

LITTLE LEAGUE MANAGERS NEEDED

The Noonday Lions Club needs three Little League managers, as announced by Glen Cavitt yesterday at their regular meeting. The Babe Ruth and Little League will kick off with their first game June 7, 1971. All managers have been obtained for the Babe Ruth League and all sponsors for both leagues, but managers are still needed for the Little League.

Virgil McHaney has a little book at the post office that we borrowed through Glen Sullivan, with a lot of interesting things in it. It's compliments of The Merchants National Bank, Muncie, Indiana, the year 1916. "Rates of Postage - First Class Matter, 2 cents an ounce, Second Class - 1 cent for 4 ounces, Third Class - 1 cent for 2 ounces." In the chapter entitled "Help in Case of Accidents" is one listing "Tests of Death" - Hold mirror to mouth. If living, moisture will gather. Push pin into flesh, if dead the hole will remain, if alive it will close up." I'm sure a lot of you knew this, but I sure did not.

I had a couple of uncles when I was a kid that I'd have sure liked to tried the mirror trick or the pin trick on. One of them lived over toward Comanche and I never did think he was too mean but the reason I didn't like him, he whipped his wife. When he came in from the field or from town he'd say, "Woman, get a pan of water and wash my feet!" and my aunt always did, too. When I went to her funeral one of the things I thought about was how she always had time to hold me on her lap and pet me when I was a little kid. I never did know how because she had 8 kids of her own and 48 grand-kids. She always had those

EDITORIAL

The Texas Highway Department joined Seminole last week in helping to clean up the highways leading through Seminole. Thursday evening a truck and two men came by on South Main in the 600 block, picked up all the cans, the bottles and other debris. Our thanks to Jesse Hale, his men and their equipment.

Evidently some citizens do not want a cleaner town. On Friday morning in a 200 foot length area the following things were found adjacent to the curb - a hairbrush, a paper Coke cup, a Hires empty bottle, another paper cup, an apple (one bite gone), a Pepsi Cola can, 3 Coors beer cans, a Flicks candy wrapper, a styrofoam cup, an empty Winston cigarette package, an Upper 10 can and an empty Enco motor oil can. There's always next year and the clean-up campaign. We still want to thank Mr. Hale and the Highway Department for their participation, the city and their continued hauling of old cars, the clubs that worked their areas, Imogene Jones and the Chamber of Commerce and others who called in.

IT'S OFFICIAL NOW

Governor of Texas Preston Smith is shown signing Senate Bill # 443 last Friday morning. Standing are left to right, Representative E. L. Short, Gaines County Representative, Mrs. Short and H.J. "Doc" Blanchard who successfully carried this bill through the Senate. This was the final step in Austin to create a hospital district for Seminole.

BEN WHITE NEEDS HELP

The operation will cost fifty thousand dollars (\$50,000.00). Ben White, a longtime Seminole resident, needs your help. This newspaper has consented to ask. Dwayne Herman has graciously consented to watch over the donations, see that the money is sent to Mrs. White and for the bank to serve as the depository.

"We knew that Ben had been sick for over a year. What we did not know was that he had Bright's Disease and was losing both of his kidneys. We only found this out in January. Today (Tuesday) is the third day for him to be on the machine." The machine, Mrs. White went on to say, is what purifies the blood. Mrs. White carried her husband to John Sealy Hospital in Galveston one month ago today. He was in intensive care for 14 days before being moved to a ward. His address is John Sealy Hospital, Ward 4A, Galveston, Texas 77550. The transplant will take place from four to six weeks from this date. He will have to remain in Galveston for several months. Mrs. White has a bedroom rented 2½ blocks from the hospital in Galveston. Mr. White's sister, Willie Mae Vandergrift from Deer Park, Texas, is hopefully giving her brother a kidney. The cross-matching thus far has worked out real well. Ben has worked for the county for the past five years for Commissioner Robert Matthews. Mrs. White, formerly Flossie Jordan, has been employed at Piggly Wiggly's for the past two years. She said, "The doctors, nurses and people there have been just wonderful, as have my hometown friends." Blue Cross and Blue Shield insurance is being carried by the county on its employees. The Whites are the parents of two daughters, Carolyn of the home and Linda, a married daughter.

(Editor's note - This newspaper unashamedly asks for contributions from individuals, from clubs, churches, the county and the state. Mr. and Mrs. White have always been working people and worked!) Make your contributions payable to the Ben White Fund, leave it at the bank or give to Dwayne Herman. Your help is needed!

Photo shows the rootplow in operation on the Gordon Cobb ranch located 4 miles southwest of Seminole. The mesquite brush is killed when the blade cuts off the root system at a depth of about 14 inches. The area is then reseeded in the seedbed that has been prepared during the rootplowing operation. A heavy roller-chopper is used to firm the seedbed prior to seeding.

Grassland restoration is a problem confronting ranchers over a large area of Texas if they are to continue grazing the state's rangelands. Millions of acres of grazing land in the state are so infested with invading woody brush species that production has been reduced to the point that the rangeland is unprofitable for livestock grazing.

Gordon Cobb of Seminole is in the process of rootplowing and seeding about 140 acres of rangeland on his ranch in Gaines County. The plowing operation will control the mesquite brush by cutting the root off below the bud zone at a depth of about 14 inches. Once the brush has been plowed, a heavy roller chopper is pulled over the land to firm the seedbed and the grass is seeded.

Cobb, a cooperator with the Gaines-Andrews Soil and Water Conservation District is carrying out the work under the Great Plains Conservation Program. He is using a mixture of blue panic, sideoats grama, Lehmann lovegrass and switchgrass to seed the area. Once the seeding operation has been completed, the pasture will be rested from grazing to allow the grasses to become established. This deferment and the management that the pasture receives later will play an important part in the success of the restoration process.

than my aunt had and I didn't like him for that. He talked about the modern evils of women dipping snuff, how bad it was and then talked about the poor peons that had to roll their own.

I have an idea that other people weren't overly fond of him either. Now when he got old, he got contrarier. My ma-mama always said that people didn't get contrary when they got old, it just showed up more and his began to show up a lot more. I was a happy young man when I was told the following story. "Son," my sister said, "you know your uncle Otho. You know how cantankerous he's always been, how contrary he's always been. Well, I've just heard a terrible thing. You know how he always whipped your Aunt Ida. I've checked into the story and it's the truth. Aunt Ida started whipping Uncle Otho."

I know this is bad and I know this is not a real happy situation, but I just couldn't help rejoice. I don't know whether he got paid back lick for lick and mistreatment for mistreatment, but I've been told that my uncle's disposition improved immeasurably, that he behaved himself and spoke kindly to my dear old aunt. When I went to her funeral I always thought how she held me, how she petted me and knew my weakness for that good chocolate cake.

chocolate layer cakes that had that thick coated chocolate topping on it, that was more like fudge than chocolate cake.

But she waited on my uncle. She bore his children and just kept right on and on and on. We usually went to see them about once a year and the things that I remember most was playing kid games like "Wolf over the River," "Piggy Wants A Signal," and "Flying Dutchman" My aunt's and uncle's kids were lots older than I was and these 40 or more grandkids were more my age. If there's nothing else that bunch of kids taught me, they did teach me to be careful how I ran around the corner of the house, how I ran around the corner of the barn and never to be the first one to go down a ladder. You could get your fingers trampled, you could get run over and you couldn't get up. You learned to lay back and run with the pack.

I can still see my uncle sitting at the head of the table eating up all the good chicken and the kids starving to death. I just never was very fond of him. My mother was better than most and she spoiled us pretty good. She'd hold a piece of chicken and a biscuit behind her and I'd take off for another round of play.

This was the uncle that never did have to unhitch his own teams. He did the plowing, the riding plowing, that is, and the kids had to do all the walking plowing. I never was very fond of him. He'd tell how well he knew the Ears and leave you with a feeling that he was about the roughest toughest man from Comanche and Brown County.

He wasn't one of my favorite people. Also he seemed to have better clothes

GAYLA BLAU AS SHE HELPS A MATH STUDENT IN JUNIOR HIGH SCHOOL LAST THURSDAY DURING FUTURE TEACHERS OF AMERICA DAY.

SORORITY

The Tau Upsilon chapter of Beta Sigma Phi held their 40th anniversary Founder's Day banquet and dance Saturday evening. The banquet, held in the banquet room of Jo's Restaurant at 7 p.m., was attended by 43 members, their husbands and members of the Xi Theta Theta chapter from Brownfield. The banquet tables were decorated with black Aladdin lamps, lettered in gold with the Greek symbols, and the place cards were miniature black Aladdin lamps with gold flames. The program books were white with a gold Aladdin lamp on the cover. A large bouquet of yellow roses centered the head table.

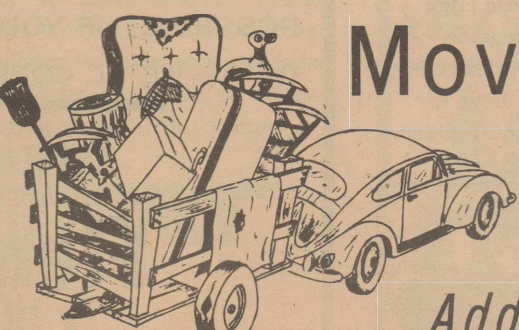

Mrs. Herman McReynolds led the Beta Sigma Phi grace and Mrs. Monte Paxton read the Founder's Day Pledge. Master of Ceremonies was Mrs. Roy Basham, sponsor of Tau Upsilon chapter, who welcomed the guests and revealed the friendliest girl, Mrs. Jerry Cox, and the girl of the year, Mrs. Carl Kemp. Presentations were made under an arch covered with white streamers and accented with blue, yellow and pink flowers and miniature Aladdin lamps. Mrs. Basham presented an engraved charm to Mrs. Cox. Mrs. Herman McReynolds, last year's girl of the year, presented Mrs. Kemp with an armful of long-stemmed yellow roses and the girl of the year trophy. Mrs. Jerry Anderson, incoming president, presented Mrs. Kemp with a gavel guard, a traditional gift, and Mrs. Wayland McCullough, out-going vice president, presented Mrs. Kemp with a rhinestone pin, a gift of appreciation from the chapter. From the Brownfield chapter, Sara Rozean presented their girl of the year award to Sally Becker, who was also presented as their Valentine queen. She received an engraved plaque and a dozen long-stemmed yellow roses and a crown pin. Mrs. Kemp presented sponsor Lorine Basham with an engraved plaque commemorating her 14 years of loyal service to the chapter. Mrs. Don Ashley, Tau Upsilon's Valentine queen for this year, was also introduced.

The dance, held at the community building, started at nine. Ricky Lee and his Western Kings provided the music for dancing. The room was decorated with black and gold streamers over the door and hanging from the ceiling. The tables were covered with yellow with a garland of black and gold down the center, interspersed with yellow candles in black holders and black Aladdin lamps. The bandstand was decorated with black and gold streamers on the wall and behind the band was a large gold Aladdin lamp and large black letters which were Greek symbols for the sorority. Center of interest in the decorations was a reflecting pool. It was surrounded by pastel and gold rocks and centered with a basin holding a statuette. Trailing from the basin was green ivy and floating in the pool were yellow roses. Yellow, blue and pink flowers were strewn among the rocks and a multicolored revolving light spotlighted the pool.

Attending the dance were members and their husbands from Tau Upsilon Alpha Epsilon and Xi Theta Theta from Brownfield. Chairman for the banquet was Mrs. Wayne Stokes. Chairman for the dance was Mrs. Albert Cravey.

Gregg Allen, center, with 3 first place ribbons and one 3rd, helped lead his team to victory last Friday. That's Carroll on the left and Valencia on the right.

SPECIAL THREE-WEEK CAMP FOR DIABETIC YOUNGSTERS TO BE SPONSORED BY THE TEXAS LIONS LEAGUE

THE TEXAS LIONS LEAGUE, WHICH HAS OPERATED A SUMMER CAMP FOR HANDICAPPED CHILDREN AT KERRVILLE FOR THE PAST 18 YEARS, HAS ADDED A NEW DIMENSION OF SERVICE THIS YEAR WITH A SPECIAL THREE-WEEK CAMP FOR DIABETIC YOUNGSTERS IN COOPERATION WITH THE DIABETES ASSOCIATIONS OF TEXAS.

LEAGUE PRESIDENT EVERETT J. GRINDSTAFF OF BALLINGER SAID THE PILOT PROGRAM WOULD BE KNOWN AS THE TEXAS LIONS CAMP FOR DIABETIC CHILDREN. THE SPECIAL SUMMER SESSION—JUNE 7 THROUGH JUNE 25— WILL BE HELD AT THE FACILITIES OF CAMP MANISON NEAR FRIENDSWOOD, BETWEEN HOUSTON AND GALVESTON, WHERE A DIABETIC CAMP HAS BEEN OPERATED FOR THE PAST 14 YEARS.

THE LEAGUE IS THE NON-PROFIT, CHARITABLE ORGANIZATION WHICH REPRESENTS ALL THE LIONS OF TEXAS, GRINDSTAFF SAID.

THE DIABETIC CAMP REPRESENTS ANOTHER IMPORTANT STEP FORWARD BY THE LIONS OF TEXAS IN SERVING CHILDREN WHO REQUIRE SPECIAL ATTENTION, GRINDSTAFF SAID.

AT THE HOME CAMP IN KERRVILLE, NEARLY 12,500 BLIND, DEAF, MUTE AND CRIPPLED CHILDREN HAVE ENJOYED TWO WEEKS OF SUMMER FUN. DURING THE OTHER MONTHS OF THE YEAR, THE LEAGUE—IN COOPERATION WITH THE STATE COMMISSION FOR THE BLIND—OPERATES A REHABILITATION CENTER FOR ADULTS AT THE CAMP AND HAS AIDED MORE THAN 800 TEXANS WHO HAVE LOST THEIR SIGHT.

THE DIABETIC CAMP WILL HAVE 110 YOUNGSTERS, 6 THROUGH 16, IN THE PILOT PROGRAM. DR. LUTHER B. TRAVIS, AN ASSOCIATE PROFESSOR IN THE DEPARTMENT OF PEDIATRICS OF THE TEXAS MEDICAL BRANCH OF THE UNIVERSITY OF TEXAS OF GALVESTON, WILL BE MEDICAL DIRECTOR. TOM MANISON WILL BE CAMP DIRECTOR.

THE GOAL OF THE NEW PROGRAM—ASIDE FROM HAVING FUN AND DEVELOPING CAMP SKILLS—IS TO HELP DIABETIC CHILDREN LEARN THEY CAN LEAD HAPPY, NORMAL LIVES BY FOLLOWING GOOD HEALTH PRACTICES AND TO GIVE THEM SELF-CONFIDENCE WHEN THEY HAVE TO LEAVE HOME.

CHAPTERS OF THE SOUTH TEXAS AND NORTH TEXAS DIABETES ASSOCIATIONS, PLUS OFFICERS OF DISTRICT AND COUNTY MEDICAL SOCIETIES, HAVE BEEN REQUESTED TO SUBMIT CAMPER APPLICATIONS. THE LIONS OF TEXAS, IN ORDER TO BETTER DETERMINE THE NEED FOR FUTURE EXPANSION, ARE MAKING A SURVEY OF DIABETIC CHILDREN WHO WOULD BE INTERESTED IN THE CAMPING PROGRAM.

NAMES, AGES AND ADDRESSES OF POTENTIAL CAMPERS SHOULD BE SENT TO THE CAMP SECRETARY, MRS. JO ANN HORNE, P.O. BOX 2577, TEXAS CITY, TEXAS 77590.

TRADE AT HOME WHERE YOUR MONEY BENEFITS YOU!

Faye Bryant has only been collecting bottles for four years but probably has one of the finest collections in the area of 250-300 items. Have you ever seen a bottle with an honest-to-goodness clock in the center of it? Or a bottle that is a miniature stove (Ezra Brooks)? Mrs. Bryant proudly shows bottles from the Democratic party and the Republican party, miniature cars, one from the Black Hills of the Dakotas, one resembling Mt. Rushmore and one resembling the space craft. There are bottles from almost every state and a lot of the towns, one representing the Tower of Americas, the space needle and the gateway arch to St. Louis. There are imported wine bottles and Jim Beam collectors bottles. There's a bottle that's a replica of a cannon, San Francisco cable car, and one that was made as a remembrance of Ruidoso Downs, the richest race in the world. Bottles, like money, relate the history of the country.

INDIANS

The Seminole Indians bunched 3 hits and a 2 base error in the 2nd inning after 2 were out for 2 runs and made them stand up against Ector last night and won 2-0. Ishmael Martinez got 2 singles, Locker got a single and Livingston got a single, driving in Seminole's final run for the 4 hits.

The Eagles from Odessa also got 4 singles but could not manage but one in an inning. Renne Williams had his curve working good and claimed the victory. Seminole sent only 24 men to the plate, Ector 30 in their biggest threat in their part of the 7th when, with one out, Williams walked one. The next man was safe on a fielder's choice, then he gave up a single, placing a man on 1st and 3rd. Ector tried a squeeze bunt play and the runner was out at home plate. Another runner tried to steal and the batter was called out on an interference play and that was the ballgame.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor.

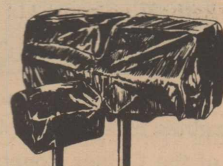

Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

FIFTEEN MILES SOUTH OF SEMINOLE ON THE ANDREWS HIGHWAY SETS A TWO-STORY HOUSE THAT HAS QUITE A RECORD. MANY STORIES HAVE BEEN TOLD CONCERNING THE MULTIPLE STORY DWELLING THAT SETS ON THE SOUTH SIDE OF THE HIGHWAY BUT THE STORY I LIKE BEST GOES SOMETHING LIKE THIS: THIS MAN BUILT THIS HOUSE, A DROUGHT CAME AND HE HAD TO LEAVE - HE RETURNED HOME ONLY TO FIND THE ROOF OF THE HOUSE STICKING OUT OF THE SAND - HE COULD NOT AFFORD TO BUILD AS LARGE OF A HOUSE AS HE HAD BUILT BEFORE SO HE SIMPLY USED THE OLD HOUSE FOR FOUNDATION AND BUILT MORE QUARTERS. THE WINDS BLEW AGAIN - THE SAND STARTED DRIFTING AWAY - THE SAND BLEW AWAY TO THE HARD GROUND AGAIN LEAVING THE ABOVE STRUCTURE - A TWO-STORY HOUSE. IT WAS A REAL PROBLEM TO GET FROM UPSTAIRS TO DOWNSTAIRS.

GAINES COUNTY MENTAL HEALTH CENTER

Two years ago this month the ground work was laid for the Mental Health Center in Seminole. A visiting psychiatrist and psychologist had to be arranged for, a location had to be found and a local staff was needed. Dr. Preston Harrison, Superintendent of Big Spring State Hospital, made two trips here to talk to County officials and with their support and aid and some help from interested parties, things started moving.

Dr. Jerome Smith saw his first patient here in August 1969. And since then the Center has established 174 patients on record and averages 90 patient visits per month - this includes counseling with family members. Many hours of telephone listening and counseling are also rendered to patients and to family members. One out of 8 Texans, at some time in his life, needs Mental Health Services. The Center makes treatment possible in their home communities.

Some of the Center's services are: any person who feels the need can see the psychiatrist and perhaps prevent more serious problems or possible hospitalization.

Follow up care is available to patients discharged from a mental hospital - this provides a certain feeling of security and some one to call on, if help is needed. This cuts down on many re-admissions.

Psychological testing, counseling and group therapy services are available upon recommendation of the psychiatrist.

The local staff assists the patient and family and gives emotional support when needed. Vocational Rehabilitation counseling and guidance, training, indirect and direct job placement and follow-up employment services are available for psychiatric and alcoholic patients. This is provided by a Rehabilitation Counselor who comes from Lubbock on a regular basis. Occupational Therapy for some Senior Citizens and children is also provided by the Center.

Fees are calculated on income, number of dependents and ability to pay. No one is ever turned down. Though most of the patients are from the Seminole area, many come from Andrews, Seagraves and Denver City.

NOTICE

To: Seminole Merchants

In order to help you plan your buying for next year's school supplies, we are giving you the following information about the supplies that we ask students to furnish. This information is to give you an idea about the kinds of materials that our teachers want, and it is not a required list for every child in a certain grade. Some teachers will require some things and some teachers others. If there is any doubt, the parent should get the list from the child's teacher before purchasing supplies.

1. Notebooks - Either the zipper type or the regular two-ring type of notebook is acceptable in most cases.
2. Crayolas - 8, 16, or 24 colors. Some teachers require the non-roll type.
3. Scissors - Sharp-pointed.
4. Ruler - Metal or metal-edged.
5. Pencils - No. 2, or mechanical pencil in higher grades.
6. Tablets - A. First Grade - 8"x10" single space tablet.
B. Second Grade - 8"x12" single space tablet.
C. Other Grades - Most teachers in grades above the second prefer two-ring notebook paper.
7. Paste - First grade teachers require white paste with the built-in spreader.
8. Rugs - First grade children should have a small rug, approximately 27"x36" for rest periods. Rugs are not used above the first grade.
9. Handwriting tablets - In addition to notebook paper for other work, third grade teachers require an imaginary line tablet for handwriting. This will be a tablet with broken lines between the solid lines. The broken lines are used to regulate the height of small letters.

INDIANS

Bill Hearne, outstanding catcher for the Indians baseball team, went to the mound last Friday night against Lamesa in a non-district game and gave up only 3 singles and beat the Tornados 8-1. He evenly spaced the 3 singles out with 1 in the 1st inning, 1 in the 5th, and 1 in the 7th inning to gain the victory. He stroked a single in the 2nd inning to drive in 2 runs in aiding his own cause.

Lamesa jumped out to a 1 run lead in the 1st inning on an error and a single and scored on a fielder's choice. The Indians tied it up in their half of the 1st when Shuler was safe on an error and Roberts and Renne Williams followed with singles.

The bottom half of the 2nd was the big inning for Seminole when they got 4 runs on 3 walks, 2 singles and a double by Roberts. Seminole batted around in scoring the 4 runs. The Indians got a single run in their half of the 4th and 2 in their half of the 5th. Ray led off the 5th inning with a double. Lan Locker had a single, Ishmael Martinez had a single and Livingston had a single, to account for the 2 runs.

Seminole had 11 hits and 3 errors afield. Roberts had 2 hits, Martinez 2, and Jerry Brown 2 in leading Seminole to the victory circle.

 CONSERVATION OF
 EVERYTHING BUT
 THEMSELVES, I.I.I.
 SAYS.

DALLAS, APRIL 22 --
 YOUNG PEOPLE ARE PROVIDING MUCH OF THE BRAIN POWER AND THE MUSCLE POWER FOR ALMOST EVERY CONSERVATION CAUSE EXCEPT ONE, THE INSURANCE INFORMATION INSTITUTE (I.I.I.) REPORTS. THEY JUST CAN'T SEEM TO GET INTERESTED IN CONSERVING THEIR OWN LIVES AND HEALTH ON THE HIGHWAYS.

REPORTS FROM THE VARIOUS STATES ARE IN, THE INSTITUTE NOTES, AND, ONCE AGAIN, THE YOUNG DRIVERS --15 THROUGH 24-- KILL AND DIE MORE THAN ANY OTHER GROUP OF DRIVERS NEARLY A THIRD OF ALL THE PEOPLE WHO DIED IN TRAFFIC IN 1970 WERE IN THAT SOCIALLY CONSCIOUS, AWARE AGE GROUP FROM 15 TO 24, THAT'S ABOUT 18,000 YOUNG MEN AND WOMEN WHO DIED AND NEARLY MILLION INJURED, THE I.I.I. SAYS -- MORE KILLED AND INJURED BY FAR THAN IN VIET NAM.

THESE YOUNG DRIVERS CONSTITUTE LESS THAN 20 PER CENT OF THE DRIVING POPULATION BUT THEY MAKE UP NEARLY ONE-THIRD OF THE DEAD AND INJURED. PERHAPS IT'S TIME THESE YOUNG PEOPLE GET "INVOLVED" IN A MEANINGFUL PROGRAM TO KEEP THEMSELVES ALIVE AND HEALTHY, THE INSTITUTE SUGGESTS. IT'S TIME TO DO SOMETHING TO SET BACK THE ARRIVAL TIME OF THE SURVIVAL INSTINCT THAT SEEMS TO SET IN AT ABOUT AGE 25 FOR DRIVERS.

DIRECTORS MEET

The directors of the newly formed hospital district met Monday night in an organizational meeting. Brom Marchbanks was elected president, James Phillips vice president and Don Moore secretary-treasurer. Other directors are Paul Condit, Jameiel Aryain, Delbert Warren and Ken Willis.

Future plans for the district were discussed. Probably the earliest an election could be called would be the 17th or 18th of June. This would be an election of approval of the hospital district by voters in the district, also to approve of a bond.

SEMINOLE HIGH INDIAN BAND EARNS FIRST DIVISION RATINGS

The Seminole High Indian Band accomplished a long-sought goal Wednesday when band members earned a First Division rating in both concert and sightreading at the University Interscholastic League competition in Brownfield. Added to the First Division achieved in marching competition last fall, the band earned a sweepstakes trophy by gaining a First Division rating in the three areas of competition.

First Division is the highest rating given and means a superior performance in all categories.

Music played by the band at Brownfield included "March Onward" by Luthold, "Toccata" by Frenscobaldi, and "Variation on a Korean Folk Song" by Chance.

The sweepstakes award was the first won by the Seminole band in thirteen years with the last such honor coming in 1958.

Director Sammie Robertson announced that the band would give a public concert in the High School auditorium on May 13. The sixth grade band and the Junior High band also won a First Division in concert and sightreading last week.

The High School and Junior High band plan to record some of their songs and make a record available to the public. Orders for the record may be placed by calling the school band hall. The cost will be \$4.10 per record with a deadline of Monday, May 10, for placing orders.

Bob Renfro, Seagraves, introduced Aziz Ashraf at the teachers meeting Monday night. The lamp was made from camel skin. The picture of he and his wife and other handmade items were shown to the group of teachers. In telling of his home country of Pakistan, Mr. Ashraf said his home country is the size of Texas and Arkansas with a population of 2000 per square miles in East Pakistan and 200 per square mile in West Pakistan. Forty percent of the doctors are women, also they work shoulder to shoulder with the men. The marriage system is arranged with the ceremony itself lasting only three minutes. "Our country is like Texas from the desert to the tropical from 120°F. to minus 40, with enough irrigation canals and ditches to go around the world six times."

The Gaines County Local Unit of the Texas State Teachers Association held their third and final meeting of the school year in the Seminole School Cafeteria Monday night with John D. Thompson, president, presiding.

The program was presented by Mr. Aziz Ashraf, a Pakistan graduate student in geophysics at Texas Tech. Ashraf gave a talk describing his country, played recordings of Pakistani music and exhibited several articles of Pakistani life and culture.

New officers to serve during the 1971-72 school year were elected and these were Bob Renfro, Seagraves Speech and English teacher, president; Mrs. Alfa Simmons, Seminole English teacher, vice-president; Mrs. Donna Love, Seminole first grade teacher, secretary; and Mrs. Grace Smith, Seagraves elementary teacher, treasurer.

In the golf tournament which preceded the dinner meeting, Leland Caffey was the winner with J.C. Collins finishing as runner-up. Bingo was also played in the cafeteria by a group prior to the dinner.

This year's officers in addition to Thompson were Renfro, who moved up from vice-president to president; Mrs. Arcola Martin, Seagraves, secretary; and Mrs. Nell Nelson, Loop, treasurer.

INSURANCE GROUP OFFERS TIPS TO BURGLARY VICTIMS

"TAKE YOUR NECESSARY PRECAUTIONS AGAINST YOUR ENEMIES," IS AN OLD WARNING TAKEN FROM THE ANCIENT KORAN MANY CENTURIES AGO.

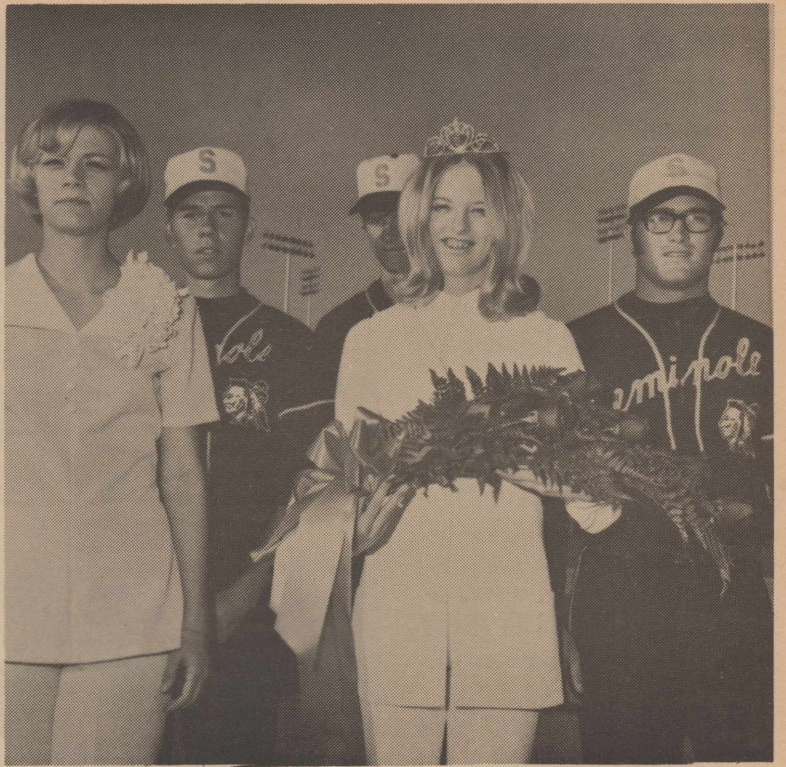

IT WAS GOOD ADVICE THEN AND JUST AS APPLICABLE TODAY WHEN DEALING WITH THE MODERN DAY BURGLAR, NOTES THE TEXAS INSURANCE ADVISORY ASSOCIATION (TIAA).

THE KEY TO FOILING A BURGLAR IS TO KEEP HIM OUT OF YOUR HOME OR APARTMENT. IF HE CAN'T GET IN, HE CAN'T STEAL MUCH, THE TIAA REMINDS. UNFORTUNATELY, EVEN THE BEST PRECAUTIONS SOMETIMES FAIL TO PREVENT A BURGLARY AND THEN IT BECOMES A MATTER OF GETTING THE STOLEN PROPERTY BACK.

ONE OF THE BEST WAYS TO AID LAW ENFORCEMENT OFFICIALS IN THEIR SEARCH FOR STOLEN PROPERTY IS TO HAVE YOUR INITIALS OR A SERIAL NUMBER ENGRAVED ON SUCH PERSONAL BELONGINGS AS TELEVISION SETS, STEREOS, ATHLETIC EQUIPMENT, GUNS, ETC. THE TIAA SUGGESTS. THE INSURANCE ORGANIZATION NOTES THAT THERE ARE BUSINESSES THAT SPECIALIZE IN THIS SERVICE, USUALLY ENGRAVING SEVERAL ITEMS FOR A RELATIVELY SMALL COST.

THE VICTIMS WHO CAN PROVIDE A RECORD OF SUCH NUMBERS OR INITIALS HAS A MUCH BETTER CHANCE OF GETTING VALUABLE PROPERTY BACK, MAY HELP BREAK A BURGLARY RING AND WILL FIND THINGS GREATLY SIMPLIFIED WHEN FILLING OUT AN INSURANCE CLAIM.

MOST BURGLARS AREN'T AS SKILLED AS THOSE FOUND IN THE TELEVISION SERIES, "IT TAKES A THIEF," REMINDS THE TIAA. MAKE THINGS TOUGH FOR THEM AND THEY MAY WELL LEAVE YOU ALONE.

OLD COURTHOUSES

FOR THE PAST SEVERAL MONTHS THE RELEASE HAS FEATURED A COUNTY COURT HOUSE SOMEWHERE IN THE STATE. THIS MONTH, HUDSPETH AT SIERRA BLANCA.

HUDSPETH COUNTY WAS, AND STILL IS, THIRD ONLY TO BREWSTER AND PECOS FOR AREA, AND LESS CROWDED. THERE ARE TWO SQUARE MILES OF FRESH AIR AND SCENIC SPACE FOR EACH INHABITANT. THE SCENERY GETS PRETTY WILD, FROM SPECTACULARLY DEEP CANYONS TO PEAKS ABOVE 7,500 FEET. ABOUT 30 MILES BELOW SIERRA BLANCA, ON THE RIO GRANDE, IS THE MOST ISOLATED TEXAS HEALTH RESORT AND ONE OF THE OLDEST, INDIAN HOT SPRINGS (NOW BEING REJUVENATED BY H.L. HUNT.) THERE IS STILL ROOM IN HUDSPETH TO GROW LONG-STAPLE COTTON AND LUSH VEGETABLES ALONG THE RIVER (FORT HANCOCK, MCNARY) AND AT UNIQUE DELL CITY, WHERE DRILLERS STRUCK A GREAT FRESH-WATER AQUIFER THAT TURNED ARID SALT FLATS INTO A GARDEN SPOT. AFTER ALL THAT, YOU HAVE TO REMEMBER THAT OVER 95 PER CENT OF THE COUNTY IS RANCH LAND.

SIERRA BLANCA, THE COUNTY SEAT, GOT ITS NAME FROM A NEARBY MOUNTAIN THAT GOT ITS NAME BECAUSE IT IS A WHITE MOUNTAIN (LOOKING SOMETHING LIKE A SOILED CIRCUS TENT.) THE TOWN DATES BACK TO ABOUT 1881, WHEN A GREAT TRANSCONTINENTAL RAILROAD-BUILDING RACE HAD AN UNEXPECTED ENDING THERE.

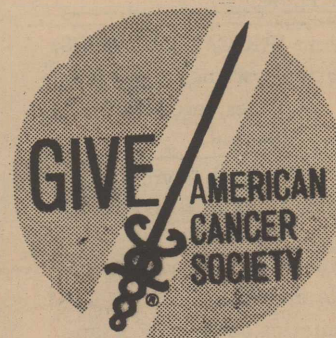

JAY GOULD, DRIVING WEST FROM DALLAS WITH HIS TEXAS & PACIFIC, AND

BEHIND THE SCENE and at the controls during the GIRL SCOUT TELETHON last Saturday night at Seminole Cable TV on local channel 3 were Jake Landrum with Commco, Inc. at Austin, Lloyd Coberly, Manager of the local cable system and his son, Joey.

* * *

C.P. HUNTINGTON, HEADING EAST FROM SAN DIEGO, PRACTICALLY COLLIDED IN SIERRA BLANCA IN LATE NOVEMBER 1881. EVERYBODY THOUGHT GOULD WOULD FORGE ON WEST, LAYING DOWN A PARALLEL LINE, BUT THAT DIDN'T HAPPEN. TWELVE YEARS LATER IT CAME OUT THAT GOULD AND HUNTINGTON HAD MET IN NEW YORK ON NOV. 26 AND MADE A FAR-REACHING POOLING AGREEMENT THAT SETTLED NOT ONLY THE EL PASO-SIERRA BLANCA MATTER BUT JUST ABOUT EVERYTHING ELSE THAT WAS BOTHERING THE DOZEN-ODD RAILROADS THEY CONTROLLED.

* * *
THE SIERRA BLANCA COURTHOUSE, BUILT IN 1917, IS THE ONLY ADOBE CAPITOL IN THE STATE...AND ONE OF THE LARGEST EXTANT EXAMPLES OF THAT TYPE OF CONSTRUCTION. THE EXTERIOR IS STUCCOED.

TORNADO

SAFETY RULES

PUBLISHED AS A PUBLIC SERVICE BY

SEMINOLE NEWS

Box 253
Seminole, Texas

WHEN A TORNADO APPROACHES - YOUR IMMEDIATE ACTION MAY MEAN LIFE OR DEATH

A TORNADO WATCH means tornadoes are expected to develop. Keep a battery-operated radio or television set nearby, and listen for weather advisories—even if the sky is blue.

A TORNADO WARNING means a tornado has actually been sighted or indicated by weather radar. Seek inside shelter (in a storm cellar or reinforced building) and stay away from windows. Curl up so that your head and eyes are protected. Keep a battery-operated radio or television nearby, and listen for further advisories.

IN SHOPPING CENTERS, go to a designated shelter area (not to your parked car).

IN HOMES, the basement offers the greatest safety. Seek shelter under sturdy furniture if possible. In homes without basements, take cover in the center part of the house, on the lowest floor, in a small room such as a closet or bathroom, or under sturdy furniture. Keep some windows open, but stay away from them.

IN OFFICE BUILDINGS, go to an interior hallway on the lowest floor, or to the designated shelter area.

IN SCHOOLS, follow advance plans to an interior hallway on the lowest floor. If the building is not of reinforced construction, go to a nearby one that is, or take cover outside on low, protected ground. Stay out of auditoriums, gymnasiums, and other structures with wide, free-span roofs.

IN OPEN COUNTRY, move away from the tornado's path at right angles. If there is not time to escape, lie flat in the nearest ditch or ravine.

MOBILE HOMES are particularly vulnerable to overturning during strong winds, and should be evacuated when strong winds are forecast. Damage can be minimized by securing trailers with cables anchored in concrete footing. Trailer parks should have a community storm shelter and a warden to monitor broadcasts throughout the severe storm emergency. If there is no shelter nearby, leave the trailer park and take cover on low, protected ground.

SHORTY'S SOUTH MAIN 66 SERVICE STATION

Shorty's Phillips 66 is much more than a filling station. They have sold Phillips products - tires, batteries, oils and gas, for the past two years in the present location. "We sell everything," Shorty said, "from Model-T Ford wheels to dishwashers," and had both on hand to prove it. Mr. and Mrs. Moretz, married nearly 30 years, go to government surplus sales throughout the area; the farthest away Baton Rouge, Louisiana, 806 miles away. Other places are El Paso, Hearne and Jasper, Arkansas. Moretz, originally from Virginia, met Mrs. Moretz in New Boston, Texas and moved to Seminole in 1952. They have two daughters, Linda, married to Dean Martin; the parents of their only two grandchildren, Michael and Lanny. Jeanie and her husband, Don Malone, teach school in Sweetwater, Texas. They have for sale beds, chest of drawers, tables and chairs and deep fryers. "What are some of the unusual things we've sold? A huge box of bulbs for airplane landing lights. And then we bought a dead man's wagon one time. Be sure and tell everybody in Seminole my appreciation for their business, for letting us live here and for letting us make a living here."

"MINI-BIKES" CAUSE

MAXI HEADACHES

DALLAS, APRIL 16--- MINI-SKIRTS, MINI-SHORTS ...EVERYTHING'S A "MINI" THESE DAYS. BUT "MINI BIKES," THE LATEST CRAZE IN MIDGET MOTORCYCLES, HAVE THE POTENTIAL TO CAUSE MAXI-HEADACHES FOR MANY PARENTS IN TEXAS, THE INSURANCE INFORMATION INSTITUTE CAUTIONS.

THESE PACKAGES OF PINT-SIZED PROPULSION LOOK LIKE TOYS, THE INSTITUTE NOTES, AND THEY ARE NOTORIOUS FOR THEIR ABILITY TO WIN THEIR WAY INTO THE HEARTS OF YOUNGSTERS-PARTICULARLY THOSE BETWEEN 10 AND 14, HOWEVER, UNLESS THE DRIVER IS OF LEGAL LICENSING AGE (15 YEARS OLD IN TEXAS) OR HE OPERATES THE MINI-BIKE ONLY ON HIS PARENTS' OWN PRIVATE PROPERTY, THE VEHICLE IS BEING OPERATED OUTSIDE THE LAW AND INSURANCE COVERAGE IS NON-EXISTANT.

TEXAS LAW PROHIBITS OPERATION OF A MOTOR VEHICLE BY ANYONE UNDER THE AGE OF 15 ON ANY PUBLIC STREET OR THOROUGHFARE IN THE STATE AND MINI-BIKES COME UNDER THE PROVISIONS OF THIS LAW, THE INSTITUTE SAYS. THIS COVERS RIDING ON SIDEWALKS, IN PARKING LOTS, IN APARTMENT COMPLEX ENTRANCES, EXITS AND ACCESS ROADS, AS WELL AS ALLEYS AND HIGHWAYS.

IF THE MINI-BIKE IS BEING OPERATED BY AN UNDERAGE DRIVER ON HIS PARENTS' PROPERTY, ANY DAMAGE OR INJURY CAUSED BY THAT DRIVER IS COVERED-WITHIN THE LIMITS OF THE POLICY-BY THE USUAL HOMEOWNERS INSURANCE COVERAGE.

HOWEVER, THE INSTITUTE CAUTIONS THAT IF THE VEHICLE IS BEING OPERATED OUTSIDE THESE NARROW LIMITS, THE PARENTS OF THE DRIVER ASSUME RESPONSIBILITY FOR ANY DAMAGE OR INJURY ... AND NEITHER THE FAMILY AUTOMOBILE INSURANCE NOR HOMEOWNERS INSURANCE WILL OFFER RELIEF.

THE INSTITUTE URGES PARENTS TO CONSIDER THE PROBLEMS INVOLVED IN ALLOWING UNDERAGE DRIVERS TO OPERATE THESE MINI-BIKES, FROM THE STANDPOINT OF POSSIBLE LEGAL LIABILITY AND RESULTANT DAMAGE SUITS THAT COULD ARISE FROM INJURY OR PROPERTY DAMAGE THAT THE YOUNGSTERS MIGHT CAUSE.

Pinewood Derby GRAND CHAMPION Kirk Cristy and his day, George Cristy.

Information From Social Security Office

I hate to repeat myself, but I feel that this reminder is very important to all of my Gaines County friends.

Are you moving? Wondering how to get your next social security check to your new address on time? Simple! Just notify your nearest social security office. Our new high speed equipment now available in the social security office makes it possible to get your check to your new address on time in most instances. The earlier you notify the social security office, the better. Be sure and tell us as soon as you have your new address. Social security must have your new address to put on your check or it may be returned to the Treasury Department.

You can change your address or report any event affecting social security to the social security office at Odessa,

Mrs. John McClead and Mrs. Vera Miller visited a few days last week in Snyder with Mrs. McClead's sister, Mr. and Mrs. Horace Aylor. Mrs. Aylor returned home with them and visited until Saturday when Mr. Aylor came for her.

Guests in the home of Mrs. P. A. Morgan this week are her daughter, Mrs. Bob Green and children of Tulsa, Okla. and her mother, Mrs. Barbara Sampley of Ardmore, Oklahoma.

Jim Huey and his guest, Miss Linda Klemm, students at Wayland Baptist College in Plainview, spent the week-end with his parents, Mr. and Mrs. Jimmy Huey.

Mrs. Johnny Biggs of Lubbock visited during the week-end with Mr. and Mrs. Doyle Darby and family.

Gary Chancellor of Tulsa, Okla. visited one day last week with his mom, Mrs. Ruth Chancellor. Gary flew into Midland on business and got to spend a little time with his mom before returning home.

Displaying the Flag

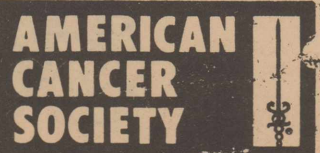

- DISPLAY the American flag from sunrise to sunset.
- Raise it briskly, lower it slowly; do not expose it to bad weather; fly no flag above it.
- In hanging it against a wall, keep the blue field uppermost and on the observer's left.
- Never loop or festoon the flag; use red, white and blue bunting instead.
- On a casket, the blue union should be at the head, over the left shoulder of the honored dead; remove the flag before lowering the casket into the grave.
- Do not dip the flag in salute to any living person, no matter how exalted; or to any edifice or object, no matter how sacred.
- Do not sew or paint the flag on clothing, furniture or the like; never use it in advertising.
- When the flag is worn or faded, do not throw it away—burn it.

TEXAS DEPARTMENT OF PUBLIC SAFETY

AUSTIN— DRIVERS OF FARM VEHICLES ARE TEMPORARILY EXEMPT FROM COMPLIANCE WITH NEW SAFETY REGULATIONS ESTABLISHED BY THE U.S. DEPARTMENT OF TRANSPORTATION'S BUREAU OF MOTOR CARRIER SAFETY FOR DRIVERS INVOLVED IN INTER-STATE COMMERCE, TEXAS COMMISSIONER OF AGRICULTURE JOHN C. WHITE SAYS THAT CONSIDERABLE CONFUSION HAS DEVELOPED AMONG FARM VEHICLE DRIVERS FOLLOWING ADOPTION OF THE NEW SAFETY STANDARDS, BUT THAT AN AMENDMENT TO THE REGULATIONS ADOPTED JANUARY 1 ST, 1971, EXEMPTS DRIVERS OF FARM VEHICLES FOR A SIX-MONTH PERIOD UNTIL JULY 1, 1971.

COMMISSIONER WHITE SAYS THAT ACCORDING TO THE AMENDMENT, FARM VEHICLE DRIVERS MUST BE 18 YEARS OLD, RATHER THAN 21 AS REQUIRED IN THE GENERAL SAFETY STANDARDS, AND THAT OTHER PROVISIONS OF THE REGULATIONS— INCLUDING WRITTEN EXAMINATIONS, ROAD TESTS AND PHYSICAL EXAMINATIONS— WILL NOT APPLY. WHITE POINTED OUT, HOWEVER, THAT FARM VEHICLE DRIVERS ARE DEFINED AS PERSONS WHO ARE AT LEAST 18 YEARS OLD, ARE DRIVING A VEHICLE CONTROLLED AND OPERATED BY A FARMER AND ARE BEING USED TO TRANSPORT PRODUCE FROM THE FARM OR SUPPLIES TO THE FARM. IN ADDITION, THE VEHICLE BEING DRIVEN MUST HAVE A GROSS WEIGHT, INCLUDING LOAD OF 10,000 POUNDS OR LESS AND IS NOT USED IN THE OPERATIONS OF A FOR-HIRE CARRIER.

COMMISSIONER WHITE ADVISED ALL FARM VEHICLE DRIVERS TO BE AWARE OF THE EXEMPTION DEADLINE OF JULY 1, 1971, AT WHICH TIME A DETERMINATION WILL BE MADE AS TO THE PERMANENT INTERPRETATION OF THE REGULATIONS AS THEY APPLY TO FARM VEHICLE DRIVERS. THE PRESENT INTERPRETATION IS BASED ON THE CROSSING OF STATE LINES BY FARM VEHICLES.

BOLL WEEVIL TRAPS TO BE SET UP COUNTY

BOLL WEEVILS HAVE BEEN MOVING INTO SEVERAL SOUTH PLAINS COUNTIES DURING THE PAST THREE YEARS AND ARE POSING A THREAT TO THE COTTON INDUSTRY IN THIS AREA.

IN GAINES COUNTY, THE WEEVILS HAVE BEEN LOCATED IN SOME SECTORS, REPORTS COUNTY AGRICULTURAL AGENT CALVIN D. HOLCOMB.

IN ORDER TO DETERMINE IF WEEVILS HAVE OVERWINTERED IN THE COUNTY AND, IF SO, TO PINPOINT THEIR LOCATION, TRAPS WILL BE SET UP AT VARIOUS LOCATIONS DURING APRIL BY PERSONNEL OF THE TEXAS AGRICULTURAL EXTENSION SERVICE, ACCORDING TO HOLCOMB, THESE TRAPS WILL BE LOCATED NEAR COTTON FIELDS, ESPECIALLY IN AREAS THAT ARE FAVORABLE BOLL WEEVIL OVERWINTERING QUARTERS, SUCH AS SHINNERY AND MESQUITE. PLANS CALL FOR THE TRAPS TO BE CHECKED TWICE A WEEK.

IN DESCRIBING THE TRAPS HOLCOMB EXPLAINS THAT EACH CONTAINS A SYNTHETIC BAIT THAT IS SATURATED WITH A HORMONE CALLED "PHEROMONE" WHICH ATTRACTS BOLL WEEVILS. IN THE PAST, LIVE MALE WEEVILS WERE USED AS A PHEROMONE SOURCE. THE TRAPS ARE COATED WITH A STICKY SUBSTANCE, AND WEEVILS WILL BE "STUCK" ON CONTACT. THE TRAPS WILL BE PAINTED BRIGHT YELLOW AND WILL SIT ON A POLE ABOUT FOUR FEET HIGH.

HOLCOMB ENCOURAGES PRODUCERS IN THE COUNTY TO COOPERATE IN THE SETTING UP OF THESE TRAPS. HE POINTS OUT THAT THEY WILL BE A VALUABLE DEVICE FOR CHECKING THE MOVEMENT OF WEEVILS AND FOR PROVIDING INFORMATION FOR AN EFFECTIVE DISAPUSE CONTROL PROGRAM THIS FALL.

SOME 300 TRAPS WILL BE SET UP IN A FOUR COUNTY AREA WHICH INCLUDES DAWSON, GAINES, MARTIN AND ANDREWS COUNTIES. THE EXTENSION SERVICE IS COOPERATING WITH THE PLAINS COTTON GROWERS, INC. IN THIS PROJECT.

Rainmaker Major Homer F. Berry from North Little Rock, Arkansas, looking up at the clouds to see if they were right for his rainmaking apparatus last Thursday afternoon.

Several weeks ago JOE HATLEY asked me if I had heard that the 'Rainmaker of Stonewall County' was in town. I replied that I hadn't and forgot about the incident until someone called the office Thursday and told us where he could be found. I have always been intrigued with the out of the ordinary and had never seen an honest-to-goodness rainmaker so I set out to interview him. I found the red pickup with all of his rainmaking paraphernalia in the back parked in front of his apartment. If I had expected to find some kind of kook as its owner, I was pleasantly surprised when I knocked on the door and a clean nice looking gentleman arose from the chair, where he was sitting watching the clouds, and asked me in. I discovered MAJOR HOMER F. BERRY to be a most intelligent and sincere person. He and his wife and three children live in North Little Rock, Arkansas. He retired from the U. S. Air Force after serving 21 years. He became interested in weather control and rainmaking while he was in the Air Force. It has been his hobby for the past 25 years. Having done extensive research on rainmaking, he derived most of his knowledge on the subject from studying the lives of Moses and Elijah in the Old Testament, whom he claims were the first rainmakers. Although he usually seeds the clouds with silver iodine crystals, aromatic plants such as Rosemary can be substituted for the crystals and they are much less expensive. He believes the reason for the drought in this area is over-pumping and irrigation of farm lands. Major Berry will write a book one day on his rainmaking adventures, which will no doubt include being struck twice by lightning and prospecting in Arizona for uranium. Whether you believe in rainmakers or not, I can promise you food for thought after talking with Major Berry. I believe Major Berry's method to be more sound than DAYTON ELAM'S burning owl feathers or PAUL GRASS' rain dance, simply because he's been at it longer with proven results. For

instance, Stonewall County has received 3 inches of rain thus far since he's been there and his usual fee is \$2000. While I don't feel that I'm an authority on the subject after our conversation, I do think now, there may be something to this rainmaking. Have you noticed how cloudy it's been lately??? --- ARZIE KIRK by the office Thursday in his 'Sunday best'. --- ELVIS CLARK bringing ANN KELLEY a pretty plant Monday from GEORGIA'S FLOWER & GIFT SHOP. --- HOMER and GEORGIA SIMPSON eating out at the new barbecue place Monday. In other words, he ain't gonna play basketball no more!!! He did add, however, that he played as well as any of the rest of the Lions team. --- FLO SATTERWHITE still a little weak from her recent illness but back on the job at FAYE'S. JERRY BAKER filling in for EDNA EARL BILLINGS while she's vacationing. FAYE and WAYNE BRYANT bought a beautiful antique showcase recently for her shop. It makes a lovely display case for her jewelry.
