Demonstrators in Duesseldorf, West Germany, carry banners reading "No Olympics in Moscow" and "Olympics yes, Moscow no" as they demand no West German participation in the Moscow

Olympic Games. The West German Olympic Committee later voted to join the U.S. in boycotting the games under "current political conditions. (AP Laserphoto)

Germans join boycott

Panel takes athletes out of Olympics

DUESSELDORF, West Germany (AP) — The West German Olympic Committee voted by a strong margin today to follow President Carter's Olympic boycott initiative and keep its team home from the Moscow Summer Games.

By a vote of 59-40, the National Olympic Committee accepted a boycott under "the current political conditions," committee President Willi Daume announced. The decision is expected to have wide repercussions'in

encouraging other teams to boycott the games. The vote came after an emotional four hour debate in a

hotel ballroom in this Rhineland city and climaxed months of controversy in West Germany over the U.S. proposal to boycott the Games because of the Soviet military action in Afghanistan.

Chancellor Helmut Schmidt

send its Olympians to the Summer Games, Secretary of State Edmund S. Muskie called the move, "incomprehensible ... that a free people, whether Europeans or Americans, whether athletes of non-athletes ... would chose to attend the Olympics in view of the Soviet Union's military intervention in Afghanistan.

In the face of France's defection, the United States saw pro-boycott vote by West Germany as essential in helping persuade other countries not to send teams to Moscow. Nations now expected to follow West Germany's lead are Australia, Japan, The Netherlands, Portugal - and possibly Italy and Denmark.

"Ladies and gentlemen, we have made a democratic decision," Daume told the audience after announcing the vote tally. "We must carry it out toge

ing under unsafe conditions.

WASHINGTON (AP) - In a move that could effectively stop the flow of Cuban refugees to the United States, President Carter says that henceforth only those screened in advance by U.S. authorities in Cuba will be ac-

If Cuban President Fidel Castro accepts those terms, Carter said Wednesday, the United States will send boats and planes to ferry the refugees safely out of the island coun-

try. No longer, Carter declared, will the United States allow itself to be used as a "dumping ground" for Cuban criminals and mental patients.

A few hours hours after the president appeared before reporters at the White House to reveal the new policy, a jetliner chartered by the U.S. government removed 17 officials and their dependents from the U.S. Interests Section in Havana, at least temporarily.

It was not clear how many were left behind, although the State Department, which accused Cuba of a "virulent and continuing anti-American campaign," said some essential em-

Basin residents welcome raindrops

Residents of Midland and other high water was present in some areas Permian Basin communities awoke

serted.

Many Cuban exiles and refugees already in Florida expressed support for Carter's new policy. But they warned of uncertainty as to how it will be received by Castro.

"In Cuba, you never even know what time of day it is," said refugee Juan Hernandez, 50, as he arrived late Wednesday in Key West. "One day, Castro thinks one thing, one day another.'

Exile Alexias Muni of Miami, waiting at the government dock in Key West in hopes his 80-year-old mother would come in, said he didn't think Castro would agree to Carter's conditions

"I just came in yesterday (Tuesday) ... and they are doing everything possible to squeeze the dollars out of the Americans," Muni said of Cuban authorities. "I doubt very much if Castro is going to give up that foun-tain of dollars for a quick solution."

The Coast Guard, meanwhile, ordered all Americans in the Cuban port of Mariel, where refugees have been loaded during the boatlift, to return immediately to the United States without refugees.

But a crewman on the 65-foot Greyhound IV, which brought 164 refugees into Key West late Wednesday, said an immediate return may be impossible for the estimated 1,000 to 2,000 boats still at Mariel.

"We were basically prisoners there for 21 days," said John Cochren. 'They can call us back all they want, but there are three big gunboats in that harbor. I'm not going to run a blockade of machine g

parliament last month had recommended that the Olympic Committee boycott because the Soviet action in Afghanistan violated International Olympic Committee rules on conduct by Olympic host nations. After the French Olympic Committee voted Tuesday to

live with it together. This meeting is adjourned."

Daume also said the National Olympic Committee was holding open the option of reconsidering the boycott if political conditions warrant it, but he didn't specifically mention any deadline.

No dime-a-gallon gas fee -at least not for a while

WASHINGTON (AP) - Motorists won't see that dime-a-gallon increase at the gas pumps today after all. But President Carter and Congress appear at odds on how long the reprieve will last.

As the administration pursued its appeal of a judge's order blocking the president's gasoline fee, the House Ways and Means Committee was meeting on legislation to repeal the plan.

The committee was expected to follow the lead today of its trade subcommittee and the Senate Finance Committee, which both recommended overwhelmingly Wednesay that the gasoline fee be killed.

Rep. Al Ullman, D-Ore., chairman of the Ways and Means Committee, cited "overwhelming support" throughout the House of Representatives for repeal legislation.

"It's going to force its way onto the House floor," he said — despite reported efforts by the White House to try to persuade congressional leaders to head off such a showdown.

Administration officials said Wednesday that they would not seek to impose the fee while the matter is still in the courts. The plan was announced last March 14 and was scheduled to take effect today.

Treasury Secretary G. William Miller told a congressional hearing he expects the delay to be only "a matter of weeks." He predicted the administration would win its appeal and reinstate the fee.

The Senate Finance Committee

voted 14-4 Wednesday to overturn the 10-cent-a-gallon plan while the House Ways and Means trade subcommittee took identical action by a 17-4 mar-

That prompted Rep. Charles Vanick, D-Ohio, chairman of the trade subcommittee, to predict a "vetoproof vote in both houses" to overturn Carter's fee. However, Vanik added that killing

Treasury Secretary G. William Miller told a congressional hearing he expects the delay to be only "a

matter of weeks.

the fee would turn hopes of producing a balanced federal budget this year into "a forgotten dream.

The oil fee would bring an estimated \$10.3 billion to the Treasury in the fiscal year that begins Oct. 1. Miller, who testified before Vanik's

panel, called efforts to eliminate the fee "extremely shortsighted."

The administration on Wednesday filed its notice of appeal from Tues-day's decision by U.S. District Judge Aubrey E. Robinson Jr. and asked for speedy consideration - both in the U.S. Court of Appeals for the District of Columbia and the Temporary **Emergency Court of Appeals.**

Robinson ruled that the president has clear power to impose a fee on oil imports, but overstepped his authority in trying to apply it just to gaso-

Carter had billed the fee as solely a gasoline conservation measure, not an attempt to also raise prices for heating oil and diesel fuel users:

House Speaker Thomas P. O'Neill, D-Mass., told reporters the blocking legislation won't reach the House floor until after Memorial Day. When it does, "there is no question in my mind that the votes are there" to overturn the fee, he said.

While Congress, the administration and federal judges debate the merits of the dime-a-gallon fee, there's no debate on the fact that gasoline prices will continue to climb with or without the president's plan.

Miller said Tuesday's \$2-a-barrel increase in the price of Saudi Arabian oil itself will add about a nickel a gallon to the price of gasoline and "is another indication of how vulnerable we are.'

And he said Americans are only kidding themselves if they think the current adequate supplies of gasoline will last much longer.

He termed the president's gasoline fee plan a modest step toward conservation but "a clear test of our national will" to reduce reliance on imports. Meanwhile, internal Energy Department documents released Wedneday showed that some top energy officials had advance misgivings about the president's import fee, calling it hard to enforce, an excise tax in disguise and likely to anger Congress.

this morning to the pitter-patter of raindrops, a welcome relief from the dryness of this arid region.

Rain began falling shortly before midnight in Midland and continued throughout the early morning hours, accompanied by large hail in some parts of the city. At 8 a.m. the National Weather Service office at Midland Regional Airport was still reporting only .27 inch of the wet stuff, but the weatherman noted that much more rain had fallen since midnight.

That fact was illustrated by the rain-swollen streets and intersections that plagued early-morning motorists in the Tall City. Midland Police Department reported that numerous vehicles drowned out during the rush to work, but there were relatively few traffic accidents reported.

Around the city, the rain appeared to fall heaviest in the south and east areas and lighter in the north and west. Midland Farmers' Coop reported receiving .70 inch of rain and a small amount of hail this morning. Permian Basin Petroleum Museum, located on the south end of the city off I-20, reported an inch of rain and large, mushy hail.

On the city's north side, however, Midland College reported receiving only .35 inch and an apartment dweller on the far north end of the city recorded .50 inch.

Ten miles east of Midland, the community of Greenwood reported .60 inch of rain and some hail. The Warfield community, southwest of Midland, reported receiving .35 inch of rain. An area to the northeast of Stanton reportedly received 1.5 inches.

South of Midland, the Midkiff community reportedly received about .25 inch of rain.

Other Permian Basin communities also reported rain this morning. Andrews reported .50 inch in intermittent showers. Stanton reported an inch of rain and Crane, Odessa, Rankin, Big Lake and Lamesa all reported small rainfall amounts from over-

Heaviest rainfall appeared to center around Big Spring where two inches of rain fell. In Luther, near Big Spring, four inches of rain was re-ported. Officials at Big Spring said

1C

Area farmers said the rain would help to prepare the soil for planting. but some said not enough rain has fallen yet. One farmer said at least an inch of rain is needed to give the

ground the moisture it needs. The ground just might get some more of the wet stuff tonight. The forecast issued this morning by the weather service was calling for thunderstorms through tonight. Friday is expected to be partly cloudy.

This afternoon's 90 percent rainfall probability is expected to decrease to 30 percent tonight.

Low temperature tonight is expected to be in the middle 50s and the high on Friday should reach only the upper

Winds tonight will blow out of the north at 15-20 mph, the weatherman said.

High temperature Wednesday in, Midland was 66 degrees, mild compared to the record 100-degree reading for that date, set in 1960. Low this morning was 59. Record low for today's date is 40 degrees, set in

Victor Palmieri, the U.S. coordinator for refugee affairs, said today he thinks Castro has permitted the flood of refugees because the Cuban leader is "in very big trouble" with his peo-

For the first time since Castro took power in 1959, Palmieri said on ABC-TV's "Good Morning, America" show, his "regime is shaky" and he hopes to focus attention on the United States and thus draw it from his problems.

Palmieri predicted that the private boat owners sailing between Mariel and Florida will comply with the new policy. He called the flotilla "unsafe, disorderly.'

Some of the refugees will eventually be returned to Cuba, Palmieri said, such as criminals and persons who are mentally disordered.

One Cuban exile not satisfied with Carter's plan is Manuel Antonio de Varona, a former Cuban prime minister who is now president of a Miamibased coalition of 158 exile groups. He said the measures are "tardy and will not solve the problem."

Man arrested in stabbing, rape of Angelo woman

SAN ANGELO - A 22-year-old Carlsbad, Texas, man, arrested Wednesday evening, is expected to be formally charged and arraigned this morning in connection with the reported rape and multiple stabbing of a 20-year-old San Angelo woman.

The woman, who originally was from Tahoka and who had only been in San Angelo since Friday, was listed in poor condition early this morning in the intensive care unit of Shannon Memorial Hospital here. She had received 10 stab wounds to the back, one to the chest and a partially cut throat.

According to a bulletin issued by the San Angelo Department of Public Safety, the woman was kidnapped around 6 p.m. Tuesday.

A spokesman for the Tom Green County Sheriff's Office said the woman told deputies a man forced her into his car at knifepoint. She reportedly had been doing some cleaning work for a blind man on the north side of San Angelo and didn't have cab fare, so she began walking back to her downtown-area home around 8: 30 p.m. Tuesday.

At that time, a man in a white Chevrolet with black interior and a broken windshield stopped and forced her into the car, she said. He then took her 12 miles north of San Angelo near Carlsbad where he allegedly raped her and then stabbed her and cut her throat.

He then reportedly released her somewhere south of the San Angelo Center at Carlsbad.

The woman managed, with the help of a large stick she had found, to walk and crawl approximately a mile through heavy brush and over a fourfoot-high fence to the side of U.S. Highway 87, in front of San Angelo Center, a home for the handicapped, the sheriff's spokesman said.

Carol Davis, a registered nurse at the center, saw the woman around 8:44 a.m. Wednesday and summoned help. The woman was taken by ambulance to Shannon Memorial.

Around 2 p.m. Wednesday, Tom Green County Sheriff's deputies spotted a car in the Carlsbad area matching the description given by the woman.

The vehicle was placed under surveillance, and a mah was later arrested in the car. The sheriff's department spokesman said there was blood inside the car and other evidence, including a blood-stained knife believed to be the one used in the attack, was taken into custody.

Foot and tire prints were found close to where the woman was left, and law enforcement officials believe it to be close to where the crime was committed.

A picture of the man arrested. along with pictures of several other men, were shown to the woman at the hospital late Wednesday night, and she identified the man arrested as her attacker, the spokesman said.

He also said the man had signed a formal confession.

Iran says U.S. saboteurs flown in

Khomeini calls for purge of Iranian radio-television

By The Associated Press Revolutionary leader Ayatollah Ru-

hollah Khomeini called today for a purge of Iranian radio and televi-He said radio-tv contained "devia-

tionist groups which had ties with the former regime (of Shah Mohammad Reza Pahlavi) or were in its service and those which are corrupt and cause corruption," Tehran Radio reported.

In a meeting with Taqi Farahi, the new managing director of Iranian radio and television, Khomeini said, 'It is both your religious and legal duty to purge radio and television" of these elements, the broadcast reported.

Extreme care should be taken, Tehran Radio quoted Khomeini as saying, to avoid imitating the East or the West "because imitating the East or West is not in harmony with an Islamic radio and television service.'

He said 19 longtime Iranian residents of the United States were with the Americans, and that the team and arms were landed by two helicopters in the mountainous Bakhtiari tribal region about 250 miles southwest of Tehran

A White House aide, who did not wish to be identified, said of Bani-Sadr's statement: "It's not true."

The State Department earlier had no comment on the charge. The Pentagon said the only U.S. forces in the area are the two dozen U.S. Navy ships off Iran's southern coast. Two of them are aircraft carriers, and three weeks ago helicopters from the carrier Nimitz took part in the attempt to rescue the American hostages held in Iran since Nov. 4.

Following that attempt, the militants who had been holding 50 of the Americans in the US Em Tehran announced their captives would be dispersed around the country to make any attempt to rescue them more difficult. The Americans have been reported scattered among 13 cities, and today Tehran Radio announced a group was being sent to a 14th point, Hamadan, 175 miles southwest of Tehran.

Spy trials for some of the hostages have been urged both by the Americans' captors and by leading members of the hardline Islamic Republican Party which will dominate the new Parliament that is to decide the fate of the hostages

Meanwhile, the Iranian prosecutorgeneral's office said two American men were arrested for taking part in the aborted hostage rescue and put in Evin Prison in Tehran. No clue to their identity was given, and the State Department said it had no information on them

The London Daily Telegraph said after the rescue attempt that more than 100 infiltrators, including Farsispeaking CIA agents and Green Berets, were infiltrated into Iran to" assist the commandos who never got to Tehran. But the New York Times

Colombo said in Rome the Common Market was leaning toward imposing economic sanctions against Iran as requested by the United States. Colombo will chair an informal meeting of Common Market foreign ministers this weekend in Naples to discuss whether to adopt the sanctions to punish Iran for holding the American hostages

Buyer?...or supplier? WANT ADS find both. Dial 682-6222

-Tehran Radio reported that Bani-Sadr refused to accept the resignation of Ayatollah Sadegh Khalkhali from his post to eradicate drug smuggling and said Khalkhali will continue his work. Khalkhali, the revolutionary court judge who sentenced many of the deposed shah's ministers and generals to death, had said Wednesday he was resigning. Bani-Sadr had criticized him for leading an effort to destroy the huge marble tomb built forner. Bani-Sadr

Saturday Through Monday West Texas: Chance of showers and thunderstorms most sections east of the mountains over the weekend becoming partly cloudy and a little warmer Monday. Highs 70s north and mountains to 80s south except 90s Big Bend valleys warming to 80s except 90s Big Bend valleys on Monday. Lows mostly in the 50s except 90s southeast.

Highs Friday 60s north to mid 90s Big Bend

North Texas: Flash flood watch in effect central and east today and tonight. Showers and occasional thunder-storms, a few possibly causing flash flooding central and east. Thunderstorms ending west tonight, but continuing east Friday morning. Highs 69 to 76. Lows 54 to 63.

South Texas: Flash flood watch in effect today Hill Country, South Central Texas and Southeast Texas. Thunderstorms most sections, a few locally heavy. Scattered thunderstorms tonight central and east and over east Friday. Highs 70s north to low 90s Lower Rio Grande Valley. Lows 60s northwest to upper 70s extreme south. Lows 60s northwest to 70s extreme south. Highs Friday 80s north to 90s south.

Meanwhile, the White House today termed "ridiculous" Iran's claim that 96 armed American saboteurs and assassins and 19 Iranian exiles are on the loose after being landed in the mountains by helicopters.

President Abolhassan Bani-Sadr made the claim in an interview with Tehran Radio Wednesday.

The broadcast said an additional purpose of the transfer was "to prepare the spies for the day of trial."

all of the infiltrators had escaped from the country.

The Chicago Sun-Times on Wednesday said sources in Washington told it the rescue attempt was much larger than American officials have said publicly. The sources were quoted as saving about 400 undercover agents, most of them Iranian, were mobilized to stir up trouble during the rescue. In other developments:

-Italian Foreign Minister Emilio

the tomb turned into a museum. -The ruling Revolutionary Council drew up a draft protocol Wednesday night dealing with economic and technical cooperation with the Soviet Union, council spokesman Hasan Habibi was quoted by the Iranian news agency Pars. It further quoted him as saying the council decided that Iran's trade with East European countries would be on a foreign exchange, rather than a barter, basis.

Blind students honored

WASHINGTON (AP) - Secretary of Education Shirley M. Hufstedler today honored three blind students who are graduating near the top of their college classes.

In a ceremony in her office, she presented each with a plaque and a \$1,000 scholarship from Recording for the Blind, a voluntary organization that tapes textbooks for blind students and chose the winners.

Mrs. Hufstedler said she hoped their example would "help us inspire all the young men and women who have some kind of disability."

She said that in meeting students with handicaps, she often finds they "turn out to be the least handicapped among us. Each has overcome some kind of disability and found within themselves a spirit which is the envy of most people who are not handicapped.'

Honored were:

- James Robert Barnes, 23, of Camden, Ark., who is graduating magna cum laude from Louisiana Tech University with a bachelor's degree in engineering. He is the first blind person to pass the Engineer-in-Training examination of the National Council of Engineering examiners. He plans to work for General Dynamics Corp. in Fort Worth, Texas, as an associate engineer.

- Maxwell Okechukwu Chibundu, 23, of Lagos, Nigeria, graduating Phi Beta Kappa from Yale University with a double major in economics and

political science, and history. He will enroll in a joint program at Harvard Law School and the Fletcher School of Law and Diplomacy, and eventually plans to return to Nigeria.

- Joseph Danowsky, 22, of Shenandoah, Pa., graduating with honors in economics from the University of Pennsylvania. He also will attend Harvard Law School.

during the 1978-79 school year.

Mrs. Hufstedler offered her "stroning for the Blind."

Also cited as winners of \$500 scholarships were these blind students: Robert A. DeYoung of Augustana College; Robert L. Craft of Bucknell University and Charles Walker of the University of Akron.

was reported stolen Wednesday from a residence at 3302 Alford Ave.

Flossie Proctor told officers that

Entry apparently was gained by prying the screen off a front window next to the door. Exit was through a door on the north side of the house.

Suits filed over Clovis club's botulism outbreak

ALBUQUERQUE, N.M. (AP) -Five lawsuits, seeking \$12.65 million, have been filed in federal court in connection with one of the largest botulism outbreaks in the nation's history at a fashionable country club in Clovis.

In April 1978, 34 persons were stricken with botulism after eating at the Colonial Park Country Club in Clovis. Two of the 34 stricken later died.

The suits, including one filed by the country club, name as defendants Joan of Arc Co., a Delaware corporation with its principal place of busi-ness in Illinois, and Johnston Food Co., a Texas company with its primary place of business in Amarillo, Texas, and a distributor of Joan of Arc_products.

The suit filed by Colonial Park asks for \$1.25 million. The suit contends that there was negligence in the preparation and packaging of cans of Read brand three-bean salad sold to the club.

Nothing done by the club's employees could have caused the botulism and they were unable to detect its presence, the suit contends.

Two of the suits were filed by representatives of the men who died from botulism.

Elizabeth Cowper, representative of Howard Cowper, is seeking \$1 million, and Malcolm G. Garrett, representative of John Garrett Jr., is asking \$1.8 million.

and another by Carolyn Wilson, both of Clovis, each seeking \$4.3 million.

Howard Cowper of Albuquerque and John Garrett Jr. of Clovis died after the outbreak, the second-largest incident of botulism in the United States since 1899.

Last month, an attorney for the country club said settlement had been reached in which eight of the victims, including Robert Wilson, Carolyn Wilson and the estates of Cowper and Garrett, were compensated by the country club and its insurance carriers. '

The amount of the settlement was not revealed by Albuquerque attorney John A. Bannerman.

However, the country club and its insurance carriers made a payment that was to be divided between the eight parties, Bannerman said. The amount "exhausted the insurance coverage for the club," he said.

Dr. Jonathan Mann, who headed the investigation into the outbreak, had said the exact cause may never

Sheriff, police chief feuding in Crane

CRANE - The jailhouse dispute that is waging between the sheriff and police may be resolved if and when the Crane City Council and the Crane County Commissioners' Court draw up a contract on the county jailhouse, which is currently being controlled by the sheriff.

"Oh, this is kind of a political deal right now," Mayor Glenn Grissom told The Reporter-Telegram this morning. "The jail is not locked up"

Police Chief Bill Lee contends that longtime Crane County Sheriff Raymond Weatherby has barred city use of the jail by changing the lock on the jailhouse door. "That's the third time - it's happened twice before in 20 years - that the (county) jail has been closed to the city," said Lee.

However, Weatherby, sheriff here for more than 20 years, said that he did change the lock on the jail on May 5 but re-installed the old lock that very day at the request of the mayor. The police chief has keys to the jail, for the city is without a jail or holding tank of its own.

Lee contends that part of the difference between him and the sheriff arose when his assistant, Police Capt. Hal Dew, ran against Weatherby for sheriff. Dew lost his bid to oust Weatherby 1,052 to 754 votes.

'He (Weatherby) don't think anybody ought to run for sheriff as long as he has it," maintained Lee.

Lee also said the sheriff wants he and Dew off of the police force.

"He (Weatherby) sent word by the mayor that if they (city council) don't fire the two officers (Lee and Dew), that the jail would be off limits to the (city) police," Lee said.

Weatherby said he would use his discretion in allowing city prisoners to be confined in his jail.

"I'm responsible for every one that goes in that jail, and I can be sued and not the city if a prisoner hangs himself or something." Weatherby said

Grissom said the conflict can be resolved.

"There has never been a contract between the city and county for jail facilities," the major said. "A few have tried to make a big issue out of it...and the City Council and the Commissioners' Court get along real good. The sheriff and the chief, I think, can resolve their differences.'

A suit was filed by Robert Wilson to use by the city

be known.

Israeli troops kill three Palestinian infiltrators

TEL AVIV, Israel (AP) - Israeli troops killed three Palestinian guerrillas who tried to cross the Israeli-Lebanese border on a raid coinciding with Israel's celebration of its capture of Arab East Jerusalem 13 years ago and the 32nd anniversary of Israeli independence.

An army command spokesman said an Israeli patrol intercepted the infiltrators, carrying automatic rifles and grenades, Wednesday night near Kibbutz Hanita, an Israeli collective farm in western Galilee about five miles inland from the Mediterranean.

There were no Israeli casualties in the clash, the spokesman said.

The army said the guerrillas carried a list of Palestinian guerrillas imprisoped in Israel, indicating they

planned to take hostages and demand the release of the prisoners. All three were about 20 years old, were members of the radical Popular Front for the Liberation of Palestine, and crossed a U.N. buffer zone in southern Lebanon patrolled by Dutch troops, a spokesman said.

In Beirut, the Popular Front claimed that the guerrilla "suicide squad" stormed a military dormitory in Kibbutz Hanita and killed or wounded dozens of Israelis in a threehour battle before the Palestinians were killed.

The Popular Front said the raid was in retaliation for an Israeli raid on the south Lebanese coastal highway May 8 in which seven guerrillas were killed.

The last Palestinian border raid

occurred on April 7 when guerrillas seized a nursery in Kibbutz Misgav Am, in the northeast panhandle. One Israeli boy and two adults were killed before troops stormed the building and killed all five guerrillas.

The Israeli army stepped up its border patrols this week to block Palestinian attempts to sabotage Israel's Jerusalem Day celebration Wednesday or to attack today on the independence anniversary.

Israel observed Independence Day last month in accordance with the Jewish lunar calendar, but the anniversary date is today according to the Gregorian calendar. Similarly East Jerusalem was captured and annexed in June 1967, but the anniversary this year fell on May 14 according to the Jewish calendar.

Tough border police lined the streets of East Jerusalem as memorials and street festivals were held, and there was no violence.

Meanwhile, an Israeli court sentenced two female Palestinian teachers and a man to life imprisonment for bombings in the Israeli cities of

Jerusalem, Tel Aviv and Netanya. All three were convicted or murder and attempted murder.

Another Palestinian accused of being a member of the same terrorist cell, Ziyad Abu Eain, 20, is in a Chicago jail. He is appealing a federal judge's order for his extradition to Israel to face murder charges.

The five Palestinians are from towns on the West Bank of the Jordan River, scene of growing protests against Israel's 13-year occupation.

The Israeli military government has begun cracking down on West Bank violence and reports Wednesday said Jewish settlers in the area were setting up armed self-defense committees to fight Palestinian unrest.

However, Israeli forces also arrested Rabbi Meir Kahane, the militant American founder of the Jewish Defense League. Kahane, who has been campaigning to drive Palestinians out of the West Bank, was seized under an emergency defense regulation that in the past has been used only against Arabs.

Israel Radio said Kahane's arrest stemmed from army intelligence reports that he was forming an armed underground to fight West Bank Palestinians.

The three students borrowed a total of 428 taped textbooks from Recording for the Blind during their college studies. The New York-based organization lent 90,000 recorded books to over 13,000 students and professionals

Otter becomes juvenile delinguent

SEATTLE (AP) — Tichuk, the teen-age Alaskan sea otter, is becoming a juvenile delinquent and his keepers at the Seattle Aquarium are trying to keep him from a life of crime.

Tichuk has removed a drain from the bottom of his tank and filled it with 10 pounds of rocks. He's pulled loose underwater lights and cables. He's even fi-gured out how to remove nuts and bolts from the

gured out now to remove nuts and bolts from the window frames in his pen. "He keeps disabling the device for keeping the water level stable in the pool," says John Nightin-gale, general curator for the aquarium. "He keeps threatening to flood us out." Not only is Tichuk a devil, he's also something of a

pig. He weighs 55 pounds, but eats about 16 pounds a day of clams, crab, squid and rockfish filets. That's normal for sea otters, who consume 30 percent of their body weight at five daily meals.

"It's the equivalent of one of us eating 180 Big Macs a day," Nightingale said. Nightingale is quite ready to give Tichuk a second

chance and more.

Tichuk — the name means "sea otter" in the language of the Nootka Indians — is the first sea otter born in captivity to live more than a few weeks, Nightingale said.

On Friday, Tichuk will be 1 year old, which is the equivalent in human development of 13½ years, Nightingale said. When full grown, he'll weigh about 100 pounds.

He's become so rambunctious in the past two to three weeks that the aquarium staff spends much of its time repairing the damage he inflicts on the 74,000-gallon outdoor tank he shares with his mother and father and other otters.

"This isn't any kind of a malicious problem," says Nightingale. "It's just curiosity and energy, like any 13½-year-old."

The cost of the damage is not great yet. But, Nightingale said, "it's a very big staff problem because we have to drain down and go in there and patch all the concrete he's broken, put back all the wires he pulls out."

Wires he pulls out." Tichuk is adept at bringing up 35-pound rocks from the bottom of the 13-foot-deep pool and using them as drills to bore into the tank's concrete ledges. "He'll often go down and stick a rock on his stomach to hold him down while he pulls on the light cords," says Nightingale.

The aquarium staff is considering diversionary tactics to slow Tichuk's vandalism.

They may put live fish in his tank for him to watch and give him new toys and supervised play peri-

At his birthday party, scheduled Friday, the Seat-tle Sounders soccer team is dropping by with a soccer ball for him, Nightingale said.

But there are no plans for corporal punishment. "We wouldn't want to do that," said Nightingale. "He's just doing it for fun. We don't train any of our animals on purpose.

Tichuk, the first captive-born sea otter ever to live more than a few weeks, is giving his keepers fits at the Seattle Aquarium. Shown eating a clam, the Alaskan sea otter pup has become so rambunctious in the past several weeks that the aquarium staff spends much of its time repairing the damage he inflicts on the 74,000-gallon tank he lives in with the aquarium's other sea otters. BUSINESS MIRROR Private enterprise still faces threats **By JOHN CUNNIFF**

NEW YORK (AP) — The most influential political party of the past 40 years has been the Socialist Party, said Prof. Richard Eels. "Almost every plank of its 1932 platform is now law."

Eels commented in support of his thesis that threats to private sector enterprise in the United States, though more subtle, are just as real as they are in some of the world's poorer, less developed nations.

In such countries the retreat of the private sector - not just its businesses but institutions, rights and freedoms too - may be forced by revolutionary

takeovers, guerrilla wars, cartels and terrorism. In the United States, says Eels, the attack is dispersed, but equally relentless: Protest against institutions, growing dependence on government,

erosion of private property rights and freedoms. "The absence of a highly visible socialist-commu-nist movement here is simply the absence of a familiar symbol of enterprise under attack, rather than an indication there is no attack at all." Eels declares.

declares. Eels has just written "The Political Crisis of the Enterprise System," a little volume with an alarm-ing theme: Private enterprise could be on its way out if it doesp't adjust to political realities. But, said Eels in an interview, private enterprise doesn't protect itself in the political arena. Its avoids mixing its economic well-being with political issues. Its critics know politics better.

One of the paradoxes, said Eels, is that those who benefit and profit from the productivity of private enterprise — bureaucrats, political figures, academ-ics — are among its most persistent attackers... Yes, he agreed, sometimes even the President of the United States and the U.S. Congress, when votes

are to be found in that direction.

It appears, he writes, "that whatever distrust the public has of government, it is not as high as that felt toward the business community." Government en-terprise may be preferable, that is, simply because it is considered a lesser evil.

The professor isn't vindictive; he treats the issue as a social and political phenomenon, though his personal belief is that the loss of private enterprise means the diminution of choice, of freedoms, of creativity, of private property and even of personal privacy.

He is not a doomsayer though; in fact, a púrpose of the book, one of many he has written as director of Columbia University's program for the study of the modern corporation, is to describe a rescue plan.

The modern corporation must view its environment as global, he said, because business enterprise is worldwide and so are its problems. He places great store in corporate governance and self-regulation.

"The business corporation, in the fullest realization of its potential, should be a microcosm of the larger society," he writes. It cannot, he says, consider economics - profits - its sole guidepost.

Instead, it must be pluralistic, as the larger society is. It must consider and factor into its decisions a variety of forces: government regulation, consumer-ism, environmentalism, stockholder activism.

Eels quotes Derek C. Bok, Harvard president, as he announced a major revision of curriculum at the business school. Management, said Bok, exists not simply to serve shareholders, but:

"... To exercise leadership in reconciling the needs of stockholders, customers, employees, and suppli-

DEATHS

Benton Riddel

Services for Benton Riddel, 65, 1202 W. Michigan Ave., were to be at 11 a.m. Thursday in the First United Methodist Church here with the Rev. J.B. Stewart and Dr. Charles Lutrick officiating. Graveside services will be at 11 a.m. Friday in Crestview Memorial Park Cemetery at Wichita Falls directed by Newnie W. Ellis Funeral

Riddel died Tuesday at his home after a sudden illness.

He was born June 15, 1914, in Bryson. He spent his early life at Bryson in Jack County. He attended Draughans Business College and Abilene Christian College. In 1942, he entered the U.S. Air Force, serving in the South Pacific.

Upon discharge in 1946, Riddel returned to Wichita Falls, where he worked for a perforating company. He went to work for Welex in 1952 and retired in June 1979 after working for 27 years.

He was a member of the First United Methodist Church of Midland, A.P.I., A.I.M.E. and Midland Kiwanis Club.

Survivors include his wife, Gyps a son, Gregg Riddel of Bakersfield, Calif.; and two sisters, Wella Reep and Alma Burgess, both of Amarillo.

Pallbearers will be J.O. Black of Seminole, Okla.; Tommy Jinks and M.E. McCook, both of Abilene; Wendall Holmes of Perryton; John Braue of Midland and Donald Wirz of Kopperl.

Honorary pallbearers will be Welex Company employees and Buddy Woods Class of the First Methodist Church.

M.L. 'Lou' Roy

M. L. "Lou" Roy, 52, 5201 Thomason Drive, died Monday in a Houston hospital following a lengthy illness.

Services were to be at 10 a.m. today in Newnie W. Ellis Funeral Home chapel with Pete Adcock of Fouruare Church officiating. Burial was

to be in Resthaven Memorial Park.

Mrs. Roy was born April 1, 1928, in

Nixon, where she lived until 1945 when she moved to Midland. She married Wallace Henry Roy on Nov. 6, 1945, in Nixon. She was a member of the Women's Bowling League. Survivors include two daughters,

Mrs. Jerry (Peggy June) Wilson and Mrs. Donny (Kathy) Thornton, both of Midland; four brothers, Robert Harper of San Antonio, Richard Harper and Floyd Harper, both of Rock Falls, Ill., and T.C. Harper of San Antonio; four grandchildren and several nieces and nephews.

William Brown

ODESSA - William Lee Brown, 72, of Odessa died early Wednesday in an Odessa hospital following a brief illness.

Services will be at 10 a.m. Friday in the Crescent Park Baptist Church here. Graveside services will be at 3 p.m. in the Coahoma Cemetery directed by Hubbard-Kelly Funeral Home of Odessa.

Brown was born April 5, 1908, in Kingston, Okla. He was married to the late Nannie Elizabeth Thomas May 8, 1931, in Stanton. He moved to Odessa in 1950 from Coahoma. He was a pumper for Amoco Oil Co. He retired 10 years ago. Brown was a member of the Crescent Park Baptist Church and was a past master in

Coahoma Masonic Lodge No. 992. Survivors include a brother, Hosea Brown of Odessa; two sisters, Dovie Sorge and Susie Eggleton, both of Midland: and several nieces and nephews.

Arthur Weber Jr.

AURORA, Colo. - Arthur Weber Jr., 64, of Aurora and formerly of Midland, Texas, died here April 27 of an apparent heart attack.

A native of St. Louis, Mo., he had lived in Midland from 1949 to 1967 where he was employed with Bethlebem Steel Corporation. He retired from that corporation in 1974 as manager of field operations in Tulsa, Okla. He was a graduate of Missouri School of Mines.

garet; a son, Robert C. Weber of Texas; two daughters, Jane Klever and Margery Shoaf, both of Denver; and seven grandchildren.

Mrs. E.R. Atwill

ALTADENA, Calif: - Mrs. E.R. Atwill, a longtime former Midlander, died Monday in Altadena, Calif.

She and her husband, E.R. Atwill, lived in Midland during the 1960s. Atwill was the head of Union Oil Co. in Midland.

Survivors include three sons, James Houston Atwill of Port Aransas, Douglas Eugène Atwill of Santa Fe, N.M., and Edward Robert Atwill

of Bakersfield, Calif.; and four grand-

'Bill' Murray

FORT STOCKTON - Services for Bernard John "Bill" Murray, 57, of Fort Stockton, formerly of Midland, will be at 2 p.m. Friday in First United Methodist Church with burial in East Hill Cemetery directed by Fort Stockton Funeral Home.

He died Tuesday in a Fort Stockton hospital after an 11-month illness.

Murray was born Aug. 7, 1922, in Winchester, England. He moved to Fort Stockton in 1961 from Midland. He was married to Bettine Palmer Dec. 2, 1946, in England. He was a cabinet maker and a Methodist. He had served in the Royal Air Force in England.

Othér survivors include his wife, a daughter, his mother, five sisters and a grandson.

'Dick' Montgomery

Services for Thomas "Dick" Montgomery, 83, 211 E. New York Ave., were to be at 2 p.m. today in the Newnie W. Ellis Funeral Home chapel with the Rev. Ross Payne of Cottonflat Baptist Church officiating. Burial was to be in Resthaven Memorial Park.

Montgomery died Tuesday morning in a Midland nursing home.

Pallbearers were to be grandsons Dickson Carder of California, Cecil Carder of Amarillo, Stephen Montgomery and Dennis Montgomery of Midland, Johnnie Montgomery of Hobbs, N.M., and Lonny Montgomery of Garland.

Honorary pallbearers were to be Katie L. Miller of Long Beach, Calif., and Katy E. Eaton of Midland.

SEOUL, South Korea (AP) - Antigovernment demonstrators drove at least three commandeered city buses into police lines today, injuring at least seven officers, as an estimated 50,000-100,000 students hattled security forces on the approaches to the capitol building in Seoul.

The demonstrators in the hijacked buses slowly pushed back barricades, as their colleagues hurled torn-up blocks of sidewalk at riot police who responded with tear gas and clubs. Army reinforcements with fixed bayonets and at least 20 armored personnel carriers rushed in to help the police.

Some 10,000 students also protested in Kwangju, 150 miles south of Seoul, injuring seven policemen. And pro-tests involving 20,000 students erupted in the four southern cities of Taegu, Chonju, Suwon and Inchon.

The protesters in Seoul began their march from the main railway station where they had massed for a sit-down demonstration after riot police fired tear gas to rout 5,000 other protesters who tried marching on the capitol building from the YMCA, a mile away.

The students chanted slogans demanding the lifting of martial law and the resignation of military strongman and Korean CIA chief Lt. Gen. Chun Doo-hwan. More than 2,000 riot police with helmets, shields, tear gas guns and clubs were deployed around the city.

On Wednesday, 30,000 students in Seoul and an estimated 20,000 in five other cities clashed with police. In Taegu, the third largest city 140 miles south of Seoul, 500 students reportedly attacked police stations and set fire to a police bus and wrecked three police cars vehicles.

Buses driven into police in Seoul

More than 850 persons, almost all students, have been arrested in the last three days of street demonstrations, which followed nearly two weeks of on-campus rallies. Many of those arrested have been

released, but police said they would charge leaders involved in violent clashes with police.

Police said 258 policemen and 27 civilians were injured Tuesday and Wednesday. Thirty-nine were hospitalized.

Political sources said President Choi Kyu-hah is expected to speed up the timetable for South Korea's return to democracy in response to the huge student demonstrations.

Choi, who took power after Park Chung-hee was assasinated last October, is scheduled to return home Saturday from his state visits to Saudi Arabia and Kuwait. Sources said he may decide to return sooner because of the unrest here. The president is likely to call for a

new constitution, elections and the installation of a new president by the

end of the year, the sources said. The government has promised to prepare a new constitution this year and hold elections next spring, but opponents complain the timetable for reform has been vague.

Demonstrators contend that Chun who heads both the Korean Central Intelligence Agency and the Defense Security Command, has been trying to grab power by prolonging the mar-tial law rule and by delaying a new constitution.

The government has said martial law, which was declared after Park's assassination last year, will only be lifted when the country returns to political stability.

Carter administration goofed by selling engines to Iraq

WASHINGTON (AP) - The Carter administration has admitted that it made a mistake when it failed to tell Congress before it licensed the sale of ship engines to Iraq.

But Assistant Secretary of State Deane Hinton denied Wednesday that the administration had violated a law which requires that Congress be notified before the executive branch licenses U.S. sales to nations which the secretary of state says support terrorism. Iraq is on that list.

On Jan. 23, the administration ap-proved the sale of eight engines for four frigates being built by Italy for the Iraqi navy.

The engines weren't on a list of items the Carter administration had banned for sales to certain nations. Hinton told the House Mideast subcommittee the engines shouldn't have been sold, but he denied there was any violation of law.

THURSDAY, MAY 15, 1980

Annual West Texas Geological Society awards were presented at the organization's annual meeting Tuesday. From left, are W. T. Schneider, a member of the Awards Committee; Dick Jons, honorary life membership recipient; Jerry Sides,

recipient of the Dedicated Service Award; J. P. H. "Pat" McMullan, recipient of the Distinguished Service Award; and Harry Miller, outgoing president of WTGS.

Jons receives WTGS life membership

By Joe Salman **Oil Editor**

. The West Texas Geological Society presented its annual awards and announced its 1980-81 officers at the annual meeting Tuesday noon in the Midland Hilton.

Dick Jons, a geologist with the L. R. French Co., received the society's top award - life membership in the society; Jerry Sides received the Dedicated Service award, and J. P. H. "Pat" McMullen was presented the Distinguished Service Award.

The new officers are Bill Thorsen, president; Toby Carleton, presidentelect; Bruce Pearson, first vice president;, Dan Kozak, second vice president; Bob Swanson, treasurer, and Mary Van der Loop, secretary. Harry Miller is the out-going presi-

dent.

The society also announced the annual scholarship recipient. She is Charlene Bynum, a senior at Midland

High School. She plans to major in geology at Texas A&M University. Larry Wollschlager, chairman of the Scholarship Committee, present-

ed her with the \$1,500 scholarship. Jons is a past president of WTGS abd gas served on many of the society's committees. He also served as treasurer, vice president, and president of the Permian Basin Section of the Society of Economic Paleontologists and Mineralogists. That organization also has honored Jons with honorary life membership.

His professional career includes work with Seaborad Oil Co., Ralph Lowe and Monsanto where he was exploration manager.

Jons was responsible for the discovery of the Coral Canyon field and was a member of the team that led Ralph Lowe to the discovery of the Indian Basin area. With Monsanto, he was primarily responsible for the discovery of the Rock Creek and Burton Flat Morra gas fields.

Service Award, is senior exploration-ist for West Texas with The Superior Oil Co. He has been with that firm \$1 years.

He started with the company as a geological scout and during his career has served in many capacities in every area of rhe Permian Basin.

He has served on many committees with WTGS, and was president in 1975-76. At the national level, he has served

the AAPG on several committees. The Permian Basin Section of

SEPM recently honored Sides with honorary life membership. McMullan, recipient of the Distrin-

guished Service Award, manager of the Midland Sample Cut the last 18 vears. His award recognized his outstand-

ing service to the Midland Oil Scout Association and his work with Midland Sample Cut.

Miller presented the annual development paper to the WTGS member-

Wildcats, field area projects announced in Basin areas

Gulf Oil Corp. announced location for a 4,390-foot wildcat in Lubbock County, 13 miles east of Lubbock.

It is No. 3-A Yvonne Pounds, 660 feet from south and 467 feet from east lines of lot 7, Kokernot subdivision, League 2, San Augustine County School Land survey. The project is one location west of production in the Stinnett, Southeast

pool which produces at 4,585 feet.

CROCKETT WILDCAT

MRJ Corp. of Houston No. 3 George L. Thompson is to be drilled as a 2,500-foot wildcat 2.7 miles southeast of Iraan in Crockett County.

Location is 467 feet from south and 2,201 feet from east lines of secton 71. block 1, I&GN survey. Ground elevation is 2,191 feet. Drillsite is 5/8 mile northeast of the

lone well in the Noelke, West (Felker) pool which produces at 838 feet.

MRJ also will re-enter and clean out to 840 feet the former Coyle Oil Syndi-cate No. 1 Henry M. Halff, a 1,382-foot failure 3/4 mile northeast of the

926.1 feet from north and 3,142 feet from east lines of section 70, block 1, I&GN survey and three miles southeast of Iraan.

MENARD AREA

Trans-Western Exploration Inc. of Midland spotted a pair of wildcats in Menard County, eight miles north-west of Menard. They are near the depleted Nazera (Strawn 3500 and Goen oil) field.

The operator will drill no. 1-12 Henrietta Harrison as a 4,000-foot project 1,500 feet south of depleted Strawn production and one location southwest of depleted Goen production.

and 467 feet from east lines of section 12, block 2, TW&NG survey, abstract 1610. Ground elevation is 2,266 feet.

cat 1/4 mile east of depleted Strawn

The drillsite is 660 feet from north

northerly north line and 1,650 feet from the west line of Thomas J. Neeley survey No. 73 1/2.

RUNNELS TRY

Abilene Oil & Gas Co. announced location for a 5,200-foot wildcat in Runnels County, 3 miles southwest of Wingate.

It is 5,000 feet from south and 1,850 feet from west lines of section H, John Early survey No. 449. It will be drilled as No. 1 J.C.

Harrell. Drillsite is one location east of the depleted Harkins (Gardner) field

DEEP WINKLER TEST

Getty Oil Co. No. 1-40-21 University has been staked as a 20,500-foot project 7/8 mile east of the Ellenburger discovery well of the Little Joe (Ellenburger) field which has three producers.

The new project is 1,320 feet from north and west lines of section 40, block 21 University Lands survey and five miles southwest of Wink.

PECOS DRILLSITE

Mobil Production Texas & New Mexico Inc. No. 3 Charles B. Athey "C" has been spotted as a 5,500-foot Delaware test one location west of production in the Coyanosa, North (Delaware) pool of Pecos County, 23 miles northwest of Fort Stocton.

Drillsite is 1,980 feet from south and 1,670 feet from west lines of section 44, block OW, TTRR Co. survey, abstract 8376.

CRANE AREA

Southland Royalty Co. of Midland No. 1-19 Bryant is a new 6,900-foot project in the Crawar (Devonian, North) field of Crane County, six miles southeast of Monahans.

The operator staked location 467 feet from south and east lines of section 19, block B-18, psl survey. It is one lcoation west and slightly

south of production in the extreme north portion of the pool.

WARD OFFSET

Texaco Inc. No. 3 State of Texas "DL" will be drilled as a 12,000-foot project in the War-Wink, South (Wolfcamp) field area of Ward County, six miles northwest of It is 1,707 feet from north and 1,980

Mexico Inc. No. 3 Bruce Cox,has been staked as an offset to production in the five-well Alkali Creek, Southwest (Flippen) field of Fisher County, six miles east of Roby. It is 14,500 feet from north and 990

PAGE 1D

feet from west lines of G. W. Lawrence survey no. 330. Contract depth is 3,500 feet.

NOLAN RE-ENTRY

Grand Banks Energy Co. of Midland will re-enter its No. 1 J. P. Hutchins, former Goen producer in the Hat Top Mountain field of Nolan County, two miles north of Hylton.

The project was drilled to 5,480 feet and completed from the Goen through perforations from 5,129 to 5,132 feet earlier this year.

The operator will test above 5,005 feet.

Location is 990 feet from south and 1,980 feet from west lines of section 188, block 64, H&TC survey.

SCHLEICHER TESTS

Tucker Drilling Co., Inc. of San Angelo No. 1-40 Wilson is a new test one location northwest of one of the four wells in the Velrex, West (Can-yon oil) pool of Schleicher County, 14 miles northwest of Eldorado.

Scheduled on a 7,612-foot contract, is 467 feet from south and east lines of secrion 40, HE&WT survey. Ground elevation is 2,474 feet.

Northwest Producing Properties of Wichita Falls spotted No. 1-2 Cahill as a southeast offset to one of the three wells in the Carl Cahill (Strawn oil) pool of Schleicher County, 15 miles northeast of Sonora.

The 4,500-foot test is 1,980 feet from north and 467 feet from west lines of section 2, block K, GH&SA survey. Ground elevation is 2,247 feet.

VAL VERDE PROJECT

A 1/2-mile northeast stepout to the Vinegarone (Strawn) field of Val Verde has been staked by Phillips Petroleum Co.

The project is No. 2 Cauthorn "C" 21 miles northeast of Juno and 1,500 feet from south and 2,250 feet from west lines of section 1, block B, C&M survey, abstract 496.

Contract depth is 10,400 feet.

WINKLER COUNTY Amoco No. 1-A Ida Hendricks: Apollo (Ellenburger); td 19,107 feet, pbtd 16,700 feet, perforated from 16,-658-16,000 feet, preparing to drill out

Arnoco No. 1-IK State: wildcat; drilling 780 feet. Arnoco No. 1-IK State: wildcat; td 15,642 feet, pbtd 14,665 feet, perforated from 13,111-13,224 feet, acidized perfo-rations with 7,600 gallons, preparing to test. CABLE TOOL

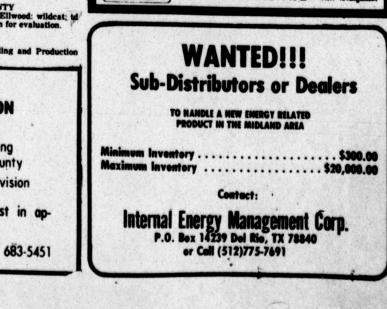

water and gas at a rate of 227,000 cubic feet in seven hours. Amoco No. 1-B Brantley Gas Com-munitized: undesignated morrow gas; tot 13,240 feet, perforated from 7,051-7,-176 feet, preparing to swab. Amoco No. 1-AE Federal: undesig-nated; tot 12,730 feet, shut in. Amoco No. 1 Alley: undesignated morrow; drilling 4,032 feet in lime and shale. Amoco No. 1-GG State Communi-tized; wildcat: tot 13.000 feet, shut in. Amoco No. 1-GA State: wildcat; drilling 12,035 feet in lime, set 9%-inch casing at 11,850 feet.

LOVING COUNTY American Trading Co. No. 1 Thax-ton: wildcat; actdized perforations 4,-250-4,270 feet with 2,000 gallons, frac-tured perforations with 5,000 gallons and 22,750 sacks of sand, abut in tubing pressure 700 pounds, flowed on 18/64-inch choke and recovered 30 barreis of water and 4 barreis of oil in an unre-ported time. tized: wildcat; td 13,600 feet, shut in. Amoco No. 1-IB State: undesignat-ed; td 10,776 feet, perforated from 10,496-10,544 feet, preparing to acl-

ported time. LYNN COUNTY

dize. Amoco No. 1-IC State Communi-tized: undesignated; drilling 5,125 feet in lime and shale. Amoco No. 1-IE State Communi-tized: undesignated; td 11,671 feet; wäiting on completion unit. Amoco No. 1-II State: wildcat; drill-ing 7,225 feet in lime and shale.

Eleven WT wildcat projects reported Eleven more wildcat operations staked No. 1-A J. J. Gibson as a have been announced in West Texas 6,000-foot wildcat in northeast King County, 14 miles northeast of Aminoil USA, Inc., operating from Guthrie. Midland spotted an 8,750-foot Ellen-

Drillsite is 1,780 feet from north and 1,320 feet from west lines of section 2, A. L. Jacobs survey, abstract 677.

It is one mile northeast of the Probable (Canyon oil) pool which produces at 4,475 feet and one mile southwest of the Prudcence (Atoka gas) pool which produces at 6,136 feet.

MARTIN EXPLORER

Laguna Petroleum Co. of Midland No. 1 Heald Estate will be drilled to 12,500 feet in an attempt to reopen the Bizeo (Mississippian oil) pool of Martin County, 15 miles northwest of Lenorah.

It is 2,000 feet from nroth and 2.120 feet from west lines of section 7, block 36, T-3-N, T&P survey.

It is 5/8 mile southeast of the field's depleted discovery well.

REEVES WILDCAT

The Superior Oil Co., operating from Conroe, spotted its No. 2 Camp Phillips Petroleum Corp. No. 1 Cas-Unit in Reeves County, eight miles tle "A" is a new 10,500-foot wildcat in north of Pecos. Howard County, 6.5 miles northwest

The prospector, scheduled to 6,600 feet, is 850 feet from northwest and 2,250 feet from southwest lines of section 3, block 4, H&GN survey.

It is 1 1/4 miles northeast of Delaware gas production in the multipay MiVida field. The Delaware gas is from approximately 5,000 fee.

HALVEY PROJECT

Halvey Energy Co. of Midland announced plas to re-enter a 13.270-foot dry hole in Reeves County and test to total depth as a wildcat.

It is No. 1 Blake Unit, 990 feet from north and east lines of section 40. block 55, T-5, T&P survey and 14 miles west of Pecos.

The originally was drilled and abandoned by Louisiana Land and Exploration Co. in July 1975. It is a south offset to a well in the

Athens (Devonian gas) pool.

STERLING AREA

Cotton Petroleum Corp., operating from Midland, staked its No. 1 Ferguson "A = as a 5,800-foot wildcat in Sterling County, 30 miles southwest of Sterling City.

The project is 3/4 mile east and slightly north of a 6,028-foot dry hole and on mile northeast of the Cope field which produces at 6,031 feet.

Drillsite for the new test is 1,320 feet the well finaled for a daily pumping from south and 660 feet from west potential of 17 barrels of 42.5-gravity lines of section 38, block 2, T&P suroil and two barrels of water, through perforations from 9,390 to 9,450 feet. The gas-oil ratio is 2,235-1.

WARD TEST

vey.

HNG Oil Co. of Midland No. 5-103 Texfel is a 7,650-foot wildcat in the Pitzer, South (Delaware oil) area of Ward County, 10 miles south of pyote

It is 2,690 feet from northeast and 660 feet northwest lines of section 103, block 34, H&TC survey.

Ground elevation is 2,623 feet.

TERRY WILDCAT

Larry Johnson 563-1130 Mark Jones

Extoril Producing Corp. of Midland No. 1 Newsom is to be dug as a 10,000-foot Wolfcamp wildcat in Terry County, 14 miles west of Brownfield. Operator staked the project 990 feet from south and 660 feet from west lines of section 89, block D-11, C&MRR survcy.

Ground elevation is 3,414.4 feet.

sentimental journey

By AMY DAVENPORT, ANGELA TOMPKINS, BECKY WILSON, and TRACY BEEBE

The tapers burn low with the closing of the 1980 Bulldog school year. A year of love, laughter and musty memories. We, your Chatter writers, have enjoyed reporting happenings week by week and as a final goodbye we would like to ask you to think back with us and "Try to Remember"

Try to remember the kind of September when bright eyed sophomores wandered wonderingly through the halls at their first taste of Bulldog Land. When seniors thrilled with pride of authority and Juniors teetered on a tight rope in between. As time speeds on, its nice to remember (with a chuckle) the fire of October our much publicized Panther bonfire and the fantastic dance. Yes our homecoming festivities were treasures added to everyone's memories. We remember the Bulldog pride which never faltered; the largest number of Pack backers ever; the superdog barbeque; the victory posters and yard signs; the closeness of victory with a subtle sting of defeat; and the after-game dances that made eveything right again.

All the while activities were never ceasing. The student council provided student handbooks and an occasional garage sale, while each class constantly greeted the Bulldogs with new things to buy: bangles, suckers, tshirts, and pens. The Key Club enhanced the school's appearance by planting greenery around, and the annual staff made its first deadline. Father time flips another page of the calendar. Deep in December we remember the Texas warm weather which brought a hot Christmas. Try to recall when life was so tender, dreams were kept beside your pillow and visions of sugar plums danced to the tunes of the Acappella choir drifting down the halls of Bulldog Land. As the old gave way to the new, and we saw the last of '79, the new year brings even more recollections. Along came the beauty and charm of dazzling Winter Wonderland coronation and the snow that mystically appeared. Then the tables were turned with the hearts and flowers of St. Valentines Day. No one will forget the livelylaughs brought by the Honor Society telegrams.

Try to remember when the grass was green and grain ws yellow ith the coming of spring. All too soon it was time to elect cheerleaders and student officers for another September. A tear may glisten in the eyes of many seniors next Sunday at Baccalaureate service, which brings the realization that a 12 year phase of their life has come to a close and many of their friends they may never see again as they go their separate ways.

So as these events still fresh, become memories of later years, please

keep in mind that although Bulldogs may have differed in physical and emotional nature, religious beliefs and personal convictions, the elements of tradition and common goal bind us all and make us one forever. The Senior's high school days are almost over, yet we hope we have left some things in our lingering footsteps which the upcoming will "Try to Remember" and follow

SENIORS: Look forward to the All Night Party right after Commencement, May 30 from 11 p.m. to 4 a.m. at the National Guard Armory! Hourly prizes will be given away, with the grand prize being a MO-PED donated by 1st National Bank and Peytons. Tickets will be on sale starting Monday in the trophy room during lunch for \$7 per person. If you wait too late, it will cost you \$9. Don't miss it.

At this time we would like to welcome your new Chatter Writers for next year: Julie Guyton, Vicki Madden, and Cathy Woods. We are so excited about these girls and know they will try to the best of their ability to live up to our expectations. (If it can be done!) Next week they will be initiated and will help write the Chatter, so everyone be watching for the "new blood"

The new Junior Council Officers for next year were elected last Thursday morning. They are: Daniel Tighe, president; Gerry Gilliland, vice president; Sharon Hartman and Connie Caton, secretaries. Congratulations gang! And a BIG thnks goes to the outgoing officers: Gerard Alcala, president; Randy Stough, vice president; Chris Burchett and Lexie Latimer, secretaries; and Shana Boiles, treasurer. Thanks for a job well done and we will miss you all

ATTENTION EVERYONE!!! May 24th, Saturday from 9-1 will be the End of School Twerp Dance! A live band, "Prairie Fire", will be playing all the latest music including western! All you kickers and nonkickers grab a Bulldog and come on out to the best danceof the year. The admission is FREE if you are a youth center member and only \$1 if not. All you freshmen are invited to the dance so come on out and meet the people you will be going to school with next year. If you freshmen buy your 1980-81 youth center membership cards, you get in free. These cards will been sale in your school Friday the 16th and Thursday and Friday the 22nd and 23rd. So everyone deck out for the best and last dance of the year.

> Love and gossip Amy, Angela, Becky, and Tracy

P.S. Thanks for all your help and typing expertise throughout the year Rasco, We love you!!

Dyer, 2,090 fsl, 550 fwl
