REPORT ... **From Washington** By Armed Forces Press Service

Competition for entrance to the United States Military Academy West Point is now open to all at active members of the Army and Air Force civilian components. Under provisions of Public Law 586, 81st Congress, personnel of the Army ORC, the National Guard, the Air Reserve, and the Air National Guard, who meet requirements, may compete for ad-mission to the Academy during the examination period to be held this fall for the 1951-52 school year. Full information concerning application, requirements, etc., may be obtained from the Ad-jutant General, Department of the Army, Washington 25, D.C.

Maj. Gen. E. M. Foster, Army Chief of Finance, has advised fi-nance officers that under the pro-visions of Public Law 779, dated September 9, the extra payment \$100 a month to doctors and dentists volunteering for active duty in the Armed Forces is now also payable to members of the Reserve medical components or-dered into uniform with or with-out their consent. Personnel on duty prior to Santember 9 are duty prior to September 9 are entitled to pay from that date. AR 35-1120 is being amended to include the new provision.

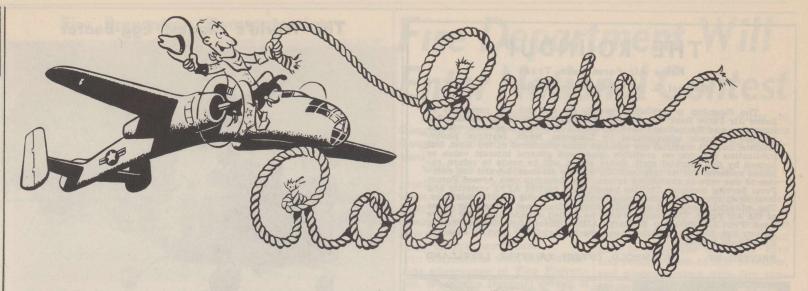

Gen. Hoyt S. Vandenberg, Air Force Chief of Staff, has an-nounced the names of 154 per-sons nominated by the President for commissions in the Regular Air Force. The list includes 15 Distinguished Officer Candidates, marking the first time Regular USAF officers have been appoint. USAF officers have been appoint-ed directly from Officer Candi-date Schools. In addition, 68 perdate Schools. In addition, 68 per-sons were nominated for Regular commissions in the Medical Ser-vice; 55 were named as Distin-guished Military Students from AFROTC schools and 16 were nominated as Distinguished Avia-tion Cadets. All will be commis-sioned second lieutenants except sioned second lieutenants, except the Medical officers who will receive grades commensurate with their education and experience.

October Celebration Planned By Museum

The dedication ceremonies for the Museum at Texas Technological College will be held on October 19 and will be followed on Sunday, October 22 by an Open Show featuring Fall Flowers. The theme of the flower show will be Gardens of Yesterday and Today and displays will be arranged in the Rotunda and Art Gallery.

Amon G. Carter, publisher of the Fort Worth Star-Telegram has loaned the Museum a series of historial painting covering life in the Old West. The paintings were executed by Frank Tenney Johnson and H. F. Farny, celebrated Western artists. The paintings will be on display during the October celebration.

The Museum's part in the commemoration of Tech's silver anniversary will be a special exhibit showing the outstanding events during the past 25 years, which Breining, assistant Administrator have most contributed toward building up the college. Inese events were selected by 13 original members of the faculty and Dr. Clifford B. Jones, president emeritus of Texas Tech. A special feature of the Museum's services to West Texas residents is the Children's Saturday Morning Program consisting of an Art Workshop, for children of 1000 each Saturday; the Museum Games from 1000 to 1100 for 5-12 years olds, games and movie shorts will be alterated, during the game hour to emphasize special exhibits in the Museum; and the Story Hour from 1100 to 1200 for 7-12 year olds. The Story hour is open to all children of the community and membership in the Museum is not required. Another feature of the Museum is the Sunday Twilight Music Hours on the first and third Sundays of each month at 1600 in the Auditorium Gallery and is open to the general public. The program on October 15 will feature Mrs. Lloyd Croslin, pianist, and a GI's insurance was in force in Touch Football title by ABG in Mrs. Asher Thompson, soprano.

"Roundup" Celebrates **First Year Tomorrow**

The noted English poet and author Alexander Pope once said in his "Letter to Mrs. M. B." Is that a birthday? 'tis, alas! too clear; 'Tis but the funeral of the former year. Speaking of birthdays but not of funerals, we, the members of the Roundup staff, wish to announce the first birthday of the Reese Roundup.

Just one year ago, tomorrow, the Roundup uttered its first squall

To Receive Second NSLI Dividends Ot

Payment of the second special National Service Life Insurance dividend is scheduled to begin in early 1951 according to a recent announcement by Harold W. of Veteran Affairs for Insurance. Nothing short of all out war or

under the title of "Sine Nomine," Latin for "without a name" and since that date has acquired a name, an Armed Forces Press Service "Pat-On-The-Back", honorable mention, for the best off-set newspaper for June 1950, and best of all a loyal host of readers.

Using another quotation, this time from Thomas Carlyle who wrote, "All history . . . is an inarticulate Bible," let's go back a year ago to see what history the Roundup recorded.

In the first issue of the Roundin it was reported that the bas

Automatic Dial Telephone System To Begin Operation Here Soon

The new, three-digit dial telephone system will go into operation within the next two weeks according to an announcement made by 1st. Lt. Archie Garner Jr., Fixed Communications Officer. The system will have 600 main stations compared with the 250 authorized in the present manual and will be capable of carrying 1000 phones

Courses Listed For Advancement Under Career Program

A list of courses has been drawn up the Airman Information and Eudcation office to aid Reese airmen further themselves for advancement under the career plan soon to be put into effect by the USAF.

The courses will be taken in conjunction with "Operation Midnight Oil" and arrangements made through the AI&E Office, building T-421 upstairs.

These courses may be taken through correspondence, group study classes on the base and at Texas Tech, depending on the number of personnel who are interested in taking a particular course.

The list of courses for the Administrative Field includes: Review High School Grammer, Beginning Algebra, Plane Geometry, Fundamentals of Typewriting, Business Arithmetic, Business Law, College English Composition, Business Filing, Modern Busines English, Elementary and Advanced Gregg Shorthand, Principles and Types of Speech, Bookkeeping and Accounting, American Federal Government. General Psychology, Personnel Management, and Office Management.

Personnel interested in participating in this program are advised to secure transcripts of all previous high school and/or college work.

upon authorization by the Air Material Command.

13 October, 1950

Most of the new phones have already been installed, 300 in quarters on the base and 300 for the offices. All the phones in the quarters are Class B and have access to trunk lines into Lubbock. It is proposed that 100 of the office phones in the offices will be Class A, having access to the town trunk lines. The remaining 200 will be Class C, having access to the base only.

At present Reese has two trunk lines into Lubbock, but with the addition of the new equipment plans are being made to increase this to four lines. A new two position switchboard will be installed for handling long distance calls and information, and it is expected that seven operators will be used instead of the present ninc. Southwestern Associated Telephone Co. will maintain the system

Plans are being made to issue a new directory prior to the transition to the dial system, since several of the base numbers have been changed. Change of the numbers was made necessary by directives from ATRC Hq. in order that all stations in the Training Command will have the same numbers for fire reporting, crash alarm, base commander, adjutant, and other established offices.

For Class B telephones the monthly rate is now \$3.00, but with the new system the rate will be increased to \$4.00. A 15% federal tax and a 10% service charge will be collected, bringing the total cost to around \$5.00. A 25% federal tax is charged on all long (Continued from page 2)

mobilization will interfere with this schedule.

His forecast on the payment in 1951 came as an aftermath of

rumors and reports that payments might be delayed by the increasing work load at VA since the Korean War and because the Budget Bureau was worried over the Museum members, from 0900 to inflationary aspects of the dividend and, further, was the intent on trimming the non-defense activities wherever possible.

> Breining said the money had been appropriated for the dividend and he received no indication from the Budget Bureau or anyone else that any postponement is being considered. "We are proceeding on the assumption that there will be no interruption," he said.

Dividends will cover the period from the individual policy anniversary date in 1948 through the same date in 1951. Anniversary date is the day in the month each policy went into effect.

This means, for example, that if (Continued on Page 2)

telephone system was being overworked. (In the Roundup oneyear-later it is being reported that an automatic dial system is about to be placed in operation.) The recreational program had been alloted \$23,000 by Training Command, three chaplains had been assigned to the base, the base cleaners had one of the most modern plants in the Southwest; the first board of governors for the NCO and Officers Clubs were appointed, Capt. Noah N. Wynkoop replaced Major John P. Woods as personnel services officer, and the Red Cross began operations under Mr. Clifford L. Gibbs.

Headline stories during the year were the renaming of the base in October from Lubbock AFB to Reese AFB and the dedication ceremonies in January 1950, the starting of aviation cadet training in November 1949, the beginning of the Airman Information and Education program in December 1949, the winning of the base (Continued on Page 2)

President Gets First Book

At the present time the Credit Union is open only to civilian personnel and officers but plans are in progress to allow airmen to join too. (Photo by S/Sgt. Kent)

THE ROUNDUP

Reese Air Force Base, Texas Colonel G. W. Pardy, Commanding

The Roundup is published weekly by and for the personnel of Reese Air Force Base, Texas under the supervision of the Airman In-formation and Education Office, telephone 324. It is supported without the use of funds appropriated by Congress. News, features, photo-graphic, and art material are solicited from personnel of the Base, but publication depends on available space and general interest value as judged by the editorial staff. Every effort will be made to return re-jected material but no responsibility can be assumed beyond the exer-cise of due care in expediting return. The Roundup uses Armed Forces Press Service material. Civilian papers may reprint AFFS material and local news appearing in this paper without obtaining specific clearance. The editorial views and opinions expressed are not necessarily those of the Air Force. The Roundup may be mailed outside Reese Air Force Base. First Lt. Thornley C. Cary, AI&E Officer; Sgt. Eugene Smith. Editor; Sgt. Charles H. Bobo, Associate Editor; CWO John P. Baucum, Base Photo Officer.

Airmen Now Eligible To Apply For Coast Guard Appointments

On 19-20 February, 1951, the annual nation-wide competitive examination for appointments to The deadline to submit applicacadetship in the United States Coast Guard will be conducted. Air Force personnel are eligible to compete for these appointments.

The cadets will attend the U.S. Coast Guard Academy at New London, Connecticut. This academy is a fully accredited educational institution similar to those of the U.S. Naval and U.S. Military Academies, and is intended for the professional training of young men who are candidates for commissions and careers in the Coast Guard. Completion of the four-year course leads to a bachelor of science degree in engineering and a commision in the regular Coast Guard.

Appointments to cadetship are based on the standing of a candidate on the eligibility list of those who successfully pass the examinations in all subjects. Only those candidates standing highest on the list are assured of appointment and the number of appointments is determined solely by the needs of the service.

To qualify for nomination, each candidate must meet the following basic requirements; Be not less than 17 years of age nor more than 22 years of age on 1 July, 1951; be at least a high school graduate; be unmarried; be at least five feet, six inches in height, in execellent physical condition. They also must have the following credits, either in high school or college: Algebra 2, English 3, Plane Geometry, 1, Physics 1, and 8 other optional credits.

Requests for literature concerning the Academy and application Roundup Celebrates forms will be forwarded upon individual requests through official

Women's Clubs To **Hold Clothing Drive**

A drive to gather discarded and outgrown clothing for the natives of the Ryukyu islands is being sponsored by the NCO Ladies Auxiliary and the Women's Club of Reese it was announced this week.

Anyone having clothing they wish to donate can do so by calling Mrs. Betty Shurm, president of the NCO Ladies Auxiliary, at extension 224 or Mrs. Louis Hoffman, Reese Women's Club president, at Lubbock 3-2797. Pickup service will be arranged.

This drive was started in answer to an appeal made by Maj. Gen. R. B. McClure, commanding general in the Ryukyus. General McClure's letter requested . . . "donation of men's, women's and children's discarded and outgrown wearing apparel, including shoes and infant wear regardless of size."

The letter went on to point out that heavy winter clothing is not needed, since the average low temperature on Okinawa and elsewhere is the Ryukyus rarely goes below 40°.

Also need according to the letter is first and second grade illustrated reading and spelling books.

Divine Services

PROTESTANT — Regular Sunday services; Adult Sunday School at 1000 hours and Morning Worship at 1100 hours. Base Chapel. Children's Sunday School in Chapel Annex Building T-31 at 1000 hours. Prayer and Bible Study on Wednesday at 2000 hours.

PROTESTANT CHOIR PRAC-TICE — Every Wednesday evening at 1900 hours in Base Chapel. Junior Choir practice every Monday at 1630 hous in Base Chapel.

CATHOLIC - Sunday Mass at 0900 and 1215 hours, Base Chapel. Weekdays; Mass at 0730 hours. Confessions before all masses and Saturday's, 1900-20000 hours. Evening devotions on Tuesday at 1930 hours.

CHAPLAINS — Major Maurice R. Holt (Protestant), Captain Jared A. Walker, (Protestant), and 1st Lt. Amalio E. Greco (Catholic).

"Your Chapel" "WHAT DO YOU THINK" There are many ways of greeting one another in this world. We often say just "Hi," or sometimes we say, "How are you?" Of course, this is recognized as more of a greeting than a question, so we seldom answer it with more than a return greeting. I have heard a few choice greetings, like: "How's your gizzard", "How's your liver", and so forth. But one of the oldest greeting forms of the world, still is used in some oriental countries is a sort of prayer; "Peace be with you". How seldom indeed do we seek to bring any religious subject into our conversation. Yet the religious nature of a man is as great a natural part of him as his physical, mental, social, moral na-

ture, and so forth. Granted that the religious side of a man's nature is all too often neglected, yet it is still there even if undeveloped. It sometimes is like an unused muscle, there, yet not noticed because of its disuse. When God created man, He put within him a natural need for God. Though we have tried to forget this need, or religious nature, it is still there; and no man can live fully unless his religious nature is developed. Of course, some do live all the days of normal existence without ever giving a thought of God, but there is always that lack in their lives, which would have given them a greater joy and fuller life if they had developed it by taking some interest in this religious nature.

So, my friend, how much time or thought have you given lately to this religious nature which is an integral part of you? Let's recognice this part of our normal life, and take some time to see that it gets its share of development along with all other activities of our daily living. One good place to take a few religious exercises is in your Base Chapel. How about seeing you there this Sunday???? Maurice R. Holt

of the base.

Thus, the first year of the Roundup has been one full of excitement and a sense of helping the base accomplish its mission and it is hoped that the Roundup will be around for years to come.

Telephone System -(Continued from Page 1) distance calls.

Under the new dial system automatic exchange service to Lubbock is given without additional charge. Lubbock is considered a part of the local system for Class B phones.

The transition from manual to dial will be made in one night in order to eliminate complications.

The Thousand Islands actually number some 1,700 islands stretching for thirty miles in the St. Lawrence River between the United States and Canada.

MANAGEMENT THOUGHT FOR THE WEEK

Recognize the good qualities in your subordinates.

AROUND REESE

A hearty vote of thanks should be given to the members of the 514th AF Band and the band leader CWO Carmine Luce for the part they are playing in putting Reese on the map. Taking part in local celebrations in the Lubbock Area, the band will take part in the celebration of the Levelland Oil Progress Week, starting in Levelland on the 16th. Also taking part in the celebration will be the color guard and a detachment of aviation cadets. On October 18th the band will play at the Gaines County Fair at Seminole, Texas. -

The Roundup wishes to join with the rest of the base personnel in welcoming T/Sgt. Ike C. Lowe back to the base. Sergeant Lowe was recently in the hospital but has since returned to duty at the Photo Lab. * * *

Colonel George W. Pardy, departing base commander, proudly displays the hat given him by

members of the Lubbock Chamber of Commerce at luncheon held at the Lubbock Country Club recently.

Q. What is the maximum amount that can be deducted from an Airman's pay for indebtedness to the Government?

A. Two-third of the Airman's rate of pay per month including flying pay may be deducted. The rate of pay per month does not include allowances for quarters, subsistance, re-enlistment bonus or the Government's contribution to the family allowance. (Ref. AFR 173-118)

Q. Can household goods of deceased personnel be stored at Government expense?

A. Temporary or non-temporary storage of household goods of deceased personnel is not authorized at Government expense. (Ref. AFR 75-30)

Q. What is the rate of subsistence paid to Aviation Cadets for unused accrued leave upon separation from the service?

A. The Career Compensation Act of 1949, which established the subsistence rate of \$42.00 per

Promotion Policy Set For Reserve

previous active AF and Army service in an equal or higher grade, according to announcement the

AF made to AF Times. For example, Reserve T/Sg[†]. Brown is recalled to active duty Oct. 1, 1950. He served in the AF during the following World War

II, made tech Oct. 1, 1946, and held that grade until discharged six months later. Since then, Brown has seen no active duty, not even a two-week summer training tour. Hence, his date of rank as tech

in April 1, 1950-recall date less the six months he served as tech in the Army.

S/Sgt. Smith, also recalled Oct. 1, dividual's first duty station.

Reserve and National Guard | 1950, but who was discharged folairmen recalled to EAD will rank lowing the war as a buck and was from the date of recall preceded promoted in the Reserve to staff, by a period of time equal to all date of rank would be the date of recall-Oct. 1.

Under this policy, few recalled airmen in the higher grades are likely to be eligible for promotion for many months to come unless present minimum time-in-grade requirements are altered.

But time-in-grade changes may come soon, not only for recalled airmen but for those serving continuc .ly. A spokesman told the AF Times last week that current time-in-grade policies are being studied with a view toward making them more liberal.

The job of computing correst rank dates of returning airmen In the case of the hypothetical | rests with commanders of the in-

Base Fire Department

It is often said that in spring a young man's fancy turns to thoughts of love. In case of fire, any time of the year, the young mans thoughts are likely to be centered on the progress of the fire department.

With this in mind, the President of the United States issued a proclamation, announcing the

week of October 8-14 as Fire Prevention Week and directed that measures be taken to tell the citizens of the United States of the value of fire prevention.

In conjunction with the Nationwide observance of Fire Prevention Week, the National Board of Fire Underwriters is sponsoring a contest to determine the best fire prevention program. Reese has been entered in the contest.

The base fire department, as part of its Fire Prevention Week

Airlift Personnel To Receive Medal

The new Medal for Humane Action will be awarded to a number of Reese personnel who served on the Berlin Airlift.

Those who served at least 120 days between June 26, 1948 and September 30, 1949, within Airlift boundaries, as members of the Armed Forces of the United States, or other persons when recommended for meritorious participation, will be afforded the distinction of wearing the medal.

The bronze pendant shows a C-54 within a wreath of wheat, centering at the bottom of the coat of arms of the City of Berlin, Germany. The reverse bears the eagle, shield and arrows from the Department of Defense seal, beneath the words, "For Humane Action," and above the quotation, "To Supply Necessities of Life To The People Of Berlin, Germany.'

program, is sponsoring fire demonstrations in various areas of the base during the week, has erected a big sign near the main gate to catch the motorists' eyes and remind them of safe practices, and placed posters with fire prevention themes on them in conspicuous spots on the base.

The Base Fire Department, well staffed with 29 civilians and 78 airmen who work three shifts of 24 hours each, is equipped to handle fires occuring in buildings and airplanes. The department consists of two station, structural (base buildings) and crash (airplane.)

Each shift is headed by a house captain and non-commissioned officers who include Mr. Fred Vidler, Mr. Peter Perrnig, Jr., Walter Cobb, Mr. M. H. Anderson, Mr. Ross Simmons, Mr. Jack Arr, S/Sgt. O. C. Powell, S/Sgt. Mar-tin Gray, S/Sgt. O. V. Huffstickler, S/Sgt. J. Bolin, S/Sgt. D. H. Peck, S/Sgt. Daniel Moss, and S/Sgt. Claude Gingles.

Fire marshal for Reese is Lt. Col. Charles V. Eld and he is assisted by Chief E. A. Stewart. The other assistant fire chiefs are Mr. Edwin A. Guillotte, Mr. T. H. Roy, and Mrs. Ned McCleskey.

To answer the four to five crash calls each day and the three to four structural alarms each month the fire department has a 750 gallon pumper, a 500 gallon pumper, and a crash truck at the Structural Fire Station. The crash truck is use to back up the Crash Station which has a 155 heavy-duty crash truck equipped with a 1000 gallon tank, two turret guns, and three heavy-duty sidelines, two crash trucks with high pressure fog nozzles, and a 500 gallon pumper to back up the structural station in case of an emergency.

Two of the crash trucks, one jeep, one carry-all, and an ambulance are equipped with twoway radios to handle off-base airplane crashes.

In addition to handling fire protection at Reese the fire department has the responsibility of protecting Hobbs Auxiliary Air Base and the Abernathy Auxiliary Field, both used for cadet training.

One of the unsung members of the Fire Department is the Fire Inspector, Mr. C. W. Womack whose duty is to check buildings on the base and bring the presence of fire hazards to the attention of the occupants of the building. Work of this type often nips a fire before it gets in the condition to

month for Aviation Cadets, did not amend the Armed Forces Leave Act of 1946. Therefore, while Aviation Cadets are entitled to \$42.00 a month subsistence while on actual leave, they are entitled to only \$.70 a day for subsistance for the period of unused accrued leave upon separation. (Ref. Sec. XI, ATRC Cir. 79)

Q. What are the requirements needed for award of the medal for Humane Action.

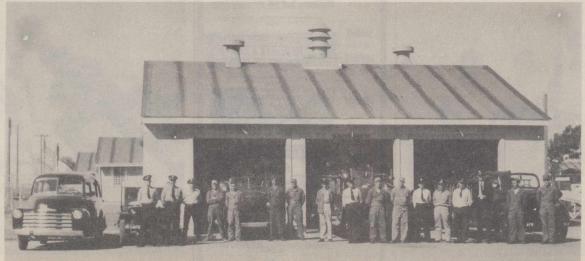

A. Service for at least 120 days during the period 26 June 1948 and 30 September 1949 inclusive, while participating in the Berlin Airlift or in direct support thereof. (Ref: AFR 35-50C).

Q. When is an airman reassigned to a Technical School on PCS and PCA orders?

A. When the course attended is 21 or more weeks in duration. (Ref: ATRC Reg 52-3B).

The Women's Army Corps is of whom are on duty abroad.

A most efficient fire-fighting unit, are these members of the Reese Crash Station which is located on the flying line. Lined up in front of their crash-rescue equipment, they are on the alert 24 hours a day to insure the safety of airplane crews.

The other section of the Base Fire Department is the structural fire fighters who handle fires on the 7,000 "men" strong, about 1,400 base. Well equipped, they are prepared to handle any type of fire that might start. The two stations work hand in hand to help each other out if the need arises. (Photos by Cpl. Cook.)

start.

When a fire does start, it may be reported over one of the 32 fire reporting phones located startegically on the base or by calling 222 the fire reporting number.

IN THE HUDDLE

By Deke Houlgate

When Marquette and Wisconsin recently met on the football field, Captain Art Felker, Marquette wingman, lined up against his young brother, Gene, a Wisconsin end . . . Marquette has a battering-ram fullback by the name of Billy Butz . . . Penn State again has been outfitted in white pants and white jerseys.

Darrell Royal, Oklahoma's A-A quarterback of last year is now assistant coach at North Carolina State . . . All of the football players at Virginia Military Institute are Virginians ... Against Tulsa, McMurry's Brad Rowland performed so brilliantly that he now is being touted for the "big" All-American team rather than the "little" A-A. Weighing 192 and six feet tall, he runs like a scat or powers like a full, does all of the passing and kicking and plays a great game on defense.

Bill Fuchs, baby-faced brother of Bob, who played a lot of center for Missouri in recent years, has staked out his claim as starter at that position for the Tigers . . . Ralph Stribe, Michigan varsity tackle, has received notice to report for his draft board physical. He spent two years with the Army in Korea a few years back . . . Babe Pearson of Clarksdale, senior tackle at Mississippi, finds time to rate high scholastically as a law student and is vice president of the student body

. Merle Johns, tennis star at Iowa State Teachers, Cedar Falls, has been called into active duty with the Marines and is now in Korea . . At last reckoning there were 10 benedicts on the University of Wisconsin football team.

Tom Bennett, one of the Badger all time pole vaulting greats, has been named assistant to Head track coach, Riley Best, at Wisconsin . . . Before the season is over Kansas State gridders will have flown 5,320 miles in four trips . . . Coach Henry Frnka of Tulane opened one recent practice session in this manner: "Now, I'm going to tell you the most important thing you will hear this year. Fritz Oakes (Tulane track coach) and Mrs. Mildred Pasquier (Frnka's secretary) are being married this afternoon."

Happy of Missouri Valley, Nightingale of Emporia State, Mutual of Detroit, Nutt of North Texas, Divine of Capital, Hives of St. Augustine are or were collegiate football players . . . Out of the 85 men who reported at Notre Dame, 43 are either all Irish or have one parent of that origin. The "Fighting Irish" include two Flynns, two Murphys and two Whelans . . . Virginia Military's line, which last year was one of the lightest in the land with an average of 188, is up to 196 pounds per this season.

Reese Basketball Squad Practices With Eye On Service Loop Crown

S/Sgt. Delbert D. Adams is still putting the Reese basketball hopefuls through conditioning exercises and drills getting ready for the 1950-51 basketball season. The squad works out Monday through Friday from 3 to 5 pm at the base gymnasium. Sergeant Adams emphasized that he was not near picking his team yet, and that anyone interested in playing basketball should report out as soon as possible.

The first game is scheduled for November 30, so anyone will have plenty of time to make the team if they report out early. Adams said that it would be quite some time before he would pick his 12 man squad. There are presently about 25 cagers working out.

Reese is entered in the Northern zone of the Inter-Service Basketball Conference. Other teams Hq. & Hq. Sq. ABG* in the Northern zone are: Walker AFB, Roswell, N.M.; Vance AFB, Enid, Okla.; Tinker AFB, Oklahoma City, Okla.; Perrin AFB, Dennison, Tex.; Sheppard AFB, Wichita Fails, Tex.; Goodfellow AFB, San Angelo, Tex.; and Biggs AFB, El Paso, Tex. Each scheduled meeting shall consist of a two game series on Thursday and Fri-

day nights consecutively, starting November 30 and running through March 2.

Hq. Sqn. ABG's Protest Upheld In Touch Grid Managers Meeting

The biggest news in touch football this week was the upholding of Hq. Sq. ABG's protest over a play which caused them to fall, 8-6, to Hq. Sq. MSG, Monday. The protest was upheld at a meeting of all the team managers in the base gym Wednesday. The game will be played this afternoon at 4 p. m. on the field across from the gymnasium and a large crowd is expected for this crucial game.

Bowling Alley Plans Approved By PX Hq.

Approval for the installation of a four-lane bowling alley at Reese has been given according to Lt. Thomas C. Glover, Post Exchange officer. These four lanes are scheduled to be installed in building T-22. These added recreation facilities will be welcomed by Reese personnel.

Plenty Of Action For Handballers

The handball tournament at the gymnasium is being worked off a little more each day and should be finished in about two weeks the Athletic office announced

So far in the double elimination the Bisnett and Weiss team defeated Gariti and Wendling and Haney and Hagle dropped Wilkins and Clevinger. This pits Bisnett and Weiss against Haney and Hagle in the next round.

Englebretson and Umphries drew a bye and face the winner of the Pinon and McEvers-McKinney and Cedetal match.

Stephens and Grayson sent Badgette and Gerald to the losers bracket as Rosebush and Wallace were the victims of Carimi and Hoffman. This matches Stephens and Grayson with Carimi and Hoffman in the next match.

Badgette and Gerald are pitted against Rosebush and Wallace in the losers' bracket, with the losing team going out of the tourney.

Badminton Planned At Reese Gymnasium

A base badminton tournament will be held soon in the base gym. Those Reese personnel who plan to enter should start working the kinks out and getting ready on the four courts that are available in the gym. You are invited to use the gym's facilities if you don't plan to enter the tourney.

AIR FORCE THEATER

REESE AIR FORCE BASE FOR POST DISTRIBUTION ONLY

Shows at 6:00 & 8:00 P. M. --- Mat. Sat. & Sun. at 2:00 P. M. Theater Phone Number 1, 10th

With the plans approved by the Central Exchange office, they are now on their way back to Reese. At the last check they had passed through the Regional Echange office at San Antionio and were in Training Command Hq. They shoud be here sometime in the near future.

When the approved plans arrive a contract will be let for the installation of the alleys, probably to the Brunswick Co. It will not be known until the company installing the allays makes their estimates when the alleys will be open.

Formation of bowling leagues for base personnel will follow the opening of the alleys. The bowling season will probably have to be cut short because of the length of time before the alleys are opened.

25 Top Grid Games October 14 Michigan at Army

Columbia at Yale Cornell at Harvard Dartmouth at Pennsylvania Maryland at Georgetown Navy at Princeton **Rice at Pittsburgh** Illinois at UCLA Ohio State at Indiana Wisconsin at Iowa William & Mary at Mich. St. Minnesota at Northwestern Nebraska at Colorado Notre Dame at Tulane Texas vs. Oklahoma (Dallas) **Baylor at Arkansas** Oklahoma A&M at SMU Miami at Purdue Miss. St. at Georgia Ga. Tech at LSU Mississippi at Vanderbilt Wake Forest at North Carolina California at Southern California Washington State at Montana Washington at Oregon State

George Kell of the Tigers was the first major leaguer to collect over 200 hits this season.

On the disputed play, an official accidently blew his whistle after Dale White had caught a pass for MSG. ABG,s defense stopped on the play and White stopped momentarily but went on the remaining seven yards.

The officials allowed the score to count, tying the score at 6-6. At this point Tom Toms protested that the blowing of the whistle stopped the play. The meeting Wednesday upheld Toms' protest.

In the other game Monday Hg. Sq. PTW scored six touchdowns in beating the Installations six, 36-0.

The 3501st Maintenance Sa. stayed in the unbeaten column Tuesday as they beat Supply 22-0, on the play of Joe Lopez, John Tregae and Bob Walker.

The 3501st picked up two points early in the game when Supply fumbled in their end zone. The first TD came on a 27 yard pass from Tregae to Walker, and before the halftime came a Lopez to Walker pass made the score, 14-0.

Lopez added the third marker on a passj and lateral play covering 83 yards and Supply fumble in their own endzone put the 3501st out in front, 22-0.

MSG Beats Cadets

In one of Wednesday's top battles a hard fighting Cadet team was finally downed by Hq. Sq. MSG, 18-14. The Cadets were leading 14-12 late in the final stanza when a Ed Pitts to A. J. Dunn pass clicked for a TD and gave the MCG boys the lead.

A Pitts to White pass gave the MSG boys their first tally as they went ahead, 6-0. The Cadets roared back to tie up the game, 6-6, on an aerial from Erwin Schubert to Jack Carichoff.

In the second quarter a Pitts to Jack Key pass was good for six points and MSG led, 12-6, as the half ended..

Roaring back in the third stanza, the Cadets scored on an aerial, this time from Shubert to Lincoln Wells, to tie the count at 12-12. A fumble by MSG in their own end zone gave the Cadets a two point lead, which MSG erased with their final marker.
