe 4-H Clubs To Sponsor Second Rodeo

Briscoe County 4-H adult leaders have announced plans for a second Junior Rodeo to be held in the Silverton Rodeo Arena on Friday and Saturday nights, June 28-29, at 8:00 p.m. Stock will be furnished by Ray Davis Company, and \$100.00 cash will be awarded to the All-Around Cowgirl and All-Around Cowboy.

Purpose of having another Junior Rodeo so soon is that the 4-H boys and girls and their leaders want to say "thank-you" to the Silverton Young Farmers for all the hard work they did to get the new arena ready for the first rodeo. The Young Farmers incurred quite a large debt on the \$10,000 project while making it possible for the Briscoe County 4-H to make enough money to clear its debts. Now the 4-H'ers and their leaders want to try to help the Young Farmers get out of debt with the proceeds from another rodeo.

The 4-H boys and girls will be coming around to ask you to buy tickets to this rodeo, and when they do please buy generously. You will be donating toward the cost of the arena, so buy a few extra tickets.

The rodeo ticket stubs will be drawn and \$50.00 cash will be given to the lucky ticket holder.

Rodeo events for boys nine to nineteen years old will be bull riding, bronc riding, tie down roping, ribbon roping and open team roping. Girls from nine to nineteen may enter barrel racing, pole bending and goat tying. Entry fees of \$15.00 will be charged for each event.

RODEO RULES

Contestants must be ready when their turn comes or stock will be released and no score will be given. Entry will be forfeited if in arena unless called.

Judges decisions are final. Books open June 17 and close June 27 and must be postmarked no later than midnight. Official entry blank must be used with notarized release. Cash or money order must accompany entry. No checks will be accepted. Money orders are to be made payable to Silverton Junior Rodeo.

Proof of age may be required. All prizes will be awarded after the final performance. There will be a 60% entry fee payback in each event.

Team roping will not count toward being named All-Around Cowboy, and team roping can be entered as many times as the contestant desires. The \$15.00 entry fee and names of both members of the team must be turned in together. Header and heeler must be indicated.

Quarter horse poles rules will be used.

All slack will be run Saturday morning at 10:00.

All-Around designation will be determined by most points in

three events, one or more timed event and/or riding event. Entries may be sent to Ray Thompson Implement Company, Box G, Silverton, Texas 79257.

Plant Pinto Beans For Farm Profit

Grower interest in pinto beans has been spurred by record high prices in recent months. Agricultural officials are predicting a 20 percent increase in acreage this year, and the crop makes an attractive alternative to hailed out cotton. But a flooded market can send high prices tumbling to the cellar, says a Lubbock vegetable specialist. And for that reason new growers and those who are expanding their bean acreage will need to tread the swirling waters carefully.

"Dry beans can be profitable," says Dr. Roland Roberts, "but only for those who practice sound management."

Roberts is area specialist with the Texas Agricultural Extension Service, based at Lubbock.

Top prices are paid only for clean, smooth beans that are free of damage from moisture and splitting, he explains. High yields and quality require careful planning right from the start, and are more difficult to achieve when growers switch to beans at the last minute.

The vegetable specialist points to seed quality, soil fertility and soil moisture as critical factors in pinto bean production.

Infected seed often results in blight infection. They cannot be distinguished from clean seed in appearance, so Roberts recommends California grown seed which are certified to be free of seed borne diseases. Good seed always show the percent germination on the bag label.

Soil testing is an essential management tool, he adds. Soils containing between 60 and 80 pounds of available nitrogen will not need additional preplant nitrogen to produce top yields. Too much nitrogen will delay maturity, encourage excessive vining, and make clean harvesting more difficult, he cautions.

To achieve good soil moisture, growers may need to apply up to 24 inches of water for best yields if rainfall is too low. Preplant water is advisable, Roberts suggests, but watering up the beans should be avoided to prevent seed decay and damping off.

"One to two irrigations between emergence and blossoming will assure a vigorous plant capable of supporting a heavy pod set," he explains. "Producers should plan to irrigate during blossoming and pod fill, but once the pod fill is complete and beans are fully sized, no watering should be done so that the beans can mature rapidly."

As for type of beans to plant Roberts says that Idaho III and Luna both are well adapted to the South Plains area. Idaho III matures early, is bushy, producers relatively large seed, and is resistant to curly top virus and bean mosaic. Luna matures later, tends to be viny, has a medium to small seed and resists some strains of bean rust. Neither variety is blight resistant.

Pintos should be planted only where dry beans, soybeans and peas have not been grown in at least three years, he says. Growers should never plant beans where propazine or atrazine was applied at any time in the previous season.

"Idaho III yields well in a stand of about four plants per foot of row with one row on a 40-inch bed. Luna needs more room—two to three plants per foot on 40-inch beds. One plant every 10 to 12 inches is about right for dry land production."

Roberts cautions bean growers to calibrate their planters according to seed size and germination to get the right stand. They should plan to put down 50 to 80 pounds of seed if the percent of germination is low. Usually 30 to 40 pounds of high germination seed is enough to seed an acre to a good stand.

"Seed should be inoculated with the correct strain of nitrogen fixing bacteria," he also advises. "Treatment of the seed with captan fungicide and dield-

rin insecticide will afford protection from seed rot and soil insects.

"Treflan is the recommended herbicide for pintos where broad-leaf weeds and annual grasses occur, but in fields infested with nutsedge, Eptam should be incorporated."

Roberts adds that the optimum planting date cannot be specified exactly because weather conditions vary from year to year. Generally the yields from early planted Luna are better. Research with Idaho III in New Mexico indicates that South Plains growers can expect the highest yields from plantings between June 10 and 20.
