Dearest Mother & Leonard:

It's a good new year. I know the two of you and the family stayed up last night to see the new year come in, as is your custom, and also to see a new birthday come around. Mother, which way are you going this year? Forward or backward? All I know is that you are between 80 and 90 years young. And Leonard Dale, you've caught up with me for the next three months - you're a-half of a HUNDRED. Happy new year and HAPPY BIRTHDAY. May God bless each of you and yours.

I can think of a thousand 'Woodenfoote' stories just thinking on happenings during those early years together. Many of them I would never use because I have tried to forget some of the things and then I would not want even my children to know some of the terrible chances I took - - - No wonder you said to me on many occasions, "Son, I hope I can raise you until you are grown."

Mother, do you remember all those times that your adult sons, well adult in size, gathered in a circle and would pitch you from one to another? You hollered, you laughed, you screamed, you begged, you pleaded, and we just kept right on throwing you from one to the next without you touching the floor or the ground. How did we keep from killing you? It was great pleasure for a 190 lb. 16 year old. All those times I sat you on the wood cook stove or made like I was going to. AND AFTER ALL THOSE YEARS, you said with great pride, "THOSE WERE THE HAPPIEST DAYS OF MY WHOLE LIFE."

It is no mystery to me that you are in Oregon for this birthday and enjoying flying from coast to coast. It is no marvel to me that you made such a fisherman after reaching the age of 70. I can see why every grandchild you have enjoys hunting bugs with you, watching the birds with you, cooking with you, sewing with you,

Voter Registration Deadline January 31

Approximately 2600 voters had registered on Monday, according to Mary Baldwin, County Tax Assessor-Collector. The deadline for registering is January 31 for the voting year beginning March 1, 1971 and ending February 28, 1972.

Persons who will be 18 years of age any time this year may register to vote in Federal elections. Those who are under 21 years of age will have their certificates marked "Federal Elections Only Until 21 Years of Age" and will have their birthdate written on the voter registration certificate.

Applications mailed to the local office and postmarked by midnight January 31 will be accepted.

YOUR CHOICE - UNUSUAL PETS

Mrs. Leo Haller is seen with her special pet. "Everett gave him to me because I'm the only one that can pet him, catch him and feed him." The 8 month old coyote acts like any other canine around Mrs. Haller and also plays with the Chinese Pugs that she raises, but he is frightened by strangers and other members of the family. She is petting 'Baby' here.

Editorial

When interested Seminole citizens started to try to get better medical facilities, many things started coming to light. When Seminole residents were denied by the county new hospital facilities, the next best thing - a hospital district. Now, from the very beginning this paper was against a hospital district. It seems that our neighbors to the north had rather for us to go a district than county-wide. Hence, our choice.

To form a hospital district, it is necessary that it be laid out an established line. The Seminole Common School District was chosen as the boundaries. These questions have been asked. How big is the Seminole School District? How big is the Seagraves School District? How big is the Loop School District? Also there is a Union Independent School District in Gaines County. The county is made up of 1476 square miles. Of that number, 1145 square miles are in the Seminole Common School District, 204 square miles in the Loop Independent School District, 124 square miles in the Seagraves Independent School District, 3 square miles in the Union Independent School District (Terry County).

Seminole takes in 77.6% of the total county, Loop 13.8%, Seagraves 8.5% and Union .2%. In tax dollar evaluation, the Seminole School District has an evaluation of \$95,799,970, or a percentage of 84.17, Loop \$12,460,000 - 10.95%, Seagraves \$5,512,490 - 4.84%, and Union \$34,530 - .30%. This does not mean that this is all of Loop, Seagraves and Union school districts, as each of the school districts protrude into other counties. The Union School is in Terry County but the district reaches over into Gaines County, the Loop and Seagraves Schools are in Gaines County but reach over into Terry County.

The average daily attendance in each of the schools is as follows: Loop 203, Seagraves 834, and Seminole 1928. (Figures furnished by Mary Baldwin and George Cristy.) (1969-1970 School Year)

Beth Ridens, daughter of Mr. and Mrs. Jack Ridens, holds the cabbit, or rab-cat. Beth and her family are not making claims either way.

Have you ever seen a cabbit? "They've got one over on 17th St.", my neighbor, Nathan Womack, said, He called the David Pedigo's residence and our families rushed over to see the cabbit (half cat and half rabbit). We arrived and they told us it was next door at the Ridens' house and Beth was kind enough to catch a peculiar looking cat animal. It had the eyes of a cat, the ears of a cat, the tail of a rabbit, the feet of a rabbit and it hopped and ran like a rabbit. The cabbit or rab-cat was brought from Eastland County.

Now, before this gets too funny to you and the story gets too far out, check with Jim Davis at Jim's Superette. He had one a few years back. Also Jack Setser declares that he talked to a professor that says it's nothing unusual. The unusual part, they say, is that when one of the offspring is born with features of both a rabbit and a cat, one out of half a million, all the other offsprings have the features of their mother, whether a cat or a rabbit.

(Editor's note: Well, it's a good story, anyway.)

Members of the Seminole High School Basketball Team elected their Queen and her attendants Monday night. Queen Mary Arram-bide, left, is shown with her attendants, Senior attendant Tony Clark, Junior attendant Zodie Wickson, Sophomore attendant Janet Bell and Freshman attendant Renee Jobe.

CITY COUNCIL

COUNCIL GIVES CITY POLICEMEN RAISE

The city council met Monday night and gave the Chief of Police L. M. Blackmon a \$100 a month raise and other certified men on the force a raise. Certification means they have had 140 hours of off the job schooling. A new state law is going into effect, according to Councilman Ed Pullam, stating that a rookie policemen cannot work longer than one year without being certified. New policemen will be started at \$500 a month and will be raised to \$525 at the end of three months, \$550 at the end of six months and \$600 upon certification, with the chief receiving \$100 above that.

2. The South Plains Health Unit asked for a \$15.00 a month increase from Seminole so that employees might be given a raise, their first in three years. Mayor Wright asked Ruby Frost, city secretary, to ask for a break down from the unit of all cities and municipalities contributing. Douglas Black will be the new director of the South Plains Health Unit after April 1, replacing Dr. Evelyn Smiley.

3. Briggs Green Spot was awarded a contract of \$213 to apply weed killer fertilizer (that kills noxious weed seed) at the city park.

Fifteen million pounds of milo? Goodpasture West is shown with a loader hard at work, loading trucks. Tunny Hawkins, manager, on the right, is shown with Glen Sullivan, post office employee, on the left. Pat Worden, the bookkeeper, said, "You should have seen the pile before we started selling - 20 feet high and 100 feet wide."

DEAR EDITOR,
I THINK YOU ARE A WONDERFUL GAL. IN FACT I LIKE ALL OF YOU. I LOVE YOUR PAPER VERY MUCH ESPECIALLY THE AROUND TOWN WITH JACKIE SQUIRES. I ENJOYED MYSELF VERY MUCH WHILE VISITING IN SEMINOLE TEXAS.
HAPPY NEW YEAR TO ALL OF YOU--
MRS. ELSIE DEE MCFATRIDGE

NOTICE

The final ASC meeting will be Thursday, January 14, at 7:30 p.m. in the district court room at Seminole. Mr. James Hodge will be in charge.

Continued from p. 1
playing games with you, and reading the Bible and other books with you. Why, you are young at heart - and I hope you enjoy many more birthdays.

Leonard, I guess you know your work is cut out for you (and us other kids) if we use our mother for a pattern and grow the latter part of our lives like she has. It is great to be able to grow old but it is far greater to grow old adding new heights to our lives like your Mother and mine.

With great Love,
Walter Lee Roy Woods

BOOKING FOR 1971

Purina Baby Pig Chow is a super-palatable, highly-fortified feed for baby pigs. The antibiotics in Purina Baby Pig Chow give it built-in livability.

Purina Baby Pig Chow is fed from the time pigs are one week old. One fifty pound bag per litter (or about 5 pounds per pig) is fed before switching to Purina Pig Startena.

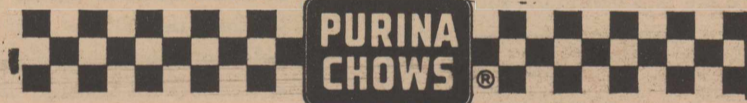

Purina Baby Pig Chow is a product of Purina Research. It is the result of years of tests on hundreds of pigs. You can count on Purina Baby Pig Chow to give your pigs the kind of fast, right start that will help them reach market weight at a remarkably early age, and at low cost.

Drop in on us and let us tell you about results hogmen you know have had from feeding Purina Baby Pig Chow.

COURSE ON EMERGENCY CARE OF THE SICK TO BE HELD IN BIG SPRING

The first practical course on emergency care and transportation of the sick and injured to be held in the Big Spring Area is scheduled January 19, 20, and 21, 1971, in the City Auditorium, 3rd St. and Nolan, Big Spring, Texas.

Invited to attend the three-day course of lectures and demonstrations are ambulance attendants, policemen, firemen, safety engineers, rescue squads, nurses, public health, civil defense, and other officials or private citizens dealing with the handling of persons who are sick or injured due to accidents.

This course is given free of charge and is expected to attract attendance from a seventy-five mile area around Big Spring. It is given by the Texas State Department of Health and the Howard-Martin-Glasscock County Medical Society.

A fast ride to the hospital by ambulance or other means has practically never saved a life. There is often only a few minutes to reestablish heart action and breathing, time too short for even a 90-mile-an-hour trip to the Emergency Room of the Hospital. What is really needed are people well trained in emergency care to prepare the injured for transport. This means being able to make a quick survey, to determine medical priority, and to take the necessary life-saving measures.

To furnish this instruction, doctors and nurses from the West Texas Area and others will speak and demonstrate on a wide range of subjects, including resuscitation, cardiac massage, splinting of fractures, burns, and other medical emergencies. Aid to snake and spider bite victims, smoke and gas hazards, handling of emotionally disturbed patients, emergency childbirth, and traffic control at the accident scene will be covered.

For more information contact Pete H. Rhymes, M.C., 901 Main Street, Big Spring, Texas 79720, (915) 267-6361.

Chamber of Commerce

Monday a board meeting of the Seminole Area Chamber of Commerce was held along with interested citizens and members of the hospital board living in the present boundaries of the Seminole School District. John Shepherd and Joe Smith reported the necessity of getting a bill before the Texas legislature and the procedure to be followed to create such a district.

It was decided by the group that the name to be used would be Seminole Hospital District of Gaines County. A temporary board of nine was appointed, made up of Brom Marchbanks, Delbert Warren, Don Moore, James Phillips, Jameil Aryain, Paul Condit, Ken Willis, Glen Cavitt and Don Cates. To form a hospital district, it was pointed out that it is much easier to form if it follows an established line, example - a school district.

The Chamber of Commerce has received letters from the following people to encourage such a district - the school board, also signed by Superintendent James Bramlett, Director of Curriculum John Thompson and Business Administrator George Cristy. Letters of recommendation are also forthcoming from the hospital board, the Chamber of Commerce and the City Council.

The Seminole School District takes in approximately 1145 square miles, Gaines County 1479 square miles. The Seminole School District shows approximately 80% of the tax evaluation in the county and 77% of the area square miles.

School Board Meets

B. D. "Brom" Marchbanks, Ed Rodgers and Delbert Warren met with the school board Monday morning in the interest of a hospital district. The school board voted unanimously in their support in seeking new medical facilities and trying to form a district, with its boundaries being the present Seminole School District. Letters will be sent from the school board to Doc Blanchard, E. L. Short, Gus Mutschler, Ben Barnes and Preston Smith, stating their desires. It was pointed out that the present school district covers 1145 square miles of the 1479 miles made up of the county, or 77.6.

4. Expenses in the amount of \$37.96 were approved for Miss Joyce Cate and one choral student for an overnight trip to Lubbock for regional choral tryouts on December 21.

5. The school farm committee, made up of James Bramlett, Virgil Keyes and Hollis Shults, will choose a replacement for Mr. Fred Mutschler, the local school farm care taker who is retiring because of health problems.

6. Coach Claude Chappell was given permission to place an order for 24 MacGregor CD100 football helmets for delivery and payment next fall. This is for the 1971-72 budget but \$3.70 per helmet could be saved by placing the order before February 1, 1971.

7. Mr. Bramlett discussed at length a vocational training program for the Seminole Schools. This is a program where students can work part time and receive credit toward graduation. Members of the board asked that they might visit schools which have this program and / or have someone in to discuss the program further.

8. The contracts for Mr. John Thompson, Director of Curriculum, and Mr. George Cristy, Business Administrator, were extended for one more year.

SUPERINTENDENT'S REPORT:

AS HEARD
BY HEARD

There's Always Power

One of the more interesting observations of the times is the flip flops that occur in the intellectual establishment.

So, recently, from a podium in Cambridge, England, Dr. Galbraith announced the Keynesian theories are now dead.

For a long time, the Keynesian school of economics was all the rage. This was a theory developed during the British depression years between the two world wars by a former Oxford don, Lord Maynard Keynes.

As to be expected whenever the high priest of any cult announces his god is dead, his followers waited with bated breath to learn what new god is being proposed to take the place of the expired one.

He reasoned in times of economic decline that government should engage in a wide variety of public works projects to put people to work and so to speak "prime the pump." Then when things picked up and the private sector took over, taxes would be increased to pay off the deficit which occurred during the pump priming period.

Dr. Galbraith had the answer for this. Wage and price controls are essential, he claims, to lead American people back into the promised land.

In this country one of the leading exponents of Lord Keynes was John Kenneth Galbraith, who has flitted back and forth from Harvard to Washington, and at one time was ambassador to India.

It may be necessary for wage and price controls to be instituted to save the day. But the interesting part of this pronouncement is that when the theories of the extreme liberals do not work out, they fall back on the premise that the government should do something.

There was one big trouble with the application of the Keynes theory, however. And that was political unreality. During boom years no politician wanted to raise taxes to pay off any deficits.

In this case, it is for the government to step in and exercise what is tantamount to complete governmental control over the economy.

As was inevitable, the tinkering with the economy, and the constant building of government deficits eventually led the nation down the road to a less happy economic condition.

There is perhaps an ideological and semantic distinction between government setting prices and wages, and complete totalitarianism, but the difference seems quite small. And it is most interesting that the extreme liberals who orate about extending the scope of democracy finally get around to espousing the antithesis of democracy.

SEMINOLE

The Seminole Indians came on strong in the 2nd quarter last Friday night against Monahans scoring 18 points, and led 25-20 at the halftime intermission.

The 3rd quarter was a different story as they managed only 7 points and Monahans scored 17. This was the history of the ballgame, as Monahans beat them out by that same 7 points, 41-48 final score.

Jim Livingston led the Seminole scorers with 16 points. Donald Roberts had 15, Sims and Shuler 4 each and Baker 2. Strickland was high point man for the Lobos with 14 points.

The Indians were cold at the free throw line, cashing in on 7 out of 15, scoring 17 field goals. Seminole has lost their first three district outings.

The 8th grade Warriors hung up another victory against Denver City last Thursday when Frank Gutierrez got hot in the 4th quarter and beat the Denver City 8th, 43-34. The Warriors led in the 1st quarter but fell behind by 2 points, 23-25, at the half. They bounced back in the 3rd quarter, scoring 15 points for a 6 point lead, 38-32.

Sandoval scored 12 points to add to Gutierrez's 16. Nelson had 9 and Nichols 6. It was a good win after having a bad 2nd quarter.

The 8th grade B-team played two 8 minute halves, for a quickie game and won 14-12. Blau and LaDuque led their team with 4 points each, with Fitzgerald, Matthews and Chambers each getting 2 points.

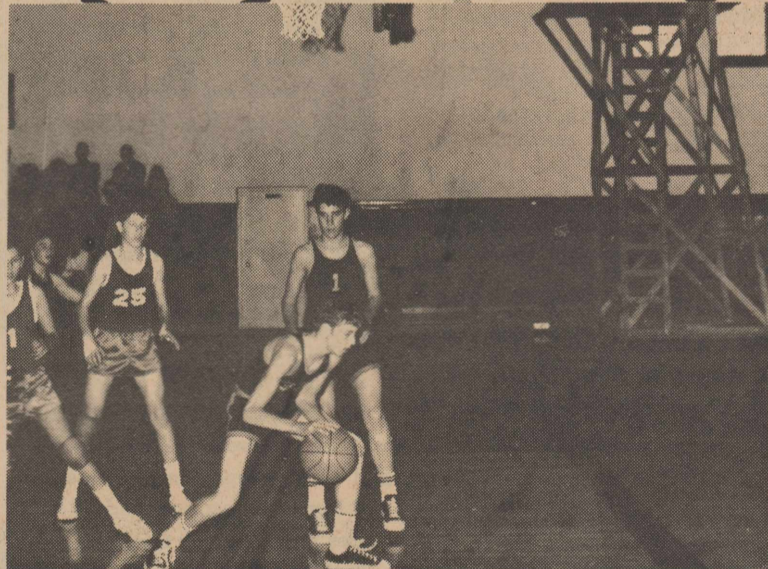

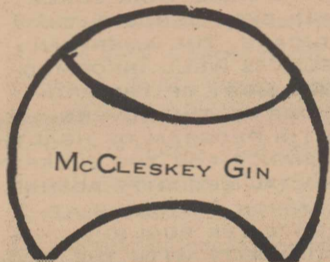

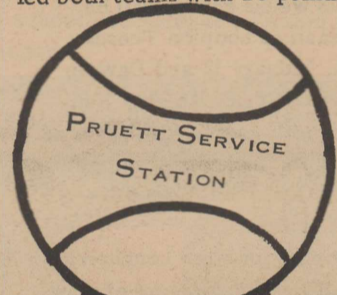

Seminole Indians against Monahans last Friday night.

B-TEAM

The Seminole B-team just could not put it together last Friday night and lost to the Monahans B's 39-68. Seminole did not have a boy in double figures. Jackson and Farris were high with 7 points each, Nelson and Wrenn getting 6. The B's could manage only 15 points in the first half and were downed by 17. Lancaster of Monahans led both teams with 20 points.

Mark Nichols, #1, is pleading with his teammate to put the ball up for 2 points against Denver City last Thursday. The Warriors went on to win 43-34.

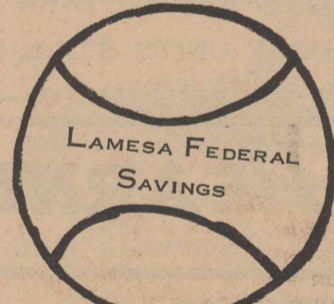

STARS OF TOMORROW - Coach Robinson instructing the 8th grade B-team against Denver City.

BASKETBALL STARS OF TOMORROW.

7th

The 7th grade Warriors could not get the basketball to go through the hoop and lost to Denver City last Thursday in Denver City. They led in the early part of the ballgame, 3-2, and Denver City scored 18 points before the 7th graders could score again. The score read 31-5 against them at the half.

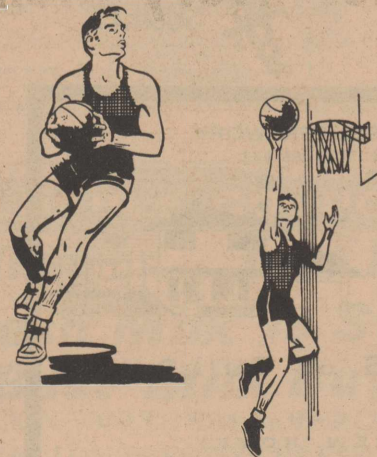

EVERETT HALLER ALL-STATE SECOND TEAM

Everett Haller, son of Mr. and Mrs. Leo Haller, was chosen on the second team All-State 3A team. Haller, at 220, anchored the Seminole line that drove them to a 6, 3, 1 record.

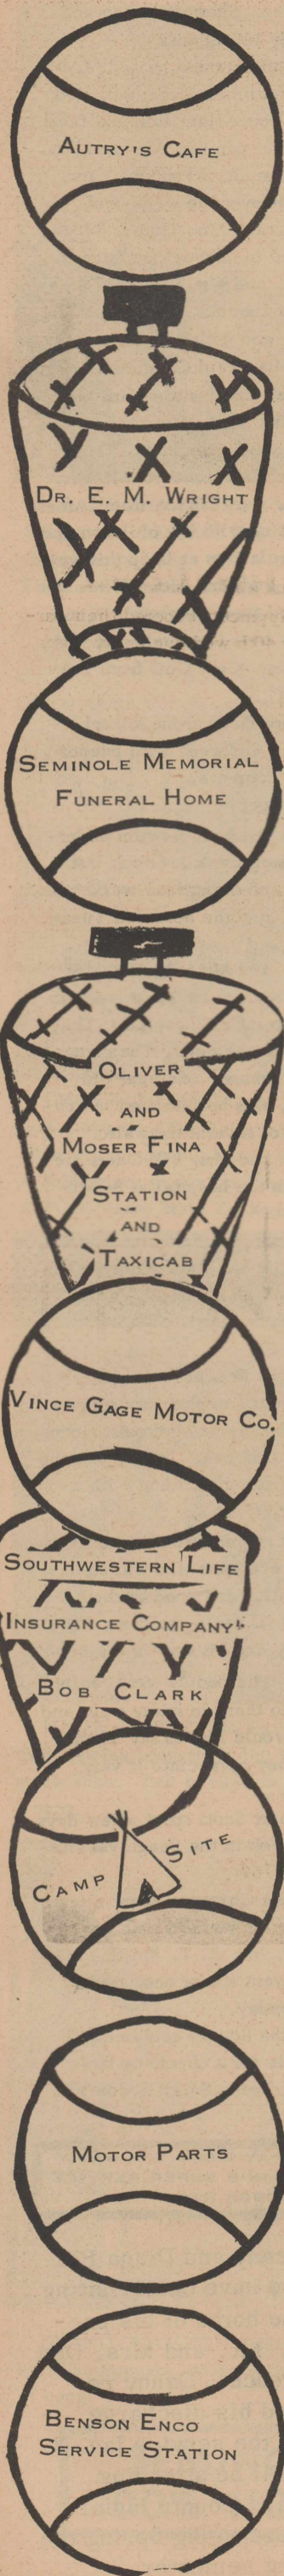

The Indians were given a chance of winning only 2 or 3 ballgames and the quickness of Everett Haller and his great defensive ability was what helped his coach Claude Chappell and other Indians to a winning season.

Browning of Andrews made the second team on offense and Ochoas of Monahans, a defensive lineman. Making the first team on defense from Monahans was Dub Huckabee and Billy Phipps and Curtis Shriner on offense.

The Seminole Indians lost to Ector of Odessa last night 63-72. Livingston was high point man with 30 points, followed by Roberts with 23 and Gonzales 3.

The B-team lost by a score of 56-57.

Information From Social Security Office

BY DOROTHY FEAZELL

WITH MORE THAN THREE YEARS EXPERIENCE WITH MEDICARE, THE AMERICAN PUBLIC IS WELL INFORMED ABOUT MOST OF THE PROVISIONS OF THE GOVERNMENT'S PROGRAM OF HEALTH INSURANCE FOR THE ELDERLY.

SOCIAL SECURITY ADMINISTRATION OFFICIALS ATTRIBUTE THE PUBLIC'S FAMILIARITY WITH THE TWO PARTS OF MEDICARE TO EXTENSIVE NEWS COVERAGE AND EDUCATIONAL EFFORTS BY VARIOUS GROUPS.

NEVERTHELESS, MISCONCEPTIONS STILL EXIST. SOME PEOPLE STILL SEND IN THEIR DRUG BILLS, DRUGS AND BIOLOGICALS ADMINISTERED OUTSIDE A HOSPITAL REPRESENT ONE OF THE LARGEST AREAS NOT COVERED BY MEDICARE, EVEN THOUGH DRUGS ADMINISTERED TO A HOSPITAL PATIENT ARE COVERED BY HIS HOSPITALIZATION INSURANCE.

OTHER NON-COVERED ITEMS WHICH REPRESENT MAJOR EXPENSES FOR SOME BENEFICIARIES ARE FULL-TIME PRIVATE DUTY NURSING AND CUSTODIAL CARE IN HOMES FOR THE AGED, OR EVEN IN SKILLED NURSING HOMES. ALSO, PRIVATE HOSPITAL ROOMS ARE NOT USUALLY COVERED. IF, HOWEVER, THE DOCTOR STATES A BENEFICIARY NEEDS A PRIVATE ROOM BECAUSE OF HIS CONDITION, MEDICARE WILL PAY. ALSO EXCLUDED ARE TELEVISION SETS, RADIOS AND TELEPHONES IN THE ROOM.

IN THE SAME CATEGORY ARE EXAMINATIONS AND PURCHASES OF EYEGASSES, HEARING AIDS AND DENTURES. DESPITE THESE EXCLUSIONS, MEDICARE TODAY IS PAYING THE LARGER PART OF THE TOTAL HOSPITAL AND MEDICAL CARE COSTS FOR 19 MILLION OLDER AMERICANS.

ANYONE HAVING A QUESTION REGARDING MEDICARE COVERAGE OR ANY OTHER SOCIAL SECURITY MATTER SHOULD CALL OR WRITE HIS LOCAL SOCIAL SECURITY OFFICE. OR, YOU MAY SEE ME AT THE GAINES COUNTY COURTHOUSE ON ONE OF MY REGULAR VISITS.

SCHOOL HAPPENINGS

School bells rang again on Thursday, January 7, 1971 for all students at Loop. It sure seems quiet around our house after having the kids home for about two weeks.

The second semester of school began and the way time flies by May 21st will soon be here and another school year is gone already.

Loop Longhorns played basketball during their school vacation at Union on Tuesday night.

The A Team girls won their game with a score of 38 for Loop to 33 for Union. Kay Bingham led the girls with high points followed by Jackie Nail.

A Team Boys game followed and the Longhorns were defeated by a score of 55 for Union and 33 for Loop. Mike Boggan and Danny Yocom both played an outstanding game.

On Thursday night January 8, the teams travelled to Klondike for three games. The girls A team played followed by two boys' games, boys B team and boys A team. All the games the Longhorns surrendered to Klondike.

This weeks games will be Wellman at Loop on Tuesday night, January 12 and Dawson at Loop on Friday night, Jan. 15th. Both games will begin at 5:30 p. m. and play three games. Girls A team and Boys B team and A team.

Loop Junior High Longhorns played Dawson Dragons at Dawson on Monday night January 11 at 6:00 p. m.

The girls team won with the final score of 22 for Loop and 18 for Dawson. A very close game of nip and tuck all the way which gives the fans a real thrill especially when Loop comes out winner. Carla Todd led the team with 15 points to her credit.

Longhorns boys had a fight to the finish game but were defeated with a score of 32 for Dawson and 21 for Loop. Darrell Frasier and Ronny Armstrong tied on scores with 7 points each.

Both Junior High teams will be entered in a tournament on Jan. 14, 15 and 16th at Union Terry.

If you want to see some real basketball stars in the making—you should come to some of these Junior High games.

The Loop Livestock and Bake Show was a big success this year. Thanks to everyone who had a part in making it another great show for the exhibitors and their leaders.

Young Homemakers were the Baking, Sewing, Arts and Crafts Show. Thanks to the many exhibitors for their fine work which made this show possible. Each child received a ribbon and prize money. Total prize money for the women's division was \$197.00 for this year.

The Loop Young Farmers were host for a meeting last Thursday night at the Community Building. Mr. Hodges from the Seminole ASC office came out to explain the new farm program for 1971. About 100 men were present to discuss the program for next year and to hear Mr. Hodges.

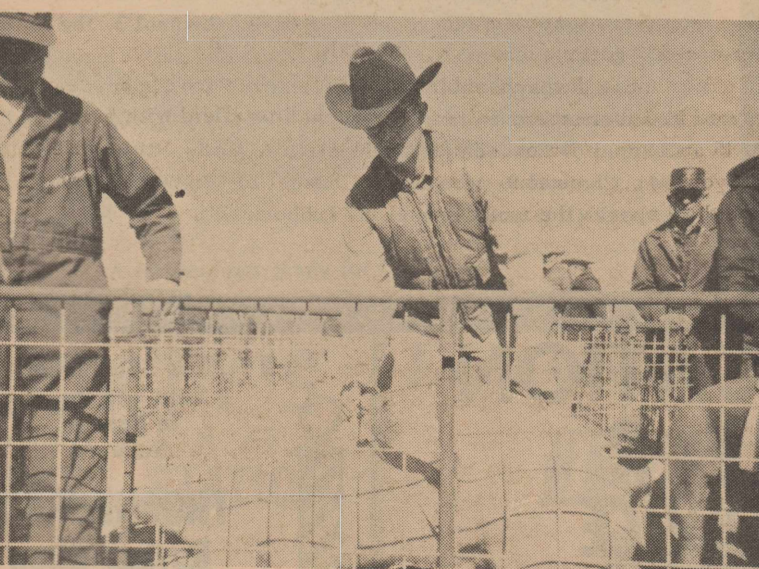

GRAND CHAMPION HAMPSHIRE LAMB shown by Bob Miller of Seagraves. RESERVE CHAMPION HAMPSHIRE LAMB shown by Liz Caughron of Loop. Bob is the son of Mr. and Mrs. Harlan Miller. Liz is the daughter of Mr. and Mrs. Paul Caughron.

GRAND CHAMPION and RESERVE CHAMPION BARROWS owned and shown by Mike Boggan and Larry Caughron. Not a very good view of the pigs but better of the good looking exhibitors. Mike is a Sophomore student at Loop High School and Larry is a Freshman at West Texas State College at Canyon.

THREE HAPPY GIRLS have just won ribbons and prize money on their sewing projects in the sewing division for the Loop 1971 Livestock Show. Left to right is Liz Caughron, Pam Owens and Delilah Young.

GRAND CHAMPION CHESTER WHITE BARROW owned and shown by Mike Boggan. Mike is the son of Mr. and Mrs. Wayne Boggan of Loop.

Shea Floyd with his Grand Champion Black Angus Steer at the 1971 Loop Livestock Show.

This year we added a new division to our show called the Arts and Crafts tables. We had a number of nice entries ranging from two year olds up through high school age.

THANKS for the good response shown in this division and we know it will grow each year.

Shown above are two pretty young contestants with their entries. Cerise Ellyson baked cookies for the Junior Foods Division and Trina Foshee is proud of her paper mache clown she made in the Arts and Crafts division. Both girls are third grade students in Mrs. McConal's room.

"My name is Sam", that's short for "Samantha" you know. I make all the important events around Loop, such as school everyday, church every Sunday and I wouldn't have thought of missing the Loop Livestock Show for nothing. All the kids in Loop claim me as their favorite pet but I really belong to the Fred Hamiltons.

Around Town
WITH
Jackie Squires

I know my readers will be disappointed this week because I'm not running any pictures of my family. (I thought you needed a breather.)

The OLD TIMER, MR. R. W. PITTMAN, taking a brisk walk down Main Tuesday.

KATHYLEEN SLAWSON elated over having her son, LLOYD GENE, home, recuperating from the wounds he received in Vietnam.

CHARLES FEATHERSTON from Midland by the office Tuesday on his way to Hobbs, wanting to know where not to trade cars. Did I tell him? You bet-cha!

DOT ROBERTSON finding me more good bargains Tuesday at KELLEY'S.

MOLLIE and MARIO MELONE visiting their grandparents, MR. and MRS. RUSSELL JONES last week. MARY JO SMITH returned to Austin with them for a visit before registering for the second semester at TECH.

RUBY OWNBEY by the office taking care of her B&PW duties at Tech.

I. W. McNAIR home recuperating from the surgery he underwent last week in the Methodist Hospital in Lubbock.

MARSHALL and CLARA HEALD trying to find the "just right grab bag" Tuesday at JORDAN'S FURNITURE.

RUTH LAKE, the "AUTRY'S CAFE GAL", MRS. M. L. SULLIVAN and MRS. BARNEY ELAM all looking over the bargains Monday at the CASUAL SHOPPE.

OTT and ELSIE BOOE went to see her brother, JOE DICKERSON Sunday who is in the VA hospital in Big Spring. A car he was working on fell on his chest. They also went on to Merkel for a short visit with her mother, MRS. DICKERSON.

JOE HARBER, our minister at the Westside Church of Christ, is in the hospital with double pneumonia. Hurry and get well, Joe, or we may have to listen to VIRGIL KEYES, JOE McKINNEY, or even WALTER WOODS preach. (I'm really teasing, they all fill a pulpit aptly.)

BILL BROWN is home recuperating from surgery.

DON and JANICE MILLER spent their vacation in Ruidoso last week and enjoyed it very much except for having to put daughter, KELLY, in the hospital with an infected hand and having to pay \$25.00 for a tow truck to get them unstuck.

We'll miss WANDA PIPKIN at HEARNE'S FURNITURE. She has quit from necessity to care for her ailing sister.

CHARLIE ROWLAND passing out cigars (I couldn't see the inscription).

Will wonders never cease? We had visitors from Odessa Sunday. Old friends, HOWARD and SUE WATKINS, whom we hadn't seen in years. Now BENNY and CORA BAGGETT

REESE UPHAM FUND

WHO IS MY NEIGHBOR?

Do you remember about this question being put to Jesus? His answer became known as the STORY OF THE GOOD SAMARITAN. The concerned party who took upon himself the responsibility of paying the hospital bill of a man in need was commended. The story ended by Jesus saying to the man who asked the question, "Go, and do likewise."

Surely this, "Go, and do likewise," speaks to us today in regard to the Upham family. \$100 per day for INTENSIVE CARE in a hospital is just more than most families can stand without becoming financially bankrupt AND no amount of insurance covers this 100%.

THEREFORE, a REESE UPHAM FUND has been set up at the Seminole State Bank, with its president, Mr. Doyle Hankins, as treasurer.

If you need for your gifts to be "deductible", you will want to send them THROUGH your church. Otherwise, send them directly to the bank, marked for the REESE UPHAM FUND.

Because of the urgency in this GOOD NEIGHBOR POLICY, it is hoped that many of us who have limited means, but who want to have a part in this deed, may want to consider giving something every pay day until the crisis is past.

"A friend in need is a friend indeed."

A friend, calling to other friends, in behalf of friends.

THE OLD TIMER

The Old Timer has a birthday today, January 12. I was born in a log cabin near Calhoun, Ga. in 1883. I am an old model but thank the Lord I still have speed. I think that I have lived during the greatest time of progress especially in transportation. I rode in an ox wagon at two miles an hour when a boy and last June I caught a jet plane at Lubbock and in three hours I was in Atlanta, Georgia. I was the oldest boy out of twelve children and my father thought that I was the only one that could lead the colored hands up and down the cotton and corn rows and I helped the other eleven get a college education. Just before I was 21 I started to the Martha Berry School for Mountain Boys and went home for Christmas and a Hardware Merchant talked me in the notion to quit school and go to work for him in the store for \$8.00 per month. That was 1904 which was \$96.00 per year and now you can't live on \$96.00 per week if you have a family to support. I realized I had made a big mistake and after three months I decided I had better go back to the farm and follow the Georgia Stock another thousand miles and did, but that Fall a man hired me to work in a country store and Post Office at Villanow, Ga. about two miles from our farm.

I did not have the nerve to ask to get back in the Martha Berry School so I went to Atlanta to Draughton's Business College, then got a job in a Wholesale Dry Goods store at \$30.00 per month to start and after two years was offered a job as Manager of a drygoods store at \$50.00 and then the panic of 1907 came on and it was hard times. The boss' bank went broke and he sold two of his branch stores but he came out and told me not to be uneasy, he would not sell my store for I was making him more money than the other men were, but I ran on until 1909 and he came out and said "I have got to sell your store or go broke in my up town store but I don't want you to quit me. I want you to work for me in my big store. I can't give you but \$65.00 per month." --- (Continued next week.)
