Another pre-hearing conference to consider any matters arising between now and that date is set for Aug. 9. A PUC spokesman said a formal order designating parties might be issued Friday.

The Credit Crunch

Much of the nation's economic problems have been blamed on the so-called "credit crunch," and as a result, building a good credit background is becoming increasingly hard, especially for young people. Read about it in Sunday's Reporter-Telegram.

Drivers Training for Patrolmen

Patrolmen spend about 90 percent of their time in their cars. Yet state requirements require only in-class drivers training. And, under the new curriculum this fall, no drivers training is necessary. Is it really needed? Find out in Sunday's Reporter-Telegram.

Helen Hagnes, who disappeared after telling friends she was going to meet star Valery Panov, apparently died after a chance encounter backstage Wednesday night, police

The mystery deepened when Panov said he did not know Miss Hagnes. Police indicated she may have been the victim of a modern-day "Phanth-

om of the Opera." An autopsy was scheduled today to determine what caused the death of the 30-year-old professional musician, whose body apparently was dropped 60 feet from the opening of a rooftop air duct to a protruding beam below. Police said there were no apparent wounds on her body.

The murder occurred some time after Miss Hagnes left the orchestra pit between portions of the ballet company's program.

The company performed its sche-duled ballet, "The Idiot," with the orchestra playing music by Dmitri Shostakovich on Thursday night as more than a dozen detectives combed the building for clues.

Although the murder was a topic of conversation among the crowd of some 3,200 ballet fans, neither the ballet troupe nor the orchestra of free-lance musicians publicly mentioned the killing. -

Clements proposes increasing oil taxes, blaming Congress

Associated Press Writer

AUSTIN (AP) - Gov. Bill Clements has opened a possibility that the Legislature could increase state oil production taxes by about \$2.6 billion a year and blame it all on Congress.

The added revenue would greatly ease the financial pressure on the 1981 Legislature for major spending items such as teacher pay raises and higher welfare costs.

Clements raised the issue publicly in a letter urging Attorney General Mark White to sue the federal government immediately to invalidate the Windfall Profits Tax.

He said the Windfall Profits Tax would "invade the sovereign power of the state by coercing Texas" to increase its own oil tax from 4.6 percent to 15 percent of market value.

The Windfall Profits Tax Act allows up to 15 percent to state taxes before computing what

they owe the federal government. "By not raising the rate in Texas to 15 percent, the state would deprive its citizens of tax dollars which would

ment for distribution to the other states," Clements said in his letter to White.

Texas' oil production tax is one of the nation's lowest and is less than half of Louisiana's 12 percent.

Comptroller Bob Bullock's office estimates a 15 percent oil production tax would raise \$3.8 billion a year, compared with \$1.2 billion under the present rate, assuming June oil prices and no drop in production.

Prices will be decontrolled in October, however, and are expected to rise. Clements predicts the Windfall Profits Tax would cause oilmen to shut down some marginally product-

Clements said at his weekly news conference he has discussed the 15 percent production tax with Lt. Gov. Bill Hobby, Speaker Bill Clayton and the staff of the Texas Energy and Natural Resources Advisory Council. "All we are doing is exploring this.

There has been no conclusion reached," Clements said. Asked if raising the production tax

would violate his no-new-taxes policy, Clements said: "I could make a case it does not violate it. ... We would in fact be retaining a major portion of that

Windfall Profits Tax within the

On another money matter, Clements said that despite state agencies' requests for major budget increases, he remains convinced the Legislature can give Texans some tax relief in

"As of this time, I have reason to believe the surplus (at the close of

\$800 million to \$1 billion," he said.

Clements said he will recommend an emergency pay raise for state employees at the start of the legislative session in January and also favors a teacher pay increase - but not the 33 percent over two years sought by the Texas State Teachers Association.

He said he would oppose putting money from a state college tuition increase into university construction but might go along if the Legislature had to approve each separate build-

this biennium) will be in the range of Odessa, Midland councils meet

By LANA CUNNINGHAM Staff Writer

ODESSA - The concept of turning the Permian Basin Law Enforcement Academy, now based in Midland, into a regional academy independent of federal funding was approved Thursday by the Odessa City Council.

The action came during a joint meeting of the Odessa and Midland city councils gathered in City Hall here for the first time in recent history. Purpose of the meeting was to start eliminating the animosity between the two cities and to start working together.

The future of the police academy was the focus of the two-hour ses-

In the past, the Law Enforcement Assistance Administration provided about \$24,000 to help in running the academy. But continued funding may be halted by the federal government, and the cities will be notified by Oct.

MEANWHILE, A NEW class at the police academy starts Sept. 8, it was pointed out to the councils. Preliminary plans call for setting

up a board of directors to govern the academy with a manager to handle day-to-day problems. Money would come from participating counties who would pay a specified amount per ceritified employee and a tuition fee for each student.

Midland has been furnishing the location for the academy and supplying the instructor, who cost the city about \$30,000 a year in salary and benefits, said Midland City Manager James Brown.

Midland Councilman Carroll Thomas suggested setting up the board to consist of Midland and Odes-

police chiefs and sheriffs.

Midland Mayor G. Thane Akins pointed out that the Army Reserves building at Midland Regional Air Ter-

minal could be utilized as a new site for the academy. "It has a gym, exercise area and facilities for classrooms," he said, adding that it is a more centralized location.

ODESSA COUNCILMAN Lawson Cook said it would be better to have a plan ready to fall back on when Oct. 1 comes and the funds don't, in order to continue the program.

Neither city has received popula-tion data from the Census Bureau. Richard Hennessy, director of planning and community development in Midland, said his staff is working on housing counts and vacancy counts in various tracts of the city. This data will be compared with the Census Bureau figures to verify the numbers, he said.

Midland Regional Airport, which serves both cities, has a 3 percent increase in boarding figures this year to date, according to Col. Wilson Banks, director of aviation for Mid-

Projects under way at the airport include construction of a new flight service station, building a new taxiway for general aviation, builing an access road that will connect with FM 1788 and constructing a new control tower. In addition, Banks said, future projects will include improvement of the road system around the airport, expanding the airport terminal and adding two to four new jetways on the

THE DIVIDING LINE between Midland and Odessa, known as the extra-territorial jurisdiction line, was reviewed by both councils. Hennessy pointed out that Odessa's map showed it to be farther east than it should.

An Odessa staff member said the city's master plan showed residential areas and major thoroughfares in the future extending to that line, which

Billy Carter registered under protest last week as a foreign agent for Libya's leftist government to avoid a full grand jury investigation. He has acknowledged receiving from Libya \$220,000 in installments on what he

has described as a \$500,000 loan. Both the White House and the Justice Department insist there was no collaboration during the depart-

ment's investigation of Billy. "The department has nothing whatsoever to hide with regard to this investigation," said Attorney General Benjamin Civiletti. He said there were no pending investigations of

Billy Carter. Shortly after the Senate created the special panel Thursday, Powell told reporters the White House will provide any information sought by the committee about Billy Carter's ties to the Libyan government and about his contacts with the White House staff and the Justice Department.

"We believe, the president believes, that we will come out all right in the end because we have behaved in a proper manner in regard to this issue and the best way to make that clear to

the American people is to provide the maximum possible information," he

After ordering a search of White House files and records, and talking to White House aides who dealt with Billy on the Libya issue, Powell released new information about White House meetings that had not been included in a statement issued just two days before.

He said Rosalynn Carter had telephoned Billy Carter from the presidential retreat at Camp David, Md., last November to ask "whether he thought he might be helpful" in gaining release of the American hostages Powell did not say when the call

was made, but said he believed Brzezinski already had spoken to Billy Carter about becoming an intermediary to enlist Libya's help in securing release of the hostages. However, the New York Times, in today's editions, quoted an unidentified "individual familiar with the arrangements" as saying the Rosalyn Carter call was

Billy set up a meeting between him, Brzezinski and the Libyan charge d'affaires, Ali Houderi, on Nov. 27. Shortly afterward the Libyan government urged Iranian revolutionary leader Ayatollah Ruhollah Khomeini to free the hostages.

Powell also said that at the president's request Brzezinski arranged a meeting between President Carter, Houderi and Brzezinski on Dec. 6.

Texas temperatures

Extended forecasts

Although temperatures have been slightly more bearable and West Texas has even had a few fleeting chances of rain in the past few days, the heat wave is far from over. Midland temperatures are on the rise

The National Weather Service is predicting fair conditions and a high near 100 through Saturday, with continued hot afternoons and no chance of rain or storms. The overnight low should be in the upper 60s. Winds will be from the south at 5-10

mph. Thursday's high of 99 fell just four

degrees short of the record high of 103, set in 1958. The overnight low of 70 was far above 1976's record low of

Widely scattered showers and thunderstorms were forecast today for the Panhandle and portions of Southeast

But the shower activity was not expected to be widespread enough to make a substantial dent in the heat

The remainder of Texas was to have clear skies and continued hot

Police are investigating apartment burglaries

Heat wave is still not over

A total of \$1,893.95 worth of items were reportedly taken Thursday in two apartment burglaries in the same apartment complex.

Eunice Marie Hodges, 4410 E. Lan-ham St. No. 66-E, told officers she left for work at 8 a.m. When she returned about 2 p.m., she found her door kicked in and the apartment ransacked.

Taken were a .25-caliber pistol, .380caliber automatic pistol, .32-caliber revolver, a \$100 bill, \$50 bill and various bills and change amounting to \$200. Estimated value of the cash

and weapons was placed at \$529.
The guns were taken from a bedroom nightstand, and the cash from jars in the kitchen, according to police reports.

Sometime between 12:45 p.m. and 2: 15 p.m., someone entered the apartment at 4410 Lanham St., No. 64-E and stole a color portable television, queen size bedspread, various cloth-ng, black coral necklace, pink coral necklace, silver and turquoise necklace, various costume jewelry, men's underwear and several cigarette lighters.

The items were valued at about

Wanda Stamper reported the burlary to police. According to reports, ntry was gained through a north bedroom window. Exit was through the front door.

Several other burglaries and thefts and one accident with injuries also were reported to Midland police.

Phil Durrett of 3400 Whitmire Blvd. told officers that between 11 a.m. and 2:30 p.m. Thursday someone entered his apartment and stole four \$20 bills. a glass containing about \$15 in change, a hunting knife, calculator and \$8 in half-dollar coins.

A money bag containing \$223 was reported stolen from New Method Cleaners, 2104 N. Big Spring St. Thursday.

Petronilo Ramirez said the bag was under the counter. He discovered it missing when he went to get change

for a customer. Tammy Lee, 11, 1716 E. Oak St., received minor injuries when she apparently jumped from a moving car in the 1700 block of East Oak Ave-

She suffered scrapes and abrasions and was treated and released from

Midland Memorial Hospital. Grass fires kept Midland firefighters jumping Thursday, with four reported at 11:50 a.m., 12:27 p.m.,

4: 33 p.m. and 5: 24 p.m. The first was at a vacant lot in the 3400 block of Thomason Drive. It was extinguished with 50 gallons of water. The second was a man burning mesquite and grass at County Roads 1218 S and 180 W. The last two were the same fire at New York Avenue and Lee Street. The man had a permit to burn the grass, but according to Fire Department reports, the fire had gone out of control when firemen were

called the last time. Four people were transported by city ambulance.

runs east of the county line into Midland County.

Odessa City Manager Kerry Sweatt said the dividing line is important to future growth in that area. "There should be some serious thinking about what's going to happen as we grow together," he added.

Both staffs outlined progress on acquiring rights of way for the North Route, or Highway 191, that will connect the two cities.

Midland County is working on acquiring nine tracts from seven property owners and expects to have the land purchased by October, said Fred Baker, director of public works.

ECTOR COUNTY, on the other hand, has completed its right of way purchases.

Midland Mayor Akins explained MidTran to the Odessa staff, saying it has proven to be a success for taking

subscription riders to and from work.

improve our chances in Austin and Washington, D.C.," he said.

Plane not allowed to land at Tehran

KUWAIT (AP) - Iranian President Abolhassan Bani-Sadr closed Tehran's airport today to prevent the landing of a hijacked Kuwaiti jetliner with about 40 people aboard, Pars news agency said. The aircraft flew to the Iranian

capital from Abadan, the oil refining city in southwestern Iran, the official news agency said. After Bani-Sadr ordered Mehrabad

Airport closed, the hijacked plane was reported circling over Iranian airspace in the vicinity of Tehran, Kuwait airport sources said.

The aircraft spent some seven hours on the ground in Abadan, the state radio reported.

The Arab hijackers, who have forced the plane to make four landings in two days, were reported to have threatened to blow up the plane unless they get \$750,000 they claim a Kuwaiti merchant owes them.

Fatma Faqih, a Kuwaiti journalist among 37 women and children released by the hijackers in Kuwait Thursday night wrote in her newspaper Al-Anbaa that the hijackers said they would free the passengers and crew still held by them and then blow up the aircraft if their demands are not met.

Miss Faqih and the other released passengers said the hijackers were armed with pistols and grenades.

Competency hearing is scheduled

DAINGERFIELD, Texas (AP) - A defense request for further psychiatric tests is expected during a competency hearing in Morris County Monday for Alvin Lee King III.

King, accused in a June 22 shooting spree at the First Baptist Church here that left five worshippers dead and 10 wounded, is undergoing psychiatric testing at Rusk State Hospital.

King's attorney, Percy Foreman of Houston, said he would enter a report made by Dr. James A. Hunter, clinical director of maximum security at Rusk, at the 10 a.m. hearing.

Foreman said he would ask that more tests be made on King. "I think both sides will be in agreement for further tests, " he said.

King allegedly shot himself in the head after spraying the church's congregation with gunfire.

District Attorney Charles Mac Cobb said he would not comment on whether he would oppose anticipated de-fense motions to delay the proceed-

ed price-gouging scheme supposedly carried out by Banks and Lawrence. Testimony indicated that BWA&B and Midland's Tom Brown had inklings that they being "ripped off" via inflated water-hauling fees charged by Lawrence and approved The government contended that after Lawrence was paid by the two oil producers, he would give Banks a 10 percent kickback in turn for giving him the oil field water-

of a dozen government witnesses, earlier had testified that the suspected price gouging was going on. However, Lawrence testified that Lohrenz had told him about six weeks ago that talk about kickbacks involv-

ing Lawrence and Banks were just "I'm sorry that I ever said anything about it, really," Lawrence said Lohrenz told him. "It (price gouging) was just bar room discus-

sion, and it just got out of hand." Since the investigation started, Lawrence has gotten out of the oil field water-hauling service. But he still does other oil well servicing work for Tom Brown Inc. and for major oil companies. He said that his business was better than before.

However, Banks, who was fired by Joe Bander of BWA&B in September 1978, said that he has not worked since then. Banks said it's difficult for a petroleum engineer to get a job while he's under indictment for "theft."

Father says victim offered to drop charges for money

Edward McCain)

Sunken treasure given to junk yard

NEW ORLEANS (AP) - A private salvage company - not the state of Florida - owns any booty recovered from a Spanish galleon that sank in the Florida Straits in 1622, a federal appeals court has ruled.

In its 2-1 decision Thursday, the 5th Circuit Court of Appeals said Treasure Salvors Inc. and its owner, Mel Fisher of Key West, Fla., have the salvage rights to the Nuestra Senora de Atocha, which was carrying a fortune of gold and silver when it sank.

The court upheld an earlier decision by U.S. District Judge William O.

Parkview to get certificate for controlling patient costs

Parkview Hospital will soon receive a 1980 Certificate of Participation in the patient cost containment efforts set forth by the Texas Voluntary Effort campaign. The hospital was the only one in the Midland-Odessa area to be acclaimed by the Texas Hospital Association in its current issue as meeting the criteria for the award. Hospital Administrator Thomas

Moses said this was the third year of the three years the program has been in operation that Parkview made the statewide list.

In 1978, the Texas Hospital Association, the overseeing body for the Texas hospital industry, began the Texas Voluntary Effort program to control costs to the patients. The program was part of a national effort which commits hospitals to reduce

"We're the only hospital (in the area) that got it," Moses said Thursday. "Parkview has voluntarily made innovations to reduce costs.'

the national rate of cost increase by 2

percent a year.

One specific cost-cutting move Parkview made this past year was providing an ambulatory care service. This service, which Midland Memorial Hospital is currently working into its program, allows patients "one-day service" in surgery with no overnight stay.

"We started this as a trial," Ann Bryant, operating room supervisor, said. "They (the patients) come in the day before their surgery to get their lab work done, meet with the anesthetist, and get their paperwork subscriptions payable i

done." Then, she said, the day of the surgery the patient is admitted, placed in a bed to get vital signs and pre-operative medication. Then, they are admitted to surgery and released from the hospital soon after they are dismissed from the recovery room.

"Once they meet the recovery requirements," Mrs. Bryant said, indicating signs of stability, they are released. "It saves them the time and

money," she said, of an overnight

Moses said patients can either be recommended for this one-day operation by their doctor, or the patient may even suggest the ambulatory care operation to the doctor.

'The doctor will do it either way." Mrs. Bryant said.

DEATHS

Travis Mims

Travis Mims, 17-month-old infant son of Mr. and Mrs. Anthony McMaryion of 3201 West Storey Ave. in Midland, died Wednesday in a Midland hospital following a brief ill-

Funeral arrangements are pending at The Good Samaritan Funeral Home in Shreveport, La. Local arrangements were handled by Thomas Funeral Home.

The child was born Jan. 31, 1979, in Louisiana.

Survivors include his parents and his grandparents, Mr. and Mrs. J.J. Johnson of Midland, and Ruth Mims of Shreveport, La.

Santiago Parrera

ANDREWS - Rosary for Santiago V. Parrera, 82, of Sanderson was recited Thursday in Andrews. Mass was to be said at 11 a.m. today at Our Lady of Lourdes Catholic Church with burial in Andrews Cemetery.

Parrera died Wednesday in an Andrews hospital following a brief illness.

He was born Nov. 18, 1897, in Musquiz, Mexico, and came to the United States in 1911. He was married to Aurora Arredondo Oct. 12, 1923, and moved to Sanderson from San Antonio 64 years ago. He was a retired fence contractor and a member of the Sanderson Catholic parish.

Survivors include his wife: four sons, Santiago Parrera Jr. of Andrews, Homero Parrera of Pecos, Gilbert Parrera of San Antonio and Juan Manuel Parrera of Odessa; three daughters, Rita Gonzales of Andrews, Suzanna Silvas of Monahans and Virginia Ochoa of Del Rio; four sisters, Hustolia Falcon of Toya, Alvesa Parrdo of San Diego, Calif., Estefana Gonzales of Fort Stockton and Emma Parrera of San Antonio: four brothers, Valentin Parrera Jr. of Fort Stockton, Manuel Parrera of San Antonio, Elipidio Parrera of McCamey and Dedio Parrera of Odessa; 18 grandchildren and six great-grand-

Charles Bale

ODESSA - Services for Charles William Bale, 48, of Odessa and formerly of Midland, were to be at 10 a.m. today in Northside Baptist Church with burial in Sunset Memorial Gardens directed by Hubbard-Kelly Funeral Home.

He died Tuesday in an Odessa hospital following an illness.

Bale was born Oct. 13, 1931, in Beckville. He was self-employed at J&B Feed Store. He was married to Lois Woodrome Aug. 23, 1952, in Clovis, N.M. He moved to Odessa from Midland in 1956. He was a member of Northside Baptist Church.

Survivors include his wife; a son, Roger Bale of Odessa; two daughters, Betty Bale Spruill and Janet Bale Warren, both of Odessa; two sisters, Eva Adkisson and Edna Adkisson; and two grandchildren.

Ashley McNeil

PECOS - Graveside services for Ashley Anne McNeil, infant daughter of Mr. and Mrs. Gary L. McNeil of McCamey, were Thursday in Fairview Cemetery directed by Pecos Funeral Home.

The infant died Wednesday in a Midland hospital.

Survivors include her parents: two sisters, Carrie McNeil and Jamie McNeil, both of McCamey; her grandparents, Mr. and Mrs. Floyd McNeil of Odessa, Mr. and Mrs. Bobby Mahan of Pecos and Mr. and Mrs. James Brammer of Midland; her great-grandparents, Mr. and Mrs. L.D. McNeil of Pecos and Mr. and Mrs. Carl Hooper of Mineral Wells; and a great-great-grandmother, Bessie Hughes of El Paso.

Billy A. Allen

LUBBOCK — Services for Billy Aaron Allen, 53, of Lubbock, brother of A.J. Allen of Midland, will be at 11 a.m. Saturday with the Rev. Wayne

Perry, Baptist minister, officiating. Burial will be in Resthaven Memorial Park directed by Franklin-Bart-

ley Funeral Home. Allen was found dead of a gunshot wound in the chest Tuesday night in the hallway of his mobile home. Wolfforth Peace Justice Melvin Powers ruled the death as a homocide.

He was employed by American Sterilization Co. During World War II. he was stationed in the South Pacif-

Other survivors include his wife, three daughters, two stepdaughters, a stepson, his mother, two brothers, a sister and four grandchildren.

Wilbur Harris

McCAMEY - Services for Wilbur Mansfield Harris, 85, of McCamey were to be at 2:30 p.m. today at First Baptist Church of McCamey, with the Rev. Leonard Lee officiating. Burial was to be in McCamey Cemetery under the direction of Dennis-Gregg Funeral Home.

He died Wednesday in a Crane nursing home after a two-month ill-

Harris was born Aug. 15, 1894 in Sour Lake, and was married to Alma Verona Sheffield July 30, 1918 in Seagoville. A McCamey resident since 1926, he managed the Oil Well Supply Machine Co. for six years before establishing the Harris Machine Shop. He retired in 1970.

He was a member, deacon and former Sunday School teacher at the First Baptist Church of McCamey, a 63-year member of the Masonic Lodge, a member of the Lions Club and a former board president of the McCamey Independent School Dis-

Survivors include his wife; a son, Leon Harris of Lubbock; a sister, Ella Bird Altmanns of Portland, Ore.; five grandchildren and six greatgrandchildren.

Jessie Freeman

LUBBOCK - Services for Jessie Lorine Freeman, 50, of Lubbock, sister of Maurine Fergurson of Midland, were to be at 1:30 p.m. today in the Church of the Livivng God with Elder L.F. Bowie, minister, officiating.

Burial was to be in City of Lubbock Cemetery directed by South Plains Funeral Home.

Mrs. Freeman died Sunday in a Lubbock hospital following an ill-

She had lived in Lubbock a month and was formerly a resident of Redwood City, Calif.

Other survivors include her father, three sons, three brothers, two sisters and four grandchildren.

Lynn Aylesworth

PLAINVIEW - Services for Lynn R. Aylesworth, 69, of Pleasanton, brother of Clyde Aylesworth of Midland, will be at 2 p.m. Saturday in Wood-Dunning Funeral Home chapel here. Burial will be in Plainview Cem-

Aylesworth died Tuesday at his home after an illness.

He was born in Plainview and lived here 30 years before moving in 1941 to San Antonio. During World War II he worked as a civilian at Kelly Field. After the war he established Ayles-worth Aviation where he sold planes and trained pilots. At the time of his death, he was an employee of Stinson Field in San Antonio.

Other survivors include two sons, two daughters, two sisters, three brothers, 14 grandchildren and 11 great-grandchildren.

Maria Rojas

RANKIN — Graveside services for Maria Abalos Rojas, infant daughter of Mr. and Mrs. Francisco Rojas of Iraan, were to be at 10 a.m. today in Rankin Cemetery directed by Dennis-Gregg Funeral Home.

She died Wednesday in a San Angelo hospital.

Survivors other than the parents include three sisters, Rosa Maria Rojas, Rachel Rojas and Marrisa Rojas, all of Iraan; and a brother, Michael Rojas of Iraan.

Sellers funeral set Saturday

LONDON (AP) -Peter Sellers will be cremated Saturday following a private family funeral at the Golders Green Crematorium in North London.

Sellers, whose 54 movies over a span of 29 years made him one of the world's most popular comedians, died in Middlesex Hospital early Thursday, 34 hours after suffering a heart attack in his hotel suite. He was

Friends said it was his ninth heart attack since 1964, but only four had been reported publicly.

Sellers' fourth wife, British actress Lynne Frederick, who flew to London from California after he collapsed and was with him when he died, was in seclusion in his suite at the Dorchester Hotel.

Today was her 26th birthday, and Sellers had planned to fly to California to spend it with her.

'She's coping very well," said Theo Cowan, Sellers' publicity agent and an old friend. Among the close friends admitted to the time ... The motion picsuite to extend their condolences Thursday was Lord Snowdon, Princess Margaret's ex-husband.

Cowan said flowers and messages were received from thousands of friends and fans, and there were many public

Streets cordoned off after eight shot

CHATTANOOGA, Tenn. (AP) — Tactical police teams shot out streetlights and cordoned off a predominantly black housing project after eight officers received minor gunshot wounds in the worst of three nights of violence in this racially tense city.

The shooting occurred about two hours after a dusk-to-dawn curfew took effect Thursday, closing all retail businesses in this southeast Tennessee city of 170,000. The curfew was imposed after two nights of firebombings, lootings and rock-throwing that followed a jury's acquittal of two Ku Klux Klansmen in the shooting of four black women.

At sunrise today, police spokesman Bob Gill said 26 people had been arrested and jailed overnight for violating the curfew and six people had been taken into custody in connection with the police shootings. No charges had been filed, Gill said.

During the night, there were at least 10 firebombings and one arson fire, Gill said. He said the damage citywide was tentatively set at \$29,000.

All eight police officers were hit in one burst as police attempted to get people off the streets. A ninth officer cut his hand while trying to rescue comrades who were in the line of fire.

The streets were generally empty Thursday night in the city's heavily industrial, predominantly black Alton Park area where the ambush occurred. But there were reports of scattered sniper fire in

other areas and reports of at least two firebomb-Mayor Charles "Pat" Rose said his curfew order

probably would continue through tonight. It was the latest eruption of violence that began in Chattanooga's streets Tuesday night. Trouble began a few hours after an all-white jury acquitted two Klansmen and convicted a third on reduced charges in the April 19 shotgun woundings of four black women.

The city's black leaders, among them Harry Hill, a spokesman for the Youth Coalition, said the Klan verdict was just one element in the explosive mix including poor housing and unemployment that sparked the violence in a city with an estimated black population of 35 percent.

"We're going to all the project areas tonight, trying to talk to the people, trying to cool them down," Hill said before the shootings erupted. "Everybody's starting to go off now ... and every-body's making the wrong moves — right down to the curfew. We're trying to avoid the funerals. We had some people die here in '71."

In May 1971, four nights of race rioting brought National Guardsmen and a curfew to this city.

One of the wounded officers, Patrolman John Bodkin, returned to the scene after being treated at Erlanger Hospital and released. Hospital officials said six other officers were treated for superficial injuries and released, while two officers refused

"We were investigating a couple of bonfires and a roadblock in the middle of the project," Bodkin said. "We were trying to get people back in their houses and off the street.

"As we cleared the area, we were literally am-bushed," he said. "I believe there was more than one gun. I don't know how many shots were fired. Some of our officers returned the fire."

A police official had said earlier that all seven officers apparently had been hit with one shotgun

With a revolver stuffed into his waistband, Rose arrived at the Alton Park area shortly after the fray to survey the situation.

"The whole purpose of the curfew was to try to avoid escalation of this trouble," Rose said. Asked if he would ask for National Guard troops, he said, "We'll just take it one step at a time, OK?"

George Key, Chattanooga chapter president of the National Association for the Advancement of Colored People, said the curfew, by itself, is inad-My reaction to it is this is only a Band-Aid over a

festering sore," Key said. "It won't do any good to

run the problems underground." Meanwhile, civil rights leader Rev. Jesse Jackson said he planned to fly to this city today from Chicago to meet with community leaders and tour the housing projects.

Jackson, head of the self-help group Operation PUSH — People UNited to Save Humanity, — said he was called by "some of the young people in the projects who have been involved in the crisis" and by

"We have to appeal, even during moments of high frustration, for the shooting to cease," he said in a predawn telephone interview.

The jury on Tuesday acquitted William Church, 23, who calls himself the Imperial Wizard of the Justice Knights of the Ku Klux Klan, and member Larry Payne, 26, of four counts each of assault with intent to commit murder that resulted in bodily injury.

Worried About How You'll Look With A Hearing Aid?

Chicago, Ill.-A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike . . . and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 42300, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

DRY ANDREWS

EDDY CO

FRIDAY, JULY 25, 1980

Amoco spots deep Lea wildcat; strikes complete in Eddy, Chaves

Amoco Production Co., operating from Hobbs, N.M., announced location for a 13,000-foot wildcat in Lea County, Perry R. Bass completed a Strawn discovery in Eddy County, and C. E. Larue and B. N. Muncy reported potential test on a San Andres discovery in Chaves County.

SER

The Amoco wildcat in Lea County is No. 1 Robinson Communitized eight miles northwest of Monument. Location is 1,980 feet from north and east lines of section 14-19s-35e.

EDDY DISCOVERY

Perry R. Bass No. 64 Big Eddy Unit, drilled as a Morrow wildcat, has been completed as a gas discovery in the Strawn through perforations from 10,904 to 10,910

The Eddy discovery, three miles southwest of the Indian Flat (Morrow) field and nine miles west of Carlsbad, completed for a calculated absolute open flow potential of 1,628,000 cubic feet of gas per day. Stimulation, if any, was not reported.

Total depth is 12,485 feet and 5.5-inch casing is cemented on bottom.

The well is 660 feet from south and 1,980 feet from west lines of section 33-21s-28e.

CHAVES STRIKE

Larue and Muncy completed their No. 1 Martin as a San Andres discovery in Chaves County, four miles southwest of Boaz.

On 24-hour potential test it pumped five barrels of 29-gravity oil, with gas-oil ratio too small to measure, through perforations from 2,645 to 2,654 feet.

Total depth is 2,880 feet and 4.5-inch casing is cemented on bottom. The San Andres was topped at 1,996 feet on ground

elevation of 4,031 feet. Location is 2,310 feet from south and 330 feet from west lines of section 20-7s-29e. It is six miles northeast of the Twin Lakes (San Andres) field.

LEA FIELD WORK

David Fasken of Midland announced location for a 12,000-foot project in the Midway (Devonian) field of Lea County, seven miles southeast of Lovington. The project, No. 2 Warren, is 2,200 feet from north and 880 feet from west lines of section 8-17s-37e.

Rex Alcorn of Roswell, N.M., spotted his No. 3 Bobbie

as a 5,650-foot project in the Arkansas Junction field of Lea County, nine miles northwest of Monument. It is 330 feet from south and 2,310 feet from west lines of section 20-18s-36e.

LEA FIELD WELL

Amoco Production Co. No. 4-FU State has been completed in the Airstrip (Wolfcamp) field of Lea County, 6.5 miles southwest of Buckeye.

Operator reported a daily pumping potential of 145 barrels of oil, gravity not reported, and 77 barrels of

Completion was through perforations from 9,252 to 9,286 feet after 6,800 gallons of acid and 49,000 gallons of fracture fluid. The gas-oil ratio was too small to

Total depth is 10,800 feet, 5.5-inch pipe is set on bottom and hole is plugged back to 10,755 feet. Location is 1,980 feet from north and east lines of section 25-18s-34e.

EDDY PROJECT

HNG Oil Co. of Midland announced location for a project in an undesignated Morrow area of Eddy County, 26 miles south of Lakewood.

Scheduled as No. 1-32 Moseley Springs-State Communitized, it is 660 feet from south and 2,030 feet from west lines of section 32-23s-25e. Ground elevation is

ROOSEVELT PRODUCER

The Todd, Northwest (San Andres) field of Roosevelt County, N.M., gained a new well with completion of Pennzoil Company No. 1-7 Roosevelt-State.

It completed for a 24-hour pumping potential of 25 barrels of oil and seven barrels of water, through perforations from 4,195 to 4,246 feet after 7,500 gallons of acid and 19,300 gallons of fracture fluid. Gravity of the oil is 22.8 degrees, and the gas-oil ratio

Total depth is 4,401 feet in the San Andres, and

4.5-inch casing is cemented on bottom. The plugged back depth is 4,364 feet.

The San Andres was topped at 3,405 feet on ground elevation of 4,259 feet.

Wellsite is six miles southwest of Highway and 1,980 feet from north and east lines of section 7-7s-35e. It is 5/8 miles northwest of other Todd, Northwest (San Andres) production.

Operators complete wells, schedule project sites in West Texas counties

J. M. Palmer of Midland announced location for an offset to the lone well in the Dawson, East (Devonian) field of Crane County, 10 miles south of

The project, No. 2 Jack Bell, is one

location southeast of the discovery well - Palmer No. 1 Jack Bell. Contracted to 5,500 feet, it is 1,980

feet from northwest and 660 feet from southwest lines of block 6, TMRR

MITCHELL LOCATION MEG Petroleum Corp. of San Ange-

lo has amended locaton on its No. 2 M. Wilson, scheduled 6,200-foot project in the two-well McCabe (Pennsylvanian) field of Mitchell County, 14 miles southwest of Maryneal.

Originally staked 1,667 feet from south and 1,395 feet from west lines of section 6, block 12, H&TC survey, it now will be drilled 2,567 feet from south and 600 feet from west lines of the same section.

KING DRILLSITE

DRY HOLES

BTA Oil Producers of Midland No. 2 7907 JVP-King is to be drilled as a 6,200-foot test in the Prudence (Atoka

gas) pool of King County, 14 miles northeast of Guthrie. Location is 1,600 feet from north

and 2,600 feet from west lines of section 12, D. N. Robinson survey, abstract 697. It is 3/8 mile southeast of an Atoka gas well.

PECOS COMPLETIONS

PDC Gas Co. of Midland potentialed its No. 8 University in the Cardinal (Queen, west) field of Pecos County, three miles southeast of Bakersfield. It finaled on the pump for eight

barrels of oil, gravity not reported, through perforations from 1,517 to 1,586 feet. The gas-oil ratio is 9,375-1. The pay was acidized with 1,000 gallons and fractured with 4,000 gal-

Total depth is 1,850 feet, 5.5-inch pipe is set at 1,640 feet and plugged back depth is 1,640 feet.

The pay was topped at 1,517 feet on ground elevation of 2,635 feet. Location is 1,980 feet from south and west lines of section 4, block 17, University Lands survey.

C. F. Lawrence & Associates Inc. No. 1 Wright is a new well in the Fort Stockton, South (Queen) field of Pecos County, 15 miles southeast of Fort Stockton.

It finaled for a calculated absolute open flow potential of 463,605 cubic feet of dry gas per day, through perforations from 2,672 to 2,675 feet. The pay was acidized with 6,000 gallons. Hole is bottomed at 2,900 feet, 5.5-

inch pipe is set at total depth and plugged back depth is 2,735 feet. The pay was topped at 2,672 feet on ground elevation of 3,112 feet.

The well is 1/2 mile west of other

Queen production and 1,170 feet from north and east lines of section 7, block 131, T&StL survey.

CRANE PUMPER W. M. & A. P. Fuller of Fort Worth

No. 2 Ewell McKnight and others, a re-entry project in Crane County, has been completed in the Armer (Clear Fork) field.

The operator reported a daily pumping potential of 16.76 barrels of 35.7-gravity oil and 62.16 barrels of water, with a gas-oil ratio of 1,432-1. Completion was through perfora-

tions from 4,416 to 4,450 feet after a 3,000-gallon acid treatment and a 30,-000-gallon fracture job.

Total depth is 6,700 feet, 7-inch pipe is set at 6,469 feet and hole is plugged back to 4,750 feet.

Location is 1,980 feet from south and 660 feet from west lines of section 10, block B-17, psl survey and 25 miles northwest of Crane.

LUBBOCK OILER

H. L. Brown Inc. of Midland recently completed his No. 2 Gray in the Edmission, Northwest (Clear Fork) field of Lubbock County, three miles northwest of Lubbock.

It finaled for a 24-hour pumping potential of 41 barrels of oil and 56 barrels of water, through perforations from 5,271 to 5,406 feet.

Gravity of the oil is 25.8 degrees and the gas-oil ratio is too small to mea-Total depth is 5,500 feet, 4.5-inch

pipe is set on bottom and hole is plugged back to 5,445 feet. Location is 1,980 feet from south and 1,834 feet from east lines of sec-

Fort Worth energy fair to be model

tion 39, block A, GC&SF survey.

WASHINGTON (AP) - An "energy independence fair" next month in Fort Worth, Texas, will be used as a model for others around the country, says House Majority Leader Jim

The Fort Worth Democrat said Wednesday about 150 booths from businesses and government agencies will be set up Aug. 8-9 at the Tarrant County Convention Center with information about how individuals can save energy.

ANDREWS COUNTY

UPTON COUNTY Amacker-Tippett, South (Wolfcamp) re-entry: D. W. St. Clair, Midland, No. 1 Windham; 667 feet from south and 2,065 feet from east lines of section 16, block 2, JK&T Jurvey, 14 miles northwest of Rankin, old total depth 133,050 feet.

Republican Jim Bradshaw, a former mayor pro tem of Fort Worth. has mounted what some observers consider to be the strongest challenge in years to Wright, a 25-year veteran of Washington. "I expect to be re-elected. The polls

I have seen are very reassuring," Wright said about the race. In reply to a question, he said Brad-

shaw's campaign is certainly the most well-financed campaign against

The majority leader refrained, however, from characterizing it as the strongest he has faced.

The fair will be financed by an opening luncheon, with tickets selling for \$10 per person, and a \$1 admission fee for everyone except students, senior citizens and children accompanied by adults.

Wright said any profits will be donated to charity.

The exhibits will include information about home insulation, alcohol fuels, simple solar technology and other devices that individuals can

Representatives of the Internal Revenue Service will be available to explain tax credits for insulating homes and using solar energy.

Oil companies will be among the exhibitors with information about new methods for reaching maximum recovery, Wright said.

Lovelady schedules wildcat; Tenneco potentials opener

Ike Lovelady Inc. of Midland announced location for a Mitchell County wildcat, and Tenneco Oil Co. reported potential test on a Borden County discovery.

Lovelady No. 1 Lottie will be drilled as a 7,850-foot wildcat 12 miles northwest of Westbrook in Mitchell Coun-

It is 2,250 feet from north and 2,173 feet from west lines of section 64, block 20, Lavaca Navigation Co. sur-

There are several dry holes in the area, and the drillsite is 3/8 miles northeast of a former 7,550-foot producer in the depleted Dunn field.

BORDEN OPENER

Tenneco No. 1-5 Phillips Clayton Johnson was potentialed to open Fusselman production 10 miles southwest of Gail in Borden County.

Operator reported a 24-hour pumping potential of 77 barrels of 33.4gravity oil, through perforations from 9,732 to 9,751 feet. The pay was aci-

dized with 2,000 gallons. Total depth is 9,900 feet and 5.5-inch casing is set on bottom.

The Fusselman was topped at 9,723 feet on kelly bushing elevation of 2,597 The strike is 1/4 mile north of 8,266foot Canyon reef oil production in the Luck Pot field and four miles north-

west of Fusselman oil production in the Good, Southeast field. Locatiion is 1,980 feet from south and 2,170 feet from west lines of section 5, block 32, T-4-N, T&P survey.

MARTIN OUTPOST

RK Petroleum Corp. of Midland No. 1 RK-Union is to be drilled as a two-mile northeast outpost to the discovery well of the Breedlove, South (Strawn) field of Martin County, eight miles north of Tarzan.

It is No. 1 RK-Union, 660 feet from south and 4,170 feet from east lines of league 251, Ward County School Land

Contract depth is 11,000 feet.

IRION ACTIVITY

Operators have announced field potentials on two wells in Irion County and the staking of a field project.

Energy Reserves Group, Inc., of Midland completed its No. 2-59 Ela C. Sugg "A" as a Wolfcamp well in the multipay Ela Sugg field 14 miles northeast of Barnhart.

The well, 3/4 mile southwest of other Wolfcamp gas production, completed for a calculated absolute open flow potential of 1,030,000 cubic feet of gas per day, with gas-liquid ratio of 26,000-1. Gravity of the condensate was 60.7 degrees.

Completion was through perforations at 7,726-8,021 feet after a 30,000gallon fracture job.

Location is 1,980 feet from north and east lines of section 59, block 14, H&TC survey.

The Baker Ranch multipay field of Irion County gained a Canyon gas producer with completion of Fortune Drilling Co., Inc., of San Angelo No. 2 Phillips "A."

The well, one mile northeast of the closest Canyon gas production, completed for a calculated absolute open flow potential of 1,684,000 cubic feet of gas per day, with a gas-liquid ratio of 67,900-1. Gravity of the fluid is 68

The well finaled from pay behind casing perforations from 6,647 to 6,769 feet after 1,000 gallons of acid and 44,800 gallons of fracture solution. Total depth is 6,998 feet and 4.5-inch

casing was set at 6,990 feet. Location is 2,180 feet from south and 1,984 feet from west lines of section 1231, GC&SF survey.

ARCO Oil & Gas Co., operating from Midland, staked No. 2-24 J. R. Scott Estate 1/2 mile east of a well in the Irion County portion of the Spraberry Trend Area, 12 miles northeast

Scheduled on a 6,400-foot contract, it is 1,980 feet from north and east lines of section 24, block 14, H&TC

DAWSON WELL

Petroleum Exploration & Development Funds Inc. of Midland No. 1 Marshall is a new well in the Block 35 (Dean) field of Dawson County, five miles southeast of Lamesa.

The operator reported a 24-hour pumping potential of 15 barrels of 39-gravity oil and 12 barrels of Completion was through perfora-

tions from 8,500 to 8,508 feet after 1,000 gallons of acid and 72,000 gallons of fracture fluid. The gravity and gas-oil ratio were not reported.

Total depth is 8,700 feet and 4.5-inch casing is set on bottom. The plugged back depth is 8,650 feet. The seventh well in the field, it is one location north of other Dean pro-

duction and 660 feet from south and

west lines of section 36, block 35,

T-5-N, T&P survey.

Rocker A Well Service Inc. of Post No. 2 FNB-Dallas is a new well in the AFG (Clear Fork) field of Garza County, 10 miles northeast of Post. On 24-hour potential test it pumped

78 barrels of 37-gravity oil and 39 barrels of water, through perforations from 3,420 to 3,476 feet after 7m000 gallons of acid and 30,000 gallons of fracture fluid.

Total depth is 3,620 feet, 4.5-inch casing is cemented at 3,619 feet and plugged back depth is 3,574 feet.

It is the fourth well in the field and one location west of other Clear Fork production. The wellsite is 660 feet from south and 2,010 feet from west lines of section 112, TW&NG survey.

TERRY COMPLETION

Getty Oil Co., operating from Midland, filed potential test with the Railroad Commission of Texas on its No. 3 Nystel "B" (formerly No. 3 Nystel), a new well in the Corrigan (Fusselman) field of Terry County.

The producer, the ninth in the field, completed for a daily flowing potential of 106 barrels of 35.6-gravity oil, through a 20/64-inch choke and perforations from 11,482 to 11,488 feet and open hole at 11,1494, where 5.5-inch casing is set, and total depth of 11,519

The perforated zone was acidized with 1,000 gallons, and the open hole section was acidized with 500 gal-

The well is one location northeast of other Fusselman production and 990 feet from north and 2,173 feet from east lines of section 9, block C-38, psl

Exxon Corp. staked a pair of projects in the six-well Means, South (Wolfcamp oil) pool of Andrews County, three miles northeast of An-

Each will be drilled to 9,500 feet. No. 322 J. S. Means A/C 4 is to be dug 660 feet from north and 2,020 feet from west lines of section 20, block A-44, psl survey. It is 1,500 feet north of production.

Exxon No. 323 J. S. Means A/C 4 will be drilled 660 feet from south and 2,020 feet from west lines of section 12; block A-45, psl survey and 3/4 mile west of Wolfcamp production.

Texfel Petroleum Corp. of abilene No. 2 R. H. Gibson has been completed in the Harp (Strawn) field of Nolan County, 5.5 miles northeast of Maryn-

The operator reported a daily flowing potential of 122 barrels of 45.5gravity oil and eight barrels of water, through a 14/64-inch choke and perforations from 6,178 to 6,186 feet.

The gas-oil ratio was 520-1. Drilled as a wildcat, the well is bottomed at 7,009 feet, 4.5-inch casing is set at 6,463 feet, and the plugged

back depth is 6,456 feet. Wellsite is 2,310 feet from north and 467 feet from west lines of section 49, block X, T&P survey.

decline of the prime lending rate to its lowest level in 20 months failed to ignite the stock market Thursday as prices sagged in active trad-

ing.
The Dow Jones average of 30 industrial stocks fell 2.47 to 926.11. Declines outnumbered advances by an 8-7 margin among New York

Stock Exchange issues.

Chase Manhattan Bank
cut its prime lending rate to 10.75 percent and was matched by a few other banks, with most major banks still at 11 percent. Not since November 1978 has the prime rate been below 12 percent. Mobil and Gulf were

among oil companies repor-ing large profit increases, but the boosts had been largely anticipated and oil stocks showed small or no gains. Mobil rose % to 78% and Gulf was up % to 44%.
Volume on the Big Board was 42.42 million shares,

compared to 45.89 million the day before. The NYSE composite index fell .08 to

Standard & Poors' index of 400 industrial stocks fell .13 to 137.80 and S&P's composite index of 500 stocks dropped .14 to 121.79.

At the American Stock Exchange, several Canadian oils managed small advances and helped push the Amex market value index up 1.26 to 317.92.

In the over-the-counter market, the NASDAQ composite index rose .10 to

Livestock

AMARILLO, Texas (AP) — Texas Panhandle and western Oklahoma feedlot roundup. Confirmed: 3900.

Trade slow in the Panhandle area Thursday. Slaughter steers steady. Helfers steady to 50 higher. Feedlots reporting fair interest at best from most buying sources. Sales on 3000 slaughter steers and 900 helfers. 52,700 head sold for the week to date. Note: all live cattle prices based on net weights fob the feedlot after 4 percent shrink.

Slaughter steers: good and mostly choice 2-3, 70-85 choice, 1025-1125 lbs., 72.50-73.00; mixed good and choice 2-3, 1025-1100 lbs., 71.50-72.25.

Slaughter helfers: good and mostly choice 2-3, 900-1000 lbs. 68,00-69.00; load mixed good and choice 2-3, 800 lb., 66.00.

BUSINESS MIRROR More bankruptcies blamed on reforms

By JOHN CUNNIFF

NEW YORK (AP) — Bankruptcies this year are occuring at a greater rate than in 1975, when a record 224,000 were filed, and some lenders are blaming the Bankruptcy Reform Act, which took effect last 'Consumer Bankruptcies Grow.'.. Is Greed A Rea-

son?" asks the National Consumer Finance Association in one of a series of position and background papers sent to news people during the past week.

The association concedes the recession's role in the increase, which it estimates at 24 percent greater

than a year ago, but it suggests the public is exploiting the law rather than merely seeking its It asks provocatively: "Are Americans becoming less concerned about their financial responsibilities and any possible social stigma attached to

bankruptcy?" Other suggestions are also posed as "Are consumers rushing to this traditional last resort merely to avoid paying debts?" it asks. "Are others motivated by greed encouraging people to declare bankruptcy when it is not necessary?"

The association, made up of consumer finance and other loan companies, appears to place much blame on lawyers who advertise their "bankruptcy expertise" and urge clients to exploit the new, more liberal

The increase, it says, also can be explained in part from a backlog of cases resulting from attorneys having advised clients to delay filing for bankruptcy

until the new law became effective.

It suggests also that people are being encouraged to declare bankruptcy when it is not really necessary. "I am not suggesting that bankrupty should never be used, but it is a last resort," Walter Kurth, NCFA president said. "Alternatives should be ex-

One attraction of the new federal law is the liberal list of exemptions, or properties that cannot be taken in a bankruptcy action.

Among exemptions under the law are \$7,500 in the value of a residence, \$1,200 in a motor vehicle's value, \$700 in professional tools or books, \$500 in jewelry, and \$4,000 of accrued dividends.

Under the law, a consumer can file for personal bankruptcy under two plans. Chapter 7 involves liquidation of personal effects to pay debts. Chapter 13 enables a person with a regular income to reorganize, under court protection, his or her financial obligations to creditors.

Under Chapter 13, the debtor must design a monthly budget and adhere to it for three years. Any amount remaining after court-allowed sums for food, clothing, housing, leisure and the like is used to reimburse creditors through a court-appointed trust-

After the three-year period, the debtor is dis-charged from previous obligations. The amount repaid within that time, according to the court-approved plan, becomes the debtor's total liability.

Such a remedy, the NCFA states, makes it "possible for unsecured creditors to retrieve as much as 100

percent or as litle as less than 1 percent of credit previously granted the petititioner.'

The association is particularly critical of a provision that restricts the right of creditors to communicate with debtors and thus, it says, compels the filing of unnecessary and costly adversary proceedings.

Shipyard preserves art of 'corking'

DORCHESTER, N.J. (AP) — At the old Dorchester Shipyard on the banks of the Maurice River, the creaking oysterboats still chug in for repairs by skilled ships' "corkers," guardians of a fading mari-

The small shipyard, more than 150 years on the lazy Cumberland County river, serves a handful of wooden oyster and clamboats that work Dela-

Some of the wooden boats, like the Robert C. Morgan and the Alert, more than 80 feet long and 20 feet wide, have been sailing the bay for a halfcentury or longer.

Another bay boat, the Cashier, was built before the Civil War and is believed to be the oldest working oysterboat in American waters.

Since steel and fiberglass have become the pre-dominant materials for construction of hulls, the Dorchester Shipyard in Maurice River Township is one of few remaining on the East Coast with the skill to keep the older wooden vessels shipshape. And one of the rarest of maritime skills is caulk-

ing, referred to in these parts as "corking." Simply put, corking is stuffing a rope-like section of hemp into the seams of a boat's wooden hull to Earl Polhamus, 55, has been corking since 1946, when the same wooden boats he works on now were

being converted from sail power to diesel engines.
"It's almost a lost art," Polhamus says. "Not much future in it." Robert L. Morgan, who runs the shipyard for Wheaton Industries, a South Jersey glassmaker,

says there will be work for his four corkers as long as the oyster industry holds on.

The old wooden boats have lasted, he says, partly because there has been work for them in the Delaware Bay oyster and clam industries.

Old-fashioned tools like the pin-paul, a sort of ax used to shape oak planks, are almost impossible to find nowadays, Morgan says. Even white oak, the standard material for the oysterboats, is getting harder and harder to buy.

But, if the boats survive, will there be enough young corkers to perform the task?

"We could use more people, no doubt about that," Morgan said. "We limit our work to the number of people we have."

Good workers, the ones who learn their trade, are rare today, agrees Clarence "Hoff" Hoffman, 64, who started working on bay oysterboats when they

Hoffman says anyone can learn to lay a plank on a boat. But he says it takes three or four years before a man can be "turned loose" to "line stuff up and make it come fair."

"One out of 10 (stay)," Hoffman said. "Rest of them just want Friday night and pay days."
