The Robert Lee Steers received their first place trophies at the closing ceremonies of the Winters Area League in Winters Monday night. Also announced were the All-Stars Selections of 1985. Ten of Robert Lee's boys made the All-Stars which gave the All-Star group a distinctive Black & Orange color. The Steers finished the season with an impressive 10-2 record, well ahead of the second place Angels. Oak Creek Fishing News

Sweetwater has a fun time every year called Lakefest. A lot of things goes on, but one of the highlights is the open bass tournament. This is the way to go-get paid for having fun. You could fish any or all of the three Sweetwater lakes, but the winning fish came from Oak Creek.

Scot Pierce took home the big bucks with three fish worth over \$100.00 a pound. His three bass went 9 lbs. 10 oz. and netted him a \$1,000.00. Billy Wayne Froyer, of Roscoe, placed second with three Oak Creek bass at 9 lbs. 2 oz. worth \$400.00. Paul Henson's third place finish was worth \$200.00, and Eddie Moore took fourth worth a \$100.00.

There were a lot of good catfish caught both on trot-line and rod and reel. Buddy Seale took several with a 7½ yellow cat being the largest.

Last week, Billy Follis, Biologist with the Parks and Wildlife Department, and his crew came to Oak Creek to do a special job. Just north of the Sportsman's Lodge there are two islands

and between a ridge that is covered with from about four to thirty feet of water. This has long been a productive place to fish, but could well become a real hot spot in the near future. A reef of cedar trees-some 200-were placed along this ridge. Just to the NE of the little island is one of the tire reefs so there is plenty of cover to hold a lot of fish.

Tuesday, we plan to take all the bass we have in the hatchery pond and put them in the area near the reefs. There are several thousand small bass plus the brood fish which already are large as four pounds. The spot will be easy to find for it is marked with a large white buoy.

Some would like to keep this place a secret, but it's for everybody to enjoy. Our goal is rather simple. We want to keep Oak Creek one of the best fishing lakes in this area of the state. With the ever increasing fishing pressure on our lakes, this is not going to be an easy task.

Why Should I Buy an E.S.P. Home?

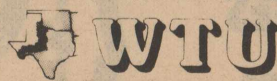

Lower Energy Bills

An E.S.P. Home will save you up to twenty-six percent in home energy bills a year. An average 1800 square foot home will cost approximately \$775 a year to heat and cool. An 1800 square foot E.S.P. Home will cost you approximately \$570 a year to heat and cool. That is an annual savings of over \$200! (Energy savings may vary according to the type of home, family size and individual energy usage habits.)

Increased Resale Value

When you decide to sell your E.S.P. Home, you'll have the Energy Savings Plan working for you again. Because energy bills are an important consideration for most families, your E.S.P. Home will fit into a prospective home buyer's budget easier than a non-E.S.P. Home. Just like you are doing now, many home buyers will be looking for a home that will give them the best value for their energy dollar — your E.S.P. Home!

Omitted

Last week's Observer/Enterprise news story about the Glenn family reunion failed to list Molly Glenn of Bronte as being present at the gathering.

Dear Editor and Supporters:

It was such a privilege and honor to represent Robert Lee, Coke County, and the United States of America as an International Sports Exchange competitor.

Words could never express the gratitude to each one that helped to make my trip to Korea possible. It was an experience that just cannot be expressed in words.

The trip was fantastic. In competition, I placed 4th out of some 30 high jumpers, 8 of which were from the U.S.A. I had the opportunity to make new friends from lots of different parts of the country. Sixty-three athletes from the U.S.A. made the trip.

I would like to especially thank Mr. Ernest Clendenen for getting everything started for me and all the hard work he put into the fund raising project. Also, I would like to thank the paper for the publicity in the Observer/Enterprise and of course my parents and coaches who helped me to achieve such an opportunity.

I took lots of pictures and have lots of stories to tell and would be happy to share with anyone interested.

Sincerely,
Bobby Boone

Bolding family escapes injury

Mr. & Mrs. Bobby Bolding and their two small children escaped serious injury Sunday in a two-vehicle accident. The family, returning from Abilene on Highway 277, were in collision with a vehicle pulling onto the highway at the Buffalo Gap intersection. The two women in the other car apparently did not see the Bolding pickup, horse trailer in tow, and pulled onto the roadway. Luckily, they also escaped serious injury.

Both vehicles sustained extensive damage and Bolding's horse was injured.

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$ 025	\$.015
7	14 miles	B	035	.021
14	21 miles	C	050	.030
21	28 miles	D	070	.042
28		E	090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest. Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. World traveled trackster returns

Bobby Boone of Robert Lee can add another title to his status and list of achievements. He is now a jet-setter and world traveler following his return home last Saturday from half-way around the globe in Korea.

Bobby, a May 1985 graduate of Robert Lee High School, was invited before the close of school to participate in a track and field meet in Korea as a high jumper. The International Sports Exchange, a California-based non-profit corporation, was the sponsor for the trip to compete with the national team in Korea. The Exchange's main purpose is to promote athletic competition between U.S. athletes and other nations. Their goal is to provide young athletes with a once-in-a-lifetime opportunity to experience other cultures and languages by traveling abroad within the framework of sports.

He was invited to participate with the group on the strength of his outstanding high school career in sports. His 1985 track season included first place in the Regional Meet in the high jump, going 6'8", and placing third at State at 6'7".

The U.S. team was made up of 63 athletes, both boys and girls, accompanied by 6 coaches. All the tracksters were responsible for their own expenses which included airfare, hotels, meals, internal transportation, and sports equipment. A number of Robert Lee individuals raised almost \$2,000 in a short time to enable Bobby to accept the offer from the International Sports Exchange.

Bobby began his trip on June 5 from Dallas, on to Houston to join coaches and other tracksters, then to Los Angeles where he joined the rest of the group, and then to his destination of Seoul, Korea. Bobby was surprised that the total 21 hour flight

was in total daylight; it never got dark on the trip.

The group of young people were made aware of being out of the United States when they were cautioned not to discuss politics, government authority, or any questionable problem with the Koreans. They were advised there would be many places, including foreign airports, where picture-taking would not be allowed. Neither could they photograph government buildings or some sites such as the new Olympic Stadium to be used for the '88 Olympic Games. They were also cautioned to remain together as much as possible and not to enter side streets, alleys, or out-of-the-way buildings.

The teams traveled about 100 miles from Seoul for the track and field meet. They found the Koreans there early and late for the 2-day event and assumed they were possibly staying overnight at the stadium. Although the meet was well-run and the asphalt facility was good, language barriers made it difficult to keep up and timers and judges did not always see results in a fair light. All starts and announcements were in Korean. Some of the photo-finishes were plainly ruled otherwise. In the total wrap-up however, the U.S. boys team overcame the Korean National team while the Korean girls bested the U.S. girls' squad. Korea awarded their own athletes gold medals but the U.S. participants received engraved certificates for their accomplishments.

In an entry of over 30 high jumpers, Bobby was awarded 4th place with a 6'73/4" leap. A Korean won the event with a 6'11" jump.

Bobby was laughingly called the "hick" with the squad, being the only Class A competitor; the rest, except for 1-3A athlete, were

from 4A and 5A schools. When at first he stated Robert Lee's population, the squad thought that was the number in his school. When they found RLHS had 19 graduates for 1985, that really set off the teasing!

Following the track and field meet, the athletes spent several days shopping and sightseeing. Bobby was especially impressed with the friendliness of the Korean people. Although they found no one who spoke fluent English, the international language of friendship and understanding, coupled with broken English enabled them to visit with bellboys, shop keepers, other athletes, and people on the street. They traded banners and other souvenirs with the other team members.

The tall American youths were a novelty to the small Korean people, perhaps also because of their dress. No one in the cities wore shorts at all. Although the average person there was short, the Korean athletes in the games were above average height and size.

The athletes were served American foods most of the time but milk was not avail-

able for purchase anywhere. Restaurants abounded, even a Pizza Hut, with their largest pizza going for \$7.00.

In shopping, the group found lots of bargains, Polo shirts, \$1.50 and \$2.00 (one California girl purchased 40!); Nike shoes \$6-\$12; a Rolex watch, \$25.00, these 2 items possibly forgeries.

The youths were unable to learn much of the lifestyle of individuals due to the limited communication but did glean that the students attend school year-round.

They found the weather cool and pleasant with not much variation night & day. This apparently encouraged the growth of large crops of rice, corn, melons, and other vegetables found at vendor's stands on the streets. They also saw both men and women working early and late in the rice fields. Many evidently fish for a living, as every kind of fish, squid, snails, and shellfish were abundant in the marketplace.

Bobby also noted the fast traffic in the city streets, made up of autos, taxis, (5 to each car), large numbers of motorcycles and bicycles, besides people on foot, some pulling carts with goods stacked on them. The traffic halted for pedestrians and

honked at intersections for right-of-way.

The squad flew about 1000 miles to the island of Taiwan (Republic of China) for a tour. Bobby described the City as looking like any large U.S. city. The people were not friendly, but withdrawn and indifferent. The teams felt the definite threatening atmosphere they did not experience in South Korea. The cities were fairly clean, not trashy (it was said residents arise at dawn to clean their own streets), but one situation, the open sewers, left the travelers glad for septic tanks and sewer systems.

Bobby returned on a plane carrying the Uruguay professional soccer team across the country. A tense moment evolved when they began to cheer for their leader, Fidel Castro, and some U.S. athletes responded by yelling for President Reagan.

He summed up his trip as exciting, educational, and just plain fun. He declared he felt very proud to represent the United States, Texas, and Robert Lee in the Exchange games, and was especially grateful to those who made the trip possible.

Bobby is considering several college offers before making up his mind where he will attend school this fall.

Special events highlight Sanco Homecoming

A host of people from several states as well as Texans and Coke Countians attended the 31st Annual Sanco Homecoming on June 9. The crowd enjoyed the warm, sunny day with occasional breezes and declared that the barbecue and "trimmings" were the best ever.

The program was highlighted by many special events. Master of ceremonies was James Bird Pentecost, president of the Sanco Village Association. Special music was provided by Edna Lea Killam, Janet and Rachel Pentecost, and a singing group made up of John Stephens, Harvey Reid, Sam Williams, Nelson Coulter, Scott Stephens, Tim Garringer, and Scott Robertson.

Commitment was the subject of the devotional brought by Edna Lea Killam, Mary Jo Pentecost presented flowers to six unique people: the oldest woman present-Mamie Lowrance, age 87; the oldest man present-Millard Meeks, also 87; the woman and man who came the farthest-Arlene and Melvin Scarborough of California; and to Sandra and Dennis Burgess of San Angelo, the parents of the youngest child present, Sandra Angelique, age 2 mos. These flowers are given each

year by Mary Jo Pentecost and Evelyn McKinley in memory of their mother, Mrs. I.A. Bird.

Four silver plates were presented by Mary Joe Pentecost in memory of her father, I.A. Bird to individuals who have given substantially of themselves in time, strength, and effort or financially to the Homecoming over the years. Receiving these awards of recognition were Tennis and Claudia Creighton, Christoval, Orville Smith, Baytown, Bryan and Sallie Gartman, and Harvey and Zolene Reid, all of Sanco.

Janet and Rachel Pentecost received awards for participation in an essay contest on the subject of "Why I love the Sanco Homecoming and want it to continue".

High point of the day was the dedication of this year's Homecoming to Ulmer Bird. Alvin Harris read a poem he wrote about Ulmer and Josephine and their lives together. It was a beautiful tribute to them. The couple was presented a silver tray by Mary Jo Pentecost in appreciation for their dedication over the years to further ongoing Sanco Homecomings.

--- Here's Blackwell ---

The Omega Coterie of Blackwell had their bake sale on Saturday, June 15th in the City Hall and made \$410.50.

The drawing for the two quilts they had pieced and quilted was also held and the lucky winners were, Pat Moore from Nolan and Emma Lee Lanier of Blackwell.

They also made plans for the barbecue for the Blackwell Volunteer Fire Dept., which will be July 6th at the fire station with fireworks afterwards at Oak Creek Lake.

They also have disbanded for the summer, meeting again in September.

Mrs. Alta Lemons of Lubbock visited over the weekend with Mr. & Mrs. Charlie Strickland and other friends. She attended church services at the Blackwell First Baptist Church and had lunch with

Mr. & Mrs. Grady Patterson and visited them Sunday and Monday.

The Lemons lived at Oak Creek Lake for several years before moving back to Slaton. She wanted to go fishing at Oak Creek Lake and went twice but did not have any luck either time.

Mr. Lemons passed away last February.

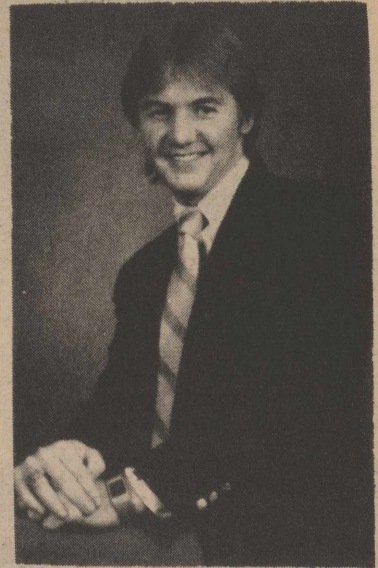

Blackwell had another good yard and garden show-er last Tuesday afternoon, receiving only 2 tenths of rain, but have had nice cool weather ever since.

Mr. Bill Pate of Snyder, a long time resident of Blackwell several years ago, passed away in the Snyder Hospital last Sunday night and was buried in the Snyder Cemetery.

Jay Parks released

Jay Parks, son of Mr. & Mrs. Johnny Parks of Ballinger, was released last week from Shannon Hospital in San Angelo where he was taken May 12 following an auto accident.

Jay was only about two weeks away from graduating from Ballinger High School when he was critically injured as his pickup overturned near the high school, pinning him inside. He remained unconscious for some time and underwent two surgeries for severe head injuries before his condition was upgraded. With therapy, he is slowly improving and a family spokesman stated that he is up and around and is responding to commands. They expect gradual improvement now that he is at home.

Jay is the grandson of former Robert Lee residents, Jay and Florine (Preslar)

Evans. His mother, Mrs. Jo Alice Parks, is a graduate of Robert Lee High School.

PERSONAL

Mrs. Renza Lee, a resident of Bronte Nursing Home, is recuperating at the home following amputation surgery at Community Hospital in San Angelo on her lower leg between the knee and ankle. Mrs. Lee returned to her doctor this week for a checkup and partial removal of sutures.

Carol Elma Longoria-Ricky James Royall

Engagement announced

Mr. & Mrs. Joe Longoria of Robert Lee have announced the engagement and approaching marriage of their daughter, Carol Elma, to Ricky James Royall, son of Mr. & Mrs. James Royall, also of Robert Lee.

The couple will exchange

vows in the Bethel Baptist Church at 7:00 in the evening on August 24.

Miss Longoria is a 1985 graduate of Robert Lee High School, while the prospective groom graduated from RLHS in 1983. He is employed by the City of Robert Lee.

Pentecost's return

Nolan and Mary Jo Pentecost recently returned from a five week trip to Washington, D.C. and other points East and South. They went first to the Capitol where they helped to host a very large dinner in honor of President Reagan in the Grand Ballroom of the J.W. Merriott Hotel to raise money for humanitarian aid to the Nicaraguan Refugees. They spent ten days in Washington and nearby where Mary Jo had to spend considerable time letting her right knee and leg recuperate from a hard fall she took in a motel parking lot on the way up. However, they did get to visit with several friends in the area in spite of her sore leg, and they spent the last five days in the home of friends in the country near Clarksville, Maryland.

After leaving Washington, the Pentecosts took their time on the way home doing alot of looking for antiques, and buying a few, as they came along.

They stopped in Lynchburg, VA. where they visited Dr. Jerry Falwell's School. In Raleigh, N.V. they were entertained by various members of Sen. Jesse Helm's State Office Staff. The

Pentecosts had met several members of the staff previously.

Nolan and Mary Jo came on to Charlotte, N.C. where they spent eight nights and ten days resting and vacationing at PTL, Heritage, U.S.A. They spent a very enjoyable time there.

In Washington, the Rhododendrons, the Azaleas and the Boxwood were in bloom. The entire city was gorgeous. The scenery along the roads was beautiful. Many flowers grew wild along the road.

The Pentecosts stopped in Columbus, Mississippi where they visited a number of relatives of Mary Jo's Grandfather Cosby's people and saw where her Grandfather was born. They met a first cousin of Mary Jo's mother who is ninety-three years old but very sharp mentally.

In Mississippi, honeysuckle was growing wild everywhere along the fences.

The rest of the stops on the journey home were used by the Pentecosts for resting at a lake and one stop was in Longview, Texas to see a cousin of Mary Jo's.

Personal

Mrs. Bonnie Taylor had as guests daughters, Betty Stancill of Grand Prairie and Linda Thornton and children, Melody and Michael of Jacksboro for a weeks visit. Mrs. Thornton and children took the opportunity to visit in Bronte with her mother and other relatives while Louis Thornton was teaching at summer band camp at Midwestern College in Wichita Falls. Mr. Thornton was a former band director at Bronte High School.

Brooke Boone, daughter of Mr. & Mrs. Bob Boone of Robert Lee, was released Sunday from a San Angelo hospital where she underwent facial surgery last Friday.

Brooke's grandmother, Mrs. A.H. Lindsey of Stamford, stayed with the Boone family during her hospitalization.
